PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

All references to India are to the Republic of India and all references to the Government” are to the Government of India.

FINANCIAL DATA

Unless stated otherwise, the financial data included in this RHP are extracted from the restated financial statements of our Company, prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditor, set out in the chapter titled “*Financial Statements as Restated*” beginning on page 198 this RHP. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, and have been restated in accordance with the SEBI (ICDR) Regulations.

Our fiscal year commences on April 1 of each year and ends on March 31 of the next year. All references to a particular fiscal year are to the 12 months’ period ended March 31 of that year. In this RHP, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding-off. All decimals have been rounded off to two decimal points.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly to what extent, the financial statements included in this RHP will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices / Indian GAAP. Any reliance by persons not familiar with Indian Accounting Practices on the financial disclosures presented in this RHP should accordingly be limited.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in this RHP unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditor, set out in the chapter titled “*Financial Statements as Restated*” beginning on page 198 of this RHP.

CURRENCY OF PRESENTATION

In this RHP, references to Rupees or Rs. or INR are to Indian Rupees, the official currency of the Republic of India. All references to \$, US\$, USD, U.S. \$ or U.S. Dollars are to United States Dollars, the official currency of the United States of America.

All references to million / Million / Mn refer to one million, which is equivalent to ten lakhs or ten lakhs, the word Lacs / Lakhs / Lakh means one hundred thousand and Crore means ten million and billion / bn./ Billions means one hundred crores.

INDUSTRY AND MARKET DATA

Unless stated otherwise, Industry and Market data and various forecasts used throughout this RHP have been obtained from publically available information at official website of India Brand Equity Foundation (IBEF), Impact Report of the company compiled by Dun & Bradstreet Report, Wikipedia, Annual Report and website of the Company.

Industry Sources and the sources stated are believed to be reliable but their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although we believe that industry data used in this RHP is reliable, it has not been independently verified by the

Book Running Lead Manager or our Company or any of their affiliates or advisors. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in the section titled “*Risk Factors*” beginning on page 17 of this RHP. Accordingly, investment decisions should not be based solely on such information.

Further, the extent to which the industry and market data presented in this RHP is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

This RHP contains certain forward-looking statements. These forward looking statements can generally be identified by words or phrases such as aim, anticipate, believe, expect, estimate, intend, objective, plan, project, shall, will, will continue, will pursue or other words or phrases of similar meaning. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results and property valuations to differ materially from those contemplated by the relevant forward looking statement.

Important factors that could cause actual results to differ materially from our expectations include, but are not limited to the following:

- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in laws and regulations relating to the sectors/areas in which we operate;
- Increased competition in the Industry which we operate;
- Factors affecting the Industry in which we operate;
- Our ability to meet our capital expenditure requirements;
- Fluctuations in operating costs;
- Our ability to attract and retain qualified personnel;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The performance of the financial markets in India and globally;
- Any adverse outcome in the legal proceedings in which we are involved;
- Our failure to keep pace with rapid changes in technology;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control;
- Our ability to manage risks that arise from these factors;
- Changes in government policies and regulatory actions that apply to or affect our business.

For a further discussion of factors that could cause our actual results to differ, refer to section titled “*Risk Factors*” and chapter titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 17, and 333 respectively of this RHP. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

Future looking statements speak only as of the date of this RHP. Neither we, our Directors, Book Running Lead Managers, Underwriter, Selling Shareholder nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, the BRLMs and our Company will ensure that investors in India are informed of material developments until the grant of listing and trading permission by the Stock Exchange.

SECTION II

RISK FACTORS

An investment in our Equity Shares involves a high degree of financial risk and you should carefully consider all information disclosed in this Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. If any, or some combination, of the following risks actually occurs, our business, prospects, results of operations and financial condition could suffer, the trading price of our Equity Shares could decline and you may lose all or part of your investment. In making an investment decision, prospective investors must rely on their own examination of our Company and the Offer, including the merits and risks involved. Additional risks and uncertainties, whether known or unknown, may in the future have material adverse effect on our business, financial condition and results of operations, or which we currently deem immaterial, may arise or become material in the future. Unless specified or quantified in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other risks mentioned herein. Investors are advised to read the risk factors carefully before taking an investment decision in this Offer. Investors should not invest in this Offer unless they are prepared to accept the risk of losing all or part of their investment, and they should consult their tax, financial and legal advisors about the particular consequences to you of an investment in the Equity Shares.

This Red Herring Prospectus also contains forward-looking statements that involve risks and uncertainties. We have described the risks and uncertainties that our management believes are material, but these risks and uncertainties may not be the only ones we face. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in this Red Herring Prospectus. Unless otherwise stated, the financial information used in this section is derived from and should be read in conjunction with Restated Standalone and Consolidated financial statements of our Company for the Fiscals 2013, 2014, 2015, 2016 and 2017 in each case prepared in accordance with Indian GAAP, including the schedules, annexure and notes thereto.

To obtain a better understanding of our business, you should read this section in conjunction with other chapters of the Red Herring Prospectus, including the chapters titled "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and section titled "Financial Information of the Company" beginning on pages 124, 333, and 198 respectively of this Red Herring Prospectus, together with all other financial information contained in the Red Herring Prospectus.

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some risks may not be material individually but may be material when considered collectively.*
- 2. Some risks may have material impact qualitatively instead of quantitatively.*
- 3. Some risks may not be material at present but may have a material impact in the future.*

INTERNAL RISK FACTORS

1. *There are certain outstanding legal processing involving our Company, our Promoters and Directors, Any failure to defend these proceedings successfully may have an adverse effect on our business prospects, financial condition, result of ongoing operations and reputation.*

There are certain outstanding legal proceedings involving our Company, our Promoters and Directors. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. A classification of these legal and other proceedings are given in the following table:

(Amount in Rs)		
Entity	No. of Cases	Total Outstanding Demand
Company		
Direct Tax Liabilities		
1.	2	1,21,330
Material Pending Litigation		
2.	3	10,83,353
Directors		
Litigation involving criminal laws		
3.	3	3,28,21,319
Material Pending Litigation (By our directors)		
4.	1	4,00,000
Direct Tax Liabilities		
5.	2	3,158

The amounts claimed in the proceeding have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. We may incur significant expenses and management time in such legal proceeding. Any adverse ruling in any of the above proceedings or consequent levy of penalties by other statutory authorities may render our Company / Promoters / Directors liable to penalties and may have a material adverse effect on our reputation, business, financial condition and results of operations, which could adversely affect the trading price of our Equity Shares. For further details, see chapter titled "Outstanding Litigations and Material Developments" beginning on page 363 of this Red Herring Prospectus.

2. *Our Registered Office is on leasehold land.*

Our Registered Office from where we operate is not owned by our Company. Our Company has been occupying the Registered Office on leasehold basis through a deed of lease entered into by our Company with the Governor of Madhya Pradesh acting through the General Manager District Industries Centre for a period of 99 years commencing from May 1977 to and ending on May 2076. Further, the lease is subject to certain terms and conditions and any non-compliance of the same may lead to the termination of the lease which may have a material adverse effect on our operations and there can be no assurance that the renewal of the lease will be entered into. In the event the lease is not renewed, we may be required to shift our Registered Office to a new location and there can be no assurance that the arrangement our Company will enter into in respect of the new premises would be on such terms and conditions as the present one.

3. *We have acquired the assets and brand of Rodney Hunt through our Subsidiary Jash USA Inc. and any failure to realize the anticipated benefits of this acquisition may have an adverse effect on our business, results of operations, financial condition and cash flows.*

Vide Asset Purchase Agreement dated September 21, 2016 and March 20, 2017 entered into between VAG USA LLC and our Subsidiary Jash USA Inc. our Company purchased the brand "Rodney Hunt" along with certain assets from VAG USA LLC. For details regarding the acquisition of Rodney Hunt, please refer to the chapter titled "*Our Business*" and "*History and Certain Corporate Matters*" beginning on page 124 and 161 respectively of this Red Herring Prospectus.

The success of the acquisition of the said Rodney Hunt brand and assets will depend, in part, on our ability to realize the anticipated growth opportunities and synergies from the acquired business. This strategic acquisition may require that our management develop expertise in new areas, manage new areas of business and thus the clients. This could be a task that will require substantial time, expense and efforts from our management. If management's attention is diverted or there are any difficulties associated with establishing and executing our operations in the United States, our results of operations and cash flows could be adversely affected.

If we do not successfully integrate the said business anticipated operating advantages and cost savings may not be realized. The acquisition and integration of the Rodney Hunt brand involves a number of risks, including:

- lower than expected business of Rodney Hunt;
- inability to identify all the risks, liabilities and challenges in relation to Rodney Hunt;
- implementation of new regulations and laws which have a negative impact on Rodney Hunt;

Despite our due diligence process, we may fail to discover significant issues around Rodney Hunt's intellectual property, service offerings, customer relationships, or regulatory compliances. We cannot predict or guarantee that our efforts will be effective or will protect us from liability.

Even if we are able to successfully execute the business operations, it may not be possible to realize the full benefits of the opportunities, the synergies and other benefits that we currently expect will result from this acquisition, or realize these benefits within the time frame that we currently expect. Any failure to realize the anticipated benefits in a timely manner, or at all, could have an adverse effect on our business, results of operations, financial condition and cash flows. Further, this acquisition may also expose us to potential risks, including risks associated with the integration of new operations, services and personnel, unforeseen or hidden liabilities, our inability to generate sufficient revenue to offset the costs of acquisitions, and potential loss of, or harm to, relationships with employees, suppliers or customers, any of which could significantly disrupt our ability to manage our business and adversely affect our financial condition and results of operations.

Accordingly, we cannot assure you that our current acquisition of Rodney Hunt will prove value accretive to us and to our shareholders. If any of the risks described above or any other incidental risks should materialize, our growth strategy, business, results of operation, cash flows and prospects may be adversely affected. We may not be able to maintain the levels of operating efficiency that Rodney Hunt achieved separately. Successful integration of acquired operations will depend upon our ability to manage those operations and to eliminate redundant and excess costs. Failure in effectively implementing our growth strategies may result in diminution, loss or write-off of our investments in such venture, which could materially adversely affect our business, results of operation, cash flows and financial condition.

4. *We are dependent on our Directors, senior management and key personnel of our Company for success whose loss could impair the ability to continue to manage and expand business efficiently.*

Our Directors, senior management and key managerial personnel collectively have many years of experience in the industry and are difficult to replace. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. For further details of our Directors and key managerial personnel, see chapter titled "*Our Management*" beginning on page 169 of this Red Herring Prospectus. Our success largely depends on the continued services and performance of our management and other key personnel. The loss of service of the Directors and other senior management could impair the ability to continue to manage and expand the business efficiently.

5. *Our revenues depend on the success of water and waste water industry.*

We manufacture products that are sector/industry specific and are used by clients who belong to that particular sector only. Any significant decrease in product spending or outsourcing by customers in the industries to which we cater and from which we derive significant revenues, in the future may reduce the demand for our products. Any significant decrease in the growth of the industries or significant consolidation in the industries we cater to, or any decrease in growth or consolidation in industry segments in which we operate, may reduce the demand for our products leading to adverse effect on our financial results.

6. *We may not be able to sustain effective implementation of our business and growth strategy.*

The success of our business will largely depend on our ability to effectively implement our business and growth strategy. In the past we have generally been successful in execution of our business but there can be no assurance that we will be able to execute our strategy on time and within the estimated budget in the future. If we are unable to implement our business and growth strategy, this may have an adverse effect on our business, financial condition and results of operations.

7. *Our Order Book may be adjusted, cancelled or suspended by our clients and, therefore, our Order Book is not necessarily indicative of our future revenues or earnings. Additionally, even if fully performed, our Order Book may not be a reliable indicator of our future gross margins.*

As of July 31, 2017 our Order Book is Rs. 19,588.53 Lakhs. There can be no assurance that our Order Book will actually be realized as revenues or, if realized, will result in profits. In accordance with industry practice, most of our contracts/ purchase orders are subject to cancellation, termination, or suspension at the discretion of the client at any stage of the contract. In addition, the contracts in our Order Book are subject to changes in the scope of services to be provided as well as adjustments to the costs relating to the contracts. Our Order Book includes expected revenues for contracts that are based on estimates. Projects can remain in Order Book for extended periods of time because of the nature of the project and the timing of the particular services required by the project. The risk of contracts in Order Book being cancelled or suspended generally increases during periods of widespread economic slowdowns. In addition, even where a project proceeds as scheduled, it is possible that contracting parties may default and fail to pay amounts owed. Any delay, cancellation or payment default could adversely affect our cash flow position, revenues and/or profit.

8. ***Our exports to South East Asia, Middle East Asia, Europe and US totally contributed approximately 30% of our total revenues for FY 2017. Any change in the policies governing the industry in which we operate and /or an economic slowdown in these regions may affect our financial condition and business operations.***

Based on our restated consolidated financial statements for the financial years 2017, approximately 30% of our total revenues were contributed by exports to South East Asia, Middle East Asia, Europe and US. In the event of change in policies or laws in these regions with respect to quality standards, branding or restrictions on usage of certain products/raw materials, our financial condition and business operations may be adversely affected. Further, in the event of any economic slowdown in these regions, our customers may reduce or postpone the orders significantly, which may negatively affect our revenues and profitability. Further, any local social unrest, change in governmental policies and natural disaster in and around these regions could have a material adverse effect on our business, financial position and results of operations.

9. ***We have had negative net cash flow from investing and financing activities as per restated financial statements. Any negative cash flow in the future would adversely affect our business, results of operations and financial condition.***

We had negative net cash flow from investing and financing activities in the financial years 2015, 2016 and 2017. Our cash flows from investing and financing activities are further detailed in the table below:

Particulars	For the period ended (in Rs. Lakhs)		
	March 31, 2017	March 31, 2016	March 31, 2015
Net Cash from/ (used) in Investing Activities	(2,016.98)	(427.26)	(1,839.11)
Net Cash from/ (used) Financing Activities	144.27	(84.34)	(1,132.56)

Cash flow of our Company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and to make new investments without raising finance from external resources. There can be no assurance that our net cash flow from operating, investing activities will be positive in the future. Any negative cash flows from operating and investment activities in future would adversely affect our business, results of operations and financial condition. For more information regarding cash flows, see section titled "Restated Consolidated Cash Flow Statements - Annexure 3" beginning on page 204 of this Red Herring Prospectus.

10. ***Our Company is dependent on third party transportation for the delivery of raw materials/ finished product and any disruption in their operations or a decrease or a decrease in the quality of their services could affect our Company's reputation and results of operations.***

Our Company uses third party transportation for the delivery of our raw materials and finished products. Though our business has not experienced any disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. These transportation facilities may not be adequate to support our existing and future operations. In addition, raw materials / finished products may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. There may also be delays in delivery of products which may also affect our business and results of operation negatively. An increase in the freight costs or unavailability of freight for transportation of our raw materials may have an adverse effect on our business and results of operations. Further, disruptions of transportation services due to weather-related problems, strikes, lock-outs, inadequacies in road infrastructure and port facilities, or other events could impair ability to procure raw materials on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations

11. ***The operations of our Company are subject to manufacturing risk and may be disrupted by failure in the facilities. These liabilities and costs could have a material adverse effect on our business, results of operations and financial condition.***

Due to the nature of the business we are required to be compliant with requisite safety requirements and standards. Our manufacturing facilities are subject to operating risk arising from compliance with the directives of relevant government authorities. The operations of our Company are also subject to operating risks, such as breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, earthquakes and other natural disasters and industrial accidents, fire or explosion, including hazards that may cause injury and loss of life, severe damage to and destruction of property and equipment and environmental damage. Such operating risks may result in non-compliance with government regulations, property damage and personal injury which may result in the imposition of civil and criminal penalties, which may adversely affect public perception about our operations and the perception of our suppliers, clients and employees.

Our Company has obtained insurance policies for covering risks such as break down of machinery, fire policy, money policy, marine cargo policy etc., wherein the aggregate of the sum insured is approximately Rs. 13,146 Lakhs. For details, please refer to the chapter titled "Our Business" beginning on page 124 of this Red Herring Prospectus. We believe that our insurance coverage is adequate to cover the stated risks and is generally consistent with industry practice. However, to the extent that any uninsured risks materialize or we fail to effectively cover ourselves for any risks, we could be exposed to substantial costs and losses that would adversely affect results of operations. However, in the event of any force majeure event or such other event which is not covered under our various policies, we shall have to cover ourselves from our internal accruals which can have a material adverse effect on our business operations.

12. ***Our Company has not entered into any supply agreement for the major raw materials required for manufacturing of our products and are exposed to risks relating to fluctuations in commodity prices and shortage of raw material.***

Raw material costs are dependent on commodity prices, which are subject to fluctuations. There can be no assurance that strong demand, capacity limitations or other problems experienced by our suppliers will not result in occasional shortages or delays in their supply of raw materials. If we experience a significant or prolonged shortage of raw materials from any of our suppliers and we cannot procure the raw materials from other sources, we would be unable to meet our production schedules in a timely fashion, which would adversely affect our sales, margins and customer relations. In the absence of such supply agreements, we cannot assure that a particular supplier will continue to supply raw materials to us in the future. In the event the prices of such raw materials were to rise substantially or if imports were to be restricted in any manner, we may find it difficult to make alternative arrangements for supplies of our raw materials, on the terms acceptable to us, which could materially affect our business, results of operations and financial condition.

13. ***Our Contingent Liability and Commitments could affect our financial position.***

As on March 31, 2017, we had contingent liabilities of Rs.1512.73 Lakhs as per Restated Standalone Financial Statement which has not been provided in our financial statements and which could affect our financial position. Details of contingent liabilities and commitments are as follows:-

<i>(In Rs. Lakhs)</i>		
Sr. No.	Particulars	Amount
1.	Corporate guarantee given on behalf of Shivpad Engineers Limited	100.00
2.	Standby Letter of Credit given on behalf of Jash USA, Inc.	1,034.18
3.	Central Sales Tax	355.43
4.	Service Tax	23.12
Total		1,512.73

14. ***Any inability on our part to maintain quality standards or keep pace with the technological developments could adversely impact our business, results of operations and financial conditions.***

Quality control is a vital element for our sector. Our business is dependent on the trust our customers have in the quality of our products. The products we manufacture must meet our customers' quality standards. Although we have put in place strict quality control procedures, we cannot assure that our products will always be able to satisfy our customers' quality standards. Any negative publicity regarding our Company, or products, including those arising from a drop in quality of our products from our vendors, or any other unforeseen events could adversely affect our reputation, our operations and our results from operations.

Any rapid change in our customers' expectation on account of changes in technology or introduction of new products or for any other reason and failure on our part to meet their expectation could adversely affect our business, result of operations and financial condition. We believe that we have always expanded our capacities and/or introduced new products based on latest technology to cater to the growing demand of our customers. We also believe that to meet our clients' needs, we must regularly update our existing technology and acquire or develop new technologies on a continuous basis. Our failure to anticipate or to respond adequately to changing technical, market demands and/or client requirements could adversely affect our business and financial results.

15. ***Our lenders have a charge over our movable and immovable properties in respect of finance availed by us.***

Our Company has availed of secured loans from banks by creating a charge over our moveable and immovable properties. The total amount outstanding and payable by us as for towards secured loans were Rs.9, 400.28 lakhs as on July 31, 2017. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be forfeited by lenders, which in turn could have significant adverse effect on our business, financial condition and results of operations. For further details, see chapter titled "*Financial Indebtedness*" beginning on page 345 of this Red Herring Prospectus.

16. ***We will not receive any proceeds from the Offer for Sale, which constitutes 43.48% of the offer size, as disclosed in the Objects of the Offer.***

This Offer includes an Offer for Sale of up to 17,39,602 Equity Shares by the Selling Shareholder, which constitutes 43.48% of the Offer Size. The proceeds of the offer for Sale will be paid to the Selling Shareholder and we will not receive any part of such proceeds. We will have access only to the Fresh Issue proceeds. For further details on the objects of the Offer, see chapter titled "*Objects of the Offer*" beginning on page 95 of the Red Herring Prospectus.

17. ***We are subject to foreign currency exchange rate fluctuations which could have a material adverse effect on our financial conditions.***

We incur expenses in foreign currencies during the normal course of business. Such expenses are incurred in supplying products from to our global clients at prices which are mutually agreed upon. Further, on the export of our products we receive sale proceeds in foreign currency. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Changes in the value of currencies with respect to the Rupee may cause fluctuations in our operating results expressed in Rupees and a possible appreciation of the foreign currencies with respect to the Rupee may have an unfavorable impact on such results in case of fall in the value of the foreign exchange for the purpose of receiving sale proceeds for sale of goods. In the course of normal business, we may cover foreign exchange risks using standard market instruments; however, we cannot assure that we will be able to effectively mitigate the adverse impact of currency fluctuations on our operating results.

18. *Majority of our manufacturing facilities are located on leasehold premises.*

Our Company does not own the land on which our manufacturing facilities are located. The land on which our Unit 1 and Unit II are located has been leased by us from the Governor of Indore through the General Manager – District Trade & Industries Centre for a period of 99 years and 30 years in certain cases. Similarly, for our Unit – III located in the SEZ, the land has been taken on lease from Madhya Pradesh Audyogik Kendra Vikas Nigam (Indore) Limited for a period of 30 years commencing from March 7, 2009 to March 6, 2039. Additionally, some of the land on which our Unit –II is located is leased in the name of one of our group companies, Patamin Investments Private Limited.

Further, the lease is subject to certain terms and conditions and any non-compliance of the same may lead to the termination of the lease which may have a material adverse effect on our operations and there can be no assurance that the renewal of the lease will be entered into. In the event the lease is not renewed, we may be required to shift our manufacturing facility to a new location and there can be no assurance that the arrangement our Company will enter into in respect of the new manufacturing facilities would be on such terms and conditions as the present one.

19. *Reduction or termination of tax incentives and benefits available to Our Company's manufacturing unit located in the SEZ would adversely impact our tax liabilities.*

Our Company has established its Unit – III in its SEZ facility at Plot No. M-11, Miscellaneous Zone, SEZ Phase – II, Sector II, Pithampur, District Dhar, Madhya Pradesh. An SEZ unit in India is entitled to certain tax incentives and benefits detailed in the chapter titled "*Statement of Tax Benefits*" beginning on page 107 of this Red Herring Prospectus subject to fulfillment of the terms and conditions imposed by the SEZ authorities. In the event our Company fails to comply with the said terms and conditions, our Company will not be entitled to such tax incentives and benefits which may have an adverse effect on our results of operations and financial condition. Further, these income tax incentives have been granted to our Company only for a period of 15 years. Further, our Company cannot assure you that the Indian Government will not enact laws in the future that would adversely impact the tax incentives and benefits and consequently, the tax liabilities and profits of our Company.

20. *Obsolescence, destruction, theft, breakdowns of our major plants or machineries or failures to repair or maintain the same may affect our business, cash flows, financial condition and results of operations.*

Obsolescence, destruction, theft or breakdowns of our major plants or machineries may significantly increase our machineries purchase cost and the depreciation of our plants and machineries, as well as change the way our management estimates the useful life of our plants and machineries. In such cases, we may not be able to acquire new plants or machineries or repair the damaged plants or machineries in time or at all, particularly where our plants or machineries are not readily available from the market or require services from original machinery manufacturers. Some of our major machineries or parts may be costly to replace or repair. We may experience significant price increases due to supply shortages, inflation, transportation difficulties or unavailability. Such obsolescence, destruction, theft, breakdowns, repair or maintenance failures or price increases may not be adequately covered by the insurance policies availed by our Company and may have an effect our business, cash flows, financial condition and results of operations For further details of our Plant and Machineries, see chapter titled "*Our Business*" beginning on page 124 of the Red Herring Prospectus.

21. *Our Company requires significant amount of working capital for a continued growth. Our inability to meet our working capital requirements may have an adverse effect on our result of operations.*

Our business is working capital intensive primarily on account of high debtor days and inventory levels. A significant portion of our working capital is utilized towards trade receivables and inventories. Summary of the working capital position is set out below:

(Rs in Lakhs)

22. *We require substantial financing for our business operations and the failure to obtain additional financing on terms commercially acceptable to us may adversely affect our ability to grow and our future profitability.*

We operate in a capital-intensive industry, which requires substantial levels of funding. We will continue to incur significant expenditure in maintaining and growing our existing infrastructure. The actual amount and timing of our future capital requirements may differ from estimates as a result of, among other things, unforeseen delays or cost overruns in developing our services, changes in business plans due to prevailing economic conditions, unanticipated expenses and regulatory changes. To the extent our planned expenditure requirements exceed our available resources; we will be required to seek additional debt or equity financing. Additional debt financing could increase our interest costs and require us to comply with additional restrictive covenants in our financing agreements. Additional equity financing could dilute our earnings per Equity Share and your interest in the Company, and could adversely impact our Equity Share price.

Our ability to obtain additional financing on favorable terms, if at all, will depend on a number of factors, including our future financial condition, results of operations and cash flows, the amount and terms of our existing indebtedness, general market conditions and market conditions for financing activities and the economic, political and other conditions in the markets where we operate. We cannot assure you that we will be able to raise additional financing on acceptable terms in a timely manner or at all. Our failure to renew arrangements for existing funding or to obtain additional financing on acceptable terms and in a timely manner could adversely impact our planned capital expenditure, our business, results of operations and financial condition.

23. *Our Company has availed certain unsecured loans that are recallable by the lenders at any time.*

Our Company have currently availed unsecured loans which may be called by their lenders at any time. As on July 31, 2017, the unsecured loan amounting Rs.389.26 lakhs were due to Directors. In the event that lender seeks a repayment of any such loan, our company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. Also there is no formal agreement with our lender. As a result, any such demand may affect our business, cash flows, financial condition and results of operations. Additionally, our company has not executed any formal loan agreement of above unsecured loan, any dispute arises in relation to terms of loans may affect the loans by our Company. For further details on financing arrangements entered into by our Company, see chapter titled "*Financial Indebtedness*" beginning on page 345 of Red Herring Prospectus.

24. *We are subject to the restrictive covenants of banks in respect of the Loan/Credit Limit and other banking facilities availed from them.*

Our financing arrangements contain restrictive covenants whereby we are required to obtain approval from our lenders, regarding, among other things such as effecting any change in the capital structure, formulate any scheme of amalgamation, undertake any new project, implementing any scheme of expansion, declare dividends etc. There can be no assurance that such consents will be granted or that we will be able to comply with the financial covenants under our financing arrangements. Further, some of these arrangements contain certain covenants including maintenance of financial ratios, compliance with reporting requirements and other restrictions which may significantly limit our ability to borrow additional money, make capital expenditure and investment etc. Our indebtedness could require us to dedicate a substantial portion of our cash flow from operations to service our debts thereby reducing the availability of our cash flow to fund working capital, capital expenditures and general corporate expenditures.

There can be no assurance that we will be able to generate enough cash flow from operations or that we will be able to obtain enough capital to service our debt or fund our planned capital expenditures. In addition, we may need to refinance some of our indebtedness. For further details, see chapter titled "*Financial Indebtedness*" beginning on page 345 of this Red Herring Prospectus.

25. *Our Company is yet to place orders towards expansion of manufacturing facilities at our SEZ unit at Pithampur. Any delay in placing of such orders or delay in supply of plant and machinery in particular, may lead to time and/or cost overruns which would adversely affect our business operations, financial condition and profitability.*

Our Company proposes to incur expenditure amounting to Rs.1,052 Lakhs towards expansion of manufacturing facilities at our SEZ unit at Pithampur and for setting up proposed Unit IV. We are yet to place orders or to enter into contracts for the total estimated cost of the above projects. Delay in placing of such orders, may lead to time and/or cost overruns and would consequently adversely affect our business operations, financial condition and profitability. For further details, see chapter titled "*Objects of the Offer*" beginning on page 95 of the Red Herring Prospectus.

26. *Our Company does not have any listed peer companies for comparison of performance and therefore, investors must rely on their own examination of accounting ratios of our Company for the purposes of investment in the Offer.*

As of the date of this Red Herring Prospectus, there are no companies which are involved in the business similar to our business, which are listed on the Indian stock exchanges and accordingly, we are not in a position to provide comparative analysis of our performance with any listed company. Therefore, investors must rely on their own examination of accounting ratios of our Company for the purposes of investment in the Offer.

27. ***We do not have long term contracts with our customers and majority of our business on standalone basis comes from purchase orders and failure to procure such orders on a continuous basis could adversely impact our revenues and profitability.***

Substantial portion of our business is operated on the basis of purchase orders instead of long term contracts. We believe that we have satisfactory business relations with our customers and have received continued business from them in the past but there is no certainty that the same will continue in the future, which could materially affect our business, results of operations and financial condition.

28. ***Our existing manufacturing facilities are geographically located in Indore, Madhya Pradesh and therefore any localized social unrest, natural disaster or breakdown of services or any other natural disaster could have material adverse effect on our business and financial condition.***

Our existing manufacturing facilities are based in Indore, Madhya Pradesh. As a result, any localized social unrest, natural disaster or breakdown of services and utilities in and around Indore, Madhya Pradesh could have material adverse effect on our business, financial position and results of operations.

29. ***We have power requirements for continuous running of our factories. Any disruption to our operations on account of interruption in power supply or any irregular or significant hike in power tariffs may have an effect on our business, results of operations and financial condition.***

Our factories and registered office have electricity requirements and any interruption in power supply to our factories and offices may disrupt our operations. Our business and financial results may be affected by any disruption of operations. We depend on third parties for all of our power requirements. Further, we have limited options in relation to maintenance of power back-ups such as diesel generator sets and any increase in diesel prices will increase our operating expenses which may impact our business margins.

30. ***Conflicts of interest may arise as our Promoters have promoted our Group Companies.***

Our Promoters have interest in our Group Companies such as, Patamin Investments Private Limited, Jash Precision Tools Limited and Micro Flat Datums Private Limited. Conflicts may arise in the ordinary course of decision-making by the Promoters or Board of Directors. Conflicts of interests may arise in the Promoters' allocating or addressing business opportunities and strategies among our Company and Group Companies in circumstances where our respective interests diverge. Further, our Group Companies have objects similar to that of our Company, however we do not have any non-compete agreement/ arrangement with any of our Group Companies which could give rise to conflict of interest. In cases of conflict, there can be no assurance that our Promoters will not favour their own interests over those of our Company. Any such present and future conflicts could have an effect on our business, reputation, financial condition and results of operations. For further details, see chapters titled "Our Promoter and Promoter Group" and "Our Group Companies" beginning on pages 187 and 192 respectively of this Red Herring Prospectus.

31. ***We may be held liable for claims of or from customers on account of any deficiency in the services or manufacturing defects in the products supplied to our customers including penalty for delay in implementation of purchase orders.***

We may be exposed to claims for manufacturing defects in the products supplied under certain customer purchase orders. The quality-control procedures may fail to test for all possible conditions of use or identify all defects in the design, engineering or specifications of the products. Any such defects could require us to undertake service actions or product recalls. These actions could require our Company to expend considerable resources in correcting these problems and could adversely affect demand for the products. Any defect in our Company's products could also result in customer claims for damages. Further, we do not have any defect liability insurance on the products to mitigate the said risk. As a result, our Company may face and be liable for warranty claims for components manufactured by it. In defending such claims, our Company could incur substantial costs and receive

adverse publicity which may adversely affect our financial conditions and results of operation.

32. *Failure or delay in obtaining or renewal of the approvals may adversely affect our operations.*

The licenses and approvals required to be obtained by us for the purpose of carrying on our existing and proposed businesses are granted by governmental or statutory authorities. The grant and renewal of these licenses and approvals are affected under the due processes and procedures as prescribed by the applicable governmental/ municipal rules and regulations. Further, the grant and renewal of the licenses are contingent upon the satisfaction of certain norms and conditions as may be prescribed by the relevant authority as well as an inspection of our Company's facilities. Consequently, there may be a substantial amount of delay in the receipt of the required approvals.

Though we believe that we have obtained those permits and licenses which are adequate to run our business, we cannot assure that there is no other statutory/regulatory requirement which we are required to comply with. Further, some of these approvals are granted for fixed periods of time and need renewal from time to time. We are required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all.

Failure or delay in obtaining approvals or failure by us to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business. Further, the appropriate authorities may initiate penal action against us, restraining our operations, imposition of fines/ penalties or initiating legal proceedings. Consequently failure or delay to obtain the above approvals could have a material adverse effect on our business, financial condition and profitability.

33. *Competition from other domestic producers and unorganized sector may adversely affect our competitive position and our profitability.*

We face competition from other existing organized and unorganized domestic producers and potential entrants to the industry in which we operate. Players in this market generally compete with each other on key attributes such as technical competence, quality of products and services, pricing and track record. We expect that the competition could increase with new entrants coming into this industry and existing players consolidating their positions. Some of our competitors may have access to significantly greater resources and hence the ability to compete more effectively. As a result of competition, we may have to price our products at levels that reduce our margins and/or increase our capital expenditures in order to differentiate ourselves from other players and/or increase our advertising and distribution expenditures, all of which may adversely affect our profitability. Further, we cannot assure that our competitors will not develop or gain access to the information relating to our manufacturing processes and/or technical know-how. The occurrence of any of those events could have a material adverse effect on our ability to compete against our competitors, which would have an adverse impact on our business and financial performance.

34. *Our industry is labour intensive and our business operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.*

We believe that the industry in which we operate faces competitive pressures in recruiting and retaining skilled and unskilled labour. Our Company has over 500 employees employed in various divisions and we believe that we enjoy a good relationship with our employees. Our industry being labour intensive is highly dependent on labour force for carrying out its manufacturing operations. Shortage of skilled/unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. Our Company has taken efforts to maintain a low attrition among the labourers by providing them with various in-house facilities and benefits to our employees. We have experienced minor disruptions to our business operations due to disputes or other problems with our work force in the past, however there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs.

India has stringent labour legislation that protects the interest of the workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Further, our labour force has unionized and it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of management's attention due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

35. *Increasing employee compensation in India may erode some of our competitive advantage and may reduce our profit margins.*

The industry we operate in is a labour intensive industry and employee compensation is one of the major components of our manufacturing cost. Wage costs in India have historically been significantly lower than the wage costs in the developed countries. Rapid economic growth in India and increased demand for skilled and semi-skilled workers in India has resulted in the increase of wages for comparable employees in India at a faster rate. Such wage increase in India may prevent us from sustaining this competitive advantage and may negatively affect our profit margins. Further, many of our employees receive salaries that are linked to minimum wage laws in India and any increase in the minimum wage in any state in which we operate could significantly increase our operating costs. The buoyancy in the industry in which we operate with the opening up of global trade may lead to an increase in wage costs, which could result in increased cost for professionals. This could impact our performance and margins and may result in a material adverse effect on our business.

36. *In addition to the employees on our rolls, we also engage contract labour which requires us to comply with the applicable regulations, the non-compliance of which, may subject us to penalties which may have adverse financial implications.*

We appoint contractors who in turn engage on-site contract labour for performance of our low skill operations. Any contravention under the Contract Labour (Regulation and Abolition Act), 1970 is punishable with imprisonment for a term which may extend to three months, or with fine which may extend to one thousand rupees, or with both and in the case of a continuing contravention with an additional fine which may extend to one hundred rupees for every day during which such contravention continues after conviction for the first such contravention. If we fail to renew or obtain the contract labour registration in a timely manner, we may be exposed to penalties which may adversely affect our business.

Although our Company does not engage contract labourers directly, we may be held responsible for any wage payments to be made to such labourers in the event of default by such independent contractors. In addition, under the Contract Labour (Regulation and Abolition) Act, 1970, we may be required to absorb a number of such contract labourers as permanent employees. Thus, any such requirement to fund wage requirements and/or order from a regulatory body or court requiring us to absorb such contract labourers may have an adverse effect on our results of operations and financial condition.

37. *Mishaps or accidents at our Company's facilities may lead to property damages, property loss and accident claims for which the insurance cover taken by our Company may not be sufficient to cover all material losses thereby adversely affecting our performance.*

Our Company has insured itself against certain eventualities including against property damages, loss of assets, theft, and natural calamities. While we believe that we have adequate and appropriate insurance coverage to take care of certain contingencies, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully or in part or will be paid on time. We cannot assure that we have taken out sufficient insurance to cover all material losses. To the extent that we suffer loss or damage for which we do not obtain or maintain insurance, that is not covered by insurance or exceeds our insurance coverage, the loss would have to be borne by us and thus our results

of operations and financial performance could be adversely affected. Recently, there has been an accidental death of one of our worker at our Unit – I which resulted in criminal complaint against certain members of our management team. For further details, see chapter titled "*Outstanding Litigations and Material Development*" beginning on page 363 of the Red Herring Prospectus.

38. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Offer proceeds.*

As per SEBI (ICDR) Regulations as amended, appointment of monitoring agency is required only for Offer size above Rs.10,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Offer proceeds. However, the audit committee of our Board will monitor the utilization of Offer proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Offer proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

39. *Our Promoter and members of the Promoter Group will continue jointly to retain majority control over our Company after the Offer, which will allow them to determine the outcome of matters submitted to shareholders for approval.*

Post this Offer, our Promoter and Promoter Group will collectively own more than 53.60% of our equity share capital. As a result, our Promoter, together with the members of the Promoter Group, will continue to exercise a significant degree of influence over Company and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act, 2013 and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company. In addition, our Promoter will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or other shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

40. *Our Directors have interests in our Company other than the reimbursement of expenses and normal remuneration or benefits. Any such interests may result in a conflict of interest, which may have an adverse effect on our business.*

Our Directors may be deemed to be interested in our Company, in addition to regular remuneration or benefits and reimbursements of expenses, to the extent of Equity Shares held by them, their relatives, their dividend or bonus entitlement, benefits arising from their directorship in our Company and to the extent of sitting fee payable to them for attending each of our Board and Committee meetings. Therefore, some of the above interests may conflict with the duties of these persons as Director of the Company. For further details, see chapter titled "*Our Management*" beginning on pages 169 of this Red Herring Prospectus.

41. *We have in the past entered into related party transactions and shall continue to do so in the future.*

Our Company has entered into various related party transactions with our Promoters, members of the Promoter Group, Directors, Subsidiaries and Group Companies. While we believe that all such transactions are conducted on an arms-length basis, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations. For details of transactions entered by us, see chapter titled "*Related Party Transactions*" beginning on page 196 of this Red Herring Prospectus.

42. *Debt facilities availed by Our Company has been secured on personal guarantees of our Directors. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected in case of invocation of any personal guarantees or securities of the collateral provided by our Directors.*

Our Directors, Mr. Pratik Patel and Mr. Laxminandan Amin have provided personal guarantees to secure a significant portion of our existing borrowings taken from State Bank of India, HDFC Bank and SIDBI are still continuing to be in force as on the date of filing this Red Herring Prospectus. We may continue to provide such guarantees and other security post listing. In case of a default under our loan agreements, any of the personal guarantees provided by our Directors may be invoked which could negatively impact the reputation and net worth of our Directors. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. We may also not be successful in procuring alternate guarantees/alternate security satisfactory to the lenders, as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, see chapter titled "*Financial Indebtedness*" beginning on page 345 of this Red Herring Prospectus.

43. *We have provided security in respect of financial facilities availed by some of our subsidiaries of our Company.*

Our subsidiaries Shivpad Engineers Private Limited and Jash USA Inc. have availed certain fund based and non-fund based financial assistance sanctioned by Axis Bank Limited and HDFC Bank respectively. The said financial assistance has been sanctioned on the security of assets of our subsidiary, corporate/bank guarantee by our Company and personal guarantee of our Directors Mr. Pratik Patel and Mr. Laxminandan Amin. Any default under such arrangement by our subsidiary may result in the lenders invoking the corporate guarantee and personal guarantee and also the charge created on the immovable property owned by our subsidiary. This may lead to impairing the right of our Company to use the above immovable property and may also create difficulty for our Company to raise funds for its business requirements thereby adversely affecting our operations and financials. For further details on the Cash Credit, Term Loan limits and other banking facilities, see chapter titled "*Financial Indebtedness*" beginning on page 345 of this Red Herring Prospectus.

44. *Some of our records, including forms filed with the Registrar of Companies are not traceable. Further, Our Company has lapsed/delayed in making the required filings under the Companies Act, 2013 and under the applicable provisions of the Companies Act, 1956.*

Our Company is unable to trace certain corporate records and other documents in relation to our Company including forms filed with the Registrar of Companies prior to the year 2006. Due to change in methods of record keeping over the years, certain forms filed with the Registrar of Companies prior to the year 2006 such as return of allotment, annual returns, incorporation forms and forms for registration of charges etc. could not be traced by our Company. Further, online filings of RoC documents was initiated only in the year 2006 and all forms prior to the said year was physically filed, hence forms filed prior to 2006 cannot be retrieved from the MCA portal. Also, our Company may not be in a position to attend to and / or respond appropriately to any legal matter due to lack of lost or destroyed records and to that extent the same could adversely affect our business operations.

Further, our Company is required to make filings under various rules and regulations as applicable under the Companies Act, 2013 and under the applicable provisions of the Companies Act, 1956, few of which have not been done within the stipulated time periods at some instances. Due to these delays in filings, our Company has on those occasions paid the requisite late fees. Although our Company has not received any show cause notice in respect of the above, such delay, non-compliance may in the future render us liable to statutory penalties and could have serious consequences on our operations. While this could be attributed to technical lapses and human errors, our Company is in process of setting up a system to ensure that the requisite filings are done appropriately and within the timelines.

45. ***Third party industry and statistical data in this Red Herring Prospectus may be incomplete, incorrect or unreliable.***

Neither Lead Manager nor we have independently verified the data obtained from the official and industry publications and other sources referred in this Red Herring Prospectus and therefore, while we believe them to be true, there can be no assurance that they are complete or reliable. Such data may also be produced on different bases from those used in the industry publications we have referenced. The discussion of matters relating to India, its economy and our industry in this Draft Red Herring Prospectus are subject to the caveat that the statistical and other data upon which such discussions are based may be incomplete or unreliable. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. While industry sources take due care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data or report and do not take responsibility for any errors or omissions or for the results obtained from using their data or report. Accordingly, investors should not place undue reliance on, or base their investment decision on this information, see chapter titled "Our Industry" beginning on page 111 of this Red Herring Prospectus.

46. ***We have applied for registration of our name and logo but do not own the trademark legally as on date. We may be unable to adequately protect our intellectual property. Furthermore, we may be subject to claims alleging breach of third party intellectual property rights.***

We have applied for registration of our name and logo under the provisions of the Trademarks Act, 1999 and do not own the trademark as on date. We have filed an application dated May 23, 2017 with the Trade Marks Registry, for registration of logo and corporate name along with certain other marks under Class 7 and 11 of the Trade Marks Act, 1999. The applications are currently pending before the Registrar of Trademarks at various stages. For further details, please refer chapter titled "Government and Other Approvals" beginning on page 369 of this Red Herring Prospectus. As such, we do not enjoy the statutory protections accorded to a registered trademark as on date. There can be no assurance that we will be able to register the trademark and the logo in future or that, third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. Further, we cannot assure you that any application for registration of our trademark in future by our Company will be granted by the relevant authorities in a timely manner or at all. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property. For further details, see chapter titled "Government and Other Statutory Approvals" beginning on page 369 of this Red Herring Prospectus.

47. ***Our future expansion plans are subject to the risk of cost and time overrun, which may have a material adverse effect on our business, results of operations and financial condition.***

Our future expansion plans may be subject to delays and other risks, including, among other things, performance shortfalls, unforeseen engineering or technical problems, disputes with workers, force majeure events, unanticipated cost increases or changes in scope and delays in obtaining certain property rights and government approvals and consents, any of which could result in delays, cost overruns or the termination of the project and/or a breach of the financial covenants imposed by our lenders. While we may seek to minimize the risks from any unanticipated events, it cannot be assured that all potential delays can be mitigated and that we will be able to prevent any cost over-runs and any loss of profits resulting from such delays, shortfalls and disruptions.

48. ***If we are unable to establish and maintain an effective internal controls and compliance system, our business and reputation could be materially and adversely affected.***

We take steps to establish and maintain compliance and disclosure procedures, systems and controls, and to maintain internal controls over financial reporting in order to produce reliable financial reports and prevent financial fraud. However, internal controls over financial reporting must be reviewed on an ongoing basis as risks evolve, and the processes to maintain such internal controls involve human diligence and compliance and are subject to lapses in judgment and breakdowns resulting from human error. To the extent that there are lapses in judgment or breakdowns resulting from human error, the accuracy of our financial reporting could be affected which may adversely affect our business and financial position of our company.

Risk relating to the Objects of the Offer

49. ***The purposes for which the proceeds of the Fresh Issue are to be utilized have not been appraised by any bank or financial institution. In the event of any upward revision in the estimates, our proposed expenditure would increase which could adversely affect our results of operations, profitability and our ability to effectively implement our business plans.***

We intend to use the proceeds that we receive from the Fresh Issue for the purposes described in section "Objects of the Offer" beginning on page 95 of the Red Herring Prospectus. The estimated project cost has not been appraised by any bank or financial institution. The fund requirements are based on management estimates and on current market conditions. In view of the competitive nature of our industry, we may have to revise our management estimates from time to time and consequently our funding requirements may also change. This may result in the rescheduling of our project expenditure programmes or increase in our proposed expenditure for our project and which may adversely affect our results of operations profitability and our ability to effectively implement our business plans. Further, the utilization of the proceeds from the Fresh Issue will be monitored by our Board and is not subject to any monitoring by any independent agency.

50. ***Our company has not carried out any independent appraisal of our working capital requirements. Therefore, if our estimation is not accurate or the assumptions we have taken prove to be not correct, we may be required to raise additional debt on terms that may not be totally favorable to us.***

Our working capital requirements have been assessed based on the management's estimates and the same have not been independently appraised or evaluated by any bank or financial institution. Further, the estimates of our working capital requirement are totally based on the experience of our management. We cannot assure that these estimates may be accurate. If these estimates prove to be wrong, we may be required to raise additional debt, on terms that may not be totally favorable to our Company, which may in turn adversely affect our profitability. For further details, see chapter titled "Objects of the Offer" beginning on page 95 of this Red Herring Prospectus.

51. ***Delays, if any, in the implementation of the project for which the funds are being raised in the Fresh Issue may have an adverse effect on our business, financial condition and results of operations.***

The success of our business depends mainly on our ability to effectively implement our business and growth strategy. Whilst we will try to successfully implement the schedule as per the plans, there may be unforeseen circumstances which may cause unnecessary delays in the implementation of the proposed project and there can be no assurance that we will be able to implement our strategy on time and within the estimated budget. Our capital expenditure plans are subject to a number of variables, including construction/development delays or defects; force majeure events, unanticipated cost increases amongst others, any of which could delay our implementation schedule. Failure to complete the project according to its specifications or schedule, if at all, may give rise to potential liabilities and / or cost overruns and as a result, our returns on investments may be lower than originally expected, which may have a material adverse impact on the business operations of our Company.

52. ***Our Company has not made any alternate arrangements for meeting our fund requirements for the 'Objects of the Offer'. Further, we have not identified any alternate source of financing the 'Objects of the Offer'. Any shortfall in raising / meeting the same could adversely affect business, operations and financial condition.***

As on date, we have not made any alternate arrangements for meeting our fund requirement for the 'Objects of the Offer' i.e. expansion of Unit III and setting up of proposed Unit IV, working capital and general corporate purpose etc. We meet our fund requirements through our bank finance, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our fund requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Offer or any shortfall in the Offer proceeds may delay the implementation schedule and could adversely affect the growth plans. For further details, see chapter titled "Objects of the Offer" beginning on page 95 of the Red Herring Prospectus.

53. ***We are yet to acquire land on which one of our proposed Unit IV is to be set up.***

One of the Objects of the Offer is setting up of a new manufacturing unit (Unit –IV) for the purpose of catering purely to our US market. We are yet to acquire land on which one of the said unit is proposed to be set up. We have identified land at SEZ, Miscellaneous Zone, SEZ Phase – II, Pithampur, District Dhar, Madhya Pradesh, nearby our existing facility (Unit III). Any delay in identification or acquisition of land at SEZ may hinder our operations. Non-approval from SEZ authorities with regards to such acquisition may lead to delay in implementation of our project which in turn would affect our revenue from operations, profit and cash flow.

Risks Relating to the Offer and Investments in our Equity Shares

54. ***We may not declare dividends in the foreseeable future.***

We may retain all future earnings, if any, for use in the operations and expansion of the business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deems relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders' investments will depend on the appreciation of the price of the Equity Shares. There is no guarantee that our Equity Shares will appreciate in value.

55. ***We may require further equity issuance, which will lead to dilution of equity and may affect the market price of our Equity Shares or additional funds through incurring debt to satisfy our capital needs, which we may not be able to procure and any future equity offerings by us.***

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the Offer Proceeds and our internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure

adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be adversely affected if we are unable to implement our expansion strategy.

Any future issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence adversely affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally, the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

56. *You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if Securities Transaction Tax ("STT"), is paid on the transaction. STT is levied on and collected by a domestic stock exchange on which equity shares are sold. Any gain realized on the sale of equity shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, is subject to long term capital gains tax in India. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

57. *A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.*

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of us. Under the takeover regulations in India, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although, these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the Indian takeover regulations.

58. *Fluctuations in currency exchange rates may have an adverse impact on the investment in our Equity Shares.*

The exchange rate between the Indian Rupee and the U.S. Dollar has changed substantially in recent years and may fluctuate substantially in the future. Fluctuations in the exchange rate between the U.S. Dollar and the Indian Rupee may affect the value of the investment in our Equity Shares of a person resident outside India. Specifically for persons resident outside India, if there is a change in relative value of the Indian Rupee to the U.S. Dollar, each of the following values will also be affected: the U.S. Dollar equivalent of the Indian Rupee trading price of our Equity Shares in India; the U.S. Dollar equivalent of the proceeds that you would receive upon the sale in India of any of our Equity Shares; and the U.S. Dollar equivalent of cash dividends, if any, on our Equity Shares, which will be paid only in Indian Rupee. You may be unable to convert Indian Rupee proceeds into U.S. Dollars or any other currency or the rate at which any such conversion could occur could fluctuate.

Risks Relating to India /External Risk Factors

- 59. *Regional hostilities, terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving India and other countries may result in a loss of investor confidence and adversely affect the financial markets and our business.***

Terrorist attacks, civil unrest and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares will trade and also adversely affect the worldwide financial markets. In addition, the Asian region has from time to time experienced instances of civil unrest and hostilities among neighboring countries. Hostilities and tensions may occur in the future and on a wider scale. Military activity or terrorist attacks in India may result in investor concern about stability in the region, which may adversely affect the price of our Equity Shares. Events of this nature in the future, as well as social and civil unrest within other countries in the world, could influence the Indian economy and could have an adverse effect on the market for securities of Indian companies, including our Equity Shares.

- 60. *Instability in financial markets could materially and adversely affect our results of operations and financial condition.***

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

- 61. *Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.***

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

- 62. *Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.***

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in effect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

63. *Political, economic and social changes in India could adversely affect our business.*

Our business, and the market price and liquidity of our Company's shares, may be affected by changes in Government policies, including taxation, social, political, economic or other developments in or affecting India could also adversely affect our business. Since 1991, successive governments have pursued policies of economic liberalization and financial sector reforms including significantly relaxing restrictions on the private sector. In addition, any political instability in India may adversely affect the Indian economy and the Indian securities markets in general, which could also affect the trading price of our Equity Shares.

64. *Our transition to Ind AS or IFRS reporting could have an adverse effect on our reported results of operations or financial condition.*

On January 2, 2015, the Ministry of Corporate Affairs, Government of India (MCA) announced the revised roadmap for the implementation of Ind AS for companies other than banking companies, insurance companies and non-banking finance companies through a press release. On February 16, 2015, the MCA issued the Companies (Indian Accounting Standards) Rules, 2015 (Indian Accounting Standard Rules) to be effective from April 1, 2015. The Indian Accounting Standard Rules provide for voluntary adoption of Ind AS by companies in financial year 2015 and, implementation of Ind AS will be applicable from April 1, 2016 to companies with a net worth of Rs.5,000 million or more. Additionally, Ind AS differs in certain respects from IFRS and therefore financial statements prepared under Ind AS may be substantially different from financial statements prepared under IFRS. There can be no assurance that the adoption of Ind AS by our Company will not adversely affect its results of operation or financial condition. Any failure to successfully adopt Ind AS in accordance with the prescribed timelines may have an adverse effect on the financial position and results of operation of our Company.

65. *Our business is dependent on the Indian economy.*

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by center or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results. The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

7. Investors may note that in case of over-subscription in the Offer, allotment to Retail applicants and other applicants shall be on a proportionate basis. For further details, see chapter titled "*Offer Structure*" beginning on page 402 of this Red Herring Prospectus.

8. Except as disclosed in chapters titled "*Capital Structure*", "*Our Management*", "*Our Promoter and Promoter Group*" and "*Related Party Transactions*" beginning on pages 68, 169, 187 and 196 respectively, of this Red Herring Prospectus, none of our Directors, Promoters, Key Managerial Personnel have any interest in our Company.
9. Except as stated under chapter titled "*Capital Structure*" beginning on page 68 of this Red Herring Prospectus, our Company has not issued any Equity Shares for consideration other than cash.
10. Trading in the Equity Shares for all investors shall be in dematerialised form only.
11. Investors are advised to see the chapter titled "*Basis for Offer Price*" beginning on page 104 of this Red Herring Prospectus.
12. There has been no financing arrangement whereby our Promoter Group, Directors, or any of their respective relatives have financed the purchase by any other person of securities of our Company during the six (6) months preceding the date of filing of this Red Herring Prospectus.
13. Our Company was incorporated as Jash Engineering Industries Private Limited under the provisions of Companies Act 1956 *vide* Certificate of Incorporation dated September 29, 1973 at Indore. Subsequently, the name of our Company was changed to Jash Engineering Private Limited *vide* Certificate of Incorporation dated January 29, 1976. The name of our Company was further changed to Jash Engineering Limited pursuant to Section 23 of the Companies Act, 1956 and the special resolution passed by the members of the company at its Extra-Ordinary General Meeting held on July 15, 1994. A fresh certificate of incorporation consequent to change of name was issued to our Company stating the new name Jash Engineering Limited. The corporate identity number of the company is U28910MP1973PLC001226. For details of Incorporation, Change in the Name and Registered Office of our Company, see chapters titled "*General Information*" and "*Our History and Certain Other Corporate Matters*" beginning on pages 57 and 161 respectively of this Red Herring Prospectus.

SECTION III - INTRODUCTION

SUMMARY OF OUR INDUSTRY

The information in this section has been extracted from the VIP Report issued by Dun & Bradstreet (D&B) and various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with the Offer has independently verified the information provided in this section. Industry sources and publications, referred to in this section, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

OVERVIEW OF INDIAN WATER AND WASTEWATER ENGINEERING INDUSTRY

Rapid urbanization and industrialization along with erratic monsoons have created water shortage in many parts of India. Efficient management of water resources, reduction in wastage as well as treatment of waste water for reuse have emerged as key factors to counter this water shortage scenario.

Approximately 60% of industrial effluents and 75% of municipal sewage generated in India is untreated causing serious pollution to external environment. Having only 4% of World's fresh water resources, there is an urgent need to improve the waste water treatment infrastructure in the country.

Municipal waste treatment is the largest segment in the sector followed by industrial effluent treatment and household water treatment. Municipal water treatment forms ~60% of total waste water treatment sector. Commonly used waste water treatment techniques include chemical dosing, sand filters, carbon filters, usage of softeners, micron filters, reverse osmosis, ultraviolet sterilizers, and ozonator.

GOVERNMENT INITIATIVES

Urban Infrastructure and Governance (UIG) and Urban Infrastructure Scheme for Small and Medium Towns (UIDSSMT) are two of the major waste water treatment programs initiated by the government. Both programs are designed as sub programs under the larger Jawaharlal Nehru National Urban Renewal Mission (JNNURM) mission. Under JNNURM 122 sewerage projects costing nearly 15800 crores have been approved, of which 35 have been completed.

UID deals with sewage & sanitation, water supply and solid waste management projects as well as conservation of water bodies. UIDSSMT on the other hand is the largest government initiatives for the planned development of cities and towns.

Common Effluent Treatment Plant (CETP) scheme is a technical and financial support scheme initiated by the Ministry of Environment and Forest (MoEF) to address the industrial effluent program in the SME sector. Under this program assistance is provided to set up effluent treatment plants in SSI clusters.

Under the Water (Prevention and Control of Pollution) Act, 1974, every industry has to provide adequate treatment of its effluents before disposal, irrespective of whether it is in stream, land, sewerage system or sea. The small scale industrial units (SSI), which are presently defined as units whose plant and machinery are valued at less than Rs. 5 crore occupy an important place in the Indian economy. The SSIs are a major

contributor to the total industrial pollution load of the country. However, only a small fraction of the effluent discharge from these units is estimated to be treated as on date.

India signed the Paris Agreement in April 2016. The government has signaled its focus on sustainable reuse of natural resources. Promoting water reuse is an important step in order to achieve broader environmental goals.

DEMAND SUPPLY

Historical Growth

During 2015 (as per latest data release), the estimated sewage generation in the country was 61754 MLD as against the developed sewage treatment capacity of 22963 MLD. Because of the hiatus in sewage treatment capacity, about 38791 MLD of untreated sewage (62% of the total sewage) is discharged directly into nearby water bodies. Waste water treatment sector in the country is estimated to have grown by a CAGR of ~12% during the period FY 2012-16 to reach ~INR 450 Bn. Revenue growth in sector has slowed down considerably over the past few years due to uncertain economic scenario (leading to lower corporate spending) as well as lower spending by municipal and other government bodies (due to government effort in cutting expenditure to rein in fiscal deficit).

DEMAND DRIVERS

Rapid Urbanization and Industrialization

Rise in the population will increase the demand for infrastructure which further will result in increase in need for a sewage facility. India's development is driving strong industrial growth creating an increased demand for water. With rapid industrialization, there has been increasing use of water in the industries and the need for effluent treatment plant.

Urbanization: Increasing population and growth in industrial / service activities have fastened the pace of urbanization. As a result, the number of cities with population of 1 million or more is expected to reach ~90 by 2030, up from the current number of 53. Consequently, the amount of municipal waste generated is expected go up leading to a higher demand for waste water treatment services.

Industrialization: Private and public sector investments in the manufacturing sector are expected to go up in response to the National Manufacturing Policy launched by the government. Further the increasing domestic consumption too would help in the growth. Growth in industrial sector would automatically lead to increase in industrial effluent discharge, leading to higher demand for industrial waste water treatment services.

Urgent need for sewage treatment: In India, the estimated sewage generation from Class I cities and Class II towns (representing 72% of urban population) is 38,524 million litres/day (MLD), of which there exists treatment capacity of only 11,787 MLD (about 30%). The major metropolitan areas (with population over 1 million) have a collective sewage treatment capacity of just over 50%, but high variability exists among them. Only five metro cities have treatment capacity close to 100% of their sewage generation, these are Hyderabad, Vadodara, Chennai, Ludhiana and Ahmedabad. Delhi has the largest sewage treatment capacity in absolute terms, but it is only about 60% its needs, while Mumbai has the second largest treatment capacity in absolute terms but meets only 80% of its needs. Almost all other major metropolitan cities have treatment capacities below 50% of their sewage generation. The Class I cities and metros (with population over 100,000) which account for 93% of the urban sewage generated in the country, have a combined treatment capacity of about 32% of generation, while the Class II towns (population between 50,000 and 100,000) have a combined treatment capacity of only 8% of their generation.

Government initiatives on water treatment

With growing pollution concerns, Government is setting up campaigns such as Swachh Bharat Abhiyan. It has also come up with initiatives for cleaning the environment like Namami Gange Programme-National Mission for Clean Ganga. The government is promoting the sector by providing a number of economic incentives to the industry players to promote more and more investment. It is also providing other benefits like 10 years 100% tax holiday scheme of profits and gains for the companies which are into water treatment systems, and sanitation and sewage projects and 25% State Subsidy for disposing directly into deep sea.

Reducing availability of water, forcing users to go for reuse & recycling of water

Water is now a strategic resource. With the world's population expected to rise from 3 billion to 9 billion by 2050 and continuous industrial growth across the globe, water has become a critical global resource. Demand for water for domestic and industrial use is continuously rising. Wastewater management in India has become an extremely important area of focus. Despite the wastewater sector witnessing major growth in the last decade due to increasing government support and private participation, the scale of the problem remains enormous.

Use recycled water in Industry

Due to rising scarcity of water across the country, the industries are required to opt for the recycled water from various water sewage treatments. This would increase the demand for infrastructure development for water treatment plants, eventually increasing demand for valves manufacturing.

Growth in end user industries and Government spending on infrastructural development

The overall growth and development in the infrastructure sector such as ports, airports, construction and investment in power and oil & gas (exploration/ refinery) will increase the demand for capital goods. These industries are called the core industries because their growth is critical for a country to achieve a higher economic growth rate. The Government has christened its agenda for FY 2018 through Union Budget 2017-18 as 'Transform, Energise and Clean India' (TEC India), of which Infrastructure is one of the major themes. Infrastructure – a key pillar under the Make in India programme has been strengthened with a large budgetary allocation. By providing a record allocation of around INR 4 trillion to the infrastructure sector, the Government seeks to provide additional thrust to economic development. Further, India is witnessing significant interest from international investors in the infrastructure space. Many Spanish, Korean, German, Japanese companies are keen on collaborating with India on infrastructure, high speed trains, renewable energy and developing smart cities. These initiatives would further boost sale of capital goods. High demand for potable water, Governments initiatives for water reuse and the increasing foreign investments by global players like Va Tech Wabag Ltd., Ecolab Inc., and Suez Environment S.A. are the major growth supporting factors for the industry in India.

Moreover, the government has taken several initiatives to boost power sector. In July 2013, The Ministry of Heavy Industries & Public Enterprises, in consultation with the industry, power utilities, planners, regulatory authorities and concerned Central and State Authorities, has framed the Indian Electrical Equipment Industry Mission Plan 2012 - 2022, in order to support and enhance the domestic electrical equipment manufacturing industry and in turn boost the power sector. Further, the Government allocated INR 138.81 billion to the Ministry of Power, INR 48.14 billion for Deen Dayal Upadhyaya Gram Jyoti Yojana and INR 58.21 billion for Integrated Power Development Scheme through Union Budget 2017 -18. Overall, the Budget proposals appear to be positive for renewable energy and distribution and transmission equipment manufacturers.

Growth in these end user industries supported by government's increased spending would provide opportunities to the Company to increase its revenues.

Favorable government initiatives and regulatory changes to promote wastewater management industry

India is the biggest consumer of groundwater and the level of groundwater is going down faster than anywhere else in the world. With increasing water scarcity, it is essential for the country to reuse water. Improvements in economic conditions, especially in emerging economies like India and increasing environmental concerns due to water pollution from the industrial and agricultural sectors are expected to drive growth in wastewater and sewage treatment markets.

The waste water management sector, estimated to grow at a CAGR of 8-10% during 2015-2020, is seeing a rise in demand for innovative technologies. India's water & waste water industry will see enormous growth prospects in the coming years. The National Water Mission of India targets to reduce water consumption by 20% in all sectors by 2030. To meet this, it is critical to conserve, recycle and reuse water. The Union Budget 2017-2018 released on 1st February, 2017 has increased allocation for the Union Water Resources Ministry by 11% to about \$1.05 billion from \$0.95 billion in the previous year. Further, the government is also steadily

making the regulatory norms in India stringent for promoting reuse of wastewater and even mandating industries with water reuse targets.

Considering that currently less than 30% of industrial waste water is treated before release into the environment, the Supreme Court in India came out with a green order in February 2017. Under this order, all industrial units across the country have to set up effluent treatment plants in working condition within three months. If the polluting industrial units do not fulfill the conditions, they will face immediate closure. Companies with innovative technologies for water management will benefit as it is expected to boost their earnings. Growing industrial sectors together with favorable Government policies like Zero Liquid Discharge (ZLD) are making an increasing number of industries to treat waste water for reuse. India has mandated ZLD systems across industries like thermal power plants, iron & steel, textiles distilleries and pulp & paper. The Indian ZLD market is expected to reach \$4 billion by 2020.

The present government is promoting the sector by providing a number of economic incentives to the industry players to promote more and more investment. It is providing benefits like 10 years 100% tax holiday scheme of profits and gains for the companies which are into water treatment systems, and sanitation and sewage projects and 25% State Subsidy for disposing directly into deep sea. These incentives provided by the government help the industry to grow at a faster pace and also allow the new entrants to enter the capital goods industry easily, which further helps the waste water treatment Company to grow its revenue with more Companies requiring the water treatment system thereby increasing revenue. Even further to promote the sector government is providing easy loans through: IREDA, a public sector company of the Ministry Nationalized banks and other financial institutions for identified technologies / systems.

Increase in demand across various foreign markets

In the recent years a considerable hike in demand has been observed in terms of wastewater market across various regions like Asia pacific, North America, and Latin America and many more. The Asia-Pacific region which constitutes about 60% of the world's population discharge about 80% of its wastewater in water bodies leading to increase in the pollution levels. Countries like Indonesia, Philippines, India and Vietnam have a large untapped market for wastewater management. In this region even the ground water usage is very high thus putting stress on the ground water so reusing water remains crucial.

In Latin America, the water is not evenly distributed and thus has water shortage; even the water used for the industry operations constitutes only 10% of region's water thus waste water management could help to fulfill the water requirement. There has been increased awareness for wastewater management and an investment of US\$ 33 bn is expected by 2030.

In Saudi Arabia one of the largest privately financed water spending programme with nearly US\$ 53 bn of spending is on the agenda over the next five years. The programme would include desalination plants, sewage treatment plants, sewage network, meter installation and leakage reduction, strategic storage, water distribution, water transmission and groundwater sources, thus increasing the scope for the industry to increase its revenue potential. Thus, there is wide scope of waste water management industry across various regions which could be tapped by the Company thereby contributing to its growth.

SUMMARY OF OUR BUSINESS

OVERVIEW

Our Company was originally set up as a proprietary concern to enable focus on products related to water control gates. The proprietary concern was converted into 'Private Limited Company' on September 29, 1973 under the name of "Jash Engineering Industries Private Limited" and fresh Certificate of Incorporation dated January 29, 1976 was issued by the Registrar of Companies, Gwalior, Madhya Pradesh. Later, the name of our Company was changed to "Jash Engineering Private Limited" and fresh Certificate of Incorporation dated January 29, 1976 was issued by the Registrar of Companies, Gwalior, Madhya Pradesh. The Company was later converted into "Public Limited Company" pursuant to shareholder's approval on July 15, 1994 and fresh Certificate of Incorporation dated September 21, 1994 issued by Registrar of Companies, Gwalior, Madhya Pradesh.

The registered office of our company is situated at Plot No. 31, Sector-C, Industrial Area, Sanwer Road, Indore 452015, and Madhya Pradesh, India.

OUR BUSINESS

Our Company is engaged in manufacturing of water control gates, flap valves, knife gates valves, energy dissipating valves, water hammer control valves, fine and coarse screens, screening conveying equipment, screening washing and compaction equipment, industrial valves for bulk solids handling, hydro power screw generator, screw pump and process equipment like detritors, clarifiers, clariflocculators, thickeners, decanters aerators, trickling filters, dissolved air flotation (DAF) units, rotary drum slackers, rake classifiers, pressure sand filters, etc. for water, water waste and effluent treatment plants.

Our Company offers a single stop solution under one roof including Design, Casting, Fabrication, and Assembly & Testing and provides the most varied range of these products in largest possible sizes. To ensure this, our company is continuously investing in its manufacturing capability as well as in development of new products & technologies either on its own or through collaboration with suitable technology partners and leaders in the trade.

The products of our Company find application in water intake systems, water and waste water pumping stations and treatment plants, storm water pumping stations, water transmission lines, power, steel, cement, paper & pulp, petrochemicals, chemical, fertilizers and other process plants. Our manufacturing facilities are equipped with pattern making, foundry, machining, fabrication, inspection and in-house testing. Our Company caters to the domestic as well as international markets. Presently, it primarily derives its revenue from the domestic market which contributed more than 70% of the total revenue in FY 2017.

Our Company's aims to be within the best companies in the world in its line of business and is accordingly continuously investing in state of art facility conducive to realize this aim. Our Company with its team of over 500 employees is committed to offer the most varied range and latest technology in each of its products. To achieve the above stated aim, our Company is continuously investing in development of new products & technologies, either on its own or through collaboration with suitable technology partner. This has enabled our Company to become an industry leader within India in most of the products manufactured by us and also ensured acceptance of our products worldwide.

Book Building Process

Book building, in the context of the Offer, refers to the process of collection of Bids from investors on the basis of the Red Herring Prospectus, the Bid cum Application Form and the Revision Form. The Price Band for the Offer will be decided by our Company seeking and ensuring alignment with the Selling Shareholder, in

consultation with the BRLM, in the manner as agreed upon in the Offer Agreement. The minimum Bid Lot size for the Offer will be decided by our Company in consultation with the BRLM, and will be advertised in English editions of the English national newspaper Business Standard, Business Standard editions of the Hindi national newspaper each with wide circulation and Choutha Sansar, Indore edition of the Hindi daily newspaper (where our Registered Office is situated), at least five Working Days prior to the Bid/ Offer Opening Date. The Offer Price shall be determined by our Company, Selling Shareholder in consultation with the BRLM, after the Bid/ Offer Closing Date. Principal parties involved in the Book Building Process are:

- Our Company;
- The Book Running Lead Manager in this case being Systematix Corporate Services Limited, the Syndicate Member(s) who are intermediaries registered with SEBI/ registered as brokers with NSE and eligible to act as Underwriter. The Syndicate Member(s) will be appointed by the BRLM;
- The Registrar to the Offer and;
- The Designated Intermediaries

In accordance with the SEBI Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise or withdraw their Bids prior to the Bid/Offer Closing Date.

We will comply with the SEBI (ICDR) Regulations and any other ancillary directions issued by SEBI for this Offer. In this regard, we have appointed Systematix Corporate Services Limited as the Book Running Lead Manager, respectively to manage the Offer and procure subscriptions to the Offer.

The process of Book Building under the SEBI (ICDR) Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Offer.

For further details on the method and procedure for Bidding, please see section entitled “Offer Procedure” on page 405 of this Red Herring Prospectus.

Illustration of Book Building and Price Discovery Process: *(Investors should note that this example is solely for illustrative purposes and is not specific to the Offer)*

Bidders can bid at any price within the price band. For instance, assume a price band of Rs. 20 to Rs.24 per equity share, offer size of 3,000 equity shares and receipt of five bids from bidders, details of which are shown in the table below. A graphical representation of the consolidated demand and price would be made available at the bidding centers during the bidding period. The illustrative book below shows the demand for the equity shares of the issuer company at various prices and is collated from bids received from various investors.

Bid Quantity	Bid Amount(Rs.)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the issuer is able to issue the desired number of shares is the price at which the book cuts off, i.e., Rs. 22.00 in the above example. The issuer, in consultation with the Book Running Lead Manager will finalize the offer price at or below such cut-off price, i.e., at or below Rs. 22.00. All bids at or above this offer price and cut-off bids are valid bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- (1) Check eligibility for making a Bid (see chapter titled “Offer Procedure” on page 405 of this Red Herring Prospectus);
- (2) Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- (3) Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Offer will obtain the Demographic Details of the Bidders from the Depositories.
- (4) Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims
- (5) Ensure that the Bid cum Application Form is duly completed as per instructions given in the Red Herring Prospectus and in the Bid cum Application Form;

BID / OFFER PROGRAMME

An indicative timetable in respect of the Offer is set out below:

Event	Indicative Date
Bid / Offer Opening Date	September 28, 2017
Bid / Offer Closing Date	October 03, 2017
Finalisation of Basis of Allotment with the Designated Stock Exchange	October 06, 2017
Allotment of Shares / Unblocking of Funds	October 9, 2017
Credit of Equity Shares to demat accounts of Allottees	October 10, 2017
Commencement of trading of the Equity Shares on the Stock Exchange	October 11, 2017

The above timetable is indicative and does not constitute any obligation on our Company or the BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/Offer Closing Date, the timetable may change due to various factors, such as extension of the Bid/Offer Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bids and revision of Bids shall be accepted **only between 10.00 a.m. and 5.00 p.m.** (IST) during the Bid/Offer Period as mentioned above at the Bidding centers and designated branches of SCSBs as mentioned in the Bid Cum Application Form. On the Bid/Offer Closing Date, the Bids and any revision in the Bids shall be accepted only between **10.00 a.m. and 3.00 p.m.** (IST) and shall be uploaded until (i) **4.00 p.m.** (IST) in case of Bids by QIB Bidders and Non-Institutional Bidders, and (ii) until **5.00 p.m.** (IST) or such extended time as permitted by the Stock Exchanges, in case of Bids by Retail Individual Bidders after taking into account the total number of applications received up to the closure of timings and reported by the BRLM to the Stock Exchanges. It is clarified that Bids not uploaded on the electronic bidding system would be rejected. Bids will be accepted only on Working Days, i.e. Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Bids on the Bid/ Offer Closing Date, the Bidders are advised to submit their Bids one day prior to the Bid/ Offer Closing Date and, in any case, no later than 3.00 p.m. (IST) on the Bid/ Offer Closing Date. All times mentioned in this Red Herring Prospectus are Indian Standard Times. Bidders are cautioned that in the event a large number of Bids are received on the Bid/ Offer Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids will be accepted only on Business Days. Neither our Company nor the Book Running Lead Manager or the

Syndicate Member is liable for any failure in uploading the Bids due to faults in any software/hardware system or otherwise.

QIBs and Non-Institutional Investors shall neither withdraw nor revise their Bids so as to lower the size of their Bid at any stage after they have Bid for the Offer. QIBs and Non-Institutional Investors may revise their Bids upwards (in terms of quantity of Equity Shares or the Bid Amount) during the Bid/Offer Period. Such upward revision must be made using the Revision Form.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Offer Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of revision of the Price Band, the Bid/Offer Period will be extended for at least three additional working days after revision of Price Band subject to the Bid/ Offer Period not exceeding 10 working days. Any revision in the Price Band and the revised Bid/ Offer Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a press release and also by indicating the changes on the websites of the Book Running Lead Manager and at the terminals of the Syndicate Member.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Bidder, the details as per the Bid file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Bidder, the Registrar to the Offer shall ask the relevant SCSBs / Syndicate Member / RTAs / DPs / Stock Brokers, as the case may be, for rectified data.

Withdrawal of the Offer

Our Company in consultation with the Book Running Lead Manager, reserve the right not to proceed with the Offer at any time before the Offer Opening Date without assigning any reason thereof.

If our Company withdraws the Offer any time after the Offer Opening Date but before the allotment of Equity Shares, a public notice within two (2) Working Days of the Offer Closing Date, providing reasons for not proceeding with the Offer shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Offer advertisements have appeared and the Stock Exchange will also be informed promptly.

The Book Running Lead Manager, through the Registrar to the Offer, will instruct the SCSBs to unblock the ASBA Accounts within one (1) working Day from the day of receipt of such instruction. If our Company withdraws the Offer after the Offer Closing Date and subsequently decides to proceed with an Offer of the Equity Shares, our Company will file a fresh Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed. Notwithstanding the foregoing, the Offer is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

Underwriting

The Company and the Book Running Lead Manager to the Offer hereby confirm that the Offer is 100% Underwritten.

The Offer is 100% underwritten by the Book Running Lead Manager –Systematix Corporate Services Limited in the capacity of Underwriter to the Offer. Pursuant to the terms of the Underwriting Agreement dated August 31, 2017 entered into by us with Underwriter - Systematix Corporate Services Limited, the obligations of the Underwriter are subject to certain conditions specified therein. Market Maker (SME Segment NSE)

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

1. The Market Maker(s) (*individually or jointly*) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).
2. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time and the same shall be updated in the Red Herring Prospectus.
3. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of Emerge Platform of NSE

and SEBI from time to time.

4. The minimum depth of the quote shall be Rs.1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to Offer their holding to the Market Maker(s) (*individually or jointly*) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
5. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the EMERGE Platform of NSE (in this case currently the minimum trading lot size is 1200 equity shares; however the same may be changed by the EMERGE Platform of NSE from time to time).
6. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and the buy quote) shall not be more than 10% or as specified by the Stock Exchange. Further, the Market Maker (s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
7. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our Company reaches to 25% of Offer Size. Any Equity Shares allotted to Market Maker under this Offer over and above 25% of Offer Size would not be taken in to consideration of computing the threshold of 25% of Offer Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Offer Size, the Market Maker will resume providing two (2) way quotes.
8. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
9. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
10. There would not be more than five (5) Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
11. On the first day of the listing, there will be pre the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
13. The Market Maker(s) shall have the right to terminate said arrangement by giving a three (3) months notice or on mutually acceptable terms to the Book RunningLead Manager, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book RunningLead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations. Further our Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five (5) or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on Working Days.
14. **Risk containment measures and monitoring for Market Makers:**

NSE SME Exchange will have all margins, which are applicable on the NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.

15. Price Band and Spreads:

Our Promoters have provided their confirmations to our Company and the BRLMs that the Equity Shares held by them, which shall be locked-in for a period of three years as Promoter's contribution have been financed from their internal accruals and no loans or financial assistance from any bank or financial institution has been availed by them for this purpose. As of the date of this Red Herring Prospectus, none of the Equity Shares held by our Promoters are subject to pledge.

(ii) **Details of Promoter's Contribution locked in for three years:**

Pursuant to Regulation 32 and 36 of SEBI (ICDR) Regulations, an aggregate of 20% of the post-Offer equity capital held by our Promoter shall be considered as Promoter's Contribution ("**Promoter's Contribution**") and locked-in for a period of three years from the date of Allotment. The lock-in of the Promoter's Contribution would be created as per applicable law and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

Our Promoters have given written consent to include such number of Equity Shares held by them and subscribed by them as a part of Promoter's Contribution constituting 28,81,158 of the post Offer Equity Shares of our Company and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoter's Contribution, for a period of three years from the date of allotment in the Offer.

Total	28,81,158	30.09	28,81,158	24.34

The minimum Promoter's Contribution has been brought in to the extent of not less than the specified minimum lot and from the persons defined as promoter under the SEBI (ICDR) Regulations. The Equity Shares that are being locked in are not ineligible for computation of Promoter's Contribution in terms of Regulation 33 of the SEBI (ICDR) Regulations. In connection, we confirm the following:

- a. The Equity Shares offered for minimum 20% Promoter's Contribution have not been acquired in the three years preceding the date of this Red Herring Prospectus for consideration other than cash and revaluation of assets or capitalization of intangible assets nor resulted from a bonus issue out of the revaluation reserves or unrealized profits of the Company or against Equity Shares which are otherwise ineligible for computation of Promoter's Contribution;
- b. The minimum Promoter's Contribution does not include Equity Shares acquired during the one year preceding the date of this Red Herring Prospectus at a price lower than the Offer Price;
- c. Our Company has not been formed by the conversion of a partnership firm into a Company and thus, no Equity Shares have been issued to our Promoters upon conversion of a partnership firm;
- d. The Equity Shares held by the Promoters and offered for minimum Promoter's Contribution are not subject to any pledge;
- e. All the Equity Shares of our Company held by the Promoter are either dematerialized or in the process of being dematerialized; and
- f. The Equity Shares offered for Promoter's Contribution do not consist of Equity Shares for which specific written consent has not been obtained from the Promoter for inclusion of its subscription in the Promoter's Contribution subject to lock-in.

(iii) **Details of Equity Shares locked-in for one year**

Other than the above Equity Shares that are locked in for three years, the entire pre-Offer Equity Share capital of our Company held by the Promoter and members belonging to the Promoter Group shall be locked-in for a period of one year from the date of allotment in the Public Offer.

(iv) **Other requirements in respect of lock-in**

Pursuant to Regulation 39 of the SEBI (ICDR) Regulations, the locked-in Equity Shares held by the Promoter, as specified above, can be pledged only with scheduled commercial banks or public financial institutions as collateral security for loans granted by such scheduled commercial banks or public financial institution, provided that the pledge of the Equity Shares is one of the terms of the sanction of the loan.

Provided that securities locked in as Promoter's Contribution for 3 years under Regulation 36(a) of the SEBI (ICDR) Regulations may be pledged only if, in addition to fulfilling the above requirement, the loan has been granted by such scheduled commercial bank or public financial institution for the purpose of financing one or more of the objects of the offer.

Further, pursuant to Regulation 40 of the SEBI (ICDR) Regulations, the Equity Shares held by persons other than the Promoters prior to the Offer may be transferred to any other person holding the Equity Shares which are locked-in as per Regulation 37 of the SEBI (ICDR) Regulations, along with the Equity Shares proposed to be transferred, provided that lock-in on such Equity Shares will continue for the remaining period with the transferee and such transferee shall not be eligible to transfer such Equity Shares till the lock-in period stipulated under the SEBI (ICDR) Regulations has ended, subject to compliance with the Takeover Code, as applicable

We further confirm that our Promoter's Contribution of the post Offer Equity Share Capital does not include any contribution from Alternative Investment Fund (AIF).

Requirement of Funds

Our funding requirements depend on a number of factors which may not be in the control of our management, changes in our financial condition and current commercial condition. Such factors may entail rescheduling and / or revising the planned expenditure and funding requirement and increasing or decreasing the expenditure for a particular purpose from the planned expenditure.

The following table summarizes the requirement of funds to our Company:

		(in Rs. Lakhs)
Sr. No.	Particulars	Amount
1	To meet working capital requirement of our Company	900.00
2	Expansion of Manufacturing facilities at Unit III,	193.48
3	To acquire leased land and to set- up new manufacturing plant at SEZ Pithampur (i.e. Proposed Unit IV)	859.14
4	General Corporate Purposes	359.45
Total-Gross Offer Proceeds to our Company*		2312.07

*inclusive of GST/applicable taxes.

Utilisation of Net Offer Proceeds

The Net Offer proceeds will be utilised to finance Working Capital Requirement in tune of Rs. 900 Lakhs, Expansion of Manufacturing facilities at Unit III and to acquire land and to set- up new manufacturing facilities in SEZ Pithampur (i.e. Unit IV) and General Corporate Purpose to the tune of Rs. 1412.07 Lakhs and to meet issue related expenses.

Means of Finance

The above-mentioned fund requirement will be met from the proceeds of the Offer. We intend to fund the shortfall, if any, from internal accruals and/ or debt. Set forth below are the means of finance for the above-mentioned fund requirement:

		(in Rs. Lakhs)
Sr. No.	Particulars	Amount
1	Net Offer Proceeds	2312.07
Total		2312.07

Since the entire fund requirements are to be funded from the proceeds of the Fresh Issue, there is no requirement to make firm arrangements of finance under Regulation 4(2)(g) of the SEBI (ICDR) Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Offer.

The fund requirements are based on internal management estimates and have not been appraised by any bank or financial institution or any other independent agency. These are based on current conditions and are subject to change in the light of changes in external circumstances or costs or other financial conditions and other external factors.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of various means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required. In case of delays in raising funds from the Offer, our company may deploy certain amounts towards any of the above mentioned Objects through a combination of Internal Accruals or Unsecured Loans.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its

estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled "Risk Factors" beginning on page 17 of this Draft Red-Herring Prospectus.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND ITS SHAREHOLDERS

Outlined below are the special tax benefits available to the Company and its shareholders under the current direct tax laws in India.

A. SPECIAL TAX BENEFITS TO THE COMPANY UNDER THE INCOME TAX ACT, 1961 (THE“ACT”)

1. As per section 10AA of the Act, newly established units in a Special Economic Zone (SEZ) enjoy special tax benefits, which entitle such SEZ Units to deduction of 100% of the profits and gains derived from export of manufactured or produced articles or things or services for a period of 5 consecutive years beginning with the year in which such unit begins to manufacture or produce such articles or things or provide services, as the case may be, and 50% of such profits and gains for further 5 consecutive years.

Further, for the next 5 consecutive years, the Unit is entitled to deduction of such amount not exceeding 50% of the profit as is debited to Profit & Loss Account of the previous year in respect of which the deduction is to be allowed and credited to a special reserve viz. — Special Economic Zone Reinvestment Reserve Account and utilized for the purpose of business in the manner laid down in section 10AA (2) of the Act.

The Existing Unit III of the Company was set up in the year 2010 and therefore, for the Financial Year 2017-18 (Assessment Year 2018-19), the Company will be eligible to claim 50% deduction of its profits and gains for the year subject to fulfillment of prescribed conditions.

Further, we are informed that the Company proposes to set up a new Unit in a SEZ, which shall begin operations by September 2018. Provided the conditions prescribed under the Act are met by this new Unit, it would be eligible to tax benefits as listed above.

However, as per Section 115JB of the Act, the Company shall be required to pay Minimum Alternate Tax (“MAT”) at the rate of 18.5% (plus applicable surcharge, education cess and secondary & higher education cess) on book profits, irrespective of these tax benefits.

2. In accordance with section 32(1)(iia) of the Act, companies engaged in the business of manufacture or production of any article or thing are allowed additional depreciation at the rate of 20 percent on any new plant and machinery installed after 31st March 2006.

The Company claims additional depreciation on new plant and machinery acquired.

B. SPECIAL TAX BENEFITS TO THE COMPANY UNDER THE CUSTOMS ACT, 1962 OR THE CUSTOM TARIFF ACT, 1975 (THE“ACT”)

All the goods imported into, or services provided in, a Special Economic Zone to carry on the authorized operations by the Developer or entrepreneurs are exempt from any duty of customs. All the goods exported from, or services provided, from a Special Economic Zone or from a Unit, to any place outside India are exempt from any duty of customs.

The Existing Unit III of the Company, set up in the SEZ, and the proposed SEZ Unit of the Company would be eligible for these tax benefits.

C. SPECIAL TAX BENEFITS TO THE COMPANY UNDER THE GOODS AND SERVICE TAX, 2017

All the goods imported into, or services provided in, a Special Economic Zone to carry on the authorised operations by the Developer or entrepreneurs are not chargeable to GST if the exporter provides cover of bond/letter of undertaking. If the same is not provided, then IGST (Integrated Goods

and Service Tax) is chargeable but refund can be claimed against it by SEZ unit.

All the goods exported from, or services provided, from a Special Economic Zone unit, to any place outside India are exempt from any Goods and Service tax.

The Existing Unit III of the Company, set up in the SEZ, and the proposed SEZ Unit of the Company would be eligible for these tax benefits.

D. SPECIAL TAX BENEFITS TO THE SHAREHOLDERS UNDER THE INCOME TAX ACT, 1961 (THE “ACT”)

The Shareholders of the Company are not entitled to any special tax benefits under the Act.

Notes:

1. These special tax benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company or its shareholders may or may not choose to fulfil.
2. The special tax benefits discussed in the Statement are not exhaustive and is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
3. The Statement is prepared on the basis of information available with the Management of the Company and there is no assurance that:
 - i. the Company or its shareholders will continue to obtain these benefits in future;
 - ii. the conditions prescribed for availing the benefits have been/ would be met with; and
 - iii. the revenue authorities/courts will concur with the view expressed herein.

The above views are based on the existing provisions of law and its interpretation, which are subject to change from time to time.

SECTION IV

OUR INDUSTRY

The information in this section has been extracted from the VIP Report issued by Dun & Bradstreet (D&B) and various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with the issue has independently verified the information provided in this section. Industry sources and publications, referred to in this section, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

OVERVIEW OF INDIAN ECONOMY

India's diverse economy encompasses traditional village farming, modern agriculture, handicrafts, a wide range of modern industries, and a multitude of services. Slightly less than half of the work force is in agriculture, but services are the major source of economic growth, accounting for nearly two-thirds of India's output but employing less than one-third of its labour force. India has capitalized on its large educated English-speaking population to become a major exporter of information technology services, business outsourcing services, and software workers.

Thus, the country is attracting many global majors for strategic investments owing to the presence of vast range of industries, investment avenues and a supportive government. Huge population, mostly comprising the youth, is a strong driver for demand and an ample source of manpower.

With 1.34 billion people and the world's fourth-largest economy, India's recent growth and development has been one of the most significant achievements of our times. Over the six and half decades since independence, the country has brought about a landmark agricultural revolution that has transformed the nation from chronic dependence on grain imports into a global agricultural powerhouse that is now a net exporter of food. Life expectancy has more than doubled, literacy rates have quadrupled, health conditions have improved, and a sizeable middle class has emerged. India is now home to globally recognized companies in pharmaceuticals and steel and information and space technologies, and a growing voice on the international stage that is more in keeping with its enormous size and potential.

GDP AND OTHER INDICATORS

According to the Economic Survey 2016-17, India's economic growth has been pegged at 6.5% for the current fiscal, down from 7.6% recorded in the last financial year, but is expected to rebound in the range of 6.75-7.5% in 2017-18. As per the Second Advance Estimate of National Income, 2016-17 released by Ministry of Statistics & Programme Implementation on February 27th 2017, Annual GDP at constant (2011-12) prices is expected to grow at the rate of 7.1% for financial 2016-17. Annual growth of Gross Value Added (GVA) at constant (2011-12) prices is estimated to be 6.7% in FY2016-17 compared to 7.8% in FY15-16.

The steps taken by the government in recent times have shown positive results as India's gross domestic product (GDP) at factor cost at constant (2011-12) prices 2015-16 is Rs 113.5 trillion (US\$ 1.668 trillion), as against Rs.105.5 trillion (US\$ 1.55 trillion) in 2014-15, registering a growth rate of 7.6%. Better than expected post demonetisation Indian GDP (at 2011-12 prices) revived to 7.0% in Q3FY17 as compared to 7.3% in the previous quarter and 7.1% in Q3FY16. Gross Value Added GVA at basic prices at constant (2011-12) prices in Q3 FY17 has grown by 6.6% compared to 7.0% in Q3FY16 and by 6.7% compared to Q2FY17.

FOREIGN DIRECT INVESTMENTS

According to Department of Industrial Policy and Promotion (DIPP), the total FDI investments India received in FY 2015-16 (April 2015-March 2016) was US\$ 40 billion, indicating that government's effort to improve ease of doing business and relaxation in FDI norms is yielding results. Data for FY 2015-16 indicates computer hardware and software segment attracted the highest FDI equity inflow of US\$ 6.9 billion, followed by the computer hardware and software sector (US\$ 5.9 billion).

During FY2015-16, India received the maximum FDI equity inflows from Singapore at US\$ 13.69 billion, followed by Mauritius (US\$ 8.35 billion), USA (US\$ 4.19 billion), Netherlands (US\$ 2.64 billion) and Japan (US\$ 2.61 billion). Healthy inflow of foreign investments into the country helped India's balance of payments (BoP) situation and stabilized the value of rupee.

According to Department of Industrial Policy and Promotion (DIPP), Foreign direct investment (FDI) into the country for the period of 2016-17, stood at US\$ 60.1 billion compared to the period of 2015-16, stood at US\$ 52.01 billion, registering a growth of 15.3%.

OVERVIEW OF INDIAN WATER AND WASTEWATER ENGINEERING INDUSTRY

Rapid urbanization and industrialization along with erratic monsoons have created water shortage in many parts of India. Efficient management of water resources, reduction in wastage as well as treatment of waste water for reuse have emerged as key factors to counter this water shortage scenario.

Approximately 60% of industrial effluents and 75% of municipal sewage generated in India is untreated causing serious pollution to external environment. Having only 4% of World's fresh water resources, there is an urgent need to improve the waste water treatment infrastructure in the country.

Municipal waste treatment is the largest segment in the sector followed by industrial effluent treatment and household water treatment. Municipal water treatment forms ~60% of total waste water treatment sector. Commonly used waste water treatment techniques include chemical dosing, sand filters, carbon filters, usage of softeners, micron filters, reverse osmosis, ultraviolet sterilizers, and ozonator.

Waste Water Treatment Sector	Filteration Membranes
	UV Sterlizers
	FRP Vessels
	Ozone Generators
	Electro De lionization Units
	Chemical Consumables
	Disinfection Equipments

GOVERNMENT INITIATIVES

Urban Infrastructure and Governance (UIG) and Urban Infrastructure Scheme for Small and Medium Towns (UIDSSMT) are two of the major waste water treatment programs initiated by the government. Both programs are designed as sub programs under the larger Jawaharlal Nehru National Urban Renewal Mission (JNNURM) mission. Under JNNURM 122 sewerage projects costing nearly 15800 crores have been approved, of which 35 have been completed.

UID deals with sewage & sanitation, water supply and solid waste management projects as well as conservation of water bodies. UIDSSMT on the other hand is the largest government initiatives for the planned development of cities and towns.

Common Effluent Treatment Plant (CETP) scheme is a technical and financial support scheme initiated by the Ministry of Environment and Forest (MoEF) to address the industrial effluent program in the SME sector. Under

this program assistance is provided to set up effluent treatment plants in SSI clusters.

Under the Water (Prevention and Control of Pollution) Act, 1974, every industry has to provide adequate treatment of its effluents before disposal, irrespective of whether it is in stream, land, sewerage system or sea. The small scale industrial units (SSI), which are presently defined as units whose plant and machinery are valued at less than Rs. 5 crore occupy an important place in the Indian economy. The SSIs are a major contributor to the total industrial pollution load of the country. However, only a small fraction of the effluent discharge from these units is estimated to be treated as on date.

India signed the Paris Agreement in April 2016. The government has signaled its focus on sustainable reuse of natural resources. Promoting water reuse is an important step in order to achieve broader environmental goals.

DEMAND SUPPLY

Historical Growth

During 2015 (as per latest data release), the estimated sewage generation in the country was 61754 MLD as against the developed sewage treatment capacity of 22963 MLD. Because of the hiatus in sewage treatment capacity, about 38791 MLD of untreated sewage (62% of the total sewage) is discharged directly into nearby water bodies. Waste water treatment sector in the country is estimated to have grown by a CAGR of ~12% during the period FY 2012-16 to reach ~INR 450 Bn. Revenue growth in sector has slowed down considerably over the past few years due to uncertain economic scenario (leading to lower corporate spending) as well as lower spending by municipal and other government bodies (due to government effort in cutting expenditure to rein in fiscal deficit).

DEMAND DRIVERS

Rapid Urbanization and Industrialization

Rise in the population will increase the demand for infrastructure which further will result in increase in need for a sewage facility. India's development is driving strong industrial growth creating an increased demand for water. With rapid industrialization, there has been increasing use of water in the industries and the need for effluent treatment plant.

Urbanization: Increasing population and growth in industrial / service activities have fastened the pace of urbanization. As a result, the number of cities with population of 1 million or more is expected to reach ~90 by 2030, up from the current number of 53. Consequently, the amount of municipal waste generated is expected to go up leading to a higher demand for waste water treatment services.

Industrialization: Private and public sector investments in the manufacturing sector are expected to go up in response to the National Manufacturing Policy launched by the government. Further the increasing domestic consumption too would help in the growth. Growth in industrial sector would automatically lead to increase in industrial effluent discharge, leading to higher demand for industrial waste water treatment services.

Urgent need for sewage treatment: In India, the estimated sewage generation from Class I cities and Class II towns (representing 72% of urban population) is 38,524 million litres/day (MLD), of which there exists treatment capacity of only 11,787 MLD (about 30%). The major metropolitan areas (with population over 1 million) have a collective sewage treatment capacity of just over 50%, but high variability exists among them. Only five metro cities have treatment capacity close to 100% of their sewage generation, these are Hyderabad, Vadodara, Chennai, Ludhiana and Ahmedabad. Delhi has the largest sewage treatment capacity in absolute terms, but it is only about 60% its needs, while Mumbai has the second largest treatment capacity in absolute terms but meets only 80% of its needs. Almost all other major metropolitan cities have treatment capacities below 50% of their sewage generation. The Class I cities and metros (with population over 100,000) which account for 93% of the urban sewage generated in the country, have a combined treatment capacity of about 32% of generation, while the Class II towns (population between 50,000 and 100,000) have a combined treatment capacity of only 8% of their generation.

Government initiatives on water treatment

With growing pollution concerns, Government is setting up campaigns such as Swachh Bharat Abhiyan. It has also come up with initiatives for cleaning the environment like Namami Gange Programme-National Mission for Clean Ganga. The government is promoting the sector by providing a number of economic incentives to the industry players to promote more and more investment. It is also providing other benefits like 10 years 100% tax holiday scheme of profits and gains for the companies which are into water treatment systems, and sanitation and sewage projects and 25% State Subsidy for disposing directly into deep sea.

Reducing availability of water, forcing users to go for reuse & recycling of water

Water is now a strategic resource. With the world's population expected to rise from 3 billion to 9 billion by 2050 and continuous industrial growth across the globe, water has become a critical global resource. Demand for water for domestic and industrial use is continuously rising. Wastewater management in India has become an extremely important area of focus. Despite the wastewater sector witnessing major growth in the last decade due to increasing government support and private participation, the scale of the problem remains enormous.

Use recycled water in Industry

Due to rising scarcity of water across the country, the industries are required to opt for the recycled water from various water sewage treatments. This would increase the demand for infrastructure development for water treatment plants, eventually increasing demand for valves manufacturing.

Growth in end user industries and Government spending on infrastructural development

The overall growth and development in the infrastructure sector such as ports, airports, construction and investment in power and oil & gas (exploration/ refinery) will increase the demand for capital goods. These industries are called the core industries because their growth is critical for a country to achieve a higher economic growth rate. The Government has christened its agenda for FY 2018 through Union Budget 2017-18 as 'Transform, Energise and Clean India' (TEC India), of which Infrastructure is one of the major themes. Infrastructure – a key pillar under the Make in India programme has been strengthened with a large budgetary allocation. By providing a record allocation of around INR 4 trillion to the infrastructure sector, the Government seeks to provide additional thrust to economic development. Further, India is witnessing significant interest from international investors in the infrastructure space. Many Spanish, Korean, German, Japanese companies are keen on collaborating with India on infrastructure, high speed trains, renewable energy and developing smart cities. These initiatives would further boost sale of capital goods. High demand for potable water, Governments initiatives for water reuse and the increasing foreign investments by global players like Va Tech Wabag Ltd., Ecolab Inc., and Suez Environment S.A. are the major growth supporting factors for the industry in India.

Moreover, the government has taken several initiatives to boost power sector. In July 2013, The Ministry of Heavy Industries & Public Enterprises, in consultation with the industry, power utilities, planners, regulatory authorities and concerned Central and State Authorities, has framed the Indian Electrical Equipment Industry Mission Plan 2012 - 2022, in order to support and enhance the domestic electrical equipment manufacturing industry and in turn boost the power sector. Further, the Government allocated INR 138.81 billion to the Ministry of Power, INR 48.14 billion for Deen Dayal Upadhyaya Gram Jyoti Yojana and INR 58.21 billion for Integrated Power Development Scheme through Union Budget 2017 -18. Overall, the Budget proposals appear to be positive for renewable energy and distribution and transmission equipment manufacturers.

Growth in these end user industries supported by government's increased spending would provide opportunities to the Company to increase its revenues.

Favorable government initiatives and regulatory changes to promote wastewater management industry

India is the biggest consumer of groundwater and the level of groundwater is going down faster than anywhere else in the world. With increasing water scarcity, it is essential for the country to reuse water. Improvements in economic conditions, especially in emerging economies like India, and increasing environmental concerns due to water pollution from the industrial and agricultural sectors are expected to drive growth in wastewater and sewage treatment markets.

The waste water management sector, estimated to grow at a CAGR of 8-10% during 2015-2020, is seeing a rise in demand for innovative technologies. India's water & waste water industry will see enormous growth prospects in the coming years. The National Water Mission of India targets to reduce water consumption by 20% in all sectors by 2030. To meet this, it is critical to conserve, recycle and reuse water. The Union Budget 2017-2018 released on 1st February, 2017 has increased allocation for the Union Water Resources Ministry by 11% to about \$1.05 billion from \$0.95 billion in the previous year. Further, the government is also steadily making the regulatory norms in India stringent for promoting reuse of wastewater and even mandating industries with water reuse targets.

Considering that currently less than 30% of industrial waste water is treated before release into the environment, the Supreme Court in India came out with a green order in February 2017. Under this order, all industrial units across the country have to set up effluent treatment plants in working condition within three months. If the polluting industrial units do not fulfil the conditions, they will face immediate closure. Companies with innovative technologies for water management will benefit as it is expected to boost their earnings. Growing industrial sectors together with favorable Government policies like Zero Liquid Discharge (ZLD) are making an increasing number of industries to treat waste water for reuse. India has mandated ZLD systems across industries like thermal power plants, iron & steel, textilesdistilleries and pulp & paper. The Indian ZLD market is expected to reach \$4 billion by 2020.

The present government is promoting the sector by providing a number of economic incentives to the industry players to promote more and more investment. It is providing benefits like 10 years 100% tax holiday scheme of profits and gains for the companies which are into water treatment systems, and sanitation and sewage projects and 25% State Subsidy for disposing directly into deep sea. These incentives provided by the government help the industry to grow at a faster pace and also allow the new entrants to enter the capital goods industry easily, which further helps the waste water treatment Company to grow its revenue with more Companies requiring the water treatment system thereby increasing revenue. Even further to promote the sector government is providing easy loans through: IREDA, a public sector company of the Ministry Nationalized banks and other financial institutions for identified technologies / systems.

Increase in demand across various foreign markets

In the recent years a considerable hike in demand has been observed in terms of wastewater market across various regions like Asia pacific, North America, and Latin America and many more. The Asia-Pacific region which constitutes about 60% of the world's population discharge about 80% of its wastewater in water bodies leading to increase in the pollution levels. Countries like Indonesia, Philippines, India and Vietnam have a large untapped market for wastewater management. In this region even the ground water usage is very high thus putting stress on the ground water so reusing water remains crucial.

In Latin America, the water is not evenly distributed and thus has water shortage; even the water used for the industry operations constitutes only 10% of region's water thus waste water management could help to fulfill the water requirement. There has been increased awareness for wastewater management and an investment of US\$ 33 bn is expected by 2030.

In Saudi Arabia one of the largest privately financed water spending programme with nearly US\$ 53 bn of spending is on the agenda over the next five years. The programme would include desalination plants, sewage treatment plants, sewage network, meter installation and leakage reduction, strategic storage, water distribution, water transmission and groundwater sources, thus increasing the scope for the industry to increase its revenue potential. Thus, there is wide scope of waste water management industry across various regions which could be tapped by the Company thereby contributing to its growth.

Import Export

Availability of low cost but qualified labor and presence of a thriving SME sector in manufacturing segment has played a significant role in developing the engineering product market in the country. Lower cost of production has helped the country emerge as a competitive manufacturing hub for a host of products, one of which was equipment used in waste water treatment plants. Value of import of centrifuges used in water treatment plants increased by a CAGR of 10.92% during FY 2013-17 while export of centrifuges increased by a higher CAGR of 10.60%. By FY 2017, value of centrifuges used in water treatment plants exported reached INR 6.72 Bn as against INR 4.49 Bn in FY 2013.

However, the country became a net importer of chemical consumables used in water treatment plants, from a net exporter position as late as FY 2013. In FY 2017, approximately INR 1009 Mn worth of water treatment chemicals was imported to India, which was 13.62% higher than previous year. In the same period (FY 2016-17) value of export of water treatment chemicals exported from India declined by 17.09% to reach INR 194 Mn.

COMPETITIVE ANALYSIS

Full service waste water treatment segment in the country is consolidated due to the high upfront capital investment as well as complex technology required to enter the segment. This high entry barrier has prevented the entry of smaller players to the sector which is dominated by a select few domestic companies as well as international companies. However, the treatment chemical manufacturing sector is fragmented due to the lower level of capital investment as well as basic level of manufacturing technology involved.

Based on the nature of operations companies in the sector is broadly divided into: Service providers and technology providers. Service providers comprise of companies providing end-to-end services including design, construction, operation, and maintenance of water treatment plants. Technology providers comprise of companies involved in designing and manufacturing of components / equipments / machineries used in waste water treatment plants.

Some of the leading industrial equipment manufacturers in India are:

Waste Water Treatment Sector: Technologies Providers

Siemens Water (Water Technology Division of Siemens India)	Indian subsidiary of Germany based Siemens A G. Siemens providing solutions to automotive, cement, marine, and mining, paper, and water treatment sector. They provide electrical equipment solutions for drinking water, wastewater and process water for

ChembondSolenis Water Technologies Limited	Provides specialty chemicals for treating industrial effluents. Product portfolio: Chlorine Dioxide, Defoamers, Reverse Osmosis chemicals.
Water Treatment Equipments Pvt. Ltd.	Water Treatment Equipments is a prominent company involved in manufacturing and supplying a wide range of precisely engineered water and waste water treatment equipments& systems. Product portfolio: pressure filters, clarifiers, water treatment components, effluent treatment plant, sewage treatment plant, Water Softeners, chemical dosing system, demineralization plant and reverse osmosis plant.
Aqua Filsep Inc.	Aqua Filsep Inc. is active in the business of water treatment for more than 20 years. Their products range from reverse osmosis system, water filtration systems, water treatment chemicals (including biocide, boiler water treatment and cooling water treat), Ion exchange resin, ultraviolet water purification systems and fuel additives.
Jash Engineering Limited	It is a member of the Jash group. They are amongst the leading players in the manufacturing of Water Control Gates, Screening Equipment, Water Hammer Control Solutions and Bulk Solid Handling Valves.
Hindustan water engineering company	HWE is a well-known company in Design, Manufacture, Supply, Installation & Commissioning of all type of Water Treatment and Waste Treatment Equipment. We manufacture air blowers, water meters, chlorinators, water treatment plant equipment, clariflocculator, sewage treatment plant equipment,pressure filters, sluice gates, swimming pool filtration plants and equipment.
Flowtek Valves and Controls	They manufacture Knife Edge Gate Valves for water as well amongst other industries.

The ambitious **Swachh Bharat Abhiyan (Clean Indian Initiative)** announced in October 2014 would play a major role in shaping regulatory climate in waste water management sector. Increasing awareness as well as government investment in the area of municipal solid as well as waste water management has gone up as a result of this initiative. In addition, government plans to develop 100 smart cities by 2022 which would include developing the waste water management sector.

Demand Position

The usage of the products covered under Liquid product group and solid product group can be divided into various business sectors as under:

1. Drinking water business.
2. Waste water / Sewage water business.
3. Thermal Power plant business.
4. Steel plants business.
5. Paper and pulp plant business.
6. Cement plant business.
7. Petrochemical plant business.
8. Miscellaneous process industry business (Chemical, Food, Fertilizers, Graphite, Carbon black, Detergents, etc.)

The expected annual demand for various products manufactured by the company for the coming five years in the above mentioned business sectors can be projected as follows:

SECTOR WISE DEMAND ESTIMATION

1. Drinking Water Business

Water is required by humans for the purpose of drinking, personal hygiene, cleaning and other miscellaneous purpose. The consumption of water varies in Urban and rural sectors due to various factors. As per guidelines in water supply systems planning is done considering 135 liters of water requirement per person per day in urban areas and 80 liters per person per day in rural areas. Both these sectors need water to meet year on year growth as well as existing deficit.

2. Waste water / Sewage water business

Waste water generation is considered to be 80% of the water supply made to the population. The balance 20% of water supply is consumed towards drinking, wastage in various cleaning activity and for other miscellaneous purpose. The 80% water which is generated as waste water is to be collected and cleaned either for re-use or treated before adding into the downstream water source. To maintain sanitation, it is critical that urban waste water generated due to growth in urban population is collected and treated.

3. Thermal Power plant business

Thermal power plants need water for various purposes in the plant. For this a power plant has to create water intake facility, DM water system and cooling water system.

Sluice gates are required in power plant for isolation of flow in all of these three facility / systems. The tentative requirement of sluice gates for a thermal power plant of 500 MW size amounts to Rs.10 million or say Rs. 0.02 million per MW of power generating capacity. India has plans to invest in new generation capacity of up to 75,000MW in coming 5 years.

4. Steel plants business

Steel plants need water for various cooling purpose in the plant. Most of steel plant also invests in their own captive power plant for ensuring smooth production. For this a steel plant has to create water intake facility, DM water system and cooling water system and treatment system for used water. Sluice gates are required in power plant for isolation of flow in all of these facility / systems.

5. Paper and pulp plant business

Paper and pulp plants need water for various purposes in the plant. For this a paper plant has to create

water intake facility and also waste water treatment system for effluent water treatment. Sluice gates and Fine screens are required in paper plants for isolation of flow and screening of pulp and waste at facility.

The tentative requirement of sluice gates and screens for a paper plant varies between Rs 3 to 4 million per plant depending upon plant capacity.

6. Cement plant business

Cement plants use ash, limestone, clinker and coal in the process of producing cement. These plants also invest in their captive power plants which too use coke and generate ash. Bulk solids valves are hence required to handle coke, ash as well as raw materials at various stages and in various processes in a cement plant.

7. Petrochemical plant / Refinery business

Large petrochemical plants and refineries need water for various cooling and system washing purpose in the plant. Most of these plants also invest in their own captive power plant for ensuring smooth production. For this a petrochemical plant has to create water intake facility, DM water system and cooling water system and effluent treatment system for used water. Sluice gates are required in power plant for isolation of flow in all of these facility / systems. The total requirement of sluice gates for a petrochemical plant of 1 million tons capacity amounts to Rs.10 million.

Inflow of foreign investments

- Cumulative FDI inflows increased to US\$ 28.22 billion in FY16 from US\$ 8.9 billion in FY10.
- The government's increasing focus on attracting foreign investors in manufacturing and infrastructure is likely to boost FDI in the sector.

Key categories of engineering exports

- In FY16, Transport equipment (which includes Auto & auto component including Aircraft and ship boats) is the leading contributor to engineering exports.
- Exports of iron & steel products accounted for a market share of around 19.8 per cent, while industrial machinery including electrical machinery accounted for 24.8 per cent of the total engineering exports.

Executive Summary of Industry:

- Increasing industrialization and economic development to drive capital goods & engineering market
- Expansion in the electrical equipment industry, with the growth seen in power industries
- Engineering research & design segment revenues to increase fourfold by 2020
- Capital goods & engineering turnover expected to reach USD125.4 billion by FY17 from USD46.18 billion in FY15

ADVANTAGES TO INDIAN ECONOMY

Growing demand

- Capacity creation in sectors such as infrastructure, power, mining, oil & gas, refinery, steel, automotive & consumer durables driving demand in the engineering sector
- Rising demand for electrical & construction equipment

Attractive Opportunity

- Nuclear capacity expansion to provide significant business opportunities to the electrical machinery industry
- Rapid increase in infrastructure investment & industrial production to fuel further growth
- Entry of international players

ROBUST GROWTH IN INDIA'S ENGINEERING EXPORTS OVER THE YEARS

Engineering exports from India stood at USD 65.23 billion in FY17. During FY08–FY17, engineering exports from India registered growth at a CAGR of 7.61 per cent. Engineering exports include transport equipment, capital goods, other machinery/equipment & light engineering products such as castings, forgings & fasteners. In August 2016, engineering exports by India, to its top 25 destinations, registered a growth of 5.8 per cent over August 2015.

KEY CATEGORIES OF ENGINEERING EXPORTS

Transport equipment (which includes Auto & auto component including Aircraft & ship boats) is the leading contributor to engineering exports. The segment accounted for 32.46 per cent of the total engineering exports from India in FY17.

Exports of iron & steel products accounted for a market share of around 22.4 per cent, in the overall exports, while industrial machinery including electrical machinery accounted for 23.8 per cent of the total engineering exports in FY17.

Other commodities include medical & scientific instruments, hand tools & cutting tools, bicycle parts, office equipment, prime mica & mica products, etc. & accounted for a share of 10.04 per cent of the total engineering exports from India in FY17.

Around 74 per cent of India's engineering exports were accounted for by top 25 export destinations in 2016.

Attractive markets for Indian engineering products are USA, China, Germany, U.K., Canada, France, Russia, Japan, Australia, South Korea, Saudi Arabia & Southern Africa.

NATIONAL MISSION FOR CLEAN GANGA

The need for revamping the river conservation programme was widely recognised in view of the shortcomings in the approach followed in GAP. It was felt necessary that a new holistic approach based on river basin as the unit of planning and institutional redesign may be adopted.

Accordingly, the Government of India has given Ganga the status of a National River and has constituted the National Ganga River Basin Authority (NGRBA) on 20th February 2009 under Section 3(3) of the Environment (Protection) Act, 1986. The NGRBA is a planning, financing, monitoring and coordinating body of the centre and the states. The objective of the NGRBA is to ensure effective abatement of pollution and conservation of the river Ganga by adopting a river basin approach for comprehensive planning and management. The Authority has both regulatory and developmental functions. The Authority will take measures for effective abatement of pollution and conservation of the river Ganga in keeping with sustainable development needs.

- Namami Gange programme is an integrated conservation mission approved by the Union Cabinet in May 2015 with a budget outlay of Rs. 20000 Crores for five years. Namami Gange programme made 100 percent centrally funded programme with provision for 15 years operation and maintenance.
- Union Cabinet in January 2016 approved Hybrid Annuity based Public Private partnership (PPP) model for construction of sewage infrastructure with an aim to ensure long term satisfactory performance of sewage infrastructure.
- Union Cabinet in January 2016 approved "The River Ganga (Rejuvenation, Protection and Management) Authorities Order, 2016" which empowers NMCG to discharge its functions in an independent and accountable manner and also empowers NMCG with certain regulatory powers as an authority under EP Act.
- Authority Order also provides for constitution of State Ganga Committees and District Ganga Committees as authorities under EP Act.
- Details/status of Municipal Sewage Management in Towns along Ganga Main Stream are as appended below:

h) In addition, 11.04 lac Individual Household Latrines (IHHLs) have been constructed in villages located on Ganga and 4076 villages have been declared open defecation free.

i) There has been a continuous improvement in the quality of water in the tributaries of river Ganga before confluence. It has been observed that Dissolved Oxygen level and BoD level of water has increased and decreased respectively in rivers Dahela, Bahela, Kosi and Ramganga.

j) A new initiative has been taken by the present government for rural sanitation in Ganga Gram villages and a total of Rs 578 Cr has been released to Ministry of Drinking Water and Sanitation towards Swachh Bharat (Rural).

k) River Surface cleaning work starting at 11 important locations by use of trash skimmers.

l) Real time effluent monitoring Station of Gross Polluting has started.

m) In addition to Manual Water Quality Monitoring at 110 locations, Real Time Water Quality Monitoring of Ganga started at 44 locations.

n) Under biodiversity programme, two rescue and rehabilitation centers for turtles have been set up at Narora and Sarnath and for the first time comprehensive baseline survey of aquatic animals including Gangatic dolphins in the entire stretch of River Ganga is in progress.

o) MoUs have been signed with 10 Central Ministries with a view to ensure adequate flow in the River. Steps have been taken to fix e-flow and improve water use efficiency in various consuming sectors.

- p) Afforestation planned along Ganga: This includes plantation in Natural, Agricultural & Urban landscape, Conservation interventions i.e. wetlands, Soil & water management and Research, Awareness & Capacity building etc. The status of the work is as under:
- FY 2016-17** : Advance soil work - 3,486 ha; plantation -1,36,759 no.
FY 2017-18 : 8,046 ha. Planned; Medicinal plants - in 7 districts of Uttarakhand.
- q) Information, Education and Communication Activities for Public Awareness, Communication and Public Outreach towards Ganga Mission:
- Ganga Swachta Pakhwada-16-31st March 2017 observed at 17 major locations.
 - Activities: Pad Yatras, ShramDaan, Cultural Programmes, Painting Competitions for children, Talk Shows/Dialogues, Photo Exhibitions etc.
 - Ganga SwachtaSankalp Divas: Observed on 2nd May 2017
 - Ganga VicharManch- A Volunteer group created by NMCG is actively involved in awareness activities.
 - MoU with Rotary for awareness in Schools along Ganga.
 - Newspaper, TV/Radio advertisements, publication of special featured articles and advertorials on Namami Gange Programme.

GROUND WATER

- a) Indiscriminate GW development in some parts has led to decline of in GW levels, drying up of Shallow Wells, reduction in sustainability of wells, increased energy consumption, deterioration in GW quality, sea water ingress in coastal areas, decrease in base flow in many small river, increase of CO₂ emission footprints due to electric & diesel pump sets etc.
- b) CGWB has embarked in to an innovative programme of Aquifer mapping in 8.89 lakh sq. km during 2012-2017, out of total mappable area of ~ 23 lakh sq.km of the country. The broad objectives include establishing the lateral and vertical extent of aquifer, assessment of development potential in terms of quantification of aquifer wise resources and their quality, preparation of Aquifer maps and management plans for implementation under IWRM framework. Focus is towards priority water stressed areas in eight states viz. Haryana, Punjab, Rajasthan, Gujarat, Andhra Pradesh, Telangana, Karnataka, Tamil Nadu and Bundelkhand. The aquifer maps and management plans for an area of about 5.90 lakh sqkm has already been completed. The maps and management plans are reviewed in three tier arrangement before finally accepted. It is envisaged to cover 4.60 lakh sq km during 2017-18 (out of 13.74 lakh sq km area targeted for 2017-20). The aquifer maps & Management plans are shared with the state government.
- c) Regulation, Development and Management of Ground Water Resources: Model Bill -2005 circulated to states for regulation of Ground water, so far 15 States/UTs enacted legislation based on Model Bill. Roof top rain water harvesting made mandatory by 30 States/UTs through inclusion in Building bye laws /Rules/Regulations for urban areas. Revised Model Bill- 2017, state level workshop held for wider consultation and a presentation was made by Dr Mihir Shah to NITI Aayog in May, 2017. The Model bill 2017 is under consideration of NITI Aayog.

OUR BUSINESS

Our Company was originally set up as a proprietary concern to enable focus on products related to water control gates. The proprietary concern was converted into 'Private Limited Company' on September 29, 1973 under the name of "Jash Engineering Industries Private Limited" and fresh Certificate of Incorporation dated January 29, 1976 was issued by the Registrar of Companies, Gwalior, Madhya Pradesh. Later, the name of our Company was changed to "Jash Engineering Private Limited" and fresh Certificate of Incorporation dated January 29, 1976 was issued by the Registrar of Companies, Gwalior, Madhya Pradesh. The Company was later converted into "Public Limited Company" pursuant to shareholder's approval on July 15, 1994 and fresh Certificate of Incorporation dated September 21, 1994 issued by Registrar of Companies, Gwalior, Madhya Pradesh.

The registered office of our company is situated at Plot No. 31, Sector-C, Industrial Area, Sanwer Road, Indore 452015, Madhya Pradesh, India.

OUR BUSINESS

Our Company is engaged in manufacturing of water control gates, flap valves, knife gates valves, energy dissipating valves, water hammer control valves, fine and coarse screens, screening conveying equipment, screening washing and compaction equipment, industrial valves for bulk solids handling, hydro power screw generator, screw pump and process equipment like detritors, clarifiers, clariflocculators, thickeners, decanters aerators, trickling filters, dissolved air flotation (DAF) units, rotary drum slackers, rake classifiers, pressure sand filters, etc. for water, water waste and effluent treatment plants.

Our Company offers a single stop solution under one roof including Design, Casting, Fabrication, Assembly & Testing and provides the most varied range of these products in largest possible sizes. To ensure this, our company is continuously investing in its manufacturing capability as well as in development of new products & technologies either on its own or through collaboration with suitable technology partners and leaders in the trade.

The products of our Company find application in water intake systems, water and waste water pumping stations and treatment plants, storm water pumping stations, water transmission lines, power, steel, cement, paper & pulp, petrochemicals, chemical, fertilizers and other process plants. Our manufacturing facilities are equipped with pattern making, foundry, machining, fabrication, inspection and in-house testing. Our Company caters to the domestic as well as international markets. Presently, it primarily derives its revenue from the domestic market which contributed more than 70% of the total revenue in FY 2017.

Our Company's aims to be within the best companies in the world in its line of business and is accordingly continuously investing in state of art facility conducive to realize this aim. Our Company with its team of over 500 employees is committed to offer the most varied range and latest technology in each of its products. To achieve the above stated aim, our Company is continuously investing in development of new products & technologies, either on its own or through collaboration with suitable technology partner. This has enabled our Company to become an industry leader within India in most of the products manufactured by us and also ensured acceptance of our products worldwide.

From engineers to skilled and unskilled labourers, everyone is motivated to manufacture the highest quality products in our Company. Our Company has put a lot of systems in place for quality check and control. We have been accredited with “ISO-9001:2008” certification for quality management since over last 10 years.

Our Company largely caters to the environment related businesses and in view of this our Company has made conscious efforts to design our plants and facilities in a way that they are environmentally safe and proper. We have designed our plants to be suitable for “Zero Water Discharge” and also to be water sustainable by having 100% rain water harvesting by re-charging more water than our annual requirement.

Product demands of our subsidiaries are fulfilled solely by our Company. Our subsidiaries do not have any manufacturing facilities. Our Company is planning to set up a new manufacturing facility to cater demand of Jash USA Inc. and Rodney Hunt from proceeds of the Offer. This facility is planned to set-up close to our existing facility UNIT III in SEZ, Pithampur. Booking of land placement orders for machineries shall be done after completion of the Offer.

STRENGTHS

Experienced and qualified management

The business was established in 1948 by Mr. Jashbhai Patel and later was run by second generation Mr. Navinchandra Patel. After having formed a private limited Company in the year 1973, it is currently being managed by Mr. Pratik Patel, Managing Director of the Company who is a Bachelor of Engineering (Production) and has also done Masters in Business Administration (Finance). Further, he has an experience of more than two decades in the field of manufacturing water control gates, screening and process equipments for waste and wastewater industry. Laxminandan Amin, Chairman and Managing Director of the Company is a Bachelor of Engineering (Mechanical) and has an experience of more than 4 decades in the industry. This relevant experience has helped the Company to diversify the product portfolio along with technical collaboration with different partners for expanding the product base.

Comprehensive product portfolio

Our Company is engaged in the manufacturing of equipment for waste/ wastewater management. Ever since its inception, it has diversified its product base having entered into various technical collaboration which are as follow:

- 1996 - Collaboration with Schuette Group, Germany.
- 2000 and 2002 - Collaboration with Hollung AS, Norway for manufacture of Fine Step Screens and Coarse bar screens.
- 2008 - Collaboration with Weco Armaturen, Germany
- 2011 - Collaboration with Rehart, Germany for manufacture Archimedes screw pumps and Hydro-power generators
- 2012 - Collaboration with Mahr Maschinenbau GmbH, Austria for manufacturing of “MM2MM” Multi Raking Bar Screens and in the year 2014 it acquired 100% stake in Mahr Maschinenbau.
- 2013 - Collaboration with Stealth International Inc., Canada for manufacturing Energy Dissipating Valves
- 2016 -The Company (through subsidiary Jash USA Inc.) acquired the assets and facilities including the brand "Rodney Hunt" from VAG USA, LLC allowing our Company to engage in the business of water control gates under the Rodney Hunt brand and accessing the markets worldwide.

With these collaborations and acquisitions the current product portfolio is diversified which presently consist of water control gates, flap valves, knife gate valves, energy dissipating valves, water hammer control valves, fine and coarse screens, screening conveying equipment, screening washing and compaction equipment, industrial valves for bulk solids handling, hydro power screw generator, screw pump and process equipment for water and waste water treatment like detritors, clarifiers, clariflocculators, thickeners, decanters, aerators, trickling filters, DAF units, rotary drum slakers, rake classifiers, pressure sand filters etc. The products of the Company find application in water intake systems, water and waste water pumping stations and treatment plants, storm water pumping stations, water transmission lines and across industries including power, steel, cement, paper & pulp, petrochemicals, chemical, fertilizers and other process plants. A broad product base coupled with multiple end user industries provides the Company a stable revenue stream and also mitigates the risk of the top-line and bottom-line of the Company being impacted on account of a slowdown in a particular industry.

Diversified customer base

Our Company has a diversified customer base catering to customers spread over 45 countries. No customer contributes more than 10% to the total revenue of the Company thereby reducing customer concentration. A diversified customer base protects topline and bottom line against decline in demand from a particular customer.

Healthy Margins leading to healthy cash accruals

Our Company is engaged in manufacturing various engineering products for water and wastewater treatment industry and bulks solids handling equipment (cement, fertilizers, etc). Our Company's margins remain healthy despite a decline in FY 2017. The decline in margins was mainly due to fluctuation in raw material cost and fluctuation in margins is due to change in product mix.

COMPETITION

Even though we are one of the leading players within the country we still face competition for our products from other manufacturers in domestic market. Our competitors vary for our products in different regions. We face competition from Indian Valve Company, Oriental Casting Private Limited and Aqseptance Group (erstwhile Bilfinger Water Technologies) in India. Further, we face competition from Vass and Orbinox in India for Industrial Valves, and we face competition from Bilfinger in India and Huber and Head works in the Indian as well as in the global market for screens.

International players like Fontaine, Waterman, Whipps and Hydrogate in the United States of America, Simon Hartley in the United Kingdom and CMO, Orbinox and Buesch in Europe for Sluice Gates. Sismat, Turkey, Waterman, Egypt and USA, Ham Baker, United Kingdom and Trisuria Engineering SdnBhd, Malaysia in valves.

OUR STRATEGIES

The primary elements of our growth strategies are set forth below.

- ***Continue to develop and broaden all Brands of our Company***

Our business is dependent upon pre-approval of brands in projects before projects are put out to tender. Our Company is a known brand in India in water control and waste management industry. "Jash" alongwith "Sureseal" and "Shivpad" are pre-qualified and approved brands in most of the projects in India. These brands are now getting recognized in South East and Middle East markets due to its presence in these markets for over 17 years.

However, brand approval in USA and Europe markets are not easy and for any new entrant and it take atleast 15-20 years to get his brand recognised widely in these big markets. In such a scenario, our management realized that the best way is to acquire an already established existing brand which is having leadership position in these markets. Acquisition of "Rodney Hunt", USA – a 176 years old company in USA and approved in smallest of town and county of North America as well as in many other countries in the world.

Acquisition of “Mahr Maschinenbau”, Vienna - a 90 year old company in Austria and the first company in world to introduce mechanized screening technology and having approval and brand awareness worldwide, our Company has ensured that we can now move into these markets on the strength of these two brands.

- ***Expand our product portfolio to cater to consumer preferences***

We aim to expand our existing suite of products, knowhow and manufacturing capabilities to produce niche and higher-margin custom built as well as low volume / batch produced standard products. In particular, we intend to commence manufacturing of technically advanced products that do not have a significant presence in India and are currently imported by Indian manufacturers from overseas suppliers. We believe that, given our manufacturing capacity and expertise, we would be able to manufacture, produce and sell such products at a competitive prices compared to the international suppliers and over a period of time after getting requisite experience and exposure take these products to the export markets.

Starting with a single product range of water control gates, we have introduced new product lines over the years (screens, knife gate valves, water hammer control valves, pumps and hydro power generation and process equipment) and have targeted new consumer segments (bulk solids handling , renewable energy etc). Once a consolidation is achieved in the recently developed or acquired product lines, we will continue with the policy of entering into new product lines and target new consumer segments.

We also intend to commence marketing our products through third party online commerce marketplaces in India and abroad. We believe that such initiatives will help our business and products portfolio and will enable us to access new markets.

- ***Expand our distribution network and exports***

Our existing pan-India marketing network has been critical to our domestic growth. We aim to further develop our domestic sales networks in two ways: firstly nurturing existing relationships with clients and secondly by creating new distribution channels in under and non-penetrated geographies outside the metros/ capital cities/ major cities.

Currently about 70% of total business comes from domestic market and balance comes from exports. However, the company is now focusing on increasing growth in the export markets so that exports contribute between 50-60% to our overall turnover. Exports brings in better realization of margins, prompt delivery due to faster and planned pace of projects, better payment terms and access to larger markets. This also reduces the risk of dependence on Indian market and ensures that any slowdown in Indian market would not affect overall growth and performance of our Company.

Acquisition of brands like Rodney Hunt, USA and Mahr Maschinenbau, Austria and access to their current sales network made it possible for us to enter into all the major markets worldwide with minimum of efforts. Acquisition of these brands will ensure that the next growth in exports is to come from newer regions, especially in Europe and USA.

- ***Adoption of advanced design and production technology***

Most of the products produced by us are highly engineered and needs extensive manufacturing processes. Also most of the products are customized and this requires precision in designing and manufacturing so as to produce competitive trouble free quality products.

Our Company plans to invest in advanced automation softwares to reduce the mistakes in designing and churn out faster designs with lesser involvement of people. Our Company has been continuously investing on CNC manufacturing technology to improve the manufacturing output and achieve the desired quality by using minimum manpower in manufacturing.

SALES & MARKETING

Our Company believes that the quality of their product and services are up to the mark and that's the major reason for being awarded with the orders. The Company has a skilled team for marketing which personally indulges in formation of marketing strategies apt for the right promotion of the product. The marketing strategies for both inland and foreign market are as follows:

Domestic Marketing

- **Direct Selling**

Major clientele of the company is routed through direct selling strategy. To infirm existing and potential customer base, the company uses various platforms to showcase its products via numerous exhibitions being conducted from time to time. JEL directly sells its products throughout India with the help of company representatives based in Delhi, Ahmedabad, Jaipur, Pune, Bangalore and Hyderabad. The company has formed a strong trade liaison with the Government and Private organizations owing to agile and dynamic marketing personnel. Also, the products has been certified as ISO 9001:2008, which is the principal reason for satisfaction of the existing customers and inclination of the customer base of the company. JEL is directly executing the orders from its clients hence, it is well known to the end users of the product in domestic and export markets.

- **Bidding for Tenders**

The Ministry of Water Resources, River Development & Ganga Rejuvenation, City authorities or State Authorities proposes projects to the Government and on acceptance of the project; funds are allocated by the ministry. The project executing authority then appoints consultants who prepare the detailed project report (DPR). The DPR is formulated based on the technical and financial data. It also consists of the approved machineries required for the project implementation and operational purposes and specifications of this equipment. The company marketing team visits these consultants and impresses upon them the features to be included in the specifications for the betterment of the product and performance.

The contract is then awarded to EPC contractors like L&T, which in turn issue inquiry for the different products required in the project. The company then sends its offer against these enquiries and visits the client to explain its offer and the product features offered. The client then decides to place the order on the supplier which is approved vendor for project, meets the specified technical specifications, meets delivery and price expectations of the client.

International Marketing

For international business the company has appointed overseas agents who inform about the new contracts and tenders about to open. In some countries the Company is marketing through its foreign agents or sometimes marketing directly. The collaborators of JEL also helps in selling the existing product worldwide through their offices and associates located worldwide. JEL has a vast international reach through its representatives in Europe, Middle East Asia and South East Asia. The products manufactured are also verified by international organizations like BVQI / SGS etc. which increases trust of customers in the products and boost the overseas operations of the company.

TECHNICAL COLLABORATIONS

Our Company has signed technical collaborations with various companies like Schuette Schutguttaberstechnik-Germany, Hollung-Norway, Weco Armaturen- Germany, Rehart-Germany and Mahr Maschinenbau-Austria over the years to acquire varied technologies. Of these only two collaboration agreements with Weco Armaturen and Rehart are still valid and rest of the agreements have expired.

The technical collaboration with Weco was signed in year 2007 to manufacture their MONO range of knife gate valves in India for Asian markets. Later, our Company was allowed to sell these products in other countries other than asian countries.

The technical collaboration agreement with Rehart GmbH, Germany was signed in the year 2012 to manufacture Screw Turbines and Screw Pumps products. The company has started production of these products in India and has already got a large order for 21 numbers of turbines for supply to SSNNL Vadodara Branch canal to produce 5.15MW renewable energy. Once this project is executed and commissioned then the Company expects to have many similar projects in India and abroad.

Our Company had entered into collaboration with Mahr Maschinenbau GmbH, Austria in early 2013 to manufacture its range of multi raking screens for the Indian market. However, our Company acquired Mahr Maschinenbau subsequently and so the company does not have to pay any royalty to Mahr Maschinebau anymore. Mahr Maschinenbau now does engineering and development activities for screening product line of our Company.

RESEARCH & DEVELOPMENT

Our Company aims to introduce two new products every year so as to be ahead of its competitors and offers a wider range of products. Our research & development activities are being done in India as well as in Austria.

QUALITY ASSURANCE & CERTIFICATIONS

Our Company has received ISO 9001:2008 Certificate from Bureau Veritas Certificate India Private Limited for Management System which is as follow:

Certificate No.	:	IND13.7312U
Valid From	:	4 th September 2016
Valid Till	:	3 rd September 2019

The main objective of this Act is to provide the protection and improvement of environment (which includes water, air, land, human being, other living creatures, plants, micro-organism and properties) and for matters connected therewith. The Act provide power to make rules to regulate environmental pollution, to notify standards and maximum limits of pollutants of air, water, and soil for various areas and purposes, prohibition and restriction on the handling of hazardous substances and location of industries.

The Central Government is empowered to constitute authority or authorities for the purpose of exercising of performing such of the powers and functions, appoint a person for inspection, for analysis or samples and for selection or notification of environmental laboratories. Such person or agency has power to inspect or can enter in the premises or can take samples for analysis.

The Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

The Water Act aims to prevent and control water pollution as well as restore water quality by establishing and empowering the Central Pollution Control Board and the State Pollution Control Boards. Under the Water Act, any person establishing any industry, operation or process, any treatment or disposal system, use of any new or altered outlet for the discharge of sewage or new discharge of sewage, must obtain the consent of the relevant State Pollution Control Board, which is empowered to establish standards and conditions that are required to be complied with. In certain cases, the State Pollution Control Board may cause the local Magistrates to restrain the activities of such person who is likely to cause pollution. Penalty for the contravention of the provisions of the Water Act include imposition of fines or imprisonment or both.

The Central Pollution Control Board has powers, inter alia, to specify and modify standards for streams and wells, while the State Pollution Control Boards have powers, inter alia, to inspect any sewage or trade effluents, and to review plans, specifications or other data relating to plants set up for treatment of water, to evolve efficient methods of disposal of sewage and trade effluents on land, to advise the State Government with respect to the suitability of any premises or location for carrying on any industry likely to pollute a stream or a well, to specify standards for treatment of sewage and trade effluents, to specify effluent standards to be complied with by persons while causing discharge of sewage, to obtain information from any industry and to take emergency measures in case of pollution of any stream or well. A central water laboratory and a state water laboratory have been established under the Water Act.

The Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

Pursuant to the provisions of the Air Act, any person, establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant State Pollution Control Board prior to establishing or operating such industrial plant. The State Pollution Control Board is required to grant consent within a period of four months of receipt of an application, but may impose conditions relating to pollution control equipment to be installed at the facilities. No person operating any industrial plant in any air pollution control area is permitted to discharge the emission of any air pollutant in excess of the standards laid down by the State Pollution Control Board. The penalties for the failure to comply with the above requirements include imprisonment of up to six years and the payment of a fine as may be deemed appropriate. Under the Air Act, the

Central Board for the Prevention and Control of Water Pollution has powers, inter alia, to specify standards for quality of air, while the State Board for the Prevention and Control of Water Pollution have powers, inter alia, to inspect any control equipment, industrial plant or manufacturing process, to advise the State Government with respect to the suitability of any premises or location for carrying on any industry and to obtain information from any industry.

Labour Legislations

Minimum Wages Act, 1948

This Act aims to make provisions for statutory fixation of minimum rates of wages in scheduled employment wherein labour is not organized. It seeks to prevent the exploitation of workers and protect their interest in the 'sweated industries'. Wage fixing authorities have been guided by the norms prescribed by the Fair Wage Committee in the settlement of issues relating to wage fixation in organized industries. The Act contemplates the minimum wage rates must ensure not only the mere physical needs of a worker which keeps them just above starvation level, but must ensure for him and his family's subsistence, and also to preserve his efficiency as a worker.

Payment of Gratuity Act, 1972

The Payment of Gratuity Act, 1972 ("Act") was enacted with the objective to regulate the payment of gratuity, to an employee who has rendered for his long and meritorious service, at the time of termination of his services. A terminal Lump sum benefit paid to a worker when he or she leaves employment after having worked for the employer for a prescribed minimum number of years is referred to as "gratuity." The provisions of the Act are applicable to all the factories. The Act provides that within 30 days of opening of the establishment, it has to notify the controlling authority in Form A and thereafter whenever there is any change in the name, address or change in the nature of the business of the establishment a notice in Form B has to be filed with the authority.

The Employer is also required to display an abstract of the Act and the rules made there-under in Form U to be affixed at the or near the main entrance. Further, every employer has to obtain insurance for his Liability towards gratuity payment to be made under Payment of Gratuity Act 1972, with Life Insurance Corporation or any other approved insurance fund.

Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965 is applicable to every establishment employing 20 or more employees. The said Act provides for payment of the minimum bonus to the employees specified under the Act. It further requires the maintenance of certain books and registers such as the register showing computation of the allocable surplus; the register showing the set on & set off of the allocable surplus and register showing the details of the amount of Bonus due to the employees. Further it also requires for the submission of Annual Return in the prescribed form (Form D) to be submitted by the employer within 30 days of payment of the bonus to the Inspector appointed under the Act.

Child Labour (Prohibition and Regulation) Act, 1986

This statute prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Under this Act the employment of child labour in the building and construction industry is prohibited.

Factories Act, 1948

This Act came into force on April 01, 1949 and extends to the whole of India, including Jammu and Kashmir. It has been enacted to regulate working conditions in factories and to ensure the provision of the basic minimum requirements for safety, health and welfare of the workers as well as to regulate the working hours, leave, holidays, employment of children, women, etc. It ensures annual leaves with wages, provides additional protection from hazardous processes, additional protection to women workers and prohibition of employment of children.

Industrial Disputes Act 1947

The Industrial Disputes Act 1947 lays down the machinery and procedure for investigation, settlement and resolution of Industrial disputes in what situations a strike or lock-out becomes illegal and what are the requirements for laying off or retrenching the employees or closing down the establishment. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workmen.

Workmen's Compensation Act, 1923

This Act came into force on April 01, 1924. It aims at providing financial protection to workmen and their dependents in case of accidental injury by means of payment of compensation by the employers. However, here the employer shall not be liable in respect of any injury that does not result in the total or partial disablement of the workmen for a period exceeding 3 days in respect of any injury not resulting in death, caused by an accident which was due to the reason that workman was under the influence of drugs, or due to his wilful disobedience of an order expressly given to him, or a wilful removal or disregard of any safety device by the workmen, or when the employee has contracted a disease which is not directly attributable to a specific injury caused by the accident or to the occupation.

The Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("Employees Provident Fund and Miscellaneous Provisions Act")

The Employees' Provident Funds and Miscellaneous Provisions Act, 1952 is a social welfare legislation to provide for the institution of Provident Fund, Pension Fund and Deposit Linked Insurance Fund for employees working in factories and other establishments. The Act aims at providing social security and timely monetary assistance to industrial employees and their families when they are in distress.

The Act is administered by the Government of India through the Employees' Provident Fund Organization (EPFO). The following three schemes have been framed under the Act by the Central Government:

- a) The Employees' Provident Fund Schemes, 1952;
- b) The Employees' Pension Scheme, 1995; and
- c) The Employees' Deposit-Linked Insurance Scheme; 1976.

The Central Government has been constituted Employees' Provident Funds Appellate Tribunal to exercise the powers and discharge the functions conferred on such by Employees' Provident Funds and Miscellaneous Provisions Act, 1952.

Employees State Insurance Act, 1948

The promulgation of Employees' State Insurance Act, 1948 (ESI Act), by the Parliament was the first major legislation on social Security for workers in independent India. It was a time when the industry was still in a nascent stage and the country was heavily dependent on an assortment of imported goods from the developed or fast developing countries. The deployment of manpower in manufacturing processes was limited to a few select industries such as jute, textile, chemicals etc. The legislation on creation and development of a fool proof multidimensional Social Security system, when the country's economy was in a very fledgling state was obviously a remarkable gesture towards the socio-economic amelioration of a workforce though limited in number and geographic distribution. India, notwithstanding, thus, took the lead in providing organized social protection to the working class through statutory provisions.

The ESI Act, 1948, encompasses certain health related eventualities that the workers are generally exposed to; such as sickness, maternity, temporary or permanent disablement, Occupational disease or death due to employment injury, resulting in loss of wages or earning capacity-total or partial. Social security provision made in the Act to counterbalance or negate the resulting physical or financial distress in such contingencies, are thus, aimed at upholding human dignity in times of crises through protection from deprivation, destitution and social degradation while enabling the society the retention and continuity of a socially useful and productive

manpower.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“SHWW Act”) provides for the protection of women at work place and prevention of sexual harassment at work place. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behavior namely, physical contact and advances or a demand or request for sexual favors or making sexually colored remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs.50,000/-

Tax Related Legislations

The Central Goods and Services Tax Act, 2017 (the “GST Act”)

The GST Act levies tax on supply of goods and services throughout India to replace multiple taxes levied by the Central and State Governments on production, supply and sale of goods and providing of services in India. The GST Act is applicable from July 1, 2017 and bound together the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. Under GST, goods and services are taxed under five different categories that are 0%, 5%, 12%, 18%, 28%. GST is levied on all transactions such as supply, transfer, purchase, barter, lease, or import of goods and/or services. Transactions made within a single state are levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption based tax, therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

Income Tax Act, 1961 (“IT Act”)

The IT Act is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its “Residential Status” and “Type of Income” involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such company is also required to file its returns by September 30 of each assessment year.

Professional Tax

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

Intellectual Property Laws

The Patents Act, 1970

The Patents Act, 1970 (“Patents Act”) is the primary legislation governing patent protection in India. In addition to broadly requiring that an invention satisfy the requirements of novelty, utility and non obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria. The term of a patent granted under the Patents Act is for a period of twenty years from the date of filing of application for the patent. The Patents Act deems that computer programmes per se are not ‘inventions’ and are therefore not entitled to patent protection.

Trademarks Act, 1999

A trademark is used in relation to goods so as to indicate a connection in the course of trade between the goods and a person having the right as proprietor or user to use the mark. The Trademarks Act, 1999, (Trademarks Act) governs the registration, acquisition, transfer and infringement of trademarks and remedies available to a registered proprietor or user of a trademark. Registration is valid for a period of 10 years but can be renewed in accordance with the specified procedure.

As per the Trademarks (Amendment) Bill, 2009, Registrar of Trade Marks is empowered to deal with international applications originating from India as well as those received from the International Bureau and maintain a record of international registrations. It also removes the discretion of the Registrar to extend the time.

The Copyright Act, 1957

The Copyright Act governs copyright protection in India. Under the Copyright Act, a copyright may subsist in original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings. Following the issuance of the International Copyright Order, 1999, subject to certain exceptions, the provisions of the Copyright Act apply to nationals of all member states of the World Trade Organization.

While copyright registration is not a prerequisite for acquiring or enforcing a copyright, registration creates a presumption favoring the ownership of the copyright by the registered owner. Copyright registration may expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Once registered, the copyright protection of a work lasts for 60 years.

The remedies available in the event of infringement of copyright under the Copyright Act include civil proceedings for damages, account of profits, injunction and the delivery of the infringing copies to the copyright owner. The Copyright Act also provides for criminal remedies including imprisonment of the accused and the imposition of fines and seizures of infringing copies.

Designs Act, 2000

Industrial Designs are governed by the Designs Act, 2000 and Designs Rules 2001 and administered by the Controller General of Patents, Designs and Trade Marks. The registration of a design confers on the registered proprietor the right to take action against third parties who apply the registered design without licence or consent. The registration is valid for 10 years from the date of application i.e. date of filing or the date of priority whichever is earlier. The period may be extended by another period of 5 years on filing an application for extension of copy right before the expiry of the said period of 10 years. Under the Designs Act, “Design” has been defined as the features of shape, configuration, pattern, ornament or composition of lines or colours applied to any article whether in two dimensional or 3D or in both forms. The Design should be new and original and has not been disclosed to the public in India or any other country.

Other Legislations

The Companies Act, 1956

The Companies Act, 1956 dealt with laws relating to companies and certain other associations. It was enacted by the Parliament in 1956. The Act primarily regulated the formation, financing, functioning and winding up of companies. The Act prescribed regulatory mechanism regarding all relevant aspects, including organizational, financial and managerial aspects of companies. Regulation of the financial and management aspects constituted the main focus of the Act. In the functioning of the corporate sector, although freedom of companies was important, protection of the investors and shareholders, on whose funds they flourish, was equally important. The Act played the balancing role between these two competing factors, namely, management autonomy and investor protection.

The Companies Act, 2013

The Companies Act, 2013, has been introduced to replace the existing Companies Act, 1956 in a phased manner. The Ministry of Corporate Affairs vide its notification dated September 12, 2013 has notified 98 sections of the Companies Act, 2013 and the same are applicable from the date of the aforesaid notification. Further 183 sections have been notified on March 26, 2014 and have become applicable from April 1, 2014. Further, the Ministry of Corporate Affairs issues notifications for applicability of other Sections of Companies Act, 2013 from time to time and the same are applicable from the date of the aforesaid notification. The Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013.

The Indian Contract Act, 1872

The Indian Contract Act, 1872 codifies the way in which a contract maybe entered into, execution, implementation of the provisions of a contract and effects of breach of contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which a contract will be entered into, executed and breach enforced. It contains framework of rules and regulations that govern formation and performance of contract.

The Foreign Exchange Management Act, 1999

The Foreign Exchange in India is primarily governed by the provisions of FEMA which relates to regulations primarily by the RBI and the rules, regulations and notifications thereunder, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India. As laid by the FEMA Regulations no prior consent and approvals are required from the Reserve Bank of India for Foreign Direct Investment under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and respect of investment in excess of specified sectoral limits under the automatic route, consent may be required from FIPB and/or the RBI. The RBI in exercise of its powers under FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by Person Resident Outside of India) Regulations, 2000 (“FEMA Regulations”) to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and the Foreign Exchange Management (Export of Good and Service) Regulations, 2000 for regulations on exports of goods and services.

The Competition Act, 2002

The Competition Act, 2002 is an act to prevent practices having adverse effect on competition, to promote and sustain competition in markets, to protect interest of consumer and ensure freedom of trade in India. The act deals with the prohibition of agreements and Anti-competitive agreements. No enterprise or group shall abuse the dominant position in various circumstances as mentioned in the Act.

The prima facie duty of the Competitive Commission of India (“CCI”) is to eliminate practices having adverse effect on competition, promote and sustain competition, protect interest of consumer and ensure freedom of trade. The CCI shall issue notice to show cause to the parties to combination calling upon them to respond

within 30 days in case it is of the opinion that there has been appreciable adverse effect on the competition of India. In case a person fails to comply with directions of CCI and the Director General, he shall be punishable with a fine which may exceed to Rs 1 lakh for each day during such failure subject to maximum of Rs 1 Crore.

Foreign Trade (Development & Regulation) Act, 1992

The Foreign Trade (Development & Regulation) Act, 1992 provide for regulation and development of foreign trade by facilitating imports into and augmenting exports from India and for matters connected therewith or incidental thereto. The Import-Export code number and license to import or export includes a custom clearance permit and any other permission issued or granted under this act. The Export and Import policy, provision for development and regulation of foreign trade shall be made by the Central Government by publishing an order. The Central Government may also appoint the Director General for Foreign Trade (DGTF) for the purpose of import-export policy formulation.

If any person makes any contravention to law or commits any economic offence or import/exports in a manner prejudicial to trade of India or to the interest of other person engaged in import or export then there shall be no Import Export granted by the Director- General to such person and if in case granted then shall remain suspended or cancelled. Provision of search and seizure of Code of Criminal Code, 1973 shall apply to every search and seizure under this Act.

The EXIM Policy is a set of guidelines and instructions set by the DGTF in matters related to the export and import of goods in India. This policy is regulated under the said Act. The DGTF is the main governing body in matters related to the EXIM Policy.

Export Oriented Unit Scheme

The EXIM Policy of India provides all unit undertaking to export their entire production of goods and services under the EOU Scheme (“EOU Scheme/Scheme”). The EOU Scheme main thrust is to boost and attract sector specific exports from all parts of India having huge potential near to raw material source. The Scheme as undergone several changes over a period and the present policy parameter is liberalised conducive to entrepreneurs for setting up its Export Oriented Units. The Scheme covers manufacturing/processing and services. The main objective of the Scheme is to increase exports, earn foreign exchange to the country, transfer of technologies, stimulate foreign direct investment and to generate additional employment.

The Special Economic Zone Act, 2005 and the Special Economic Zones Rules, 2006

The Special Economic Zones Act, 2005 was passed by Parliament in May, 2005 which received Presidential assent on the June 23, 2005. The SEZ Act, 2005, supported by SEZ Rules, came into effect on February 10, 2006, providing for the simplification of procedures and for single window clearance on matters relating to central as well as state governments.

SEZs are regulated and governed by the Special Economic Zone Act, 2005 which came into force on February 10, 2006. The SEZ Act has been enacted for the generation of additional economic activity, promotion of exports of goods and services, promotion of domestic and foreign investment, development of infrastructure facilities and matters connected therewith or incidental thereto. The SEZ Act provides that the Government of India, any state government or any person either may, jointly or severally, establish a SEZ in accordance with the procedure under the SEZ Act.

SEZs are specifically delineated duty free enclaves deemed to be foreign territories for purposes of Indian custom controls, duties and tariffs. Any person who intends to set up a SEZ, after identification of the area, is required to make an application to the concerned state government or to the Board of Approval for approval. If the application is made to the State government, it may forward the application together with its recommendations to the Board of Approval. In the event the application is made directly to the Board of Approval, it may grant the approval which is subject to the approval of the concerned State government. On receipt of an application, the SEZ Board may, subject to certain conditions approve the proposal and communicate it to the Government of India. The Government of India may grant the letter of approval, within 30 days of receipt of communication, which may be subject to certain additional conditions. The Government of India initially grants the letter of approval to the proposals for setting up of SEZs, referred to as the ‘in-principle

approval', which is valid for a period of one year or three years, as the case may be. The developer of the SEZ is required to take effective steps for implementation of the SEZ project within the said validity period. The developer is required to furnish intimation of fulfilment of conditions specified in the 'in-principle' approval to Department of Commerce, Ministry of Commerce and Industry, Government of India (the "DoC") within the specified validity period of the 'in-principle' approval. The DoC, on being satisfied with the proposal and compliance of the developer with the terms of the approval, issues a notification declaring the specified area as an SEZ.

The incentives and facilities offered to developers of SEZ include:

- Single window clearance for Central and State level approvals;
- Exemption from customs/excise duties for development of SEZs for authorized operations approved by the Board of Approval;
- Income tax exemption on income derived from the business of development of SEZ in a block of ten years in 15 years under section 80-IAB of the IT Act;
- Exemption from dividend distribution tax;
- Exemption from service tax; and
- Exemption from various other duties and taxes under the enactments specified in Schedule I of the SEZ Act.

The Special Economic Zone Rules, 2006 have been enacted to effectively implement the provisions of the SEZ Act. The SEZ Rules provide for a simplified procedure for a single window clearance from the Government of India and State governments for setting up of SEZs and a 'unit' in a SEZ. The SEZ Rules also prescribe the procedure for the operation and maintenance of an SEZ, for setting up and conducting business therein, with an emphasis on 'self certification' and the terms and conditions subject to which the entrepreneur and developer shall be entitled to exemptions, drawbacks and concessions etc. The SEZ Rules also provide for the minimum area requirement for various categories of SEZs.

Various states have their own state SEZ policies. The state SEZ policies prescribe the rules in relation to the various environmental clearances, water and power supply arrangements, state taxes, duties, local taxes and levies etc. and the Company is required to follow the state policy, in addition to any central policies.

The Restated Consolidated Financial Information of the Group have been prepared in accordance with notified Accounting Standard (AS) 21 'Consolidated Financial Statements'. The consolidated financial statements are prepared on the following basis:

- (i) The Restated Consolidated Financial Information include Restated Consolidated Summary Statement of Assets and Liabilities, Restated Consolidated Summary Statement of Profit and Loss, Restated Consolidated Summary Statement of Cash Flow Statement and a Restated Consolidated Summary Statement of Notes. The Restated Consolidated Financial Information are presented, to the extent possible, in the same format as that adopted by the Parent Company for the Restated Standalone financial Information.
- (ii) The Restated Consolidated Financial Information include the financial statements of the Company and all its subsidiaries, which are more than 50 per cent owned or controlled. Investments in entities that were not more than 50 per cent owned or controlled during the year have been accounted for in accordance with the provisions of notified Accounting Standard 13 'Accounting for Investments'.
- (iii) The Restated Consolidated Financial Information have been combined on a line-by-line basis by adding the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances/transactions and resulting elimination of unrealised profits in full. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the balance sheet of the Parent Company and its share in the post-acquisition increase in the relevant reserves of the entity to be consolidated.
- (iv) Minority interest represents the amount of equity attributable to minority shareholders at the date on which investment in a subsidiary is made and its share of movements in equity since that date. Any excess consideration received from minority shareholders of subsidiaries over the amount of equity attributable to the minority on the date of investment is reflected under Reserves and Surplus.
- (v) Notes to the Restated Consolidated Financial Information, represents notes involving items which are considered material and are accordingly duly disclosed. Materiality for the purpose is assessed in relation to the information contained in the Restated Consolidated Financial Information. Further, additional statutory information disclosed in separate financial statements of the subsidiary and/or a parent having no bearing on the true and fair view of the Restated Consolidated Financial Information has not been disclosed in the Restated Consolidated Financial Information.

2.1 Statement of significant accounting policies

a) Use of estimates

The preparation of Restated Consolidated Financial Information in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revision, if any, are recognized in the current and future periods

b) Property plant and equipment and depreciation

Property plant and equipment are stated at cost less accumulated depreciation. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Property plant and equipment under construction and cost of assets not ready for use before the year-end, are classified as capital work in progress.

Depreciation on property plant and equipment is provided using straight-line method, computed on the basis of useful life prescribed in Schedule II to the Companies Act, 2013, on a pro-rata basis from the date the asset is ready for use subject to adjustments arising out of transitional provisions of Schedule II.

Leasehold land is amortised over their respective lease period.

c) Intangible fixed assets and amortization

Intangible assets comprise of technical know-how and computer software. These are being amortised over their estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use. The amortisation rates are indicative of the expected useful lives of the assets.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

d) Goodwill

The difference between the cost of investment to the Group in subsidiaries and the proportionate share in the equity of the investee company as at the date of acquisition of stake is recognised in the restated consolidated financial statements as Goodwill or Capital Reserve, as the case may be.

e) Investments

Investments are classified as non-current or current, based on management's intention at the time of purchase. Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as non-current investments.

Trade investments are the investments made for or to enhance the Group's business interests.

Current investments are stated at lower of cost and fair value determined on an individual investment basis. Non-current investments are stated at cost and provision for diminution in their value, other than temporary, is made in the financial statements.

Profit/loss on sale of investments is computed with reference to the average cost of the investments.

f) Inventories

Inventories are valued as follows:

- (i) Raw materials including components, packing materials, stores and spares and goods in transit - At lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- (ii) Work-in-progress - At cost up to estimated stage of completion.
- (iii) Finished goods and goods purchased for resale - At lower of cost and net realizable value.

Cost of inventories is ascertained on the following basis:

Raw materials, stores and spare parts and packing materials - on First in First out method (FIFO).

- (i) Finished goods purchased for resale - FIFO.
- (ii) Cost of manufactured finished goods and work in process comprises of material, labour and other related production overheads including depreciation.

g) Revenue recognition

Sale of goods:

Revenue from sale of goods is recognized when significant risks and rewards in respect of ownership of the goods are transferred to the customer and is stated inclusive of excise duty and net of trade discounts, sales return and sales tax wherever applicable.

Sale of services:

Revenue from the sale of services is recognized when the services are rendered.

Power generation:

Revenue from power generation is recognised on accrual basis, on the basis of actual power sold, as per the terms and conditions of the relevant power purchase agreement.

Other income:

- (i) Interest income is recognized on a time proportion basis at the applicable rates.
- (ii) Dividend income is recognized when the right to receive dividend is established.

h) Borrowing cost

Borrowing costs that are attributable to the acquisition and / or construction of qualifying assets are capitalized as part of the cost of such assets, in accordance with notified Accounting Standard 16 “Borrowing Costs”. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. Capitalization of borrowing costs is suspended in the period during which the active development is delayed due to other than temporary interruption. All other borrowing costs are charged to the Restated Consolidated Summary Statement of Profit and Loss as incurred

i) Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations, where the Company has unabsorbed depreciation or carry forward of losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Minimum Alternate tax (‘MAT’) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

j) Foreign currency transactions**Relating to overseas entity:**

Indian Rupee (Rs.) is the reporting currency for the Group. However, reporting currency of one integral overseas subsidiaries is different from the reporting currency of the Group. Income and expenditure items of integral foreign operations are translated at the average exchange rate of their respective foreign currencies. Monetary items at the balance sheet date are translated using the rates prevailing on the balance sheet date. Non - monetary assets are recorded at the rates prevailing on the date of the transaction.

Reporting currency of non-integral overseas subsidiaries are different from the reporting currency of the Group. Income and expenditure items of non-integral foreign operations are translated at the average exchange rate of their respective foreign currencies. Monetary items and non-monetary at the balance sheet date are translated using the rates prevailing on the balance sheet date. Goodwill arising on acquisition of non integral foreign operation is translated using the rates prevailing on the balance sheet date.

Relating to Indian entities:

Transactions in foreign currency are accounted for at the exchange rate prevailing on the date of the transaction. All monetary items denominated in foreign currency are converted into Indian rupees at the year-end exchange rate. The exchange differences arising on such conversion and on settlement of the transactions are recognized in the restated Consolidated Statement of Profit and Loss

k) Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with the notified Accounting Standard 15 - Employee Benefits

Provident fund:

The Company makes contribution to statutory provident fund in accordance with the Employees' Provident Funds and Miscellaneous Provisions Act, 1952. In terms of the Guidance on implementing the revised AS – 15, issued by the Accounting Standards Board of the ICAI, the provident fund trust set up by the Company is treated as a defined benefit plan since the Company has to meet the interest shortfall, if any. Accordingly, the contribution paid or payable and the interest shortfall, if any is recognized as an expense in the period in which services are rendered by the employee.

Gratuity:

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognized in the balance sheet in respect of gratuity is the present value of the defined benefit/obligation at the balance sheet date, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit/obligation is calculated at or near the balance sheet date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Restated standalone summary statement of Profits and Losses in the year in which such gains or losses are determined.

Compensated absences:

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognized on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Restated Standalone Summary Statement of Profits and Losses in the year in which such gains or losses are determined.

Other short term benefits:

Expense in respect of other short-term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

k) Leases**Operating leases:**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Lease payments under an operating lease are recognized as an expense in the Restated Consolidated Summary Statement of Profits and Losses in accordance with the terms of lease deed.

l) Impairment of assets

Goodwill:

Goodwill is tested for impairment on an annual basis. If on testing, any impairment exists, the carrying amount of Goodwill is reduced to the extent of any impairment loss and such loss is recognised in the Restated Consolidated Summary Statement of Profit and Loss.

Other assets

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the Restated Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss No longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and is accordingly reversed in the Restated Consolidated Statement of Profit and loss

m) Contingent liabilities and provisions

Depending upon the facts of each case and after due evaluation of legal aspects, claims against the Group not acknowledged as debts are treated as contingent liabilities. In respect of statutory dues disputed and contested by the Group, contingent liabilities are provided for and disclosed as per original demand without taking into account any interest or penalty that may accrue thereafter. The Group makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of obligation can be made. Possible future or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated, has been disclosed as a contingent liability in the restated consolidated financial information.

n) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of dilutive potential equity shares.

o) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short term bank deposits with an original maturity of three months or less.

p) Dividend

Pursuant to amendment in AS – 4 ‘Contingencies and Events Occurring After the Balance Sheet Date’ through Companies (Accounting Standards) Amendment Rules, 2016, the Company has changed its accounting policy in respect of dividend, i.e., if the Company declares dividend to shareholders after the balance sheet date, the Group will not recognise those dividends as a liability at the balance sheet date unless a statute requires otherwise and such dividends has been disclosed in the notes to the financial statements. Whereas, earlier the dividends in respect of the period covered by the financial statements, which were proposed or declared by the Company after the balance sheet date but before approval of the financial statements, were recorded as liability in the respective financial information.

Note: The above Statement should be read with the Restated Consolidated Statement of Significant Accounting Policies in Annexure 4, Restated Consolidated Summary Statement of Notes to Restated Summary Statements of the Company in Annexure 5 and the Restated consolidated Summary Statement of Reconciliation of Restated Profit to Profit as per Audited Financial Statements in Annexure 6.

RESTATED STANDALONE SUMMARY STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Annexure 4

1(A) Corporate information

Jash Engineering Limited (the 'Company') was incorporated on 29 September 1973. The Company is engaged primarily in the manufacturing of varied engineering products for general engineering industry and machine tool industry, water and waste water industry and bulk solids handling industry. The Company manufactures water control gates, knife gate valves, fine and coarse screening equipment, bulk solids handling valves and large sized cast iron castings.

1(B) Basis of preparation

The Restated Standalone Summary Statement of the Assets and Liabilities, of the Company as at 31 March 2017, 2016, 2015, 2014 and 2013, the Restated Standalone Summary Statement of Profit and Loss and the Restated Standalone Summary Statement of Cash Flows, for the years ended 31 March 2017, 2016, 2015, 2014 and 2013 (collectively referred to as 'Restated Standalone Financial Information') have been compiled by the management of the Company from the audited financial statements of the Company for the years ended 31 March 2017, 2016, 2015, 2014 and 2013 and have been prepared specifically for the purpose of inclusion in the Offer Document to be filed by the Company with the National Stock Exchange of India Limited ('NSE') in connection with the Proposed Offer.

The audited standalone financial statements were prepared under historical cost convention on an accrual basis, in accordance with the generally accepted accounting principles in India and including the Accounting Standards specified under section 133 of the Companies Act, 2013 (the 'Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). These audited financial standalone financial statements have been prepared on a going concern basis and the accounting policies have been consistently applied by the Company, unless otherwise stated.

The Restated Standalone Summary Statement of assets and liabilities, profits and losses and cash flows have been prepared to comply in all material aspects with the requirement of section 26(1)(b) of the Companies Act 2013 read with rule 4 to 6 of companies (Prospectus and Allotment of Security) Rules, 2014 and the Security and Exchange Board of India (Issue of Capital and Disclosure requirements) Regulations 2009 (as amended from time to time).

2.1 Statement of significant accounting policies

a) Use of estimates

The preparation of Restated Standalone Financial Information is in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the restated standalone financial information and the results of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revision, if any, are recognized in the current and future periods

b) Property, plant and equipments and depreciation

c) Intangible fixed assets and amortization

Intangible assets comprise of technical know-how and computer software.

These are being amortised over their estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

The amortisation rates are indicative of the expected useful lives of the assets.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly

d) Investments

Investments are classified as non-current or current, based on management's intention at the time of purchase. Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as non-current investments.

Trade investments are the investments made for or to enhance the Company's business interests.

Current investments are stated at lower of cost and fair value determined on an individual investment basis. Non-current investments are stated at cost and provision for diminution in their value, other than temporary, is made in the financial statements.

Profit/loss on sale of investments is computed with reference to the average cost of the investment.

e) Inventories

Inventories are valued as follows:

- i. Raw materials including components, packing materials, stores and spares and goods in transit - At lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- ii. Work-in-progress - At cost up to estimated stage of completion.
- iii. Finished goods and goods purchased for resale - At lower of cost and net realizable value.

Cost of inventories is ascertained on the following basis:

- i. Raw materials, stores and spare parts and packing materials - on First in First out method (FIFO).
- ii. Finished goods purchased for resale - FIFO.
- iii. Cost of manufactured finished goods and stock in process comprises of material, labour and other related production overheads including depreciation.

f) Revenue recognition

Sale of goods:

Revenue from Sale of goods is recognized when significant risks and rewards in respect of ownership of the goods are transferred to the customer and is stated inclusive of excise duty and net of trade discounts, sales return and sales tax wherever applicable

Sale of services:

Revenue from the sale of services is recognized when the services are rendered.

Power generation:

Revenue from power generation is recognised on accrual basis, on the basis of actual power sold, as per the terms and conditions of the relevant power purchase agreement.

Other income:

- i) Interest income is recognized on a time proportion basis at the applicable rates.
- ii) Dividend income is recognized when the right to receive dividend is established

g Borrowing costs

Borrowing costs that are attributable to the acquisition and / or construction of qualifying assets are capitalized as part of the cost of such assets, in accordance with notified Accounting Standard 16 “Borrowing Costs”. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. Capitalization of borrowing costs is suspended in the period during which the active development is delayed due to other than temporary interruption. All other borrowing costs are charged to the statement of profit and loss as incurred

h Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations, where the Company has unabsorbed depreciation or carry forward of losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Minimum Alternate tax (‘MAT’) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

i) Foreign currency transactions

Transactions in foreign currency are accounted for at the exchange rate prevailing on the date of the transaction. All monetary items denominated in foreign currency are converted into Indian rupees at the year-end exchange rate.

The exchange differences arising on such conversion and on settlement of the transactions are recognized in the Restated Standalone Summary Statement of Profit and Loss.

j) Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with the notified Accounting Standard 15 - Employee Benefits

Provident fund:

The Company makes contribution to statutory provident fund in accordance with the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952. In terms of the Guidance on implementing the revised AS – 15, issued by the Accounting Standards Board of the ICAI, the provident fund trust set up by the Company is treated as a defined benefit plan since the Company has to meet the interest shortfall, if any. Accordingly, the contribution paid or payable and the interest shortfall, if any is recognized as an expense in the period in which services are rendered by the employee

Gratuity:

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognized in the balance sheet in respect of gratuity is the present value of the defined benefit/ obligation at the balance sheet date, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit/obligation is calculated at or near the balance sheet date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Restated Standalone Summary Statement of Profits and Losses in the year in which such gains or losses are determined

Compensated absences:

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognized on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Restated standalone summary statement of profits and losses in the year in which such gains or losses are determined.

Other short term benefits:

Expense in respect of other short-term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

k) Leases**Operating leases:**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Lease payments under an operating lease are recognized as an expense in the restated standalone summary statement of profit and loss in accordance with the terms of lease deed.

l) Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the Restated Standalone Summary Statement of Profits and Losses. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and is accordingly reversed in the restated standalone summary statement of profits and loss.

m) Contingent liabilities and provisions

Depending upon the facts of each case and after due evaluation of legal aspects, claims against the Company not acknowledged as debts are treated as contingent liabilities. In respect of statutory dues disputed and contested by the Company, contingent liabilities are provided for and disclosed as per original demand without taking into account any interest or penalty that may accrue thereafter. The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of obligation can be

made. Possible future or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated, has been disclosed as a contingent liability in the restated standalone financial statement.

n) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of dilutive potential equity shares.

o) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short term bank deposits with an original maturity of three months or less.

p) Dividend

Pursuant to amendment in AS – 4 ‘Contingencies and Events Occurring After the Balance Sheet Date’ through Companies (Accounting Standards) Amendment Rules, 2016, the Company has changed its accounting policy in respect of dividend, i.e., if the Company declares dividend to shareholders after the balance sheet date, the Company will not recognise those dividends as a liability at the balance sheet date unless a statute requires otherwise and such dividends has been disclosed in the notes to the financial statements. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with our restated financial statements for the financial years ended March 31, 2017, 2016, 2015, 2014, 2013 prepared in accordance with the Companies Act and Indian GAAP and restated in accordance with the SEBI (ICDR) Regulations, including the schedules, annexure and notes thereto and the reports thereon, included in the section titled "*Financial Information*" on page 198 of this Red Herring Prospectus.

Indian GAAP differs in certain material aspects from U.S. GAAP and IFRS. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Red Herring Prospectus, nor do we provide reconciliation of our financial statements to those under U.S. GAAP or IFRS. Accordingly, the degree to which the Indian GAAP financial statements included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with the Companies Act, Indian GAAP and SEBI (ICDR) Regulations.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those set forth in "*Risk Factors*" and "*Forward-Looking Statements*" beginning on 17 and 16 respectively, of this Red Herring Prospectus.

Overview

Our Company is an ISO-9001:2008 company manufacturing water control gates, knife gate valves, fine and coarse screening equipment, process equipment required in water and waste water treatment plants, Archimedes screw pumps, Hydropower screw generators, bulk solids handling valves and water hammer control valves.

Our Company was established in the year 1973 as a private limited company with the basic aim of catering to activities concerning Water Control Gates and T-slotted Plates. Within a period of 16 years our company became the leading producer in India for these products. Our company was subsequently converted into a limited company in 1994.

In the year 1996, our Company entered into Technical & Financial collaboration with Schuette Meyer Schuttgutabspertechnik GmbH, Iserlohn, Germany to manufacture a varied range of valves for shut off of critical bulk solids. Within a span of 5 years, our company introduced 7 different valve designs for the bulk solids industry in association with the German collaborators and established itself as one of the leading company in India in manufacture of specialized valves for handling bulk solids.

In the year 2000 our Company entered into a Technical collaboration with Hollung Group of Norway to manufacture Fine Bar screens for the Sewage and Effluent treatment plant industry. Our company was the pioneer to launch this latest technology product in Indian market and this helped us to become one of the market leaders in this product in a short period of time.

After the success achieved in Fine Bar screens, our Company entered into another Technical collaboration with Hollung Group to manufacture their Deep-Water coarse screens for Sewage and Water Pumping station application. Our Company subsequently expanded the manufacturing facilities for Screens and ultimately became the one of the largest manufacturer of Fine and Coarse screens in India.

In Year 2007, our Company entered into Technical Collaboration with Weco Armaturen, Germany to offer range of advanced knife gate valves for waste water industry in Indian market. Subsequently, our Company was granted the right to offer these valves in other markets including in North America. To consolidate our presence in the business of valves required for water transmission lines, our Company then acquired "Sureseal" in the year 2009 to manufacture range of water hammer control valves. To extend our offering of speciality valves for water line applications, our Company then entered into technical collaboration with Stealth International Inc., Canada for manufacturing Energy Dissipating Valves in the year 2013.

Our Company tied up with Rehart of Germany in year 2011 to manufacture their range of Archimedes Screw Pumps for storm water pumping application and Hydropower Screw Generator for generating renewable energy using low heads of water in sewage treatment plants, canals and run of the river projects. Our Company has orders to make some of the largest screw turbines in the world. We are currently making 5.15 MW canal based power generation plants for SSNNL. Execution of this order will make our Company eligible for similar projects in other Asian countries.

To consolidate our position as one of the leading equipment suppliers to water and waste water industry, we acquired Shivpad Engineers Pvt. Ltd., Chennai. This acquisition enabled us to offer all downstream process equipments required subsequent to intake and screening in a water and waste water projects.

As the business of waste water treatment expanded in India, new players from Europe started coming to India with the next generation screening technology. To retain our leadership position in the screening business and to offer the most advanced screening technology in India, we then entered into a technical collaboration with Mahr Maschinenbau GmbH, Austria for manufacturing of their “MM2MM” Multi Raking Bar Screens in the year 2013. The successful tie up with Mahr and their confidence in our manufacturing abilities resulted to buyout their assets and brand so that we can introduce their products to other markets from our competitive manufacturing base.

We completed acquisition of Mahr Maschinenbau GmbH, Austria in year 2014 and after the said acquisition we focussed on development of new age screening products for the world markets. This resulted Mahr Maschinenbau to develop products like 2 mm spacing Multi Rake Bar Screens, Per-Scalator, Filter Band Screens, Travelling Band Screens and products for screening washing and compacting. This acquisition enabled our Company to become a well known player in the international screening market having one of the largest product offering for water intake, sea water intake, waste water pumping and waste water treatment business.

To enter into water control gates business overseas, our Company acquired the “Rodney Hunt” brand, IP and designs from VAG USA LLC, USA in September 2016 and then acquired the Rodney Hunt’s manufacturing facility in Orange Massachussets in July 2017. This acquisition is expected to help us to leverage the over 176 years old Rodney Hunt brand and get a major share of the world market including USA as enjoyed by the Rodney hunt company prior to the year 2016.

Today, we have known brands like Jash, Sureseal, Shivpad, Jash-Schuette, Jash-Weco, Jash-Rehart, Mahr Maschinenbau and Rodney Hunt which are recognized and acknowledged as leaders in their product segment in many countries around the world. Our Company continuously invested in development of new products & technologies, either on its own or through collaboration with suitable technology partner to become one of the leading players worldwide. This enabled our Company to become one of the leading industry players within India in most of the products manufactured by us and also ensured acceptance of our products in over 45 countries worldwide.

During the last 7-8 years, our Company spent to develop and acquire above mentioned brands and establish technically advanced manufacturing capabilities on large scale to cater to future requirements of international markets. With all the pieces in place, our Company with its team of nearly 500 employees is committed to scale up its operation to become a leading international company in the business of gates, screens, valves and varied equipment for water and waste water industry in time to come.

The proposed plot for Unit IV is adjacent to Unit III. Unit IV is planned to meet the demand of Jash USA Inc. and Rodney Hunt. Unit IV is also proposed to set-up in SEZ and will have fabrication facilities which shall be used for exports.

Our Company is amongst the very few companies in India to have invested in creating a ferrous contamination free area for manufacturing of stainless steel products with separate blasting and pickling facility. To have all in-house manufacturing facilities ensures reliable quality, timely delivery and ability to meet individualized customer needs.

Philosophy of our Company

Our Company philosophy is to be a market leader in each of its product segment. Our philosophy is to be achieved by:

- Offering widest range and largest sizes in each product segment.
- Continuous product development and upgradation of technology to offer long-lasting trouble free cost effective products.
- Attending to the customized needs of the customers with emphasis on offering problem solving techniques where others have failed.

Our company aims to be a continuous development partner for its client with a view to forge a very strong and sustainable bond with them.

Company Position

With over four decades of experience in serving varied equipment's and application of clients, our Company today enjoys one of the leading positions in Indian market for its product range of water control gates, fine and coarse screening products and knife gate valves for waste water industry. Since the introduction of its range of bulk solids handling valves, our company has become a single shop solution provider for a wide range of critical shut off and metering requirement to the bulk solids handling industry.

Internationally, we are considered to be within top companies in the water control gates business post acquisition of Rodney Hunt.

Technology & Development

Our leadership is based on technological innovations and product improvements to suit market requirements. In addition to this, constant development in our products with a view to offer more value for money to our customers is important to us.

We employ latest parametric based computer aided design technology alongwith computer aided machining technology on CNC machines to ensure quality of manufacture consistent with the best in the world. We also believe in sourcing modern and latest technology from established and proven manufacturers worldwide with a view to offer innovative solutions to our clients so as to achieve leadership position in the markets where we operate in.

SUMMARY OF GAAP DIFFERENCES BETWEEN INDIAN GAAP AND IND AS

Ind AS comprises of accounting standards notified under the Companies (Indian Accounting Standards) Rules, 2015 and the relevant requirements of the Companies Act, 2013.

Indian GAAP comprises of accounting standards notified under the Companies (Accounting Standards) Rules, 2006 as amended and the relevant requirements of the Companies Act, 2013. In certain cases, the Indian GAAP also refers to Guidance Notes issued by the Institute of Chartered Accountants of India.

Please note that this is not an exhaustive list of differences between Ind AS and Indian GAAP; rather, it indicates only those key differences which are considered to be more relevant to the financial position and results of operations of the Company and does not cover all differences regarding presentation, classification and disclosure requirements applicable under Ind AS and Indian GAAP.

1	Ind AS 1 – Presentation of financial statements		
(a)	Other comprehensive income (OCI)	<p>There is no concept of “other comprehensive income” under Indian GAAP.</p> <p>While most items are recognized in the statement of profit or loss, certain other items are directly recognized in reserves.</p>	<p>Ind AS-1 requires that the statement of profit and loss shall include a section on other comprehensive income. This comprises all items of income and expense (including reclassification adjustments) that are not recognized in profit or loss as required or permitted by other Ind ASs.</p> <p>All items in OCI are segregated between:</p> <ul style="list-style-type: none"> ❖ Items that will not be reclassified into profit or loss <ul style="list-style-type: none"> a) Gain or loss on revaluation of property, plant and equipment and intangible assets b) Remeasurement of defined benefit plans c) Fair value changes in respect of equity instruments designated at fair value through OCI d) Income tax relating to above items ❖ Items that will be reclassified into profit or loss <ul style="list-style-type: none"> a) Exchange gain/ loss on translation of foreign operations b) Fair value changes in respect of financial assets measured at fair value through OCI c) Effective portion of gains and losses on hedging instruments in a cash flow hedge (if Company follows hedge accounting) d) Changes in the value of the time value of options or the value of the forward elements of forward contracts when separating the intrinsic value and time value of an option contract or forward element and spot element of a forward contract and designating as the hedging instrument only the changes in the intrinsic value (in case of option contract) or changes in spot element (in case of forward contract) (if the company follows hedge accounting)

			e) Income tax relating to above items
(b)	Statement of Changes in Equity	Indian GAAP does not require a statement of changes in equity. However, information relating to the appropriation of profits/losses and movement in capital and reserves is presented in the disclosures for line items – 'share capital' and 'reserves and surplus' in the balance sheet.	Ind AS-1 requires presentation of all transactions with equity holders in their capacity as equity holders in the statement of changes in equity (the "SOCIE"). The SOCIE is a primary statement forming part of the financial statements.
(c)	Other disclosures	There are no specific disclosure requirements under Indian GAAP for: (i) Critical judgments made by the management in applying accounting policies; (ii) Key sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and (iii) Information that enables users of its financial statements to evaluate the entity's objectives, policies and processes for managing capital.	Ind AS-1 requires disclosure of: (i) Critical judgments made by the management in applying accounting policies; (ii) Key sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and (iii) Information that enables users of its financial statements to evaluate the entity's objectives, policies and processes for managing capital.
(d)	Changes in accounting policies	Indian GAAP requires the impact of material changes in accounting policies to be shown in the financial statements. There is no requirement to present an additional balance sheet which retrospectively applies these policies. The impact of change in accounting policies is included within the profit or loss of the reporting period.	Ind AS-1 requires a third balance sheet as at the beginning of the earliest comparative period, where an entity applies an accounting policy retrospectively or makes a retrospective restatement of items in its financial statements, or when it reclassifies items in its financial statements, to be included in a complete set of financial statements.
(e)	Extra-ordinary items	Extraordinary items are income or expenses that arise from events or transactions that are clearly distinct from the ordinary	Ind AS-1 prohibits the presentation of any item as an extraordinary item, either on the face of the income statement or in the notes to accounts.

		<p>activities of the enterprise and, therefore, are not expected to recur frequently or regularly.</p> <p>Indian GAAP specifically requires the disclosure of certain items as extraordinary items in Net Profit or Loss for the Period.</p>	
2	Ind AS 2 – Inventories		
(a)	Cost of purchase – on account of deferred credit terms	Under Indian GAAP, cost of purchase of inventory comprises purchase price and incidental costs (including non-recoverable taxes) directly attributable to acquisition.	Under Ind AS, while cost of purchase is defined similar to Indian GAAP, however, where purchase is made on deferred settlement terms, such arrangement effectively contains a financing element and difference between the purchase price for normal credit terms and the amount paid is recognized as interest expense over the period of the financing.
3	Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors		
(a)	Correction of errors	Prior period errors are included in determination of profit or loss for the period in which the error is discovered and are separately disclosed in the statement of profit and loss in a manner that the impact on current profit or loss can be perceived.	Prior period errors are corrected by adjusting opening equity and restating comparatives, unless impracticable.
4	Ind AS 12 – Income taxes		
(a)	Measurement of temporary differences	<p>Deferred tax is recognized only for timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.</p> <p>No deferred tax is recognized for permanent differences that originate in one period and do not reverse subsequently.</p>	<p>Deferred tax is recognized on all temporary differences, except, when such temporary difference arises on initial recognition of an asset or liability and it is –</p> <p>(i) not a business combination; or</p> <p>(ii) at the time of transaction, affects neither tax profit nor accounting profit.</p>
(b)	Investment in subsidiaries	For difference in carrying value of investment in subsidiaries for accounting and tax purpose, where such differences do not arise from profit or loss, no deferred tax is recognized since those	Temporary differences arise when the carrying amount of investments in subsidiaries becomes different from the tax base of the investment or interest, in a number of different circumstances, for example – existence of undistributed profits of subsidiaries, change in foreign exchange rates when a parent and its subsidiaries are based in different countries, a reduction in carrying amount of investment to its recoverable amount, etc.

Sr. No.	Particulars	Accounting under Indian GAAP	Accounting under Ind AS
			<p>An entity shall recognize deferred tax for all such temporary differences, except where both of following conditions are met –</p> <ul style="list-style-type: none"> (i) Parent is able to control the timing of reversal of such temporary differences; and (ii) It is probable that such temporary differences will not reverse in the foreseeable future.
(c)	Deferred taxes on unrealized intra-group profits	No deferred tax is recognized for reversal of intra-group profits in consolidated financial statements.	Reversal of intra-group profits for intragroup transactions are temporary differences that give rise to deferred tax and require adjustment in consolidated financial statements.
(d)	Recognition of taxes on items recognized in other comprehensive income or directly in equity	No specific guidance under Indian GAAP.	For items that are recognized outside profit or loss, like in other comprehensive income or directly in equity, tax is also recorded in other comprehensive income or in equity, as appropriate.
(e)	MAT credit entitlement: presentation	This is required to be presented under loans and advances.	Under Ind AS, deferred tax asset is defined to include the carry forward of unused tax credits. Accordingly, MAT credit entitlement which is unused tax credit is classified as deferred tax assets (net) in the Balance Sheet and a separate note is provided specifying the nature and amount of MAT credit included as part of deferred tax. Further, MAT credit entitlement should be grouped with deferred tax in the Statement of Profit and Loss and a separate note should be provided specifying the amount of MAT credit.
(f)	Disclosures	Certain additional disclosures like tax reconciliation, unrecognized deferred tax liabilities on undistributed earnings of subsidiaries etc. are not required.	<p>Additional disclosures required under Ind AS include:</p> <ul style="list-style-type: none"> • a reconciliation between income tax expense (income) reported and the product of accounting profit multiplied by the applicable tax rate. Either a numerical reconciliation or tax rate reconciliation is required to be presented. • unrecognized deferred tax liability on undistributed earnings of subsidiaries etc.
5	Ind AS 40 – Investment property		
(a)	Investment property	Indian GAAP does not have any guidance on classification investment property.	<p>Ind AS provides specific guidance for investment properties, ie, land or building – or part of a building – or both held by the owner or by the lessee under a finance lease) to earn rentals or capital appreciation or both, rather than for:</p> <ul style="list-style-type: none"> a. use in the production or supply of goods or services or for administrative purposes; or b. sale in the ordinary course of business.

Sr. No.	Particulars	Accounting under Indian GAAP	Accounting under Ind AS
			These are required to be presented separately from property, plant & equipment held for purpose of production of goods.
6	Ind AS 17 – Leases		
(a)	Operating leases	Lease payments under an operating lease are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term, unless another systematic basis is more representative of the time pattern of the user's benefit.	Lease payments under an operating lease are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term unless either of the below: a) another systematic basis is more representative of the time pattern of the user's benefit, or b) payments to the lessor are structured to increase in line with expected general inflation for cost increases.
(b)	Leases of land	Lease agreement to use land is not accounted as lease.	Lease arrangement to use lands are accounted as lease transaction and are classified as finance or operating leases, depending on the terms.
(c)	Whether an arrangement contains a lease	Indian GAAP does not provide any guidance for such arrangements. Payments under arrangements which are not in the form of leases are generally recognised in accordance with the nature of expense incurred.	Ind AS requires an entity to determine whether an arrangement, comprising a transaction or a series of related transactions, that does not take the legal form of a lease but conveys a right to use an asset in return for a payment or series of payments, is a lease. Such determination shall be based on the substance of the arrangement.
7	Ind AS 18 – Revenue		
(a)	Deferred payment terms	Revenue is measured at the amount received or receivable against sale of such goods. No adjustment is required to be made for sales made on deferred settlement terms that include a financing element.	Revenue is measured at fair value of consideration received or receivable, excluding sales taxes, rebates and trade discounts. Where sales are made on deferred settlement terms, fair value is determined by discounting all future receipts using an imputed rate of interest. The difference between fair value and consideration received or receivable is recognized as interest income using the effective interest method.
(b)	Rebates and incentives	Any volume rebates are recognized as an expense and adjusted in revenue, whereas cash discounts and other incentives are recognized as an expense, as and when incurred.	Any rebates and incentives are estimated and adjusted in sales price upon recognition of revenue at the time of sale.
(c)	Multiple element revenue contracts – sale of products and installation services	Revenue is measured at the amount received or receivable against sale of goods. Revenue against sale of services are recognized when the services are rendered.	Where contracts with customers have more than one performance obligation i.e. delivery of goods and installation services, transaction price is allocated to each such element. If goods shipped are subject to installation and inspection, revenue is recognized when the buyer accepts delivery, and installation and inspections are complete.

8	Ind AS 19 – Employee benefits		
(a)	Actuarial gains and losses	All actuarial gains or losses are recognized in the statement of profit and loss.	Actuarial gains and losses in respect of defined benefit plans are recognized as a part of Other Comprehensive Income.
9	Ind AS 21 – The effects of changes in foreign exchange rates		
(a)	Functional and presentation currency	Foreign currency is a currency other than the reporting currency which is the currency in which financial statements are presented. There is no concept of functional currency.	Functional currency is the currency of the primary economic environment in which the entity operates. Foreign currency is a currency other than functional currency. Presentation currency is a currency in which the financial statements are presented.
(b)	Translation in the consolidated financial statements	<p>Translation of financial statements of a foreign operation to the reporting currency of the parent depends on the classification of that operation as integral or non-integral.</p> <p>In the case of an integral foreign operation, monetary assets are translated at closing rate. Non-monetary items are translated at historical rate if they are valued at cost. Non-monetary items which are carried at fair value or other similar valuation are reported using the exchange rates that existed when the values were determined. Income and expense items are translated at historical/average rate. Exchange differences are taken to the statement of profit or loss.</p> <p>For non-integral foreign operations, closing rate method should be followed (i.e. all assets and liabilities are to be translated at closing rate while profit and loss account items are translated at actual/average rates). The resulting exchange difference is taken to reserve and is recycled to profit and loss on the disposal of the non-integral foreign operation.</p>	<p>For all foreign operations whose functional currency is different from presentation currency of the Group in which financial statements are being presented, assets and liabilities should be translated from functional currency to presentation currency at the closing rate at the date of the statement of financial position and income or expenses at actual/average rates for the period.</p> <p>Exchange differences thus arising are recognized in other comprehensive income and accumulated in a separate component of equity called ‘foreign currency translation reserve’. They are reclassified from equity to profit or loss (as a reclassification adjustment) when the gain or loss on disposal is recognized.</p>

11	Ind AS 36 – Impairment of assets		
(a)	Frequency	Goodwill is tested for impairment only when there is an indication that they may be impaired.	Goodwill is required to be tested for impairment at least on an annual basis or earlier if there is an impairment indication.
12	Ind AS 101 – First time adoption of Indian Accounting Standards		
(a)	Exceptions and exemptions on the first time adoption of Ind AS	There is no equivalent standard under Indian GAAP.	<p>Exceptions to the retrospective application of other Ind AS</p> <p>This Ind AS prohibits retrospective application of some aspects of other Ind AS. The following are likely to be applicable to the Company:</p> <ul style="list-style-type: none"> (i) Estimates: An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP, unless there is objective evidence that those estimates had an error. (ii) Classification and measurement of financial assets: if it is impracticable for an entity to apply retrospectively the effective interest method in Ind AS 109, the fair value of the financial asset or the financial liability at the date of transition to Ind AS shall be the new gross carrying amount of that financial asset or the new amortized cost of that financial liability at the date of transition to Ind AS. <p>Exemptions from other Ind AS</p> <p>An entity may elect to use the exemptions provided. (d)	Accounting for financial liabilities	Under Indian GAAP, no accounting standard provides detailed guidance on the measurement of financial liabilities. The common practice is to recognize financial liability for consideration received on its recognition. Subsequently, interest is recognized at contractual rate, if any.	<p>Under Ind AS:</p> <ul style="list-style-type: none"> • All financial liabilities are classified into two categories, namely, fair value through profit or loss (FVTPL) and other financial liabilities; • Initially, all financial liabilities other than those classified as FVTPL, are measured at fair value. • Subsequent to initial recognition, liabilities which are classified at FVTPL are measured at fair values, with gain or loss (other than gain or loss attributable to 'own credit risk') being recognized in income statement. Gain or loss attributable to 'own credit risk' for FVTPL liabilities is recognized in equity. • All other financial liabilities are measured at amortized cost using the

Neither our Company, Selling shareholder, our Promoter, our Directors, Group Companies, relatives (as per Companies Act, 2013) of Promoter or the person(s) in control of our Company have been identified as a willful defaulter by the RBI or other governmental authority and there has been no violation of any securities law committed by any of them in the past and no such proceedings are pending against any of them except as details provided in the chapter titled “*Outstanding Litigations and Material Development*” on page 363 of this Red Herring Prospectus .

Eligibility of the Offer

Our Company is not ineligible in terms of Regulations 4(2) of SEBI (ICDR) Regulations for this Offer.

Our Company is an "Unlisted Company" in terms of the SEBI (ICDR) Regulations; and this Offer is an "Initial Public Offer" in terms of the SEBI (ICDR) Regulations.

Our Company is eligible for the Offer in accordance with Regulation 106(M) (2) and other provisions of Chapter XB of the SEBI (ICDR) Regulations, as we are an Issuer whose post issue paid up capital will be more than Rs 10 crore but less than Rs 25 crore, and we may hence issue Equity Shares to the public and propose to list the same on the Small and Medium Enterprise Exchange (in this case being the "SME Platform of NSE").

We confirm that:

1. In accordance with Regulation 106(P) of the SEBI (ICDR) Regulations, this Offer is 100% underwritten and that the Book Running Lead Manager to the Offer shall underwrite minimum 15% of the Total Offer Size. For further details pertaining to said underwriting please refer to chapter titled "*General Information – Underwriting*" beginning on page 57 of this Red Herring Prospectus.
2. In accordance with Regulation 106(R) of the SEBI (ICDR) Regulations, we shall ensure that the total number of proposed allottees in the Offer shall be greater than or equal to fifty (50), otherwise, the entire application money will be unblocked forthwith. If such money is not repaid within eight (8) Working Days from the date our Company becomes liable to repay it, then our Company and every officer in default shall, on and from expiry of eight (8) Working Days, be liable to repay such application money, with an interest at the rate as prescribed under the SEBI (ICDR) Regulations, the Companies Act 2013 and other applicable laws.
3. In accordance with Regulation 106(O) of the SEBI (ICDR) Regulations, we have not filed any offer document with SEBI nor has SEBI issued any observations on our offer document. Also, we shall ensure that our Book Running Lead Manager submits a copy of the Prospectus along with a Due Diligence Certificate including additional confirmations as required to SEBI at the time of filing the Prospectus with the Stock Exchange and the Registrar of Companies.
4. In accordance with Regulation 106(V) of the SEBI (ICDR) Regulations, we hereby confirm that we have entered into an agreement with the Book Running Lead Manager and the Market Maker to ensure compulsory Market Making for a minimum period of three (3) years from the date of listing of Equity Shares on the SME Platform of NSE. For further details on the arrangement of market making, see chapter titled "*General Information – Details of the Market Making Arrangements for this Offer*" beginning on page 57 of this Red Herring Prospectus .

We further confirm that we shall be complying with all the other requirements as laid down for such an offer under Chapter XB of SEBI (ICDR) Regulations, as amended from time to time and subsequent circulars and guidelines issued by SEBI and the Stock Exchange/s.

As per Regulation 106(M)(3) of SEBI (ICDR) Regulations, the provisions of Regulations 6(1), 6(2), 6(3), Regulation 8, Regulation 9, Regulation 10, Regulation 25, Regulation 26, Regulation 27 and sub-regulation (1) of Regulation 49 of SEBI (ICDR) Regulations, 2009 shall not apply to us in this Offer.

Our Company has Net Tangible Assets of at least Rs 1 Crore as per the latest audited financial results (as restated). As on March 31, 2017 the Company has Net Tangible Assets* of Rs 58.06 Crores which satisfies the criteria of having Net Tangible Assets of at least Rs 1.00 Crore.

**Net tangible assets are defined as the sum of all net assets of the Company, excluding intangible assets and Net Deferred Tax as defined in Accounting Standard 26 (AS 26) issued by the Institute of Chartered Accountants of India.*

The Net Worth** (excluding revaluation reserves) of the Company is at least Rs 1 Crore as per the latest audited financial results.

***Net worth includes Equity Share Capital and Reserves (excluding revaluation reserves, Miscellaneous Expenditure not written off, if any & Debit Balance of Profit and Loss Account not written off, if any).*

Track record of distributable profits in terms of Section 123 of Companies Act, 2013 for at least two years out of immediately preceding three financial years and each financial year has to be a period of at least 12 months. Extraordinary income will not be considered for the purpose of calculating distributable profits. Otherwise, the Net Worth shall be at least Rs 3 Crores.

Our Company's distributable profits in terms of Section 123 of Companies Act, 2013 (as restated) in last three financial years are detailed below:

Particulars	FY 2016-17	FY 2015-16	FY 2014-15

Option to receive Equity Shares in dematerialized form

In terms of section 29 of the Companies Act, 2013 and in accordance with SEBI (ICDR) Regulations, the Equity Shares shall be allotted only in dematerialised form.

The investors have an option either to receive the security certificate or to hold the securities with depository. However, as per SEBI's circular RMB (compendium) series circular no. 2 (1999-2000) dated February 16, 2000, it has been decided by the SEBI that trading in securities of companies making an Initial Public Issue shall be in dematerialized form only. The Equity Shares on Allotment will be traded only on the dematerialized segment of the SME Exchange. Applicants will not have an option of Allotment of the Equity Shares in physical form. Allottees shall have the option to re-materialise the Equity Shares, if they so desire, as per the provisions of the Companies Act, 2013 and the Depositories Act.

In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Offer:

1. Tripartite agreement dated November 02, 2012 between our Company, NSDL and the Registrar to the Offer.
2. Tripartite agreement dated September 04, 2017 between our Company, CDSL and the Registrar to the Offer.

Minimum Application Value, Market Lot and Trading Lot

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Allotment in the Offer will be only in electronic form in multiples of one Equity Share subject to a minimum Allotment of 1200 Equity Shares.

The trading of the Equity Shares will happen in the minimum contract size of 1200 Equity Shares and the same may be modified by the SME Platform of NSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this RHP will be done in multiples of 1200 Equity Shares subject to a minimum allotment of 1200 Equity Shares to the successful applicants in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Joint Holders

Where two (2) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of this section shall upon the production of such evidence as may be required by the Board, elect either:

- To register himself or herself as the holder of the Equity Shares; or
- To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Offer will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Withdrawal of the Offer

Our Company and the Selling Shareholder, severally and not jointly, in consultation with the BRLMs, reserve the right not to proceed with the Fresh Issue and / or Offer for Sale, in whole or part thereof, after the Bid/Offer Opening Date but before the Allotment. In the event that the Company and the Selling Shareholder in consultation with the BRLMs decide not to proceed with the Offer at all, our Company would issue a public notice in the newspapers in which the pre-Offer advertisements were published, within two days of the Bid/Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. In such event, the BRLMs through the Registrar to the Offer, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, the Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment, and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company withdraws the Offer after the Bid/Offer Closing Date and thereafter determines that it will proceed with an issue/offer for sale of the Equity Shares, our Company shall file a fresh RHP with SEBI.

Period of Operation of Subscription List of Public Offer:

Bid Programme

BID OPENED ON:	September 28, 2017
BID CLOSED ON:	October 3, 2017

An indicative timetable in respect of the Offer is set out below:

Event	Indicative Date
Bid / Offer Opening Date	September 28, 2017
Bid / Offer Closing Date	October 03, 2017
Finalisation of Basis of Allotment with the Designated Stock Exchange	October 06, 2017
Allotment of Shares / Unblocking of Funds	October 9, 2017
Credit of Equity Shares to demat accounts of Allottees	October 10, 2017
Commencement of trading of the Equity Shares on the Stock Exchange	October 11, 2017

The above timetable is indicative and does not constitute any obligation on our Company, the Selling Shareholder or the BRLM.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within six Working Days of the Bid/Offer Closing Date, the timetable may be extended due to various factors, such as extension of the Bid/Offer Period by our Company and the Selling Shareholder, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The Selling Shareholder confirms that it shall extend complete co-operation required by our Company and the BRLMs for the completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within six Working Days from the Bid/Offer Closing Date, with respect to the Equity Shares being offered by such Selling Shareholder in the Offer for Sale.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, the Bidders are advised to submit their Bids one day prior to the Bid/Offer Closing Date. Any time mentioned in this RHP is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under this Offer. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any member of the Syndicate is liable for any failure in uploading the Bids due to faults in any software/hardware system or otherwise.

Our Company and the Selling Shareholder in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/Offer Period. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of revision in the Price Band, the Bid/Offer Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Offer Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a press release and also by indicating the change on the terminals of the Syndicate Members.

In case of any discrepancy in the data entered in the electronic book vis-a-vis the data contained in the Bid cum Application Form, for a particular Bidder, Registrar to the Offer shall ask for the rectified data.

Minimum Subscription

In accordance with Regulation [106P] (1) of SEBI (ICDR) Regulations, this Offer is 100% underwritten. Also, in accordance with explanation to Regulation [106P](1) of SEBI (ICDR) Regulations, the underwriting shall not be restricted to any minimum subscription level. This Offer is 100% underwritten and the details of the same have been disclosed under chapter titled "*General Information*" beginning on page 57 of this RHP.

As per section 39 of the new Companies Act, if the "stated minimum amount" has not been subscribed and the sum payable on application is not received within a period of thirty (30) days from the date of issue of Prospectus, the application money has to be returned within such period as may be prescribed.

If our Company does not receive the subscription of 100% of the Offer through this Offer Document including devolvement of Underwriter within sixty (60) days from the date of closure of the offer, our Company shall forthwith unblocked the entire subscription amount received. If there is a delay beyond eight (8) days after our Company becomes liable to pay the amount, our Company shall pay interest prescribed under section 73 of the Companies Act, 2013 and applicable law.

Further, in accordance with Regulation [106R] of SEBI (ICDR) Regulations, the minimum number of allottees in this Offer shall be fifty (50). In case the minimum number of prospective allottees is less than fifty (50), no allotment will be made pursuant to this Offer and the amounts in the ASBA Account shall be unblocked forthwith.

Further, in accordance with Regulation [106Q] of the SEBI (ICDR) Regulations the minimum application size in terms of number of specified securities shall not be less than Rs. 1,00,000/- (Rupees One Lakh) per application.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Arrangements for disposal of odd lots

BIDS BY FPI INCLUDING FII'S:

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or a sub-account may participate in this Offer, in

accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Offer, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the offer of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10.00% of our post-Offer Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10.00% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10.00% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Offer are advised to use the Bid cum Application Form for Non-Residents (blue in colour).

BIDS BY SEBI REGISTERED VCF'S, AIF'S AND FVCI'S:

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIF's.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated

by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Selling Shareholder or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Company also complies with the eligibility conditions laid by the EMERGE Platform of NSE for listing of our Equity Shares.

TYPES OF PUBLIC ISSUES – FIXED PRICE ISSUES AND BOOK BUILT ISSUES

In accordance with the provisions of the SEBI (ICDR) Regulations, 2009, an Issuer can either determine the Offer Price through the Book Building Process (“Book Built issues”) or undertake a Fixed Price Issue (“Fixed Price Issues”). An issuer may mention Floor Price or Price Band in the RHP (in case of a Book Built Issue) and a Price or Price Band in the RHP (in case of a Book Built Issue) and a Price or Price Band in the Draft Red Herring Prospectus (in case of a fixed price Issue) and determine the price at a later date before registering the Prospectus with the Registrar of Companies.

The cap on the Price Band should be less than or equal to 120% of the Floor Price. The issuer shall announce the Price or the Floor Price or the Price Band through advertisement in all newspapers in which the pre-issue advertisement was given at least five Working Days before the Bid/ Offer Opening Date, in case of an IPO and at least one Working Day before the Bid/Offer Opening Date, in case of an FPO.

The Floor Price or the Offer price cannot be lesser than the face value of the securities. Bidders should refer to the RHP/ Prospectus or Offer advertisements to check whether the Issue is a Book Built Issue or a Fixed Price Issue.

2.3 **ISSUE PERIOD**

The Offer may be kept open for a minimum of three Working Days (for all category of Bidders) and not more than ten Working Days. Bidders are advised to refer to the Bid cum Application Form and Abridged Prospectus or RHP for details of the Offer Period. Details of Offer Period are also available on the website of Stock Exchange(s).

In case of a Book Built Issue, the Issuer may close the Bid/Offer Period for QIBs one Working Day prior to the Bid/Offer Closing Date if disclosures to that effect are made in the RHP. In case of revision of the Floor Price or Price Band in Book Built Issues the Bid/Issue Period may be extended by at least three Working Days, subject to the total Bid/Offer Period not exceeding 10 Working Days. For details of any revision of the Floor Price or Price Band, Bidders/Applicants may check the announcements made by the Issuer on the websites of the Stock Exchanges and the BRLM, and the advertisement in the newspaper(s) issued in this regard

2.4 **MIGRATION TO MAIN BOARD**

SME Issuer may migrate to the Main Board of SE from the SME Exchange at a later date subject to the following:

- a) **the Paid up Capital of the Company is likely to increase above Rs. 25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), the Company shall apply to SE for listing of its shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board.**
- b) **If the Paid up Capital of the company is more than 10 crores but below Rs. 25 crores, the Company may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.**

- e) **Nomination Facility to Bidder:** Nomination facility is available in accordance with the provisions of Section 72 of the Companies Act, 2013. In case of allotment of the Equity Shares in dematerialized form, there is no need to make a separate nomination as the nomination registered with the Depository may prevail. For changing nominations, the Bidders should inform their respective DP.

4.1.2 FIELD NUMBER 2: PAN NUMBER OF SOLE /FIRST BIDDER

- a) PAN (of the sole/first Bidder) provided in the Bid cum Application Form/Application Form should be exactly the same as the PAN of the person in whose sole or first name the relevant beneficiary account is held as per the Depositories' records.
- b) PAN is the sole identification number for participants transacting in the securities market irrespective of the amount of transaction except for Bids on behalf of the Central or State Government, Bids by officials appointed by the courts and Bids by Bidders residing in Sikkim (—PAN Exempted Bidders). Consequently, all Bidders, other than the PAN Exempted Bidders, are required to disclose their PAN in the Bid cum Application Form Form, irrespective of the Bid Amount. Bids by the Bidders whose PAN is not available as per the Demographic Details available in their Depository records, are liable to be rejected.

- c) The exemption for the PAN Exempted Bidders is subject to (a) the Demographic Details received from the respective Depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
- d) Bid cum Application Forms which provide the GIR Number instead of PAN may be rejected.
- e) Bids by Bidders whose demat accounts have been suspended for credit are liable to be rejected pursuant to the circular issued by SEBI on July 29, 2010, bearing number CIR/MRD/DP/22/2010. Such accounts are classified as "Inactive demat accounts" and Demographic Details are not provided by depositories.

4.1.3 FIELD NUMBER 3: BIDDERS DEPOSITORY ACCOUNT DETAILS

- a) Bidder should ensure that DP ID and the Client ID are correctly filled in the Bid cum Application Form. The DP ID and Client ID provided in the Bid cum Application Form should match with the DP ID and Client ID available in the Depository database, **otherwise, the Bid cum Application Form is liable to be rejected.**
- b) Bidder should ensure that the beneficiary account provided in the Bid cum Application Form is active.
- c) Bidder should note that on the basis of DP ID and Client ID as provided in the Bid cum Application Form, the Bidder may be deemed to have authorized the Depositories to provide to the Registrar to the Offer, any requested Demographic Details of the as available on the records of the depositories. These Demographic Details may be used, among other things, for sending allocation advice and for other correspondence(s) related to the offer.
- d) Bidders are, advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Bidders' sole risk.

4.1.4 FIELD NUMBER 4: BID OPTIONS

- a) Price or Floor Price or Price Band, minimum Bid Lot and Discount (if applicable) may be disclosed in the RHP by the Issuer. The Issuer is required to announce the Floor Price or Price Band, minimum Bid Lot and Discount (if applicable) by way of an advertisement in at least one English, one Hindi and one regional newspaper, with wide circulation, at least five Working Days before Bid/Offer Opening Date in case of an IPO, and at least one Working Day before Bid/Offer Opening Date in case of an FPO.
- b) The Bidders may Bid at or above Floor Price or within the Price Band for IPOs undertaken through the Book Building Process. Cut-Off Price: Retail Individual Investors or Employees or Retail Individual Shareholders can Bid at the Cut off Price indicating their agreement to Bid for and purchase the Equity Shares at the Offer Price as determined at the end of the Book Building Process. Bidding at the Cut-off Price is prohibited for QIBs and NIIs and such Bids from QIBs and NIIs may be rejected.
- c) **Cut-Off Price: Retail Individual Investors or Employees or Retail Individual Shareholders can Bid at the Cut-off Price indicating their agreement to Bid for and purchase the Equity Shares at the Offer Price as determined at the end of the Book Building Process. Bidding at the Cut-off Price is prohibited for QIBs and NIIs and such Bids from QIBs and NIIs may be rejected.**

- d) **Minimum Bid Value and Bid Lot:** The Issuer in consultation with the BRLM may decide the minimum number of Equity Shares for each Bid to ensure that the minimum Bid value is within the range of above Rs.1,00,000. The minimum Bid Lot is accordingly determined by an Issuer on basis of such minimum Bid value.
- e) **Allotment:** The Allotment of specified securities to each RII shall not be less than the minimum Bid Lot, subject to availability of shares in the RII category, and the remaining available shares, if any, shall be Allotted on a proportionate basis. For details of the Bid Lot, Bidders may to the RHP or the advertisement regarding the Price Band published by the Issuer.

4.1.4.1 Maximum and Minimum Bid Size

a) For Retail Individual Bidder

The Bid must be for a minimum of 1200 Equity Shares. As the Bid Price payable by the Retail Individual Bidders cannot exceed Rs. 2,00,000, they can make Bid for only minimum size i.e. for 1200 Equity Shares.

b) For Other Bidders (Non Institutional Bidders and QIBs):

- (i) The Bid must be for a minimum of such number of Equity Shares such that the Bid Amount exceeds Rs. 200,000 and in multiples of 1200 Equity Shares thereafter. A Bid cannot be submitted for more than the Issue Size. However, the maximum Bid by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB cannot withdraw its Bid after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Bid. In case of revision in Bids, the Non Institutional Bidders, who are individuals, have to ensure that the Bid Amount is greater than Rs. 2,00,000 for being considered for allocation in the Non Institutional Portion. Bidders are advised to ensure that any single Bid cum Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the RHP/Prospectus.
- (ii) In case the Bid Amount reduces to Rs. 200,000 or less due to a revision of the Price Band, Bids by the Non-Institutional Bidders who are eligible for allocation in the Retail Category would be considered for allocation under the Retail Category.
- (iii) The price and quantity options submitted by the Bidder in the Bid cum Application Form may be treated as optional bids from the Bidder and may not be cumulated. After determination of the Issue Price, the number of Equity Shares Bid for by a Bidder at or above the Issue Price may be considered for allotment and the rest of the Bid(s), irrespective of the Bid Amount may automatically become invalid. This is not applicable in case of FPOs undertaken through Alternate Book Building Process

4.1.4.2 Multiple Bids

- (a) Bidder should submit only one Bid cum Application Form. Bidder shall have the option to make a maximum of Bids at three different price levels in the Bid cum Application Form and such options are not considered as multiple Bids. Submission of a second Bid cum Application Form to either the same or to another member of the Syndicate, SCSB or Registered Broker and duplicate copies of Bid cum Application Forms bearing the same application number shall be treated as multiple Bids and are liable to be rejected.

- (b) Bidders are requested to note the following procedures may be followed by the Registrar to the Offer to detect multiple Bids:
 - (i) All Bids may be checked for common PAN as per the records of the Depository. For Bidders other than Mutual Funds and FII sub-accounts, Bids bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected.
 - (ii) For Bids from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Bids on behalf of the PAN Exempted Bidders, the Bid cum Application Forms may be checked for common DP ID and Client ID. Such Bids which have the same DP ID and Client ID may be treated as multiple Bids and are liable to be rejected.
- (c) The following Bids may not be treated as multiple Bids:
 - (i) Bids by Reserved Categories Bidding in their respective Reservation Portion as well as bids made by them in the Offer portion in public category.
 - (ii) Separate Bids by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Bids clearly indicate the scheme for which the Bid has been made.
 - (iii) Bids by Mutual Funds, and sub-accounts of FIIs (or FIIs and its sub-accounts) submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs.
 - (iv) Bids by Anchor Investors under the Anchor Investor Portion and the QIB Portion.

4.1.5 FIELD NUMBER 5: CATEGORY OF BIDDERS

- (a) The categories of Bidders identified as per the SEBI (ICDR) Regulations, 2009 for the purpose of Bidding, allocation and allotment in the Issue are RIIs, NIIs and QIBs.
- (b) An Issuer can make reservation for certain categories of Bidders as permitted under the SEBI (ICDR) Regulations, 2009. For details of any reservations made in the Offer, Bidders may refer to the RHP.
- (c) The SEBI (ICDR) Regulations, 2009, specify the allocation or allotment that may be made to various categories of Bidders in an Offer depending upon compliance with the eligibility conditions. Details pertaining to allocation are disclosed on reverse side of the Revision Form. For Offer specific details in relation to allocation Bidder may refer to the RHP.

4.1.6 FIELD NUMBER 6: INVESTOR STATUS

- (a) Each Bidder should check whether it is eligible to apply under applicable law and ensure that any prospective allotment to it in the Offer is in compliance with the investment restrictions under applicable law.
- (b) Certain categories of Bidder, such as NRIs, FPIs and FVCIs may not be allowed to Bid/apply in the Offer or hold Equity Shares exceeding certain limits specified under applicable law. Bidders are requested to refer to the Red Herring Prospectus for more details.
- (c) Bidders should check whether they are eligible to apply on non-repatriation basis or repatriation basis and should accordingly provide the investor status. Details regarding investor status are different in the Resident Bid cum Application Form and Non-Resident Bid cum Application Form.
- (d) Bidders should ensure that their investor status is updated in the Depository records.

4.1.5 FIELD 7: PAYMENT DETAILS

- a) The full Bid Amount (net of any Discount, as applicable) shall be blocked in the ASBA Account based on the authorisation provided in the ASBA Form. If discount is applicable in the Offer, the RIIs should indicate the full Bid Amount in the Bid cum Application Form and the funds shall be blocked for the Bid Amount net of Discount. Only in cases where the RHP indicates that part payment may be made, such an option can be exercised by the Bidder. In case of Bidders specifying more than one Bid Option in the Bid cum Application Form, the total Bid Amount may be calculated for the highest of three options at net price, i.e. Bid price less Discount offered, if any.
- b) Bid Amount cannot be paid in cash, through money order or through postal order or through stock invest.
- c) Bidders who Bid at Cut-off Price shall DEPOSIT the Bid Amount based on the Cap Price.
- d) All Bidders can participate in the Offer only through the ASBA mechanism.
- e) Please note that, providing bank account details in the space provided in the Bid cum Application Form is mandatory and Applications that do not contain such details are liable to be rejected.

4.1.5.1 Payment instructions for Bidders

- a) Bidders may submit the ASBA Form either
 - (i) in electronic mode through the internet banking facility offered by an SCSB authorizing blocking of funds that are available in the ASBA account specified in the Bid cum Application Form, or
 - (ii) in physical mode to any Designated Intermediary.
- b) Bidders must specify the Bank Account number in the Bid cum Application Form. The Bid cum Application Form submitted by Bidder and which is accompanied by cash, demand draft, money order, postal order or any mode of payment other than blocked amounts in the ASBA Account maintained with an SCSB, will not be accepted.
- c) Bidders should ensure that the Bid cum Application Form is also signed by the ASBA Account holder(s) if the Bidder is not the ASBA Account holder.
- d) Bidders shall note that for the purpose of blocking funds under ASBA facility clearly demarcated funds shall be available in the account.
- e) From one ASBA Account, a maximum of five Bid cum Application Forms can be submitted.
- f) Bidders should submit the Bid cum Application Form only at the Bidding Centre i.e to the respective member of the Syndicate at the Specified Locations, the SCSBs, the Registered Broker at the Broker Centres, the RTA at the Designated RTA Locations or CDP at the Designated CDP Locations
- g) Bidders bidding through a Designated Intermediary, other than a SCSB, should note that ASBA Forms submitted to such Designated Intermediary may not be accepted, if the SCSB where the ASBA Account, as specified in the Bid cum Application Form, is maintained has not named at least one branch at that location for such Designated Intermediary, to deposit ASBA Forms.
- h) Bidders bidding directly through the SCSBs should ensure that the ASBA Form is submitted to a Designated Branch of a SCSB where the ASBA Account is maintained.

- i) Upon receipt of the ASBA Form, the Designated Branch of the SCSB may verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form.
- j) If sufficient funds are available in the ASBA Account, the SCSB may block an amount equivalent to the Bid Amount mentioned in the ASBA Form and for application directly submitted to SCSB by investor, may enter each Bid option into the electronic bidding system as a separate Bid.
- k) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB may not accept such Bids and such bids are liable to be rejected.
- l) Upon submission of a completed ASBA Form each Bidder may be deemed to have agreed to block the entire Bid Amount and authorized the Designated Branch of the SCSB to block the Bid Amount specified in the ASBA Form in the ASBA Account maintained with the SCSBs
- m) The Bid Amount may remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Offer Account, or until withdrawal or failure of the Offer, or until withdrawal or rejection of the Bid, as the case may be.
- n) SCSBs bidding in the Offer must apply through an Account maintained with any other SCSB; else their Bids are liable to be rejected.

Unblocking of ASBA Account

- (a) Once the Basis of Allotment is approved by the Designated Stock Exchange, the Registrar to the Offer may provide the following details to the controlling branches of each SCSB, along with instructions to unblock the relevant bank accounts and for successful Bids transfer the requisite money to the Public Offer Account designated for this purpose, within the specified timelines: (i) the number of Equity Shares to be Allotted against each Bid, (ii) the amount to be transferred from the relevant bank account to the Public Offer Account, for each Bid, (iii) the date by which funds referred to in (ii) above may be transferred to the Public Offer Account, and (iv) details of rejected Bids, if any, to enable the SCSBs to unblock the respective bank accounts.
- (b) On the basis of instructions from the Registrar to the Offer, the SCSBs may transfer the requisite amount against each successful Bidder to the Public Offer Account and may unblock the excess amount, if any, in the ASBA Account.
- (c) In the event of withdrawal or rejection of the ASBA Form and for unsuccessful Bids, the Registrar to the Offer may give instructions to the SCSB to unblock the Bid Amount in the relevant ASBA Account within six Working Days of the Bid/Offer Closing Date.
- (d) In the event of withdrawal or rejection of the Bid cum Application Form and for unsuccessful Bidders, the Registrar to the Offer may give instructions to the SCSB to unblock the Bid Amount in the relevant ASBA Account within 6 Working Days of the Bid/Offer Closing Date.

4.1.5.2 Discount (if applicable)

- (a) The Discount is stated in absolute rupee terms.
- (b) Bidders applying under RII category, Retail Individual Shareholder and employees are only eligible for discount. For Discounts offered in the Offer, Bidders may refer to the RHP/Prospectus.
- (c) The Bidders entitled to the applicable Discount in the Offer may make payment for an amount i.e. the Bid Amount less Discount (if applicable). Bidder may note that in case the net payment (post Discount) is more than two lakh Rupees, the bidding system automatically considers such Bids for allocation under Non-Institutional Category. These Bids are neither eligible for Discount nor fall under RII category.

4.1.5.3 Additional Payment Instructions for NRIs

The Non-Resident Indians who intend to block funds through Non-Resident Ordinary (NRO) accounts shall use the form meant for Resident Indians (non-repatriation basis). In the case of Bids by NRIs applying on a repatriation basis, payment shall not be accepted out of NRO Account.

4.1.6 FIELD NUMBER 8: SIGNATURES AND OTHER AUTHORISATIONS

- (a) Only the First Bidder is required to sign the Bid cum Application Form. Bidders should ensure that signatures are in one of the languages specified in the Eighth Schedule to the Constitution of India.
- (b) If the ASBA Account is held by a person or persons other than the Bidder., then the Signature of the ASBA Account holder(s) is also required. In relation to the Bids, signature has to be correctly affixed in the authorization/undertaking box in the Bid cum Application Form, or an authorisation has to be provided to the SCSB via the electronic mode, for blocking funds in the ASBA Account equivalent to the Bid/ amount mentioned in the Bid cum Application Form.
- (c) Bidders must note that Bid cum Application Form without signature of Bidder and /or ASBA Account holder is liable to be rejected.

4.1.7 ACKNOWLEDGEMENT AND FUTURE COMMUNICATION

- (a) Bidders should ensure that they receive the acknowledgment duly signed and stamped by Bid Collecting Intermediary or SCSB, as applicable, for submission of the Bid cum Application Form.
- (b) All communications in connection with Bid made in the Offer should be addressed as under:
 - (i) In case of queries related to Allotment, non-receipt of Allotment Advice, credit of allotted equity shares, the Bidders should contact the Registrar to the Offer.
 - (ii) In case of ASBA Bids submitted to the Designated Branches of the SCSBs, the Bidders should contact the relevant Designated Branch of the SCSB.
 - (iii) Bidders may contact the Company Secretary and Compliance Officer or BRLMS(s) in case of any other complaints in relation to the Offer.
 - (iv) In case of queries relating to uploading of Bids by a Syndicate Member, the Bidders should contact the relevant Syndicate Member.
 - (v) In case of queries relating to uploading of Bids by a Registered Broker, the Bidders should contact the relevant Registered Broker vii. In case of Bids submitted to the RTA, the Bidders should contact the relevant RTA. viii. In case of Bids submitted to the DP, the Bidders should contact the relevant DP.

- (c) The following details (as applicable) should be quoted while making any queries –

4.2.1 FIELDS 1, 2 AND 3: NAME AND CONTACT DETAILS OF SOLE/FIRST BIDDER, PAN OF SOLE/FIRST BIDDER & DEPOSITORY ACCOUNT DETAILS OF THE BIDDER

Bidders should refer to instructions contained in paragraphs 4.1.1, 4.1.2 and 4.1.3.

4.2.2 FIELD 4 & 5: BID OPTIONS REVISION „FROM“ AND „TO“

- a) Apart from mentioning the revised number of shares in the Revision Form, the Bidder must also mention the details of shares applied/bid for given in his or her Bid cum Application Form or earlier Revision Form. For example, if a Bidder has Bid for three options in the Bid cum Application Form and such Bidder is changing only one of the options in the Revision Form, the Bidder must still fill the details of the other two options that are not being revised, in the Revision Form. The members of the Syndicate, the Registered Brokers and the Designated Branches of the SCSBs may not accept incomplete or inaccurate Revision Forms.
- b) case of revision, Bid options should be provided by Bidders in the same order as provided in the Bid cum Application Form.
- c) In case of revision of Bids by RIIs, Employees and Retail Individual Shareholders, such Bidders should ensure that the Bid Amount, subsequent to revision, does not exceed Rs. 200,000. In case the Bid Amount exceeds Rs.200,000 due to revision of the Bid or for any other reason, the Bid may be considered, subject to eligibility, for allocation under the Non-Institutional Category, not being eligible for Discount (if applicable) and such Bid may be rejected if it is at the Cut-off Price. The Cut-off Price option is given only to the RIIs, Employees and Retail Individual Shareholders indicating their agreement to Bid for and purchase the Equity Shares at the Offer Price as determined at the end of the Book Building Process.
- d) In case the total amount (i.e., original Bid Amount plus additional payment) exceeds Rs. 200,000, the Bid will be considered for allocation under the Non- Institutional Category in terms of the RHP. If, however, the RII does not either revise the Bid or make additional payment and the Offer Price is higher than the cap of the Price Band prior to revision, the number of Equity Shares Bid for shall be adjusted downwards for the purpose of allocation, such that no additional payment would be required from the RII and the RII is deemed to have approved such revised Bid at Cut-off Price.
- e) In case of a downward revision in the Price Band, RIIs and Bids by Employees under the Reservation Portion, who have bid at the Cut-off Price could either revise their Bid or the excess amount paid at the time of Bidding may be unblocked in case of Bidders.

4.2.3 FIELD 6: PAYMENT DETAILS

- a) All Bidders are required to make payment of the full Bid Amount (less Discount, if applicable) along with the Bid Revision Form. In case of Bidders specifying more than one Bid Option in the Bid cum Application Form, the total Bid Amount may be calculated for the highest of three options at net price, i.e. Bid price less discount offered, if any.
- b) Bidder may Offer instructions to block the revised amount based on cap of the revised Price Band (adjusted for the Discount (if applicable) in the ASBA Account, to the same Designated Intermediary through whom such Bidder had placed the original Bid to enable the relevant SCSB to block the additional Bid Amount, if any.
- c) In case the total amount (i.e., original Bid Amount less discount (if applicable) plus additional payment) exceeds Rs. 200,000, the Bid may be considered for allocation under the Non-Institutional Category in terms of the RHP. If, however, the Bidder does not either revise the Bid or make additional payment and the Offer Price is higher than the cap of the Price Band prior to revision, the number of Equity Shares Bid for may be adjusted downwards for the purpose of Allotment, such that additional amount is required blocked and the Bidder is deemed to have

approved such revised Bid at the Cut-off Price.

- d) In case of a downward revision in the Price Band, RIIs, Employees and Retail Individual Shareholders, who have bid at the Cut-off Price, could either revise their Bid or the excess amount paid at the time of Bidding may be unblocked.

4.2.4 FIELDS 7: SIGNATURES AND ACKNOWLEDGEMENTS

Bidders may refer to instructions contained at paragraphs 4.1.8 and 4.1.9 for this purpose.

4.3 SUBMISSION OF REVISION FORM/BID CUM APPLICATION FORM /APPLICATION FORM

4.3.1 Bidders may submit completed Bid cum application form / Revision Form in the following manner:-

Mode of Bid	Submission of Bid cum Application Form
All investors Bids	To the Bid cum Application Collecting Intermediaries as mentioned in the Draft Red herring Prospectus/ Bid cum Application Form

Bidders should submit the Revision Form to the same Designated Intermediary through which such Bidders had placed the original Bid.

SECTION 5: INSTRUCTIONS FOR FILING APPLICATION FORM IN ISSUES MADE OTHER THAN THROUGH THE BOOK BUILDING PROCESS (FIXED PRICE ISSUE)

This being book built issue procedure for fixed price issue is not applicable.

SECTION 6- ISSUE PROCEDURE IN BOOK BUILT ISSUE

Book Building, in the context of the Offer, refers to the process of collection of Bids within the Price Band or above the Floor Price and determining the Offer Price based on the Bids received as detailed in Schedule XI of SEBI (ICDR) Regulations, 2009. The Offer Price is finalised after the Bid/Offer Closing Date. Valid Bids received at or above the Offer Price are considered for allocation in the Offer, subject to applicable regulations and other terms and conditions.

6.1 SUBMISSION OF BIDS

- a) During the Bid/Offer Period, Bidders may approach any of the Designated Intermediaries to register their Bids. Anchor Investors who are interested in subscribing for the Equity Shares should approach the Book Running Lead Manager, to register their Bid.
- b) In case of Bidders (excluding NIIs and QIBs) Bidding at Cut-off Price, the Bidders may instruct the SCSBs to block Bid Amount based on the Cap Price less Discount (if applicable).
- c) For Details of the timing on acceptance and upload of Bids in the Stock Exchanges Platform Bidders are requested to refer to the RHP.

6.2 ELECTRONIC REGISTRATION OF BIDS

- a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the issue.

- b) On the Bid/Offer Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges.
- c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given till 1:00 pm on the day following the Bid/Offer Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing.

6.3 BUILD UP OF THE BOOK

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchanges on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/Offer Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchanges Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchanges may be made available at the Bidding centres during the Bid/Offer Period.

6.4 WITHDRAWAL OF BIDS

- a) RIIs can withdraw their Bids until Bid/Offer Closing Date. In case a RII wishes to withdraw the Bid during the Bid/Offer Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Offer shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

BASIS OF ALLOCATION

- a) The SEBI (ICDR) Regulations, 2009 specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, 2009. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Offer, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.
- d) Illustration of the Book Building and Price Discovery Process Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors.

Bidders can bid at any price within the Price Band. For instance, assume a Price Band of Rs.20 to Rs 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (Rs.)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., Rs. 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below Rs. 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

SECTION 6: OFFER PROCEDURE IN FIXED PRICE ISSUE

This being Book Built Issue, this section is not applicable for this Offer.

SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Retail Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Offer (excluding any Offer for Sale of specified securities). However, in case the Offer is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

7.1 BASIS OF ALLOTMENT

Allotment will be made in consultation with the SME Platform of NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth hereunder:

- (a) total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category x number of Shares applied for).
- (b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the oversubscription ratio).
- (c) Bids where the proportionate allotment works out to less than 1200equity shares the allotment will be made as follows:
 - (i) Each successful Bidder shall be allotted 1200equity shares; and
 - (ii) The successful Bidder out of the total bidders for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- (d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 1200equity shares, the Bidder would be allotted Shares by rounding off to the nearestmultiple of 1200equity shares subject to a minimum allotment of 1200equity shares.
- (e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applyingfor the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1200Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this RHP.
- (f) The above proportionate allotment of Shares in an Issue that is oversubscribed shall be subject to the reservation for Retail individual Bidders as described below:
 - (i) As the retail individual investor category is entitled to more than fifty per cent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - (ii) The balance net offer of shares to the public shall be made available for allotment to •individual bidders other than retails individual investors and other investors, including corporate bodies/ institutions irrespective of number of shares applied for.
 - (iii) The unsubscribed portion of the net offer to any one of the categories specified in a) or
- (g) shall/may be made available for allocation to bidders in the other category, if so required.

'Retail Individual Investor' means an investor who applies for shares of value of not more than Rs.2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE- the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

7.2 DESIGNATED DATE AND ALLOTMENT OF EQUITY SHARES

- (a) **Date:** On the Designated Date, the SCSBs shall transfer the funds represented by allocation of Equity Shares into the Public Offer Account with the Bankers to the Offer.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the FDI Policy and FEMA. The government bodies responsible for granting foreign investment approvals are the concerned ministries/departments of the Government of India and the RBI. The Union Cabinet has recently approved phasing out the erstwhile Foreign Investment Promotion Board, as provided in the press release dated May 24, 2017. Accordingly, pursuant to the Office Memorandum dated June 5, 2017 issued by the Department of Economic Affairs, Ministry of Finance, approval for foreign investment under the FDI Policy and FEMA has been entrusted to the concerned ministries/departments.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DIPP issued the consolidated FDI Policy by way of circular no. D/o IPP F. No. 5(1)/2017-FC-1 Dated the August 28, 2017 which with effect from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 28, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, FDI Policy will be valid until the DIPP issues an updated FDI Policy.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company falls under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI and RBI.

As per the existing policy of the Government, OCBs cannot participate in this Issue.

In accordance with the FDI Policy, participation by non-residents in the Issue is restricted to participation by (i) FPIs through the portfolio investment scheme under Schedule 2A of the FEMA Regulations, in the Offer subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of the Company and the aggregate limit for FPI investment as provided under applicable laws; and (ii) Eligible NRIs only on non-repatriation basis under Schedule 4 of the FEMA Regulations subject to limit of the individual holding of an NRI below 5% of the post-Issue paid-up capital of the Company and the aggregate limit for NRI investment to 10% of the post-Issue paid-up capital of our Company. Further, other nonresidents such as FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government, OCBs cannot participate in this Issue.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (i) in the United States only to persons reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the Securities Act and referred to in this Red Herring Prospectus as “U.S. QIBs”, for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Red Herring Prospectus as “QIBs”) pursuant to Rule 144A or another available exemption from the registration requirements of the Securities Act, and (ii) outside the United States only in offshore transactions in reliance on Regulation S under the Securities Act and pursuant to the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

INVESTMENT CONDITIONS/RESTRICTIONS FOR OVERSEAS ENTITIES

Under the current FDI Policy 2016, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FII, FPI, NRI, FVCI, LLPs, DRs and Investment Vehicles under Schedule 1, 2, 2A, 3, 6, 9, 10 and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49 % or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

(i) **Investment by FIIs under Portfolio Investment Scheme (PIS):**

With regards to purchase/sale of share/s convertible debentures by a registered FII under PIS the total holding by each FII/SEBI approved sub-account of FII shall not exceed 10 % of the total paid-up equity capital or 10% of the paid-up value of each series of convertible debentures issued by an Indian company and the total holdings of all FIIs/sub-accounts of FIIs put together shall not exceed 24 % of paid-up equity capital or paid-up value of each series of convertible debentures. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body. For arriving at the ceiling on holdings of FIIs, shares/ convertible debentures acquired both through primary as well as secondary market will be included. However, the ceiling will not include investment made by FII through off-shore Funds, Global Depository receipts and Euro- Convertible Bonds. With regard to convertible debentures, these investments permitted to be made shall not exceed 5 % of the total paid-up equity capital or 5% of the paid-up value of each series of convertible debentures issued by an Indian Company, and shall also not exceed the over-all ceiling limit of 24 % of paid-up equity capital or paid up value of each series of convertible debentures.

(ii) **Investment by Registered Foreign Portfolio Investor (RFPI) under Foreign Portfolio Investment (FPI) Scheme**

With respect to purchase/sale of shares or convertible debentures or warrants, a RFPI registered in accordance with SEBI (FPI) Regulations, 2014 as amended in regular intervals may purchase shares or convertible debentures or warrants of an Indian company under FPI scheme. The total holding by each RFPI shall be below 10 % of the total paid-up equity capital or 10 % of the paid-up value of each series of convertible debentures issued by an Indian company and the total holdings of all RFPI put together shall not exceed 24 % of paid-up equity capital or paid up value of each series of convertible debentures. The said limit of 24 % will be called aggregate limit. However, the aggregate limit of 24 % may be increased up to the sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its General Body. For arriving at the ceiling on holdings of RFPI, shares or convertible debentures or warrants acquired both through primary as well as secondary market will be included. However, the ceiling will exclude investment made by RFPI through off-shore Funds, Global Depository Receipts and Euro-Convertible Bonds but include holding of RFPI and deemed RFPI in the investee company for computation of 24 % or enhanced limit.

(iii) **Investment by NRI on repatriation and non-repatriation basis under PIS:**

With respect to purchase/sale of shares and/or convertible debentures by a NRI on a stock exchange in India on repatriation and/or non-repatriation basis under PIS is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2000. Further, with regard to limits:

the aggregate paid-up value of each series of debentures purchased by all NRIs does not exceed 10% of the paid-up value of each series of convertible debentures; However, the aggregate ceiling of 10 % may be raised to 24 % if a special resolution to that effect is passed by the General Body of the Indian company concerned.

(iv) **Investment by NRI on Non-repatriation basis**

As per current FDI Policy 2016, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase and sale of shares and convertible debentures or warrants by a NRI on Non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act), except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Offer in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Offer.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bid-cum-Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholder, and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the Bid- cum-Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.
