CERTAIN CONVENTIONS PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

Unless stated otherwise, the financial data in this Prospectus is extracted from the restated financial statements of our Company for financial years ended March 2014, 2015, 2016, 2017 and 2018 prepared in accordance with the applicable provisions of the Companies Act and Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, 2009, as stated in the report of our Peer Reviewed Auditors and set out in the section titled "Restated Financial Information" on page 170. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, and have been restated in accordance with the SEBI Regulations. Our financial years commence on April 1 and end on March 31. In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All decimals have been rounded off to two decimal points.

There are significant differences between Indian GAAP, U.S. GAAP and IFRS. The reconciliation of the financial information to IFRS or U.S. GAAP financial information has not been provided. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Prospectus, and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices, Indian GAAP, Ind AS, the Companies Act and the SEBI (ICDR) Regulations. Any reliance by persons not familiar with Indian accounting practices, Indian GAAP, Ind AS, the Companies Act, the SEBI Regulations on the financial disclosures presented in this Prospectus should accordingly be limited.

CURRENCY OF PRESENTATION

All references to "Rupees" or "Rs." or "INR" or "₹" are to Indian Rupees, the official currency of the Republic of India. All references to "\$", "US\$", "USD", "U.S.\$" or "U.S. Dollar(s)" are to United States Dollars, if any, the official currency of the United States of America.

In this Prospectus, throughout all figures have been expressed in Lacs. The word "Lacs", "Lac", "Lakhs" or "Lakh" means "One hundred thousand".

INDUSTRY & MARKETDATA

Unless otherwise stated, Industry & Market data used throughout this Prospectus have been obtained from internal Company reports, Government data and information obtained from other secondary sources. Industry publications generally state that the information contained in those publications have been obtained from sources believed to be reliable but their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although we believe that industry data used in this Prospectus is reliable, it has not been independently verified.

The extent to which the market and industry data used in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data.

For additional definitions, please refer the section titled "Definitions and Abbreviations" on page 4 of this Prospectus.

FORWARD LOOKING STATEMENTS

Our Company has included statements in this Prospectus, that contain words or phrases such as "will", "aim", "will likely result", "believe", "expect", "will continue", "anticipate", "estimate", "intend", "plan", "project", "shall", "contemplate", "seek to", "future", "objective", "goal", "project", "should", "will continue", "will pursue" and similar expressions or variations of such expressions that are "forward-looking statements". However, these words are not the exclusive means of identifying forward-looking statements. All statements regarding our Company objectives, plans or goals, expected financial condition and results of operations, business, plans and prospects are also forward-looking statements.

These forward-looking statements include statements as to business strategy, revenue and profitability, planned projects and other matters discussed in this Prospectus regarding matters that are not historical fact. These forward-looking statements contained in this Prospectus (whether made by us or any third party) involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.

All forward-looking statements are subject to risks, uncertainties and assumptions that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results to differ materially from expectations include, among others:

- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies.
- Our ability to successfully implement our strategy, our growth and expansion, technological changes.
- Our exposure to market risks that have an impact on our business activities or investments.
- The monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and Globally.
- Our ability of attract and retain qualified personnel;
- Potential mergers, acquisitions, restructurings and increased competition;
- Our failure to keep pace with rapid changes in technology;
- Our ability to protect our intellectual property rights and not infringing intellectual property rights of other parties;
- Changes in domestic and foreign laws, regulations and taxes and changes in competition in our industry.
- The occurrence of natural disasters or calamities.
- Change in political condition in India.
- The outcome of legal or regulatory proceedings that we are or might become involved in;
- Our ability to compete effectively, particularly in new markets and businesses;
- Our dependence on our Key Management Personnel and Promoter;
- Other factors beyond our control; and
- Our ability to manage risks that arise from these factors.

For further discussion of factors that could cause Company's actual results to differ, see the section titled "Risk Factors" on page 12 of this Prospectus. By their nature, certain risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Our Company, the

Lead Manager, and their respective affiliates do not have any obligation to, and do not intend to, update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company will ensure that investors are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India, the FDI Policy, FEMA and circulars and notifications issued thereunder. FEMA regulates the manner in which foreign investment may be made. The consolidated FDI policy circular of 2017, dated August 28, 2017 issued by the DIPP (“**FDI Policy**”) consolidates the policy framework which was in force as on August 28, 2017. Further, the FDI Policy consolidates, subsumes and supersedes all the press notes, press releases, and clarifications on FDI issued by DIPP. As per the FDI Policy the cap for foreign investment in a financial services company regulated by a sectoral regulator (in our case, being SEBI), is 100% under the automatic route. However, downstream investments by a resident entity which is ‘foreign-owned and controlled’ within the meaning of the FDI Policy are treated as foreign investment for the purposes of the FDI Policy.

Transfer of shares between an Indian resident and a non-resident does not require the prior approval of the Government of India or the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI Circular and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI and the RBI. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB and accordingly, the process for FDI and its approval from the Government of India will now be handled by the relevant ministries or departments, in consultation with the DIPP.

As per existing regulations, OCBs cannot participate in the Offer.

The Equity Shares have not been and will not be registered under the U.S. Securities Act, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons as defined in Regulation S under the U.S. Securities Act (“U.S. Persons”) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. The Company has not registered and does not intend to register under the U.S. Investment Company Act in reliance upon section 3(c)(7) thereof. Accordingly, the Equity Shares are only being offered and sold (i) to persons in the United States or to, or for the account or benefit of, U.S. Persons in each case that are both “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act (“Rule 144A”) and referred to in this Prospectus as “U.S. QIBs” and for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Prospectus as “QIBs”) in transactions exempt from or not subject to the registration requirements of the U.S. Securities Act, that are also “qualified purchasers” (as defined under the U.S. Investment Company Act) in reliance upon section 3(c)(7) of the U.S. Investment Company Act and (ii) outside the United States to non-U.S. Persons in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company, the Promoter and the LM are not liable for any amendments, modification, or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in the Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of this offer including the merits and risks involved. Any potential investor in, and purchaser of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment which in some material respects may be different from that which prevails in the other countries.

If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. To obtain a complete understanding, you should read this section in conjunction with the chapters titled “Business Overview” on page 106 and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on page 170 respectively, of this Prospectus as well as other financial information contained herein. Additionally, our business operations could also be affected by additional factors which are not presently known to us or which we currently believe to be immaterial may also have an adverse effect on our business, results of operations and financial conditions. The following factors have been considered for determining the materiality:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively;*
- *Some events may not be material at present but may have material impact in future.*

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact is not quantifiable and hence the same has not been disclosed in such risk factors.

Unless otherwise stated, the financial information of the Company used in this section is derived from our financial statements under Indian GAAP, as restated. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this chapter, see the chapter titled “Definitions and Abbreviations” on page 4 of this Prospectus.

- 1. *We have experienced negative cash flows in prior periods and any negative cash flows in the future could adversely affect our results of operation and financial condition.***

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet its capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flow, it may adversely affect our business and financial operations. The details of our cash flow for the past 5 financial years are as under:

2. *We are highly dependent on certain key customers for a substantial portion of our revenues. Loss of relationship with any of these customers may have a material adverse effect on our profitability and results of operations.*

We depend on certain customers who have contributed to a substantial portion of our total revenues. In the aggregate, our top five customers accounted for 80% of our revenue from operations (net) for the financial year ended March 31, 2018. There is no assurance that we will retain the business of our existing key customers or maintain the current level of business with each of these customers.

Our reliance on a limited number of customers for our business may generally involve several risks. These risks may include, but are not limited to, reduction, delay or cancellation of orders from our significant customers; failure to renew sales contracts with one or more of our significant customers; failure to renegotiate favourable terms with our key customers; the loss of these customers; all of which would have a material adverse effect on the business, financial condition, results of operations and future prospects of our Company. In order to retain some of our existing customers we may also be required to offer terms to such customers which may place restraints on our resources.

Maintaining strong relationships with our key customers is, therefore, essential to our business strategy and to the growth of our business. Some of these customers have been associated for more than 5 years with us through our group entities whose businesses are now integrated into our Company through a Scheme of Arrangement. Additionally, the loss of any key customer, may significantly affect our revenues, and we may have difficulty securing comparable levels of business from other customers to offset any such loss of revenue. We may also not be able to easily re-allocate our resources and assets in a timely or efficient manner.

In addition, we generate account receivables in connection with providing manufacturing services to our key customers. If one or more of our customers were to become insolvent or otherwise unable to pay for the products supplied by us, this could have a have an impact on our business as we may not be able to recoup the unpaid production costs and materials incurred for manufacturing purposes.

Our profitability also depends on the performance and business of our key customers. We rely on the success of our customers in marketing and selling of products and therefore any negative impact on their reputation may also have an effect on our business. Accordingly, risks that could seriously harm our key customers could harm us as well, including:

- reduced pace of industrialization which could affect demand for project supplies;
 - reduced consumer spending on discretionary items in our customers' key markets;
 - recession in countries in which our key customers' operate their businesses;
 - loss of market share of our key customers' products which are manufactured by us;
 - failure of our key customers' products to gain widespread commercial acceptance;
 - our key customers' inability to effectively manage their operations or also seeing a change in their management or constitution which may render us not being a preferred choice for manufacturing products for them; and
 - changes in laws affecting our customers to operate profitably.
3. *We do not obtain firm and long-term volume purchase commitments from our customers. If our customers choose not to renew their agreements with us or continue to place orders with us, our business and results of operations will be adversely affected.*

We enter into agreements with our customers for specific products, which are generally valid for one to three years and are renewed on a regular basis if both the parties decide to do so. These agreements include general terms of sale, specification requirements and pricing policy, but such agreements do not obligate our customers to place an order with us. Actual orders are based on purchase orders issued by our customers from time to time. However, such orders may be amended or cancelled prior to finalisation, and should such an amendment or cancellation take place, it may adversely impact our production schedules. Based on these agreements, our customers provide us with forecasts of the expected demand for certain months and eventually place orders. The precise terms for each shipment, such as pricing and quantities, are also confirmed at the time each order is placed. Notwithstanding the contractual arrangement with our customers, there is no assurance of generating revenues in the future as our customers are not under any obligations to outsource their manufacturing requirements to us. Accordingly, we are not in a position to predict the extent of revenues that we can generate for each of the products manufactured by us in the future. The short-term nature of our customers' commitments and the changes in demand for their products (which are in turn manufactured by us) could reduce our ability to estimate accurately future customer requirements, could make it difficult to schedule production and limit our ability to maximize utilization of our manufacturing capacity.

Accordingly, we face the risk that our customers might not place any order or might place orders of lesser than- expected size or may even cancel existing orders (including where deliveries were to be made in the future) or make change in their policies which may result in reduced quantities being manufactured by us for our customers. Although our customers might be contractually obligated to purchase products on specific terms from us for particular orders placed with us owing to the current contractual arrangements, we may be unable to or may choose not to enforce our contractual rights if our customers choose to cancel existing or change or even terminate their orders with us. Cancellations, reductions or instructions to delay production (thereby delaying delivery of products manufactured by us) by a significant customer could adversely affect our results of operations by reducing our sales volume. Lower utilization of our manufacturing facilities, could also result in our realizing lower margins as we may not be able to undertake manufacturing in large numbers which is critical to our business. Consequently, there is no commitment on the part of the customer to continue to place new work orders with us and as a result, our sales from period to period may fluctuate significantly as a result of changes in our customers' preferences.

In addition, we make significant decisions, including determining the levels of business that we will seek and accept, production schedules, component procurement commitments, personnel requirements and other resource requirements, based on our estimates of customer orders. The short-term nature of our customers' commitments and the changes in demand for their products (which are in turn manufactured by us) could reduce our ability to estimate accurately future customer requirements, make it difficult to schedule production and limit our ability to maximize utilization of our manufacturing capacity. The requirements of our customers are not restricted to one type of product and therefore variations in demand for certain types of products also require us to make certain changes in our manufacturing processes thereby affecting our production schedules.

- 4. The markets in which our customers compete are characterized by consumers and their rapidly changing preferences, advancement in technology and other related factors including lower manufacturing costs and therefore as a result our Company may be affected by any disruptions in the industry.*

We are engaged in design, manufacture and supply of electrical, automobile and irrigation components to our clients as contract manufacturers and as component suppliers to leading industry players on Business-to-Business (B2B) model. The markets in which our customers and we operate are characterized by rapidly changing technology, evolving industry standards and continuous improvements in products and services. These conditions frequently result in short product life cycles. Some of the customers for whom we manufacture products for may also chose not to continue operations in India for many reasons which can also include customer preferences, among others.

If the end-user demand is low for our customers' products, companies for whom we manufacture products may see significant changes in orders from customers and may experience greater pricing pressures. Therefore, risks that could harm the customers of our industry could, as a result, adversely affect our Company as well. Our success is therefore dependent on the success achieved by our customers in developing and marketing their products. If technologies or standards supported by our customers become obsolete or fail to gain widespread commercial acceptance, our customers may experience a reduced demand for their products which may affect our sales, a decline in sales and in operating margins depending on the nature of the product and the end user demand and all of these combined may gradually result in a loss of customers including key ones. We are attempting to reduce the risks inherent in relying on a small number of products by developing and manufacturing new products in the verticals in which we operate and to keep pace with the rapidly emerging technological changes taking place. However, there can be no assurance that we will be successful in development and manufacture of new products as planned and our failure in this regard can have a material adverse effect on our financial condition, results of operations and prospects.

Additionally, industry-wide competition for market share of various products can result in aggressive pricing practices by our customers and therefore our customers may choose to import some of these products which provide them better cost benefits as compared to us or source the products from our competitors. This price-pressure from our customers may adversely affect the prices of the products which we supply, which may lead to reduced revenues, lower profit margins

or loss of market share etc, any of which would have a material adverse effect on our business, financial condition and results of operations.

5. *Our business and results of operations are dependent on the contracts that we enter into. Any breach of the conditions under these contracts may adversely affect our business and results of operations.*

We enter into contracts with our customers which, depending on the customer, may contain terms and conditions which include among others the nature and specification of products to be manufactured and supplied by us, details of vendors of raw materials that are approved by some of our customers, manner of inspection and testing of products manufactured, representation and warranties made by us in relation to our manufacturing capabilities, process to be followed in case of defects, steps to ensure compliance with applicable laws, quality of products, undertakings in relation to protection of intellectual property of our customers, indemnification of our customers due to our negligence or breach of any term of the agreement, defect warranties in relation to the products manufactured or assembled by us.

While, we consider all factors internally prior to entering into such contractual agreements, we cannot assure that we will not enter into such agreements in the future. Additionally, non-compliance with the terms of the contractual arrangements may lead to damages or penalties, termination of the agreements and may also result in our being unable to attract further business from such customers in the future. If we decide not to enter into agreements with onerous conditions, we may lose potential customers.

We have not been subjected to any penalties or damages on account of breach of contracts with our customers till date.

6. *Our continued success is substantially dependent on the services of our Promoter and certain key management personnel, the loss of whom could adversely affect our business*

Our Promoter, Mr. Deepak Chaudhari, has been instrumental in setting up, stabilising and growing the business of our Company over the last two decades. His knowledge, experience and business acumen is a significant factor for our continued growth, expansion in our product range and for our future business strategies. We also depend on our senior management, Directors and other key personnel for our continued success and our inability to retain any key managerial personnel may have an adverse effect on our operations.

Our ability to execute orders and to obtain new clients also depends on our ability to attract, train, motivate and retain highly skilled professionals, particularly at managerial levels. We might face challenges in recruiting suitably skilled personnel, particularly as we continue to grow and diversify our operations. In the future, we may also be unable to compete with other larger companies for suitably skilled personnel due to their ability to offer more competitive compensation and benefits. The loss of any of the members of our senior management team or other key personnel or an inability on our part to manage the attrition levels; may materially and adversely impact our business, results of operations, financial condition and growth prospects.

The success of our business is also dependent upon our ability to hire, retain, and utilize qualified personnel, including engineers, designers, and corporate management professionals who have the

required experience and expertise. From time to time, it may be difficult to attract and retain qualified individuals with the requisite expertise and we may not be able to satisfy the demand from customers for our services because of our inability to successfully hire and retain qualified personnel. For every new product we expand into, we require suitably skilled personnel.

Such skilled personnel may also not be easily available in the market. In addition, as some of our key personnel approach retirement age, we need to have appropriate succession plans in place and to successfully implement such plans. If we cannot attract and retain qualified personnel or effectively implement appropriate succession plans, it could have a material adverse impact on our business, financial condition, and results of operations. Moreover, we may be unable to manage knowledge developed internally, which may be lost in the event of our inability to retain employees.

7. Shortages in, or rises in the prices of, raw materials or components for products we manufacture, which account for majority of our costs, may adversely affect our business.

Our production depends on obtaining adequate supplies of input components and raw materials on a timely basis. We procure the raw materials for our business from local suppliers as well from overseas supplies. For example, we procure plastic parts, packaging from local suppliers and plastic raw materials from suppliers who are located in China, Singapore and Germany.

The percentage contribution of domestic and foreign suppliers towards the purchases made by our Company for the financial year ending March 31, 2018 is set out below:

Particular	March 31, 2018
Domestic Supply - Raw Materials	98.04%
Import - Raw Materials	1.06%

We do not typically maintain large inventories of raw materials, rather we purchase them within shorter periods from various approved third-party component manufacturers that satisfy our quality standards and meet our volume requirements. Due to short term nature of contracts of raw materials and supplies, the prevailing raw material cost is factored in our pricing to the customers. As the production-cycle is small (2-7 days), the procured raw material is processed to finished good and is supplied to the customer. As a result, we hold negligible inventory that is not backed by any firm order. Also, by and large, our terms with our customers stipulate that any currency fluctuation in respect of imported raw materials would be borne by the customers. Notwithstanding this, we cannot assure that our inventory maintenance will continue to be so insulated from any price or currency rate fluctuations in future.

Given the variety of products that we manufacture and with the number of our suppliers dispersed across the country and outside; delays in the delivery of certain of these components could result in delays in planning production. Further, our failure to manage inventory levels efficiently could have an adverse effect on us, including the possibility of not being able to detect defective parts, or resulting in an increase in input component costs, reduced control over delivery schedules, and shortages of input components.

Further, under our OEM business model, the raw material specifications are given by the customers and, in some cases, the suppliers from whom the raw materials are to be purchased are also

identified by the customers. Any volatility in prices of such raw materials does not affect our profitability as the contract with the customer states these parameters, on the basis of which the raw material cost is a pass-through item for us. The conversion cost is agreed upon prior to placing of orders as the cost sheet is shared with the customers. Conversion cost is the entire value-add provided by us for converting the raw material into finished goods till the final dispatch to the customer.

However, we are exposed to the risk of being unable to procure on timely basis, necessary raw materials and components for our manufacturing operations. At various times, supplies of some of the raw materials and electronic components that we use, have been scarce because of strong demand for those input components or problems experienced by suppliers. We may face similar situations or shortages in the future too. In addition, in certain circumstances, we are required to source certain key components from suppliers on approved vendor lists of our customers and we may not be able to obtain alternative sources of supply should such qualified suppliers be unable to supply our requirements in the future.

Shortages of raw materials and components at prices favourable to us could result in reduced production or delays in production, which may restrict our capacity to fulfil large orders at short notice or prevent us from making scheduled shipments to customers. Any future inability to accept high volume orders at short notice or make scheduled shipments could cause us to experience a reduction in our sales and could adversely affect our relationship with existing customers as well as prospective customers.

8. *We may be subject to financial and reputational risks due to product quality and liability issues which may have an adverse effect on our business, financial condition and results of our operations.*

In the event that we and our component suppliers are not able to meet the regulatory quality standards, or strict quality standards imposed by our customers or which are applicable to us in our manufacturing processes, it could have an adverse effect on our business, financial condition, and results of operations. The contracts we enter into with our customers typically include warranties that the products we deliver will be free from defects caused by our manufacturing process and will perform in accordance with specifications agreed with the customers. To the extent that products shipped by us to our customers do not, or are not deemed to, satisfy such warranties, we could be responsible for replacing any defective products, or, in certain circumstances, for the cost of effecting a recall of all products which might contain a similar defect, as well as for consequential damages for which currently we do not have insurance cover. Moreover, we are still subject to claims from our customers if end products sold by our customers fail to perform or cause injury, death or damage if problems in the products are attributable to defects in our manufacturing process. If any of the products sold by us fail to comply with applicable quality standards, it may result in customer dissatisfaction, which may have an adverse effect on our business, sales and results of operations. Any ongoing issues with products not meeting required specifications could reduce our revenue and negatively impact our reputation and financial performance.

9. *Our manufacturing facilities are critical to our business. Any disruption in the continuous operations of our manufacturing facilities would have a material adverse effect on our business, results of operations and financial condition.*

We have multiple manufacturing facilities located at Jalgaon and Nashik in Maharashtra State. Our products go through various manufacturing stages at these plants. Major portion of our revenue is derived presently from products manufactured at these manufacturing facilities; therefore, disruption to any of our manufacturing facilities may result in production slowdown/shutdown. These facilities are subject to certain operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of efficiency, obsolescence of equipment or machinery, labour disputes, natural disasters, industrial accidents or the need to comply with any new directives of government or regulatory authorities. Our customers rely significantly on the timely delivery of our products and our ability to provide an uninterrupted supply of our products is critical to our business.

Further, our electricity requirements for our manufacturing facilities are directly sourced from local utilities. While we maintain power back-up in the form of diesel generator sets, we cannot assure you that we will be able to prevent disruptions in our manufacturing processes in case of non-availability or inadequacy of power.

In particular, if operations at our manufacturing facilities were to be disrupted as a result of any significant workplace accident, equipment failure, natural disaster, power outage, fire, explosion, terrorism, adverse weather conditions, labour dispute or unrest, obsolescence or other reasons, our financial performance may be adversely affected as a result of our inability to meet customer demand or committed delivery schedules for our products. Interruptions in production may also increase our costs and reduce our sales, and may require us to make substantial capital expenditures to remedy the situation or to defend litigation that we may become involved in as a result, which may negatively affect our profitability, business, financial condition, results of operations, cash flows and prospects.

10. Our funding requirements and deployment of the proceeds of the Issue are based on management estimates and have not been independently appraised.

We intend to use the proceeds of the Issue for purposes described in the section “Objects of the Issue” beginning on page 71 of this Prospectus. As disclosed in the said section, our funding requirements and the deployment of the Net Proceeds of the Fresh Issue are based on management estimates and our current business plans; and such fund requirements and intended use of proceeds have not been appraised by any bank or financial institution. Because of the competitive and dynamic nature of the businesses that we operate in, we may need to revise our expenditure and fund requirements due to changes in the cost structure, changes in estimates on receipt of actual quotations, exchange rate fluctuations and external factors, which may not be within the control of our management. In the event of an increase in expenditure and fund requirements, we intend to try and meet these increased requirements through our internal accruals and additional debt or equity arrangements. This may entail rescheduling or revising the planned expenditure and fund requirements and increasing or decreasing the expenditure for a particular purpose at the discretion of our Board.

11. We have not yet placed orders for 100% of plant & machinery and other equipment requirements as specified in the Objects of the Issue. Any delay in procurement of plant & machinery, equipment, etc. may delay the implementation schedule which may also lead to increase in prices of these equipments, further affecting our costs, revenue and profitability.

We propose to purchase plant & machinery worth Rs. 750 lacs from the proceeds of this Issue as specified in the Objects of the Issue. We have neither placed orders for any part of the plant & machinery and other equipments nor have procured quotations for them; the estimates having been based on the knowledge and experience of our management in this field. Any delay in procurement of plant & machinery, equipment, etc may delay the implementation schedule. We may also be subject to risks of cost escalation on account of inflation in the price of plant & machinery and other equipments that we require. Hence our project could face time and cost over-run which could have an adverse effect on the operations of our Company.

- 12. *There is no monitoring agency appointed by our Company and the deployment of funds is at the discretion of our Management and our Board of Directors, though it shall be monitored by our Audit Committee.***

As per SEBI (ICDR) Regulations, 2009, as amended, appointment of monitoring agency is required only for Issue size above Rs. 100 crores. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds and it will be at the discretion of our Management. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI Listing Regulations and any material deviation will be made only in accordance with applicable laws and SEBI Regulations.

- 13. *Delay in completion of the Issue or any shortfall in raising the amount envisaged coupled with absence of any alternate source of funds would adversely affect our growth plans, operations and financial performance***

The funds that we receive would be utilized for the objects of the Issue as has been stated in the section, "Objects of the Issue" on page 71 of the Prospectus. Any delay in completion of the Issue or any shortfall in raising the amount envisaged will adversely affect our ability to pursue the Objects of the Issue especially since we have not identified any alternate source of funds required for the same. Hence, this would result in adverse effect on our growth plans, operations and financial performance.

- 14. *We require certain approvals and licenses in the ordinary course of business and are required to comply with certain rules and regulations to operate our business, and the failure to obtain, retain and renew such approvals and licenses or comply with such rules and regulations, and the failure to obtain or retain them in a timely manner or at all may adversely affect our operations.***

We require certain statutory and regulatory permits, licenses and approvals to operate our business. We believe that we have obtained all the requisite permits and licenses which are adequate to run our business however there is no assurance that there are no other statutory/regulatory requirements which we are required to comply with. Further, some of these approvals are granted for fixed periods of time and need renewal from time to time. We are required to renew such permits, licenses and approvals. Further, certain licenses and registrations obtained by our Company contain certain terms and conditions, which are required to be complied with by us. Any default by our Company in complying with the same, may result in inter alia the cancellation of such licenses, consents, authorizations and/or registrations, which may adversely affect our operations. We are in the process of receipt of certain approvals/licenses for our manufacturing facilities. There can be no assurance that the relevant authorities will issue or renew any of such permits or approvals in time or at all. Failure to renew, maintain or obtain the required

permits or approvals in time may result in the interruption of our operations, or penal action be taken against our company and its officers in default and may have a material adverse effect on our business.

If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change, we may incur increased costs, be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. For further details, please see chapters titled "KEY INDUSTRY REGULATIONS AND POLICIES" and "GOVERNMENT AND OTHER STATUTORY APPROVALS" at page 131 and 215 respectively of this Prospectus

- 15. *We are subject to various laws and regulations relating to the handling and disposal of hazardous materials and wastes. If we fail to comply with such laws and regulations, we can be subjected to prosecution, including imprisonment and fines or incur costs that could have a material adverse effect on the success of our business.***

The Environmental Protection Act, 1986, as amended, the Air (Prevention and Control of Pollution) Act, 1981, as amended, the Water (Prevention and Control of Pollution) Act, 1974, as amended and other regulations promulgated by the Ministry of Environment and Forest and various statutory and regulatory authorities and agencies in India regulate our handling of hazardous substances and wastes. We are required to obtain registrations from the relevant State Pollution Control Board to be able to handle and dispose hazardous and wastes. We are also required to take a number of precautionary measures and follow prescribed practices in this regard. Our failure to comply with these laws could result in us being prosecuted, including our directors and officers responsible for compliance being subjected to imprisonment and fines. We may also be liable for damage caused to the environment. Any such action could adversely affect our business and financial condition.

- 16. *Our Promoter has interest in the Company other than the reimbursement of expenses and normal remuneration or benefits. Any such interests may result in a conflict of interest, which may have an adverse effect on our business.***

Our Promoter is interested to the extent of his shareholding in our Company. In addition, Mr. Deepak Chaudhari, Managing Director of our Company may be deemed to be interested to the extent of remuneration and other benefits as per the terms of his appointment. Our Promoter may also benefit from holding directorship in our Company. Further, he may be deemed to be interested in our Company to the extent of transactions carried on by our Company with Promoter or other group entities in which our promoter is interested including payment of lease rentals for the land leased out to the Company.

- 17. *A significant portion of our sales come from our industrial electricals vertical. If there is a decrease in the demand for these products or a decrease in the average selling prices of these units, our results of operations could be adversely affected.***

A significant portion of our revenue is attributed to sales of the industrial electrical (switch board components/panels/distribution boxes) vertical which accounted for major portion of revenue from operations (net) for the financial year ended March 31, 2018. Demand for these products is affected by various factors such as industrialization, government spending, capital expenditure,

urbanization and real estate growth. If such demand were to decrease, our results of operations could be materially adversely affected.

- 18. Our ability to offer value added services to our customers on long-term basis depends to an extent on our research and development capabilities; our failure to derive the desired benefits from our product research and development efforts may hurt our competitiveness and profitability.**

We make investments in product research and development to improve the quality of our products, improve the existing portfolio by design and process improvement; develop and expand our product offerings, which are factors crucial for our future growth and prospects.

We cannot assure you that our future product research and development initiatives will be successful or be completed within the anticipated time frame or budget, or that our newly developed or improved products will meet the planned objective. Most of our spend on R&D, upon successful development of design, product and process is billed to the customers and as such the risk of unabsorbed R & D expenses is not expected. However, in case, the outcome of our R&D efforts are not as per the expectation of the customer, we may have to absorb the related R&D cost. Additionally, there can be no guarantee that the time and effort that we spend in research and development would provide commensurate benefit to the Company.

In addition, we cannot assure you that our existing or potential competitors will not develop products which are similar or superior to our products.

- 19. Our Company's production capacity may not correspond precisely to its production demand which may affect our results of operations.**

Our customers may require our Company to meet unexpected increases in purchase orders or require rapid increases in production beyond our Company's production capacity, and we may not have sufficient capacity at any given time to meet sharp increases in these requirements. On the other hand, at times there is also a risk of the underutilization of the production line, which may result in lower profit margins. To soften the impact of this, our Company closely coordinates with customers to have in place regular capacity reports and action plans for common reference and future capacity utilizations. Our Company also closely collaborates with its customers to understand the required technology roadmaps, anticipate changes in technological requirements, and discuss possible future solutions. However, any mismatch in production demand and our production capacity can adversely affect our profitability or results of operations.

- 20. We have issued Equity shares in the last 12 months at a price lower than the Offer Price.**

We have issued certain Equity Shares in the last twelve months, at a price that is lower than the Offer Price. Details of such issuances are given in the table below:

Particulars	Equity Shares	Remarks
Issue of shares pursuant to acquisition of group entities' business	6,14,984	On April 1, 2017, Business undertakings of Group entities namely; M/s. Spectrum Electroplaters (Jalgaon), M/s. Spectrum Electroplater (Nashik), Spectrum Fabricators (India) Pvt. Ltd. and M/s. Spectrum Polytech (Jalgaon) was acquired by Spectrum Electrical Component Private Limited through a slump sale.

through Slump Sale		Against which collectively, 6,14,984 equity shares each of face value Rs. 100/- at a price of Rs. 327/- were issued on September 28, 2017 as a consideration on non-cash basis to Promoters/Partners of Group entities.
	6,14,984	

Save for the above, our Company has not issued any equity shares at a price lower than the Issue Price during the preceding 1(One) year. For further details, please refer to Chapter "History and Certain Other Corporate Matters" on page 138.

21. Our operating results may fluctuate from period to period which may affect our business and financial condition.

There is a risk that our operating results may fluctuate. Some of the principal factors affecting our operating results include:

- our customers' sales and future business prospect, purchasing patterns and inventory adjustments;
- terms and conditions of the contractual arrangements entered into with customers;
- the mix of the types of products we supply to our customers;
- our effectiveness in managing manufacturing processes and inventory management;
- breakdown, failure, or substandard performance of equipment and our ability to repair them thereby reducing the impact on manufacturing process;
- changes in demand for our products;
- our ability to make optimal use of available manufacturing capacity;
- technological changes and changes in manufacturing processes;
- changes in the cost and availability of labour, raw materials and components and which affect our margins and our ability to meet delivery schedules;
- our ability to manage the timing of our component purchases so that components are available when needed for production, while avoiding the risks of purchasing inventory in excess of immediate production needs;
- timing of new technology development and the qualification of this technology by our customers;
- new product introductions and delays in developing the capability to produce new products;
- our ability to obtain financing in a timely manner; and
- local conditions and events that may affect our production volumes, such as labour conditions and political instability.

The occurrence of any such or other problems could materially and adversely affect our business, financial condition, and results of operation. Thus, it is possible that in some future period our operating results or growth rate may be below the expectations of investors.

22. The activities carried out at our manufacturing facilities can cause injury to people or property in certain circumstances.

The activities carried out at our manufacturing facilities may be potentially dangerous to our employees. While we employ safety procedures in the operation of our manufacturing facilities and maintain what we believe to be adequate insurance, there is a risk that an accident may occur at any of our manufacturing facilities. An accident may result in personal injury to our employees

or the labour deployed at our facilities, destruction of property or equipment, manufacturing or delivery delays, environmental damage, or may lead to suspension of our operations and/or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost to defend such litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects.

- 23. *We may not be able to optimally utilise our integrated service model to enhance and support our business which may affect our operations, reputation and profitability.***

We strive to provide end-to-end solutions to our customers from designing, global sourcing, manufacturing, quality testing, packaging to logistics support. Over a period of time, we have implemented both forward and backward integration of our activities to enable us to be cost efficient, reduce dependency on third party suppliers (providing raw materials and components) and control quality of components used in the manufacture of products. As part of our integration model, we have developed in house capabilities for electroplating and injection moulding, which are essential components of our manufacturing processes.

We rely on our integrated services for timely and quality manufacturing of our products to fulfil our customers' demands. Should there be any disruptions or malfunctions at any of our facilities as a result of which the components required for manufacturing the end products are not available on time, we may have to procure such components from third party suppliers. If such components are not available at short notice in the volume required by us, within the timelines required by us or at the rates favourable to us, it may have an adverse effect on our profitability and results of operations. Such failure to procure quality components on time may also harm our reputation and cause our customers to terminate our agreements.

- 24. *If the current trend followed by the industry and our customers of outsourcing manufacturing to suppliers like us reverses or the quantum of outsourcing reduces, our sales could be adversely affected.***

We are engaged in the business of providing end to end product solutions as well as original design manufacturing of consumer electricals and automobiles products. Over past two decades, companies operating and selling products under their respective brands in these segments have increasingly outsourced the manufacturing of their products to equipment manufacturers and service providers like us in India.

We believe that we have benefited from this outsourcing trend in large part due to our integrated offering and flexibility and ability to reduce costs in manufacturing these products. A customer's decision to outsource is influenced by its ability and capacity for internal manufacturing and the competitive advantages of outsourcing. There can be no assurance that the customers will continue to outsource or increase the share of outsourcing; and in case of such eventuality, our Company's future growth could be limited and our sales & operating results may suffer.

- 25. *Our overall margins may fluctuate as a result of the product mix manufactured by us.***

In general, our overall margins may fluctuate depending on the product mix manufactured. For

example, the gross margin of any given product could depend on the total volume manufactured, complexity of manufacturing processes, technology deployed, and other factors. As a result, a change in product mix may decrease the gross margins and operating margins of our Company, which could have a material adverse effect on our business, financial condition and results of operations

26. *Our Company as well as our customers operate in a highly competitive industry. Failure to compete effectively may have an adverse impact on our business, financial condition, results of operations and prospects.*

Some of our Company's competitors in the industry may have greater design, engineering, manufacturing, financial capabilities, or superior resources. Our customers evaluate the product suppliers based on, among other things, manufacturing capabilities, speed, quality, engineering services, flexibility, and costs. Therefore, we are exposed to risks of our competitors having better resources than us.

Further, OEMs continuously seek to reduce cost. Therefore, our ability to be cost efficient is a critical factor in being preferred by our customers. In addition, major OEMs typically outsource the same type of products to at least two or three outsourcing partners in order to diversify their supply risks. The competitive nature of the industry may result in substantial price competition. The industry could become even more competitive if OEMs fail to significantly increase their overall levels of outsourcing or start manufacturing in-house. This would result in an increasingly competitive market with a smaller market share for the existing players. Increased competition could result in significant price competition, reduced revenues, lower profit margins, or loss of market share, any of which would have a material adverse effect on our Company's business, financial condition, and results of operations.

Our Company's customers may opt to transact with our competitors instead of our Company or if the Company fails to develop and provide the technology and skills required by its customers at a rate comparable to its competitors. While we believe that we are presently offering high quality and cost-competitive outsourcing option to our customers, there can be no assurance that we will be able to continue to maintain or develop the higher value add solutions necessary to retain business or attract new customers. There can also be no assurance that we will be able to continue to maintain a compelling advantage over our competitors.

27. *We may not be able to successfully develop new production processes and new products if we are unable to identify emerging trends or our customers' fail to predict user preferences.*

The consumer electrical components industry is characterized by rapidly changing technology, evolving industry standards, new service and product introductions and changing customer demands. Our ability to anticipate changes in technology and to successfully develop and introduce new and enhanced products on a timely basis is a significant factor in our ability to remain competitive. Our Company evaluates new products and production processes on a regular basis. We believe that our future success will depend in part upon our ability to develop new production processes and to develop and market new products, which meet customers' evolving needs and successfully anticipate or respond to technological changes in production processes in a cost-effective manner and on a timely basis. Our Company intends to continue engaging in research and development activities to keep pace with market developments and remain competitive.

There can be no assurance that we will be able to secure the necessary technological knowledge or will be successful in developing new manufacturing processes and new products that will allow us to adapt to the changing consumer preferences. If we are unable to develop these in a timely manner, or at all, we may be unable to effectively implement our strategies, and our business and results of operations may be adversely affected. To compete effectively in the electronics manufacturing industry, we must be able to develop and produce new products to meet our customers' demand in a timely manner.

We cannot assure you, however, that we will be able to install and commission the equipment needed to manufacture products for our customers' new product programs in time for the start of manufacturing, or that the transitioning of our manufacturing facilities and resources to full production under new product programs will not impact production capacity or other operational efficiency measures at our facilities. As a result, we may incur capital expenditures to develop products to meet customer demands. Our failure to successfully develop and manufacture new products, or a failure by our customers to successfully launch new products, could materially adversely affect our results of operations.

28. *Our business requires us to obtain and renew certain licenses and permits from government, regulatory authorities and the failure to obtain or renew them in a timely manner may adversely affect our business operations.*

Our business requires us to have certain approvals, licenses, registrations and permissions under various regulations, guidelines, circulars and statutes regulated by authorities such as the Government of India, the State Governments and certain other regulatory and government authorities, for operating our business. In particular, we are required to obtain certificate of registrations for carrying on certain of our business activities from the Government of India, the State Governments and other such regulatory authorities that are subject to numerous conditions.

Failure by us to renew, maintain or obtain the required permits or approvals at the requisite time may result in the interruption of our operations and may have an adverse effect on our business, financial condition and results of operations. Further, we cannot assure that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may impede our operations.

While as of the date of this Prospectus, we are not subject to any environmental legal proceedings, we may be impleaded in such legal proceedings in the course of our business in the future. There can be no assurance that we will not become involved in future litigation or other proceedings or be held responsible in any such future litigation or proceedings relating to safety, health and environmental matters in the future, could divert management time and attention, and consume financial resources in defence or prosecution of such legal proceedings or cause delays in the construction, development or commencement of operations of our projects. No assurance can be given that we will be successful in all, or any, of such proceedings. Further, clean-up and

remediation costs, as well as damages, other liabilities and related litigation, could adversely affect our business, financial condition and results of operations.

In the event that we are unable to obtain such approvals in a timely manner or at all, our business operations may be adversely affected.

- 29. *Our Promoter, Managing Director and certain Key Managerial Personnel hold Equity Shares in our Company and are therefore interested in our Company as shareholders in addition to their remuneration and reimbursement of expenses.***

Our Promoter, Managing Director and some of our Key Managerial Personnel are interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding in our Company. There can be no assurance that our Directors (including our Promoter) and such Key Managerial Management Personnel will exercise their rights as shareholders to the benefit and best interest of our Company.

- 30. *Our Company has availed financial facility in the nature of Cash Credit from our bankers, which includes several conditions and restrictive covenants. As such, certain actions on part of our Company may require prior written approval of the Banker.***

We have availed credit facilities in the nature of Cash Credit from our bankers, Axis Bank Ltd. The sanction letter/ agreement contain certain restrictive covenants, which among other things require us to obtain their written permission for various actions including undertaking an expansion or diversification programme. These covenants may also under certain circumstances constrain our company's ability to take certain decisions in a timely manner which may have an adverse effect on the functioning and current fund-raising plans of our Company for which their consent is awaited.

- 31. *Our insurance coverage may not adequately protect us against certain operating risks and this may have an adverse effect on the results of our business operations.***

We are insured for a number of the risks associated with our manufacturing business, through appropriate insurance policies. We believe we have got our assets adequately insured; however there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, to cover all material losses. To the extent that we suffer any loss or damage that is not covered by insurance or exceeds our insurance coverage, our business and results of operations could be adversely affected. We may also be subject to claims resulting from defects in the design or quality of our products. Our insurance may not be effective or adequate to cover all such risks. Failure to effectively cover ourselves against the associated risks for any of these reasons including other unforeseen circumstances could expose us to substantial costs and potentially lead to material losses.

- 32. *We do not own all the premises on which our various manufacturing units are located and the same have been taken on lease. Any failure on our part to meet the terms of those lease agreements, arrangements could jeopardise our interest severely.***

We do not own the land at Jalgaon and Nashik, on which our manufacturing unit(s) are situated, and the same are taken on long lease from MIDC and our Promoter.

If any of the owners of these leased premises do not renew the agreements under which we occupy the premises or we are unable to find satisfactory alternate arrangements to locate our manufacturing unit(s) and/or branch offices upon expiry/non-renewal of such lease agreements, we may suffer a disruption in our operations which might adversely affect our business and results of operations.

Risks Related to Our Equity Shares and Equity Share Holders

33. *Our Promoters, together with our Promoter Group, will continue to retain majority shareholding in our Company after the proposed Initial Public Issue, which will allow them to exercise significant control over us and influence the outcome of matters submitted to shareholders for approval.*

As on date of the Prospectus, our Promoter and the members of our Promoter Group hold 93.16% of the issued equity share capital of our Company. Following the initial public offer made through the Prospectus, our Promoter and the members of our Promoter Group will hold 68.63% of the equity share capital of our Company. Thus, a significant control of our Company will be at the discretion of our Promoter and members of the Promoter Group. As a result, our Promoter and members of our Promoter Group will have the ability to control our business, including matters relating to any sale of all or substantially all of our assets, the timing and distribution of dividends and the election or termination of appointment of our officers and directors. This control could delay, defer or prevent a change in control of our Company, impede a merger, consolidation, takeover or other business combination involving our Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our Company even if it's in our Company's best interest. In addition, for so long as our Promoter and the members of our Promoter Group continue to exercise significant control over our Company they may influence the material policies of our Company in a manner that could conflict with the interests of our other shareholders. Our Promoter and the members of our Promoter Group may have interests that are adverse to the interests of our other shareholders and may take positions with which our other shareholders do not agree.

34. *Our Company may not regularly be in a position to distribute dividends in future and the same will be dependent upon the future earnings, cash flows, working capital requirements, capital expenditures and financial condition.*

Our Company's ability to declare dividend in future, if any, will depend on our future earnings, cash flows, financial condition, working capital requirements, capital expenditures, applicable laws in this regard and such other factors. There can be no assurance that we will pay dividends in future. Our Company may instead want to retain all the earnings to facilitate any major expansion or business development plans and, therefore, refrain from declaring any dividends on its Equity Shares. Also, if our Company suffers losses in any particular year, our Company may not be in a position to declare dividends.

35. *Any future issuance of Equity Shares may dilute your shareholdings, and sales of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by our Company may lead to the dilution of investors' shareholding in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

- 36. *We cannot assure you that our Equity Shares will be listed on the SME Platform of National Stock Exchange of India Limited i.e. NSE Emerge in a timely manner or at all, which may restrict your ability to dispose of the Equity Shares.***

In terms of Chapter XB of the SEBI (ICDR) Regulations, 2009, as amended from time to time, we are not required to obtain any in-principle approval for listing of our Equity Shares issued. We have only applied to National Stock Exchange of India Limited to use its name as the Stock Exchange in this Prospectus for listing our Equity Shares on the SME Platform of National Stock Exchange of India Limited i.e. NSE Emerge. Permission for listing of the Equity Shares will be granted only after the Equity Shares offered in this Issue have been allotted. Approval from National Stock Exchange of India Limited will require all relevant documents authorizing the issuing of the Equity Shares to be submitted to it. There could be a failure or delay in listing the Equity Shares on the SME Platform of National Stock Exchange of India Limited i.e. NSE Emerge. Further, certain procedural and regulatory requirements of SEBI and the Stock Exchange(s) are required to be completed before the Equity Shares are listed and trading commences. Trading in the Equity Shares is expected to commence within 12 Working Days from the Issue Closing Date. However, we cannot assure you that the trading in the Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining the approvals would restrict your ability to dispose off your Equity Shares.

- 37. *The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.***

Prior to this Issue, there has been no public market for our Equity Shares. However, the trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnerships, joint ventures, or capital commitments. In addition, if the stock markets experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Each of these factors, among others, could materially affect the price of our Equity Shares. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Issue, or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Issue.

38. *There may be restrictions on daily movements in the price of our Equity Shares, which can adversely affect shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point of time.*

Subsequent to listing, our Company may be subject to a daily circuit breaker or such other restrictions that may be imposed on trading in securities of listed companies by the National Stock Exchange of India Limited, whereby transactions crossing certain volatility limit in the price of its Equity Shares may not be allowed. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchange(s). The percentage limit on our Company's circuit breaker is set by the National Stock Exchange of India Limited based on certain factors such as the historical volatility in the price and trading volume of the Equity Shares. National Stock Exchange of India Limited is not required to inform us of the percentage limit of the circuit breaker from time to time. This circuit breaker, if imposed, would effectively limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, we cannot assure that the shareholders will be able to sell the Equity Shares at desired prices.

EXTERNAL RISK FACTORS

39. *The GoI has implemented a new national tax regime by imposing GST.*

The GoI has implemented a comprehensive national GST regime that has combined taxes and levies by the Central and State Governments into a unified rate structure. GST is a dual levy with state GST and central GST. Central GST has replaced the previous central taxes and duties such as excise duty, service tax, counter vailing duty, special additional duty of customs, central charges and cesses. The state GST has replaced previous local state taxes like VAT, CST, octroi and others including state cesses and charges.

Any future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable.

To ensure compliance with the requirements of the GST laws, we may also need to allocate additional resources, which may increase our regulatory compliance costs and divert management attention. Any increase in our compliance requirements or in our compliance costs may have an adverse effect on our business and results of operations.

40. *Any changes in the regulatory framework could adversely affect our operations and growth prospects.*

Our Company is subject to various regulations and policies. For details see section titled "Key Industry Regulations and Policies" beginning on page 131 of the Prospectus. Our business and prospects could be materially adversely affected by changes in any of these regulations and policies, including the introduction of new laws, policies or regulations or changes in the interpretation or application of existing laws, policies and regulations, including changes in the fiscal incentive structure which the company enjoys at present. There can be no assurance that our Company will succeed in adapting to such regulatory changes or in obtaining all requisite regulatory approvals in the future for our operations or that compliance issues will not be raised

in respect of our operations, either of which could have a material adverse effect on our business, financial condition and results of operations.

- 41. *Civil disturbances, extremities of weather, regional conflicts and other political instability may have adverse effects on our operations and financial performance.***

Certain events that are beyond our control such as earthquake, fire, floods and similar natural calamities may cause interruption in the business undertaken by us. The extent and severity of these natural disasters and pandemics determines their impact on these economies. Our operations and financial results and the market price and liquidity of our equity shares may be affected by social and ethnic instability and other political and economic developments affecting India.

- 42. *Terrorist attacks/war/conflicts where we operate or where our clients and Customers are located could adversely affect the financial markets and adversely affect our business.***

Terrorist attacks and other acts of violence, war or conflicts, particularly those involving India, or another part of the world where we operate or may operate or our client may operate, may adversely affect Indian and worldwide financial markets. Such acts may negatively impact business sentiment, which could adversely affect our business and profitability. India has from time to time experienced social and civil unrest, terrorist attacks and hostilities with neighbouring countries. Such social or civil unrest or hostilities could disrupt communications and adversely affect the economy of such countries. Such events could also create a perception that investments in companies such as ours involve a higher degree of risk than investments in companies in other countries. This, in turn, could have material adverse effect on the market for securities of such companies, including our Equity Shares. The consequences of any armed conflicts are unpredictable, and we may not be able to foresee events that could have an adverse effect on our business.

- 43. *Any downgrading of India's debt rating by a domestic or international rating agency could adversely affect our Company's business.***

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely affect our Company's ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could harm our Company's business and financial performance and ability to obtain financing to fund our growth on favourable terms or at all.

- 44. *Investing in securities that carry emerging market risks can be affected generally by volatility in the emerging markets.***

The markets for securities bearing emerging market risks, such as risks relating to India, are, to varying degrees, influenced by economic and securities market conditions in other emerging market countries. Although economic conditions differ in each country, investors' reactions to developments in one country may affect securities of issuers in other countries, including India. Accordingly, the price and liquidity of the Equity Shares may be subject to significant fluctuations, which may not necessarily be directly or indirectly related to our financial performance.

- 45. Companies operating in India are subject to a variety of central and state government taxes and surcharges. Any increases tax rates could adversely affect our business and results of operations.*

Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, value added tax, turnover tax, service tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. For example, a new direct tax code as well as new goods and services tax regime is expected to be introduced in the future, and the scope of the service tax has been enlarged. The statutory corporate income tax in India is 30% (exclusive of surcharge and Education cess). The central or state government may in the future increase the corporate income tax it imposes. Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Additional tax exposure could adversely affect our business and results of operations.

SUMMARY OF THE INDUSTRY

The information presented in this section, some of which is produced elsewhere in this Prospectus, has been extracted and analyzed from publicly available documents and reports prepared or published by regulatory bodies, professional organizations and other external sources such as websites of various commodity exchanges. Certain data has been reclassified for the purpose of presentation and much of the available information is based on best estimates, and should therefore be regarded as indicative only and treated with appropriate caution. Certain financial and other numerical amounts specified in this section have been subject to rounding adjustments; figures shown as totals may not be the arithmetic aggregation of the figures which precede them.

Indian Economic Overview

Growth is increasing, making India the fastest-growing G20 economy. Investment and exports, supported by the smoother implementation of the new goods and services tax (GST), are becoming major growth engines. Inflation will hover within the target band, with upside risks reflecting rising oil prices and an increase in housing allowance for public employees. The current account deficit will increase. Job creation in the formal sector will remain sluggish, leaving the vast majority of workers in low-productivity, low-paid activities.

Fiscal and monetary policies are projected to remain broadly neutral. To reduce the relatively high public debt-to-GDP ratio, containing contingent fiscal liabilities is key, including through better governance of public enterprises. Better risk assessment in banks would allow allocating financial resources to the best projects and avoiding a new increase in non-performing loans. Investing more in education and training, combined with a modernisation of labour laws, would help create better jobs and make growth more inclusive.

The economy is rebounding after the transitory negative impacts of demonetisation and GST

Reforms are gradually paying off, as confirmed by the recovery in industrial production and investment after several weak years. With capacity utilisation rising, corporate earnings recovering and the recapitalisation of public banks, investment has revived. Private consumption has suffered from the confidence and employment shocks associated with demonetisation. However, a recovery is underway as suggested by the recent rebound in two-wheelers sales and other vehicles. The number of employees eligible for social security benefits has been boosted by an amnesty scheme for companies, but still stands below 10% of total employees. Employment data are partial but suggest that overall job creation has been lacklustre.

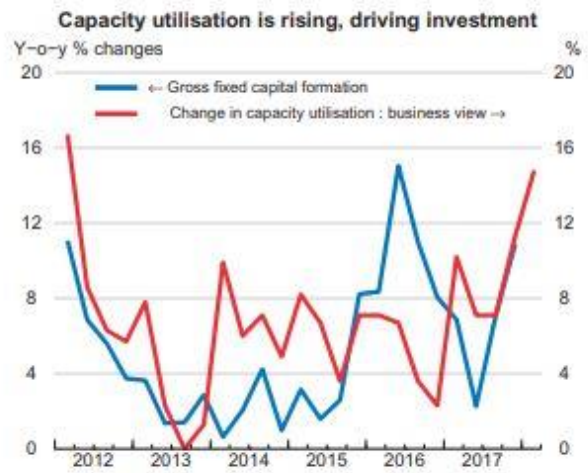

The drag on growth from exports is vanishing as foreign demand is rising and procedures to comply with the new GST have been adjusted to ease liquidity constraints faced by exporters. Pressures on the current account deficit are stemming from the rapid increase in imports, accompanying the recovery in import-intensive investment, and oil prices. Core inflation is slightly above target, but relatively stable despite large price shocks associated with demonetisation and the GST implementation.

Growth is projected to accelerate

Growth will be supported by an acceleration in private investment as excess capacity diminishes, deleveraging by corporates and banks continues and infrastructure projects mature. Exports will strengthen thanks to competitiveness gains resulting from the implementation of the GST. Higher agricultural prices will raise rural incomes and consumption but put pressures on the fiscal deficit. Delays in cleaning banks’ balance sheets would risk weighing on investment, as would a faster-than-projected increase in interest rates in OECD countries. An increase in commodity prices would create pressures on inflation, the current account and the fiscal deficit while depressing private consumption. On the other hand, the modernisation of labour laws at the central government or state levels would promote job creation and make growth more inclusive.

Demand for Electrical equipments is driven along with Real Estate & Infrastructure development

Electrical equipments manufactured by our Company are used for transmission and distribution at commercial level and demand generated is directly proportional to growth of real estate and infrastructure sector. Real Estate & Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Real Estate & Infrastructure creates lots of demand for products from non-core industries, like plastic sheets, steel wire, electrical equipment, engineering equipment's and many more.

Investments / Developments

The Indian real estate sector has witnessed high growth in recent times with the rise in demand for office as well as residential spaces. Private equity investments in real estate are estimated to grow to US\$ 100 billion by 2026 with tier 1 and 2 cities being the prime beneficiaries. India stood third in the US Green Building Council's (USGBC) ranking of the top 10 countries for Leadership in Energy and Environmental Design (LEED) certified buildings, with over 752 LEED-certified projects across 20.28 million gross square meters of space. According to data released by Department of Industrial Policy and Promotion (DIPP), the construction development sector in India has received Foreign Direct Investment (FDI) equity inflows to the tune of US\$ 24.67 billion in the period April 2000-December 2017.

Some of the major investments in this sector are as follows:

- In February 2018, DLF bought 11.76 acres of land for Rs 15 billion (US\$ 231.7 million) for its expansion in Gurugram, Haryana.
- In February 2018, Japanese conglomerate Sumitomo Corporation announced its US\$ 2 billion partnership with Krishna Group to develop real estate projects in the country.
- KKR India Asset Finance Pvt Ltd has invested over US\$ 500 million in residential real estate projects in India in 2017, taking its total investments in real estate projects in India to US\$ 1 billion.

Government Initiatives

The Government of India along with the governments of the respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the real estate companies. Below are some of the other major Government Initiatives:

- In February 2018, creation of National Urban Housing Fund was approved with an outlay of Rs 60,000 crore (US\$ 9.27 billion).
- Under the Pradhan Mantri Awas Yojana (PMAY) Urban 1,427,486 houses have been sanctioned in 2017-18. In March 2018, construction of additional 3,21,567 affordable houses was sanctioned under the scheme.

The Company was converted into a Public Limited Company pursuant to Shareholders' Resolution passed at the Extra Ordinary General Meeting of Members of the Company held on May 30, 2018 and the name of our Company was changed to Spectrum Electrical Industries Limited vide a fresh Certificate of Incorporation dated June 20, 2018. The Registered Office & Corporate Office of our Company is located at Jalgaon in the State of Maharashtra.

BUSINESS HISTORY

Mr. Deepak Chaudhari, Promoter of our Company, started his entrepreneurial journey in 1995 by incorporating a proprietary firm, M/s. Spectrum Electroplaters in Jalgaon, Maharashtra. The firm was focused on undertaking zinc, nickel, tin, copper, silver and gold electroplating for Morarjee Dorman Smith Pvt. Ltd. (presently part of Legrand Group) and VIP Industries Limited. As the firm's business grew, Mr. Deepak Chaudhari extended the business operations to Nashik by incorporating a partnership firm under the name and style of M/s. Spectrum Electroplater in 2003, along with his business associates Mr. Devendra Rane and Mr. Chandrakant Rane. The partnership firm started with similar activities of electroplating and later on added Distribution Box Manufacturing activities for Anchor Electricals Pvt. Ltd. and ABB Limited in 2012.

To further expand the fabrication capacity, Mr. Deepak Chaudhari incorporated M/s. Spectrum Fabricators (India) Pvt. Ltd. in Jalgaon in 2004. After achieving stability in the operations across the group entities, Mr. Deepak Chaudhari started Injection Moulding business and set up a partnership firm, M/s. Spectrum Polytech at Jalgaon along with his wife, Mrs. Bharti Chaudhari in 2008. Later on, a commercial tool room was set up in Spectrum Polytech for manufacturing of dies and moulds.

For improving efficiencies, effective management and improvement / advancement of business, it was decided to integrate all the business operations of the group entities into one single entity. Accordingly, through business transfer agreements dated March 31, 2017, business of all the group entities, along with respective assets and liabilities were transferred to our Company with effect from April 1, 2017.

As a result of this business integration, the Company currently owns all the businesses carried on by erstwhile group entities, viz. the following:

Our journey started with electroplating; and over past two decades we have added allied business activities of sheet metal fabrication, stamping, tool room, metal finishing & injection moulding. Today, as an integrated business enterprise, we are manufacturing and supplying a range of finished products directly to OEM customers' warehouses/distribution network besides supplying intermediate-stage products to many customers. Our multi-technological capabilities and integrated offerings combined with our product quality & customer service have helped us emerge as a preferred vendor to large corporate to source finished product directly from us, rather than outsourcing different intermediary products through different vendors. Through our long standing business relationship with our customers, we have acquired invaluable knowledge of customers' business process & quality expectations. Our successful delivery of products meeting customers' expectations as to quality and service has earned us a position of strategic supplier for our customers.

SUMMARY OF OUR FINANCIAL STATEMENTS

The following tables set forth the summary financial information derived from our restated financial statements for the period ended March 31, 2018. Our restated financial statements have been prepared in accordance with accounting policies as prescribed under the Accounting Standards issued by ICAI and the SEBI (ICDR) Regulations, 2009 and are presented in the section titled "Restated Financial Information" on page 170 of this Prospectus. The summary financial information presented below should be read in conjunction with our restated financial statements and the notes thereto

Our Company took over the running business of its group entities viz. Spectrum Fabricators (India) Pvt. Ltd. (SFIPL); M/s. Spectrum Electroplaters, Jalgaon; M/s. Spectrum Electroplater, Nasik; and M/s. Spectrum Polytech, Jalgaon, through slump sale. The activities of the group companies were interconnected and complementary and therefore, for improving efficiencies, effective management and improvement / advancement of business, it was decided to integrate all the business operations of the group entities into one single entity. Consequent to which, corresponding effect of increase in value of assets and liabilities in financial statement can be seen, as now the financial statement is representing all assets & liabilities (existing as well as acquired from group entities) post integration of business of group entities.

Accordingly, the figures for financial year ended March 31, 2018 reflect the financial position of the Company after the acquisition of businesses of group entities with effect from April 1, 2017. The financial position prior to FY 2018, represent the financial position of the Company as it stood before integration of group businesses.

For further details, please refer to the Chapter "History & Certain Other Corporate Information" on page 138

- 3) In accordance with the SEBI Circular No. CIR/MRD/DSA/31/2012 dated November 27, 2012. it has been decided to make applicable limits on the upper side for the Market Makers during market making process taking into consideration the Issue size in the following manner:

Issue size	Buy quote exemption threshold (including mandatory initial inventory of 5% of issue size)	Re-entry threshold for buy quotes (including mandatory initial inventory of 5% of issue size)
Up to Rs. 20 Crore	25%	24%
Rs. 20 Crore to Rs. 50 Crore	20%	19%
Rs. 50 Crore to Rs. 80 Crore	15%	14%
Above Rs. 80 Crore	12%	11%

- 4) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- 5) The Market Maker(s) shall have the right to terminate said arrangement by giving a six months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations, 2009. Further the Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers not exceeding five or as specified by the relevant laws and regulations applicable at that particular point of time.
- 6) On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- 7) The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
- 8) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/ fully from the market – for instance due to system problems, any other problems. All

controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

- 9) NSE SME Exchange will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- 10) NSE SME Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Stock Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

- 11) Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to Rs. 250 Crores, the applicable price bands for the first day shall be:
 - (i) In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - (ii) In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The spread (difference between the sell and the buy quote) shall not be more than 10% or as specified by the Stock Exchange time to time.

- 12) All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

12. Save for the following, there have been no subscription to or sale or purchase of the securities of our Company within 3 (three) years preceding the date of filing of the Prospectus by our Promoters or Directors or Promoter Group which in aggregate equals to or is greater than 1% of the Pre-Issue share capital of our Company:

Equity Shares	Date of acquisition	Remarks
14,630	03/08/2015	Rights Issue of equity shares of face value Rs. 100/- to Promoter & Promoter Group on cash basis
4,100	08/09/2015	
1,46,990	08/10/2015	
6,14,984	28/09/2017	Issuance of equity shares of face value Rs. 100 pursuant to acquisition of business of group entities through slump sale as a consideration on non cash basis

13. Save for the gift of 1 equity share of face value Rs. 100 each to Mr. Sunil Jangle and Mrs. Meena Jangle by Mrs. Bharti Chaudhari, no Equity Share has been purchased or sold by our Promoters, Promoter Group and/or by our Directors and their immediate relatives within 6 (six) months immediately preceding the date of filing of the Prospectus:
14. Our Company has issued 6,14,984 Equity Shares of Rs. 100 each on September 28, 2017 pursuant to acquisition of business of group entities through slump sale as a consideration on non- cash basis. Also, each equity share of the face value of Rs. 100/- was sub-divided into 10 equity shares of Rs. 10 each. Save for these, our Company has not made any issue of equity shares during the preceding 1 (one) year from the date of the Prospectus.
15. None of our Promoter, Promoter Group, Directors and their relatives has entered into any financing arrangement or financed the purchase of the Equity Shares of our Company by any other person during the period of 6 (six) months immediately preceding the date of filing of Prospectus.
16. As on the date of filing of the Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments which would entitle Promoters or any shareholders or any other person any option to acquire our Equity Shares after this Initial Public Offer.
17. As on the date of the Prospectus, the entire Issued, Subscribed and Paid-up Share Capital of our Company is fully paid up.
18. Since the entire issue price per share is being called up on application, all the successful applicants will be allotted fully paid-up shares.
19. As on the date of the Prospectus, none of the shares held by our Promoter / Promoter Group are subject to any pledge.
20. Neither, we nor our Promoters, Directors and the Lead Manager to this Issue have entered into any

buy back and / or standby arrangements and / or similar arrangements for the purchase of our Equity Shares from any person.

21. The Lead Manager and their associates do not hold any Equity Shares in our Company as on the date of filing of Prospectus.
22. There will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of the Prospectus until the Equity Shares offered have been listed or application money is refunded on account of failure of Issue.
23. At present our Company does not intend or propose to alter its capital structure for a period of 6 (six) months from the date of opening of the Issue, by way of split or consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares) whether preferential or otherwise. However, if we were to enter into acquisition or joint ventures or make investments, we may consider raising additional capital to fund such activity or use Equity Shares as a currency for acquisition or participation in such joint ventures or investments.
24. None of our Equity Shares have been issued out of revaluation reserve created out of revaluation of assets.
25. An over-subscription to the extent of 10% of the Issue can be retained for rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to 3 year lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
26. Under-subscription, if any, in one category, would be allowed to be met with spill-over from the other category at the discretion of our Company in consultation with the Lead Manager and the Designated Stock Exchange i.e. NSE Emerge. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines.
27. In case of over-subscription in all categories the allocation in the issue shall be as per the requirements of Regulation 43 (4) of SEBI (ICDR) Regulations.
28. At any given point of time there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
29. Our Company shall comply with such disclosure and accounting norms as may be specified by Stock Exchange, SEBI and other regulatory authorities from time to time.
30. As on the date of the Prospectus, we do not have any Employees Stock Option Scheme/Employees Stock Purchase Scheme.
31. We have 7 (Seven) Shareholders as on the date of filing of the Prospectus.

32. Our Company has not made any allotment of Equity Shares pursuant to any scheme approved under section 391-394 of the Companies Act, 1956 or Section 230-232 of the Companies Act, 2013.
33. This issue is being made under the Fixed Price method.
34. Save for the below mentioned issuance of shares, Our Company has not made any public issue or rights issue of any kind or class of securities since its incorporation.

35. No person connected with the Issue shall offer any incentive, whether direct or indirect, in the nature of discount, commission, and allowance, or otherwise, whether in cash, kind, services or otherwise, to any Applicant.
36. There are no safety net arrangements for this public issue.

OBJECTS OF THE ISSUE

We propose to raise an amount of Rs. 2,587.00 lacs through the fresh issue of equity shares. Our Company intends to utilize the Issue Proceeds for the following objects:

Serial	Particulars	(Rs. in lakhs)
(A)	To set up a Zinc Plating plant at Umale	750.00
(B)	To meet long term working capital requirements	1,000.00
(C)	General Corporate Purposes	587.00
(D)	Issue Expenses	250.00
	Total	2,587.00

We also propose to enlist the Equity Shares of our Company, including those being offered through this Prospectus, on the SME Platform of NSE i.e. "EMERGE" and trade in the SME Continuous Normal Market. Our Company has received an 'in-principle' approval from NSE for the listing of the Equity Shares pursuant to their letter dated August 31, 2018. For the purpose of this Issue, the Designated Stock Exchange shall be NSE Emerge.

The main object clause of Memorandum of Association of our Company enables us to undertake the existing activities and the activities for which the funds are being raised by us through the present Issue. Further, we confirm that the activities which we have been carrying out till date are in accordance with the object clause of our Memorandum of Association. For further details on the main objects clause set out in our Memorandum of Association, please see "History and Certain Other Corporate Information" on page no. 138

We propose to meet the requirement of funds for the stated Objects of the Issue entirely from the issue proceeds. Hence, no amount is required to be raised through means other than the Issue Proceeds. Accordingly, the requirements under Regulation 4 (2) (g) of the SEBI ICDR Regulations and Clause VII C of Part A of Schedule VIII of the SEBI ICDR Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals) are not applicable.

Our fund requirements and deployment thereof are based on the estimates of our management and have not been appraised by any bank or financial institution or independent third party entity. These are based on current circumstances of our business and are subject to change in light of changes in external circumstances or costs, or in our financial condition, business or strategy, as discussed further below. Our management, in response to the dynamic nature of the industry, will have the discretion to revise its business plan from time to time and consequently our funding requirement and deployment of funds may also change. Any change in deployment of funds shall be done in compliance with applicable laws and regulations. In case of a shortfall in the Net Proceeds, our management may explore a range of options, which include utilisation of our internal accruals and/or, debt financing. Our management expects that such alternate arrangements would be available to fund any such shortfall.

DETAILS OF THE UTILISATION OF ISSUE PROCEEDS

A) Setting up of Zinc plating plant at Umale (Rs. 750 lakhs)

To meet the growing orders and business requirements, we are required to expand our electroplating capacities. Our Company has acquired land at Gat No. 130, Umale, Jalgaon, which is proposed to be

used for setting up of dedicated alkaline zinc plating unit with a rated capacity of 1,200 metric tonnes. Our current rated electroplating capacity is 2,000 metric tonnes per annum. We believe that this capacity addition will help us achieve benefits of economies of scale and will positively affect the results of operations and profits.

The details of estimated cost of setting up zinc plating plant by our management are as below:

The cost of machineries and equipment proposed to be purchased and related expenses proposed to be incurred for setting up of new unit are estimated by Management of the Company and no firm orders have been placed. The actual cost would, thus, depend on the prices finally agreed with the suppliers and, to that extent, may vary from the estimates. The above machineries and equipment are available locally and the same shall be procured from reputed suppliers.

(B) To meet long-term working capital requirements (Rs.1,000 lakhs)

Our Company's business model is working capital intensive and we have been meeting working capital requirements through combination of bank funding and internal accruals. We propose to meet our long-term working capital requirements upto Rs. 1,000 lakhs from the net proceeds of the issue and balance from the borrowings and internal accruals as per our requirement.

Details of our working capital requirement are as per follows:

Assumptions for working capital requirements

Particulars	Remarks
Trade Receivables	The trade receivables in F.Y. 2017-18 were of 68 days which is expected to slightly increase to 72 days in F.Y. 2018-19. With the focus on expanding operations in other states and enhancing electroplating capacity the average credit period offered is expected to marginally increase.
Inventory	Inventory holding period in FY 2017-18 was of 101 days. Due to implementation of ERP system and better management controls, the inventory holding period is expected to reduce to about 96 days in FY 2018-19
Trade Payables	The trade payables in F.Y. 2017-18 were of 124 days and is expected to be reduced to 91 days during FY 2018-19 as the Company is planning to achieve more cost efficiencies from the suppliers by reducing credit days from vendors. The management plans to balance the credit period and the cost of supplies in a manner most suited for efficient operations, considering the cash flow position. We also propose to buy some proportion of raw materials in cash, enabling us to source at cheaper prices, which would add to our margins.

Pursuant to the certificate dated August 6, 2018, M/s. S.D. Chopde, Chartered Accountants, have compiled the working capital estimates from the Restated Financial Statements and the working capital projections as approved by the Board by the resolution dated August 6, 2018.

STATEMENT OF TAX BENEFITS

Statement of Possible Income-Tax Benefits available to Spectrum Electrical Industries Limited and its shareholders

The Board of Directors
Spectrum Electrical Industries Limited
Plot No. V -195,
MIDC Area, Ajanta Road,
Jalgaon - 425 003
Maharashtra

Dear Sirs / Madam

Subject: Statement of possible income-tax benefits ('the Statement') available to Spectrum Electrical Industries Limited ('the Company') and its shareholders prepared in accordance with the requirement in Schedule VIII - Clause (VII) (L) of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2009, as amended ('the Regulations')

1. We hereby report that the enclosed Statement prepared by the Company, states the possible income-tax benefits available to the Company and its shareholders under the Income-tax Act, 1961 ('the Act'), read with the Finance Act, 2018 presently in force in India being the law in force at the time of the Prospectus.
2. The possible tax benefits mentioned in the enclosed Statement are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant statutory provisions of the Act. Hence, the ability of the Company or its shareholders to derive the income-tax benefits is dependent upon fulfilling such conditions, which, based on business imperatives faced in the future, the Company or its shareholders may or may not choose to fulfil.
3. The benefits discussed in the enclosed Statement are not exhaustive. Further, the preparation of the Statement and its contents is the responsibility of management of the Company. We are informed that this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional income-tax advice. In view of the individual nature of the income-tax consequences and changing income-tax provisions, each investor is advised to consult with his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering consisting of an offer for sale of equity shares by certain shareholders of the Company ('the Proposed Offer'). Neither are we suggesting nor are we advising the investor to invest money based on this Statement.
4. We have conducted our examination in accordance with the 'Guidance Note on Reports or Certificates for Special Purposes' (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the ICAI.
5. We do not express any opinion or provide any assurance as to whether:
 - i) the Company or its shareholders will continue to obtain these possible tax benefits in the future; or
 - ii) the conditions prescribed for availing the possible tax benefits have been/would be met.
6. The contents of the enclosed Statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the

business activities and operations of the Company.

7. Our views expressed herein are based on the facts and assumptions indicated to us. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of the income-tax law and their interpretation, which are subject to change from time to time. We do not assume responsibility to update this Statement consequent to such changes. We shall not be liable to the Company for any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this Statement.
8. The enclosed Statement is intended solely for your information and for inclusion in the Red Herring Prospectus and the Prospectus and any other material in connection with the Proposed Offer and is not to be used, referred to or distributed for any other purpose without our prior written consent.

ANNEXURE TO THE STATEMENT OF POSSIBLE INCOME-TAX BENEFITS/CONSEQUENCES IN CASE OF COMPANY AND ITS SHAREHOLDERS UNDER THE APPLICABLE INCOME-TAX LAW IN INDIA AND OTHER BENEFITS UNDER RESPECTIVE LAWS/ SCHEMES

INCOME TAX

We hereby report that the enclosed Statement of possible tax benefits available to the Company and its shareholders under the applicable tax laws in India (the "Statement") is in connection with the possible tax benefits available to (i) the Company and, (ii) the shareholders of the Company, under the Income- tax Act, 1961, ('the Act') read with the Finance Act, 2018 presently in force in India, which are applicable from 1 April, 2018. The benefits/ consequences as applicable and relevant for each category (Company and shareholder) are grouped under two separate sections i.e. those applicable to the Company and the shareholders respectively. To the extent that certain provisions may be common to both categories, they may be repetitive.

Further, the notes given at the end of this statement are an integral part of this statement. The provisions specified in this statement are required to be necessarily read along with the notes. The tax rates specified in statement have to be read with note (ii) which specifies the applicable rates of surcharge and cess.

Several of these benefits are dependent on the Company or its shareholders, as the case may be, fulfilling the conditions prescribed under the relevant statutory provisions. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which, based on business imperatives the Company faces in the future, the Company or its shareholders may or may not choose to fulfill.

The benefits discussed in the enclosed Statement are not exhaustive. This Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. Further, the above statement of income-tax benefits/consequences sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential income-tax benefits/consequences of the purchase, ownership and disposal of shares.

In view of the individual nature of the tax consequences and changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Offer. Neither are we suggesting nor are we advising the investor to invest money based on this Statement.

Benefits/consequences in case of the Company:

a) Dividends paid

- The Company is required to pay Dividend Distribution Tax (DDT) at the rate of 15 percent (before levy of appropriate surcharge and education cess) upon distribution of dividend under section 115- O of the Act. The tax is required to be calculated at the rate of 15 percent of the gross pay out (that is, dividend and tax). As such the effective tax rate works out to 17.65 percent of the net dividend pay-out.

b) Certain receipts

- As per the provisions of section 10(34) of the Act, dividend received from a domestic company (on which DDT is paid by the domestic company in accordance with section 115-O of the Act), is exempt from tax for the shareholder.

- Section 14A of the Act restricts claim for deduction of expenses incurred in relation to earning of exempt income. Thus, any expenditure incurred to earn tax exempt income would not be a tax deductible expenditure.
- Income by way of interest payable by public sector companies in respect of bonds or debentures specified by the Central Government is exempt from tax under section 10(15)(iv)(h) of the Act.

c) Capital gains

- Capital gains arise on disposal of, inter-alia, securities that are held as capital assets. Capital gains arising from the transfer of long-term capital asset are characterized as long-term capital gains ('LTCG'). Conversely, capital gains arising from transfer of short-term capital asset are treated as short-term capital gains ('STCG').

Period of Holding

- Capital assets are categorized into short-term capital asset and long-term capital asset based on the period of holding of such asset which are as follows:
 - (i) Listed securities (including shares) and units of an equity oriented fund – these are considered long term capital assets if held for more than 12 months; otherwise these would be considered short term capital assets.
 - (ii) Units of non-equity oriented fund and unlisted securities (other than shares)– these are considered long term capital assets if held for more than 36 months; otherwise these would be considered short term capital assets.
 - (iii) Unlisted shares – these would be considered as long term capital assets if held for more than 24 months; otherwise these would be considered short term capital assets

Tax Rates

- **Listed securities (including shares) and units of an equity oriented fund where STT is payable.**

Under the law presently in force, the LTCG arising on transfer of these securities is exempt, provided such transfer is chargeable to securities transaction tax ('STT'), so also their acquisition, unless the securities have been acquired through a mode, notified as not requiring to fulfil the pre-condition of chargeability to STT.

As per Finance Act, 2018, LTCG exceeding one lakh rupees to the extent arising on transfer of these securities is taxable at 10 percent, provided such transfer is chargeable to STT. Further, to avail such concessional rate of tax, STT should also have been paid on acquisition, unless the securities have been acquired through a mode, to be notified as not requiring to fulfil the pre-condition of chargeability to STT.

The LTCG arising from the transfer of such securities shall be calculated without indexation (inflation adjustment).

To provide relief on gains already accrued upto 31 January 2018, suitable adjustment has been proposed for the computation of the cost of acquisition (COA) of securities. The STCG arising on transfer of the above securities are taxable at 15 percent provided STT is chargeable on such transfer.

- **Where STT is not payable**

In case of transfer of these securities without charge of STT, the LTCG is taxable at the rate of 20 percent with indexation. Where such LTCG arises from transfer of listed securities (other than units of an equity oriented mutual fund), there may be an option to pay tax at the rate of 20 percent with indexation or 10 percent without indexation, whichever is more beneficial.

Further, STCG from such transactions is taxable at the general corporate tax rate - currently 30 percent.

- **Units other than equity oriented funds and unlisted securities**

The LTCG arising on transfer of the above securities is taxable at the rate of 20 percent with indexation. The STCG in such cases is taxable at the general corporate tax rate - currently 30 percent.

- **Losses under the head "capital gains"**

Under section 74 of the Act, short-term capital losses incurred during the year are allowed to be set-off against short-term or long-term capital gains of the said year. Balance losses, if any may be carried forward for eight years for claiming set-off against subsequent years' short-term or long-term capital gains. Long-term capital losses incurred during the year are allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

- **Dividend and Bonus Stripping**

1. Section 94(7) of the Act restricts allowance of losses arising from sale/transfer of securities/unit of mutual fund where these are purchased within three months prior to the record date (relevant for the purpose of receipt of dividend) and such securities are sold within three months or such units are sold within 9 months after such record date. In such cases, the loss (if any) arising from such sale should be ignored to the extent of the amount of dividend or income received/receivable on such securities/units.
2. Section 94(8) of the Act restricts allowance of losses arising from sale/transfer of units of mutual fund where these are purchased within three months prior to the record date (relevant for the purpose of receipt of bonus units) and such units are sold within 9 months after such record date. In such cases, the loss (if any) arising from such sale/transfer of the original units should be ignored for the purpose of computing taxable income, and further, the amount of loss so ignored may be regarded as the cost of acquisition of the bonus units held on the date of sale/redemption of the original units.

d) Other provisions

- Section 80G of the Act allows specified amount of deduction in case of contribution made to certain specified funds or institutions.
- Section 35 of the Act allows specified deduction in computing business profits, inter alia, on account of contributions made to a research association or institution for the purpose of scientific research.
- Provisions of section 56(2)(x) of the Act seek to tax receipt of the sum of money or property (which inter alia includes shares and securities) by any person without consideration or for inadequate consideration in excess of Rs. 50,000, unless specifically exempted (e.g. gift from relative).

- Domestic Companies are taxed at the rate of 30% plus surcharge and cess. However, the Company will enjoy tax benefits in tax rate and will be taxed at the rate of 25% plus applicable surcharge and cess as the turnover or gross receipt of the company does not exceed Rs. 250 crores.

INDUSTRIAL PROMOTION SCHEME OF GOVERNMENT OF MAHARASHTRA

The Company is eligible subject to fulfilment of conditions specified to enjoying subsidy benefits under Package Scheme of Incentives, 2013 of Government of Maharashtra. The State of Maharashtra has recently declared the new Industrial Policy -2013 to ensure sustained industrial growth through various innovative initiatives so as to further improve the conducive industrial climate in the State and to provide global competitive edge to the industries in the State. The policy envisages grant of fiscal and non-fiscal incentives to the Industrial units with a view to helping the units achieve higher and sustainable economic growth with emphasis on balanced regional development and employment generation through greater Private and Public Investment in industrial sector. It is therefore necessary to amend the Package Scheme of Incentives-2007, in the light of the Industrial Policy-2013 and introduce a new "Package Scheme of Incentives 2013", containing details of eligibility criteria, quantum of incentives and monitoring mechanism for administering the incentives during the period up to the 31st March, 2018.

Period:

The amount of incentives to be disbursed to the MSMEs and LSI Units every year will be limited to the total quantum of incentives divided by the number of years as per the applicable Eligibility period with the provision of carrying forward the differential between the actual sanctioned amount for a given year and the yearly disbursement limit.

New MSME/LSI Units will eligible for a basket of incentives mentioned above. The total quantum of which will be linked to the Fixed Capital Investment. The total quantum of incentives and the Eligibility Period, will be as under: -

Taluka /Area	Ceiling as % of Fixed Capital Investment		No. of Years	
	Micro, Small & Medium Enterprises	LSI	Micro, Small & Medium Enterprises	LSI
A	---	---	7	7
B	20	---	7	7
C	40	30	7	7
D	70	40	10	7
D+	80	50	10	7
No Industry District	90	70	10	7
Naxalism Affected Area	100	80	10	7

The amount of incentives to be disbursed to the MSMEs and LSI Units every year will be limited to the total quantum of incentives divided by the number of years as per the applicable Eligibility period with the provision of carrying forward the differential between the actual sanctioned amount for a given year and the yearly disbursement limit.

Company has been issued eligibility certificate by Directorate of Industries, Government of Maharashtra under PSI 2013 for a total admissible amount of incentives of of Rs. 1,955.01 Lakhs and the validity period of this eligibility certificate is from 01.04.2016 to 31.03.2026.

The eligible unit claiming benefits under Expansion / Diversification shall be required to maintain separate record of production for such expansion. In case, however, maintaining separate record is not possible, the benefits for such eligible units shall be available in the ratio of additional fixed capital investment to the total gross fixed capital investment. There will no limit of number of expansions/diversifications in the Scheme period.

For more details on the scheme its applicability, eligibility condition, implementing agency, claim

period, monitoring etc. kindly refer to the PSI 2013 scheme document and relevant circulars issued by the Government of Maharashtra from time to time.

Benefits/consequences in case of the Shareholders - General

a) Dividend income

- Dividend (both interim and final) paid by the Company attracts DDT in the hands of the Company under section 115-O of the Act. It is exempt from tax in the hands of the shareholder.
- However, section 115BBDA of the Act provides that the aggregate of dividends received by specified taxpayers (except domestic company and certain funds, trusts, institutions) in excess of INR 10 lakh is taxable at the rate of 10 percent on a gross basis, and no deduction will be available for any expenditure.
- Section 14A of the Act restricts claim for deduction of expenses incurred in relation to earning of exempt income (here, dividend income).

b) Characterization of gains from transfer of shares

- The characterization of the gains/losses, arising from sale/transfer of shares as business income or capital gains would depend on the nature of holding and various other factors. The Central Board of Direct Taxes (CBDT) has clarified in a circular that income arising from transfer of listed shares and securities, which are held for more than 12 months would be taxed as "Capital Gains" unless the shareholder itself treats these as its stock-in-trade and income arising from transfer thereof as its business income.

c) Capital Gains-general

Long term and short term capital gains

- Capital assets are categorized into short-term capital asset and long-term capital asset based on the period of holding of such asset. Equity shares listed on a recognized stock exchange in India held by an assessee for more than 12 months immediately preceding the date of transfer are considered as long-term capital asset whereas if such shares are held for 12 months or less are regarded as short-term capital asset. Capital gains arising from the transfer of long-term capital asset are characterized as LTCG. Capital gains arising from transfer of short-term capital asset are treated as STCG.

Deductions in computing capital gains

- In terms of section 48 of the Act, in order to arrive at the quantum of capital gains, the following amounts would be deductible from the full value of the consideration:
 - a) Cost of acquisition of shares; and
 - b) Expenditure incurred wholly and exclusively in connection with transfer of shares

Dividend and Bonus Stripping

- Section 94(7) of the Act restricts allowance of losses arising from sale/transfer of securities/unit of mutual fund where these are purchased within three months prior to the record date (relevant for the purpose of receipt of dividend) and such securities are sold within three months or such units are sold within 9 months after such record date. In such cases, the loss (if any) arising from such sale should be ignored to the extent of the amount of dividend or income received/receivable on such securities/units.
- Section 94(8) of the Act restricts allowance of losses arising from sale/transfer of units of mutual fund where these are purchased within three months prior to the record date (relevant for the purpose of receipt of bonus units) and such units are sold within 9 months

after such record date. In such cases, the loss (if any) arising from such sale/ transfer of the original units should be ignored for the purpose of computing taxable income, and further, the amount of loss so ignored may be regarded as the cost of acquisition of the bonus units held on the date of sale/ redemption of the original units.

Exemptions on reinvestment

- Exemptions may be claimed from taxation of LTCG or STCG if investments in certain specified securities/assets is made subject to fulfillment of certain conditions. The following exemptions may be available to the shareholders:
 - I. Section 54EE of the Act exempts long-term capital gains on transfer of shares if the gains upto Rs. 50 lacs are invested in “long term specified assets” (i.e. units of notified fund) within six months from the date of transfer. The investment in long term specified assets should be held for 3 years.
 - II. Section 54F of the Act exempts long-term capital gains on transfer of shares, held by an individual or HUF, if the net consideration is utilized to purchase/ construct a residential house within specified timelines.

Set-off and carry forward of losses

- As per section 74 of the Act, short-term capital losses incurred during the year are allowed to be set-off against short-term or long-term capital gains of the said year. Balance losses, if any may be carried forward for eight years for claiming set-off against subsequent years’ short-term or long- term capital gains. Long-term capital losses incurred during the year are allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year’s long-term capital gains.

STT

- STT is a tax payable on the value of specified securities (such as shares, certain derivatives or equity oriented mutual fund) transacted on a recognized stock exchange. STT is not allowed as a deduction while computing income from capital gains.

Tax Rates

- The LTCG arising upto 31 March 2018 on transfer of listed shares is exempt provided such transfer is chargeable to STT, as also the acquisition of such shares, if such acquisition is after 1 October 2004.
- As per Finance Act, 2018, LTCG exceeding one lakh rupees to the extent arising on transfer of these securities is taxable at 10 percent, provided such transfer is chargeable to STT. Further, to avail such concessional rate of tax, STT should also have been paid on acquisition, unless the securities have been acquired through a mode, to be notified as not requiring to fulfil the pre- condition of chargeability to STT.
- The LTCG arising from the transfer of such securities shall be calculated without indexation (inflation adjustment).

To provide grandfathering/ relief on long term gains arising on sale of listed shares that were acquired originally as unlisted shares upto 31 January 2018, an indexation mechanism has been provided.

Under this mechanism, where sale consideration is higher than the indexed COA (Cost Of Acquisition), the COA would be substituted with the indexed COA and capital gains will be computed accordingly.

Where sale consideration is higher than the COA but not higher than the indexed COA, the sale consideration is deemed as the COA, such that the gains would be neutralized.

This benefit is available in the following cases:

- equity shares, not listed as on 31 January 2018 but listed on the date of transfer; and
 - equity shares listed on the date of transfer but acquired in consideration of shares not listed on 31 January 2018 through tax neutral modes of transfer (e.g. amalgamation, demerger)
- In the context of the exempt LTCG regime upto 31 March 2018, CBDT had notified cases of acquisition of shares (e.g. acquisition under employee stock option or purchase schemes framed under the SEBI (ESOPs and ESPS) Guidelines, 1999; acquisition approved by the Courts, NCLT, SEBI or RBI; acquisition by any non-resident as per FDI guidelines) for which the pre-condition of chargeability to STT would not be applicable and yet the LTCG on transfer of the listed shares would stand exempted. A similar notification is expected to be rolled out in the context of the aforesaid new LTCG regime to be applicable from 1 April 2018.
 - The STCG arising on transfer of listed shares are taxable at 15 percent provided STT is chargeable on such transfer.

Minimum Alternative Tax ('MAT')

- MAT may apply where the income-tax payable by a company under the regular tax provisions is less than 18.5 percent of the "book profit" (calculated as per the provisions of section 115JB). In such cases, there would be an obligation to pay MAT at the rate of 18.5 percent of such book profit in lieu of regular income tax. Provisions allow the credit for such MAT against taxes payable in subsequent 15 years. In computing such book profits, exempt LTCG on listed equity shares and units of equity oriented fund will have to be factored in.

Alternative Minimum Tax ('AMT')

- AMT may apply where the income-tax payable by the shareholder (other than companies) under the regular tax provisions is less than 18.5 percent of the "adjusted total income" (being the total income before giving effect to certain deductions to be calculated under section 115JC). In such cases, there would be an obligation to pay AMT at the rate of 18.5 percent of such adjusted total income in lieu of regular income tax. Provisions allow the credit for such AMT against taxes payable in subsequent 15 years.

Buy Back

- Income arising to a shareholder on account of buy back of shares (not being listed on a recognized stock exchange) by a company will be tax exempt under section 10(34A) of the Act. In such cases, the company buying back the shares is liable to pay additional tax at the rate of 20 percent on distributed income being difference between consideration and the amount received by the company for issue of shares.

Further provisions applicable to specific category of shareholders are discussed below:

d) Capital gain – Resident shareholders

- In case of transfer of listed shares which are not chargeable to STT, LTCG is taxable at the rate of 20 percent with indexation (inflation adjustment) or 10 percent without indexation

whichever is more beneficial. The STCG arising in case of transfer of shares which are not chargeable to STT is taxable at the general corporate tax rate - currently 30 percent for domestic companies and as per slab rate in case of resident shareholders other than domestic companies.

- No withholding tax/ tax deduction at source is applicable on income arising by way of capital gains to a resident shareholder on transfer of shares of an Indian company.
- As per section 80C of the Act, individuals are allowed a deduction (up to a specified limit) against taxable income in respect of investments made in certain specified instruments.
- As per provisions of section 80G of the Act, specified amount of deduction is allowed in case of contribution made to certain specified funds or institutions.

e) Foreign Portfolio Investors (FPI) (earlier known as 'Foreign Institutional Investor')

- As per section 2(14) of the Act, securities held by a FPI registered in accordance with the SEBI Regulations for FPIs would be in the nature of "capital asset". Consequently, the income arising to a FPI from transactions in securities are treated as capital gains.
- As per provisions of Section 115AD of the Act, capital gains arising from transfer of securities would be taxable as follows:

Nature of income	Rate of tax (percent)
LTCG on sale of equity shares subject to STT	10*
LTCG on sale of equity shares not subject to STT	10
STCG on sale of equity shares subject to STT	15
STCG on sale of equity shares not subject to STT	30

- *As per Finance Act, 2018, LTCG exceeding one lakh rupees to the extent arising on transfer of these securities is taxable at 10 percent, provided such transfer is chargeable to STT. Further, to avail such concessional rate of tax, STT should also have been paid on acquisition, unless the securities have been acquired through a mode, notified as not requiring to fulfil the pre-condition of chargeability to STT.
- As per section 196D of the Act, any income, by way of capital gains arising to the FPI from transfer of securities is not subject to withholding tax/ tax deduction at source in section 115AD of the Act. Tax, if any, would be required to be discharged by the concerned FPI prior to making the remittance of the proceeds out of India.
- It has been clarified to the effect that provisions of MAT do not apply to FPIs that do not have a permanent establishment or place of business in India.

f) Special provisions for NRIs

A special scheme of taxation applies in case of Non-Resident Indian ('NRI') in respect of income/LTCG from investment in "specified foreign exchange assets" as defined under Chapter XII- A of the Act.

Key provisions of the scheme are as under:

- NRI is defined to mean an individual being a citizen of India or a person of Indian origin who is not a resident. A person is deemed to be of Indian origin if he, or either of his parents

or any of his grandparents, were born in undivided India.

- Key tax implications are:

Section	Provision
115E	LTCG [not covered under section 10(38)] in respect of a specified asset (which <i>inter alia</i> includes shares of an Indian company) is taxable at 10 percent
115F	LTCG [not covered under section 10(38)] arising on transfer of a foreign exchange asset is tax exempt if the net consideration from such transfer is <u>reinvested</u> in specified assets or in savings certificates referred to in section 10(4B) of the Act subject to the conditions prescribed therein

- In terms of section 115G of the Act, NRIs are not obliged to file a return of income under section 139(1) of the Act, if their only source of income is income from investments or long-term capital gains or both, provided adequate tax has been deducted at source from such income.
- Section 115H of the Act specifies that when NRIs become assessable as resident in India, they may furnish a declaration in writing to the Assessing Officer along with their return of income for that year to the effect that the scheme of Chapter XII-A shall continue to apply to them in relation to such investment income derived from the specified assets (which do not include shares in an Indian company) for that year and subsequent assessment years until such assets are transferred or converted into money.
- Section 115-I of the Act allows NRIs to elect not to be governed by the scheme for any assessment year by furnishing their return of income for that year under section 139 of the Act and declaring the choice made in such return and accordingly they would be taxed in that assessment year in accordance with the regular tax provisions.

g) Non-resident shareholders (other than FPIs and NRIs)

- In case of a non-resident shareholder, the first proviso to section 48 of the Act allows the capital gains arising from the transfer of listed equity shares of an Indian Company to be computed by converting the cost of acquisition, expenditure incurred wholly and exclusively in connection with such transfer and the full value of consideration into the same foreign currency as was initially utilized in the purchase of the shares and the capital gains so computed should be reconverted into Indian currency. However, the benefit of indexation (as provided in second proviso to Section 48) is not available to non-resident shareholders.
- As per provisions of section 80G of the Act, specified amount of deduction is allowed in case of contribution made to certain specified funds or institutions.
- It has been clarified that MAT provisions do not apply to a foreign company that does not have a permanent establishment/ place of business.

h) Additional tax benefits/consequences for non-resident shareholders

- *Treaty benefit*

Section 90(2) of the Act allows non-resident shareholders to opt to be taxed in India as per the provisions of the Act or the double taxation avoidance agreement ('DTAA') or tax treaty

entered into by the Government of India with the country of residence of the non-resident shareholder, whichever is more beneficial subject to fulfillment of conditions.

Further, any income by way of capital gains payable to non-residents [other than capital gains payable to an FPI] may be subject to withholding tax in accordance with the provisions of the Act or under the relevant DTAA, whichever is beneficial to such non-resident unless such non-resident has obtained a lower withholding tax certificate from the tax authorities.

- *Indirect Transfer Provisions*

Section 9 of the Act seeks to charge tax in various cases where income may be deemed to accrue or arise in India. Included in the list is the case of indirect transfer of capital assets in India through transfer of any share or interest in any company or entity outside India.

In response to concerns raised by stakeholders that the provisions resulted in multiple-taxation, it has been clarified that the indirect transfer provisions shall not apply to investment held by any non-resident, directly or indirectly, in a Foreign Institutional Investor and registered as Category-I or Category-II FPI under the SEBI Act, 1992.

- *PAN/ tax documents*

The withholding tax rates are subject to the recipients of income obtaining and furnishing a permanent account number (PAN) to the payer, in the absence of which the applicable withholding tax rate would be the higher of the applicable rates or 20%, under section 206AA of the Act. The requirement to furnish PAN will not apply if the non-resident shareholder furnishes prescribed documents to the payer.

As per Finance Act, 2018, resident non-individuals entering into financial transactions of an amount aggregating to two lakh and fifty thousand rupees or more in a financial year shall be required to apply for allotment of PAN. Further, the managing director, director, partner, trustee, author, founder, karta, chief executive officer, principal officer or office bearer or any person competent to act on behalf of such entities shall also be required to apply for allotment of PAN.

i) Benefits available to Investment Funds

- Investment funds being Category I and Category II Alternative Investment Funds (AIF) registered under the SEBI AIF Regulations have been accorded a pass through status under the Act. Accordingly, income of such investment funds other than income chargeable under the head “Profits and gains of business or profession” should be exempt from income tax as per section 10(23FBA).
- However, income (other than income chargeable under the head “Profits and gains of business or profession) of the unit holder out of the investment made in such investment fund is chargeable to income-tax in the same manner as if it were income accruing or arising to, or received by, such unit holder had the investments, made by the Investment Fund, been made directly by him.
- The taxable income of an Investment Fund would be charged at the rate or rates as specified in the Finance Act of the relevant year where the Investment Fund is a company or a firm or at maximum marginal rate in any other case.
- Further, the income accruing or arising to or received by the Investment Fund if not paid or credited to a person (who has made investments in an Investment Fund) shall be deemed to have been credited to the account of the said person on the last day of the previous year in the same proportion in which such person would have been entitled to receive the income had it been paid in the previous year.

- There is no specific exemption provided under the Act for the income earned by the Category III AIF. The taxability depends on the status of the Fund. In case the Fund is set-up as a 'Trust', the principles of trust taxation should apply based on the nature of the trust.

j) Benefits available to Mutual Funds

- In terms of section 10(23D) of the Act, all Mutual funds set up by public sector banks or public sector financial institutions or Mutual Funds registered under SEBI Act or Mutual Funds authorized by the Reserve Bank of India, subject to the conditions specified, are eligible for exemption from income taxes on all their income, including all incomes and gains arising from investment in/ transfer of the shares of the Company.
- However, the Mutual Funds would be required to pay tax on distributed income to unit holders as per the provisions of section 115R of the Act.
- As per section 196 of the Act, no tax is to be deducted from any income payable to a Mutual Fund specified under section 10(23D) of the Act.

Others

General Anti-Avoidance Rule ('GAAR):

- GAAR is a set of anti-tax abuse provisions in the Act that give wide powers to the income-tax authorities in a manner that may override regular tax provisions. GAAR may be invoked in case any arrangements are found to be "impermissible avoidance arrangements". A transaction can be declared as an impermissible avoidance arrangement, if the main purpose of the arrangement is to obtain a tax benefit and which satisfies one of the four below mentioned elements:
 - (1) The arrangement creates rights or obligations which are ordinarily not created between parties dealing at arm's-length;
 - (2) It results in directly / indirectly misuse or abuse of the Act;
 - (3) It lacks commercial substance or is deemed to lack commercial substance in whole or in part; or
 - (4) It is entered into or carried out in a manner, which is not normally employed for bona fide purposes.

The provisions of GAAR are applicable with effect from financial year 2017-18 and onwards.

Wealth Tax and Gift tax

- The Finance Act, 2015 has abolished the levy of wealth tax with effect from 1 April 2016.
- Provisions of section 56(2)(x) of the Act seek to tax receipt of the sum of money or the property (which inter alia includes shares and securities) by any person without consideration or for inadequate consideration in excess of Rs. 50,000, unless specifically exempted (e.g. gift from relative).

Notes:

- (i) All the above income-tax benefits/consequences are as per the current Indian income-tax law relevant for Assessment Year 2018-19 which corresponds to the financial year ending 31 March 2018 (considering the amendments made by Finance Act, 2017) and key tax amendment proposals included in the Bill. The income-tax law is subject to change from time to time.
- (ii) All tax rates stated above would have to be increased by applicable surcharge and cess calculated on tax plus surcharge.

As per the Finance Act, 2018 surcharge is to be levied as under:

- (a) In the case of individual or Hindu undivided family or association of persons or body of individuals, whether incorporated or not, or every artificial juridical person, where his income exceeds Rs. fifty lakhs but does not exceed Rs. one crore, a surcharge at 10 percent of tax liability is payable and when such income exceeds Rs. one crore, surcharge at 15 percent of tax is payable.
- (b) In case of firms, where income exceeds Rs. one crore, a surcharge at 12 percent of tax is payable.
- (c) In case of domestic company, where its income exceeds Rs. one crore but does not exceed Rs. ten crores, a surcharge at the rate of 7 percent of tax liability is payable and when such income exceeds Rs. ten crores, surcharge at 12 percent of tax is payable.
- (d) In case of companies other than domestic companies, where the income exceeds Rs. one crore but does not exceed Rs. ten crores, a surcharge of 2 percent of such tax liability is payable and when such income exceeds Rs. ten crores, surcharge at 5 percent of tax is payable.
- (e) In case of tax under sections 115-O and 115-R of the Act, surcharge of 12 percent of the tax liability is payable

Effective 1 April 2018, 'Health and Education cess' at the rate of 4 percent on the income tax (including surcharge) is applicable.

- (iii) This statement sets out the position as per the Act as amended by the Finance Act, 2018. This position of law and its interpretation is subject to change from time to time. Further, no assurance is given that the revenue authorities/courts will concur with the views expressed herein.
- (iv) The above statement covers only certain relevant income-tax benefits/consequences under the Act and does not cover benefits/consequences under any other law.
- (v) The stated income-tax benefits/consequences will be available only to the sole/first named holder in case the shares are held by joint holders.

Global Economic Outlook

World growth strengthened in 2017 to 3.8 percent, with a notable rebound in global trade. It was driven by an investment recovery in advanced economies, continued strong growth in emerging Asia, a notable upswing in emerging Europe, and signs of recovery in several commodity exporters. Global growth is expected to tick up to 3.9 percent this year and next, supported by strong momentum, favorable market sentiment, accommodative financial conditions, and the domestic and international repercussions of expansionary fiscal policy in the United States. The partial recovery in commodity prices should allow conditions in commodity exporters to gradually improve.

Over the medium term, global growth is projected to decline to about 3.7 percent. Once the cyclical upswing and US fiscal stimulus have run their course, prospects for advanced economies remain subdued, given their slow potential growth. In emerging market and developing economies, in contrast, growth will remain close to the current level as the gradual recovery in commodity exporters and a projected increase in India's growth provide some offset to China's gradual slowdown and emerging Europe's return to its lower-trend growth rate. Nevertheless, 40 emerging market and developing economies are projected to grow more slowly in per capita terms than advanced economies, failing to narrow income gaps vis-à-vis the group of more prosperous countries

Despite strong aggregate figures in the baseline forecast and buoyant market sentiment, the current momentum is not assured. Upside and downside risks are broadly balanced over the next several quarters, but risks farther down the road are skewed to the downside. With still-easy financial conditions and persistently low inflation that has required protracted monetary policy accommodation, a potential further buildup of financial vulnerabilities could give way to rapid tightening of global financial conditions, denting confidence and growth. The support to growth that comes from procyclical policies, including in the United States, will eventually need to be reversed. Other risks include a shift toward inward-looking policies that harm international trade and a worsening of geopolitical tensions and strife.

Indian Economic Overview

Growth is increasing, making India the fastest-growing G20 economy. Investment and exports, supported by the smoother implementation of the new goods and services tax (GST), are becoming major growth engines. Inflation will hover within the target band, with upside risks reflecting rising oil prices and an increase in housing allowance for public employees. The current account deficit will increase. Job creation in the formal sector will remain sluggish, leaving the vast majority of workers in low-productivity, low-paid activities.

Fiscal and monetary policies are projected to remain broadly neutral. To reduce the relatively high public debt-to-GDP ratio, containing contingent fiscal liabilities is key, including through better governance of public enterprises. Better risk assessment in banks would allow allocating financial resources to the best projects and avoiding a new increase in non-performing loans. Investing more in education and training, combined with a modernisation of labour laws, would help create better jobs and make growth more inclusive.

The economy is rebounding after the transitory negative impacts of demonetisation and GST

Reforms are gradually paying off, as confirmed by the recovery in industrial production and investment after several weak years. With capacity utilisation rising, corporate earnings recovering and the recapitalisation of public banks, investment has revived. Private consumption has suffered from the confidence and employment shocks associated with demonetisation. However, a recovery is underway as suggested by the recent rebound in two-wheelers sales and other vehicles. The number of employees eligible for social security benefits has been boosted by an amnesty scheme for companies, but still stands below 10% of total employees. Employment data are partial but suggest that overall job creation has been lacklustre.

The drag on growth from exports is vanishing as foreign demand is rising and procedures to comply with the new GST have been adjusted to ease liquidity constraints faced by exporters. Pressures on the current account deficit are stemming from the rapid increase in imports, accompanying the recovery in import-intensive investment, and oil prices. Core inflation is slightly above target, but relatively stable despite large price shocks associated with demonetisation and the GST implementation.

Growth is projected to accelerate

Growth will be supported by an acceleration in private investment as excess capacity diminishes, deleveraging by corporates and banks continues and infrastructure projects mature. Exports will strengthen thanks to competitiveness gains resulting from the implementation of the GST. Higher agricultural prices will raise rural incomes and consumption but put pressures on the fiscal deficit. Delays in cleaning banks' balance sheets would risk weighing on investment, as would a faster-than-projected increase in interest rates in OECD countries. An increase in commodity prices would create pressures on inflation, the current account and the fiscal deficit while depressing private consumption. On the other hand, the modernisation of labour laws at the central government or state levels would promote job creation and make growth more inclusive.

The baseline projects private consumption to remain a primary driver of growth; investment to pick up moderately;

Under the baseline scenario, private consumption is expected to average at about 7.9 percent growth during 2017-18 to 2019-20. According to the consumer confidence survey conducted by the Reserve Bank of India, the future expectations for increased spending rose by 12 percent between November 2016 and November 2017, reflecting greater optimism of households and willingness to spend over the coming year. The growth projections are based on the assumption that investment growth will accelerate gradually to 6.7 percent in 2019-20. Pick-up in private investments going forward will depend on relieving the structural constraints such as stresses on the financial sector and, continued implementation of reforms to improve the investment climate.

Economic growth is projected to resume gradual acceleration and converge to potential growth rate in coming years.

GDP growth was disrupted in the last two quarters of 2016-17 and the first quarter of 2017-18 due to demonetization and adjustment to the implementation of GST. The activity has begun to stabilize and the economy is poised to resume gradual acceleration toward the trend growth rate in the years ahead. GDP growth is projected to be 6.7 percent in 2017-18 and accelerate to 7.3 percent and 7.5 percent respectively in 2018-19 and 2019-20. As highlighted in Part 1 of the report, acceleration to rates higher than this on a sustained basis will depend on recovery in two important and lagging engines of growth – private investments and exports; on recovery in credit growth; and will likely require continued support from the global economy as well as decisive progress on the unfinished reform agenda.

Economy will converge to potential in the medium term.

Recent disruptions to growth resulted in a large negative deviation from potential GDP. While data constraints make it difficult to calculate India's potential GDP with precision, we estimate potential GDP growth to converge to about 7.2 percent in the medium-term assuming a meaningful and sustainable pickup in investments as in the baseline scenario. Total Factor Productivity (TFP) remains the largest contributor to potential growth, but rising investment levels are expected to drive the modest acceleration in the medium term. Achieving a higher potential would require productivity enhancements, a larger pickup in investment, and an increase in women's participation in the labor force as India's labor force is short of its potential given the large gender gap in economic participation.

Demand for Electrical equipment is driven by Infrastructure development & growth in Real Estate

Electrical equipment manufactured by our Company are used for transmission and distribution at commercial level and demand generated is directly proportional to growth of real estate and infrastructure sector. Real Estate & Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Real Estate & Infrastructure creates lots of demand for products from non-core industries, like plastic sheets, steel wire, electrical equipment, engineering equipment's and many more.

Investments / Developments

The Indian real estate sector has witnessed high growth in recent times with the rise in demand for office as well as residential spaces. Private equity investments in real estate are estimated to grow to US\$ 100 billion by 2026 with tier 1 and 2 cities being the prime beneficiaries. India stood third in the US Green Building Council's (USGBC) ranking of the top 10 countries for Leadership in Energy and Environmental Design (LEED) certified buildings, with over 752 LEED-certified projects across 20.28 million gross square meters of space. According to data released by Department of Industrial Policy and Promotion (DIPP), the construction development sector in India has received Foreign Direct Investment (FDI) equity inflows to the tune of US\$ 24.67 billion in the period April 2000-December 2017.

Some of the major investments in this sector are as follows:

- In February 2018, DLF bought 11.76 acres of land for Rs 15 billion (US\$ 231.7 million) for its expansion in Gurugram, Haryana.
- In February 2018, Japanese conglomerate Sumitomo Corporation announced its US\$ 2 billion partnership with Krishna Group to develop real estate projects in the country.
- KKR India Asset Finance Pvt Ltd has invested over US\$ 500 million in residential real estate projects in India in 2017, taking its total investments in real estate projects in India to US\$ 1 billion.

Government Initiatives

The Government of India along with the governments of the respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the real estate companies. Below are some of the other major Government Initiatives:

- In February 2018, creation of National Urban Housing Fund was approved with an outlay of Rs 60,000 crore (US\$ 9.27 billion).
- Under the Pradhan Mantri Awas Yojana (PMAY) Urban 1,427,486 houses have been sanctioned in 2017-18. In March 2018, construction of additional 3,21,567 affordable houses was sanctioned under the scheme.

Segments in the Real Estate Sector

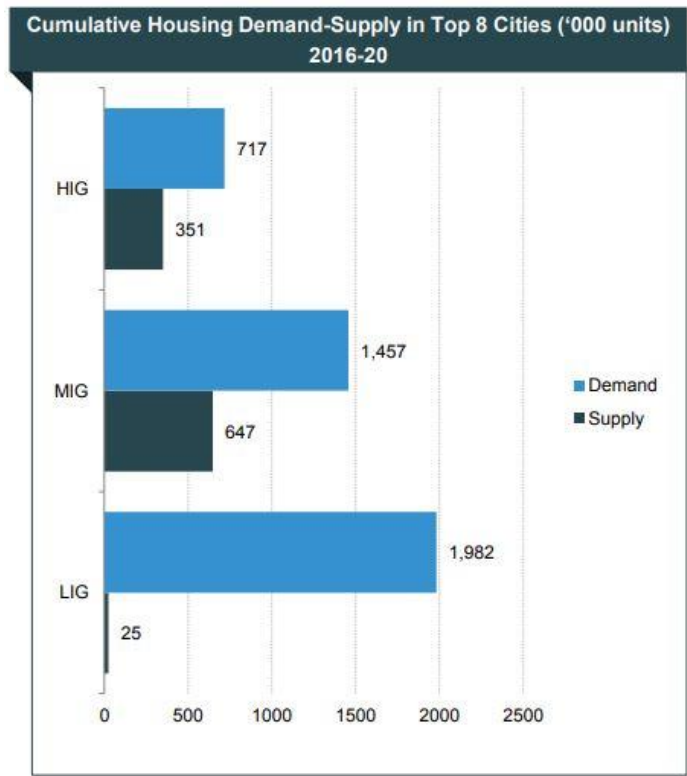

Residential Sector

Residential Sector is a localized and fragmented market with presence of few Pan India developers. Rise in Residential sector has been mainly attributable to following factors:

- Rapid Urbanization
- Growth in Population
- Rise in no. of nuclear families
- Easy availability of finance
- Repatriation of NRI and HNIs
- Rise in disposable income

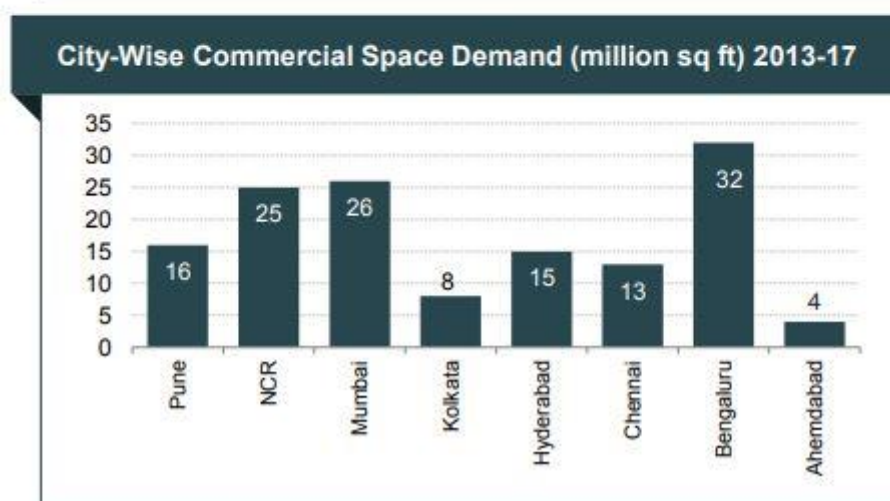

HIG: High Income Group
MIG: Medium Income Group
LIG: Low Income Group

Commercial Sector

Commercial Sector is dominated by large developers with Pan India presence whereby the operating model has shifted from sales to lease and maintenance. Rise in commercial sector growth is mainly attributable to following:

- Rapid growth in service sectors: IT/ITeS, BFSI and Telecom
- Rising demand from MNCs
- Demand of offices in Tier 2 cities

Retail Sector

At present, retail sector accounts for small portion of Indian real estate market. Organised retail spaces are few and is mostly developed by residential/office developers. Growth in retail real estate sector is attributable to:

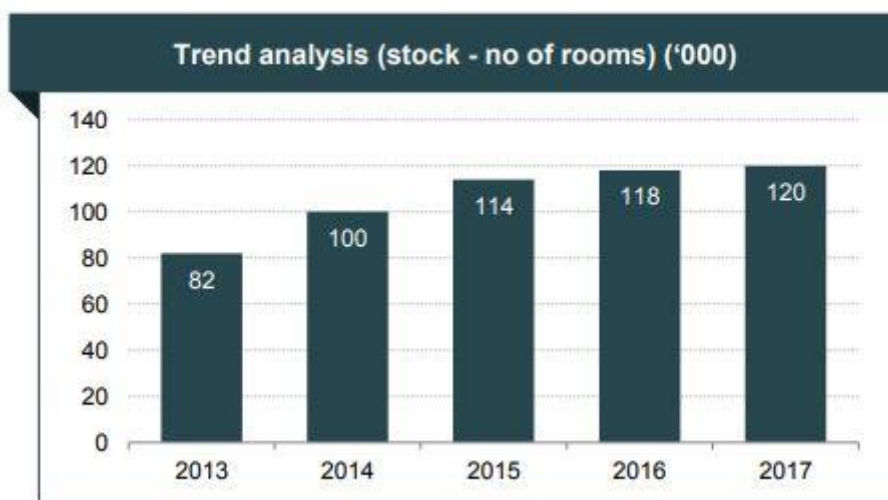

- Booming Consumerism in India
- Entry of MNC retailers

Hospitality Sector

NCR and Mumbai are the biggest hospitality markets in India, followed by Bengaluru, Hyderabad and Chennai. Besides hotels, hospitality market comprises of service apartments and convention centres. Key drivers for the growth in hospitality sectors are as follows:

- Robust economic tourism industry
- Increasingly global nature of Indian businesses and boosting business travel
- Expansion of physical infrastructure during the 12th Five Year Plan.
- Government initiatives to promote tourism in Tier II and Tier III cities.

Special Economic Zone Sector

A special economic zone (SEZ) is a geographical region that has economic laws that are more liberal than a country's domestic economic laws. India has specific laws for its SEZs.

The category 'SEZ' covers a broad range of more specific zone types, including Free Trade Zones (FTZ), Export processing zones (EPZ), Free Zones (FZ), Industrial Estates (IE), Free ports, Urban Enterprise Zones and others. Following table gives a snapshot of the SEZ in India:

No. of formal approvals (As on 31.01.2018)	423
No. of notified SEZs (As on 31.01.2018)	357
No. of In - Principle Approval (As on 31.01.2018)	31
Operational SEZs (As on 30.09.2017)	221
Units Approved in SEZs (As on 30.09.2017)	4,765

Future Prospects of the Products offered by the Company

Our Company is engaged in manufacturing of various electrical components catering to residential as well as commercial demands. Some of the major products and future prospects of our products are as follows:

1. Distribution Boxes / Boards

We manufacture outer casing for a range of distribution boards for our clients like Anchor, ABB, Indotop, Goldmedal etc. Distribution boards are also known as panel board, breaker panel or electric panel and are a part of electric supply system that divides an electric power feed into subsidiary circuits, while providing a protective fuse or a circuit breaker in a common enclosure.

The global distribution boards market is estimated to record a market size of USD 4.33 Billion in 2016, and is projected to grow at a CAGR of 6.4% from 2016 to 2021, to reach USD 5.91 Billion by 2021. Market growth is driven by factors such as the growing need to protect electrical components and networks, increasing global electricity demand, subsequent investments in renewable power plants, and increasing construction and infrastructural activities across the globe.

<https://www.marketsandmarkets.com/Market-Reports/distribution-board-market-10103490.html>

The Distribution Boards, by virtue of being a functionally integral part of any distribution system have vast opportunities of demand. India is a developing country with a fast growing population and the economic growth of the country and the demand for any essential item grows as a function of population. Electrical power demand also grows as a function of population and commensurately the infrastructural requirement in the power sector grows.

2. Air Conditioner Box

We are also into manufacturing of AC Box for clients like Anchor and Goldmedal.

According to the “India Air Conditioner Market Outlook 2022” report, air conditioner sales are expected to grow with a CAGR of more than 10% over next four years.

Consumer durables are one of the fastest growing industry segments in India. Air conditioners are basically used to manage temperature and humidity efficiently. These systems are installed in commercial buildings, IT parks, hotels, restaurants, manufacturing industries, retail outlets and residential buildings for enhanced lifestyle comfort.

With the continuous inflow of disposable income and the advancement of technology, the need for the varied consumer durable goods are on a rise. This in turn has led to a strong competition between different consumer durable brands as well as the price gap between the same consumer goods of different companies are also narrowing down.

India is one of the major developing countries with huge middle class population base and rising per capita income. In comparison to other developing countries, the market penetration

of air conditioners is still very low in India, which in turn provides a huge opportunity to players.

AC Box is an integral part of AC installation. With the expected increase in the demand and installation of Air conditioners across residential and commercial segments, demand for AC Box is expected to increase in similar proportion.

3. Modular Electric Board Panels

Modular electric board panels are the latest trend in electrical components industry which are designed to accommodate variety of components like 3 Pin Plug, switches, socket outlets, fan regulators, RJ 11 Jack Plate, Co-axial antennae sockets etc in a single plate.

We manufacture these panels for our clients like Legrand and Anchor -Panasonic. Modular electric board panel is a consumer level product and demand for such product is directly proportional to the rise in consumer needs. With the increase in per capital income and the desire to have a high standard of living, new residential and commercial establishments as well as upgradation by existing establishments is leading to a huge demand for these products.

BUSINESS OVERVIEW

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section titled “Forward-Looking Statements” on page 9 for a discussion of the risks and uncertainties related to those statements and also the sections titled “Risk Factors” on page 12, “Restated Financial Information” on page 170 and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on page 204 for a discussion on certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our financial year ends on March 31 of each year, so all references to a particular financial year/ Fiscal are to the twelve-month period ended March 31 of that year.

OVERVIEW

We are an ISO 9001:2015 certified company, engaged in the business of designing and manufacturing of electrical, automobile and irrigation components as contract manufacturers and as component suppliers to leading industry players on Business-to-Business (B2B) model.

Our focus has been on providing one-stop-shop solutions mainly to manufacturers of electrical products and components in India. We offer integrated design and manufacturing solutions for local and internationally recognised brands in the electrical products industry. We have developed ability to manufacture most of these products from the concept and design stage up to the final delivery to the customer’s distribution network thereby covering the entire value chain.

We offer end-to-end product solutions to our customers under the B2B model wherein we provide services ranging from global sourcing, manufacturing, quality testing and packaging to logistics. We also offer products in the intermediate stages to many of our customers.

Over last two decades, we have gained invaluable experience in assisting our customers develop new designs, incorporating latest technologies and efficiently utilising our manufacturing facilities, equipment and materials and thereby constantly improving our product offerings, structure and functional design so as to meet our customers’ needs.

We undertake manufacture and supply of finished products and intermediate-stage products for our customers on contract basis depending upon the demand from them.

Our manufacturing unit(s) are located at Jalgaon & Nashik in Maharashtra. We also have a commercial tool room with modern infrastructure backed by an experienced team. We offer comprehensive design services, ranging from product conceptualisation, designing, technical detailing, tooling and productivity improvement services resulting in improved manufacturing processes for our customers’ products.

Our Company was originally incorporated as Spectrum Polytech Private Limited on August 12, 2008. The name was later changed to Spectrum Electrical Component Private Limited on March 11, 2014, which was further changed to Spectrum Electrical Industries Pvt. Ltd. on June 14, 2018. The Company was converted into a Public Limited Company pursuant to Shareholders’ Resolution passed at the Extra Ordinary General Meeting of Members of the Company held on May 30, 2018 and the name of our Company was changed to Spectrum Electrical Industries Limited vide a fresh Certificate of

Incorporation dated June 20, 2018. The Registered Office & Corporate Office of our Company is located at Jalgaon in the State of Maharashtra.

BUSINESS HISTORY

Mr. Deepak Chaudhari, Promoter of our Company, started his entrepreneurial journey in 1995 by incorporating a proprietary firm, M/s. Spectrum Electroplaters in Jalgaon, Maharashtra. The firm was focused on undertaking zinc, nickel, tin, copper, silver and gold electroplating for Morarjee Dorman Smith Pvt. Ltd. (presently part of Legrand Group) and VIP Industries Limited. As the firm's business grew, Mr. Deepak Chaudhari extended the business operations to Nashik by incorporating a partnership firm under the name and style of M/s. Spectrum Electroplater in 2003, along with his business associates Mr. Devendra Rane and Mr. Chandrakant Rane. The partnership firm started with similar activities of electroplating and later on added Distribution Box Manufacturing activities for Anchor Electricals Pvt. Ltd. and ABB Limited in 2012.

To further expand the fabrication capacity, Mr. Deepak Chaudhari incorporated M/s. Spectrum Fabricators (India) Pvt. Ltd. in Jalgaon in 2004. After achieving stability in the operations across the group entities, Mr. Deepak Chaudhari started Injection Moulding business and set up a partnership firm, M/s. Spectrum Polytech at Jalgaon along with his wife, Mrs. Bharti Chaudhari in 2008. Later on, a commercial tool room was set up in Spectrum Polytech for manufacturing of dies and moulds.

For improving efficiencies, effective management and improvement / advancement of business, it was decided to integrate all the business operations of the group entities into one single entity. Accordingly, through business transfer agreements dated March 31, 2017, business of all the group entities, along with respective assets and liabilities were transferred to our Company with effect from April 1, 2017.

As a result of this business integration, the Company currently owns all the businesses carried on by erstwhile group entities, viz. the following:

Our journey started with electroplating; and over past two decades we have added allied business activities of sheet metal fabrication, stamping, tool room, metal finishing & injection moulding. Today, as an integrated business enterprise, we are manufacturing and supplying a range of finished products directly to OEM customers' warehouses/distribution network besides supplying intermediate-stage products to many customers. Our multi-technological capabilities and integrated offerings combined with our product quality & customer service have helped us emerge as a preferred vendor to large corporate to source finished product directly from us, rather than outsourcing different intermediary products through different vendors. Through our long standing business relationship with our customers, we have acquired invaluable knowledge of customers' business process & quality expectations. Our successful delivery of products meeting customers' expectations as to quality and service has earned us a position of strategic supplier for our customers.

			A separate facility is proposed to be established for Zinc electroplating activity, which will be funded out of current IPO proceeds.
14	Plant 14	Plot No. 266-P & 267-P, Narasapura Industrial Area, Karadubande, Hosahalli & Achatrihalli, Narasapura, Hobli , Kolar, Bengaluru, Karnataka	A facility for manufacture of Injection Moulded Plastic Components is proposed to be established at this location.

Other business operations like purchases, sales, IT & system support, HR & administration, finance & accounts, legal & secretarial compliances and other supporting functions are handled from our registered and corporate office located at Plot No. V-195, MIDC Industrial Area, Ajanta Road, Jalgaon.

OUR PRODUCTS

We manufacture a range of products under electrical components domain having different applications and utilities. We undertake activities such as designing, fabrication, moulding, powder coating, electroplating and assembling to develop these products. Some of the products are obtained after passing through all the stages of production while some are obtained at intermediate stages of production. Actual photographs of some of the key products manufactured by our Company for our various customers are presented below:

1. Distribution Boards & Metal Junction Boxes

2. AC Box

3. Modular Electric Board Panels

4. Other Electrical Components

a. Mini MCB Base & Cover

b. Fancy Angle Holders

By virtue of multi-technology and varied processes involved in our manufacturing activities, we are also able to cater to other industries like automobile and irrigation. In automobiles, we supply plated brake components like carrier and calliper to major automobile manufacturers/OEM suppliers. We have rendered electroplating services to Tier I suppliers of Maruti Suzuki India Limited, Toyota Kirloskar Motor Pvt. Ltd., Nissan Motor India Pvt. Ltd., Honda Cars India Ltd. and Mahindra & Mahindra Limited. We are now nominated by Maruti Suzuki India Limited as potential vendor of zinc plating for their Tier I suppliers.

5. Auto & Irrigation Components

1. Caliper

3. Filter Pumps

2. Carrier

4. Filter Tank

INSTALLED CAPACITY

We offer a variety of products consisting of both finished goods and products obtained at intermediate production process level. We have different types of manufacturing plants for different processes and thus, the installed capacity for manufacturing of the products cannot be directly computed. Installed capacity in our Industry is a function of available machines, manpower deployed and time taken for manufacturing different kind of products. We are currently operating at near optimal capacity utilization levels and the setting up of new zinc electroplating plant will further enhance our production capacity for electroplating.

Our current and past manufacturing capacity for different processes are given below:

In Metric Tonnes per annum

Particulars	Rated Installed Capacity	Optimum Installed Capacity based on our product mix	Capacity Utilization	Capacity Utilization %
2017-18 (after business integration)				
Injection Moulding Plastic Products Manufacturing	3,500	2,700	2,106	78%
Press Components Manufacturing & Powder Coating	5,500	4,800	3,360	70%

2014-15				
Injection Moulding Plastic Products Manufacturing	100	60	12	20%

COMPETITIVE STRENGTHS

- Strong in-house capabilities of product and engineering design
- Multi-Technological capabilities and integrated offerings such as tool room, injection moulding, sheet metal fabrication, stamping, metal finishing and surface treatments
- Sustainable business model with low risk having industry leaders as our customers
- In house R&D enables us to quickly develop products and adapt to the needs of our clients
- SAP S/4 HANA implemented by Company for digital enterprise operations
- UL certified moulding manufacturing process
- High standard of product quality and customer service
- Availability of up-to-date infrastructure enabling us to meet bulk requirements of clients
- Experienced management team

KEY TECHNICAL ACHIEVEMENTS /STRENGTHS

- We have recently successfully developed a four cavity tool for a critical component which is otherwise done on a two cavity tool worldwide. This specialised tool significantly enhances the productivity and cost efficiency.
- We have recently successfully started silver graphite and silver diamond electroplating line which is a pioneering effort in India. This specialised technology finds its applications in high rated circuit breakers.

We hold the following registrations and recognitions/ performance awards:

1. Company has entered into Master Supplier Agreement with Schneider Electric India Pvt. Ltd. for supply of products and services
2. We have entered into Memorandum of Quality Assurance and also with Anchor-Panasonic for supply of various products.
3. We have entered into DOL agreement with Legrand for supply of various components.
4. We hold ISO 9001:2015 certification.
5. Awarded as a Gold Supplier for the financial year 2017-18 by Anchor-Panasonic for commitment, consistency and value addition to their products.
6. Awarded as Best supplier of Wiring Device BU by Anchor Panasonic for the financial year 2017-18
7. Schneider Electric has awarded the Company for excellent response during TVS + Launch and Meeting Customer commitments
8. Our Promoter, Mr. Deepak Suresh Chaudhari has been awarded “Young Entrepreneur” award by AIMS International, North Maharashtra Chapter and Raisoni Group of Institutions in 2016.

EXPORTS

Domestic market for our products is huge and offers many opportunities for growth; as such Indian market remains our prime focus. We have recently started exporting some of our products to traders based in Dubai.

RESEARCH & DEVELOPMENT (R&D)

We have an in-house R&D set up for different processes involved in the manufacture of products. Our R&D Team consists of qualified, experienced and dedicated people and the set-up is well equipped with modern technology and tools for designing and developing various new products as per the requirements of our customer.

We have a high precision Tool Room at Jalgaon plant where activities related to designing and development of various electrical components is undertaken. This Tool Room is equipped with modern, imported and indigenous machines to cater to designing and tooling requirements of our products as per the clients' needs.

The R & D team regularly undertakes research and analysis for product development and enrichment as innovation is a critical aspect driving our business and customer satisfaction.

SALES & MARKETING

We supply our products to select customers (B2B) and majority of our customers have been with us for a considerably long period. We are a preferred supplier to several of our clients and as such, we receive their projected requirements for products on periodic basis and the manufacture & sales are effected directly from respective plants. Due to our integrated business offerings to our customers, our sales and revenue growth is driven by strategic mutual interest and priorities.

We have dedicated account managers for our key customers who are responsible for servicing and generating new orders from existing customers. Our product innovation and cost efficiency achieved

through R&D helps in generating orders for newer product category and/or increased order quantity for existing product range. A dedicated team under the guidance of Managing Director plans and executes new client acquisitions from same or different industry segments.

Supply Chain Management (SCM) Heads at various plants finalise the terms of purchase order as per the discussion with the Client. The purchase order is then shared with the operations team which then co-ordinates in procuring raw material, planning and executing the order in a timely manner.

COMPETITION

We believe that there are no companies in India, which have in-house multi technology capabilities to manufacture equivalent product mix as that of our Company. Setting up and management of these different technology and processes require specialised knowledge & skills, infrastructure and specific management capabilities. We possess these attributes and our rich experience in successfully managing these processes acts as a strong entry barrier. However, we face competition from various players in different intermediate segments of our manufacturing process. The major factors which affect competition in our business are product quality and value added services. With our strong customer relationships, innovations and quality product offerings, we believe that we provide a comprehensive, dependable and reliable offering in comparison to our competitors.

CUSTOMER SUPPORT & SERVICING

Customer satisfaction is a major focus area for our Company and we strive to provide required products to the customer exceeding their quality expectations. We also constantly plan and monitor our production processes to ensure timely delivery of the products to customers. We conduct our entire operations in a transparent manner providing comfort and ease of dealing for our customers. We also conduct regular audit and take customer feedback for further improvements in our operations.

ERP SYSTEM & SOFTWARE

We have implemented SAP S/4 HANA, as per 'SAP Best Practices'. SAP S/4 HANA is the latest version of SAP's Enterprise Resource Planning (ERP) packages. It is an intelligent ERP suite designed specifically for in-memory computing and offers a personalised user experience with SAP Fiori. It establishes a digital core to connect enterprise with people, business networks, the Internet of Things, Big Data etc.

Besides this, we have installed licensed versions of various design and analysis software like UG-NX 9, Solid Work, 3D quick press, Auto Desk Mould Flow, Auto CAD, Work NC, PEPS and Del CAM.

We also have a strong network system with in-house IBM Power 8 Server, Redundant Server and Disaster Recovery Server to ensure storage and retrieval of data on an ongoing basis. There is a strong in-house team of qualified and experienced IT personnel to manage the entire IT operations of the Company.

PURCHASE DEPARTMENT

We have a dedicated procurement team, which looks after the procurement of raw material as per the orders received from the customers. Procurement team consists of well-trained & experienced employees and they closely work with all the plant heads for timely availability of the raw material to complete the orders of the customers. A prospective vendor is carefully evaluated for capacity,

standard and quality consciousness before approval. Where required, new vendors are identified and existing vendors are trained to retain and improve their quality standards.

QUALITY ASSURANCE

Inward quality department ensures proper checking and testing of raw materials. The entire production process is monitored at every stage by quality assurance personnel to prevent mistakes and defects in the manufactured product. Our quality assurance programme comprises of administrative and procedural activities implemented in a Quality System to ensure that the final product specifications are met. Quality inspections are carried out on all finished products as per the sampling plan. Trained quality inspectors and sophisticated testing instruments ensure quality products.

Quality Control Equipment (CMM)

TOOL ROOM

Tool Room is the foundation of any engineering business and it plays a key role in our manufacturing setup. We commissioned our Tool Room in 2009 and presently we have a full fledged facility equipped with sophisticated equipment like electro discharge machines, wire-cut, grinding machines, vertical milling machines, turning milling centre, laser welding, video measuring machines, co-ordinate measuring machine, trimos and standard measuring equipment along with required designing software. We have qualified and experienced team who provide required tool room support in the production process.

We operate our Tool Room on commercial basis and besides in-house usage, we also cater to tooling and designing requirements of other industrial customers.

PLASTIC INJECTION MOULDING UNIT

We had set up our injection moulding facility in 2008 to capitalise on the emerging demand from our existing MNC customers. It is presently equipped with 80 moulding machines having capacity ranging from 50 tonnes to 300 tonnes. All the machines are capable of processing of engineering plastic with glass field.

Our tool room complements this facility by designing and manufacturing injection machine moulds for usage in injection moulding machines.

ELECTROPLATING UNIT

We commenced our business in 1995 with an electroplating unit. Electroplating is a specialised process in which a layer of a metal is deposited on metallic or non-metallic surface by electrolysis. We have in-house capability of carrying out different types of electroplating which includes copper, tin, silver, gold, silver graphite, silver diamond, zinc electroplating and electroless nickel plating. The ability to carry out variety of electroplating is one of our key manufacturing strengths enabling us to offer integrated

product solutions to our customers. We have a fully automatic facility supported by trained and experienced staff to conduct and monitor the specialised activity.

METAL FABRICATION UNIT

Sheet Metal Fabrication:

Fabrication is the process of cutting, bending, welding and assembling of metal sheets in desired shape and size. It is a value added process that involves the creation of machines, parts, and structures from various raw materials. This facility is equipped with shearing machine, bending machine, rolling machine, CO₂ welding machine, spot welding machine, Argon welding machine and arc welding machine and a dedicated assembly line.

This facility is utilised for manufacturing and fabrication of distribution boxes, metal junction boxes and irrigation filters.

Precision Stamping:

Stamping is the process of placing flat sheet metal in either blank or coil form into a stamping press where a tool and die surface forms the metal into a net shape. This facility is fully equipped with high precision press machines used for manufacturing of precision press parts. Our tool room complements this facility by designing and manufacturing precision tools for usage in press machines.

POWDER COATING UNIT

Powder coating is a special type of surface treatment where the coating of thermoplastic /thermoset powder on metal surfaces is applied electrostatically and is then cured under heat to allow the coating to flow and form a "skin" over metal surfaces. Both glossy and matt finish can be obtained through the process

We have capability to undertake powder coating under continuous process as well as batch type process. Key machinery installed at our unit include powder coating booth, electrostatic spray gun, baking oven, seven tank pre-treatment. Quality checks are undertaken using modern machines like thickness tester, chemical lab, impact tester, peel-off tester

Powder coating activity adds to our comprehensive offering of fully assembled (ready to use) products for our customers.

ASSEMBLY & DISPATCH

Our Company's finished goods after passing through all rigorous manufacturing and quality parameters are carefully assembled, packed and dispatched to the customers. Modern customized software helps in traceability of the finished goods.

WAREHOUSING

Electrical, electronic, mechanical components, semi-finished products, assemblies and finished products are stored in various warehouses located in different plants. Easy traceability, material management and inventory control are achieved with the aid of SAP S/4 HANA ERP software. Material handling and movement is done using modern equipments.

SWOT ANALYSIS

STRENGTH

- Successful and growth oriented business history of the group for over two decades.
- Strong customer relationship with top tier brands of the Industry.
- Continuous journey of forward integration of processes to move up the value chain.
- Established capability in design and manufacturing coupled with quality service ensures customer satisfaction, fosters customer loyalty and generates repeat business;
- Experienced team of professionals led by technocrat promoter with demonstrated capability of creating and managing sizeable businesses.
- In-house R&D, tool room and continuous new product development

WEAKNESS

- Low entry barrier for individual processes.
- Dependency on few major customers especially MNCs.
- Pursuit of growth requires large funds for continuous investments in capital expenditure and working capital.

OPPORTUNITIES

- Established track record and status as approved vendor with leading MNCs gives us huge opportunity to supply them with new products and also tap similar opportunities with other leading players.
- Inclination of MNCs and large corporate to outsource product manufacturing and quality services to Original Equipment Manufacturers.
- Caters to growing electrical component industry with scope for offering products to other industries also viz. automobile, irrigation and mobile phone manufacturing.
- Demand for electrical component and allied products is expected to grow in the coming years due to industrial development besides installation and replacement demand from consumer electrical sector.
- India is emerging as a competitive and preferred centre for manufacturing activities due to affordability, reliability and quality. Continuation of this trend will augur well for the growth of the sector and our company.

THREATS

- Competition from marginal players in specific manufacturing processes.

DETAILS OF MAJOR CUSTOMERS

Our sales are directly managed through our corporate office and our clientele includes renowned companies involved in manufacturing and selling of branded electrical and auto components. Names of our key customers include:

1. Novateur Electricals and Digital Systems Pvt. Ltd. (part of Legrand SA, France)
2. Anchor Electricals Pvt. Ltd.
3. Schneider Electric India Private Limited
4. Hager Electro Private Limited
5. ABB Ltd.
6. ARaymond fasteners India Pvt. Ltd.
7. Gold Medal Electrical Pvt. Ltd.
8. Larsen & Toubro Limited
9. Honeywell Electrical Devices and Systems India Limited
10. Jain Irrigation Systems Limited

FUTURE PROSPECTS:

Based on our strengths and capability of management team we believe that we are well positioned to take advantage of the immense opportunities available for growth of our business. The proceeds of the present issue will be used largely for setting up zinc plating plant and for meeting working capital requirement; which will help us in enhancing our capacity and improving our margins. Already implemented ERP system will help us in managing the business more effectively and improve cost efficiency & productivity. Besides, certain ongoing / recently completed projects funded by bank loans and unsecured loans from Promoter, are expected to contribute to our future growth thereby enhancing overall financial performance in coming years.

Ongoing Projects / Developments

- i) We are currently setting up distribution board and panel manufacturing unit, which will lead to capacity enhancement of our press component and powder coating unit by around 1200 MT per annum. The total outlay for this project is estimated at Rs. 9.78 crores for which Axis Bank Ltd has sanctioned term loan of Rs. 7.30 crores and balance will be met out of unsecured loans from Promoter. Commercial production is expected to commence in April 2019.
- ii) We have recently acquired 14 used injection moulding machines (Engel make) on credit which has led to capacity enhancement of our injection moulding unit by around 600 MT per annum. Total outlay towards these machines and auxiliary machines is Rs. 4.69 crores and the process of securing bank finance is underway.
- iii) We are currently in process of setting up of automatic plant for silver electroplating at Umale Jalgaon, for which civil works are already completed and installation of machines has commenced. Total outlay towards setting up of this facility is approximately Rs. 4.50 crores and will be met out of bank loans.

MANUFACTURING PROCESS

We are engaged in the business of designing, manufacturing and supplying of electrical, automobile and irrigation components to our clients as contract manufacturers and as component suppliers to leading industry players on Business to Business (B2B) model.

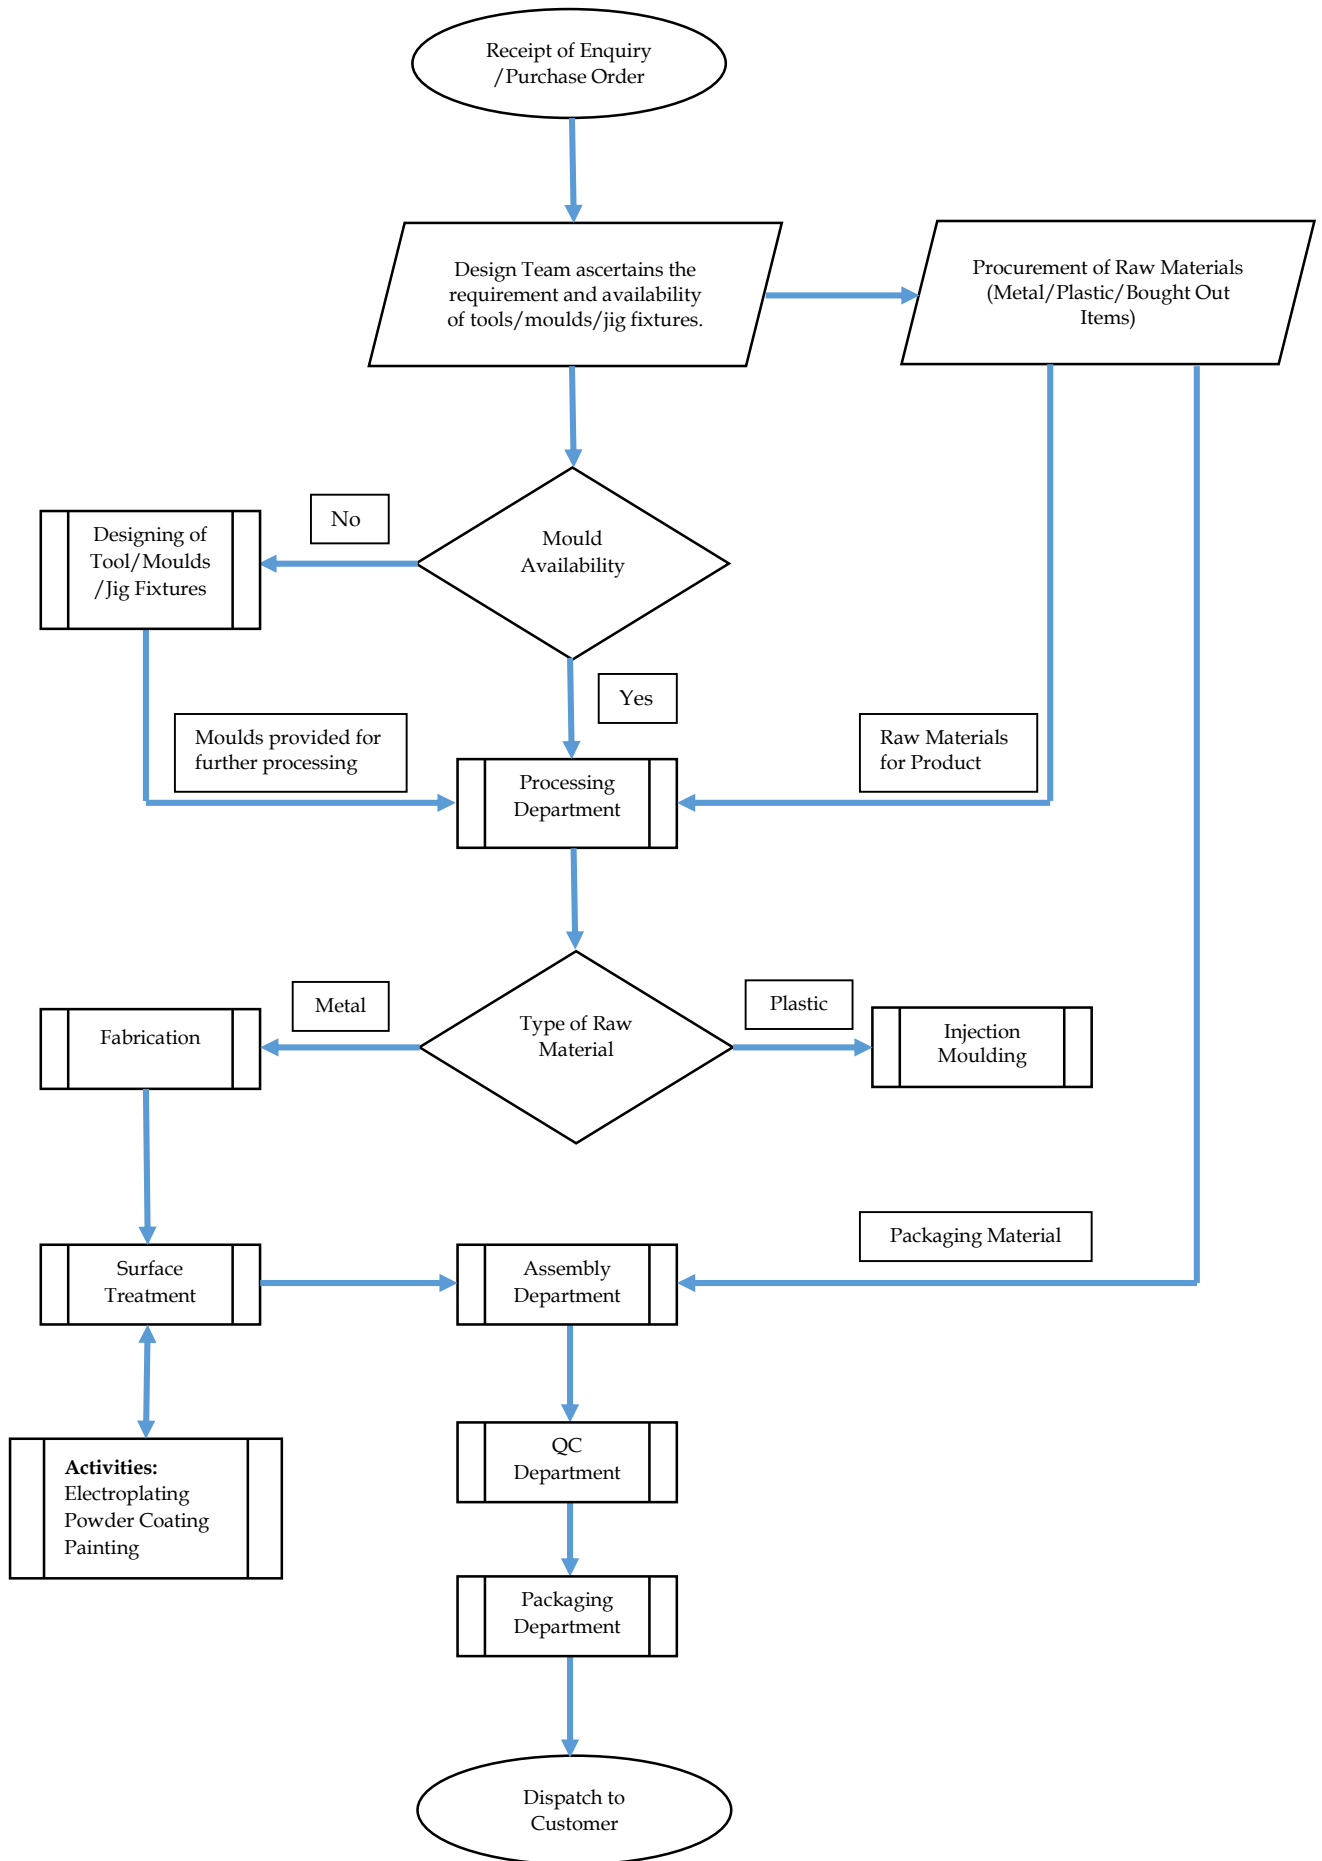

We continuously study the process and work towards enhancement in efficiencies. Quality product and timely delivery are our primary goals. The quality objectives are communicated to all the employees and quality checks are performed to check adherence to these objectives.

New enquiry is received at respective manufacturing plants by commercial and SCM team. SCM Team and commercial team then forwards the enquiry to Design and Development team.

Design and Development Team ascertains if there is a requirement to further develop a mould/press tool/jig fixtures or if the mould/press tool/jig fixtures is readily available with the manufacturing team. Once the clarity is available on the moulds/press tool/jig fixtures, raw materials are forwarded to process further. In case mould/press tool/jig fixture is not available, the Design & Development Team along with the technical team of the customer engages with the Tool Room personnel, who then takeover the process of developing the moulds/press tools/jig fixtures as required for the desired product.

Metal sheets/parts involved in the formation of product are sent to the fabrication department, where necessary cutting, punching and other similar activities are carried out. The products are inspected at regular intervals for quality checks. Metal parts on attaining the desired shape are then sent for electroplating or powder coating as per the requirement of the products being designed. Plastic components are obtained from injection moulding plants and further sent to assembly line.

We also procure ancillary components which are not manufactured at our plants such as bolts, screws etc. After both the metal and plastic components are prepared they are combined and assembled together. Then the combined product is put through the quality test as per quality plan. Post the quality check, finished goods are packaged by the 'Packaging Department' and transferred to the finished goods warehouse. These units are dispatched as and when delivery is scheduled.

BUSINESS STRATEGY

Our Strategies

We intend to build on our existing strengths of integrated business operations, timely delivery of high quality products and enhance our position as the contract manufacturer of choice for top-tier brands. Key elements of our business strategy are described below:

Continue to focus on Contract Manufacturing model

As a Contract Manufacturing company, we undertake the entire manufacturing process of a product from the initial stage of designing and are responsible for all the aspects of manufacturing, including planning and sourcing of raw materials and components. Products are manufactured as per customers' specifications and are distributed by the customer under their brand name. We are responsible for defects, if any arising out of our manufacturing process as per terms of contract with the customers. This model requires constant investment in capex and working capital. The current trend among leading manufacturers to outsource all or bulk of manufacturing activities coupled with our strong manufacturing capabilities and long-standing customer relationship assures us of a stable business growth.

Leverage existing customer relationship to supply new products and value added services

We have long-standing relationship with our existing customers and have a history of adding more products to our offerings over past years. We aim to continue this strategy by adding new products to our customers, which also helps us register better margins.

Our experienced R&D team and modern tool room helps us to upgrade existing products and develop new product verticals. We undertake value engineering and productivity improvement programme for our customers on a continuous basis, which helps to strengthen our relationship with our customers.

Diversification into new Industries

Currently, we supply our products, mainly to electrical product industry and also to automobile and irrigation industries. We intend to enhance offerings in our current product portfolio and add more industry and product verticals, thereby helping us in diversifying our customer base.

Entry into new geographies

Our manufacturing facilities are currently situated in Jalgaon and Nashik and we intend to enhance our geographical base by setting up plants in southern part of India, namely, Hyderabad and Bengaluru. These locations are selected as they offer entry into large manufacturing hubs situated in the region and proximity to our existing customer base.

INSURANCE DETAILS:

KEY MAN INSURANCE

We have obtained term insurance from Birla Sun Life Insurance on the life of Mr. Deepak Chaudhari for Sum Assured of Rs. 4,000 Lakhs for a period of 7 years commencing from December 29, 2015 with a one-time premium payment, having our Company as the beneficiary. The same is assigned in favour of Axis Bank towards their dues.

OTHER INSURANCE

We maintain a range of insurance policies to cover our assets, risks and liabilities. We have taken different insurance policies under Standard fire and special peril policy, machinery breakdown, burglary and vehicles insurance policies. The policies provide for appropriate coverage in relation to fire, explosions, floods, inundations, earthquakes, landslides, marine cargo and workmen compensation claims by our personnel. We constantly evaluate the risks in an effort to be sufficiently covered for all known risks. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to insure our business and operations and is in accordance with the practice in India.

EFFLUENT TREATMENT PLANT

We have set up a Batch Type Effluent Treatment System at our workplace for disposing off harmful chemicals present in the residual water. Waste water goes through various stages before draining into external environment. First and foremost, effluent, coming from weaving, dyeing, printing and finishing is passed through primary filtration process for removing solid waste particles. Next the effluent is cooled down with a help of a fan. After the effluent has cooled down, it is mixed with acid or alkali for neutralisation. Neutralised effluent is then processed for coagulation process where coagulant substances are mixed with the effluent. After coagulation, effluent is then transferred to a settling tank where water settles down at a lower level and effluent remains floating at upper level as sludge. Water collected at lower level is then passed through a pressure filter to remove the remaining harmful chemicals and is then required to be ultimately disposed off for gardening and plantation purpose within the factory premises.

KEY INDUSTRY REGULATIONS AND POLICIES

In carrying on our business as described in the section titled “Business Overview” on page 106 of the Prospectus, our Company is regulated by the following legislations in India. The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our Company. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies and the bye laws of the respective local authorities that are available in the public domain. The regulations and policies set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. For details of Government and other Statutory Approvals obtained by the Company in compliance with these regulations, kindly refer to the Chapter titled “Government and Other Statutory Approvals” beginning on page 215 of the Prospectus

Our Company is engaged in the business of manufacturing of various types of electrical components. Our business is governed by various central and state legislations that regulate the substantive and procedural aspects of our business. We are required to obtain and regularly renew certain licenses/registrations and / or permissions required statutorily under the provisions of various Central and State Government regulations, rules, bye laws, acts and policies.

Given below is a brief description of the certain relevant legislations that are currently applicable to the business carried on by us:

The Factories Act, 1948

The Factories Act, 1948 ("Factories Act") seeks to regulate labour employed in factories and makes provisions for the safety, health and welfare of the workers. The term ‘factory’, as defined under the Factories Act, means any premises which employs or has employed on any day in the previous 12 (twelve) months, 10 (ten) or more workers and in which any manufacturing process is carried on with the aid of power, or any premises wherein 20 (twenty) or more workmen are employed at any day during the preceding 12 (twelve) months and in which any manufacturing process is carried on without the aid of power. An occupier of a factory under the Factories Act, means the person who has ultimate control over the affairs of the factory. The occupier or manager of the factory is required to obtain a registration for the factory. The Factories Act also requires inter alia the maintenance of various registers dealing with safety, labour standards, holidays and extent of child labour including their conditions. Further, notice of accident or dangerous occurrence in the factory is to be provided to the inspector by the manager of the factory.

Maharashtra Factories Rules, 1963

The Maharashtra Factories Rules, 1962 seeks to regulate labour employed in factories in the state of Maharashtra and makes provisions for the Inspection of staff, safety, health and welfare of the workers. Under this Rule, the occupier or manager of every factory is required to obtain previous permission for the construction or extension of a factory from the Chief Inspector of Factories. The occupier or manager is required to obtain certificate of stability and registration and notice of occupation for the factory. The Rules also requires inter alia the maintenance of various registers dealing with health, holidays and extent of child labour, white washing, humidity, workers attending machinery. Further, notice of

accident or dangerous occurrence in the factory is to be provided to the inspector by the manager of the factory.

Contract Labour (Regulation and Abolition) Act, 1970

Contract Labour (Regulation and Abolition) Act, 1970 (“CLRA”) is an act to regulate the employment of contract labour in certain establishments and to provide for its abolition in certain circumstances. The CLRA applies to every establishment in which 20 (twenty) or more workmen are employed or were employed on any day of the preceding 12 (twelve) months as contract labour. It also applies to every contractor who employs or who employed on any day of the preceding 12 (twelve) months, 20 (twenty) or more workmen provided that the appropriate Government may after giving not less than 2 (two) months' notice, by notification in the Official Gazette, apply the provisions of the CLRA to any establishment or contractor. Further, it contains provisions regarding Central and State Advisory Board under the CLRA, registration of establishments, and prohibition of employment of contract labour in any process, operation or other work in any establishment by the notification from the State Board, licensing of contractors and welfare and health of the contract labour. Contract Labour (Regulation and Abolition) Central Rules, 1971 are formulated to carry out the purpose of the CLRA.

Maharashtra Contract Labour (Regulation and Abolition) Central Rules, 1971

Maharashtra Contract Labour (Regulation and Abolition) Rules, 1971 requires the contractor to establish canteens, restrooms, drinking water, washing facilities, first aid facilities, and other facilities. Where the employment of any worker is terminated by or on behalf of the contractor, the wages earned by the worker shall be paid before the expiry of the second working day from the day on which his employment is terminated. Every employer shall maintain register of contractors and register of persons employed. The contractor is also required to issue an employment card to the employee and issue service certificate to the employee when he is terminated by the contractor for whatsoever reasons.

The Industrial Disputes Act, 1948 and Industrial Dispute (Central) Rules, 1957

The Industrial Disputes Act, 1947 (“ID Act”) was enacted to make provision for investigation and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labour legislations, whilst those persons who have been classified as managerial employees and earning salary beyond a prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases. Employees may also be subject to the terms of their employment contracts with their employer, which contracts are regulated by the provisions of the Indian Contract Act, 1872. The ID Act also sets out certain requirements in relation to the termination of the services of the workman’s services. This includes detailed procedure prescribed for resolution of disputes with labour, removal and certain financial obligations up on retrenchment. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lock-outs, closures, lay-offs and retrenchment

The Employees State Insurance Act, 1948

The Employees State Insurance Act, 1948 (“ESI Act”) provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. Employers of factories and establishments covered under the ESI Act are required

to pay contributions to the Employees State Insurance Corporation, in respect of each employee at the rate prescribed by the Central Government. Companies which are controlled by the Government are exempt from this requirement if employees receive benefits similar or superior to the benefits prescribed under the ESI Act. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

The Employees' Provident Fund and Miscellaneous Provisions Act, 1952

The Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("EPF Act") was introduced with the object to institute compulsory provident fund for the benefit of employees in factories and other establishments. The EPF Act provides for the institution of provident funds and pension funds for employees in establishments where more than 20 (twenty) persons are employed and factories specified in Schedule I of the EPF Act. Under the EPF Act, the Central Government has framed the "Employees Provident Fund Scheme", "Employees Deposit-linked Insurance Scheme" and the "Employees Family Pension Scheme". Liability is imposed on the employer and the employee to contribute to the funds mentioned above, in the manner specified in the statute. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965 ("PB Act") is applicable to every factory and every other establishment employing 20 (twenty) or more persons. According to the provisions of the PB Act, every employer shall be bound to pay to every employee in respect of the accounting year a minimum bonus which shall be 8.33% of the salary or wage earned by the employee during the accounting year or Rs. 100 (Rupees Hundred), whichever is higher, whether or not the employer has any allocable surplus in the accounting year. If the allocable surplus exceeds minimum bonus payable, then the employer must pay bonus proportionate to the salary or wage earned during that period, subject to maximum of 20% of such salary or wage. 'Allocable surplus' is defined as 67% of available surplus in the financial year, before making arrangements for the payment of dividend out of profit of the Company.

The Minimum Wages Act, 1948

The Minimum Wages Act, 1948 ("MW Act") came in to force with the objective to provide for the fixation of a minimum wage payable by the employer to the employee. Under the MW Act, the appropriate government is authorised to fix the minimum wages to be paid to the persons employed in scheduled or non-scheduled employment. Every employer is required to pay not less than the minimum wages to all employees engaged to do any work whether skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to the MW Act, in respect of which minimum rates of wages have been fixed or revised under the MW Act.

Maharashtra Minimum Wages Rules, 1963

Maharashtra Minimum Wages Rules, 1963 ("MWA Rules") was enacted to establish minimum wages for certain categories of employees. The MWA Rules require that wages should be fixed of the employee not exceeding 1 (one) month. The employer is required to make payment of wages to a worker on termination of his employment. The employer is required to give notices containing the minimum rates

of wages and the name and address of the Inspector. The employer is required to pay extra wages for the overtime, maintain a register of wages and an inspection book.

The Payment of Gratuity Act, 1972

The Payment of Gratuity Act, 1972 ("PG Act") applies to every factory and shop or establishment in which ten or more employees are employed. Gratuity is payable to an employee on the termination of his employment after he has rendered continuous service for not less than 5 (five) years:

- a) On his/her superannuation;
- b) On his/her retirement or resignation;
- c) On his/her death or disablement due to accident or disease (in this case the minimum requirement of 5 (five) years does not apply)

Gratuity is payable to the employee at the rate of 15 (fifteen) days' wages for every completed year of service or part thereof in excess of 6 (six) months.

The Payment of Wages Act, 1936

The Payment of Wages Act, 1936 ("PW Act") is applicable to the payment of wages to persons in factories and other establishments. PW Act ensures that wages that are payable to the employee are disbursed by the employer within the prescribed time limit and no deductions other than those prescribed by the law are made by the employer.

Transfer of Property Act, 1882

The transfer of property, including immovable property, between living persons, as opposed to the transfer property by operation of law, is governed by the Transfer of Property Act, 1882 ("TP Act"). The TP Act establishes the general principles relating to the transfer of property, including among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. Transfer of property is subject to stamping and registration under the specific statutes enacted for the purposes which have been dealt with hereinafter.

The Registration Act, 1908

The Registration Act, 1908 was passed to consolidate the enactments relating to the registration of documents. The main purpose for which the Act was designed was to ensure information about all deals concerning land so that correct land records could be maintained. The Act is used for proper recording of transactions relating to other immovable property also. The Act provides for registration of other documents also, which can give these documents more authenticity. Registering authorities have been provided in all the districts for this purpose.

The Indian Stamp Act, 1899

The Indian Stamp Act, 1899 prescribes the rates for the stamping of documents and instruments by which any right or liability is, or purports to be, created, transferred, limited, extended, extinguished

or recorded. Under this Act, an instrument not 'duly stamped' cannot be accepted as evidence by civil court, an arbitrator or any other authority authorised to receive evidence. However, the document can be accepted as evidence in criminal court.

Maharashtra Stamp Act, 1958

The Maharashtra Stamp Act, 1948 ("Maharashtra Stamp Act") prescribes the different rates of duties on the instrument falling within the various descriptions set-out in Schedule I of the Maharashtra Stamp Act., then the instrument is chargeable with the highest of the duty prescribed. In addition, the Maharashtra Stamp Act also prescribes methodology for adjudication, refund of duties, grievance processes and prosecutions. The Collector is normally vested with the power of adjudication. If a document is not stamped or adequately stamped, it is likely to be impounded.

The Indian Contract Act, 1872

The Indian Contract Act, 1872 ("Contract Act") codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any term he/she chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

Competition Act, 2002

The Competition Act, 2002 ("Competition Act") aims to prevent anti-competitive practices that cause or are likely to cause an appreciable adverse effect on competition in the relevant market in India. The Competition Act regulates anti-competitive agreements, abuse of dominant position and combinations. The Competition Commission of India ("Competition Commission") which became operational from May 20, 2009 has been established under the Competition Act to deal with inquiries relating to anti-competitive agreements and abuse of dominant position and regulate combinations. The Competition Act also provides that the Competition Commission has the jurisdiction to inquire into and pass orders in relation to an anti-competitive agreement, abuse of dominant position or a combination, which even though entered into, arising or taking place outside India or signed between one or more non-Indian parties, but causes an appreciable adverse effect in the relevant market in India.

The Trademarks Act, 1999

Under the Trademarks Act, 1999 ("Trademarks Act"), a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. A 'mark' may consist of a device, brand, heading, label, ticket, name signature, word, letter, numeral, shape of goods, packaging or combination of colors or any combination thereof. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trade mark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The trademark, once applied for and which is accepted by the Registrar of Trademarks, is to be advertised in the trademarks journal by the Registrar. Oppositions, if any, are invited and, after satisfactory adjudications of the same, a certificate of registration is issued by the Registrar of Trademarks. The right to use the mark can be

exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewal fee.

The Central Goods and Services Tax Act, 2017 (GST)

GST is a single tax on the supply of goods and services, right from the manufacturer to the consumer. Credits of input taxes paid at each stage will be available in the subsequent stage of value addition, which makes GST essentially a tax only on value addition at each stage. The final consumer will thus bear only the GST charged by the last dealer in the supply chain, with set-off benefits at all the previous stages.

Income Tax Act, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses.

The Water (Prevention and Control of Pollution) Act, 1974 ("Act")

The Act provides for the prevention and control of water pollution and the maintaining or restoring of wholesomeness of water, for the establishment, with a view to carrying out the purposes aforesaid, of Boards for the prevention and control of water pollution, for conferring on and assigning to such Boards powers and functions relating thereto and for matters connected therewith. The Act defines "pollution" as such contamination of water or such alteration of the physical, chemical or biological properties of water or such discharge of any sewage or trade effluent or of any other liquid, gaseous or solid substance into water (whether directly or indirectly) as may, or likely to, create a nuisance or render such water harmful or injurious to public health or safety, or to domestic, commercial, industrial, agricultural or other legitimate uses, or to the life and health of animals or plants or of aquatic organisms. The Act envisages establishing a Central Board as well as State Board for Prevention and Control of Water Pollution.

Accordingly, the previous consent of the Board constituted under the Act must be obtained, for establishing or taking steps to establish operation or process, or any treatment and disposal system or any extension or addition thereto, which is likely to discharge sewage or trade effluent into a stream or well or sewer or on land. Such previous consent is required for bringing into use any new or altered outlet for the discharge of sewage or for the new discharge of sewage. If at any place where any industry, operation or process, or any treatment and disposal system or any extension or addition thereto is being carried on, due to accident or other unforeseen act or event, any poisonous, noxious or pollution matter is being discharged, or is likely to be discharged into a stream or well or sewer or on land and, as a result of such discharge, the water in any stream or well is being polluted, or is likely to be polluted, then the person in charge of such place shall forthwith intimate the occurrence of such accident, act or event to the Board constituted under the Act and such other authorities or agencies as may be prescribed.

The Air (Prevention and Control of Pollution) Act, 1981 (“Act”)

The Act provides for the prevention, control and abatement of air pollution, for the establishment, with a view to carrying out the aforesaid purposes of Boards for conferring on and assigning to such Boards powers and functions relating thereto and for matters connected therewith.

The Act envisages establishing a Central Board as well as State Pollution Control Boards in each State. The Central Board constituted under Water (Prevention and Control of Pollution) Act, 1974, shall, without prejudice to its powers and functions under this Act, shall also exercise the powers and perform the functions of the Central Board under the Prevention and Control of Air Pollution. Similarly if in any State, the State Government has constituted for that State, a State Board for the Prevention and Control of Water Pollution, then such State Board shall be deemed to be the State Board for the Prevention and Control of Air Pollution and exercise the powers and perform the functions of the State Board for the Prevention and Control of Air Pollution also.

As per the Act, no person operating any industrial plant, in any air pollution control area (so declared under Section 19 of the Act) shall discharge or cause or permit to be discharged the emission of any air pollutant in excess of the standards laid down by the Board constituted under the Act. Further, no person shall, without the previous consent of the Board constituted under the Act, establish or operate any industrial plant in an air pollution control area.

The Act further prescribes certain compliances with regard to the reporting and prevention of accidents. Thus, where in any area the emission of any air pollutant into the atmosphere in excess of the standards laid down by the Board constituted under the Act occurs or is apprehended to occur due to accident or other unforeseen act or event, the person in charge of the premises from where such emission occurs or is apprehended to occur shall forthwith intimate the fact of such occurrence or the apprehension of such occurrence to such Board and to such authorities or agencies as may be prescribed by the Act.

BUSINESS HISTORY

Mr. Deepak Chaudhari, Promoter of our Company, started his entrepreneurial journey in 1995 through a proprietary firm, M/s. Spectrum Electroplaters in Jalgaon, Maharashtra. The firm was focused on undertaking zinc, nickel, tin, copper, silver and gold electroplating for Morarjee Dorman Smith Pvt. Ltd. (presently part of Legrand Group) and VIP Industries Limited. As the firm's business grew, Mr. Deepak Chaudhari extended the business operations to Nashik by incorporating a partnership firm under the name and style of M/s. Spectrum Electroplater in 2003, along with Mr. Devendra Rane and Mr. Chandrakant Rane. The partnership firm commenced its business operations with electroplating and later on added distribution box manufacturing activities for Anchor Electricals Pvt. Ltd. and ABB Limited in 2012.

To expand the fabrication capacity further, Mr. Deepak Chaudhari incorporated M/s. Spectrum Fabricators (India) Pvt. Ltd. in Jalgaon in 2004. After achieving stability in the operations across the group entities, Mr. Deepak Chaudhari started Injection Moulding business and set up a partnership firm, M/s. Spectrum Polytech at Jalgaon along with his wife, Mrs. Bharti Chaudhari in 2008. Later on, a commercial tool room was set up in Spectrum Polytech for manufacturing of dies and moulds.

For improving efficiencies, effective management and improvement / advancement of business, it was decided to integrate all the business operations of the group entities into one single entity. Accordingly, through business transfer agreements dated March 31, 2017, business of all the group entities, along with respective assets and liabilities were transferred to our Company with effect from April 1, 2017.

ANNEXURE-04

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNT FOR PREPARATION OF RESTATED FINANCIAL STATEMENT

A. SIGNIFICANT ACCOUNTING POLICIES:

1. Basis of Preparation of Financial Statements

- a. The Restated Financial Information for the year ended March 31, 2014, 2015, 2016, 2017, 2018 has been extracted by the management of the Company from the audited financial statements of the company for the year ended March 31, 2014, 2015, 2016, 2017, 2018.
- b. The Restated Financial Information are after making adjustments/ restatements and regrouping as necessary in accordance with paragraph B (1) of Part II of Schedule II of The Companies Act and SEBI Regulations.
- c. The Financial Statements have been prepared under Historical Cost conventions and evaluated on a going concern basis using the accrual system of accounting in accordance with the Generally Accepted Accounting Principles ('GAAP') applicable in India, and the requirements of Companies Act, 1956 (upto March 31, 2014), and notified sections, schedules and rules of the Companies Act, 2013 (w.e.f. April 01, 2014), including the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with the Rule 7 of Companies (Accounts) Rules, 2014).
- d. The company generally follows the mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis.

2. Use of Estimates

The preparation of Financial Statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of fixed assets and intangible assets, provision for doubtful debts / advances, future obligations in respect of retirement benefit

plans, etc. Actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized. Management believes that the estimates used in preparation of financial statements are prudent and reasonable.

3. Fixed Assets and Depreciation

- i. Fixed Assets are shown at historical cost net of recoverable taxes inclusive of incidental expenses less accumulated depreciation.
- ii. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated depreciation.
- iii. Depreciation on fixed assets is provided on Straight Line Method (SLM) at the rates prescribed under Schedule XIV Companies Act, 1956. Pursuant to commencement of Companies Act, 2013, effective 1st April, 2014 the company has reviewed and revised the estimated economic useful lives of its fixed assets generally in accordance with Schedule II of Companies Act, 2013 and the depreciation for FY 2014-15 and onwards is charged accordingly.
- iv. Depreciation on fixed assets sold during the year, is provided on pro-rata basis with reference to the date of addition/deletion.

4. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Sale of goods and services are recognized net of duties, taxes & Sales Returns. Expenditure & income are accounted on accrual basis including provisions/adjustments for committed obligations & amounts determined payable or receivable during the year.

Sales of goods are recognized when property in goods has been transferred to the buyer for a price or all significant risks and rewards of ownership have been transferred to the buyer and the seller retains no effective control of the goods transferred to a degree usually associated with ownership whereas revenue from service is recognized as and when the services are rendered, based on the agreements/arrangements with the concerned parties.

Rental Income is recognized on time proportionate basis over the period of the rent. Interest is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

5. Investments

Current investments are carried at lower of cost and quoted/fair value, computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

6. Employee Benefits

(i) Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits. The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are charged off to the Profit and Loss Account.

(ii). Defined Contribution Plans:

Contribution to define Contribution Schemes Such as Provident fund are charged off to the Profit and Loss Account during the year in which employee rendered the related service.

(iii). Defined Benefits Plans:

The company also provides employee benefit in the form of gratuity, the liability of which is accounted on accrual basis. The company has done actuarial valuation in compliance of Accounting Standard - 15

(iv). Other Long Term Benefits:

Leave Encashment is payable to eligible employees who have earned leaves, during the employment and/or on separation as company's policy on cash basis. However, till date the company does not have any policy for Leave encashment.

7. Impairment of Assets

The company assesses at each reporting date an indication about impairment of an asset. If any indication exists, the company estimates the asset's recoverable amount. The recoverable amount is determined for individual asset. The recoverable amount is higher of the selling price & value in use of the asset. The value in use is estimated on the basis of estimated future cash flows for next 5 years discounted to the present value by using pre-tax discount rate that reflects time value of the money and the risk specific to the asset. Where the carrying amount of the asset exceeds the recoverable amount, the asset is considered to be impaired & is written down to its recoverable value.

Impairment losses are recognized in the Statement of Profit & Loss and the depreciation is provided on the revised carrying amount of the asset after impairment.

If the previously recognized impairment losses do not exist or have decreased, the same are reversed and the reversible is limited so that carrying amount does not exceed the recoverable amount.

8. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that takes necessarily substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

9. Taxation

Tax expenses for the year comprise of current tax and deferred tax. Current tax is measured after taking into consideration the deductions and exemptions admissible under the provision of Income Tax Act, 1961 and in accordance with Accounting Standard 22 on “Accounting for Taxes on Income”, issued by ICAI.

Deferred Tax assets or liabilities are recognized for further tax consequence attributable to timing difference between taxable income and accounting income that are measured at relevant enacted tax rates. At each Balance Sheet date, the company reassesses unrecognized deferred tax assets, to the extent they become reasonably certain or virtually certain of realization, as the case may be.

10. Leases

Finance Lease

Leases which effectively transfer to the company all the risks and benefits incidental to ownership of the leased item, are classified as Finance Lease. Lease rentals are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income life of the assets at the following rates.

Operating Lease

Lease where the lesser effectively retains substantially all risks and benefits of the asset are classified as Operating lease. Operating lease payments are recognized as an expense in the Profit & Loss account on a Straight Line Basis over the Lease term.

11. Earnings per Share

The earnings considered in ascertaining the Company’s earnings per share are net profit after tax. The number of shares is considered on weighted average basis. Partly paid equity shares are treated as fraction of equity share to the extent they are entitled to participate in dividends. For the purpose of calculating dilutive EPS, the net profit attributable to equity shareholders and weighted average number of shares are adjusted for the effect of Dilutive Potential Equity shares.

12. Contingent Liabilities & Provisions

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made. According to the management of the company, there are no Contingent Liabilities as on the date of Balance Sheet which needs to be disclosed. Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

13. Foreign Exchange Transactions

Foreign Currency transactions are recorded in reporting currency at the exchange rate prevailing on the date of transaction. On the reporting date monetary items are retranslated by

using the exchange rate prevailing on the reporting date. Foreign exchange difference related to acquisition of Fixed Assets and loans related to it is adjusted in the carrying amount of Fixed Asset and the loan amount. Income or expenditure arising out of exchange fluctuation other than Fixed Assets and loans on such assets is accounted for in the Statement of Profit and Loss. In case of forward exchange contract, the difference between forward rate & the rate on the date of transaction should be recognized as income & expenditure over the life of contract.

14. Inventory Valuation

Valuation of Raw Material & components, Work in Process and Finished goods is done at lower of the cost of acquisition (after adjusting Cenvat & Vat credit available) or net realizable value. Cost includes direct materials, labour and proportion of manufacturing overheads applied to bring inventories to their present location and condition.

15. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

B. CHANGES IN ACCOUNTING POLICIES IN THE YEARS COVERED IN THE RESTATED FINANCIALS.

There has been change in accounting policy for charging depreciation on fixed assets from Written down Method (WDV) of Companies Act, 1956 to useful life of such asset as specified in Schedule II of Companies Act 2013 and to give effect to this change the figures have been restated in the "Restated Financial Statements".

Definitions of key ratios:

I. Earnings per share (Rs.): Net Profit attributable to equity shareholders / weighted average number of equity shares. Earnings per share calculations are done in accordance with Accounting Standard 20 "Earnings Per Share" as issued by The Institute of Chartered Accountants of India. As per AS-20, the number of equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported. In case of a bonus issue, the bonus shares has been added to corresponding year to the extent of reserves available in the corresponding year / period. Weighted average number of equity shares outstanding during all the previous years have been considered accordingly.

II. Return on Net Worth (%): Net Profit after tax / Net worth as at the end of the year / period.

III. Net Asset Value (Rs.): Net Worth at the end of the year / Number of equity shares outstanding at the end of the year / period.

IV. Net Profit, as appearing in the Statement of restated profits and losses, and Net Worth as appearing in the restated statement of Assets & Liabilities has been considered for the purpose of computing the above ratios.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULT OF OPERATION

Management's Discussion and Analysis of Financial Conditions and Results of Operations as reflected in the Financial Statements

a. Overview of our Business

We are an ISO 9001:2015 certified company, engaged in the business of designing and manufacturing of electrical, automobile and irrigation components as contract manufacturers and as component suppliers to leading industry players on Business-to-Business (B2B) model.

OUR PRODUCTS

We manufacture a range of products under electrical components domain having different applications and utilities. We undertake activities such as designing, fabrication, moulding, powder coating, electroplating and assembling to develop these products. Some of the products are obtained after passing through all the stages of production while some are obtained at intermediate stages of production. Our key products include the following:

1. Distribution Board/Metal Junction Box
2. AC Box
3. Modular Electric Board Panels
4. Mini MCB Base & Cover
5. Fancy Angle Holders
6. Other electrical components and electroplating services

b. Factors that may affect Results of Operations

Points mentioned in the Risk Factors given in this Offer Document and other important factors could cause actual results to differ materially from the expectations including among others:

- **General economic and business conditions;**
As a company operating in India, we are affected by the general economic conditions in the country. The Indian economy has grown over the past several years. This improved performance was propelled by the growth in industrial activity due to liberal policies adopted by the Government of India promoting small and medium enterprises and increasing their contribution to GDP. The growth prospects of the business of our Company and our ability to implement the strategies will also be influenced by the macro economic growth.
- **Our ability to successfully implement our strategy and growth and expansion plans;**
Our growth plans are extensive and would put significant demands on our management team and other resources. Any delay in implementation of our strategy and growth and expansion plans could impact our Company's roll out schedules and cause cost and time over runs.
- **Factors affecting industrial activity;**
The current trend among leading manufacturers to outsource all or bulk of manufacturing activities coupled with our strong manufacturing capabilities and long-standing customer

relationship assures us of a stable business growth.

We believe that we have benefited from this outsourcing trend in large part due to our integrated offering and flexibility and ability to reduce costs in manufacturing these products. A customer's decision to outsource is influenced by its ability and capacity for internal manufacturing and the competitive advantages of outsourcing. There can be no assurance that the customers will continue to outsource or increase the share of outsourcing; and in case of such eventuality, our Company's future growth could be limited and our sales & operating results may suffer.

- **Changes in laws and regulations that apply to the industry;**

There are various laws and regulations applicable to our industry, in which we operate, that we have to comply/follow. These rules and regulations that we are bound to be compliant with tend to change over period of time. In case of a failure to comply with changing laws and regulations or to obtain or renew the necessary permits and approvals may adversely affect our business.

- **Change in Technology**

Technology is a driving factor that affects overall operations in manufacturing Industry. In order to achieve Company's objectives, we constantly need to upgrade and apply improved technology. We are continuously emphasizing on significant upgradation of manufacturing facility to improve product quality and turnaround time.

We have recently successfully developed a four cavity tool for a critical component which is otherwise done on a two cavity tool worldwide. This specialised tool significantly enhances the productivity and cost efficiency.

We have recently successfully started silver graphite and silver diamond electroplating line which is a pioneering effort in India. This specialised technology finds its applications in high rated circuit breakers.

We have also implemented SAP S/4 HANA, which is the latest version of ERP software.

- **Changes in fiscal, economic or political conditions in India;**

External factors such as terrorist attacks, acts of war or geopolitical and social turmoil in India or certain parts of the world could constrain our ability to do business, increase the costs and negatively affect our financial performance.

- **Changes in the foreign exchange control regulations, interest rates and tax laws in India.**

Any change in the foreign exchange control regulation, interest rates and tax laws in India affects liquidity in the market which in turn affects the purchasing power of the economy.

c. Outlook

The Company is committed to putting in continuous efforts for providing products and services of superior quality with focus on innovation using best practices, adopt appropriate sales & marketing strategies and invest in people development through regular training and skill-upgradation programmes. Fundamental growth drivers of Indian Economy continue to exist. The overall scenario for economy is showing positive trends and we believe it will help our Industry to grow at a faster rate. We are confident of achieving consistently good performance by using better

technologies and introducing better and improved products and services and augmenting our sales and marketing efforts, while improvising on internal systems, controls and production processes to maintain cost competitiveness.

d. Overview of Our Results of Operations

Our company took over the running business of group entities viz. Spectrum Fabricators (India) Pvt. Ltd. (SFIPL); M/s. Spectrum Electroplaters, Jalgaon; M/s. Spectrum Electroplater, Nasik; and M/s. Spectrum Polytech, Jalgaon, through slump sale. For improving efficiencies, effective management and improvement / advancement of business, it was decided to integrate all the business operations of the group entities into one single entity.

Accordingly, through business transfer agreements dated March 31, 2017, business of all the group entities, along with respective assets and liabilities were transferred to our Company with effect from April 1st, 2017. Due to this business integration, the financial results of FY 2017-18 are significantly different from other past periods and are not comparable. In order to increase the relevance of financial information and to assist in comparison of financial performance, compiled financial information of following group entities 1) Spectrum Fabricators(India) Pvt. Ltd.; 2) M/s. Spectrum Electroplaters; 3) M/s. Spectrum Electroplater; 4) M/s. Spectrum Polytech is compiled on net basis with the Company as the businesses of the group entities have been integrated with the Issuer Company. The Compiled financial information is drawn from the respective audited financial statements of these group entities and the Issuer Company for respective years. The Compilation of group entities financial statements presented below has been certified by Statutory Auditors of Issuer Company

e. Dependency on major customers

We depend on certain customers who have contributed to a substantial portion of our total revenues. Our key customers include:

1. Novateur Electricals and Digital Systems Pvt. Ltd. (part of Legrand SA, France)
2. Anchor Electricals Pvt. Ltd.
3. Schneider Electric India Private Limited

In the aggregate, these three customers accounted for more than 75% of our revenue from operations (net) for the financial year ended March 31, 2018.

Unusual or infrequent events or transactions

There have been no events, which may be called “unusual” or “infrequent”.

Significant economic changes that materially affected or are likely to affect income from continuing operations

Any slowdown in the growth of Indian economy or slackening of demand of electrical products, could affect the business, including the future financial performance, shareholders’ funds and ability to implement strategy and the price of the Equity Shares.

Known trends or Uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations

Other than as described in this Prospectus, particularly in “Risk Factors”, “Business Overview” and “Management’s Discussion and Analysis of Financial Conditions and Results of Operations” on Page Nos. 12, 106, 204 of this Prospectus, to our knowledge there are no known trends or uncertainties that may have material adverse impact on the income, costs and profits of the company from continuing operations.

Future changes in relationship between costs and revenues, in case of events such as future increase in labour or material costs or prices that will cause a material change are known

In our current business model, raw material specifications are given by the customers and, in some cases, the suppliers from whom the raw materials are to be purchased are also identified by the customers. Any volatility in prices of such raw materials does not affect our profitability as the contract

with the customer states these parameters, on the basis of which the raw material cost is a pass-through item for us. The conversion cost is agreed upon prior to placing of orders as the cost sheet is shared with the customers.

The extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased sales prices

The increase in turnover are only on account of increase in the demand generated by existing customers, new customers acquired and new products introduced by us.

Total turnover of each major industry segment in which the Company operates

We are operating in the manufacturing and selling of electrical products and components on B2B basis. Other than manufacturing of these products, there is no other major industry segment in which we operate.

Status of any publicly announced new product

We have not publicly announced any new products other than those mentioned under the chapter "Business Overview" on page no. 106 in this Prospectus.

The extent to which the business is Seasonal

The industry in which we operate being electrical components and products, our business is not seasonal.

Competitive conditions

We believe that there are no companies in India, which have in-house multi technology capabilities to manufacture equivalent product mix as that of our Company. Setting up and management of these different technology and processes require specialised knowledge & skills, infrastructure and specific management capabilities. We possess these attributes and our rich experience in successfully managing these processes acts as a strong entry barrier. However, we face competition from various players in different intermediate segments of our manufacturing process. The major factors which affect competition in our business are product quality and value added services. With our strong customer relationships, innovations and quality product offerings, we believe that we provide a comprehensive, dependable and reliable offering in comparison to our competitors.

Issue Programme

ISSUE OPENS ON	September 17, 2018
ISSUE CLOSES ON	September 21, 2018

Joint Holders

Where 2 or more persons are registered as the holders of the Equity Shares, they shall be entitled to hold the same as joint holders with benefits of survivorship.

Nomination Facility to Investors

In accordance with Section 72 of the Companies Act, 2013 the sole or first Applicant, along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of this section shall upon the production of such evidence as may be required by the Board, elect either:

1. To register himself or herself as the holder of the Equity Shares; or
2. To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialised form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the Applicant would prevail. If the Applicants require changing their nomination, they are requested to inform their respective depository participant.

Minimum Subscription

In accordance with Regulation 106P (1) of SEBI ICDR Regulations, this Issue is 100% underwritten. Also, in accordance with explanation to Regulation 106P (1) of SEBI ICDR Regulations the underwriting shall not be restricted up to the minimum subscription level.

If our Company does not receive subscription of 100% of the Issue including devolvement of Underwriters within 60 (Sixty) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond 8 (eight) days after our Company becomes liable to pay the amount, our Company shall pay interest prescribed under the Companies Act.

Further, in accordance with Regulation 106R of SEBI ICDR Regulations, No allotment shall be made pursuant to the Issue, if the number of prospective allottees is less than 50 (fifty).

Arrangements for disposal of odd lots

The trading of the Equity Shares will happen in the minimum contract size of 2,000 equity shares and in multiples of 2,000. However, the Market Maker shall buy the entire shareholding of a shareholder in 1 (one) lot, where value of such shareholding is less than Rs. 1,00,000/- i.e. the minimum contract size allowed for trading on NSE EMERGE.

Application by Eligible NRIs, FPIs/FIIs registered with SEBI, VCFs registered with SEBI and QFIs.

It is to be understood that there is no reservation for Eligible NRIs or FPIs/FIIs registered with SEBI or VCFs or QFIs. Such Eligible NRIs, QFIs, FPIs/FIIs registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation. As per the extant policy of the Government of India, OCBs cannot participate in this Issue.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

Restrictions on transfer and transmission of shares or debentures and on their consolidation or splitting

Except for lock-in of the pre-Issue Equity Shares and Promoter's, minimum contribution in the Issue as detailed in the section titled "Capital Structure" beginning on page 53 of the Prospectus, and except as provided in the Articles of Association of our Company, there are no restrictions on transfers of Equity Shares. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchange.

New financial instruments

The Issuer Company is not issuing any new financial instruments through this Issue.

Migration to Main Board

In accordance with the NSE Circular dated March 10, 2014, our Company will have to be mandatorily listed and traded on the SME Platform of the NSE for a minimum period of 2 (Two) years from the date of listing and only after that it can migrate to the Main Board of the NSE as per the guidelines specified by SEBI and as per the procedures laid down under Chapter XB of the SEBI (ICDR) Regulations.

As per the provisions of the Chapter XB of the SEBI (ICDR) Regulation, 2009, our Company may migrate to the main board of NSE from the SME Exchange on a later date subject to the following:

- If the Paid-up Capital of our Company is likely to increase above Rs. 25 Crores by virtue of any

further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which our Company has obtained in-principal approval from the main board), we shall have to apply to NSE for listing our shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board.

- If the Paid up Capital of our company is more than Rs. 10 Crores and up to Rs. 25 Crores, our Company may still apply for migration to the Main Board if our Company fulfils the eligible criteria for listing laid down by the Main Board of NSE and if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The Equity Shares offered through this Issue are proposed to be listed on the SME Exchange of NSE, wherein the Lead Manager to this Issue shall ensure compulsory Market Making through the registered Market Makers of the SME Exchange of NSE for a minimum period of 3 (Three) years from the date of listing on the SME Exchange of NSE or for such period as may be applicable. For further details of the agreement entered into between our Company, the Lead Manager and the Market Maker please refer to section titled "General Information - Details of the Market Making Arrangements for this Issue" beginning on page 50 of the Prospectus.

In accordance with the SEBI Circular No. CIR/MRD/DSA/31/2012 dated November 27, 2012 it has been decided to make applicable limits on the upper side for the Market Makers during market making process taking into consideration the Issue size in the following manner:

Issue size	Buy quote exemption threshold (including mandatory initial inventory of 5% of issue size)	Re-entry threshold for buy quotes (including mandatory initial inventory of 5% of issue size)
Up to Rs. 20 Crore	25%	24%
Rs.20 Crore to Rs. 50 Crore	20%	19%
Rs. 50 Crore to Rs. 80 Crore	15%	14%

4.1.1 FIELD NUMBER 1: NAME AND CONTACT DETAILS OF THE SOLE/ FIRST APPLICANT

Applicants should ensure that the name provided in this field is exactly the same as the name in which the Depository Account is held.

- (a) **Mandatory Fields:** Applicants should note that the name and address fields are compulsory and e-mail and/or telephone number/ mobile number fields are optional. Applicants should note that the contact details mentioned in the Application Form may be used to dispatch communications in case the communication sent to the address available with the Depositories are returned undelivered or are not available. The contact details provided in the Application Form may be used by the Issuer, the members of the Syndicate, the Registered Broker and the Registrar to the Issue only for correspondence(s) related to an Issue and for no other purposes.
- (b) **Joint Applications:** In the case of Joint Applications, the Applications should be made in the name of the Applicant whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Applicant would be required in the Application Form and such first Applicant would be deemed to have signed on behalf of the joint holders. All payments may be made out in favour of the Applicant whose name appears in the Application Form or the Revision Form and all communications may be addressed to such Applicant and may be dispatched to his or her address as per the Demographic Details received from the Depositories.
- (c) **Impersonation:** Attention of the Applicants is specifically drawn to the provisions of subsection (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

Any person who:

- **makes or abets making of an application in a fictitious name to a Company for acquiring, or subscribing for, its securities; or**
- **makes or abets making of multiple applications to a Company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or**
- **otherwise induces directly or indirectly a Company to allot, or register any transfer of securities to him, or to any other person in a fictitious name,**

Shall be liable for action under section 447 of the said Act."

- (d) **Nomination Facility to Applicant:** Nomination facility is available in accordance with the provisions of Section 109A of the Companies Act. In case of allotment of the Equity Shares in dematerialized form, there is no need to make a separate nomination as the nomination registered with the Depository may prevail. For changing nominations, the Applicants should inform their respective DP.

4.1.2 FIELD NUMBER 2: PAN NUMBER OF SOLE/FIRST APPLICANT

- (a) PAN (of the sole/ first Applicant) provided in the Application Form should be exactly the same as the PAN of the person(s) in whose name the relevant beneficiary account is held as per the Depositories' records.
- (b) PAN is the sole identification number for participants transacting in the securities market

irrespective of the amount of transaction except for Applications on behalf of the Central or State Government, Applications by officials appointed by the courts and Applications by Applicants residing in Sikkim (–PAN Exempted Applicants). Consequently, all Applicants, other than the PAN Exempted Applicants, are required to disclose their PAN in the Application Form, irrespective of the Application Amount. An Application Form without PAN, except in case of Exempted Applicants, is liable to be rejected. Applications by the Applicants whose PAN is not available as per the Demographic Details available in their Depository records, are liable to be rejected.

- (c) The exemption for the PAN Exempted Applicants is subject to (a) the Demographic Details received from the respective Depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in –active status; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
- (c) Application Forms which provide the General Index Register Number instead of PAN may be rejected.
- (d) Applications by Applicants whose demat accounts have been ‘suspended for credit’ are liable to be rejected pursuant to the circular issued by SEBI on July 29, 2010, bearing number CIR/MRD/DP/22/2010. Such accounts are classified as –Inactive demat accounts and demographic details are not provided by depositories.

4.1.3 FIELD NUMBER 3: APPLICANTS DEPOSITORY ACCOUNT DETAILS

- (a) Applicants should ensure that DP ID and the Client ID are correctly filled in the Application Form. The DP ID and Client ID provided in the Application Form should match with the DP ID and Client ID available in the Depository database, **otherwise, the Application Form is liable to be rejected.**
- (b) Applicants should ensure that the beneficiary account provided in the Application Form is active.
- (c) Applicants should note that on the basis of DP ID and Client ID as provided in the Application Form, the Applicant may be deemed to have authorized the Depositories to provide to the Registrar to the Issue, any requested Demographic Details of the Applicant as available on the records of the depositories. These Demographic Details may be used, among other things, for sending allocation advice or for other correspondence(s) related to an Issue.
- (d) Applicants are, advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Applicants’ sole risk.

4.1.4 FIELD NUMBER 4: APPLICATION DETAILS

- (a) The Issuer may mention Price in the Prospectus. However a prospectus registered with RoC contains one price.
- (b) Minimum And Maximum Application Size
 - i. For Retail Individual Applicants

The Application must be for a minimum of 6,000 Equity Shares. As the Application Price payable by the Retail Individual Applicants cannot exceed Rs. 2,00,000, they can make Application for only minimum Application size i.e. for 6,000 Equity Shares.

ii. For Other Applicants (Non Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares such that the Application Amount exceeds Rs. 2,00,000 and in multiples of 6,000 Equity Shares thereafter. An Application cannot be submitted for more than the Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision in Applications, the Non Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 2,00,000 for being considered for allocation in the Non Institutional Portion. Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Prospectus.

- (c) **Multiple Applications:** An Applicant should submit only one Application Form. Submission of a second Application Form to either the same or to Collection Bank(s) or any other Application Collecting Intermediary and duplicate copies of Application Forms bearing the same application number shall be treated as multiple applications and are liable to be rejected.
- (d) Applicants are requested to note the following procedures may be followed by the Registrar to the Issue to detect multiple applications:
- i. All applications may be checked for common PAN as per the records of the Depository. For Applicants other than Mutual Funds and FPI sub-accounts, Applications bearing the same PAN may be treated as multiple applications by an Applicant and may be rejected.
 - ii. For applications from Mutual Funds and FPI sub-accounts, submitted under the same PAN, as well as Applications on behalf of the PAN Exempted Applicants, the Application Forms may be checked for common DP ID and Client ID. In any such applications which have the same DP ID and Client ID, these may be treated as multiple applications and may be rejected.
- (e) The following applications may not be treated as multiple Applications:
- i. Applications by Reserved Categories in their respective reservation portion as well as that made by them in the Net Issue portion in public category.
 - ii. Separate applications by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Applications clearly indicate the scheme for which the Application has been made.
 - iii. Applications by Mutual Funds, and sub-accounts of FPIs (or FPIs and its sub-accounts) submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs.

4.1.5 FIELD NUMBER 5: CATEGORY OF APPLICANTS

- i. The categories of applicants identified as per the SEBI ICDR Regulations, 2009 for the purpose of Application, allocation and allotment in the Issue are RIIs, individual applicants other than RII's and other investors (including corporate bodies or institutions, irrespective of the number of specified securities applied for).
- ii. An Issuer can make reservation for certain categories of Applicants permitted under the SEBI ICDR Regulations, 2009. For details of any reservations made in the Issue, applicants may refer to the Prospectus.
- iii. The SEBI ICDR Regulations, 2009 specify the allocation or allotment that may be made to various categories of applicants in an Issue depending upon compliance with the eligibility conditions. For details pertaining to allocation and Issue specific details in relation to allocation, applicant may refer to the Prospectus.

4.1.6 FIELD NUMBER 6: INVESTOR STATUS

- (a) Each Applicant should check whether it is eligible to apply under applicable law and ensure that any prospective allotment to it in the Issue is in compliance with the investment restrictions under applicable law.
- (b) Certain categories of Applicants, such as NRIs, FPIs and FVCIs may not be allowed to apply in the Issue or hold Equity Shares exceeding certain limits specified under applicable law. Applicants are requested to refer to the Prospectus for more details.
- (c) Applicants should check whether they are eligible to apply on non-repatriation basis or repatriation basis and should accordingly provide the investor status. Details regarding investor status are different in the Resident Application Form and Non-Resident Application Form.
- (d) Applicants should ensure that their investor status is updated in the Depository records.

4.1.7 FIELD 7: PAYMENT DETAILS

- (a) All Applicants are required to use ASBA facility to block the full Amount (net of any Discount, as applicable) along-with the Application Form. If the Discount is applicable in the Issue, the RIIs should indicate the full Amount in the Application Form and the payment shall be made for an Amount net of Discount. Only in cases where the Prospectus indicates that part payment may be made, such an option can be exercised by the Applicant.
- (b) Application Amount cannot be paid in cash, through money order or through postal order or through stock invest.
- (c) Please note that, providing bank account details in the space provided in the Application Form is mandatory and Applications that do not contain such details are liable to be rejected.

4.1.8 Payment instructions for Applicants

- (a) Applicants may submit the Application Form in physical mode to the Application Collecting Intermediary.
- (b) Applicants should specify the Bank Account number in the Application Form.

- (c) Applicants should ensure that the Application Form is also signed by the ASBA Account holder(s) if the Applicant is not the ASBA Account holder;
- (d) Applicants shall note that that for the purpose of blocking funds under ASBA facility clearly demarcated funds shall be available in the account.
- (e) From one Bank Account, a maximum of five Application Forms can be submitted.
- (f) ASBA Applicants applying directly through the SCSBs should ensure that the Application Form is submitted to a Designated Branch of a SCSB where the ASBA Account is maintained. In case applicant applying through Application Collecting Intermediary other than SCSB, after verification and upload, the Application Collecting Intermediary shall send to SCSB for blocking of fund
- (g) Upon receipt of the Application Form, the Designated Branch of the SCSB may verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form.
- (h) If sufficient funds are available in the ASBA Account, the SCSB may block an amount equivalent to the Application Amount mentioned in the Application Form and may upload the details on the Stock Exchange Platform.
- (i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB may not upload such Applications on the Stock Exchange platform and such Applications are liable to be rejected.
- (j) Upon submission of a completed Application Form each ASBA Applicant may be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount specified in the Application Form in the ASBA Account maintained with the SCSBs.
- (k) The Application Amount may remain blocked in the aforesaid ASBA Account until finalisation of the Basis of allotment and subsequent transfer of the Application Amount against the Allotted Equity Shares, if any to the Public Issue Account, or until withdrawal or failure of the Issue, or until withdrawal or rejection of the Application, as the case may be.
- (l) SCSBs applying in the Issue must apply through an ASBA Account maintained with any other SCSB; else their Applications are liable to be rejected.

4.1.8 Unblocking of ASBA Account

- (a) Once the Basis of Allotment is approved by the Designated Stock Exchange, the Registrar to the Issue may provide the following details to the controlling branches of each SCSB, along with instructions to unblock the relevant bank accounts and for successful applications transfer the requisite money to the Public Issue Account designated for this purpose, within the specified timelines: (i) the number of Equity Shares to be Allotted against each Application, (ii) the amount to be transferred from the relevant bank account to the Public Issue Account, for each Application, (iii) the date by which funds referred to in (ii) above may be transferred to the Public Issue Account, and (iv) details of rejected/Partial/Non Allotment ASBA Applications, if any, along with reasons for rejection and details of withdrawn or unsuccessful Applications, if any, to enable the SCSBs to unblock the respective bank accounts.

- (b) On the basis of instructions from the Registrar to the Issue, the SCSBs may transfer the requisite amount against each successful ASBA Application to the Public Issue Account and may unblock the excess amount, if any, in the ASBA Account.
- (c) In the event of withdrawal or rejection of the Application Form and for unsuccessful Applications, the Registrar to the Issue may give instructions to the SCSB to unblock the Application Amount in the relevant ASBA Account within 6 Working Days of the Issue Closing Date.

4.1.8.1 Discount (if applicable)

- (a) The Discount is stated in absolute rupee terms.
- (b) RIIs, Employees and Retail Individual Shareholders are only eligible for discount. For Discounts offered in the Issue, applicants may refer to the Prospectus.
- (c) The Applicants entitled to the applicable Discount in the Issue may make payment for an amount i.e. the Application Amount less Discount (if applicable).

4.1.8.2 Additional Payment Instructions for NRIs

The Non-Resident Indians who intend to block funds through Non-Resident Ordinary (NRO) accounts shall use the form meant for Resident Indians (non-repatriation basis). In the case of applications by NRIs applying on a repatriation basis, payment shall not be accepted out of NRO Account.

4.1.9 FIELD NUMBER 8: SIGNATURES AND OTHER AUTHORISATIONS

- (a) Only the First Applicant is required to sign the Application Form. Applicants should ensure that signatures are in one of the languages specified in the Eighth Schedule to the Constitution of India.
- (b) If the ASBA Account is held by a person or persons other than the ASBA Applicant, then the Signature of the ASBA Account holder(s) is also required.
- (c) In relation to the Applications, signature has to be correctly affixed in the authorization/undertaking box in the Application Form, or an authorisation has to be provided to the SCSB via the electronic mode, for blocking funds in the ASBA Account equivalent to the application amount mentioned in the Application Form.
- (d) Applicants must note that Application Form without signature of Applicant and /or ASBA Account holder is liable to be rejected.

4.1.10 ACKNOWLEDGEMENT AND FUTURE COMMUNICATION

Applicants should ensure that they receive the acknowledgment duly signed and stamped by an Application Collecting Intermediary or SCSB, as applicable, for submission of the Application Form.

- (a) All communications in connection with Applications made in the Issue should be addressed as under:
 - i. In case of queries related to Allotment, non-receipt of Allotment Advice, credit of allotted equity shares, the Applicants should contact the Registrar to the Issue.

- ii. In case of ASBA applications submitted to the Designated Branches of the SCSBs, the Applicants should contact the relevant Designated Branch of the SCSB.
 - iii. Applicant may contact the Company Secretary and Compliance Officer or LM(s) in case of any other complaints in relation to the Issue.
- (b) The following details (as applicable) should be quoted while making any queries -
- i. Full name of the sole or First Applicant, Application Form number, Applicants' DP ID, Client ID, PAN, number of Equity Shares applied for, amount paid on application.

For further details, Applicant may refer to the Prospectus and the Application Form.

4.2 INSTRUCTIONS FOR FILING THE REVISION FORM

- (a) During the Issue Period, any Applicant (other than QIBs and NIIs, who can only revise their application amount upwards) who has registered his or her interest in the Equity Shares for a particular number of shares is free to revise number of shares applied using revision forms available separately.
- (b) RII may revise / withdraw their applications till closure of the Issue period.
- (c) Revisions can be made only in the desired number of Equity Shares by using the Revision Form.
- (d) The Applicant can make this revision any number of times during the Issue Period. However, for any revision(s) in the Application, the Applicants will have to use the services of the SCSB through which such Applicant had placed the original Application.

This being Fixed Price Issue, this section is not applicable for this Issue.

SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT**7.1 BASIS OF ALLOTMENT**

Allotment will be made in consultation with the SME Platform of NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth hereunder:

- (a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of Applicants in the category x number of Shares applied for).
- (b) The number of Shares to be allocated to the successful Applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- (c) For applications where the proportionate allotment works out to less than 6,000 equity shares the allotment will be made as follows:
 - i. Each successful Applicant shall be allotted 6,000 equity shares; and
 - ii. The successful Applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- (d) If the proportionate allotment to an Applicant works out to a number that is not a multiple of 6,000 equity shares, the Applicant would be allotted Shares by rounding off to the nearest multiple of 6,000 equity shares subject to a minimum allotment of 6,000 equity shares.
- (e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Applicants in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 6,000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Prospectus.
- (f) The above proportionate allotment of Shares in an Issue that is oversubscribed shall be subject to the reservation for Retail individual Applicants as described below:
 - i. As per Regulation 43(4) of SEBI (ICDR), as the retail individual investor category is entitled to more than fifty per cent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - ii. The balance net offer of shares to the public shall be made available for allotment to
 - individual applicants other than retails individual investors and

- other investors, including corporate bodies/ institutions irrespective of number of shares applied for.
- iii. The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

'Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE Emerge.
