FINANCIAL DATA

Unless stated otherwise, the financial data included in this Prospectus are extracted from the Restated Consolidated Financial Statements of our Company, prepared in accordance with the applicable provisions of the Companies Act, 2013 Indian GAAP and restated in accordance with SEBI ICDR Regulations, as stated in the report of our Peer Reviewed Auditors, set out in the section titled ‘*Financial Information*’ beginning on page 225 of this Prospectus. Our Restated Consolidated Financial Statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, 2013, and have been restated in accordance with the SEBI ICDR Regulations and Guidance Note on “Reports in Company Prospectus (Revised 2019) issued by ICAI as amended from time to time.

Our Financial Year commences on April 1st of each year and ends on March 31st of the following year, so all references to a particular Financial Year are to the 12 month period ended March 31st of that year. In this Prospectus, discrepancies in any table, graphs or charts between the total and the sums of the amounts listed are due to rounding-off. Further, figure represented in the BRACKET or with the sign “ – ” indicates NEGATIVE data in this Prospectus in relation to our Company and industry. There are significant differences between Indian GAAP, IFRS and U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included herein, nor do we provide a reconciliation of our financial statements to those under U.S. GAAP or IFRS and the investors should consult their own advisors regarding such differences and their impact on the financial data. Accordingly, the degree to which the Restated Consolidated Financial Statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices/ Indian GAAP, the Companies Act, 2013 and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should accordingly be limited.

All figures in decimals (including percentages) have been rounded off up to Second decimals and all percentage figures have been rounded off to two decimal places. In certain instances, discrepancies in any table between the sums of the amounts listed in the table and totals are due to rounding off. However, where any figures may have been sourced from third-party industry sources, such figures may be rounded-off to such number of decimal points as provided in such respective sources. In this Prospectus, (i) the sum or percentage change of certain numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. Any such discrepancies are due to rounding off.

Any percentage amounts, as set forth in the section titled ‘*Risk Factors*’, sections titled ‘*Our Business*’ and ‘*Management’s Discussion and Analysis of Financial Condition and Results of Operations*’ beginning on page 33, 156 and 266 of this Prospectus, respectively, and elsewhere in this Prospectus, unless otherwise indicated, have been calculated on the basis of our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, 2013 and restated in accordance with the SEBI ICDR Regulations.

INDUSTRY AND MARKET DATA

Unless stated otherwise, the industry and market data and forecasts used throughout this Prospectus has been obtained from internal company reports, industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Further, the extent to which the industry and market data presented in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. Although, we believe industry and market data used in the Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

In accordance with the SEBI ICDR Regulations the section titled "Basis for Issue Price" on page 133 of this Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD-LOOKING STATEMENTS

This Prospectus contains certain “forward-looking statements”. All statements contained in this Prospectus that are not statements of historical fact constitute “forward-looking statements”. All statements regarding our expected financial condition and results of operations, business, plans and prospects are “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “likely to”, “seek to”, “shall”, “objective”, “plan”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements whether made by us in this Prospectus are based on our current plans, estimates, presumptions and expectations and are subject to corresponding risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward looking statement, including but not limited to, regulatory changes pertaining to the industries we serve and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions, which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition. Important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- a) *Our commercial success is largely dependent upon our ability to successfully anticipate market needs and utilize and manage our resources to upgrade and enhance existing solutions and services, develop and introduce new services and solutions that meet the end users’ needs on a timely basis.*
- b) *Our revenues from operations are highly dependent on customers located in the United States of America (USA/US). Adverse economic conditions or factors that negatively affect the economic situation of that country could materially adversely affect our business.*
- c) *Our growth strategy includes strengthening our sales and marketing activities in US and APAC and expanding into other geographies in Europe. Such initiatives could lead to a drain on our financial resources without achieving desired results.*
- d) *Our global operations expose us to numerous and sometimes conflicting legal and regulatory requirements, and any failure to comply with these laws and regulations could impose significant civil, criminal or monetary liability.*
- e) *Authorities of the Central government and State governments are our primary customers for our Water resource management solutions which contributes a significant portion of our revenues. These authorities are highly dependent on state/central grants/budget allocation to fund various water resource management projects.*
- f) *Projects relating to water resources management solutions are typically awarded on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process.*
- g) *Our business is dependent on our ability to attract and retain highly skilled IT professionals*
- h) *We may be liable to our clients for damages caused by system failures, disclosure of confidential information or data security breaches, which could harm our reputation and cause us to lose clients.*
- i) *Our solutions and services need to effectively inter-operate with our users existing or future IT infrastructures, installations for a seamless and timely completion of our projects / assignments*
- j) *Certain contracts that we have entered into may have warranties that could result in liabilities in the future.*
- k) *Undetected software design defects, errors or failures may result in loss of or delay in market acceptance of our services or in liabilities that could materially adversely affect our business, financial condition and results of operations.*
- l) *We are highly dependent on technology in carrying out our business activities including usage of 3rd party open source software, hardware and Software -As-A- Service (SAAS) and it forms an integral part of our business.*
- m) *Our expansion into new solutions and service categories and an increase in the number of products offered by us may expose us to new challenges and more risks.*
- n) *Our Company requires significant amount of working capital for a continuing growth.*
- o) *We face competition from onshore and offshore IT services companies, which may have a negative effect on our ability to add new customers, retain existing customers and grow our business*

For further discussion of factors that could cause the actual results to differ from the expectations, please refer the ‘Risk Factors’, ‘Our Business’ and ‘Management’s Discussion and Analysis of Financial Condition and Results of Operations’ beginning on page 33, 156 and 266, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Forward-looking statements reflect our current views as of the date of this Prospectus and are not a guarantee of our future performance. There can be no assurance to investors that the expectations reflected in these forward-looking statements

will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

These statements are based on our management's belief and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward looking statements are based on are reasonable, any of these assumptions could prove to be inaccurate and the forward looking statements based on these assumptions could be incorrect. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance. Neither our Company, our Promoter, our Directors, the Book Running Lead Manager nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the requirements of SEBI, our Company (in respect of statements/ disclosures made by them in this Prospectus) shall ensure that investors in India are informed of material developments from the date of the Red Herring Prospectus until the date of Allotment.

SECTION III: RISK FACTORS

An investment in Equity Shares involves a high degree of financial risk. You should carefully consider all information in this Prospectus, including the risks described below, before making an investment in our Equity Shares.

The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, as well as the other risks and uncertainties discussed in this Prospectus, could have a material adverse effect on our business and could cause the trading price of our Equity Shares to decline and you may lose all or part of your investment. In addition, the risks set out in this Prospectus are not exhaustive. Additional risks and uncertainties, whether known or unknown, may in the future have material adverse effect on our business, financial condition and results of operations, or which we currently deem immaterial, may arise or become material in the future. To obtain a complete understanding of our Company, prospective investors should read this section in conjunction with the sections titled 'Our Business' and 'Management's Discussion and Analysis of Financial Condition and Results of Operations' on page 156 and 266 of this Prospectus respectively as well as other financial and statistical information contained in this Prospectus.

This Prospectus also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in this Prospectus. Unless otherwise stated, the financial information used in this section is derived from and should be read in conjunction with Restated Consolidated Financial Statements of our Company prepared in accordance with the Companies Act, 2013 and restated in accordance with the ICDR Regulations, including the schedules, annexure and notes thereto.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some events may have material impact qualitatively instead of quantitatively;
2. Some events may not be material individually but may be found material collectively;
3. Some events may not be material at present but may be having material impact in future.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this section, please refer to the section titled 'Definitions and Abbreviations' as described on the beginning of page 6 of this Prospectus

The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

In this Prospectus, discrepancies, if any, between total and the sums of the amount listed are due to rounding off.

INTERNAL RISKS FACTORS:

- 1. Our commercial success is largely dependent upon our ability to successfully anticipate market needs and utilize and manage our resources to upgrade and enhance existing solutions and services, develop and introduce new services and solutions that meet the end users' needs on a timely basis. Any failure to do so, might impact our ability to compete effectively and could make our solutions obsolete, thereby adversely affecting our revenue, reputation, financial conditions, results of operations and cash flow.***

The digital transformation solutions and services market is characterized by rapid technological changes, evolving industry standards, changing client preferences, and new service introductions that could result in technology obsolescence. The technology services industry is competitive and continuously evolving, subject to rapidly changing demands and constant technological developments. As a result, success and performance metrics are difficult to predict and measure in our industry. Because services and technologies are rapidly evolving and each company within the industry can vary greatly in terms of the services it provides, its business model, and its results of operations, it can be difficult to predict how any company's services, including ours, will be received in the market. While businesses have been incurring significant expenditure in the past to adopt emerging technologies and related technological trends, there can be no assurance that they will continue to do so in the future.

Our future success will depend on our ability to anticipate these changes, enhance our existing solutions and service offerings or develop new solutions and service offerings to meet client needs, in each case, in a timely manner. Any enhancement to our existing offerings or new offerings that we develop and introduce involves significant commitment of time and resources and is subject to a number of risks and challenges including (a) ensuring the timely release and availability of new products (b) resolving defects, errors, or failures in our products. We may not be successful in anticipating or responding to these changes on a timely basis, or at all. If we do respond, the services or solutions we develop may not be successful in the marketplace. We may also be unsuccessful in stimulating customer demand for new and upgraded services, or seamlessly managing new solutions and service introductions or transitions. Our failure to address the demands of the rapidly evolving IT environment, could have a material adverse effect on our business, results of operations and financial condition. In addition, our success also depends on our ability to proactively manage our portfolio of technology alliances.

Although there have been no such instances/issues in the past wherein we have failed to anticipate, adapt, and respond effectively to the changes in the market needs on a timely and cost-effective basis or failed to successfully manage the risks and challenges in relation to new offerings, or where our new solutions were not competitive, however, in the event if we are not successful in managing these risks and challenges, or if our new offerings are not competitive or do not achieve market acceptance, our business, financial condition, and results of operations could be adversely affected.

2. *Failure to offer customer support in a timely and effective manner may adversely affect our relationships with our customers.*

From time to time, our customers require our customer support team to assist them in using our services and solutions, resolving post-deployment issues quickly and ensuring ongoing support. If we do not devote sufficient resources or are otherwise unsuccessful in assisting our customers effectively, it could adversely affect our ability to retain existing customers and could prevent prospective customers from adopting our services and solutions. We may be unable to respond quickly enough to accommodate short-term increases in demand for customer support services. We may also be unable to modify the nature, scope and delivery of our customer support services to compete with the support services provided by our competitors. Increased demand for customer support, without corresponding revenue, could increase costs and adversely affect our business, results of operations and financial condition.

Our sales are highly dependent on our business reputation and on positive recommendations from our customers. Any failure to maintain high standard of customer support, or a market perception that we do not maintain high- quality customer support, could adversely affect our reputation, business, results of operations and financial condition.

3. *Our revenues from operations are highly dependent on customers located in the United States of America (USA/US). Adverse economic conditions or factors that negatively affect the economic situation of that country could materially adversely affect our business, financial condition and results of operations.*

In Fiscals 2023, 2022 and 2021, our customers located in the US contributed 23.52%, 17.39% and 24.82% of our revenue from contracts with customers, respectively. A single customer located in the United States contributed 6.00%, 3.72%, and 7.27% of our total revenues from contracts with customers in Fiscals 2023, 2022 and 2021.

Existing and potential competitors to our businesses may increase their focus on the US market, which could reduce our market share. The concentration of our revenues from operations in the US increases our risk to adverse developments related to competition, as well as economic, political, regulatory and other changes. Adoption of anti-sourcing laws in many countries, including the United States, may also limit the ability of our customers to engage us. For further details, please see “*Risk Factors - Anti-outsourcing legislation, if adopted in the countries where our customers are based, could materially adversely affect our business, financial condition and results of operations and impair our ability to service our customers*” on page 58. Any adverse development that affects the overall economy of the United States or sectors or industries in which our customers operate, could have a material adverse effect on our business, financial condition and results of operations.

In addition, we do not have long-term commitments with most of our customers. For further details, please see “*Risk Factors - “We do not have long-term commitments with our customers, and our customers may terminate contracts before completion, negotiate adverse terms of the contract or choose not to renew contracts, which could materially adversely affect our business, financial condition and results of operations”* on page 36. We cannot assure you that we will be able to maintain historic levels of business from our customers located in the United States, or that we will be able to significantly reduce customer concentration in the future.

4. ***We generate a significant portion of our revenues from a small number of customers, and any loss or reduction of business from these customers could reduce our revenues and materially adversely affect our business, financial condition, and results of operations.***

Our top 10 (Top) clients contributed approximately 50.54% of our revenue from operations based on Restated Consolidated Financial Statements for the year ended March 31, 2023. We have derived, and believe that in the foreseeable future we will continue to derive, a significant portion of our revenues from a small number of customers which may not be the same every year.

Our ability to maintain close relationships with these customers is essential to the growth and profitability of our business. However, the volume and nature of work performed for a specific customer is likely to vary from year to year, especially since we are generally not exclusive IT services provider for our clients and we do not have long-term commitments with most of our customers. Please see “*Risk Factors - We do not have long-term commitments with our customers, and our customers may terminate contracts before completion, negotiate adverse terms of the contract or choose not to renew contracts, which could materially adversely affect our business, financial condition and results of operations*” on page 36. A major customer in one year may not provide the same level of revenues for us in any subsequent year. The IT services we provide to our customers, and the revenues and net income from those services, may decline or vary as the type and quantity of IT services the customers require changes over time. Furthermore, our reliance on any individual customer for a significant portion of our revenues may give that customer a certain degree of pricing leverage against us when negotiating contracts and terms of service.

In addition, a number of factors other than our performance could cause the loss of or reduction in business or revenues from a customer, and these factors are not predictable. For example, a customer may decide to reduce spending on technology services or sourcing from us due to a challenging economic environment or other factors, both internal and external, relating to its business. Further, factors which are not in our or our customers’ control such as the socio-political situation in a particular country or the outbreak of a contagious disease may also impact our business adversely. These factors, among others, may influence customers to make decisions resulting in reducing cost, changing outsourcing strategy, switching IT services providers or in-sourcing of activities.

The loss of any of our major customers, or a significant decrease in the volume of work they outsource to us or the price at which we provide our services to them, could materially adversely affect our business, financial condition and results of operations.

The loss of any of our major customers, or a significant decrease in the volume of work they outsource to us or the price at which we sell our services to them, could materially adversely affect our business, financial condition and results of operations.

5. ***If we are unable to recover our dues from our customers, our results of operations and cash flows could be materially adversely affected.***

Our financial performance depends on our ability to successfully recover payment from our customers. We usually bill and collect on relatively short cycles. As per our master service agreements, our payment terms are 30 to 90 days from the date when the customer receives the invoice. Our average debtor cycle was 168 days, 129 days and 102 days in Fiscals 2023, 2022 and 2021, respectively.

We maintain allowances against receivables and unbilled services. Actual losses on customer balances could differ from those that we currently anticipate and, as a result, we might need to adjust our allowances. There is no guarantee that we will accurately assess the creditworthiness of our customers. Weak macroeconomic conditions and related turmoil in the global financial system could also result in financial difficulties, including limited access to the credit markets, insolvency, or bankruptcy for our customers, and, as a result, could cause customers to delay payments to us, request modifications to their payment arrangements that could increase our receivables balance, or default on their payment obligations to us. Timely collection of customer balances also depends on our ability to complete our contractual commitments and bill and collect our contracted revenues. If we are unable to meet our contractual requirements, we might experience delays in collection of and/or be unable to collect our customer balances, and if this occurs, our results of operations and cash flows could be materially adversely affected. Moreover, in the event of delays in payment from our governmental and quasi-governmental customers, we may have difficulty collecting on receivables owed. In addition, if we experience an increase in the time to bill and collect for our services, our cash flows could be adversely affected.

6. *Our global operations expose us to numerous and sometimes conflicting legal and regulatory requirements, and any failure to comply with these laws and regulations could impose significant civil, criminal or monetary liability.*

Since we provide services to clients across geographies such as USA, Canada, Australia, Singapore etc. we are subject to numerous, and sometimes conflicting, legal and compliance requirements on matters as diverse as import/export controls, content requirements, trade restrictions, the environment (including electronic waste), tariffs, taxation, sanctions, government affairs, anti-corruption, whistle blowing, internal and disclosure control obligations, data protection and privacy and labour relations and certain regulatory requirements that are specific to our clients' industries. Non-compliance with these regulations in the conduct of our business could result in fines, penalties, criminal sanctions against us or our officers, disgorgement of profits, prohibitions on doing business and have an adverse impact on our reputation.

Correspondingly, an adverse change in the regulations may require us to alter our business activities and process of offering solutions and services and incur capital expenditure to achieve compliance with such new regulatory requirements. We cannot assure you that we will be able to comply with the regulatory requirements. Consequently, there is an inherent risk that we may inadvertently fail to comply with such regulations, which could lead to cease operations in those countries and incur other sanctions imposed by the relevant authorities, as well as the withholding or delay in receipt of regulatory approvals for our new solutions and services, which may adversely impact our business, results of operations and financial condition.

7. *We do not have long-term commitments with our customers, and our customers may terminate contracts before completion, negotiate adverse terms of the contract or choose not to renew contracts, which could materially adversely affect our business, financial condition and results of operations.*

Our customers generally do not have any long-term commitments with us. The term of the agreements we enter into with our customers typically range from one to five years or in some cases, until such agreements are terminated or as long as there are subsisting statements of works or purchase orders with the customer. A substantial portion of our revenues is generated from repeat business, which we define as revenues from a customer who also contributed to our revenues during the prior Fiscal. In Fiscals 2023, 2022 and 2021, our repeat customers contributed 69.71%, 78.10% and 67.42%, respectively, of our revenue from contracts with customers. However, our engagements with our customers are typically on a project to project basis. In addition, our customers can terminate our services contracts and work orders with or without cause, and in most cases without any cancellation charge. Therefore, we must seek to obtain new engagements when our current engagements are successfully completed or are terminated as well as maintain relationships with existing customers and secure new customers to expand our business.

Agreements may be terminated without a cause subject to a prior written notice which typically ranges from 7 to 180 days. In addition, large and complex projects may involve multiple engagements or stages, and a customer may choose not to retain us for additional stages or may cancel or delay additional planned engagements. Even if we successfully deliver on contracted services and maintain close relationships with our customers, a number of factors outside of our control could cause the loss of or reduction in business or revenue from our existing customers.

The loss or diminution in business from any of our major customers could have a material adverse effect on our revenue from operations and results of operations. We may not be able to renew our contracts on favourable terms, or to replace any customer that elects to terminate or not renew its contract with us, which could materially adversely affect our revenue and thus our results of operations. Further, terminations or delays in engagements may impact our resourcing plans and increase our cost of operations.

8. *Our business is dependent on the contractual arrangements entered into by us. Many of our client contracts can be terminated with or without cause by providing notice and without termination-related penalties.*

We enter contracts with our clients which impose several contractual obligations upon us. If we are unable to meet these contractual obligations and / or our clients perceive any deficiency in our services, we may face legal liabilities and consequent damage to our reputation which may in-turn adversely impact our business, financial condition and results of operations. There are also some contracts, which terminable by our clients in writing upon committing any breach or non-observance of any conditions of the Agreements entered into viz. fraud by our Company or any misconduct of our associate employees which could adversely affect the reputation of our clients.

While, we consider all factors internally prior to entering into such contractual agreements, we cannot assure you that such clients may choose to terminate their agreements with our Company based on the terms stated above. Further, the non-compliance or breach of the terms of the contractual arrangements by either party to the agreements may lead to, among other things, damages, penalties or termination of the agreements, which may consequently result in our inability to attract further business in the future.

9. *Our contracts may become unprofitable. This may materially adversely affect our business, financial condition and results of operations.*

We perform our services primarily under time-and-materials contracts (where materials costs consist of travel and out-of-pocket expenses in software development business and equipment, technology development & manpower cost for water resource management solutions projects) and in some cases, fixed price contracts or a combination of both. Our manpower cost under these contracts are priced at hourly or daily rates that are agreed at the time at which the contract is entered. The rates and other pricing terms negotiated with our customers are highly dependent on our internal forecasts of our operating costs and other assumptions on wage inflation and other marketplace factors, as well as the volume of work provided by the customer. Our Pricing terms are based on various assumptions and forecasts and could turn out to be inaccurate, resulting in contracts that may not be profitable. Typically, we do not have the ability to increase the rates established at the outset of a customer project, other than on an annual basis which are often subject to pricing caps. Independent of our right to increase our rates on an annual basis, customer expectations regarding the anticipated cost of a project may limit our practical ability to increase our rates for on-going work.

In addition to our time-and-materials contracts, we undertake some engagements on a fixed-price basis and also provide managed services in certain cases. Revenue from our fixed-price contracts represented 39%, 46% and 45.41% of our revenue from contracts with customers for the Fiscals 2023, 2022 and 2021, respectively. Our pricing in fixed-price contracts is highly dependent on our assumptions and forecasts about the costs we expect to incur to complete the related project, which are based on limited data and could turn out to be inaccurate. Any failure by us to accurately estimate the resources, including the skills and seniority of our employees, required to complete a fixed-price contract on time and on budget or meet a service level on a managed service contract, or any unexpected increase in the cost of our employees assigned to the related project, office space or materials could expose us to risks associated with cost overruns and could have a material adverse effect on our business, results of operations and financial condition. In addition, any unexpected changes in economic conditions that affect any of the foregoing assumptions and predictions could render contracts that would have been favourable to us when signed unfavourable.

In addition, a number of our contracts contain pricing terms that condition a portion of the payment of fees by the customer on our ability to meet defined performance goals, service levels and completion schedules set forth in the contracts. Our failure to meet such performance goals, service levels or completion schedules or our failure to meet customer expectations in such contracts may result in less profitable or unprofitable engagements.

Our profitability and operating results are dependent on the rates we are able to charge for our services. We believe our rates are affected by a number of factors, including:

- our customers' perception of our ability to add value through our services;
- our competitors' pricing policies
- bid practices of customers and their use of third-party advisors
- the ability of large customers to exert pricing pressure
- employee wage levels and increases in compensation costs
- employee utilisation levels
- market demand for our solutions and services
- unanticipated increases in the cost of equipment, materials or manpower
- delays associated with the delivery of equipment and materials to the project site
- delays due to non-receipt of client approvals or payments at specific project milestones
- general economic conditions

If we are not able to maintain favourable pricing for our solutions and services, our profitability could suffer. This may materially adversely affect our business, financial condition and results of operations.

10. *We are dependent on authorities of the Central government and State governments for a substantial proportion of our business and revenue. These authorities are highly dependent on state/central grants/budget allocation to fund various water resource management projects. Any decline in the budgetary allocation towards Water resource management projects will have a material adverse impact on our business, financial condition, and results of operations.*

Our water resource management solutions business and revenues are dependent on projects undertaken by authorities of the Central and State Governments. The water resource management solutions business contributed 37%, 46%, and 43% of the total revenue of the Company as the Restated Consolidated Financial Statements for Fiscals 2023, 2022 and 2021. We expect that contracts awarded by these authorities will continue to account for a substantial proportion of our business. Please refer to section titled "Our Industry" beginning on page 145 of Red Herring Prospectus which highlights the

government focus on water resource management. The authorities responsible for developing action plans for water resource management need an adequate and recurrent cash flow to implement the infrastructure for management of water resources. These authorities are highly dependent on state/central grants/budget allocation to fund various infrastructural projects. The funds allocated by state or central governments for implementation of infrastructure for water resource compete with infrastructural projects such as building roads and bridges and other infrastructure. Any adverse changes in government policies, expenditures or fund allocations may lead to our agreements being restructured or renegotiated or terminated and could materially and adversely affect business, financial condition and results of operation

11. Projects relating to water resources management solutions are typically awarded on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process. Our business and our financial condition may be adversely affected if we are unsuccessful in bidding for new projects.

Projects relating to water resources management solutions are typically awarded to us following a competitive bidding process and satisfaction of prescribed technical and financial pre-qualification criteria. While track record, experience of project execution, adequate service quality, qualified and experienced personnel including technical staff, and sufficiency of financial resources are important considerations in awarding contracts, there can be no assurance that we would be able to meet such technical and financial qualification criteria, whether independently or together with other joint venture partners. Further, once prospective bidders satisfy the prequalification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur significant costs in the preparation and submission of bids, which are onetime non-reimbursable costs. We cannot assure you that we would be bidding for projects, where we are pre-qualified to submit a bid, or that our bids, when submitted or if already submitted, would result in projects being awarded to us.

12. Our actual cost in executing any contract pertaining to water resources management solutions business may vary substantially from the assumptions underlying our bid. We may be unable to recover all or some of the additional expenses, which may have an adverse effect on our business, financial condition, results of operations, and prospects.

We may not always have the escalation clauses to cover any increase in the cost of material, IT equipment and other inputs arising from currency fluctuation and inflation particularly as the contracts for water resource project are extremely long drawn for multiple variables affecting its implementation and consequent our hydrology project implementation also get stretched much beyond our assumed timelines in our project contracts in respect of the additional work to support our claims. Accordingly, our actual expense in executing the contract may vary substantially from the assumptions underlying our bid for several reasons, including but not limited to unanticipated increases in the cost of material, IT equipment, unforeseen conditions for implementation water resource infrastructure impacting the implementation of our hydrology project such as delay in acquisition/transfer of land by the government or obtaining rights of way, inability in obtaining requisite environmental and other approvals, permits and clearances resulting in delays and increased costs, delays caused by local weather conditions. Our ability to pass on increases in the cost of material, IT equipment and other inputs may be limited in the case of contracts with limited or no price escalation provisions and we cannot assure you that these variations in cost will not lead to financial losses to our Company.

Where we have escalation clauses in our project contracts, we may seek to enforce our contractual rights. However, our clients may interpret such clauses restrictively and dispute our claims. These claims are thus often subject to lengthy arbitration, litigation or other dispute resolution proceedings. We cannot assure you that we can recover adequately our claims. Our debtors may have insufficient assets to pay the amounts owed to us even if we win our cases. In addition, we may incur substantial costs in collecting against our debtors and such costs may not be recovered in full or at all from the debtors. As we often need to fulfil significant working capital requirements in our operations, delayed collection of receivables or inadequate recovery on our claims could materially and adversely affect our business, cash flows, financial condition and results of operations.

13. The timely and cost effective execution of our water resource management solutions projects is dependent on the adequate and timely supply of key materials such as Data Loggers, UHF transmitters, Charge Controllers, Radar Sensors, Rotary Gate Position sensors.

We have not entered into any long-term supply contracts and we cannot assure you that we will be able to procure adequate supplies of key materials as and when we need them on commercially acceptable terms. The timely and cost effective implementation of our projects relating to water resource management solutions is dependant on the adequate and timely supply of key materials, such as Data Loggers, UHF transmitters, Charge Controllers, Radar Sensors, Rotary Gate Position sensors. We import the equipment used in execution of such projects from various countries located in Europe and USA and any disruption in import of materials from these countries or any change in policies of import of such equipment could have in the future, an adverse effect on our receipt of supplies and shall impact the execution of projects relating water resource management solutions. If we are unable to procure the requisite quantities of supplies in a timely manner, our business, results of operations and financial condition may be adversely affected.

Our purchases of materials used in execution of our water resource management solutions projects are concentrated from a few suppliers with our top 10 suppliers contributing 99.67%, 99.86% and 99.80% of the total purchases of these materials during the Fiscal 2023, 2022 and 2021 respectively. Our ability to remain competitive, maintain costs and profitability depend, in part, on our ability to source and maintain a stable and sufficient supply of the said materials at acceptable prices. The absence of long-term supply contracts subjects us to risks such as price volatility caused by various factors.

14. If we fail to keep pace with technical and technological developments in the water resource management solutions industry, it could adversely affect our business and results of operations.

Our recent experience indicates that projects relating to water resource management solutions are becoming more technically complex. To meet our clients' needs, we must regularly update existing technology and acquire or develop new technology for our solutions relating to water resource management. In addition, rapid and frequent technology and market demand changes can often render existing technologies and equipment obsolete, requiring substantial new capital expenditures and/or write-downs of assets. Our failure to anticipate or to respond adequately to changing technical, market demands and/or client requirements could adversely affect our business and results of operations.

15. If we are unable to attract new clients or our existing clients do not renew their contract, the growth of our business and cash flows will be adversely affected.

Our top 10 (Top) clients contributed approximately 50.54% of our revenue from operations based on Restated Consolidated Financial Statements for the year ended March 31, 2023. If we are unable to generate sufficient sales leads through our marketing programs, or if our existing or new clients do not perceive our services to be of sufficiently high value and quality, we may not be able to increase sales and our operating results would be adversely affected. In addition, our existing clients have no obligation to repeat contracts / award new projects to us due to various factors including clients' satisfaction with our services, collection of data and information as desired by our clients, our prices and the prices of competing service providers. If we fail to achieve repetitive projects from existing clients or to add new clients, our operating results will suffer, and our revenue growth, cash flows and profitability may be materially and adversely affected. For further details of our clients, please refer to section titled 'Our Business' beginning on page 156.

16. If we fail to attract and retain highly skilled IT professionals, we may not have the necessary resources to properly staff projects, and failure to successfully compete for such IT professionals could materially adversely affect our business, financial condition and results of operations.

Our success depends largely on the contributions of our IT professionals and our ability to attract and retain qualified IT professionals. The total attrition rates among our IT professionals who have worked for us for at least six months were 23% and 25% for Fiscals 2023, 2022 and 2021, respectively. We may encounter higher attrition rates in the future. A significant increase in the attrition rate among skilled IT professionals with specialised skills could decrease our operating efficiency and productivity and could lead to a decline in demand for our services. The competition for highly-skilled IT professionals may require us to increase salaries, and we may be unable to pass on these increased costs to our customers. This would increase our operational costs which may adversely affect our business, results of operations and financial condition.

In addition, our ability to maintain and renew existing engagements and obtain new business will depend, in large part, on our ability to attract, train and retain skilled IT professionals, including experienced management IT professionals, which enables us to keep pace with growing demands for outsourcing, evolving industry standards and changing customer preferences. If we are unable to attract and retain the highly skilled IT professionals we need, we may have to forgo projects for lack of resources or be unable to staff projects optimally. Our failure to attract, train and retain IT professionals with the qualifications necessary to fulfil the needs of our existing and future customers or to assimilate new IT professionals successfully could materially adversely affect our business, financial condition and results of operations. Moreover, we may be unable to manage knowledge developed internally, which may be lost in the event of our inability to retain employees.

Our business is people driven and, accordingly, our success depends upon our ability to attract, develop, motivate, retain and effectively utilise highly-skilled IT professionals in our delivery locations across India. We believe that there is significant competition for IT professionals in India where our delivery centres are located and that such competition is likely to continue for the foreseeable future. Increased hiring by technology companies and increasing worldwide competition for skilled IT professionals may lead to a shortage in the availability of suitable personnel in the locations where we operate and hire. Failure to hire, train and retain IT professionals in sufficient numbers could have a material adverse effect on our business, results of operations and financial condition.

Companies engaged in the technology industry are required to provide a greater deal of employee satisfaction and morale through providing professional incentives and enable digital maturity through collaborative support from the workforce.

Further, there is a limited pool of individuals who have the skills and training needed to help us grow our Company. We compete for such talented individuals not only with other companies in our industry but also with companies in other industries, such as engineering services, financial services and technology generally, among others. High attrition rates of IT professionals would increase our hiring, reskilling, upskilling and training costs and could have an adverse effect on our ability to complete existing contracts in a timely manner, meet customer objectives and expand our business.

17. *Increases in wages and other employee benefits expense for our IT professionals could prevent us from sustaining our competitive advantage.*

Wage costs for IT professionals in India are lower than comparable wage costs in more developed countries. However, wage costs in the Indian IT services industry may increase at a faster rate than in the past, which ultimately may make us less competitive unless we are able to increase the efficiency and productivity of our IT professionals as well as the prices we can charge for our services. Increases in wage costs may reduce our profitability. In addition, the issuance of equity-based compensation to our IT professionals would also result in additional dilution to our shareholders.

18. *Our investments in human capital and technology may not yield the intended results*

We invest in and intend to continue investing in human capital to enhance our technical capabilities, particularly with object to develop new solutions and services. We specialise in developing solutions and services combining our technical and industry knowledge with our technical expertise. Our choice of focus areas and investments in technology and human capital are based on the management's perception of the industry. We cannot assure you that such investments will yield the intended results. We cannot assure you that our investment in our human capital and technology capabilities will have a positive impact on our business, results of operations, cash flows and financial condition.

19. *Our profitability will suffer if we are not able to maintain our resource utilisation levels and productivity levels.*

Our profitability is dependent on our utilisation levels of human resources, and our ability to increase productivity levels. We have expanded our operations in recent years, which has resulted in a significant increase in our headcount and fixed overhead costs.

Some of our IT professionals are specially trained to work for specific customers or on specific projects. Our ability to manage our utilisation levels depends significantly on our ability to hire and train IT professionals and to staff projects appropriately. If we experience a slowdown or stoppage of work for any customer or on any project for which we have dedicated IT professionals or facilities, we may not be able to efficiently reallocate these IT professionals and facilities to other customers and projects to keep their utilisation and productivity levels high. If we are not able to maintain high resource utilisation levels without corresponding cost reductions or price increases, our profitability will suffer. In the event of a slowdown due to external factors, or if the number of our customers reduce, we may be over-staffed and required to carry excess employee-related expenses which could affect our financial condition.

Our profitability and the cost of providing our services are affected by the utilisation rates of our employees in our delivery locations. If we are not able to maintain appropriate utilisation rates for our employees involved in delivery of our services, our profit margin and our profitability may suffer. Employee shortages could prevent us from completing our contractual commitments in a timely manner, taking up new contracts and cause us to lose contracts or customers. Further, to the extent that we lack sufficient employees with lower levels of seniority and lower pricing rates, we may be required to deploy more senior employees with higher pricing rates on projects without the ability to pass such higher rates to our customers, which could adversely affect our profit margin and profitability.

20. *We may be liable to our clients for damages caused by system failures, disclosure of confidential information or data security breaches, which could harm our reputation and cause us to lose clients.*

Many of our contracts involve services and solutions that are critical to the operations of our clients' businesses. Any failure in a client's system could result in a claim for substantial damages against us, regardless of our responsibility for such failure.

We seek to rely on encryption and authentication technology licensed from third parties to provide the security and authentication necessary to effect secure online transmission of confidential client information. Despite our security measures, advances in computer capabilities, new discoveries in the field of cryptography or other events or developments may result in a compromise or breach of the algorithms that we use to protect sensitive customer transaction data. Breaches of our security measures or the accidental loss, inadvertent disclosure or unapproved dissemination of confidential customer data could expose us, our customers or the individuals affected to a risk of loss or misuse of this information, or cause interruptions in our operations. We may be required to expend significant capital and other resources to protect against such

security breaches, to alleviate problems caused by or to investigate such breaches, all of which could subject us to liability, damage our reputation and diminish the value of our brand name.

We may be subject to potential liability for breaches of confidentiality. Moreover, if any person, including any of our employees or former employees or subcontractors, penetrates our network security or misappropriates sensitive data, we could be subject to liability from our clients or from our clients' customers for breaching contractual confidentiality provisions or privacy laws. Unauthorised disclosure of sensitive or confidential client and customer data, whether through breach of our computer systems, systems failure, loss or theft of assets containing confidential information or otherwise, could render us liable to our clients for damages, damage our reputation and cause us to lose clients.

We may also be liable to our clients for damages or termination of contract if we are unable to address disruption in services to them with adequate business continuity plans and/or for non-compliance with our clients' information security policies and procedures.

21. ***If our solutions and services do not effectively inter-operate with our users existing or future IT infrastructures, installations could be delayed or cancelled, which would could materially affect our business, financial condition and results of operations.***

Our solutions and services must effectively inter-operate with our customer's existing or future IT infrastructures, which often have different specifications, and may be based on different platforms, deploy solutions / services from multiple vendors, use various devices, and contain multiple generations of solutions /services that have been added over time. If we find errors in the existing software and defects in the hardware used in our user's infrastructure or problematic or incompatible network configurations or settings, we may have to modify our software so that our solutions / services can effectively inter-operate with our customer's infrastructure and business processes. In addition, to stay competitive within certain markets or to comply with new statutory or regulatory requirements, we may be required to make software modifications in future releases of our offerings. These issues could result in longer sales cycles for our solutions and services which may adversely affect our business, financial condition, results of operations and cash flows.

22. ***Our expansion into new solutions and services categories and an increase in the number of solutions and services offered by us may expose us to new challenges and more risks.***

In order to achieve our goals, we are constantly evaluating the possibilities of expanding our business through newer enhancement of existing solutions and services or introducing newer solutions and services aligned with our current expertise. Although we believe that there are synergies between our current business and our expansion plans, we may not have the depth of expertise in these new categories. Such initiatives may pose significant challenges to our administrative, financial and operational resources, and additional risks, including some of which we are not aware of. Our product expansion initiatives may require capital and other resources, as well as management attention, which could place a burden on our resources and abilities. If we cannot successfully manage our services mix, address new challenges or compete effectively, we may not be able to recover costs of our investments and eventually achieve profitability, and our future results of operations and growth prospects may be materially and adversely affected.

23. ***Certain contracts that we have entered into may have warranties that could result in liabilities in the future.***

We enter into agreements and contracts with the authorities of the State government and the Central government. There may be certain warranties in such agreements and contracts that could result in liabilities in the future. We may be unable to mitigate these risks through contractual limitations of liability, indemnities and insurance. We have not been subjected to any warranty claims in any of our contracts and any warranty claim on materials supplied by us under the aforesaid contracts have a back to back warranty protection from our suppliers. In case of malfunction of the solutions provided by us we may have to spend additional time and resources to address such issue.

24. ***We partner with large global IT solutions companies for implementing their solutions for our clients, and any adverse change in terms of business with them may impact our business and results of operations may be adversely affected.***

We have multiple alliance partnerships with global IT solutions companies and if we are unable to maintain the partnership level then we lose benefits, support and business from them. We partner with large global IT Solutions companies for implementing, testing, distributing their Cloud-Driven Digital Solutions and Digital DevOps for our clients. We do not have a permanent arrangement with these global IT solutions companies for the above activities. Also any adverse change in terms of engagement with them or their customers will impact our business and results of operations. Further, any adverse development affecting the business of these global IT solutions companies will also impact the operations of our Company and consequently the financial results of operations may be adversely affected.

25. *Increases in operational costs could adversely affect our results of operations.*

Factors such as inflation, increased employee benefit costs (by regulation or otherwise), increased rental costs, and increased energy costs may increase our operating costs. Further, to maintain our operational costs and margins, it is imperative to optimize the expansion of business operations and product portfolio. Many of the factors may also affect our vendors and channel partners, which are beyond their control. Although, there have been no such instances in the past, any future increase in the operational costs may cause such third parties to pass costs on to us and our end users by increasing prices, which would likely have an adverse effect on our business, financial condition and results of operations.

26. *Failure to perform or observe any contractual obligations could result in cancellation or non-renewal of a contract, which could cause us to experience a higher than expected number of unassigned employees and an increase in our expenses as a percentage of revenues, until we are able to reduce or reallocate our headcount and may adversely affect our business, results of operations and financial condition.*

The ability of our customers to terminate agreements makes our future revenues from operations uncertain. We may not be able to honour certain contractual obligations, which could lead to termination of agreements and further, we may not be able to replace any customer that elects to terminate or not renew its contract with us, or renew a contract with us on unfavourable terms, which could materially adversely affect our business, financial condition and results of operations.

For example, some of our customer agreements require us to maintain insurances including workers' compensation insurance, professional liability insurance and commercial general liability insurance throughout the term of such agreements, in addition to maintaining testing facilities and round-the-clock IT infrastructure support. Some of our customer contracts also require us to have non-solicitation and limited exclusivity arrangements. In addition, some of our customer agreements specify that if a change of control of our company occurs during the term of the agreement, the customer has the right to terminate the agreement. If we fail to comply with such contractual obligations in the future, our customers may terminate agreements with us. If any future event triggers any change of control provision in our customer contracts, these master services agreements may be terminated, which would result in loss of business and revenues.

27. *We have in the past experienced, and may in the future experience, a longer sales closure process and implementation cycle with respect to certain projects that require us to make significant resource commitments prior to realising revenue for our services.*

We have experienced, and may in the future experience, a longer sales closure process with respect to certain projects that require significant investment of human resources and time by both our customers and us. Before committing to use our services, potential customers may require us to invest substantial time and resources educating them on the value of our services and our ability to meet their requirements. Therefore, our sales closure process is subject to many risks and delays over which we have little or no control, including our customers' decision to choose alternatives to our services (such as other technology and IT service providers or in-house resources) and the timing of our customers' budget cycles and approval processes. If our sales cycle unexpectedly lengthens for one or more projects, it would negatively affect the timing of our revenue and hinder our revenue growth. For certain customers, we may begin work and incur costs prior to executing the contract. A delay in our ability to obtain a signed agreement or other persuasive evidence of an arrangement, or to complete certain contract requirements in a particular quarter, could reduce our revenue in that quarter or render us entirely unable to collect payment for work already performed. For more information, please see "Management's Discussion and Analysis of Financial Condition and Results of Operations – Significant Factors Affecting Results of our Operations" on page 266.

Implementing our services also involves a significant commitment of resources over an extended period of time from both our customers and us. Our customers may experience delays in obtaining internal approvals or delays associated with technology, thereby further delaying the implementation process. Our current and future customers may not be willing or able to invest the time and resources necessary to implement our services, and we may fail to close sales with potential customers to whom we have devoted significant time and resources. Any significant failure to generate revenue or delays in recognising revenue after incurring costs related to our sales or services process could materially adversely affect our business.

28. *We may not be able to recognise revenues in the period in which our services are performed, which may cause our margins to fluctuate.*

Our services are performed under both time-and-material and fixed-price contract arrangements, or a combination of both. Revenue is recognised upon transfer of control of products or services to customers to the extent of an amount that reflects the consideration that we expect to receive in exchange for these products or services.

In instances where final acceptance of the system or solution is specified by the customer, revenues are deferred until all acceptance criteria have been met. Our failure to meet all the acceptance criteria, or otherwise meet a customer's expectations, may result in our having to record the cost related to the performance of services in the period that services were rendered, but delay the timing of revenue recognition to a future period in which all acceptance criteria have been met.

29. *Our revenues are highly dependent on a limited number of industry verticals, and any decrease in demand for outsourced services in these industry verticals could reduce our revenues and materially adversely affect our business, financial condition and results of operations.*

A portion of our customers are concentrated in a few specific industry verticals: BFSI, healthcare, manufacturing, pharmaceuticals and insurance. In Fiscals 2023, 2022 and 2021, over 22% of our revenue from contract with customers came from our customers in these verticals alone. Our business growth largely depends on continued demand for our services from customers in these industry verticals.

A downturn in any of our targeted industry verticals, a slowdown or reversal of the trend to outsource IT services in any of these industries or the introduction of regulations that restrict or discourage companies from outsourcing could result in a decrease in the demand for our services and adversely affect our business, financial condition and results of operations. For example, significant consolidation in the banking and financial industries may reduce the demand for our services and negatively affect our revenues and profitability. Any decision to downsize in investment by entities engaged in these verticals or adverse regulatory environment may materially adversely affect our business, financial condition and results of operations.

External risks such as global pandemics could also adversely affect the industry verticals that we operate in. For instance, some of our customers have requested for extended payment terms due to the outbreak of Covid-19. Further, our customers may experience rapid changes in their prospects, substantial price competition and pressure on their profitability. This, in turn, may result in increasing pressure on us from customers in these key industries to lower our prices, which could materially adversely affect our business, financial condition and results of operations.

30. *We incorporate third-party open source software into our customer deliverables and our failure to comply with the terms of the underlying open source software licenses could adversely impact our customers and create potential liability on us.*

Our customer deliverables may contain software licensed by third parties under so-called "open source" licenses. From time to time, there have been claims against companies that distribute or use open source software in their products and services, asserting that such open source software infringes the claimants' intellectual property rights. Although we have not been subject to such claims in the past, we may be subject to such claims during the course of our operations. Our customers could be subject to suits by third parties claiming that what we believe to be licensed open source software infringes such third parties' intellectual property rights, and we are generally required to contractually indemnify our customers against such claims. Certain customers require us to obtain their consent before we use open source software in the services we provide them and there can be no assurance that such consents will be forthcoming.

Use of open source software may entail greater risks than use of third-party commercial software, as open source licensors generally do not provide warranties or other contractual protections regarding infringement claims or the quality of the code. In addition, certain open source licenses require that source code for software programs that are subject to the license be made available to the public and that any modifications or derivative works to such open source software continue to be licensed under the same terms.

Although we monitor our use of open source software in an effort both to comply with the terms of the applicable open source licenses and to avoid subjecting our customer deliverables to conditions we do not intend, the terms of many open source licenses have not been interpreted by courts in relevant jurisdictions, and there is a risk that these licenses could be construed in a way that could impose unanticipated conditions or restrictions on our customers' ability to use the software that we develop for them and operate their businesses as they intend. The terms of certain open source licenses may require us or our customers to release the source code of the software we develop for our customers and to make such software available under the applicable open source licenses. In the event that portions of customer deliverables are determined to be subject to an open source license, we or our customers could be required to publicly release the affected portions of

source code or re-engineer all, or a portion of, the applicable software. Disclosing our proprietary source code could allow our customers' competitors to create similar products with lower development effort and time and ultimately could result in a loss of sales for our customers. Any of these events could create liability for us to our customers and damage our reputation, which could have a material adverse effect on our revenue, business, results of operations and financial condition and the market price of our Equity Shares.

31. *We use third-party software, hardware and Software-As-A-Service (SaaS), technologies from third parties that may be difficult to replace or that may cause errors or defects in, or failures of, the services or solutions we provide.*

We rely on software and hardware from various third parties to deliver our services and solutions, as well as hosted SaaS applications from third parties. If any of these software, hardware or SaaS applications become unavailable due to extended outages, interruptions or because they are no longer available on commercially reasonable terms, it could result in delays in the provisioning of our services until equivalent technology is either developed by us, or, if available, is identified, obtained and integrated, which could increase our expenses or otherwise harm our business. Further, the third-party service providers may face closure, financial difficulty or be involved in major litigation, which may affect our access to their software and technologies. If we lose the licenses which permit us to use such software, they may be difficult to replace and it may be costly to do so. In addition, any errors or defects in or failures of this third-party software, hardware or SaaS applications could result in errors or defects in or failures of our services and solutions, which could harm our business and be costly to correct. Further, we are liable to our customers for any loss faced by them due to our use of these third party software and technologies. Many of these providers attempt to impose limitations on their liability for such errors, defects or failures, and if enforceable, we may have additional liability to our customers or third-party providers that could harm our reputation and increase our operating costs.

32. *We have in past entered into related party transactions and we may continue to do so in the future.*

As of March 31, 2023 we have entered into related party transactions with our Promoters, individuals and entities forming a part of our promoter group and our Subsidiaries relating to our operations. In addition, we have in the past also entered into transactions with other related parties. Our Company has entered into related party transactions for Fiscal 2023, 2022 and 2021. For further details, please refer to the section titled “*Financial Information – ‘Financial Information’ – Note 31 - : Notes to the Restated Consolidated Financial Statements*” beginning on page 225 While we believe that all our related party transactions have been conducted on an arm’s length basis, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future. The related party transactions entered by the Company are in compliance with the applicable provisions of Companies Act, 2013 and other applicable law.

33. *We rely on certain third-party software to conduct our business. We may face intellectual property infringement claims that could be time-consuming and costly to defend. If we fail to defend ourselves against such claims, we may lose significant intellectual property rights and may be unable to continue providing our existing services.*

Our success largely depends on our ability to use and develop our technology, tools, code, methodologies and services without infringing the intellectual property rights of third parties, including patents, copyrights, trade secrets and trademarks. We may be subject to litigation involving claims of patent infringement or violation of other intellectual property rights of third parties. We typically indemnify customers who purchase our services and solutions against potential infringement of intellectual property rights, which subjects us to the risk of indemnification claims. These claims may require us to initiate or defend protracted and costly litigation on behalf of our customers, regardless of the merits of these claims and are often not subject to liability limits or exclusion of consequential, indirect or punitive damages. If any of these claims succeed, we may be forced to pay damages on behalf of our customers, redesign or cease offering our infringing services or solutions, or obtain licenses for the intellectual property such services or solutions infringe. If we cannot obtain all necessary licenses on commercially reasonable terms, our customers may be forced to stop using our services or solutions.

The holders of patents and other intellectual property rights potentially relevant to our service offerings may make it difficult for us to acquire a license on commercially acceptable terms or at all, which could have a material adverse impact on our ability to deliver the relevant service offerings and hence on our business. Also, we may be unaware of intellectual property registrations or applications relating to our services that may give rise to potential infringement claims against us. There

may also be technologies licensed to and relied on by us that are subject to infringement or other corresponding allegations or claims by third parties which may damage our ability to rely on such technologies.

Further, our current and former employees and/or subcontractors could challenge our exclusive rights in the software they have developed in the course of their employment. In India, an employer is deemed to own the copyright in works created by its employees during the course, and within the scope, of their employment, but the employer may be required to satisfy additional legal requirements in order to make further use and dispose of such works. While we believe that we have complied with all such requirements, and have fulfilled all requirements necessary to acquire all rights in software developed by our independent contractors and/or subcontractors, these requirements are often ambiguously defined and enforced. As a result, we cannot assure that we would be successful in defending against any claim by our current or former employees, independent contractors and/or subcontractors challenging our exclusive rights over the use and transfer of works those employees, independent contractors and/or subcontractors created or requesting additional compensation for such works. In addition, our master service agreements provide that intellectual property arising out of the services we provide generally belongs to the customer and that we would be liable to such customer if any of our employees or contractors were to infringe such customer intellectual property.

34. *Our Company had incurred losses in the past. Any loss in future could adversely affect our operations and financial conditions and the trading price of our Equity Shares.*

Our Company had incurred losses in the year 2009-10 and for four Fiscals before the year 2000. This was due to relatively lower revenue from contracts with customers and higher employee benefit expense and finance costs. Any loss for the year in future could adversely affect our operations and financial conditions and the trading price of our Equity Shares.

35. *There may be potential conflict of interests between our Company and other entities promoted by our directors or Promoter Group Members/ Entities or Subsidiaries.*

Our Company is engaged in the business of IT Solutions and Services. Certain companies belonging to the Promoter Group viz., Ibotomate Private Limited and Parts2build Technologies Private Limited are engaged in similar line of business. Further, we have not executed any Non-Compete Agreement with our Directors or Promoter Group Members/ Entities to not to engage in businesses similar to that of our Company.

As a result, conflicts of interests may arise in the future in allocating business opportunities amongst our Company, Promoter Group Members/ Entities or Subsidiaries in such circumstances where our respective interests diverge. There can be no assurance that our Directors/Promoter/Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any future conflicts could have a material adverse effect on our business, results of operations and financial condition.

36. *Failure or delays in obtaining third party certifications and accreditations may cause delays in our delivery schedules and disruptions in our business which may adversely affect our business, financial condition and results of operations.*

We are required to obtain several third party certifications and accreditations in relation to our products and services. Depending on the product and requirements of our customers, we may need to obtain specific certifications from a particular agency which may not be forthcoming in a timely manner or at all. As a result, we may experience delays and disruptions in our products and services capability which may adversely affect our business, financial condition and results of operations.

37. *We are subject to laws and regulations in the United States and other countries in which we operate concerning our operations, including export restrictions, U.S. economic sanctions and the Foreign Corrupt Practices Act, or FCPA, and similar anti-bribery laws. If we are not in compliance with applicable legal requirements, we may be subject to civil or criminal penalties and other remedial measures, which could materially adversely affect our business, financial condition and results of operations.*

Our operations are subject to laws and regulations restricting our operations, including activities involving restricted countries, organisations, entities and persons that have been identified as unlawful actors or that are subject to U.S. sanctions imposed by the Office of Foreign Assets Control, or OFAC, or other international economic sanctions that prohibit us from engaging in trade or financial transactions with certain countries, businesses, organisations and individuals. We are subject to the FCPA, which prohibits U.S. companies and their intermediaries from bribing foreign officials for the purpose of obtaining or keeping business or otherwise obtaining favourable treatment, and other laws concerning our international operations. The FCPA's foreign counterparts contain similar prohibitions, although varying in both scope and jurisdiction. We operate in many parts of the world that have experienced governmental corruption to some degree, and, in certain circumstances, strict compliance with anti-bribery laws may conflict with local customs and practices.

While we have not developed and implemented formal controls and procedures to ensure that we are in compliance with the FCPA, OFAC sanctions, and similar sanctions, laws and regulations, we have not discovered any non-compliance so far. However, there can be no assurance that we will not discover any issues or violations with respect to the foregoing by us or our employees, independent contractors, subcontractors or agents of which we were previously unaware.

Any violations of these laws, regulations and procedures by our employees, independent contractors, subcontractors and agents could expose us to administrative, civil or criminal penalties, fines or restrictions on export activities (including other U.S. laws and regulations as well as foreign and local laws) and would adversely affect our reputation and the market for shares of our common stock and may require certain of our investors to disclose their investment in our company under certain state laws. If we are not in compliance with export restrictions, U.S. or international economic sanctions or other laws and regulations that apply to our operations, we may be subject to civil or criminal penalties and other remedial measures, which could materially adversely affect our business, financial condition and results of operations.

38. *We face risks associated with currency exchange rate fluctuations.*

We export our services and receive sale proceeds in foreign currency also we have foreign subsidiaries. Changes in value of currencies with respect to the Rupee may cause fluctuations in our operating results expressed in Rupees. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Any adverse or unforeseen fluctuations with respect to the exchange rate of any foreign currency for Indian Rupees may affect our company's results of operations.

39. *Employee fraud or misconduct could harm us by impairing our ability to attract and retain clients and subject us to significant legal liability and reputational harm.*

Our business is exposed to the risk of employee misappropriation, fraud or misconduct. Our employees could make improper use or disclose confidential information, which could result in regulatory sanctions and serious reputational or financial harm. While we strive to monitor, detect and prevent fraud or misappropriation by our employees, through various internal control measures, we may be unable to adequately prevent or deter such activities in all cases. While we have not been able to identify such issues in the past, there could be instances of fraud and misconduct by our employees, which may go unnoticed for certain periods of time before corrective action is taken.

In addition, we may be subject to regulatory or other proceedings, penalties or other actions in connection with any, fraud or misappropriation by our employees, which could adversely affect our goodwill, business prospects and future financial performance. We may also be required to make good any monetary loss to the affected party. Even when we identify instances of fraud and other misconduct and pursue legal recourse or file claims with our insurance carriers, we cannot assure you that we will recover any amounts lost through such fraud or other misconduct.

40. *Intellectual property rights are important to our business. Failure to get approval for intellectual property rights may adversely affect our business. We may be unable to protect them from being infringed by others, including our current and / or future competitors/employees which may adversely affect our business value, financial condition and results of operations.*

Our Company has applied for registration of our trademarks and corporate logo “” and “CANARYS” (Wordmark and Device), with the Trademarks Registry and the said applications for registration as on the date of this Prospectus.

For further details, see “*Government and Other Approvals*” on page 293 of this this Prospectus. However, there can be no assurance that said application will succeed. If our Company is unable to obtain registration or if the trademark or corporate logo that we use are registered in favour of or used by a third party in India or abroad, we may not be able to claim registered ownership of such trademark. We may still continue to use the tradename and the corporate logo but remain vulnerable to litigations, infringement and passing-off by third parties and will not be able to enforce any rights against them. We may also need to change our corporate logo which may adversely affect our reputation and business and could require us to incur additional costs. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. This may also lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our business, financial condition and results of operations. Further, if we do not maintain our brand name and identity, which is a principal factor that differentiates us from our competitors, we may not be able to maintain our competitive edge in India and abroad. If we are unable to compete successfully, we could lose our customers, which would negatively affect our financial performance and profitability. Moreover, our ability to protect, enforce or utilize our brand name is subject to risks, including general litigation risks.

Furthermore, we cannot assure you that such brand name will not be adversely affected in the future by actions that are beyond our control, including customer complaints or adverse publicity from any other source in India and abroad. Any damage to our brand name, if not immediately and sufficiently remedied, could have an adverse effect on our business and competitive position in India and abroad. Further, while we take care to ensure that we comply with the intellectual property rights of others, we cannot determine with certainty that we are not infringing any existing third-party intellectual property rights and we may also be susceptible to claims from third parties asserting infringement and other related claims in India and abroad. For further details pertaining to our intellectual property, see section titled “*Our Business*” on page 156 of this Prospectus.

41. *We have not identified a suitable location for setting up our new delivery centre in the State of Karnataka, India.*

We have not identified a suitable location for setting up our new delivery centre in the State of Karnataka, India. If we do not identify the location or there is substantial delay in identification of the location, then we may not be able to arrange for our team to be housed in appropriate location suitable to our employees which may affecting our ability in delivery of services to our customers. Further we may not be able to negotiate the location for the delivery centre on terms and conditions that are favourable to us, or at all. We may end up setting up the delivery centre at any presently available location which may compel us to shift this delivery centre to the new location as and when it is identified and this could impose additional cost for setting up delivery centre at temporary location and then for shifting the temporary delivery centre to an appropriate location. We may suffer disruption in our operation which could have a material adverse effect on our business, financial condition and results of operations. Further there can be no assurance that the new arrangement we enter into in respect of new location for the delivery centre would be on such terms and conditions favourable to the company.

42. *Our Company requires significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations.*

Our business requires significant amount of working capital and major portion of our working capital is utilized towards employee cost. Further, the execution of projects relating to water resource management solutions significant amounts of capital outlay is required towards making payments for tender costs, earnest money deposits, equipment, etc. In addition, a portion of the contract value, generally 5% or more of the value of the contract, is withheld by the client as security deposit / performance security and is released only upon the evaluation of the work or the completion date. Our working capital requirements may also increase if, in certain contracts, payment terms include reduced advance payments or payment schedules that specify payment towards the end of a project. Delays in progressive payments or release of retention money or bank guarantees from our clients may increase our working capital needs. We may also experience significant cash outflows to satisfy any indemnity and liability claims, which may cause liquidity issues, due to which we might be unable to arrange for the appropriate earnest money deposit to bid for new projects.

As per Restated Consolidated Financial Statements, our average working capital requirement was ₹ 2,520.37 Lakh, ₹ 1,529.23 Lakh and ₹ 951.58 Lakh during the Fiscal 2023, 2022 and 2021 respectively. In view of the above, we propose to utilise a portion of the Net Proceeds of this Offer amounting to ₹ 1,500.00 Lakh towards funding our working capital requirements for the Financial Years 2024 and 2025. While we believe that utilization of Net Proceeds towards funding of working capital would enable effective utilization of funds for further investment in business growth and expansion, such funding will not result in the creation of any tangible assets for our Company.

Given our growth and expansion strategies could result in an increase in the working capital requirements. If we decide to raise additional funds through the incurrence of debt, our interest and debt repayment obligations will increase, and could have a significant effect on our profitability and cash flows and we may be subject to additional covenants, which could limit our ability to access cash flows from operations. Any issuance of equity, on the other hand, could result in a dilution of your shareholding. Accordingly, continued increases in our working capital requirements may have an adverse effect on our financial condition and results of operations.

43. *Undetected software design defects, errors or failures may result in loss of or delay in market acceptance of our services or in liabilities that could materially adversely affect our business, financial condition and results of operations.*

Our software development solutions involve a high degree of technological complexity and have unique specifications which could contain design defects or software errors such as errors in coding or configuration that are difficult to detect and correct. Errors or defects may result in the loss of current customers and loss of, or delay in, revenues, loss of market share, loss of customer data, a failure to attract new customers or achieve market acceptance, diversion of development resources and increased support or service costs. We cannot assure you that, despite testing by us and our customers, errors will not be found in new software product development solutions, which could result in litigation and other claims for damages against us and thus could materially adversely affect our business, financial condition and results of operations.

44. Our inability to receive or renew the necessary licenses, approvals and registrations in a timely manner or at all may lead to interruption of our Company's operations.

Our business is subject to government regulations and we require certain approvals, licenses, registrations and permissions for operating our business. We believe that our units have the required permits and agreements, and that they also meet the required reporting and control requirements. For further details, see section titled “Government and Other Approvals” on page 293.

Further, in future we will be required to apply for the renewal of approvals and permits for our business operations to continue. If we are unable to make applications and renew or obtain necessary permits, licenses and approvals on acceptable terms, in a timely manner or at all, we may be required to shut down or relocate our offices or warehouses and face other consequences due to which our business operations may be adversely affected. Changes in legislation and current regulations entailing stricter requirements and changes in conditions in terms of health, safety and environment or progress towards a stricter official application of legislation and regulations may require additional investment and lead to higher costs and other undertakings which may impact our business and operations.

45. Industry information included in this Prospectus has been derived from third party websites and sources.

Periodic renewals of such lease may increase our costs, since it is subject to rent escalation. Any termination of the lease and/or rental deed in connection with this property or our failure to renew the same, and upon favourable conditions, in a timely manner or at all could adversely affect our operations.

If any such lease agreement under which we occupy the premises is not renewed on terms and conditions that are favourable to us, or at all, we may suffer a disruption in our operation which could have a material adverse effect on our business, financial condition and results of operations. If we do not comply with certain conditions of the lease, the lessor may terminate the lease, which could have an adverse effect on our operations and there can be no assurance that renewal of lease agreement with the owner will be entered into. In the event of non-renewal of lease, we may be required to shift our office to a new location and there can be no assurance that the arrangement we enter into in respect of new premises would be on such terms and conditions as the present one. For more details on properties taken on lease by our Company, please refer section titled “*Our Business*” beginning on page 156 of the Red Herring Prospectus

47. *Data networks are vulnerable to attacks, unauthorised access and disruptions. Losses or liabilities that are incurred as a result of any of the foregoing could materially adversely affect our business, financial condition and results of operations.*

Data networks are also vulnerable to attacks, unauthorised access and disruptions. For example, in a number of public networks, hackers have bypassed firewalls and misappropriated confidential information, including personally identifiable information. It is possible that, despite existing safeguards, an employee could misappropriate our customers’ proprietary information or data, exposing us to a risk of loss or litigation and possible liability.

In such cases, if our services cause disruptions to our customers’ businesses or result in us providing inadequate service, our customers may have claims for substantial damages against us, which could materially adversely affect our business, financial condition and results of operations. If our IT professionals (including the contract workers we hire) make errors in the course of delivering services to our customers or fail to consistently meet service requirements of a customer, these errors or failures could disrupt the customer’s business, which could result in a reduction in our revenues or a claim for substantial damages against us. In addition, a failure or inability to meet a contractual requirement could seriously damage our reputation and affect our ability to attract new business.

Our computer networks may be vulnerable to unauthorised access, computer hackers, computer viruses, worms, malicious applications and other security problems caused by unauthorised access to, or improper use of, systems by third parties or employees. Although we have not experienced such attacks in the past, we cannot assure you that our security systems in place can prevent any such attacks in the future or that we will be able to handle such attacks effectively. A hacker who

circumvents security measures could misappropriate proprietary information, including personally identifiable information, or cause interruptions or malfunctions in our operations. Further, computer attacks or disruptions may jeopardise the security of information stored in and transmitted through our computer systems. Actual or perceived concerns that our systems may be vulnerable to such attacks or disruptions may deter our customers from using our solutions or services. As a result, we may be required to expend significant resources to protect against the threat of these security breaches or to alleviate problems caused by these breaches.

The services we provide are often critical to our customers' businesses. Certain of our customer contracts require us to comply with security obligations including maintaining network security and backup data, ensuring our network is virus-free, maintaining business continuity planning procedures, and verifying the integrity of employees that work with our customers by conducting background checks. Any failure in a customer's system or breach of security relating to the services we provide to the customer could damage our reputation or result in a claim for substantial damages against us. Any significant failure of our equipment or systems, or any major disruption to basic infrastructure like power and telecommunications in the locations in which we operate, could impede our ability to provide services to our customers, have a negative impact on our reputation, cause us to lose customers, and materially adversely affect our business, financial condition and results of operations.

Under our contracts with our customers, our liability for breach of our obligations is in some cases limited pursuant to the terms of the contract. Such limitations may be unenforceable or otherwise may not protect us from liability for damages. In addition, certain liabilities, such as claims of third parties for which we may be required to indemnify our customers, are generally not limited under our contracts. The successful assertion of one or more large claims against us in amounts greater than those covered by our current insurance policies could materially adversely affect our business, financial condition and results of operations. Even if such assertions against us are unsuccessful, we may incur reputational harm and substantial legal fees.

48. *We are dependent on our Promoters and Directors for the execution of our business strategy. We are also dependent on a number of Key Managerial Personnel and our senior management, and the loss of, or our inability to attract or retain such persons could adversely affect our business, results of operations and financial condition.*

We are highly dependent on the continued contributions and customer relationships of our Promoters and Directors. Our promoters Our promoters Mr. Metikurke Ramaswamy Raman Subbarao, Mr. Danavadi Krishnamurthy Arun, Mr. Raghu Chandrashekhariah, Mr. Sheshadri Yedavanahalli Srinivas, Mr. Pushparaj Shetty and Mr. Nagaraju Vineeth are responsible for the execution of our business strategy and have been actively involved in the day-to-day operations and management since the incorporation of the Company. If our Promoters and Directors are unable or unwilling to continue in their present position, we may not be able to replace them easily or at all. The loss of their services could impair our ability to implement our strategy, and our business, financial condition, results of operations and prospects may be materially and adversely affected.

Our performance also depends largely on the efforts, expertise and abilities of our Key Managerial Personnel, senior management, and our operational personnel who possess significant experience in the industry in which we operate. Our Key Management Personnel, Company Secretary is associated with the Company for a period of less than one year therefore they may not have been accustomed to the company affairs till date. We believe that the inputs and experience of our KMP and senior management, in particular, and other key personnel are valuable for the development of our business, operations and the strategic directions taken by our Company. We cannot assure you that these individuals or any other member of our senior management team will not leave us or join a competitor or that we will be able to retain such personnel or find adequate replacements in a timely manner, or at all. We may require a long period of time to hire and train replacement personnel when qualified personnel terminate their employment with our Company. Moreover, we may be required to substantially increase the number of our qualified personnel in connection with any future growth plans, and we may face difficulty in doing so due to the intense competition in the technology industry for such personnel. We may also be required to increase our levels of employee compensation more rapidly than in the past in order to remain competitive in retaining our workforce.

49. *There are certain discrepancies/errors noticed in some of our corporate records relating to forms filed with the Registrar of Companies and other provisions of Companies Act, 2013.*

Our company has missed on compliance with certain statutory provisions in the past including but not limited to the details as mentioned in this risk factor. There are few discrepancies noticed in some of our corporate records relating to forms filed and adhering with the provisions of SS-1 and SS-2 of the Companies Act, 2013, however upon identifying such non-compliance, the company has rectified and started complying with the provisions of SS-1 and SS-2 of companies act 2013. There were discrepancies in the following forms filed:

Form	Discrepancy	Steps for rectification, if any
MGT-14	Inadequate disclosure given in the attachments to the Form.	The non-compliance being not material, no rectification steps were required.

Form-2	Inadequate disclosure given in the attachments to the Form.	The non-compliance being not material, no rectification steps were required.
--------	---	--

Any penalty or action taken by any regulatory authority in future for non-compliance with provisions of corporate and other law could impact financial position of the company to that extent.

50. *We have had certain inaccuracy in relation to regulatory filings and our company has made non-compliances of certain provision under applicable law.*

We have delayed in filing of GST Returns and depositing the EPF with the concerned offices of the departments on few instances and have accordingly been subjected to penalty and interest for delayed deposit of tax. While no- show cause notice has been issued against our Company till date, in the event of any cognizance being taken by the concerned authorities in respect of above errors and delays in filings, actions may be taken against our Company and its directors, which could impact our business and financial performance.

51. *Any deficiency in our solutions and services could make our Company liable for customer claims, which in turn could affect our Company's results of operations.*

Our Company is bound by the terms and conditions as contained in the contract with customers. There are no specific regulations governing the supply of the same, other than the general law of contracts. Any claims made by customers for deficiency in our solutions and services, would be subject to these terms and conditions, which are in the nature of normal contractual obligations in India. Any violation of these obligations could impact our Company's results of operations.

52. *We face competition from onshore and offshore IT services companies, and increased competition, our inability to compete successfully against competitors, pricing pressures or loss of market share could materially adversely affect our business, financial condition and results of operations.*

The market for IT services that we operate in is highly competitive, and we expect competition to persist and intensify. We believe that the principal competitive factors in our markets are reputation and track record, industry expertise, breadth and depth of service offerings, quality of the services offered, language, marketing and selling skills, scalability of infrastructure, ability to address customers' timing requirements and price.

We face competition from offshore IT services providers in emerging outsourcing destinations with low wage costs or with a more favourable time zone for US customers as well as competition from large, global consulting and outsourcing firms and in-house IT departments of large corporations. Customers tend to engage multiple IT services providers instead of using an exclusive IT services provider, which could reduce our revenues to the extent that customers obtain services from other competing IT services providers. Customers may prefer IT services providers that have more locations or that are based in countries more cost-competitive or in a more favourable time zone than India.

Our ability to compete successfully also depends in part on a number of factors beyond our control, including the ability of our competitors to recruit and retain highly-skilled IT professionals, the price at which our competitors offer comparable services and our competitors' responsiveness to customer needs. Some of our present and potential competitors may have substantially greater financial, marketing or technical resources. If our competitors develop and implement methodologies that yield greater efficiency and productivity, they may be able to offer similar services at lower prices than we do without adversely affecting their profit margins. Our current and potential competitors may also be able to respond more quickly to new technologies or processes and changes in customer demands; may be able to devote greater resources towards the development, promotion and sale of their services than we can; and may also make strategic acquisitions or establish cooperative relationships among themselves or with third parties that increase their ability to address the needs of our customers. Buying patterns may change if customers become more price sensitive and accepting of low-cost suppliers. Therefore, we cannot assure you that we will be able to retain our customers while competing against such competitors. Increased competition, our inability to compete successfully, pricing pressures or loss of market share could have a material adverse effect on our business, financial condition and results of operations.

53. *We may not be able to successfully manage the growth of our business if we are unable to maintain adequate internal systems, processes and controls*

We have experienced considerable growth over the past three years and we have expanded our operations and product portfolio. Our total revenue grew at a CAGR of 43% between Fiscals 2021 and 2023, while our restated profit after tax grew at a CAGR of 59.49% between Fiscals 2021 and 2023.

We cannot assure you that our growth strategies will continue to be successful or that we will be able to continue to expand further, or at the same rate.

Our inability to execute our growth strategies in a timely manner or within budget estimates or our inability to meet the expectations of our customers and other stakeholders, could have an adverse effect on our business, results of operations and financial condition. Our future prospects will depend on our ability to grow our business and operations. Further, in order to manage our growth effectively, we must implement, upgrade and improve our operational systems, procedures and internal controls on a timely basis. While there have been no such instances in the past, however, if we fail to implement these systems, procedures and controls on a timely basis, or if there are weaknesses in our internal controls that would result in inconsistent internal standard operating procedures, we may not be able to meet our customers' needs, hire and retain new employees or operate our business effectively. Failure to manage growth effectively could adversely affect our business and results of operations.

54. *Brand recognition is important to the success of our business, and our inability to build and maintain our brand names will harm our business, financial condition and results of operation*

Brand recognition is important to the success of our business. Establishing and maintaining our brand name in the industry or for people relying on products is critical to the success of our customer acquisition strategy and for the continued growth of our business. Although, we expect to allocate significant number of resources, financial and otherwise, on establishing and maintaining our brands, no assurance can be given that our brand names will be effective in attracting and growing our user and client base or that such efforts will be cost-effective, which may negatively affect our business, financial condition and results of operations.

55. *Our Promoters and members of the Promoter Group have significant control over the Company and have the ability to direct our business and affairs; their interests may conflict with your interests as a shareholder.*

Upon completion of the Issue, our Promoter and Promoter Group will own 56.57% of the Post-Issue Equity Share capital of the Company. As a result, the Promoter and Promoter Group will have the ability to exercise significant influence over all matters requiring shareholders' approval, including the election of directors and approval of significant corporate transactions. The Promoter and Promoter Group will also have an effective veto power with respect to any shareholder action or approval requiring a majority vote. Such concentration of ownership may also have the effect of delaying, preventing or deterring a change in control. For further details of Promoter's shareholding, please refer section titled "Capital Structure" beginning on Page 82 of Red Herring Prospectus.

56. *Our Promoters/Directors have given personal guarantees and properties in relation to certain debt facilities provided to our Company by our lender. In event of default of the debt obligations, the personal guarantees may be invoked thereby adversely affecting our Promoter's ability to manage the affairs of our Company and our Company's profitability and consequently this may impact our business, prospects, financial condition and results of operations*

Some of the debt facilities provided to our Company by our lenders stipulate that the facility shall be secured by a personal guarantee and properties of our Promoters/ Directors. In event of default on the debt obligations, the personal guarantees and properties may be invoked thereby adversely affecting our Promoters/ Directors ability to manage the affairs of our Company and consequently this may impact our business, prospects, financial condition and results of operations.

Further, in an event our Promoters/ Directors withdraws or terminates his/their guarantee/s or security, the lender for such facilities may ask for alternate guarantee/s or securities or for repayment of amounts outstanding under such facilities or even terminate such facilities. We may not be successful in procuring guarantee/s or collateral securities satisfactory to the lender and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could adversely affect our financial condition. For more information, please see the section titled "Financial Information" beginning on page 225 of Red Herring Prospectus.

57. *The unsecured loan availed by our Company from a related party may be recalled at any given point of time.*

Our Company has been availing unsecured loans from time to time. The total outstanding unsecured loan as on March 31, 2023 amounts to ₹ 543.70 Lakh as per Restated Consolidated Financial Statement. Although there are no terms and condition prescribed for repayment of unsecured loan from related parties which can be recalled at any given point of time during ordinary course of business and thus may affect the business operations and financial performance of our Company. For further details regarding loans availed by our Company, please refer “*Financial Information*” on page 225 of this Prospectus.

58. *Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.*

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. Our business is working capital intensive and we are required to obtain consents from certain of our lenders prior to the declaration of dividend as per the terms of the agreements executed with them. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements in respect of our operations, financial condition and results of operations. Our Company has not declared dividends in the past and there can be no assurance that our Company will declare dividends in the future. For further details, please refer to the section titled “*Financial Indebtedness*” and the section titled “*Dividend Policy*” on pages and 223 respectively, of this Prospectus.

59. *We have issued equity shares (excluding Bonus issue) during the last 12 months at a price which may be below the Issue Price*

We have issued certain Equity shares (excluding Bonus issue) in the last 12 months at a price which may be lower than the Offer Price. Details of such issuances are given in the table below:

Date of Allotment	Number of Equity Shares	Face Value (in ₹)	Offer Price (in ₹)	Reason for Allotment
July 18, 2023	2,08,000	2	25	Conversion of 10% of optionally convertible Preference Shares into Equity in accordance with the terms of the issue

60. *Our Subsidiaries and Joint Venture have incurred losses in the past.*

Our Subsidiaries and Joint Venture has incurred losses in the past, details of which are as under:

Name of Subsidiary and Joint Venture	Nature of entity	Profit/Loss		
		March 31, 2023	March 31, 2022	March 31, 2021
Canarys-Hanuka Apo Technologies Private Limited	Joint Venture	(135.95) Lakhs	205.23 Lakhs	NA
Canarys APAC Pte Ltd	WOS	(0.56) Lakhs	(0.46) Lakhs	(0.88) Lakhs

There can be no assurance that our Subsidiaries will not incur losses in any future periods, or that there will not be an adverse effect on our reputation or business as a result of such losses. Such losses incurred by our Subsidiaries may be perceived adversely by external parties such as customers, bankers, and suppliers, which may affect our reputation, please refer to disclosures on Subsidiaries of our Company in Section titled “*History And Certain Other Corporate Matters*” beginning on page 182 of this Prospectus.

61. *The agreements executed by our Company with lenders for financial arrangements contain restrictive covenants for certain activities and if we are unable to get their approval, it might restrict our scope of activities and impede our growth plans*

We have entered into agreements for our borrowings with certain lenders. These borrowings include secured fund based and non-fund based facilities. These agreements include restrictive covenants which mandate certain restrictions in terms of our business operations such as change in capital structure, formulation of any scheme of amalgamation or reconstruction, declaring dividends, further expansion of business, granting loans to directors, repaying loans, undertake guarantee obligations on behalf of any other borrower, which require our Company to obtain prior approval of the lenders for any of the above activities. We cannot assure you that our lenders will provide us with these approvals in the future. For details of these restrictive covenants, please refer to section titled — “*Financial Indebtedness*” on 283 of this Prospectus.

62. There are outstanding legal proceedings involving our Company. Any adverse decision in such proceeding may have a material adverse effect on our business, results of operations and financial condition.

We are involved in certain legal proceedings which are pending at different levels of adjudication before various courts, tribunals, enquiry officers, and appellate authorities. We cannot provide assurance that these legal proceedings will be decided in our favour. Any adverse decisions in any of the proceedings may have a significant adverse effect on our business, results of operations, cash flows and financial condition. The contingent liability in respect of the tax litigation against the our Company have been disclosed in the section titled “*Restated Consolidated Financial Statements*” – “*Details of Contingent Liabilities & Commitments as Restated*” on 225 of this Prospectus.

A summary of the pending civil and other proceedings involving our Company is provided below:

*This is as per the original order from Income Tax Authorities.

63. Our Company has a negative cash flow in its operating activities in previous three financial years details of which are given below.

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans, and make new investments without raising finance from external resources. Our Company had negative cash flows from our operating activities as per the Restated Consolidated Financial Statements and the same are summarized as under:

Particulars	March 31, 2023	March 31, 2022	March 31, 2021
Net cash from / (used in) Operating Activities	(619.25)	(265.10)	(160.23)
Net cash from / (used in) Investing Activities	(178.15)	25.83	(138.03)
Net cash from / (used in) Financing Activities	459.80	846.46	563.83
Net increase/(decrease) in cash and cash equivalents	700.28	1,037.88	430.69

For further details on our cash flows, see the section titled “*Management’s Discussion and Analysis of Financial Condition and Result of Operation*” on beginning on page 266 of this Prospectus. If we are not able to generate sufficient cash flows in future, it may adversely affect our business and financial operations.

64. Our Company’s management will have flexibility in utilizing the Net Proceeds, subject to certain approvals. There is no assurance that the Objects of the Issue will be achieved within the timeframe expected or at all, or that the deployment of the Net Proceeds in the manner intended by us will result in any increase in the value of your investment. Further, the funding plan has not been appraised by any bank or financial institution.

Our Company intends to use the Net Proceeds for (i) Funding of expenditure relating to solutions development for digital transformation and water resources management solutions; (ii) Creation of new delivery centre including infrastructure thereof and upgrading existing facilities; (iii) Funding working capital requirements of our Company; and (iv) general corporate purposes. For details, see “*Objects of the Issue*” on page 117. The funding plans are based on management estimates and such fund requirements and intended use of proceeds have not been appraised by any bank or financial institution. The management of our Company will have discretion to use the Net Proceeds, and investors will be relying on the judgment of our Company’s management regarding the application of the Net Proceeds. Our Company may have to revise its management estimates from time to time on account of various factors, including factors beyond its control such as market conditions

Further, pursuant to Sections 13(8) and 27 of the Companies Act, 2013, any variation in the objects would require a special resolution of the Shareholders in a general meeting and the Promoters or controlling Shareholders will be required to provide an exit opportunity to the Shareholders who do not agree to such proposal to vary the objects, in accordance with the SEBI ICDR Regulations.

65. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency*

Since, the Issue size is less than ₹10,000 Lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The funds raised from this Issue, will be deployed as defined in the Objects. For further details, please refer to the section titled “*Objects of the Issue*” beginning on page 117 of this Prospectus. The fund requirement and deployment mentioned in the Objects of the Issue is based on internal management estimates and have not been appraised by any bank or financial institution. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials. However, our Audit Committee will monitor the utilization of the proceeds of this Issue and prepare the statement for utilization of the proceeds of this Issue. Also, in accordance with Section 27 of the Companies Act, 2013, a company shall not vary the objects of the Issue without the Company being authorized to do so by our shareholders by way of special resolution and other compliances as applicable in this regard. Our Promoters and controlling shareholders shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI in this regard.

66. *We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. Further we have not identified any alternate source of financing the Objects of the Issue. Any shortfall in raising / meeting the same could adversely affect our growth plans, business operations and financial condition*

As on date of this Prospectus, we have not made any alternate arrangements for meeting our capital requirements for some of the objects of the Issue. We meet our capital requirements through, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Issue or any shortfall in the Issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the section titled “*Objects of the Issue*” beginning on page 117 of this Prospectus.

67. *We may need to seek additional financing in the future to support our growth strategies. Any failure to raise additional financing could have an adverse effect on our business, results of operations, financial condition and cash flows*

Our strategy to grow our business may require us to raise additional funds for our working capital or long-term business plans. While we have historically funded our capital expenditure primarily through internal accruals, bank credit facilities and cash flow from operations, we cannot assure you that we will have sufficient capital resources for our current operations or any future expansion plans that we may have. If our internally generated capital resources and available credit facilities are insufficient to finance our capital expenditure and growth plans, we may, in the future, have to seek additional financing from third parties, including banks, venture capital funds, joint-venture partners and other strategic investors. Our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to our raising capital in this manner. If we decide to meet our capital requirements through debt financing, we may be subject to certain restrictive covenants. Our financing agreements may contain terms and conditions that may restrict our ability to operate and manage our business, such as terms and conditions that require us to maintain certain pre-set debt service coverage ratios and leverage ratios and require us to use our assets, including our cash balances, as collateral for our indebtedness. If we are unable to obtain such financing in a timely manner, at a reasonable cost and on acceptable terms or at all, we may be forced to delay our expansion plans, downsize or abandon such plans, which may materially and adversely affect our business, financial condition and results of operations, as well as our future prospects.

68. *In addition to the existing indebtedness our Company, may incur further indebtedness during the course of business.*

As on March 31, 2023 the total fund based indebtedness of our Company is ₹ 392.27 Lakhs. In addition to the indebtedness for the existing operations, our Company may incur further indebtedness during the course of the business. We cannot assure you that our Company will be able to obtain further loans at favourable terms. Increased borrowings, if any, may adversely affect our debt-equity ratio and our ability to borrow at competitive rates. In addition, we cannot assure you that the budgeting of our working capital requirements for a particular year will be accurate. There may be situations where we may under-budget our working capital requirements, which may lead to delays in arranging additional working capital requirements, loss of reputation, levy of liquidated damages and can cause an adverse effect on our cash flows.

We have not defaulted in our loans. However, any failure to service the indebtedness of our Company or otherwise perform our obligations under our financing agreements entered with our lenders or which may be entered into by our Company,

could trigger cross default provisions, penalties, acceleration of repayment of amounts due under such facilities which may cause an adverse effect on our business, financial condition and results of operations. For details of our indebtedness, please refer to the section titled — “*Financial Indebtedness*” on page 283 of this Prospectus.

69. *Our future fund requirements, in the form of further issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the Shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing Shareholders and such issuance may be done on terms and conditions, which may not be favorable to the then existing Shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

ISSUE SPECIFIC RISKS

1. *The Equity Shares have never been publicly traded and the Issue may not result in an active or liquid market for the Equity Shares. Further, the price of the Equity Shares may be volatile, and the investors may be unable to resell the Equity Shares at or above the Issue Price, or at all.*

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the stock exchanges may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in, developments relating to India and volatility in the Stock Exchange and securities markets elsewhere in the world.

2. *There is no guarantee that our Equity Shares will be listed on the Stock Exchanges in a timely manner or at all.*

In accordance with Indian law and practice, permission to list the Equity Shares will not be granted until after the Equity Shares have been issued and allotted. Approval will require all other relevant documents authorizing the issuing of our Equity Shares to be submitted. There could be a failure or delay in listing our Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

3. *There are restrictions on daily/weekly/monthly movements in the price of the Equity Shares, which may adversely affect a shareholders' ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Once listed, we would be subject to circuit breakers imposed by all stock exchanges in India, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on circuit breakers is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchanges do not inform us of the percentage limit of the circuit breaker in effect from time to time and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

4. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.*

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including: a. Volatility in the Indian and global capital market; b. Company's results of operations and financial performance; c. Performance of Company's competitors; d. Adverse media reports on Company or pertaining refurbished IT products; e. Changes in our estimates of performance or recommendations by financial analysts; and f. Significant developments in India's economic and fiscal policies. Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

5. *You will not be able to sell immediately on Stock Exchange any of the Equity Shares you purchase in the Issue until the Issue receives appropriate trading permissions.*

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. We cannot assure you that the Equity Shares will be

credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in the Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with section 40 of the Companies Act, 2013, in the event that the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

6. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity shares after the issue.*

The Issue price of our equity Shares has been determined by book build method. This price is based on numerous factors and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuation after the issue and may decline below the issue price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue price. For further details you may refer section titled "*Basis for Issue Price*" beginning on the page 133 of Red Herring Prospectus. Some of the factors which may affect our share price without limitations are as follows:

- Reports on research by analysts.
- Changes in revenue.
- Variations in growth rate of our financial indicators such as earning per share, income, profit etc.
- General Market Condition
- Domestic and International Economy.

7. *Sale of Equity Shares by our Promoter or other significant shareholder(s) in future may adversely affect the Trading price of the Equity Shares.*

Any instance of disinvestments of equity shares by our Promoter or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

8. *Any future issuance of Equity Shares, or convertible securities or other equity linked instruments including by us may dilute your shareholding and sale of Equity Shares by shareholders with significant shareholding may adversely affect the trading price of the Equity Shares.*

We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including a primary offering of Equity Shares, convertible securities or securities linked to Equity Shares including through exercise of employee stock options, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our shareholders may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of our Equity Shares. There can be no assurance that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that our Shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

We may be required to finance our growth through future equity offerings. 9. *Past experience of our Book Runner Lead Manager in Handling Initial Public offerings (IPOs)*

Our Book Running Lead Manager has limited experience in handling initial public offerings (IPOs). While the merchant banker has successfully managed a few IPOs previously, it is important to note that their track record is relatively limited compared to more established and experienced merchant bankers in the industry.

The lack of extensive experience in handling IPOs may pose certain risks and challenges during the process. The success of an IPO depends on various factors, including effective marketing, accurate valuation, thorough due diligence, and regulatory compliance. Inexperienced handling of these crucial aspects could potentially result in delays, inefficiencies, or suboptimal outcomes for the IPO.

Furthermore, due to limited experience, the BRLM may have a narrower network of potential investors and may face challenges in attracting a diverse range of institutional and retail investors. This could impact the demand for our shares and potentially affect the overall success of the IPO.

For further details you may refer section titled “*Other Regulatory And Statutory Disclosures*” beginning on the page 298 of Red Herring Prospectus.

EXTERNAL RISKS

- 1. The continuing impact of the COVID-19 pandemic on our business and operations is uncertain and it may be significant and continue to have an adverse effect on our business, operations and our future financial performance.***

An outbreak of COVID-19 was recognized as a pandemic by the WHO on March 11, 2020. In response to the COVID-19 outbreak the governments of many countries, including India, had taken and may continue to take preventive or protective actions, such as imposing country-wide lockdowns, restrictions on travel and business operations and advising or requiring individuals to limit time spent outside of their homes. Temporary closures of businesses were ordered, and numerous other businesses were temporarily closed on a voluntary basis as well. For most of Fiscal 2021, the COVID-19 pandemic caused widespread and prolonged lockdowns throughout India. The nationwide lockdown in India during March and April 2020 resulted in the full closure of economic activity (except for essential services) for four weeks in Fiscal 2021,

Further, the lockdown was again imposed by the government in some parts of India during April 2021, which was partially relaxed in June 2021, during this lockdown although we have continued with our business, the execution of our business operations was delayed by few weeks. We cannot predict the degree to, or the time period over, which our business will be affected by the COVID-19 outbreak. If the COVID-19 pandemic persists, whether through the outbreak of new virus strains or otherwise, further lockdowns and travel disruptions may occur, factory closures may be required, and we may experience lower economic activity levels. There are numerous uncertainties associated with the COVID-19 outbreak and associated disruptions to economic activity, including impact on our resources, customers, suppliers and other business partners, and each of their financial conditions; however, any material effect on these parties could adversely impact us.

- 2. Anti-outsourcing legislation, if adopted in the countries where our customers are based, could materially adversely affect our business, financial condition and results of operations and impair our ability to service our customers.***

The issue of companies outsourcing services to organisations operating in other countries is a topic of political discussion in many countries, including the United States, which is our largest source of revenue from contracts with customers. Many organisations and public figures in the United States and Europe have publicly expressed concern about a perceived association between offshore outsourcing IT services providers and the loss of jobs in their home countries. For example, measures aimed at limiting or restricting outsourcing by U.S. companies are periodically considered in Congress and in numerous state legislatures to address concerns over the perceived association between offshore outsourcing and the loss of jobs in the United States. A number of U.S. states have passed legislation that restricts state government entities from outsourcing certain work to offshore IT services providers. Given the on-going debate over this issue, the introduction and consideration of other restrictive legislation is possible. If enacted, such measures may broaden restrictions on outsourcing by federal and state government agencies and on government contracts with firms that outsource services directly or indirectly, impact private industry with measures such as tax disincentives or intellectual property transfer restrictions, and/or restrict the use of certain business visas. In the event that any of these measures becomes law, our ability to service our customers could be impaired and our business, financial condition and results of operations could be materially adversely affected.

In addition, from time to time, there has been publicity about negative experiences associated with offshore outsourcing, such as theft and misappropriation of sensitive customer data. Current or prospective customers may elect to perform certain services themselves or may be discouraged from transferring services from onshore to offshore IT services providers to avoid negative perceptions that may be associated with using an offshore IT services provider. Any slowdown or reversal of the existing industry trends toward offshore outsourcing would seriously harm our ability to compete effectively with competitors that provide services from within the country in which our customers operate.

- 3. Restrictions on immigration or work permits may affect our ability to compete for and provide services to customers in the United States, Europe, Asia Pacific or other countries, which could hamper our growth and adversely affect our business, results of operations and financial condition. We also face risks from our employees' time at customer facilities in foreign jurisdictions.***

The vast majority of our employees are Indian nationals. Some of our projects require a portion of the work to be undertaken at our customers' facilities which may be located outside India. In order for our employees to work in the United States, Europe, Asia Pacific and other countries outside India they must obtain the necessary visas and work permits. Historically, the process for obtaining visas for Indian nationals to certain countries, including the United States and Europe, has been lengthy and cumbersome. Immigration laws in the United States and in other countries are subject to legislative change, as

well as to variations in standards of application and enforcement due to political forces and economic conditions. Recent restrictions on the issuance of employment visas imposed by the United States mean that we may be unable to obtain new visas for our employees to work in the United States in timely manner as of the date of this Prospectus. This could hamper our growth and adversely affect our business, results of operations and financial condition.

Any further changes in existing laws or the enactment of new legislation imposing restrictions on the deployment of work visa holders at customer locations could adversely impact our ability to do business in the jurisdictions in which we have customers. It is difficult to predict the political and economic events that could affect immigration laws (which are subject to continuous change), or the restrictive impact they could have on obtaining or maintaining business visas for our employees. Our reliance on visas for a number of employees makes us vulnerable to such changes and variations and may affect staffing decisions on projects abroad. We may not be able to obtain a sufficient number of visas for our employees or we may encounter delays or additional costs in obtaining or maintaining such visas in which case we may not be able to provide services to our customers on a timely and cost-effective basis or manage our sales and delivery centres as efficiently as we otherwise could. Any of these developments could lead to higher costs or loss of a particular project or cancellation of a new work order thereby materially adversely affecting our business and results of operations and financial condition.

In addition, we may be subject to taxation in such jurisdictions where we would not otherwise be so subject as a result of the amount of time that our employees spend in any such jurisdiction in any given year. While we seek to monitor the number of days that our employees spend in each country to avoid subjecting ourselves to any such taxation, there can be no assurance that we will be successful in these efforts.

4. *Changing laws, rules and regulations and legal uncertainties, including adverse application or interpretation of corporate laws, may adversely affect our business, prospects and results of operations.*

The regulatory and policy environment in which we operate is evolving and subject to change. Our business and financial performance could be adversely affected by unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to us and our business. Our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. Any political instability in the countries in which we operate, such as corruption, scandals and protests against certain economic reforms, which have occurred in the past, could slow the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well.

The GoI has passed new laws relating to social security, occupational safety, industrial relations and wages namely, the Code on Social Security, 2020 (“Social Security Code”), the Occupational Safety, Health and Working Conditions Code, 2020, the Industrial Relations Code, 2020 and the Code on Wages, 2019, which consolidate, subsume and replace numerous existing central labour legislations, were to take effect from April 1, 2021 (collectively, the “Labour Codes”). The GoI has deferred the effective date of implementation of the respective Labour Codes, and they shall come into force from such dates as may be notified. Different dates may also be appointed for the coming into force of different provisions of the Labour Codes. While the rules for implementation under these codes have not been finalized, as an immediate consequence, the coming into force of these codes could increase the financial burden on our Company, which may adversely impact our profitability. For instance, under the Social Security Code, a new concept of deemed remuneration has been introduced, such that where an employee receives more than half (or such other percentage as may be notified by the Central Government) of their total remuneration in the form of allowances and other amounts that are not included within the definition of wages under the Social Security Code, the excess amount received shall be deemed as remuneration and accordingly be added to wages for the purposes of the Social Security Code and the compulsory contribution to be made towards the employees’ provident fund.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. For instance, the Supreme Court of India has, in a decision clarified the components of basic wages, which need to be considered by companies while making provident fund payments. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects.

5. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.*

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology

sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

6. *Financial instability in Indian Financial Markets could adversely affect our Company's results of operation and financial condition.*

In this globalized world, the Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, say in the United States of America, Europe, China or other emerging economies, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil. Any prolonged financial crisis may have an adverse impact on the Indian economy, thereby resulting in a material and adverse effect on our Company's business, operations, financial condition, profitability and price of its Shares. Stock exchanges in India have in the past experienced substantial fluctuations in the prices of listed securities.

7. *You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws and regulations, capital gains arising from the sale of equity shares in an Indian Company are generally taxable in India. Any gain on the sale of shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if the securities transaction tax ("STT") has been paid on the transaction. The STT will be levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain on the sale of shares held for more than 12 months to an Indian resident, which are sold other than on a stock exchange and as a result of which no STT has been paid, will be subject to long term capital gains tax in India. Further, any gain on the sale of shares held for a period of 12 months or less will be subject to capital gains tax in India. Further, any gain on the sale of listed equity shares held for a period of 12 months or less which are sold other than on a stock exchange and on which no STT has been paid, will be subject to short term capital gains tax at a relatively higher rate as compared to the transaction where STT has been paid in India. In Finance Bill 2017, section 10(38) was amended to provide that exemption under this section for income arising on transfer of equity share acquired on or after 1st day of October 2004 shall be available only if the acquisition of share is chargeable to Securities Transactions Tax (STT) under Chapter VII of the Finance (No 2) Act, 2004. In case this provision becomes effective, sale shares acquired on or after 1st day of October 2004 on which STT was not charged will attract tax under provisions of Long-Term Capital Gains.

As per Finance Bill 2018, exemption under section 10(38) for income arising from long term gains on transfer of equity share shall not be available on or after 1st day of April 2018 if the long-term capital gains exceeds ₹ 1,00,000/- p.a. Such income arising from long term gains on transfer of equity share on or after 1st day of April 2018 in excess of ₹ 1,00,000/- p.a. shall be chargeable at the rate of 10%. Capital gains arising from the sale of shares will be exempt from taxation in India in cases where an exemption is provided under a tax treaty between India and the country of which the seller is a resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdictions on gains arising from a sale of the shares subject to relief available under the applicable tax treaty or under the laws of their own jurisdiction.

8. *Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements, prepared and presented in accordance with SEBI ICDR Regulations contained in Red Herring Prospectus.*

As stated in the reports of the Auditor included in Red Herring Prospectus under section "Restated Consolidated Financial Statements" beginning on page 225 the financial statements included in Red Herring Prospectus are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in Red Herring Prospectus to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Indian GAAP and U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in Red Herring Prospectus. Accordingly, the degree to which the financial information included in Red Herring Prospectus will provide meaningful information is dependent on familiarity with Indian GAAP, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian GAAP on the financial disclosures presented in Red Herring Prospectus should accordingly be limited.

9. *The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Pandemic, hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.*

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease, and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business.

10. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and our industry contained in the Prospectus.*

While facts and other statistics in Red Herring Prospectus relating to India, the Indian economy and our industry has been based on various government publications and reports from government agencies that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the section titled “*Our Industry*” beginning on page 145 of Red Herring Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

11. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency a magnitude, which may negatively affect our stock prices.

12. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

13. *Natural calamities could have a negative impact on the Indian economy and cause Our Company’s business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

14. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India’s economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company’s

business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

15. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

16. Any change in laws or regulations, including taxation laws, or their interpretation may significantly affect our financial statements.

Any change in Indian tax laws could have an effect on our operations. For instance, the Taxation Laws (Amendment) Act, 2019, prescribes certain changes to the income tax rate applicable to companies in India. According to this Act, companies can henceforth voluntarily opt in favor of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the tax rate (on gross basis) for Indian companies from 30% to 22% (exclusive of applicable health and education cess and surcharge). Any such future amendments may affect our ability to claim exemptions that we have historically benefited from, and such exemptions may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

The Finance Act, 2020 ("Finance Act"), has, amongst others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime. For instance, dividend distribution tax ("DDT") will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident and are likely be subject to tax deduction at source. Our Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

In addition, we are subject to tax related inquiries and claims. We may be particularly affected by claims from tax authorities on account of income tax assessment, service tax and GST that combines taxes and levies by the central and state governments into one unified rate of interest with effect from July 1, 2017 and all subsequent changes and amendments thereto.

Further, the Government of India has announced the Union Budget for Fiscal 2024 and the Finance Act, 2023, which was notified on the e-Gazette on March 31, 2023. The Finance Act, 2023 introduced various amendments to taxation laws in India. We cannot predict whether any amendments made pursuant to the Finance Act, 2023 would have any adverse effect on our business, financial condition, future cash flows and results of operations. In addition, unfavorable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws or may require us to apply for additional approvals. We may incur increased costs relating to compliance with such new requirements, which may also require management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future.

We cannot predict whether any new tax laws or regulations impacting our services will be enacted, the likely nature and impact of the specific terms of any such laws or regulations or whether, if at all, any laws or regulations would have an adverse effect on our business.

Book Building Process

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of this Prospectus within the Price Band. The Price Band has been determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process. The Issue Price was determined by our Company, in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/ Issue Closing Date. Principal parties involved in the Book Building Process are:-

- Our Company;
- The Book Running Lead Manager in this case being Indorient Financial Services Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI/ registered as brokers with NSE and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager; The Registrar to the Issue and;
- The Designated Intermediaries and Sponsor bank.

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue was made through the Book Building Process wherein not more than 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company in consultation with the BRLM allocated 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations (the “**Anchor Investor Portion**”), out of which one third was reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Issue Price. 5% of the Net QIB Portion was available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion was available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue was available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue was available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price. All potential Bidders except Anchor Investor participated in the Issue through an ASBA process by providing details of their respective bank account which was blocked by the SCSBs. All Bidders were mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, was allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, except Anchor Investors, were mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non-Institutional Portion were not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders could revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/ Issue Closing Date. Further, Anchor Investors could not withdraw their Bids after the Anchor Investor Bid/Issue Period. Allocation to the Anchor Investors were on a discretionary basis.

Subject to valid Bids received at or above the Issue Price, allocation to all categories in the Net Issue, was made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, was allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under-subscription, if any, in the QIB Portion was not allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention was invited to the section titled “Issue Procedure” beginning on page 323 of this Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors were advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section titled “Issue Procedure” on page 323 of this Prospectus

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1000	23	1500	50.00%
1500	22	3000	100.00%
2000	21	5000	166.67%
2500	20	7500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “Issue Procedure” on page 291 of this Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Prospectus and in the Bid cum Application Form

BID/ISSUE PROGRAMME

An indicative timetable in respect of the Issue is set out below:

EVENT	INDICATIVE DATE
Bid/Issue Opened Date ⁽¹⁾	Wednesday, September 27, 2023
Bid/Issue Closed Date	Tuesday, October 03, 2023
Finalization of Basis of Allotment with the Designated Stock Exchange	On or about Friday, October 06, 2023
Initiation of Refunds (if any, for Anchor Investors) / Unblocking of Funds from ASBA Account*	On or about Monday, October 09, 2023
Credit of Equity Shares to Demat Accounts of Allottees	On or about Tuesday, October 10, 2023
Commencement of trading of the Equity Shares on the Stock Exchange	On or about Wednesday, October 11, 2023

⁽¹⁾ The Anchor Investor Bid/ Issue Period was one Working Day prior to the Bid/ Issue Opening Date i.e. September 26, 2023.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same were accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms were accepted only between 10.00 A.M. to 3.00 P.M. (IST) for retail and non-retail Bidders.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders were advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants were not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants could revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

NSE Market Maker Registration No.	NSE/MEM/09098

Market Maker Registration No. (SME Segment of NSE – NSE EMERGE): NSE/MEM/09098

Alacrity Securities Limited, registered with EMERGE platform of National Stock Exchange of India Limited will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by National Stock Exchange of India Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

- (i) The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- (ii) The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the NSE Emerge (SME platform of NSE) and SEBI from time to time.
- (iii) The minimum depth of the quote shall be ₹1,00,000/-. However, the investors with holdings of value less than ₹ 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- (iv) The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the NSE Emerge (in this case currently the minimum trading lot size is 4,000 equity shares; however the same may be changed by the NSE Emerge from time to time).
- (v) After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.
- (vi) There shall be no exemption/ threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
- (vii) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- (viii) There would not be more than five Market Makers for a scrip at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- (ix) On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen

as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.

- (x) The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
- (xi) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- (xii) The Market Maker(s) shall have the right to terminate said arrangement by giving a 3 (three) months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement. In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI ICDR Regulations, as amended. Further our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 10.00 A.M. to 5.00 P.M. on working days.
- (xiii) **Risk containment measures and monitoring for Market Makers:** NSE Emerge will have all margins, which are applicable on NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- (xiv) **Punitive Action in case of default by Market Makers:** NSE Emerge will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties/ fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities/ trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- (xv) **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
- (xvi) Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)

*5000 equity shares of face value ₹10 each allotted to Mr. Nagaraju Vineeth jointly with Sarala Nagaraju

#The percentage of pre-Offer capital has been calculated after taking the effect of sub-division of equity shares of face value ₹10/-each to equity shares of face value ₹2 each on the cumulative equity shares held.

^Pursuant to a resolution of our Board dated March 10, 2022 and Shareholders' resolution dated March 21, 2022, equity shares of face value of ₹ 10/- each of our Company were sub-divided into equity shares of face value of ₹ 2/- each. Consequently, the issued and subscribed share capital of our Company comprising 20,40,196 equity shares of face value of ₹ 10/- each were sub-divided into 1,02,00,980 equity shares of face value of ₹ 2/- each.

Our Promoter have confirmed to our Company and the Book Running Lead Manager that the Equity Shares held by our Promoter have been financed from their owned funds and no loans or financial assistance from any bank or financial institution has been availed of by them for such purpose.

(ii) **Details of Promoters' contribution locked in for 3 years:**

Pursuant to Regulation 236 and Regulation 238 of SEBI ICDR Regulations, an aggregate of 20% of the fully diluted post-Issue Equity Share capital of our Company held by our Promoter (assuming full conversion of vested options, if any, under the Canarys ESOS) shall be considered as minimum Promoter's contribution ("**Minimum Promoters Contribution**") and shall be locked-in for a period of 3 years from the date of Allotment. The lock-in of the Minimum Promoter's Contribution would be created as per applicable law and procedure and details of the same shall also be provided to the Designated Stock Exchange before listing of the Equity Shares.

All the Equity Shares of our Company held by our Promoters and the Promoter Group are in dematerialized form. Our Promoter has consented to the inclusion of such number of the Equity Shares held by it, in aggregate, as may constitute 20% of the post-Issue capital of our Company as Promoters' contribution and the Equity Shares proposed to form part of Promoters' contribution subject to lock-in shall not be disposed of/ sold/ transferred by our Promoters during the period starting from the date of filing this Prospectus with the Stock Exchange until the date of commencement of the lock-in period.

Accordingly, Equity Shares aggregating to 20% of the post-Issue capital of our Company, held by our Promoter shall be locked-in for a period of 3 years from the date of Allotment in the Issue as follows:

Name of the Promoter	Number of Equity Shares locked-in	Date of allotment of Equity Shares / Date of Transfer of Equity Shares	Nature of allotment	Face Value per Equity Share (₹)	Issue/ Acquisition/ Transfer Price (₹)	% of pre-Issue share holding	% of post-Issue shareholding	Date up to which Equity Shares are subject to lock-in

17. Neither the Book Running Lead Manager nor their associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) hold any Equity Shares of our Company as on the date of this Prospectus.
18. There are no Equity Shares against which depository receipts have been issued.
19. Except for Equity Shares that may be allotted pursuant to the conversion of employee stock options granted under the Canarys ESOS the Equity Shares Allotted pursuant to the Issue, there will be no further issue of capital, whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of this Prospectus until the listing of Equity Shares on the Designated Stock Exchange pursuant to this Issue.
20. Our Company presently does not have any intention or proposal and is not under negotiations or considerations to alter our capital structure for a period of 6 months from the date of opening of the Issue, by way of split/ consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into exchangeable, directly or indirectly, for our Equity Shares) whether on a preferential basis or by way of issue of bonus shares or on rights issue basis or by way of further public issue of Equity Shares or qualified institutions placements or otherwise. Provided, however, that the foregoing restrictions do not apply to: (a) the issuance of any Equity Shares under the Issue; and (b) any issuance, pursuant to the exercise of employee stock options under the Canarys ESOS. Provided further that if our Company enters into acquisition(s) or Joint Venture(s) or if the business needs otherwise arise, we may, subject to necessary approvals, consider raising additional capital to fund such activities or to use Equity Shares as a currency for acquisition or participation in such Joint Ventures or for regulatory compliance or such other scheme of arrangement or any other purpose as the Board may deem fit, if an opportunity of such nature is determined by our Board to be in the interest of our Company.
21. There have been no financing arrangements whereby our Promoters, Promoter Group, our Directors or their relatives have financed the purchase by any other person of securities of our Company other than in the normal course of the business of any such entity / individual or otherwise, during the period of 6 months immediately preceding the date of filing of this Prospectus.

23. An over-subscription to the extent of 10% of the Net Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the Allotment subject to minimum Allotment, which is the minimum application size. Consequently, the actual Allotment may go up by a maximum of 10% of the Net Issue, as a result of which, the post-Issue paid-up capital after the Issue would also increase by the excess amount of Allotment so made. In such an event, the Equity Shares held by our Promoters and subject to lock-in shall be suitably increased; so as to ensure that a minimum of 20% of the post-Issue paid-up capital is locked in.
24. Investors may note that in case of over-subscription, Allotment will be on proportionate basis as detailed under 'Basis of Allotment' in the section titled '*Issue Procedure*' beginning on page 323 of this Prospectus. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 253(2) of SEBI ICDR Regulations.
25. Except employee stock options granted pursuant to the Canarys ESOS, there are no outstanding convertible securities or any other right which would entitle any person any option to receive Equity Shares, as on the date of this Prospectus.
26. All the Equity Shares of our Company are fully paid-up and there are no partly paid-up Equity Shares as on the date of filing of this Prospectus. Further, since the entire Issue Price in respect of the Issue is payable on Application, all the successful Applicants will be issued fully paid-up Equity Shares and thus all Equity Shares offered through this Issue shall be fully paid-up.

27. As per RBI regulations, OCBs are not allowed to participate in this Issue.
28. As on the date of the this Prospectus, we have not raised any bridge loans which are proposed to be repaid from the Net Proceeds.
29. Our Company undertakes that at any given time, there shall be only one denomination for our Equity Shares, unless otherwise permitted by law.
30. Our Company shall comply with such accounting and disclosure norms as specified by NSE, SEBI and other regulatory authorities from time to time.
31. An Applicant cannot make an Application for more than the number of Equity Shares being issued through this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investors.
32. Our Company, Directors, Promoters or members of our Promoter Group shall not make any payments, direct or indirect, discounts, commissions, allowances or otherwise under this Issue except as disclosed in this Prospectus.
33. We have 72 (seventy two) shareholders as on the date of filing of this Prospectus
34. Our Promoters and the members of our Promoter Group will not participate in this Issue.
35. Our Company has not made any public issue of any kind or class of securities since its incorporation.
36. Our Company has not revalued its assets since its incorporation.
37. This Issue is being made through the Book Building Method.
38. Except employee stock options granted pursuant to the Canarys ESOS, as on date of this Prospectus, there are no outstanding financial instruments or any other rights, that would entitle the existing Promoter or shareholders or any other person, any option to receive Equity Shares after the Issue.
39. Our Company shall ensure that transactions in the Equity Shares by our Promoters and the Promoter Group between the date of filing this Prospectus and the Issue Closing Date shall be reported to the Designated Stock Exchange within 24 hours of such transaction.

For the details of transactions by our Company with our Promoter Group during the Financial Years ended March 31, 2023, 2022, and 2021 please refer to the paragraph titled '*Related Party Transactions*' in the section titled '*Financial Information*' beginning on page 225 of this Prospectus. None of our Directors or Key Managerial Personnel holds Equity Shares in our Company, except as stated in the section titled '*Our Management*' beginning on page 190 of this Prospectus.

SECTION VII: PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

The Issue comprises the Fresh Issue aggregating to ₹ 4,703.32 Lakh and there is no offer for sale by the existing shareholders.

Fresh Issue

The net proceeds of the Fresh Issue, *i.e.*, gross proceeds of the Fresh Issue less the Issue related expenses (“**Net Proceeds**”) are proposed to be utilized in the following manner:

1. Funding of expenditure relating to solutions development for digital transformation and water resources management solutions;
2. Creation of new delivery centre including infrastructure thereof and upgrading existing facilities;
3. Funding working capital requirements of our Company;
4. General corporate purposes (collectively, the “**Objects**”).

In addition to the above Objects, we expect to receive the benefits of listing of the Equity Shares on the Stock Exchanges, and creation of a public market for our Equity Shares in India.

The main objects and objects incidental and ancillary to the main objects set out in our Memorandum of Association enable us to undertake: (i) our existing business activities and other activities set out therein; and (ii) the activities proposed to be funded from the Net Proceeds. The objects clause and objects incidental and ancillary to the main objects clause of our Subsidiaries, enables each of them to undertake: (i) their existing business activities and other activities set out therein; (ii) the activities proposed to be funded from the Net Proceeds; and (iii) the activities towards which the loans proposed to be repaid/prepaid from the Net Proceeds were utilized.

Net Proceeds

The details of the Net Proceeds of the Fresh Issue are set out below:

Particulars	Estimated Amount
	(in ₹ Lakh)
Gross proceeds of the Fresh Issue	4,703.32
(Less) Issue-related expenses in relation to the Fresh Issue ⁽¹⁾	600.00
Net Proceeds	4,103.32

⁽¹⁾ For details of the expenses related to the Issue, see “Issue Expenses” given below.

Utilization of Net Proceeds

Our Company proposes to utilize the Net Proceeds towards the following objects:

S. No.	Particulars	Estimated Amount ⁽¹⁾
		(in ₹ Lakh)
1.	Funding of expenditure relating to solutions development for digital transformation and water resources management solutions	1,100.00
2.	Creation of new delivery centre including infrastructure thereof and upgrading existing facilities	894.00
3.	Funding working capital requirements of our Company	1,500.00

S. No.	Particulars	Estimated Amount ⁽¹⁾
		(in ₹ Lakh)
4.	General corporate purposes ⁽¹⁾	609.32
	Net Proceeds	4,103.32

⁽¹⁾ The amount utilized for general corporate purposes shall not exceed 25% of the Gross Proceeds.

Proposed schedule of implementation and deployment of Net Proceeds

We propose to deploy the Net Proceeds towards the Objects in accordance with the estimated schedule of implementation and deployment of funds, as set out in the table below:

Particulars	Total estimated cost ⁽¹⁾	Proposed Utilization from Net Proceeds	Estimated schedule of deployment of Net Proceeds in		
			Financial Year 2024	Financial Year 2025	Financial Year 2026
			(in ₹ Lakh)		
Funding of expenditure relating to solutions development for digital transformation and water resources management solutions	1,100.00	1,100.00	137.50	550.00	412.50
Creation of new delivery Centre including infrastructure thereof	894.00	894.00	702.75	153.00	38.25
Funding working capital requirements of our Company	1,500.00	1,500.00	1,000.00	500.00	-
General corporate purposes ⁽¹⁾	609.32	609.32	609.32	-	-
Net Proceeds	4,103.32	4,103.32	2,449.57	1,203	450.75

⁽¹⁾ The amount utilized for general corporate purposes shall not exceed 25% of the Gross Proceeds

The above fund requirements are based on our current business plan, management estimates, other commercial and technical factors including interest rates and other charges, and the financing and other agreements entered into by our Company, quotations received from third-party vendors, which are subject to change in the future and have not been appraised by any agency. These are based on current conditions and are subject to revisions in light of changes in costs, our financial condition, our business operations or growth strategy or external circumstances which may not be in our control.

Subject to applicable law, in the event of any increase in the actual utilization of funds earmarked for the purposes set out above, such additional funds for a particular activity will be met by way of means available to us, including from internal accruals and any additional equity and/or debt arrangements. Further, if the actual utilization towards any of the stated objects is lower than the proposed deployment, the balance remaining may be utilized towards future growth opportunities, and/or towards funding any other purpose, and/or general corporate purposes, subject to applicable laws to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the Gross Proceeds in accordance with the SEBI ICDR Regulations and in compliance with the objectives as set out under “—Details of the Objects—General corporate purposes” below and will be consistent with the requirements of our business. The estimated schedule of deployment of Net Proceeds is indicative and our management may vary the amount to be utilized in a particular Financial Year at its discretion.

For further information on factors that may affect our internal management estimates, see “Risk Factors - Our Company’s management will have flexibility in utilizing the Net Proceeds, subject to certain approvals. There is no assurance that the Objects of the Issue will be achieved within the timeframe expected or at all, or that the deployment of the Net Proceeds in the

manner intended by us will result in any increase in the value of your investment. Further, the funding plan has not been appraised by any bank or financial institution.” on page 54.

Means of finance

The fund requirements for the Objects are proposed to be met from the Net Proceeds. Accordingly, we confirm that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Fresh Issue as required under Regulation 7(1)(e) the SEBI ICDR Regulations.

Details of the Objects

Our Board at its meeting held on August 21, 2023 approved the proposed objects of the Issue and the respective amounts proposed to be utilized from the Net Proceeds for each object.

1. *Funding of expenditure relating to solutions development for digital transformation and water resources management solutions*

We intend to develop new solutions for digital transformation and water resources management. Presently we have identified the following solutions for development:

A. Modernization Framework Solution:

Legacy modernization, also known as software modernization or platform modernization, refers to the conversion, rewriting or porting of a legacy system to modern computer programming languages, architectures (e.g., microservices), software libraries, protocols or hardware platforms. Legacy transformation aims to retain and extend the value of the legacy investment through migration to new platforms to benefit from the advantage of the new technologies.

Problems Addressed

- Non-Responsive UI
- Spaghetti Code
- Inflexible Architecture
- Accumulated Technology Debt
- Can't deploy on cloud
- Inability to scale

Benefits Delivered

- Technological Breakthroughs
- Globalization
- Modernized Society is More Independent
- Less Manpower and more Automation
- Access to Healthcare Resources

The code modernization market is a rapidly growing market, as organizations are increasingly looking to modernize their legacy code bases. The code modernization market is segmented by technology, deployment type, and vertical. The technology segment is further segmented into refactoring, re-platforming, and rearchitecting. The deployment type segment is further segmented into on-premises and cloud. The vertical segment is further segmented into banking, financial services, and insurance (BFSI), healthcare, retail, manufacturing, and others. Refactoring is a technique that can be used to improve the structure of code without changing its functionality. This can make code easier to maintain and update, and it can also improve performance. The cloud offers a number of advantages for code modernization, such as scalability, flexibility, and cost-effectiveness. The other major verticals in the code modernization market include healthcare, retail, manufacturing, and others.

Benefit of modernizing the legacy code

- Security: Legacy code is often not secure, as it may be written using outdated programming languages and techniques. This can make it vulnerable to cyberattacks.
- Compliance: Legacy code may not be compliant with current regulations, such as those related to data privacy and security. This can put organizations at risk of fines and penalties.
- Performance: Legacy code may not be as efficient as newer code, which can lead to performance problems.
- Agility: Legacy code can be difficult to change, which can make it difficult for organizations to respond quickly to changes in the market.
- Cost: Maintaining and updating legacy code can be expensive.
- Maintainability: Legacy code can be difficult to maintain, as it may not be well-documented or written in a way that is easy to understand.
- Reusability: Legacy code may not be reusable, which can make it difficult to develop new applications or features.
- Code modernization can help organizations to address these challenges by updating their code to use more secure, compliant, efficient, and agile practices. This can help organizations to improve their security posture, reduce their compliance risks, improve their performance, and increase their agility

B. DevOps:

DevOps combines development and operations to increase the efficiency, speed, and security of software development and delivery compared to traditional processes. A more nimble software development lifecycle results in a competitive advantage for businesses and their customers. We intend to develop solutions for assessment & strategy planning, technologically advanced, cloud-first IT environments that support high-performance, expandable, and agile technology which will primarily look to address the following business challenges:

- Delay in making business decisions due to scattered data and lack of insights
- Hidden/Complex systemic problems
- Resources engaged in less productive, mundane, repetitive tasks
- Lower levels of operational efficiency
- Inability to compete in the neo-cognitive, digital world
- Inability to meet demands of dynamic business environment calling for data/insights driven decision making

C. Automation & Migration Solution:

The cloudification solution involves migrating on-premise workload to cloud. Cloudification is one of the application portfolio rationalization solution, with two additional strategies to handle two specific scenarios. Gartner defined five R strategies (Re-platform, Re-factor, Re-Architect, Replace) to follow while rehost, migrating application workloads to the cloud. A new framework defining different migration strategies that organizations can apply on applications before migrating them to cloud is called R-Lane.

This solution will look to primarily address the following:

- Applications and functionalities which are duplicated
- Applications that are not actively used
- Applications incurring high operational and management costs
- Applications which are legacy systems and are unable to scale

D. Water Resource Management Solution:

We design, integrate and commission real time automated measurement and data transmission system in the field of hydrology and meteorology. Helping traditional water management organizations, to alleviate the information delays; to congregate all stakeholders of large canal network/river basin on a common real time platform, and to

provide decision worthy information with corrective actions in real time. We intend to build technologically advanced solutions to achieve the following

- Providing customers with access to real time Decision Support System in a canal network or a Sub-Basin.
- To enable conflict resolution on water volume sharing, conveyance and management between parties.
- To provide real time information on Water yield assessment in a basin and utilization of available water.
- Create a Common communication platform for Real time data distribution on the available volume of water

E. Transformation Solution:

Transformation solution aims at application portfolio rationalization. Such a rationalization can take place in applications running in on-premises environments or in the cloud. The solution involves modifying, refactoring, re-architecting, re-platforming and replacement activities and helps solving the following issues:

- Duplication of applications and functionalities
- redundancy of applications
- applications incurring high operational and management costs
- applications have become legacy and are unable to scale

For the above purpose, we intend to spend an estimated amount of ₹ 1,100.00 Lakh towards the hiring of appropriate skilled manpower for development of new solutions for digital transformation and water resource management. A detailed breakup of estimated cost of skilled manpower for the intended role which are proposed to be funded from the net issue proceeds is set forth below:

Solutions Development Cost					
Resource/Role	Unit Cost PA (₹ in Lakh)*	Units	Total (₹ in Lakh)	Period (years)	Grand Total (₹ in Lakh)
Solution Head / VP – Solutions	60.00	1	60.00	2	120.00
Solution Architect	40.00	2	80.00	2	160.00
Technical Lead	30.00	2	60.00	2	120.00
Technical Manager	36.00	1	36.00	2	72.00
Sr. Developer	18.00	5	90.00	2	180.00
Jr. Developer	8.00	10	80.00	2	160.00
Quality Manager	20.00	2	40.00	2	80.00
Quality Assurance Engineers	8.00	3	24.00	2	48.00
Release Engineers	15.00	2	30.00	2	60.00
Business Analyst	15.00	2	30.00	2	60.00
Sr. Quality Assurance	20.00	1	20.00	2	40.00
Total			550.00		1,100.00

* Based on the quotation received from **iGenZ Technologies Pvt Ltd** dated August 15, 2023 which is valid for a period of six months.

The above estimates are based on skill force requirements, as per the job description and experience levels, roles and potential cost as per quotation received from head hunter firm and our own market research. Hiring and recruiting the intended manpower at different level for the expansion and development of our business activities may require substantial investments and requisite training. There could be a possible escalation in the above cost depending upon the market conditions, shortage of skilled personnel, place of work, cost of living, etc. at the actual time of recruitment, resulting in increase in the estimated cost. Such cost escalation would be met out of our internal accruals.

2. *Creation of new delivery centre including infrastructure thereof and upgrading existing facilities*

We intend to set up new delivery centre in the State of Karnataka, India, to accommodate the envisaged expansion of up to 700 member team. The location of the new delivery centre will be decided considering scalability of the centre and availability of skilled manpower.

Our IT delivery centre will offer a variety of IT services, which will include software development, application maintenance, technical support, IT infrastructure management, data analytics, cybersecurity, cloud computing, and more. The centre will be staffed with skilled IT professionals such as software developers, system administrators, network engineers, data analysts, project managers, and other experts who collaborate to deliver the required services and ensure efficient service delivery. The centre will be equipped with the necessary hardware, software, and technology infrastructure to support various IT services and functions. The exact structure and function of an IT delivery centre can vary widely depending on the organization's size, industry, and specific business needs. The delivery centre will play a vital role in ensuring that our Company have access to the IT resources and solutions necessary for its operations and growth.

Creation of delivery centre includes expenses towards lease rental, civil and interior works, plumbing work and furniture work in an estimated carpet area of around 15,000 sq. ft. Further, we intend to acquire laptops, networking equipment, firewall mechanism and Server and Rack Infrastructure, electrical equipment and UPS facility for the purpose of operationalisation of the new delivery centre. We intend to utilize up to ₹ 894.00 Lakh from the proceeds of this Issue for this purpose

The detailed break-down of the estimated costs is as below:

S. No.	Particulars	Carpet Area (in sq.ft)	Total estimated costs (in ₹ Lakh)	Amount proposed to be funded from Net Proceeds (in ₹ Lakh)
1	Lease rental for delivery centre cost of ₹ 85 per sq. ft per month for 18 months (ref note1)	15,000	229.50	229.50
2	Civil and interior work including constructing glass partitions, ceiling works, carpet flooring store room, blinds for external glazing area, toilet works, plumbing works for cafeteria and toilets and supply of furniture including system furniture, chairs and loose furniture such as lounge chairs, sofa, centre table, bar stools, pouffes seating, etc. <i>Costs computed on basis cost of ₹ 2,400 per sq. ft</i> (refer note 2)	15,000	360.00	360.00

Particulars	Assumptions and justifications
Current assets	
Inventory	Inventory mainly consists of equipment which are required for water resource management solutions business and solution development business. The Company's inventory holding period for Financial Year 2024 and Financial Year 2025 is in line with the holding period for Financial Year 2023 and has been projected within the range of 45 to 46. Total inventory levels are expected to increase in line with the projected business activity in the Financial Year 2024 and Financial Year 2025.
Trade receivables	The Company's trade receivables days for Financial Year 2021, 2022 and 2023 were 153 days, 186 days and 208 days. The increase was mainly attributable to increase in the total revenue from operations from 2,517.29 lakhs in FY2021 to 7,372.56 lakhs. The Company is now expecting the trade receivables days to cool down to a sustainable level of 150 days over the period of FY2024 and FY2025 i.e. 180 days and 150 days respectively which will be mainly because of increase in business, maintaining operating efficiency and getting business with less working capital requirement and faster payment processing.
Short Term Loans & Advances	Short Term Loans & Advances mainly consists of balances with statutory authorities and trade advances to vendors. As the business grows, the Company expects its growth as well. The Short Term Loans & Advances were 18 days, 22 days and, 24 days in FY2021, FY2022 and FY2023 respectively. The company has assumed a holding level of 25 days FY2024 and FY2025.
Cash and Cash Equivalents	The cash and cash equivalents levels were 4 and 6 days for Financial Year 2021 and 2023 respectively. For FY2022 it was 5.69 lakhs which was less than a day.
Other current assets	The category of "Other current assets" primarily includes Earnest Money Deposit and unbilled revenue. To align with the projected business activity, the company has projected the level of other current assets of 8 days for the Financial Years 2024 and 2025.
Current liabilities	
Trade payables	Our trade payable days for Financial Year 2024 and Financial Year 2025 are lower than our historical levels 234 days, 408 days and 299 days for Financial Year 2021, Financial Year 2022 and Financial Year 2023. Currently our Company has high amount of trade receivables due to which the payment to creditors is also pending which also includes CHAT, our joint venture company, to the tune of ₹ 1,413.19 lakh which is engaged in business of carrying out turnkey projects in the field of water resources management.

Particulars	Assumptions and justifications
	in the anticipation of future business growth and maintain better operating cycle, our Company is estimating 150 days and 100 days of trade payables for FY2023 and FY2024 respectively.
Other current liabilities	The category of "Other current liabilities" primarily includes items such as Statutory dues, salary payable, advance from customers and other similar obligations. To align with the projected business activity, the Company has projected the level of other current liabilities 33 days for the Financial Years 2024 and 2025.
Short term provisions	The category of " Short term provisions" primarily includes items such as Provision for taxation and gratuity. To align with the projected business activity, the Company has projected the level of other current liabilities 20 days for the Financial Years 2024 and 2025.

For a detailed discussion on the qualitative factors which form the basis for computing the price, please refer to sections titled “*Our Business*” beginning on page 156 of this Prospectus.

QUANTITATIVE FACTORS

The information presented below relating to our Company is based on the Restated Consolidated Financial Statements. For details, please refer section titled “*Financial Information*” on page 225 of this Prospectus.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

1. EARNING PER SHARE (“EPS”):

As per Restated Consolidated Financial Statements (Post-Bonus):

Period	Basic EPS (in ₹)	Diluted EPS (in ₹)	Weight
Year ended March 31, 2021	1.16	1.16	1
Year ended March 31, 2022	2.08	2.08	2
Year ended March 31, 2023	3.92	3.92	3
Weighted Average	2.85		

Notes:

- (1) Basic and diluted earnings/ (loss) per equity share: Basic and diluted earnings per equity share are computed in accordance with Accounting Standard 20 – “Earnings per Share” issued by the Institute of Chartered Accountants of India.
- (2) 90% of the paid-up capital for preference shares, which is held by the shareholders, can be redeemed. The remaining 10% of the paid-up capital for preference shares will be converted into equity shares. This conversion will occur at the fair value that is established during the conversion process. Due to the current inability to determine the conversion rate as of the balance sheet date, it is not possible to ascertain the impact of anti-dilution for the calculation of diluted Earnings Per Share (EPS). Therefore, the calculation for diluted EPS has not been performed.
- (3) The ratios have been computed as below:
- Basic EPS is calculated as Profit/(loss) for the year/period attributable to owners of parent divided by the adjusted weighted average number basic equity shares outstanding during the year/period.
 - Diluted EPS is calculated as Profit/(loss) for the year/period attributable to owners of parent divided by the adjusted weighted average number of adjusted diluted equity shares outstanding during the year/period.
- (4) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the year/period adjusted by the number of equity shares issued during the year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year/period.
- (5) Weighted average is aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. $\{(\text{EPS} \times \text{Weight}) \text{ for each year} \} / \{ \text{Total of weights} \}$.

2. AVERAGE RETURN ON NET WORTH (“RoNW”):

As per Restated Consolidated Financial Statements:

Period	RoNW (%)	Weight
Year ended March 31, 2021	16.06	1
Year ended March 31, 2022	23.99	2
Year ended March 31, 2023	31.54	3
Weighted Average	26.44	

Notes:

- i) Weighted average = Aggregate of year-wise weighted RoNW divided by the aggregate of weights i.e. $(\text{RoNW} \times \text{Weight})$ for each year/Total of weights.
- ii) Return on Net Worth (%) = Net Profit after tax attributable to owners of the Company, as restated / Restated net worth at the end of the year/period.
- iii) Net worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of statement of profit and loss, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off and non-controlling interest, as per the Restated Financial Information, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation.

3. NET ASSET VALUE (“NAV”) per Equity Share as per last balance sheet:

Net Asset Value Per Equity Share as at March 31, 2023:

As per Restated Consolidated Financial Statements:

- a) On pre-bonus is Rupees 12.440 per share
- b) On post-bonus is Rupees 12.440 per share

Notes:

Net Asset Value per Equity Share = Net worth as per the Restated Consolidated Financial Statements / Number of equity shares outstanding as at the end of year/period.

4. Price/Earning (“P/E”) ratio in relation to Price of ₹ 31/- per Equity Share:

Particulars	P/E Ratio (no. of times)
As per Restated Consolidated Financial Statements:	
Based on basic EPS for Fiscal 2023 (post bonus)	15.82
Based on diluted EPS for Fiscal 2023 (post bonus)	15.82

5. Comparison of Accounting Ratios with Listed Industry Peers

There comparison of Accounting Ratios with Listed industry peers are given below:

Name of the Company	CMP*	Basic EPS (Rs. per share)	Diluted EPS (Rs. per share)	P/E Ratio	RONW (%)	NAV (Rs. per share)	Face Value (Rs. per share)	Total Income (Rs. in lakhs)
Canarys Automations Limited	31	3.92	3.92	15.82*	31.64%	12.401	2.00	7,547.28

KEY PERFORMANCE INDICATORS OF OUR COMPANY

We use certain financial and operational performance indicators or key performance indicators (“KPI”) as supplemental measures to review and analyse our financial and operating performance from period to period, and to evaluate our business. In addition to our management, such measures may also be frequently used by securities analysts, investors and others within the writing instruments industry to evaluate financial performance. Some of these KPI are not defined under Ind GAAP and are not presented in accordance with Ind GAAP. These KPI have limitations as analytical tools.

As a result, presentation of these KPI, should not be considered in isolation from, or as a substitute for, analysis of our historical financial performance, as reported and presented in our Restated Consolidated Financial Statements set out in this Prospectus. These measures may differ from similar titled information used by other companies, including peer companies, who may calculate such information differently and hence their comparability with those used by us may be limited. Therefore, these KPI should not be viewed as substitutes for performance or profitability measures under Ind GAAP or as indicators of our operating performance, liquidity or profitability.

Our Company confirms that it shall continue to disclose all the KPIs included in this section on a periodic basis, at least once in a year (or any lesser period as determined by our Board), until the later of (a) one year after the date of listing of the Equity Shares on the Stock Exchanges; or (b) complete utilisation of the proceeds of the Fresh Issue as disclosed in “*Objects of the Issue*” on page 117, or for such other duration as may be required under the SEBI ICDR Regulations.

For a description of the historic use of KPI by our Company to analyze, track or monitor the operational and/or financial performance of our Company and comparisons of Key Performance Indicators over time based on additions or dispositions to the business, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations—Discussion of our Key Performance Indicators*” on page 266.

Weighted average cost of acquisition

A. The price per share of our Company based on the primary/ new issue of shares (equity/ convertible securities)

Our Company has not issued any Equity Shares or convertible securities issued (excluding issuance of bonus shares), during the 18 months preceding the date of this Prospectus, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-Offer capital before such transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days (“Primary Issue”):

B. The price per share of our Company based on secondary sale/ acquisitions of shares (equity/ convertible securities)

No Equity Shares or convertible securities have been transacted (excluding by way of gifts) by the Promoters, members of the Promoter Group or Shareholder(s) having the right to nominate director(s) on our Board, during the 18 months preceding the date of this Prospectus, where either acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-issue equity share capital before such transactions and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days (“Secondary Transaction”).

C. Since there are no such transactions to report to under (A) and (B), therefore, information for the last five Primary Issue or Secondary Transaction, not older than three years prior to the date of this Prospectus irrespective of the size of transactions, is set forth below:

Primary transactions:

Sr.	Date of allotment	Number of Equity Shares allotted	Face value per Equity Share	Issue price per Equity Share	Total Consideration (₹ in lakhs)	Nature of consideration	Nature of allotment	Cumulative number of Equity Shares	Cumulative paid-up Equity Share Capital
1.	March 24, 2021	1,73,880	10	30	52.16	Cash	Right Issue	19,12,685	1,91,26,850

Secondary transactions:

Nature of transaction	Nature of consideration	Date of allotment/ Transfer	No. of equity shares allotted/ transferred	Face Value per Equity Share (₹)	Issue Price per Equity Share	Consideration	Percentage of the pre-Issue capital (%) #	Percentage of the post-Issue capital (%)
Transfer	Cash	June 09, 2022	2,88,680	2	4	11,54,720	0.7	0.51
Transfer	Cash	June 09, 2022	2,88,680	2	4	11,54,720	0.7	0.51

D. Weighted average cost of acquisition, floor price and cap price

Type of Transaction	WACA (₹)	Floor Price (₹ 29)	Cap Price (₹ 31)
Weighted average cost of acquisition for last 18 months for primary/new issue of shares (equity/convertible securities) (excluding Equity Shares issued under any employee stock option plan/scheme and issuance of bonus shares), during the 18 months preceding the date of this certificate, where such issuance is equal to or more than five per cent of the fully diluted paid-up share capital of our Company (calculated based on the pre-issue capital before such transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days	N.A.	N.A.	N.A.
Weighted average cost of acquisition for last 18 months for secondary sale/acquisition of shares equity/convertible securities), where our Promoters, members of the Promoter Group, Selling Shareholders or Shareholder(s) having the right to nominate director(s) in our Board are a party to the transaction (excluding gifts), during the 18 months preceding the date of this certificate, where either acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-issue capital before such transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days	N.A.	N.A.	N.A.
Since there were no Primary Issuances or Secondary Transactions during the 18 months preceding the date of filing of this Prospectus, the information has been disclosed for price per share of our Company based on the last five Primary Issuances or Secondary Transactions where our Promoters, the Promoter Group, Selling Shareholders or Shareholder(s) having the right to nominate director(s), are a party to the transaction, not older than three years prior to the date of filing of this Prospectus irrespective of the size of the transaction.			
Based on Primary Issuances	8.18	3.55 times	3.79 times
Based on Secondary Transactions	4.00	7.25 times	7.75 times

E. Justification for Basis of Issue Price

The following provides a detailed explanation for the Cap Price being 3.79 times of weighted average cost of acquisition of Equity Shares that were issued by our Company by way of primary transactions and 7.75 times of weighted average cost of acquisition of Equity Shares acquired or sold by our Promoters, the Promoter Group or Shareholder(s) having the right to nominate director(s) by way of secondary transactions, and as disclosed above in the last 18 months preceding the date of this Prospectus compared to our Company's KPIs and financial ratios for the Financial Years 2023, 2022 and 2021 and external factors.

1. Steady expansion of Technology Solutions business and Water Resource Management Solutions business during the last three financial years;
2. Technical knowhow for Water Resource Management Solutions including automation solutions for Canal modernization and cloud based process automation which includes DSS (Decision Support System);
3. History of providing complex technology solutions including multiple array of consulting solutions in DevOps, Digitization, Modernization, Cloudification and automation.;
4. Wide customer base both in Technology Solutions and Water Resource Management Solutions business;

The Issue Price of ₹ 31/- is 15.5 times of the face value of the Equity Shares and is justified in view of the above qualitative and quantitative parameters. The trading price of Equity Shares could decline due to factors mentioned in “*Risk Factors*” on page 33 and you may lose all or part of your investments.

Dear Sir/ Madam,

Ref: Proposed initial public offering of equity shares of face value of ₹2 each (the “Equity Shares”) of Canarys Automations Limited (Formerly known as Canarys Automations Private Limited) (the “Company”/ “the “Issuer”) comprising a fresh issue of the Equity Shares by the Company (the “Fresh Issue” / “Offer”)

Sub: Statement of Special Tax Benefits (‘The Statement’) available to Canarys Automations Limited (“**The Company**”) and its shareholders under the Direct and Indirect Tax Laws in India

We hereby report that the enclosed annexure prepared by the management of Canarys Automations Limited (Formerly known as Canarys Automations Private Limited), states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the “GST Act”) presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company’s management. We are informed that, this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares (“the Issue”) by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Red Herring Prospectus/ Red Herring Prospectus / Prospectus or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our

prior written consent.

STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND ITS SHAREHOLDERS UNDER THE APPLICABLE DIRECT AND INDIRECT TAXES (“TAX LAWS”)

Outlined below are the Special Tax Benefits available to the Company and its shareholders under the Tax Laws. These Special Tax Benefits are dependent on the Company and its shareholders fulfilling the conditions prescribed under the Tax Laws. Hence, the ability of the Company and its shareholders to derive the Special Tax Benefits is dependent upon fulfilling such conditions, which are based on business imperatives it faces in the future, it may or may not choose to fulfill.

UNDER THE TAX LAWS

A. SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY

DIRECT TAX LAWS

Lower corporate tax rate under section 115BAA of the Act:

As per section 115BAA of the Act, the Company has an option to pay income tax in respect of its total income at a concessional tax rate of 25.168% (including applicable surcharge and cess) subject to satisfaction of certain conditions with effect from Financial Year 2019-20 (i.e. Assessment Year 2020-21).

The Company has adopted the said tax rate with effect from Financial Year 2019-20 (i.e. Assessment Year 2020-21). Such option once exercised shall apply to subsequent assessment years. In such a case, the Company may not be allowed to claim any of the following deductions/exemptions:

- i. Deduction under the provisions of section 10AA (deduction for units in Special Economic Zone)
- ii. Deduction under clause (iia) of sub-section (1) of section 32 (Additional depreciation)
- iii. Deduction under section 32AD or section 33AB or section 33ABA (Investment allowance in backward areas, Investment deposit account, site restoration fund)
- iv. Deduction under sub-clause (ii) or sub-clause (iia) or sub-clause (iii) of sub-section (1) or subsection (2AA) or sub-section (2AB) of section 35 (Expenditure on scientific research)
- v. Deduction under section 35AD or section 35CCC (Deduction for specified business, agricultural extension project)
- vi. Deduction under section 35CCD (Expenditure on skill development)
- vii. Deduction under any provisions of Chapter VI-A other than the provisions of section 80JJAA or Section 80M
- viii. No set off of any loss carried forward or depreciation from any earlier assessment year, if such loss or depreciation is attributable to any of the deductions referred from clause i) to vii) above.
- ix. No set off of any loss or allowance for unabsorbed depreciation deemed so under section 72A, if such loss or depreciation is attributable to any of the deductions referred from clause i) to vii) above

Further, it was clarified by CBDT vide Circular No. 29/ 2019 dated 2 October 2019 that if the Company opts for concessional income tax rate under section 115BAA, the provisions of section 115JB regarding Minimum Alternate Tax (MAT) are not applicable. Further, such Company will not be entitled to claim tax credit relating to MAT.

However, once opted for reduced rate of taxation under the said section, it cannot be subsequently withdrawn.

II. Special tax benefits available to the Shareholders of the Company

1. Dividend taxation:

With respect to a resident corporate shareholder, deduction under section 80M of the Act is available to the extent of dividend received or distributed by the shareholder, whichever is lower from the shareholder's gross total income computed in accordance with the provisions of the Act. With respect to non-resident shareholder, the provision of the Agreement for Avoidance of Double Taxation (tax 153 treaty) entered by the Government of India with the country of residence of the non-resident shareholder will be applicable to the extent more beneficial to the non-resident. Accordingly, non-resident shareholder may, subject to conditions, be subject to tax at a concessional rate for divided income, if any, provided under the relevant tax treaty.

INDIRECT TAX LAWS

Solely in relation to the issue, there are no special indirect tax benefits available to the Company.

B. SPECIAL TAX BENEFITS AVAILABLE TO SHAREHOLDERS

Solely in relation to the issue, there are no special indirect tax benefits available to the shareholders of the Company.

NOTES:

1. The above is as per the current Tax Laws prevalent as on the date of issuance of this certificate.
2. The above Statement of special tax benefits sets out the provisions of Tax Laws in a summary manner only and is not a complete analysis or listing of all the existing and potential tax consequences of the purchase, ownership and disposal of equity shares of the Company.
3. This Statement does not discuss any tax consequences in any country outside India of an investment in the equity shares of the Company. The shareholders / investors in any country outside India are advised to consult their own professional advisors regarding possible income tax consequences that apply to them under the laws of such jurisdiction.
4. The special tax benefits are subject to conditions and eligibility criteria which need to be examined for tax implications.
5. The tax benefits discussed in the Statement are not exhaustive and are only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
6. The stated benefits will be available only to the sole/ first named holder in case the equity shares are held by joint holders.
7. In respect of non-residents, the tax rates and the consequent taxation mentioned above will be further subject to any benefits available under the relevant Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile.
8. For the purpose of reporting here, we have not considered the general tax benefits available to the company or shareholders.
9. The above statement covers only certain relevant direct tax law benefits and indirect tax law benefits or benefit.
10. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. OUR INDUSTRY

Unless otherwise indicated, the industry and market data contained in this Prospectus is derived from the “NASSCOM_2023”, which has been purchased and paid for by the BRLM. We have received the consents to use the extracts from this report vide email dated August 21, 2023. Unless otherwise indicated, all financial, operational, industry and other related information derived from the NASSCOM 2023 Report and included herein with respect to any particular year, refers to such information for the relevant calendar year. Further the information in this section has been extracted from the various websites, reports viz. International Monetary Fund, RBI, MOSPI and publicly available documents from various sources.

INDUSTRY OVERVIEW

In FY2023, India’s technology industry revenue including hardware is estimated to cross \$245 Bn (8.4% y-o-y growth), an addition of \$19 Bn over last year. Exports at \$194 Bn, are expected to grow at 9.4% in reported currency terms and 11.4% in constant currency terms. Domestic technology sector is expected to reach \$51 Bn, growing at 4.9% y-o-y. In rupee terms, domestic tech revenues is expecting a 13% y-o-y growth on the back of continued investments by enterprise and government. The Industry continues to be a net hirer, adding 290K employees, taking the total employee base to ~5.4 Mn (5.7% y-o-y growth), strengthening its position as the “Digital Talent Nation” for the world.

The Jal Jeevan Mission - Urban launched on 2nd February 2021 was rolled-out to provide a comprehensive and holistic approach to achieve a water-resilient future for India and tackle water risks which are more intense and frequently occurring. The main objective of Jal Jeevan Mission - Urban is universal coverage of water supply to all households through functional taps in all 4,378 statutory towns in accordance with SDG Goal- 6. However, it also prioritizes the rejuvenation of water bodies to augment sustainable fresh water supply, circular economy of water, technology Sub-Mission for water, IEC campaign about conservation of water. Central Water Commission has taken up a new initiative “Support for Irrigation Modernization Program (SIMP)” with technical assistance from the Asian Development Bank (ADB) to modernize Major / Medium Irrigation (MMI) projects in the country. Objective of the programme is to improve Water Use Efficiency, increase crop water productivity and ultimately increase farmer’s income in the command area of the projects through application of national / international best practices

GLOBAL ECONOMIC OVERVIEW

As per the International Monetary Fund (IMF)’s World Economic Outlook growth projections released in April 2023, global economic growth for CY221 was estimated at 3.4% on year on year (y-o-y) basis, down from 6.3% in CY21 due to disruptions resulting from the Russia-Ukraine conflict and higher-than-expected inflation worldwide. The global economic growth for CY23 is projected to slow down further to 2.8% mainly due to tightening global financial conditions, expectations of steeper interest rate hikes by major central banks to fight inflation and spillover effects from the war between Russia and Ukraine with gas supplies from Russia to Europe expected to remain tightened. Growth in CY24 is projected to marginally improve to 3.0% with expected gradual recovery from the effects of the war and subsiding of inflation. For the next 5 years, the IMF projects world economic growth in the range of 3.0%-3.2% on a y-o-y basis.

Global Growth Outlook Projections (Real GDP, Y-o-Y change in %)

For major advanced economies, the GDP growth was estimated to be 2.7% in CY22, down from 5.4% in CY21, which is further projected to decline to 1.3% in CY23. This forecast of low growth reflects rise in central bank interest rates to fight inflation and the impacts of Russia- Ukraine war. About 90% of advanced economies are projected to see decline in growth in CY23. This growth is expected to increase slightly to 1.4% in CY24. One of the major countries from this group is United States. The growth for United States is estimated to be 2.1% for CY22 compared to 5.9% in CY21. Whereas, growth for CY23 and CY24 is projected at 1.6% and 1.1%, respectively. This is reflective of declining real disposable income impacting consumer demand with higher interest rates taking toll on spending.

The growth for CY22 in Euro Area is estimated to be 3.5% compared to 5.4% in CY21. However, the boost from reopening of economy after pandemic appears to be fading. For CY23 and CY24, the growth is projected at 0.8% and 1.4%, respectively. With inflation at about 7%-8% in several Euro Area countries and the United Kingdom, household budgets will remain stretched. Further, the accelerated pace of rate increases by the Bank of England and the European Central Bank is tightening financial conditions and cooling demand in the housing sector and beyond.

For the emerging market and developing economies group, GDP growth is estimated at 4.0% in CY22, compared to 6.9% in CY21. This growth is further projected at 3.9% in CY23 and 4.2% in CY24. This expected improvement in GDP growth in CY24 is on account of anticipation of gradual recovery.

In China, growth is expected to pick up to 5.2% with the full reopening in CY23. Whereas, India's GDP projection for CY23 and CY24 stand at 5.9% and 6.3%, respectively with resilient domestic demand despite external headwinds.

Policy Priorities

Ensuring a durable fall in inflation: With inflation still well above targets for most economies, the priority remains reducing inflation and ensuring that expectations stay anchored while containing financial market strains and minimizing the risk of further turbulence.

Safeguarding financial stability: Minimizing financial stability risks will require careful monitoring of risks, managing market strains, and strengthening oversight. This includes proactively employing the IMF's precautionary financial arrangements and focusing aid from the international community on low-income countries facing shocks, including through the rechanneling of special drawing rights and support from the Poverty Reduction and Growth Trust and the Resilience and Sustainability Trust.

Normalizing fiscal policy: As deficits and debts remain above pre-pandemic levels, fiscal efforts will be warranted in 2023. Fiscal policymakers should support monetary policy in getting inflation back to target.

Supporting the vulnerable: The surge in global energy and food prices in 2022 triggered a cost-of-living crisis in many countries, especially low-income countries, many of which are still suffering from food insecurity. Governments acted swiftly to extend support to households and firms, which helped cushion the effects on growth. Broad-based measures are costly and should be replaced by more targeted approaches.

Improving food security everywhere: Trade restrictions on food and fertilizers run the risk of pushing a large share of the global population into food insecurity. Restrictions on exports of food and fertilizers—particularly those most recently imposed—should be lifted to safeguard food supplies and their distribution globally.

Restoring debt sustainability: With lower growth and higher borrowing costs, public debt ratios are becoming unsustainable in many countries. Actions must be taken to put them on a credible downward path. For economies at high risk of debt distress, fiscal consolidation and structural reforms to create sound policy frameworks and revitalize growth remain the fundamental solution to sustainable debt.

Reinforcing supply: Well-designed supply-side policies could help address structural factors impeding medium-term growth and recoup some of the output losses accumulated since the pandemic. Policy actions could include structural reforms to reduce harmful market power and rent-seeking behavior as well as overly rigid regulation and planning processes. They could also involve stimulating investment in infrastructure improvements and productive digitalization initiatives and enhancing access to and quality of education.

Containing pandemic risks: Authorities should remain vigilant to the risks of a reemergence of the COVID-19 virus and new pandemics and their potential impacts on the global economy. This includes coordinated efforts to boost access to vaccines and medicines where immunity is low and greater public support for vaccine development and systematic responses to future epidemics.

Strengthening multilateral cooperation: Strengthening the multilateral trading system would help reduce the risks to growth and resilience from such fragmentation by providing fair and predictable rules for exchange. To achieve such strengthening, WTO rules in critical areas such as agricultural and industrial subsidies must be upgraded, new WTO-based agreements implemented, and the WTO dispute settlement system fully restored.

Speeding up the green transition: Progress in emission reductions needed to contain global warming at 2°C or less remains inadequate. International coordination on carbon pricing or equivalent policies would facilitate a faster decarbonization in a cost-efficient way. With declining investment in fossil fuels, a concerted push on alternative clean energy investment could help ensure sufficient energy supplies and achieve the needed decarbonization. This could be achieved through investment incentives for green materials and electricity grid upgrades, easing of permitting processes for renewables, and support for research and development, among other efforts.

INDIAN ECONOMIC OVERVIEW

The Indian economy exhibited robust resilience in 2022-23 amidst a global turmoil following the war in Ukraine, and recorded a growth of 7.0 per cent, the highest among major economies in the world. Barring the Omicron wave scare early in the year 2022, COVID-19 was largely on the ebb for most part of the year helping in restoration of consumer and business confidence. Contact-intensive activity gradually resuscitated during the year and the release of pent-up demand bolstered domestic activity. Sound macroeconomic fundamentals, a resilient financial system reflected in healthy balance sheets of banks and non-banking financial companies (NBFCs), and a deleveraged corporate sector imparted resilience to counter the adverse global spillovers.

Headline CPI inflation, which was projected by the Reserve Bank before the war started in Ukraine to moderate to 4.5 per cent in 2022-23, surged to 6.7 per cent. The elevation in price pressures was broad based and sticky, exceeding the upper tolerance level of the inflation target in several months of the year. The Reserve Bank raised the policy repo rate cumulatively by 250 basis points (bps) and changed the monetary policy stance to withdrawal of accommodation, prioritising price stability while remaining mindful of growth. In view of the dominance of supply side factors in shaping the inflation trajectory, the government introduced several targeted item specific anti-inflationary measures. Fiscal policy demonstrated a commitment to consolidation while directing public expenditure towards a large increase in growth-supportive capex. Capital formation emerged as a lead driver of growth during 2022-23.

Domestic economic activity does face challenges from an uninspiring global outlook going forward, but resilient domestic macroeconomic and financial conditions, expected dividends from past reforms and new growth opportunities from global geo-economic shifts place India at an advantageous position. Taking into account softer global commodity and food prices, good rabi crop prospects, sustained buoyancy in contact-intensive services, the government's continued thrust on capex, higher capacity utilisation in manufacturing, double digit credit growth, receding drag on purchasing power from high inflation and rising optimism among businesses and consumers, real GDP growth for 2023-24 is projected at 6.5 per cent with risks evenly balanced.

Industry and Services sector leading the recovery charge

Agriculture sector: Agriculture and allied sector growth moderated marginally in 2022-23, for the third consecutive year. The GVA of the sector grew by 3.3 per cent during 2022-23 on record production of foodgrains (including rice, wheat, maize, barley and pulses), sugarcane and rapeseed and mustard. The sector's buoyancy during the year was generally supported by normal cumulative south-west monsoon (SWM) rainfall - despite its uneven distribution over time and across regions, and delayed withdrawal - and normal north-east monsoon rains.

Going forward, rising bank credit to the sector, increased exports and higher sowing of rabi crop will be the drivers for agriculture sector. However, performance of the sector will depend on the spatial and temporal distribution of rainfall. A downside risk exists in case the intensity of El Nino is significantly strong.

Industrial Sector: During 2022-23, the industrial sector's growth moderated amidst lingering global uncertainties. The organised manufacturing sector which benefitted from the lower base as well as softer raw material costs during 2021-22 faced the brunt of rising raw material costs in H1:2022-23. The supply chain bottlenecks following the war in Ukraine coupled with elevated raw material costs, impacted the profitability of manufacturing companies. While increased sales in Q1:2022-23 cushioned the hike in raw material costs, the global slowdown impacted sales in Q2:2022-23 adversely, resulting in profit diminishing at an accelerated pace. In Q3:2022-23, a moderation in input costs could only contain the decline in profits to some extent.

Industrial output measured by the index of industrial production (IIP) expanded by 5.1 per cent during 2022-23 as compared to 11.4 per cent last year. Manufacturing sector, which accounts for three-fourths of the industrial sector largely shaped the industrial sector recovery. The micro, small and medium enterprises (MSMEs) segment, which contributes about 29 per cent of India's GDP and employs over 11 crore workers, recorded a modest recovery. The revenue for the MSME sector is projected to exceed the pre-COVID level in 2022-23 by 25 per cent.⁴ With 99.8 per cent of MSMEs being unregistered, they account for a sizeable share of the unorganised sector output and employment [National Sample Survey Organisation (NSSO), 2015-16]. Various policy measures were introduced to support the sector from the onslaught of the COVID-19 pandemic, including the Emergency Credit Line Guarantee Scheme (ECLGS), which aimed at meeting their liquidity needs for sustaining business operations. As per the assessment of the Credit Information Bureau (India) Limited (CIBIL), the scheme assisted MSME borrowers in managing their businesses better with lower non-performing assets (NPAs) for borrowers availing the facility as compared to borrowers who were eligible but did not avail of it (across all categories of micro, small and medium industries). Overall, industrial sector is valued at Rs. 45.2 trillion registering 4.4% growth in FY23.

Services sector: Services sector, which being contact-intensive faced the major brunt of COVID-19 pandemic, revived strongly in 2022-23. The high frequency indicators of services sector indicated strong growth in Q1:2022-23 supported by low base, but the momentum moderated in Q2 and Q3. In Q4:2022-23, three-wheeler sales, air passenger traffic and GST E-way bills improved while sales of passenger vehicles and construction sector moderated. Among sectors, construction, domestic trade and transport surpassed their pre-pandemic levels, while aviation, tourism and hospitality sectors, though recovering, are yet to reach the respective pre-pandemic levels. Overall, benefitting from the pent-up demand, service sector was valued at Rs. 20.6 trillion and registered growth of 9.5% y-o-y in FY23. Healthy growth in various service sector indicators like air passenger traffic, port cargo traffic, GST collections and retail credit is expected to support service sector going ahead.

Conclusion:

Despite the global growth uncertainties, Indian economy is relatively better placed. The major headwinds to economic growth are escalating geopolitical tensions, volatility in global commodity prices and shortages of key inputs. However, the bright spots for the economy are continued healthy domestic demand, support from government towards capital expenditure, moderating inflation and improving business confidence. Various high-frequency growth indicators including purchasing managers index, auto sales, bank credit, GST collections have shown improvement in the FY23. Moreover, normalizing employment situation after the opening up of economy is expected to improve and provide support to consumption expenditure.

The IMD forecasts a normal monsoon despite El Nino which bodes well for the agricultural sector's outlook however, a lot will depend on the spatial and temporal distribution of rainfall. A downside risk exists in case the intensity of El Nino is significantly strong.

Public investment is expected to exhibit healthy growth as the government has budgeted for strong capital expenditure in FY24. Private sector's intent to invest is also showing improvement as per the data announced on new project investments. However, the volatility in commodity prices and the economic uncertainties emanating from global turbulence may slow down the improvement in private capex and investment cycle.

Among sectors, the industrial segment is expected to perform better as the input costs are now moderating. With flagship programmes like 'Make in India' and the PLI schemes, the government is continuing to provide the necessary support to boost the industrial sector. Service sector is expected to see continued growth in FY24 with healthy economic growth.

IT INDUSTRY

India's IT Market – A snapshot

¹ Date for April to December 2022

² Patents filed during 2010 – 2022 in emerging technologies

While FY 2022 was a year of milestone and resurgence-an outlier for the Indian technology Industry, FY 2023 has been the year of continued revenue growth with a focus on strengthening industry fundamentals and building trust and competencies. The volatile global economic and impending recession continues to support the demand for technology adoption and digital acceleration. Consequently, technology has become a strategic imperative that is a critical component of business innovation and transformation, as well as a source of improving operational and cost efficiencies.

In FY2023, India's technology industry revenue including hardware is estimated to cross \$245 Bn(8.4% y-o-y growth), an addition of \$19 Bn over last year. Exports at \$194 Bn, are expected to grow at 9.4% in reported currency terms and 11.4% in constant currency terms. Domestic technology sector is expected to reach \$51 Bn, growing at 4.9% y-o-y. In rupee terms, domestic tech revenues is expecting a 13% y-o-y growth on the back of continued investments by enterprise and government. The Industry continues to be a net hirer, adding 2,90,000 employees, taking the total employee base to ~5.4 Mn (5.7% y-o-y growth), strengthening its position as the "Digital Talent Nation" for the world.

Key Trends and Strategies

Trends

1. **IT services** is expected to grow to 8.3% in FY 2023 compared to last year. The key drivers of growth include Application Modernization, Cloud Migration, Platformization, and Cybersecurity
2. **Business Process Management (BPM)** is undergoing a drastic transformation, growing at ~8.7% in FY 2023. Digital CX, data driven transformation, as well the position of BPM industry as a key strategic partner to the customer is driving growth.
3. **ER&D** is expected to grow at a double-digit figure of 11.1% y-o-y backed by strong fundamentals and rising demand for Indian ER&D services. Key growth drivers include strategic long-term deals, widespread proliferation of digitalization and cloudification of engineering activities.
4. **Software products**, expected to grow at 7.8% y-o-y in FY2023, is drastically altering the landscape by creating world class products from India which are scalable, thereby showcasing India's entrepreneurial prowess, and a fast developing diverse and inventive DeepTech start-up ecosystem.
5. **Indian eCommerce** industry is expected to leapfrog achieving 40% y-o-y growth in FY2023, driven by newer business models, rising demand from tier 11/111 cities, and extensive use of technology in retail through platformization for customer engagement and experience enhancement.

Strategies

1. **India's Domestic technology adoption** driven by growing cloud adoption and deals focusing on digital transformation in existing and niche verticals. The Government is also playing a key role as an enabler of technology by building public platforms, digital public infrastructure and other projects, making the 'Digital India' initiative a reality.
2. **India strengthens its position as a GCC hub in 2022** with not only expanding centres in terms of scale and value but growing number of new GCCs setting-up base in India for the first-time. Global+ local market focus, location diversification, positioning as 'Research and Innovation Hub' were some of the distinct highlights for the sector.
3. **Business and leadership strategies** revisited to transform existing models and unlock new value from emerging and niche opportunities. Firms are focusing on capability building through strategic acquisitions, partnerships and robust deal pipelines.
4. **Re-Imagining the future of workplace and workforce** Workplaces are witnessing a shift towards hybrid working and satellite offices, following decentralised delivery models and rise of satellite offices across Tier II and Tier III cities.
5. **Strengthening the tech talent pipeline** Digital skilling and emphasis on re-skilling and learning and development are expected to emerge as the leading drivers to grow digital talent and retain key employees within the organizations.
6. **Emerging technology big bets and the India opportunity** 12 technology big bets (that include sensor tech, smart robots, autonomous driving, computer vision, deep learning, autonomous analytics, AR/VR, sustainability tech, edge computing, distributed ledger, spacetechnology, 5g/6G) are areas where enterprise spend is expected to grow 2X higher than average. With investments in India for these sectors growing at a 31% CAGR, India is already home to a large number of innovative start-ups in these areas, and hence well placed to benefit from the opportunities.

Conclusion

As such, for technology providers, CY2023 is expected to be a year of rationalization (improving utilization & lower attrition), as they consolidate and strengthen current expertise, while making early moves into new business opportunities.

The growth areas of technology segments will continue to focus on digital CX, digitization, cloudification, building SaaS-enabled products, cybersecurity and platformization - digital components that are increasingly being built into all deals, partnerships and M&As.

An underlying theme that will emerge stronger is 'Focus on Quality Talent' - strengthening capabilities in niche and pure tech areas like cloud, AI/ML/NLP through reskilling/upskilling, improved and increased thrust on employee engagement, culture, health and wellness.

Digital transformation will be the most critical transformation journey that enterprises will embrace to evolve into adaptive entities, capable of absorbing volatility and building sustainable growth models. In CY2023, the immediate focus may be on wins in cost control; however, the coming 6-7 years will test organizational agility to take on bolder risks and report practical gains.

Over this Techade, the playbook to thrive in a 'No Normal' future would converge around four key themes:

1. Adapt to a No Normal Future - Change is the Only Constant
2. Digital Transformation Partners - The Big Shift
3. Trust, Resilience, Inclusion & Sustainability - Redefining the Rules of Competition
4. Digital Mastery & Innovation - The Key Differentiators

Enterprises that adapt quickly and constantly are the ones that will lead in a "No Normal Future".

WATER RESOURCE MANAGEMENT

Status of drinking water services - Globally and India

In India

Risk to food security

Risk of exceeding the carrying capacity of urban hubs

Source/further reference - https://social.niti.gov.in/uploads/sample/water_index_report2.pdf

These statistics provide a glimpse of the water-related stresses and shocks climate change could bring forth in the near future. In order to get ahead of these challenges cities should prioritise initiatives to better understand the complexities surrounding the management of water resources and their principles in practice.

Water is a renewable resource and all of Earth's water is naturally recycled through the water cycle or hydrologic cycle. The hydrological cycle is the continuing process of evaporation of water from the various surfaces, followed by condensation to form clouds, these clouds accumulate and precipitate to form rainfall which runs across surfaces in the form of surface water bodies and the water further percolates into the ground to form ground water which is collected in aquifers. The hydrological cycle directly affects the availability of freshwater resources and anthropogenic activities such as excessive withdrawals and pollution disrupt this natural process and result in water-related risks. With 97% of the Earth's water resources in the form of saltwater and only 3% as freshwater of which 70% is in the form of glacier ice, water is a limited resource. Water is required to support both ecological systems and serve human needs for economic and social development. Water needs to be managed as a common pool community resource held, to achieve food security, support livelihood, and ensure equitable and sustainable development for all.

As per Ministry of Jal Shakti information - Water availability per person is dependent on population of the country and for India, per capita water availability in the country is reducing due to increase in population. The average annual per capita water availability in the years 2001 and 2011 was assessed as 1816 cubic meters and 1545 cubic meters respectively which may further reduce to 1486 cubic meters and 1367 cubic meters in the years 2021 and 2031 respectively.

As mentioned in the report of National Commission for Integrated Water Resources Development (NCIWRD), the percentage of water used for irrigation out of the total water use for the year 1997-98 was 83.30%. Further, as per NCIWRD report, the percentage of water used for irrigation out of the total water use for the year 2025 under high demand scenario was estimated as 72.48%.

WATER RESOURCE MANAGEMENT

Figure 6: Water Resource Management.

Water Resources Management (WRM) is the process of planning, developing, and managing water resources, in terms of both water quantity and quality, across all water uses. It requires the support and guidance of institutions, infrastructure, incentives, and information systems. Water resource management also entails managing water-related risks, including floods, drought, and contamination.

Water Resource Management actions are required to tackle the challenges.

1. Rapid urbanisation due to population growth or migration, and water use volumes by various sectors in various basin and States in the country need to be assessed scientifically and reviewed at periodic intervals.
2. Over extraction of water to meet the demands from competing uses or their inability to establish an economic value for water.
3. Climate change brings rise to extreme weather conditions leading to high intensity rainfall in short durations along with longer duration of dry spells. The trends in water availability needs to be assessed and accounted during water resources planning.
4. Evolving agricultural system which need to economizes on water use and maximizes value from water, and bringing in maximum efficiency in use of water, catering to full potential of cultivable area and avoiding wastages.

5. Most cities are dependent on water from distant sources which exacerbates the problems.
6. Cities also lack appropriate infrastructure in terms of storage or treatment capacities which also give rise to the challenges of water stress and scarcity.

WATER RESOURCE – INDIA

Water has been recognized as being vital to India's economic growth, wellbeing of its people, and the sustainability of ecosystems. Over the last few years, the Government of India as well as State Governments have been implementing a range of projects focused on groundwater recharge; responsible use of water for agriculture; and use of technologies such as micro-irrigation. More significantly, the Government has consolidated institutional structures under the Ministry of Jal Shakti to bring interrelated water management functions together and drive more effective outcomes. (Source - https://social.niti.gov.in/uploads/sample/water_index_report2.pdf)

Achieving food security for India, with its rising population, is going to be a significant challenge, and water scarcity will make the goal tougher to attain. India will host more than 1.5 billion people by 2030,²⁹ and serving the food needs of its entire population will be a daunting task. Water shortages in the country are going to make this task harder. Estimates suggest that the water demand-supply gap in agriculture could be as high as 570 Billion Cubic Meters by 2030

Data-based decision making can drive significant improvements in water management in the country. Across the country, there are thousands of decisions taken on a periodic basis that determine the use of and replenishment of water resources of the country. These include decisions pertaining to irrigation network, watershed management, water supply processes, and water pricing. It is important that these decisions get taken on the basis of high-quality water data and also that different States & Union Territories in India learn from each other's best practices, thereby constantly improving their water management practices to drive up efficiency, equity, coverage and timeliness with available resource.

National Water Policy 2012: The Ministry of Water Resources, now the Jal Shakti Ministry of the Government of India, formulated the National Water Policy (NWP) 2012 to govern the planning and development of water resources for efficient use building on learnings from previous policies NWP 1987 and NWP 2002. The NWP 2012 emphasises the need for planning and management of water resources to incorporate strategies for adaptation to climate change. It also prioritizes enhancing water availability as a whole through regular assessments of trends in water availability and accounting the water allocations for different uses. Another important aspect the NWP 2012 focuses on is the conservation of river corridors, water bodies and infrastructure in a scientifically planned manner while engaging with the various stakeholders.

The policy stresses the need for establishing a 'national water informatics centre' to collect, collate and process all hydrologic and water related information (other than those of classified nature) and maintain all information in an open and transparent manner on a GIS platform.

The Jal Jeevan Mission - Urban launched on 2nd February 2021 was rolled-out to provide a comprehensive and holistic approach to achieve a water-resilient future for India and tackle water risks which are more intense and frequently occurring. The main objective of Jal Jeevan Mission - Urban is universal coverage of water supply to all households through functional taps in all 4,378 statutory towns in accordance with SDG Goal- 6. However, it also prioritizes the rejuvenation of water bodies to augment sustainable fresh water supply, circular economy of water, technology Sub-Mission for water, IEC campaign about conservation of water.

Water Resource Management – Agriculture

Water Resource Management (WRM) is key component in water use efficiency improvement initiatives in the irrigation sector. Existing process lack real-time data collection / storage and retrieval / processing / analysis / reporting, collaboration and decision support systems.

Maximising the efficiency and productivity per unit of water diverted from a river becomes particularly important when there are other uses or users of the river water. Water saved or conserved in an irrigation scheme can be used to expand the irrigated area in that scheme or can be diverted for use on another scheme.

The Major and Medium irrigation Potential Created (up to 2012) are 47 M.Hectares and due to shortcomings in water reaching to the potential area, the Utilized is 35 M.Hectares. The percentage of potential utilised to potential created through Major & Medium Irrigation projects up to the end of XI Plan was 72.98%

The following table T14 gives Ultimate Irrigation Potential (UIP), IPC and IPU up to XI Plan of the States having percentage of IPU to IPC at least 75%.

Table T14: Cumulative Irrigation Potential Created/ Utilised for Major & Medium Irrigation up to XI Plan

The dire need for modernisation of existing infrastructure, is to help meet the increased demand, and need to increase the irrigable area, which in turn is now compelling the water efficiency improvement projects as actionable, that drives investment in this segment.

Modernization includes components of automation for measurement, communication and providing a common collaboration WRM platform for planning, release, and control of water, including availability of water, cropping pattern-based water demand, managing water release cycle to meet the demand and the volumetric utilization in defined period by the blocks. Providing real time inputs, decision support to the operators and controlling inputs are essential features of our system.

Initiatives being taken for WRM in agriculture.

- Pradhan Mantri Krishi Sinchayee Yojna (PMKSY), The major objective of PMKSY is to achieve convergence of investments in irrigation at the field level, expand cultivable area under assured irrigation, improve on-farm water use efficiency to reduce wastage of water, enhance the adoption of precision-irrigation and other water saving technologies (More crop per drop), enhance recharge of aquifers and introduce sustainable water conservation practices by exploring the feasibility of reusing treated municipal waste water for peri-urban agriculture and attract greater private investment in precision irrigation system. For Financial Year 2022-23, an outlay of Rs.4043.38 crore has been Allocated under More Crop Per Drop (PDMC) Scheme.
- Central Water Commission has taken up a new initiative “Support for Irrigation Modernization Program (SIMP)” with technical assistance from the Asian Development Bank (ADB) to modernize Major / Medium Irrigation (MMI) projects in the country. Objective of the programme is to improve Water Use Efficiency, increase crop water productivity and ultimately increase farmer’s income in the command area of the projects through application of national / international best practices.

In April 2012, erstwhile Ministry of Water Resources initiated World Bank assisted Dam Rehabilitation and Improvement Project (DRIP), to improve the safety and operational performance of selected dams, coupled with institutional strengthening through a system wide management approach. The Scheme had provision to rehabilitate 223 dams, located in 7 States Jharkhand, Karnataka, Kerala, Madhya Pradesh, Odisha, Tamil Nadu and Uttarakhand, with 10 Implementing Agencies on board. The budget outlay of the Scheme was Rs.3466 Cr. The Scheme successfully closed in March 2021. This Scheme addressed overarching pillars of dam safety like structural integrity, surveillance and maintenance, instrumentation and monitoring, design intrinsic risks, natural hazard risks, emergency and operational planning with adequate provision of

capacity building including physical rehabilitation. Scheme has generated opportunities for Indian professionals to provide technical support to various African and South Asian Countries in the area of dam safety.

Another externally aided Scheme DRIP Phase II and Phase III has been approved by Govt. of India. This Scheme has rehabilitation provision of 736 dams at the budget outlay of Rs 10211 Cr, having 10 years duration, to be implemented in two phases of 6 years duration with two years overlap. 19 States, and three Central Agencies are part of this Scheme. The Phase II of Scheme has co-financing provision, wherein external assistance of USD 500 million, is equally shared between the World Bank and Asian Infrastructure Investment Bank. The scheme has been declared effective in October 2021.

Significant investment in modernisation of water bodies by the government, will provide an opportunity for automations and software companies to provide water use efficiency improvement and equitable distribution solutions, and other solution such as early flood warning, water accounting, water dispute management, etc. These investments are from government, and backed by World Bank, Asian Development Bank, AIIB, JICA, etc.

OVERVIEW

Started in 1991, Canarys is a leading IT solutions provider with over 30 years of existence in the industry. Our expertise lies in enabling digital transformation for businesses through our comprehensive range of software solutions in the space of Digitalization, Modernization, Automation and Intelligence.

Our Company was originally incorporated as a private limited company under the Companies Act, 1956 in the name and style of “Canarys Automations Private Limited” pursuant to certificate of incorporation dated July 1, 1991 issued by the RoC, Bengaluru, Karnataka. Our Company became a deemed public limited company under Section 43A of the Companies Act, 1956 and the word ‘private’ was deleted with effect from June 22, 1992. Our Company became a private limited company, pursuant to Section 43A(2A) of Companies Act, 1956 with effect from June 20, 2000. Subsequently, our Company was converted into public limited company pursuant to special resolution passed in the EGM held on August 01, 2006, and consequently, the name of our Company was changed to “Canarys Automations Limited” and a fresh certificate of incorporation consequent upon conversion from private company to public company was issued by RoC, Bengaluru, Karnataka on September 21, 2006. Subsequently, our Company was converted into private limited company pursuant to the approval of our shareholders at an EGM held on November 16, 2007, and Consequently, the name of our Company was changed to “Canarys Automations Private Limited” and a fresh certificate of incorporation consequent upon conversion from public company to private company was issued by RoC, Bengaluru, Karnataka on November 27, 2007. Subsequently, our Company was converted into public limited company pursuant special resolution passed by the shareholders at the EGM held on May 19, 2023, and consequently, the name of our Company was changed to “Canarys Automations Limited” and a fresh certificate of incorporation consequent upon conversion from private company to public company was issued by RoC, Bengaluru, Karnataka on June 27, 2023.

Our business operates across two verticals.

- **Technology solutions:** Our technology solution offerings include multiple array of consulting solutions in Digitalization, Modernization, Cloudification, Automation, Transformation and Intelligence. Technology expertise includes DevOps Consulting (Azure, GitHub, Atlassian, GitLab, etc.), Cloud Consulting (Azure, AWS, GCP), Digital Enterprise Solutions using SAP, MS Dynamics 365, RPA, Digital Applications and Mobility Solutions.
- **Water Resource Management Solution:** We offer automation solutions to modernize irrigation water conservation, and improve water use efficiency, Turnkey flood risk assessment and mitigation, cloud based water utilisation process automation for water sharing in rivers and canals and SCADA gate control systems.

At Canarys, we understand the evolving demands of the digital landscape, and we are dedicated to helping organizations harness the power of technology to drive growth and success. Our solutions span across various industry sectors, BFSI, Retail, Healthcare, Pharmaceutical, Manufacturing, Insurance and more.

With a strong focus on digital transformation, we empower businesses to optimize their operations, enhance customer experiences, and stay ahead of the competition. Our commitment to excellence has been recognized and rewarded by various customers, alliance partners and OEM’s.

Our Company is promoted by Mr. Metikurke Ramaswamy Raman Subbarao, Mr. Danavadi Krishnamurthy Arun, Mr. Raghu Chandrashekhariah, Mr. Sheshadri Yedavanahalli Srinivas, Mr. Pushparaj Shetty and Mr. Nagaraju Vineeth.

OUR SOLUTIONS AND SERVICES

Our business operates across two verticals: Technology solutions and Water Resource Management solutions. A brief description of our solution offerings within these two verticals are given below.

TECHNOLOGY SOLUTIONS: Our technology solution offerings include multiple array of consulting solutions in Digitalization, Modernization, Cloudification, Automation, Transformation and Intelligence

A detailed description on our Technology Solution offering is as follows:

a. **Digitization Solution** refers to the use of digital technologies to assist clients in changing their business model and provide new revenue and value-producing opportunities; it is the process of moving to a digital business. Canarys provides tools and solutions for businesses to utilize data and make unbiased decisions – analyse meaningful data and make smart decisions. Digital transformation Solution takes place in three progressive stages - first is to digitize business - transforming analog or manual or traditional systems to their digital equivalents. Second step is *Digitalization* - the process of rewriting business processes infusing digital technologies. The third part is the *Digital Transformation* - in which new business systems, models and customer experiences are created. We combine Cloud, mobility, social media and analytics into our Digitalization Solution. The following value addition and benefits accrue out of our Digitalization Solution:

- **Increased efficiency:** Digital data can be stored and processed more efficiently than analog data. This can lead to savings in time and money.
- **Improved accuracy:** Digital data is less prone to errors than analog data. This can lead to improved decision-making.
- **Increased flexibility:** Digital data can be easily shared and accessed from anywhere. This can improve collaboration and communication.
- **Enhanced security:** Digital data can be more easily secured than analog data. This can help to protect sensitive information.

b. **Modernization** refers to conversion of legacy system and applications into modern programming languages. We provide a robust technology architecture for re-writing and porting a client's legacy systems to modern programming languages and architecture (e.g. microservices) along with software libraries, protocols and/or hardware platforms. Legacy transformation aims to retain and extend the value of the legacy investment of our clients through migration to new platforms to benefit from the advantage of the new technologies. The following value and benefits accrue through our Modernization Solution:

- **Improved performance:** Legacy applications are often slow and inefficient. Modernization can help to improve performance by using newer technologies and architectures.
- **Increased security:** Legacy applications are often not secure. Modernization can help to improve security by using newer security features and practices.
- **Enhanced compliance:** Legacy applications may not be compliant with current regulations. Modernization can help to ensure compliance by updating the applications to meet the latest requirements.

- **Reduced costs:** Modernization can help to reduce costs by eliminating the need to maintain and support legacy applications.
- **Improved agility:** Modernized applications are more agile and can be easily adapted to change. This can help businesses to stay ahead of the competition.
- **Increased flexibility:** Modernized applications are more flexible and can be easily deployed and scaled. This can help businesses to meet the needs of a growing customer base.
- **Improved user experience:** Modernized applications can provide a better user experience by using newer technologies and design principles. This can help to improve customer satisfaction.

c. **Cloudification** refers to migration of applications from on premise servers to cloud based platforms. Canarys provides a seamless transition of business applications to cloud platforms with zero downtime, enhancing the overall migration via continuous monitoring and optimisation and management of server resources. This is a solution to many desired outcomes including:

- **Cost:** Cloud computing can be more cost-effective than traditional on-premises IT solutions.
- **Scalability:** Cloud computing can be scaled up or down easily to meet changing needs.
- **Agility:** Cloud computing can help businesses to be more agile and responsive to change.
- **Security:** Cloud providers offer a variety of security features to protect data and applications.
- **Compliance:** Cloud providers can help businesses to comply with regulations.

Our Cloudification solution includes:

- **Lift and shift:** This is the process of moving applications and data from on-premises to the cloud without making any changes. This is the simplest and most cost-effective way to move to the cloud, but it may not be the most efficient.
- **Re-platform:** This is the process of moving applications and data to the cloud and making changes to the applications to take advantage of cloud-based features. This is a more complex and expensive process than lift and shift, but it can be more efficient.

d. **Automation** refers to the process of creating software and systems to replace repeatable processes and reduce manual intervention. Our Automation Solution offers a combination of infusing business/domain/industry depth and process of using technology to perform tasks that would otherwise be done by humans and linear software. It can be used to improve efficiency, accuracy, and productivity. We also offer Robotic Process Automation solutions to manage recurring and commoditized tasks thereby reducing staffing cost and human errors. Canarys Automation Solutions can be used as a solution to a variety of problems, including and deriving the following benefit:

- **Repetitive tasks:** Automation can be used to automate repetitive tasks, freeing up humans to focus on more creative and strategic work.
- **Error-prone tasks:** Automation can be used to reduce the risk of errors in tasks that are prone to human error.
- **Time-consuming tasks:** Automation can be used to speed up tasks that are time-consuming.
- **Physically demanding tasks:** Automation can be used to reduce the physical demands of tasks that are physically demanding.
- **Dangerous tasks:** Automation can be used to reduce the risk of injury in tasks that are dangerous.

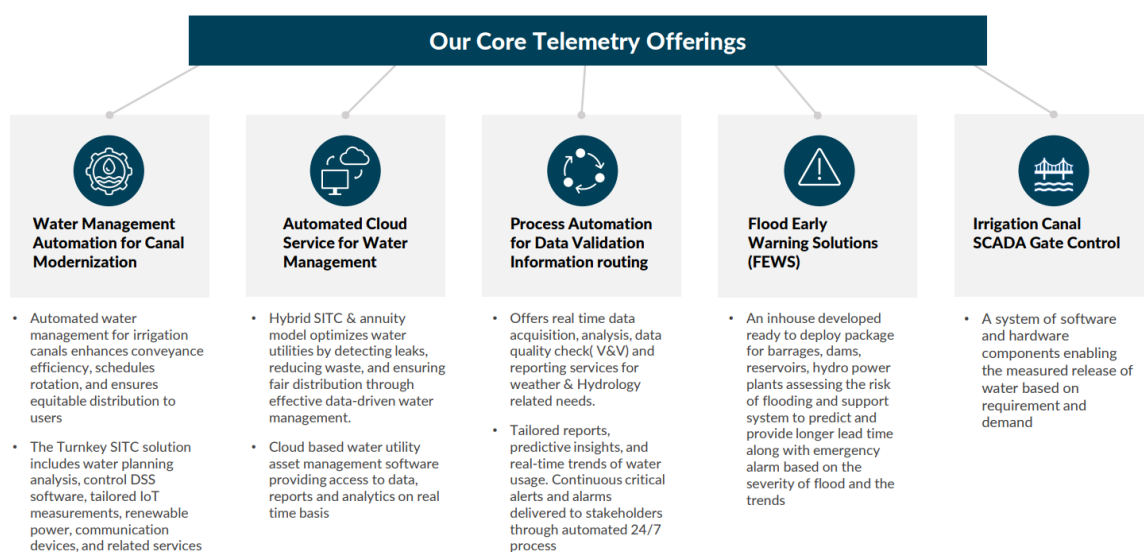

e. **Transformation** involves replacing old, obsolete tools and processes with cutting-edge technologies and software applications to speed work. Canarys transformation solution is the process of changing the way a business operates in order to improve its performance of our customers, our solution wholistically addresses the business needs through:

- **Digital transformation:** This is the process of using digital technologies to improve the way a business operates. This can include things like implementing cloud computing, using big data analytics, or deploying mobile applications.
- **Operational transformation:** This is the process of improving the efficiency and effectiveness of a business's operations. This can include things like streamlining processes, improving quality control, or reducing costs.
- **Cultural transformation:** This is the process of changing the culture of a business. This can include things like changing the way employees think about work, or creating a more collaborative and innovative environment.
- **Strategic transformation:** This is the process of changing the strategy of a business. This can include things like entering new markets, launching new products, or acquiring new businesses.

- f. **Intelligence** solution refers to the use of proprietary and generic artificial intelligence (AI) tools to solve business problems. AI can be used to automate tasks, improve decision-making, and generate new insights, fraud detection and customer service. The benefits of using our Intelligence solution can be significant including:
- Improved efficiency: AI can help to improve efficiency by automating tasks and making decisions more quickly and accurately.
 - Increased accuracy: AI can help to increase accuracy by identifying patterns and trends in data that humans may not be able to see.
 - Reduced costs: AI can help to reduce costs by automating tasks and eliminating the need for human intervention.
 - Improved customer service: AI can help to improve customer service by providing 24/7 support and resolving issues more quickly.
 - Enhanced security: AI can help to enhance security by detecting fraud and identifying potential threats.

WATER RESOURCE MANAGEMENT SOLUTIONS:

We offer automation solutions to modernize irrigation water conservation, and improve water use efficiency. Turnkey flood risk assessment and mitigation. Cloud based, water utilisation process automation for water sharing in rivers and Canals. SCADA gate control systems.

Process of Procurement of Hydrology devices and Meteorology devices

Procuring hydrology and meteorology devices for water management solutions involves a systematic process to ensure the selection of equipment and their sub components as per project design requirements. During the design phase, pre and post the bidding/contract, the Company identifies the specific needs and objectives of the water management project and assesses the parameters and information needs of the customer. Using these as inputs, the entire solution is designed and shared as part of technical documentation and compliances. The procurement process is initiated by issuing a Request for Proposal (RFP) or Request for Quotation (RFQ) as specified in the bid to potential vendors/manufacturers by clearly defining our requirements, expectations, and evaluation criteria in the RFP/RFQ. The proposals received from vendors/manufacturers are evaluated based on criteria such as device specifications, pricing, warranty, technical support, delivery timelines and after-sales support prior choosing specific product for the project.

Details of various devices used:

The details of few of the devices used in the hydrology and metrology projects is given below:

- **Transit Time Flow Meters** – Used for open channel volumetric flow measurement in rivers and irrigation channels.
- **Non-Contact Radar Flow Meters** – Used for open channel volumetric flow measurement in rivers and irrigation channels.
- **Automatic Water Level Recorders – Non-Contact Radar** – Used for water level measurements in rivers, reservoirs, barrages, and irrigation channels.
- **Automatic Water Level Recorders – Hydrostatic Pressure Sensors** – Used for water level measurement in groundwater applications.
- **Automatic Water Level Recorders – Shaft Encoder Type** – Used for water level measurement in reservoirs.

- **Side Looking Doppler Flow Meters** – Used for open channel volumetric flow measurement in rivers and irrigation channels.
- **Gate Position Sensors – Shaft Encoder Type** – Used to determine position of sluice and regulator gates in reservoirs, to measure the gate opening and the volume of water passing through.
- **SCADA Based irrigation gates** – Used for canal automation, by controlling the flow from main channels to the secondary and tertiary channels to ensure effective water distribution management.
- **Automatic Weather Stations** – Used for measuring various weather parameters like wind speed, wind direction, temp and humidity, solar radiation, evaporation, Atmospheric pressure, rainfall etc.
- **Electronics: Data Loggers/RTU's** – Used to power the sensors, control the measurement and logging cycles, collect data, and transmit to control centers from all above sensors.
- **UHF transmitters** – INSAT transmitters with antenna and accessories to transmit remote station data securely and unidirectionally to Earth Receiving Center, New Delhi. This is licensed band and these UHF transmitters are identified at ERC and INSAT allows on these id's with specific satellite frequency and time window
- **Charge Controllers** – Solar Charge Controllers, that maximise current harvesting from solar panels to power the remote station, charge the battery, safe guard the battery and the electronics it is powering.
- **Radar Sensors** – Radar Sensors are non-contact type sensors for Water level measurement and water velocity measurement. They are used in reservoirs, lakes, rivers, tanks etc to measure the depth of water which is an important parameter for our software analysis.
- **Rotary Gate Position sensors** – These gate position sensors are used to measure and know the status of the gate at open, close or exact position in-between. The gate opening of sluice gates, offtake gates in canals and reservoirs will help understand the area through which the water flows out, using our software algorithms, we determine the volume of water flowing through.

The aforesaid devices are generally sourced from various countries including Germany, Croatia, Switzerland, United States of America, Singapore, Australia, United Kingdom and Netherlands. Few devices are also sourced locally.

Details of any agreement with suppliers, details of any tie-ups/ existing projects etc

We have not executed any long-term supply contracts with the suppliers. Typically, we enter into contract with the suppliers for procurement of devices on a project-to-project basis have no long term tie-ups with any particular suppliers.

INDUSTRIES WE SERVE:

Over the past 3 decades we have provided business applications to ~ 1000 customers. Besides India, we have serviced customers from more than 10 countries. These include – USA, UK, Canada, Germany, Singapore, Malayasia, Brunei, Australia, Srilanka and Indonesia. These customers come from diverse industries. This experience has enabled us to build experience and industry solutions for the following:

Aviation

Energy

Manufacturing

Digital Marketing

BFSI

Healthcare

Mining

Conglomerate

Consulting Services

Technology

Pharma

OUR PROPRIETARY SOLUTIONS

Our company has developed Industry specific and Technology specific solutions that showcase our technology capabilities to our current and prospective clients. These Intellectual Property assets given below are listed on our partner stores.

We have built the following state-of-the-art DevOps solutions, frameworks, and processes to help customer for seamless adoption of DevOps platform covering every aspect of transformation and consolidation.

1. DevOpSmartBoard (DSB)

Ultimate end-to-end and one stop Dashboard for Azure DevOps. DevOpSmartBoard generates key metrics at the Azure DevOps organization and Project level and at the team project level. This gives users the freedom to access various types of reports based on different needs either role based or SDLC (Software Development Life Cycle) stage.

Key features

- No back end used for information display, data will be parsed from API (Application Programming Interface) and dynamically displayed.
- Reports available at both org level and project level.
- Reports for engineering heads, project managers and developers
- Authentication and access same as Azure DevOps so that the user can see only reports which he/she has access.

2. GitHubSmartBoard

With GitHub SmartBoard, clients can quickly access crucial GitHub analytics, see metrics, reports, and insights of the organization including tracking the user licenses, feature usage, third-party integrations, pipeline/action statistics, and also billing data in terms of consumption. For Engineering Heads and Project Managers, a single intuitive dashboard provides a bird's eye view of all organisation, reports, issues, actions, and usage across the entire organization.

3. Azure DevOps (VSTS) Copy Project

Azure DevOps (VSTS) Copy Project helps in migration of an individual Project from one organization in Azure DevOps Services (ADO) to another, or from Team Foundation Server (TFS) to ADO or vice-versa. Our Copy Project provides copying of the project one at a time to target with complete work item history, git repos, pipelines, test plans and project configurations.

Key Features:

- New project within the same Azure DevOps Organization.
- New project across Azure DevOps Organizations.
- An existing project in the destination within the same Azure DevOps Organization.
- An existing project in the destination across Azure DevOps Organizations.

- One Azure AD tenant to another Azure AD tenant.

4. Bugzilla to Azure DevOps Migrator

Bugzilla Migrator solution helps in moving the data from Bugzilla to Microsoft DevOps Platform that is Azure DevOps Services (ADO) or Server (TFS) and significantly simplifies the migration process and mitigate potential challenges.

Key features

- Automated Data Extraction
- Data Mapping and Transformation
- Attachment Migration
- Workflow and Customization Support
- Error Handling and Logging

5. Redmine to Azure DevOps Migrator

We provide end-to-end solution to migrate data from Redmine to Azure DevOps. It is a well-designed and tailored migration tool which saves time, effort, and potential errors associated with manual or generic migration approaches.

Key features

- Streamlines the migration process, minimize disruptions, and enable a successful transition from Redmine to Azure DevOps
- Tool can be customized to match specific needs of the customer.
- Identifies and handles exceptions, provides detailed error messages, and offers mechanisms to retry or recover from failures.

6. Clone Project

Clone Project minimizes the large amount of time and mouse clicks needed to manually create & configure new projects with a lot of different settings within the project like different Teams, different columns, card colours, rules, fields, custom queries, custom dashboards, GIT repos, pipeline definitions. Setting all of this up manually every time can take hours, days or longer, but with our extension it would take the least minimal time. It helps in easily provisioning a project from a source template(project) to target new project within or across organizations.

Key features

- Clones work items with single revision along with attachments and links
- Clones GIT Repos, pipelines, boards, groups, users
- Works for customized process template within same organization

7. RollUp

Canarys RollUp is a web service which runs in the background with the help of trigger-based work item events, like work item create and update events. The service helps in configuring the webhooks in the project settings, which triggers the RollUp service. The RollUp service sums up the effort field values of child work items, namely - Original Estimate, Completed Work and Remaining Work and updates consolidated values in the parent work item fields. It allows project managers to obtain a consolidated view of estimated or completed work, effort, and other relevant metrics at higher-level work items.

Key features

- Provides automated summation of effort fields across different levels of work items.
- This resolves the challenge of having to navigate through multiple levels of work items and manually perform calculations.
- Simplifies the task of aggregating and analyzing data for project management purposes.
- Project managers can rely on the RollUp feature to provide accurate and up-to-date information

8. Parent Auto Close

“Canarys Parent Auto Close” extension verifies the state of a parent work item based on the states of its child work items. If all child work items are in the closed state, the parent work item is set to closed. Whenever work items are modified

the Canarys extension will check the criteria to update the parent item, thus ensuring the parent work item is always in the correct state based on the status of its child work items.

9. Traceability Matrix

Canarys Traceability Matrix provides traceability from Epic to Features and from PBI to Task, Test Cases and Bugs along with commits, PR and pipelines.

Key Features

- Assembla to JIRA Migrator
- JIRA To ADO Migration and Integration
- ServiceNow to ADO Migrator
- Automated Project Onboarding platform for DevOps
- Azure DevOps Subscriber Management
- Azure DevOps User Management at Organization and Project level

OUR GROWTH STRATEGY

Our future business growth will be primarily driven across the following 3 factors.

1. **International expansion:** Currently 50.54% of the Company's service revenue is currently from international customers. Besides working on strengthening the Sales & Marketing in US and APAC , we are also working on developing business in the geographies of Europe,
2. **Market specific technology offerings:** Across our customer landscape we intend to accelerate our solutions and service offering targeting specific needs of user community by identifying specific use cases which can accelerate the business growth.

Expansion of Water Resource Management Solutions business:

The Jal Shakti Ministry of the Government of India, has a strategic mission to achieve a water-resilient future for India and tackle water risks which are more intense and frequently occurring. In addition, the Central Water Commission under the "Support for Irrigation Modernization Program (SIMP)" initiative with technical assistance from the Asian Development Bank (ADB) aims to modernize Major / Medium Irrigation (MMI) projects in the country. All such initiatives are leading to a significant investment in Water Resource Management and Automation projects in the country. Our extensive track record and project execution capabilities in this space allows us to gain a competitive advantage in terms of successfully bidding for future projects. Canarys has successfully developed technologies such as flood early warning system, irrigation water distribution management automation system, transit time Volumetric flow measurement system for open channel flow etc which helps us win trust of existing and new customers and will continue to augment its capabilities in this segment to stay ahead of the competition.

CASE STUDY: TECHNOLOGY SOLUTIONS

4. CLOUDIFICATION OF A FRENCH NETWORK OPERATOR AND DIGITAL SERVICE INTEGRATOR OFFERING END TO END SERVICES

Background: client had over 2,000 servers in three datacentres spread over different geo-locations. Client was looking for a reliable, repeatable, methodology driven solution to migrate servers to cloud without compromising security and operational efficiencies.

Constraints to be addressed:

1. Managing the analysis and migration of the complex datacentres spread over different geo-locations
2. Migrating legacy servers while refactoring their adaptability
3. Reducing the number of pre-requisites and determining cost modelling for migration

Solutions:

- Automated solution scanned and assessed datacentres to offer a deep understanding of deployable workloads with advisories for optimal placement into right sized Azure stack environment
- Modelled the Azure Stack with the knowledge base required to start secure assessment and migration planning
- Identified EOL workloads with AI powered engine. Issued an R-Lane refactoring advisory to finetune workloads
- Streamlined procedures by reducing the pre-requisites for migration, Also offered accurate TCO for all proposed deployment models
- Offered a highly configurable automated provisioning solution to scale migration with near zero downtime without any data loss.
- Achieved successful migration of clients information to Azure servers

5. AZURE DEVOPS AUTOMATION

Our customer is a leading industrial software partner, with more than 60 locations worldwide. Their solutions address complex business processes where it is critical to optimize the asset design, operation, and maintenance lifecycle.

A chain of challenges

Our customer owns 200+ products that allow manufacturers optimize their Engineering, Manufacturing and Supply chains. The team was using several tools to manage their product development and customer management that do not interface with each other. They were using AHA, Salesforce and Clear Quest (CQ) for their Defect, Testcase and Requirements management. They were looking for a consolidated Project/Process management tool. Huge data was coming from Salesforce and CQ and many times they had to update data from Salesforce to CQ. This was manual and time/effort taking process. When there is change in CQ items the same must be updated in Salesforce which was tedious, error prone and time consuming. The team was also using excel sheets to manage requirements. Since they were using lots of disconnected tools lot of time and effort was spent in collating the data and preparing the cumulative reporting/traceability for all the stake holders. Canarys stepped in to implement VSTS which led to **40% saving in cost and 30% faster development life cycle.**

Our lateral and logical approach

In addition to the inconsistency of tools across the organization, licensing costs (like CQ) were a significant chunk of the engineering budget and during our interaction with the client, they realized that VSTS can be used for Defect, Testcase and Requirements management, hence they decided to sunset the CQ tool.

Following an in-depth assessment, Canarys presented DevOps roadmap by leveraging its benefits of VSTS, Azure and Visual Studio procurement for the entire business unit of **800+ engineers** and based on our technical discussion the scope of the engagement was defined with the following main goals:

- Development of AHA to VSTS Synchronization Tool to avoid multiple data entry
- Sunset ClearQuest and Migration of CQ data to VSTS (around 2 Lakh records containing Defects and Test Cases of total size 200GB)
- Development of custom PowerBI reports to provide project visibility to higher management
- VSTS Process Customization to comply with customer process
- Defining new work item types to capture additional data for auditing and management purpose
- Development of tools & extensions for VSTS to cater to business needs

A peek in to the solution delivered

Phase 1: After a thorough understanding of current environment, toolset, customer challenges and expectations, we defined the roadmap with multiple phases starting with setting up VSTS with Hosted XML Process model. VSTS process template was built from ground-up including custom work item types, state flows, fields to capture the data and custom groups and queries etc. to support end-end traceability and visibility into projects. New fields and work items were also created to include support for AHA and VSTS synchronization, data migration from ClearQuest.

Phase 2: We **built a tool to migrate** all their tasks, defects and test cases from **ClearQuest to VSTS** so that the client can achieve the traceability from defect to task to code. We migrated the entire **ClearQuest** data of around 2 Lakh items of approx. 200GB size (tasks, defects and test cases) into a Customized VSTS Tasks, Bug and Test Case Work Item.

Custom fields and workflow were defined for work items like User Story, Feature, Requirement and Task.

Developed tools to assist in Data migration from Excel to VSTS

1. Bulk update of excel data to work item
2. Work item links update
3. Work item de-link
4. Tool for copying of field values from one work item to another along links, attachments
5. Bulk delete of work item

We also created a few new work item types like:

1. Target-Version for Fix
2. Documentation Task
3. Task Doc Update
4. Emergency Change Request
5. Security Issue

Phase 3: We built the two-way synchronization tool between **AHA (SaaS based product roadmap software)** and **VSTS** using Rest API's provided by Microsoft and AHA and event-based trigger. The webservice which was hosted on Azure will listen to event changes either in VSTS or AHA and triggers the necessary action like creating a new item in VSTS or AHA and updating items based on ID's in real time. VSTS Service hooks were created to trigger the work item change events which will in-turn call the webservice hosted on Azure.

There were 6 tools or Webservices built by us to accommodate the increasing business requirements. During this phase, we also built extensions/tools like:

- **Rollup:** This webservice will listen to work item change event and rolls-up the effort fields like Estimated, Remaining, and Completed from Tasks to User Stories to Features.
- **Area Path Uploader:** This tool was created to upload huge number of Area Paths available in Excel sheet to VSTS.
- **Copy Dashboard**
- **Rollback of State of Defect:** This web service will roll back the state of Defect from closed to Active if the user tries to close the Defect but still it has pending child items.

- **Offline Test Execution Result update:** When the team does offline test execution, the test cases are exported to Excel then update with test results along with related Defect ID's. The tool will update VSTS with Test results and link the defects to respective Test Runs.

During this phase, the roadmap was defined for **configuring Continuous Integration and Continuous Deployment pipeline and moving the apps to cloud.**

To successfully migrate and implement DevOps, we had used following software:

- VSTS
- Microsoft Windows Server 2012/2016
- Microsoft Visual Studio 2015 Professional
- Microsoft Visual Studio 2015 Enterprise
- Microsoft Visual Studio 2017 Enterprise
- SQL Server 2012 and SQL Server 2016
- Azure AD Connect
- Azure Resource Groups, Azure Storage
- Azure Active Directory
- SQL Azure

Outcomes

With the implementation of VSTS, the overall infrastructure investments, maintenance and **resource costs was reduced by 40%**. The overall solution helped in achieving not only customer challenges but also license savings (sunset of Clear Quest, JIRA, Trello and other tools) of greater than USD 300K in work item management tools and USD 100K in other tools. And, the overall development cycle was reduced by approximately **30%**.

- **Team Collaboration:** Developers from different time zone use integrated toolset to collaborate, plan, and manage the Iteration/Release cycle.
- **Availability:** Guaranteed at least 99.9% availability of Visual Studio Team Services.
- **Focus and Reduced cost:** Teams can now focus on higher value tasks for the client business instead mundane data entry activities which reduces the project running cost by 40%
- **Transparency:** Now developers have seamless access to cloud Infrastructure (IaaS, PaaS & SaaS) models and the working relationship is transparent.
- **Reduction in License cost:** Since Clear Quest and other tools like JIRA and Trello were replaced with VSTS, customer realized huge cost saving spent on Licensing of tools considering the user base of approx. 800 users.
- **Reduced Effort:** Due to automation tools like Rollup, AHA-VSTS Sync tool, Copy Dashboard and other tools, lot of manual work is automated and with that talent repurpose and efficiency increased.

6. APP MODERNIZATION CAPABILITIES

Context

An Indian Conglomerate realized the need to modernize its apps and move to cloud. They had a large suite of more than 100 apps that need to be modernized. They required a well-planned architecture and roadmap for modernization which included high-level and low-level design. Their main concern was timely execution and security as they had faced security incidents in the past. They approached Canarys for a modernization pilot with 10 of their apps.

Our approach

- Canarys' app-modernization team in analyzing the architecture of the 10 apps and high-level architecture and landing zone for the rest of the apps in the suite.
- A roadmap was evolved to modernize the apps. The key concerns – security, performance and high-availability were addressed in the proposed architecture.
- 10 apps had to be re-written. Some were converted to microservices and containerized and hosted on managed Kubernetes service. Others were rewritten to utilize cloud services.
- The Pilot was completed in time despite the wide diversity of applications and requirements of various teams and stakeholders within the Client.

Value Adds & Benefits

- Canarys' pilot implementation paved the way for large scale modernization of the client's apps.
- The deployment architecture formed the base for the modernization of rest of the apps.

- The organization could now monitor possible security risks for their apps.
- The ToC of their apps was reduced significantly by the adoption of Hybrid Cloud approach.
- The client could now manage the scalability and high availability requirements cost effectively.
- Canarys also shared Cost optimization methods for the scheme of apps on cloud borrowing from experience of various such implementation.

CASE STUDY: Water Resource Management solution

Implemented Decision Support System for managing equitable water distribution for Cauvery Delta in India

Problem statement

The Cauvery Delta in south-east India suffers from several water-related issues. First and foremost is water scarcity which stems primarily from a lack of investment in water infrastructure, mainly due to water sharing disputes among neighbouring states for more than 50 years. Furthermore, dilapidated agriculture drainage systems and the flat delta terrain, especially in the Vennar Sub Basin, has led to recurrent flooding. These issues are exacerbated by high salinity and limited fresh groundwater due to malfunctioning of aged tail-end regulators which are intended to prevent seawater ingress into the lower reaches of the delta.

Solution

The comprehensive solution consist of following components

- **Canarys Integrated Field Stations** : integration of various IOT devices such as Radar Water-level sensor, velocity and volumetric flow measurement system, Automatic weather station, Gate position sensor were procured, designed, assembled– Supplied-Installed-Tested and Commissioned by Canarys
- **Canarys DSS Software**: data from IOT devices is captured using Global system for Mobile Communication / General Packet Radio Service connectivity for real-time transmission to DSS servers at Scheme operating Centre. To optimise project cost, also enabled the gate keepers and field staff to manually collect data transmitted using smart phones via a Canarys DSS Mobile App. The DSS software allows for
 - Planning seasonal demand forecasts of water based on crop and drinking water needs
 - understanding of stage-wise crop water planning, creating demand plan
 - Create viable water demand plans to match actual releases
 - Capture water demand requests and aggregate for analysis and decisions;
 - Capture visual evidence (photographs) through the Mobile App
 - Grievances submission from Water User Associations or farmers through the Mobile app;
 - Capture maintenance requests and monitor progress of maintenance and works activities;
 - Track whether instrumentation assets are reporting data or need maintenance
- Scheme Operating Center (SOC)

The Project features a Scheme Operations Center (SOC) that brings together all stakeholders both virtually (to use the DSS data) and physically (a space for project officers to interact, discuss and develop strategy/scenarios).

The fully furnished SOC provides users with;

- HPE based 3 node hyperconvergence servers, power supplies.
- Leased line and LAN network, Router, Firewall, core switch, management switch, cooled rack, etc.
- Data analysis centre equipped with workstations, and a training/discussion lounge adjoining the server room.
- A centralized portal for receiving and accessing all data/information, and software for processing large datasets on a 24/7 / 365 basis,
- Large screen monitoring and Video conferencing capability and a discussion area.
- Operational forecasts based on external data of weather and water releases in rivers.
- Dissemination (broadcast and communication) of routine reports and alerts both through mobile app and SMS

Contract Value: INR 909.00 Lakhs break up as follows

- INR 643.00 lakhs for Supply and Commissioning (SITC) of Decision support System, including the IoT field instruments and telemetry
- INR 266.00 for operation and maintenance over 5 years paid semi-annually

COLLABORATION & JOINT VENTURES

As on the date of this Prospectus, our Company has not entered into any collaboration agreements. Our Company has formed a joint venture in the name of ‘Canarys-Hanuka Apo Technologies Private Limited’ (“Joint Venture”/ “JV”) by entering into a joint venture agreement dated July 1, 2021 with Hanuka Technology Solutions Private Limited. The JV has undertaken the project to address the Integrated Water Management System (IWMS) business. The JV is currently involved in the business of carrying turnkey projects.

PLANT AND MACHINERY

For details on Plant and Machinery our Company, please refer “*Note 11 - Property, Plant and Equipment, Intangible assets and Depreciation Schedule*” under section titled “*Restated Consolidated Financial Statements*” beginning on Page 225 of this Prospectus.

CAPACITY AND CAPACITY UTILIZATION

Our company is not engaged in the manufacturing of goods and hence capacity and capacity utilization is not applicable to our company

COMPETITION

We are an experienced Technology Solutions and Water Resource Management Solutions provider. We compete with a variety of software product development and IT companies, as well as few water resource management solution service providers. We believe that the key competitive factors in our industry include changing technologies, customer preferences and needs and the ability to rapidly deliver solutions supporting such evolving needs.

Other competitive factors include are reputation and track record, industry expertise, breadth and depth of service offerings, quality of the services offered, language, marketing and selling skills, scalability of infrastructure, ability to address customers’ timing requirements and price. For more information, please see “*Risk Factor no. 52 – We face competition from onshore and offshore IT services companies, and increased competition, our inability to compete successfully against competitors, pricing pressures or loss of market share could materially adversely affect our business, financial condition and results of operations.*” on page 51.

HUMAN RESOURCE

We believe that our employees are key contributors to our business success. We focus on attracting and retaining the best possible talent. Our Company looks for specific skill-sets, interests and background that would be an asset for our business.

As at September 20, 2023, we have 326 employees. We seek to maintain a culture of innovation by empowering our employees at all levels of our organization. Our success depends upon our ability to attract, develop, motivate and retain highly-skilled and multi-dimensional team members. Our people management strategy is based on four key components: recruiting, training and development, compensation and retention.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of certain key statutes, rules, regulations, notifications, memorandums, circulars and policies which are applicable to our Company and the business undertaken by our Company.

Taxation statutes such as the Income Tax Act, 1961, the Customs Act, 1962 and the relevant goods and service tax legislation apply to us as they do to any Indian company. For details of government approvals obtained by our Company, see "Government and Other Approvals" beginning on page 293.

The information detailed in this section, is based on the current provisions of key statutes, rules, regulations, notifications, memorandums, circulars and policies which are subject to amendments, changes and/or modifications. The information in this section has been obtained from publications available in the public domain.

The description of the applicable regulations as given below has been provided in a manner to provide general information to the investors and may not be exhaustive and is neither designed nor intended to be a substitute for professional legal advice. The indicative summary is based on the current provisions of applicable law, which are subject to change or modification or amended by subsequent legislative, regulatory, administrative or judicial decisions.

INDUSTRY-SPECIFIC LEGISLATIONS APPLICABLE TO OUR COMPANY

The Information Technology Act, 2000 (the "IT Act") and the rules made thereunder

The IT Act seeks to (i) provide legal recognition to transactions carried out by various means of electronic data interchange involving alternatives to paper-based methods of communication and storage of information, (ii) facilitate electronic filing of documents and (iii) create a mechanism for the authentication of electronic documentation through digital signatures. The IT Act has extraterritorial jurisdiction over any offence or contravention under the IT Act committed outside India by any person, irrespective of their nationality, if the act or conduct constituting the offence or contravention involves a computer, computer system or computer network located in India. Additionally, the IT Act empowers the Government of India to direct any of its agencies to intercept, monitor or decrypt any information in the interest of sovereignty, integrity, defence and security of India, among other things. The Information Technology (Procedure and Safeguards for Blocking for Access of Information by Public) Rules, 2009 specifically permit the Government of India to block access of any information generated, transmitted, received, stored or hosted in any computer resource by the public, the reasons for which are required to be recorded by it in writing.

The IT Act facilitates electronic commerce by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability for failure to protect sensitive personal data. The IT Act also prescribes civil and criminal liability including fines and imprisonment for computer related offences including those relating to unauthorized access to computer systems, tampering with or unauthorised manipulation of any computer, computer system or computer network and, damaging computer systems and creates liability for negligence in dealing with or handling any sensitive personal data or information in a computer resource and in maintaining reasonable security practices and procedures in relation thereto.

The IT Act empowers the Government of India to formulate rules with respect to reasonable security practices and procedures and sensitive personal data. In exercise of this power, the Department of Information Technology, Ministry of Electronics and Information Technology, Government of India ("DoIT"), in April 2011, notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 ("**IT Security Rules**") which prescribe directions for the collection, disclosure, transfer and protection of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The IT Security Rules require every such body corporate to provide a privacy policy for handling and dealing with personal information, including sensitive personal data, ensuring security of all personal data collected by it and publishing such policy on its website. The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected and any third party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law.

The DoIT also notified the Information Technology (Intermediaries Guidelines) Rules, 2011 ("**IT Intermediary Rules**") requiring intermediaries receiving, storing, transmitting or providing any service with respect to electronic messages to not knowingly host, publish, transmit, select or modify any information prohibited under these IT Intermediaries Rules and to disable hosting, publishing, transmission, selection or modification of such information once they become aware of it.

Shops and establishments legislations

The various State shops and establishments legislations regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest

intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. All industries have to be registered under the shops and establishments legislations of the state where they are located. There are penalties prescribed in the form of monetary fine or imprisonment for violation of the legislations.

ENVIRONMENTAL LAWS

The Environment (Protection) Act, 1986 and the Environment (Protection) Rules, 1986

The Environment (Protection) Act, 1986 was enacted to act as an “umbrella” legislation, designed to provide a frame work for coordination of the activities of various central and state authorities as established under previous laws. The Environment (Protection) Act, 1986 authorises the Central Government to protect the environment by controlling and reducing pollution.

The Air (Prevention and Control of Pollution) Act, 1981, (“Air Act”)

The Air Act was enacted and designed for the prevention, control, and abatement, of air pollution, and establishes Central and State pollution control boards for the aforesaid purposes. In accordance with the provisions of the Air Act, any individual, industry or institution responsible for emitting smoke or gases by way of use of fuel or chemical reactions, must apply in a prescribed form and obtain consent from the state pollution control board prior to commencing any such activity.

The Water (Prevention and Control of Pollution) Act, 1974, (“Water Act”) and the Water (Prevention and Control of Pollution) Cess Act, 1977 (“Water Cess Act”)

The Water Act was enacted to provide for the prevention and control of water pollution. Further, the Water Act also provides for the establishment of boards with a view to carrying out the aforesaid purpose, and for conferring on and assigning to such boards, the powers and functions relating thereto. In addition, the Water Cess Act was enacted to provide for the levy and collection of a cess on water consumed by persons carrying on certain industrial activities, and by local authorities, with a view to augment the resources of the aforementioned central board and state boards, for the prevention and control of water pollution.

Solid Waste Management Rules, 2016

The Solid Waste Management Rules, 2016 shall apply to every authority responsible for collection, segregation, storage, transportation, processing and disposal of solid wastes. The operator of a facility involved in collecting, segregating, storing, transporting, processing and disposal solid wastes and any other agency appointed for the management and handling of solid wastes is required to obtain authorizations from the State Pollution Control Board. Any solid waste generated is required to be managed and handled in accordance with the procedures specified in the Solid Wastes Rules.

The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016

The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, as amended (the “Hazardous Wastes Rules”) impose an obligation on every occupier of a facility generating hazardous waste for safe and environmentally sound handling of such waste at the facility. Every person engaged in generation, processing, treatment, packaging, storage, transportation, use, collection, destruction, conversion, offering for sale and transfer of hazardous waste, must obtain an approval from the applicable state pollution control board. The occupier, the importer, the transporter and the operator of such facility are liable to the environment or third party resulting from the improper handling and disposal of such waste. The Hazardous Wastes Rules permit for aluminium and zinc scrap to be imported without the permission of the Ministry of Environment, Forest and Climate Change to users and traders, who have obtained the one-time permission from the applicable state pollution control board.

Coastal Regulation Zone Notification (“CRZ Notification”)

The CRZ Notification was notified on January 6, 2011 by the Ministry of Environment and Forests. The CRZ Notification restricts the setting up and expansion of any industry, operations or processes and manufacture or handling or storage or disposal of hazardous substances as specified in the Hazardous Substances (Handling, Management and Transboundary Movement) Rules, 2009 in the Coastal Regulation Zone. The CRZ Notification provides for detailed classification of the Coastal Regulation Zones into different zones for the purpose of conserving and protecting coastal areas and marine waters, and accordingly permits or prohibits the specific activities within each zone.

Tax Laws

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every domestic or foreign company whose income is taxable under the provisions of this Act or rules made under it depending upon its “Residential Status” and “Type of Income” involved. Under section 139(1) every Company is required to file its income tax return for every previous year by October 31 of the assessment year. Other compliances like those relating to tax deduction at source, fringe benefit tax, advance tax, and minimum alternative tax and the like are also required to be complied with by every company.

Goods and Service Tax (“GST”)

Goods and Service Tax (“GST”) GST is an indirect tax applicable throughout India which replaced multiple cascading taxes levied by the central and state governments. The GST is levied as Dual GST separately but concurrently by the Union (central tax - CGST) and the States (including Union Territories with legislatures) (State tax - SGST) / Union territories without legislatures (Union territory tax- UTGST). The Parliament has exclusive power to levy GST (integrated tax IGST) on inter-State trade or commerce (including imports) in goods or services. It was introduced as The Constitution (One Hundred and First Amendment) Act, 2017, following the passage of Constitution 122nd Amendment Bill. The GST is governed by a GST Council and its Chairman is the Finance Minister of India.

Central Goods and Services Tax Act, 2017 (“CGST Act”)

CGST Act regulates the levy and collection of tax on the intra-State supply of goods and services by the Central Government or State Governments. The CGST Act amalgamates a large number of Central and State taxes into a single tax. The CGST Act mandates every supplier providing the goods or services to be registered within the State or Union Territory it falls under, within 30 days from the day on which he becomes liable for such registration. Such registrations can be amended, as well as cancelled by the proper office on receipt of application by the registered person or his legal heirs.

The Customs Act, 1962

All the laws relating to customs are consolidated under the Indian Customs Act, 1962. The provisions relating to appointment of customs ports, airports, warehousing stations are laid down under the Act. There shall be absolute or partial prohibition on import or export of goods by the Central Government for maintenance of security in India. The interest on levy of or exemption of customs duty is laid down under Chapter V of the Act. The clearance of imported goods and export shall not apply to baggage and goods imported or to be exported by post

The Professional Tax

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

FOREIGN INVESTMENT LAWS

The foreign investment in our Company is governed by, inter alia, the Foreign Exchange Management Act (“**FEMA**”), as amended, the FEMA Rules, the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”) effective from October 15, 2020, issued and amended by way of press notes, which prescribe certain requirements with respect to downstream investments by Indian companies that are owned or controlled by foreign entities and with respect to foreign investment into India and transfer of ownership or control of Indian companies in sectors with caps on foreign investment from resident Indian persons or entities to foreigners, as well as such transactions between foreigner. These requirements currently include restrictions on pricing, issue, transfer, valuation of shares and sources of funding for such investments, and may, in certain cases, require prior notice to or approval of the Government of India. In terms of the FDI Policy, foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the approval route, depending upon the sector in which the foreign investment is sought to be made.

The Foreign Trade (Regulation and Development) Act, 1992 and the rules framed thereunder (“FTA”)

The FTA seeks to increase foreign trade by regulating imports and exports to and from India. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTA read with the Indian Foreign Trade Policy, 2015-20 (extended till March 31, 2023) provides that no person or company can make exports or imports without having obtained an importer exporter code (“IEC”) number unless such person or company is specifically exempted. An application for an importer exporter code number has to be made to the Office of the Director General of Foreign Trade, Ministry of Commerce (“DGFT”). An importer-exporter code number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract penalty under the FTA.

Provided that nothing contained in this sub-section shall apply to a factory or establishment belonging to or under the control of the Government whose employees are otherwise in receipt of benefits substantially similar or superior to the benefits provided under this Act. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employee State Insurance department.

Employee’s Compensation Act, 1923

It is common knowledge that many of the tasks for which labourers or workmen are employed involve great physical hardships, risks of loss or injury to the employees which may even result in death. This Act assures that the employee or his dependents are to be compensated for injury or death caused to him during his employment. The Employee’s Compensation (Amendment) Act, 2017 (hereinafter referred to as “the amendment”) received the President’s assent in 12th April 2017.

Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965 imposes statutory liability upon the employers of every establishment in which 20 or more persons are employed on any day during an accounting year to pay bonus to their employees. It further provides for payment of minimum and maximum bonus and linking the payment of bonus with the production and productivity. The Act shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which ten or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this act has become applicable shall be continued to be governed by this act irrespective of the number of persons falling below ten at any day.

Payment of Gratuity Act, 1972

Under the Payment of Gratuity Act, 1972, an employee in a factory or any other establishment in which 20 or more than 20 persons are employed on any day during an accounting year who is in continuous service for a period of five years notwithstanding that his service has been interrupted during that period by sickness, accident, leave, absence without leave, lay-off, strike, lock-out or cessation of work not due to the fault of the employee is eligible for gratuity upon his retirement, superannuation, death or disablement.

Minimum Wages Act, 1948 (hereinafter referred to as the 'MWA')

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Under the MWA, every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, manual or clerical in any employment listed in the schedule to the MWA, in respect of which minimum rates of wages have been fixed or revised under the MWA. Construction of Buildings, Roads, and Runways are scheduled employments. It prescribes penalties for non-compliance by employers for payment of the wages thus fixed.

Maternity Benefit Act, 1961

The Maternity Benefit Act, 1961 provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

Equal Remuneration Act, 1979

The Equal Remuneration Act 1979 provides for payment of equal remuneration to men and women workers and for prevention discrimination, on the ground of sex, against female employees in the matters of employment and for matters connected therewith. The act was enacted with the aim of state to provide Equal Pay and Equal Work as envisaged under Article 39 of the Constitution.

Child Labour Prohibition and Regulation Act, 1986

The Child Labour Prohibition and Regulation Act 1986 prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Employment of Child Labour in our industry is prohibited as per Part B (Processes) of the Schedule.

The Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act, 2013

In order to curb the rise in sexual harassment of women at workplace, this act was enacted for prevention and redressal of complaints and for matters connected therewith or incidental thereto. The terms sexual harassment and workplace are both defined in the act. Every employer should also constitute an "Internal Complaints Committee" and every officer and member of the Company shall hold office for a period of not exceeding three years from the date of nomination. Any aggrieved woman can make a complaint in writing to the Internal Committee in relation to sexual harassment of female at workplace. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual

harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

In order to rationalize and reform labour laws in India, the Government has enacted the following codes*:

- a) Code on Wages, 2019, which regulates and amalgamates wage and bonus payments and subsumes four existing laws namely – the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976 received the assent of the President of India on August 8, 2019. It regulates, inter alia, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employees.
- b) Industrial Relations Code, 2020, which consolidates and amends laws relating to trade unions, the conditions of employment in industrial establishments and undertakings, and the investigation and settlement of industrial disputes received the assent of the President of India on September 28, 2020. It subsumes and simplifies the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946 and the Industrial Disputes Act, 1947.
- c) Code on Social Security, 2020, which amends and consolidates laws relating to social security, and subsumes various social security related legislations, inter alia including the Employee's Compensation Act, 1923, Employee's State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. It governs the constitution and functioning of social security organisations such as the Employee's Provident Fund and the Employee's State Insurance Corporation, regulates the payment of gratuity, the provision of maternity benefits and compensation in the event of accidents that employees may suffer, among others.

** The Code on Wages, 2019, The Code on Social Security, 2020, (enacted by the Parliament of India and assented to by the President of India) will come into force as may be notified in the Official Gazette by the Central Government of India, different dates may be appointed for different provisions of the Codes.*

PROPERTY LAWS

Transfer of Property Act, 1882

The Transfer of Property Act, 1882 was intended to define and amend the existing laws and not to introduce any new principle. It applies only to voluntary transfers. The Transfer of Property Act, 1882 provides a clear, systematic and uniform law for the transfer of immovable property. Transfer of property means an act by which a person conveys the property to one or more persons, or himself and one or more other persons. The act of transfer may be done in the present or for the future. The person may include an individual, company or association or body of individuals, and any kind of property may be transferred, including the transfer of immovable property. Transfer of property is subject to stamping and registration under the specific statutes enacted for the purposes which have been dealt with hereinafter. The Transfer of Property Act, 1882 recognizes, among others, the following forms in which an interest in an immovable property may be transferred:

Sale	The transfer of ownership in property for a price, paid or promised to be paid.
Mortgage	The transfer of an interest in property for the purpose of securing the payment of a loan, existing or future debt, or performance of an engagement which gives rise to a pecuniary liability. The Property Act recognizes several forms of mortgages over a property.
Charges	Transactions including the creation of security over property for payment of money to another which are not classifiable as a mortgage. Charges can be created either by operation of law, e.g. decree of the court attaching to specified immovable property, or by an act of the parties.
Leases	The transfer of a right to enjoy property for consideration paid or rendered periodically or on specified occasions.
Leave and License	The transfer of a right to do something upon immovable property without creating interest in the property. Further, it may be noted that with regards to the transfer of any interest in a property, the transferor transfers such interest, including any incidents, in the property which he is capable of passing and under the law, he cannot transfer a better title than he himself possesses.

Registration Act, 1908

The Registration Act, 1908 has been enacted with the objective of providing public notice of the execution of documents affecting, inter alia, the transfer of interest in immovable property. The purpose of the Registration Act, 1908 is the conservation of evidence, assurances, title and publication of documents and prevention of fraud. It details the formalities for registering an instrument. Section 17 of the Registration Act, 1908 identifies documents for which registration is compulsory and includes, among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in any immovable

property of the value of one hundred rupees or more, and a lease of immovable property for any term exceeding one year or reserving a yearly rent. A document will not affect the property comprised in it, nor be treated as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance under the Property Act or as collateral), unless it has been registered. Evidence of registration is normally available through an inspection of the relevant land records, which usually contains details of the registered property. Further, registration of a document does not guarantee title of land.

Indian Stamp Act, 1899

Under the Indian Stamp Act, 1899 stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Indian Stamp Act, 1899 at the rates specified in the schedules to the Indian Stamp Act, 1899. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Indian Stamp Act, 1899, which are not duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein and it also provides for impounding of instruments that are not sufficiently stamped or not stamped at all.

Karnataka Stamp Act, 1957

The purpose of Indian Stamp Act, 1899 was to streamline and simplify transactions of immovable properties and securities by the State Government. The Indian Stamp Act, 1899 provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule I of the Indian Stamp Act, 1899. Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the state.

INTELLECTUAL PROPERTY LEGISLATIONS

In-general the Intellectual Property Rights includes but is not limited to the following enactments:

- The Patents Act, 1970;
- Indian Copyright Act, 1957;
- The Trade Marks Act, 1999

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, and rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

Trade Marks Act, 1999 (hereinafter referred to as the 'TM Act')

The Trade Marks Act, 1999 provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement for commercial purposes as a trade description. The TM Act prohibits any registration of deceptively similar trademarks or chemical compounds among others. It also provides for penalties for infringement, falsifying and falsely applying for trademarks.

COMMERCIAL LAWS

Indian Contract Act, 1872

The Indian Contract Act, 1872 occupies the most important place in the commercial law. Without Indian Contract Act, 1872, it would have been difficult to carry on trade or any other business activity and in employment law. It is not only the business

community which is concerned with the Indian Contract Act, 1872, but it affects everybody. The objective of the Indian Contract Act, 1872 is to ensure that the rights and obligations arising out of a contract are honoured and that legal remedies are made available to those who are affected.

Competition Act, 2002

The Competition Act, 2002 aims to anti-competitive practices that cause or are likely to cause an appreciable adverse effect on competition in the relevant market in India. The act deals with prohibition of agreements and anti-competitive agreements. No enterprise or group shall abuse its dominant position in various circumstance as mentioned under the act. The prima facie duty of the Competition Commission established under the act I to eliminate practices having adverse effect on competition, promote and sustain competition, protect interest of consumer and ensure freedom of trade.

Negotiable Instruments Act, 1881

Negotiable Instruments Act, 1881 was enacted to legalize the system by which instruments contemplated by it could pass from hand to hand by negotiation like any other goods. The purpose of the act was to present an orderly and authoritative statement of leading rules of law relating to the negotiable instruments. To achieve the objective of the act, the legislature thought it proper to make provision in the act for conferring certain privileges to the mercantile instruments contemplated under it and provide special procedure in case the obligation under the instrument was not discharged.

Specific Relief Act, 1963

The Specific Relief Act, 1963 is complimentary to the provisions of the Indian Contract Act, 1872 and the Transfer of Property Act, 1882, as the act applies both to movable property and immovable property. The act applies in cases where the court can order specific performance of a contract. Specific relief can be granted only for purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. 'Specific performance' means court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to other party.

Limitation Act, 1963

The law relating to law of limitation to India is the Limitation Act, 1859 and subsequently Limitation Act, 1963 which was enacted on October 05, 1963 and which came into force from January 01, 1964 for the purpose of consolidating and amending the legal principles relating to limitation of suits and other legal proceedings. The basic concept of limitation is relating to fixing or prescribing of the time period for barring legal actions. According to Section 2 (j) of the Limitation Act, 1963, 'period of limitation' means the period of limitation prescribed for any suit, appeal or application by the schedule, and 'prescribed period' means the period of limitation computed in accordance with the provisions of this Act.

Consumer Protection Act, 2019

The Consumer Protection Act, 2019 will repeal the existing Consumer Protection Act, 1986, and shall come into force on such date as the Central Government may, by notification, appoint. The Consumer Protection Act, 1986 provides a mechanism for the consumer to file a complaint against a service provider in cases of unfair trade practices, restrictive trade practices, deficiency in services and unlawful pricing. It provides for a three tier consumer grievance redressal mechanism at the national, state and district levels. Non-compliance of the orders of the redressal commissions attract criminal penalties. The Consumer Protection Act, 2019, will, inter alia, introduce a Central Consumer Protection Council to promote, protect and enforce the rights of consumers and provides for mediation cells for the early settlement of disputes between the parties. It places liability on a product manufacturer / product service provider / product seller to compensate for the harm caused due to a defective product or deficiency in services. The Consumer Protection Act also enables the Central Government to take measures for preventing unfair trade practices in e-commerce

The Micro, Small And Medium Enterprises Development Act, 2006 (The "MSME Act")

The Micro, Small and Medium Enterprises Development Act, 2006 and Industries (Development and Regulation) Act, 1951 The Micro, Small and Medium Enterprises Development Act, 2006 ("MSME Act") In order to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (MSME) the Micro, Small and Medium Enterprises Development Act, 2006 is enacted. A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and Regulation) Act, 1951.

Dear Sirs,

We have examined the attached Restated Consolidated Financial Information of **Canarys Automations Limited** (formerly known as Canarys Automations Private Limited) (hereinafter referred to as “the Company” or “the Issuer”), its subsidiaries (the company and its subsidiaries together referred to as the “Group”), its associates and its joint ventures, comprising the Restated Consolidated Statement of Assets and Liabilities as at March 31, 2023, as at March 31, 2022 and as at March 31, 2021, the Restated Consolidated Statement of Profit and Loss, the Restated Consolidated Cash Flow Statement for the year ended March 31, 2023, March 31, 2022 and March 31, 2021, the Summary Statement of Significant Accounting Policies and other explanatory information (collectively the “Restated Consolidated Financial Information”), as approved by the Board of Directors of the Company at their meeting held on 21 August 2023 for the purpose of inclusion in the Draft Red Herring Prospectus and/or Prospectus, prepared by the Company in connection with its proposed Initial Public Offer of equity shares (IPO) on SME platform NSE Limited and prepared in terms of the requirement of :-

- a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the “Act”) read with Companies (Prospectus and Allotment of Securities) Rules, 2014;
- b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2018 as amended (ICDR Regulations”) and related amendments/clarifications from time to time issued by the Securities and Exchange Board of India (“SEBI”); and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (“ICAI”) as amended from time to time (the “Guidance Note”).

Management’s Responsibility for the Restated Consolidated Financial Information

The Company’s Board of Directors is responsible for the preparation of the Restated Consolidated Financial Information for the purpose of inclusion in the Draft Red Herring Prospectus and/or Prospectus to be filed with Stock Exchange, Securities and Exchange Board of India, and Registrar of Companies, Mumbai in connection with the proposed IPO. The Restated Consolidated Financial Information have been prepared by the management of the Company for the year ended on March 31, 2023, March 31, 2022 and March 31, 2021 on the basis of preparation stated in Annexure-D to the Restated Consolidated Financial Information. The Board of Directors of the company’s responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Consolidated Financial Information. The Board of Directors is also

responsible for identifying and ensuring that the Company complies with the Act, ICDR Regulations and the Guidance Note.

Auditor's Responsibilities

We have examined such Restated Consolidated Financial Information taking into consideration:

- a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated 25 May 2023 in connection with the proposed IPO of equity shares of the Company;
- b) The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
- c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Consolidated Financial Information; and
- d) The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.

Restated Consolidated Financial Information

These Restated Consolidated Financial Information have been compiled by the management from:

Audited Consolidated Financial Statements of the Group and its associates and joint ventures as at and for the year ended March 31, 2023, March 31, 2022 and March 31, 2021 prepared in accordance with the Accounting Standards as prescribed under Section 133 of the Act, read with Companies (Accounting Standards) Rules, 2021, as amended, and other accounting principles generally accepted in India.

We have audited the special purpose consolidated financial information of the Group and its subsidiaries and joint ventures for the year ended March 31, 2023 prepared by the Company in accordance with the Accounting Standards for the limited purpose of complying with the requirement of getting its financial statements audited by an audit firm holding a valid peer review certificate issued by the "Peer Review Board" of the ICAI as required by ICDR Regulations in relation to proposed IPO. We have issued our report dated 21 August 2023 on this special purpose consolidated financial information to the Board of Directors who have approved these in their meeting held on 21 August 2023.

For the purpose of our examination, we have relied on:

- a) Auditor's report issued by us dated 21 August 2023 on the consolidated financial information of the Group as at and for the year ended March 31, 2023; and
- b) The unaudited financial statements furnished to us by the management with respect to the subsidiaries. Our opinion in so far as it relates to the amounts included in the consolidated financial information are based solely on the reports shared by the management.
- c) Auditor's reports issued by Mukunda Shiva & Associates, Chartered Accountants (the auditors of Joint Venture), dated July 28, 2023 and September 02, 2022 for the financial years ended 31st March 2023 and 31st March 2022 respectively.

1.02 Use of Estimates

The Company uses prudent and reasonable assumptions and estimates in the preparation of its consolidated financial statements, and these are reflected in the reported amounts of income and expenses during the year, and the reported balances of assets and liabilities, and disclosures relating to contingent liabilities, as at the date of the financial statements. Due care and diligence have been exercised by the management in arriving at such “estimates & assumptions” since they may directly affect the reported amounts of income and expenses during the period, as well as the balances of Assets and Liabilities, including those which are contingent in nature, as at the date of reporting of the financial statements.

Accounting estimates could change from period to period. Actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in current and future years and if material, their effects are disclosed in the notes to the financial statements.

1.03 Current and Non Current Classification**Assets**

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date;
- The company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

1.04 Operating cycle

Operating cycle for the business activities of the company covers the duration of the specific project/contract/product line/service including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business. The operating cycle identified by the company is a duration of 12 months from the end of balance sheet date.

1.05 Revenue from operations:

(a) Income and Expenditure are accounted ongoing concern basis.

(b) The company's income consists of income from development of software and distribution of software, electronic items and hardware. Customer contracts on software development are billed based on time and material content of the work/assignment. Revenue from distribution of software & electronic items are billed and accounted based on delivery.

(c) Export of software products are accounted based on the export documents that are available with company. Export of software has been billed on mile stone basis based on the exchange rate prevailing on that respective day.

(d) All other operational revenue represents income earned from the activities incidental to the business and is recognized when the right to receive the income is established as per the terms of the contract.

(e) Interest income is accrued at applicable interest rate. All other income has been recognized when right to receive payment is established.

1.06 Property, Plant and Equipment, Intangible Assets, Capital Work in Progress & Intangible assets under development

(a) Property, Plant and Equipment are stated at their original cost of acquisition or construction less accumulated depreciation/amortization. Costs include all expenses incurred to bring the assets to its working condition for its intended use. Subsequent improvements thereto including taxes, duties, freight and other incidental expenses related to acquisition and installation of the assets concerned is capitalized if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance. Interest on borrowings attributable to qualifying assets are capitalized and included in the cost of property, plant and equipment as appropriate.

(b) Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortization and cumulative impairment. Cost of the software has not been bifurcated and shown separately wherever computer and laptop has been bought along with the software loaded into it and under such circumstances, the computers and laptops has been classified as tangible assets by the Company.

1.07 Depreciation/Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. 5% of the cost of acquisition of the assets has been taken as the residual value of assets.

Depreciation on tangible assets is provided on written down value method over the estimated useful life of the assets using the indicative useful life as prescribed under Schedule II to the Companies Act, 2013. The Company has used the following useful life to provide depreciation on property, plant and equipment:

Asset Category	Useful Life (in years)

1.08 Impairment of Assets

The Company periodically assesses whether there is any indication that an asset may be impaired. If any indication exists, the Company estimates the recoverable amount of the asset and if such recoverable of the asset is less than carrying cost of the asset, then the carrying amount is reduced to its recoverable amount. The deduction is treated as an impairment loss and is recognised in profit and loss account.

If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined; if no impairment loss had been recognised.

Due consideration is given at the balance sheet date to determine whether there is any indication of impairment of the company's assets as defined in Accounting Standard 28 – "Impairment of Assets" issued by the Institute of Chartered Accountants of India and the management is of the opinion that none of the property, plant and equipment were impaired as at the date of the Balance sheet.

1.09 Inventories

Inventories are valued after providing for obsolescence. Raw Materials and finished (traded) goods are valued at lower of cost and net realizable value, on first-in, first-out basis. Work in progress were also assessed at the end of the year and valued based on the cost associated to that respective WIP.

Stock as at the end of year has been valued as per FIFO excluding GST and other taxes.

1.10 Investments

Non - current Investments are valued at cost. Provision for diminution in the value is made to recognize a decline, other than temporary, in the value of long-term investments.

Current investments are valued at cost or market value, whichever is less.

Investment in subsidiary has been consolidated as per AS 21 and investment in joint venture has been consolidated as per AS 27. These figures were eliminated from investment while preparing consolidated financial statements.

1.11 Employee Benefits**Defined benefit plans**

The company has recognized the gratuity payable in the books of accounts based on the Certificates of Actuarial Valuation received from the LIC in case of holding company. In case of Subsidiary no such amounts were provided in the books of accounts.

(i) Short term employee benefit:

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and incentives if any, are recognized in the period in which the employee renders the related service.

Defined contribution plan

Contributions made by the Company towards Employees Provident Fund have been charged to the revenue account in case of holding company. In case of Subsidiary no such amounts were provided in the books of accounts.

1.17 Leases

Assets acquired under Leases, where the Company has substantially all the risks and rewards of ownership, are classified as finance leases. Such leases are capitalized at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

1.18 Provisions and contingent liabilities

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes and are not usually provided for unless it is probable that future outcome may be detrimental to the company.

1.19 Cash and cash equivalents

Cash and cash equivalents comprise cash and balances with banks. The Company considers all highly liquid investments with an original maturity of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

1.20 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit or loss before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows arising from regular revenue generating, investing and financing activities of the Company are segregated.

1.21 Related Party Disclosure

Disclosure is made as per the requirements of Accounting Standard 18. Related Party Disclosures and as per the clarification issued by the Institute of Chartered Accounts of India.

*Amount included in "Due to MSME" is relating to amount payable to Canarys -Hanuka Apo Technologies Private Limited - A joint venture entered between Canarys Automation Limited and Hanuka Technologies Solutions Private Limited.

In reality, there are only two partners to the Joint Venture (Canarys Automations Private Limited and Hanuka Technology Solutions Private Limited) wherein both partners contribute towards the resources required for the purpose of execution of JV objective. The fact remains that the Joint venture Company consisting of two partners, as aforesaid, have come together and are more in the nature of contributors rather than buyers and sellers or service providers and service recipients. In view of this, The company has obtained a board resolution dated 28th July, 2023 from Canarys -Hanuka Apo Technologies Private Limited which has been taken as a basis to waive the rights of Canarys -Hanuka Apo Technologies Private Limited as per sections 15, and 16 of the MSMED Act, 2006 for the Provisions of claiming interest on delayed payments.

In view of the above circumstances, the management is of the opinion that not making any such provision as per the requirements of Section 15 and 16 of the MSMED Act, 2016, is not overriding such requirements and the need to make a provision does not arise.

Ratio analysis for the year ended March 31, 2022

Ratio	Numerator	Demominator	Current Period	Previous period	% of variance	Reason for variance of 25% or more
Current Ratio	Current assets	Current liabilities	1.37	2.07	-34%	Due to increase in turnover, the payable also increased in corresponding to long outstanding dues receivable from government in respect of telemetry division.
Debt Equity Ratio	Total debt	Shareholder's equity	NA	NA	NA	
Debt service coverage ratio	Earnings available for debt service	Debt service	NA	NA	NA	
Return on equity Ratio	Net profits after taxes	Average shareholder's equity	0.39	0.48	-19%	Due to covid cost of executing the project was high when compared to the others years which was normal and further, the %age of profit varies from project to project is also the other reasons.
Inventory Turnover ratio	Revenue	Average inventory	1.41	4.00	-65%	This is due to drastic increase in telemetry turnover during the year 2021-22 when compared to the FY 2020-21 where revenue from software business was major turnover which does not require holding of inventory
Trade Receivable Turnover Ratio	Revenue	Average trade receivable	1.52	2.06	-26%	The dues receivable from Government project varies from 6 months to two years which has affected the increase in trade receivable turnover ratio

49 Impact of COVID on Canarys Water Resources Project Operations and Delivery against original contractual commitments.

Owing to outbreak of the Coronavirus 2019 (COVID-19), which was declared as a pandemic by the World Health Organization (WHO) leading which the Government of India and state governments declared national and state lockdown in the year 2020 and 2021. This created disruption in project execution activities in those years, such as, delays in site visits, surveys, design discussions and meetings, manufacturing, inspection, factory visits, delivery of material, site installations, commissioning activities, staff falling ill, customer officers falling ill, etc. During this health situation, fear for safety, restrictions and imposition of several emergency stages and rules on movement of goods, the business knee jerk reactions, led to creation of long waiting period on already placed orders, back-to-back delays in sourcing electronics components, chips and processors. The backlog was so long and voluminous that even in year 2023, the waiting period after confirmed orders and advance payment, are with a waiting period of 6 to 9 months. These delays caused most MSME companies to fall behind schedule including Canarys, delay in delivery, partial deliveries without fulfilling complete products, delay in payments, withholding of payments, led to negative cashflows and huge capital parked as advances and project operational expenditure which were half completed, escalation in cost of material and repeated work, all led to further skirmish, arguments and heated exchanges between the company and customers, which required tremendous effort to convince that this is Force Majeure situation and we Liquidated damages, threats of project extension time at risk and cost, performance guarantees being forfeited, and black listing were used by customers. The negative cashflow were affecting the entire supply chain, who in turn, were dependent on companies as the customers were not releasing payments, even after communicating that the delays were due to COVID and customer internal justification process held up the payments, even though the project operations and deliveries had slowly begun, but were not on schedule. Particular milestones and volume of work were expected by the customers before release of payments, which pushed the cashflow situation to the maximum limits. All of this had cascading effect, is felt even in year 2023.

Fortunately, Government of India, Ministry of Finance, recognizing the pandemic effect has issued Series of Memorandum namely - VIVAD SE VISHWAS - Relief for MSME due to the difficulties faced in the years 2020, 2021 and up to March 2022 COVID pandemic. Government has provided benefits with respect to contractual conditions, particularly by refunding the Liquidated Damages, release of forfeited performance security & bid security and revoking the debarred parties who had defaulted operations/delivery in this period.

1.02 Use of Estimates

The Company uses prudent and reasonable assumptions and estimates in the preparation of its consolidated financial statements, and these are reflected in the reported amounts of income and expenses during the year, and the reported balances

of assets and liabilities, and disclosures relating to contingent liabilities, as at the date of the financial statements. Due care and diligence have been exercised by the management in arriving at such “estimates & assumptions” since they may directly affect the reported amounts of income and expenses during the period, as well as the balances of Assets and Liabilities, including those which are contingent in nature, as at the date of reporting of the financial statements.

Accounting estimates could change from period to period. Actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in current and future years and if material, their effects are disclosed in the notes to the financial statements.

1.03 Current and Non Current Classification

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a. It is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is expected to be realised within 12 months after the reporting date; or
- d. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a. It is expected to be settled in the company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is due to be settled within 12 months after the reporting date;
- d. The company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

1.04 Operating cycle

Operating cycle for the business activities of the company covers the duration of the specific project/contract/product line/service including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business. The operating cycle identified by the company is a duration of 12 months from the end of balance sheet date.

1.05 Revenue from operations:

- (a) Income and Expenditure are accounted ongoing concern basis.
- (b) The company's income consists of income from development of software and distribution of software, electronic items and hardware. Customer contracts on software development are billed based on time and material content of the work/assignment. Revenue from distribution of software & electronic items are billed and accounted based on delivery.
- (c) Export of software products are accounted based on the export documents that are available with company. Export of software has been billed on mile stone basis based on the exchange rate prevailing on that respective day.
- (d) All other operational revenue represents income earned from the activities incidental to the business and is recognized when the right to receive the income is established as per the terms of the contract.
- (e) Interest income is accrued at applicable interest rate. All other income has been recognized when right to receive payment is established.

1.06 Property, Plant and Equipment, Intangible Assets, Capital Work in Progress & Intangible assets under development

- (a) Property, Plant and Equipment are stated at their original cost of acquisition or construction less accumulated depreciation/amortization. Costs include all expenses incurred to bring the assets to its working condition for its intended use.

Subsequent improvements thereto including taxes, duties, freight and other incidental expenses related to acquisition and installation of the assets concerned is capitalized if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance. Interest on borrowings attributable to qualifying assets are capitalized and included in the cost of property, plant and equipment as appropriate.

(b) Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortization and cumulative impairment. Cost of the software has not been bifurcated and shown separately wherever computer and laptop has been bought along with the software loaded into it and under such circumstances, the computers and laptops has been classified as tangible assets by the Company. "

1.07 Depreciation/Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. 5% of the cost of acquisition of the assets has been taken as the residual value of assets.

Depreciation on tangible assets is provided on written down value method over the estimated useful life of the assets using the indicative useful life as prescribed under Schedule II to the Companies Act, 2013. The Company has used the following useful life to provide depreciation on property, plant and equipment:

Asset Category	Useful Life (in years)
Buliding	60
Computer equipment's	5
Computer equipment's	6
Motor vehicles	8
Furniture and fittings	10
Office equipment's	5
Software	1-3

Intangible assets are amortised over the estimated period of economic benefits on a straight line basis, commencing from the date the assets are available to the Company for its use.

1.08 Impairment of Assets

The Company periodically assesses whether there is any indication that an asset may be impaired. If any indication exists, the Company estimates the recoverable amount of the asset and if such recoverable of the asset is less than carrying cost of the asset, then the carrying amount is reduced to its recoverable amount. The deduction is treated as an impairment loss and is recognised in profit and loss account.

If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined; if no impairment loss had been recognised.

Due consideration is given at the balance sheet date to determine whether there is any indication of impairment of the company's assets as defined in Accounting Standard 28 – "Impairment of Assets" issued by the Institute of Chartered Accountants of India and the management is of the opinion that none of the property, plant and equipment were impaired as at the date of the Balance sheet.

1.09 Inventories

Inventories are valued after providing for obsolescence. Raw Materials and finished (traded) goods are valued at lower of cost and net realizable value, on first-in, first-out basis. Work in progress were also assessed at the end of the year and valued based on the cost associated to that respective WIP.

Stock as at the end of year has been valued as per FIFO excluding GST and other taxes.

1.10 Investments

Non - current Investments are valued at cost. Provision for diminution in the value is made to recognize a decline, other than temporary, in the value of long-term investments.

Current investments are valued at cost or market value, whichever is less.

Investment in subsidiary has been consolidated as per AS 21 and investment in joint venture has been consolidated as per 27. These figures were eliminated from investment while preparing consolidated financial statements.

1.11 Employee Benefits

Defined benefit plans

The company has recognized the gratuity payable in the books of accounts based on the Certificates of Actuarial Valuation received from the LIC in case of holding company. In case of Subsidiary no such amounts were provided in the books of accounts.

(i) Short term employee benefit:

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and incentives if any, are recognized in the period in which the employee renders the related service.

Defined contribution plan

Contributions made by the Company towards Employees Provident Fund have been charged to the revenue account in case of holding company. In case of Subsidiary no such amounts were provided in the books of accounts.

1.12 Borrowing Costs

Borrowing Costs that are attributable and exclusively relating to the acquisition, construction of the qualifying assets are capitalized as part of cost of such assets up to the date the assets are ready for its intended use. All other borrowing costs are recognized as an expense in the year in which they are incurred.

1.13 Segment Reporting

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Further, inter-segment revenue have been accounted for based on the transaction price agreed to between segments which is primarily market based. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the Company as a whole and are not allocable to segments on a reasonable basis.

1.14 Foreign Currency transactions

Transactions in foreign currency are recognized at the rates of exchange prevailing on the dates of the transactions.

Exchange differences arising on foreign exchange transactions settled during the year are recognised in profit and loss for the year.

All other monetary assets and liabilities denominated in foreign currency are restated at the rates ruling at the year end and all exchange gains/ losses arising there from are adjusted to the Profit and Losses Account.

Exchange differences arising on long-term foreign currency monetary items related to acquisition of fixed asset are capitalized and depreciated over the remaining useful life of the asset.

1.15 Earnings per share

The basic earnings per share is computed by dividing the net profit/loss after tax available to equity shareholders for the year by the weighted average number of equity shares outstanding during the year.

1.16 Income tax

Tax expense comprises of both current and deferred taxes, Provision for current taxes is made at the current tax rates. Based on the assessable income after considering tax allowances and exemptions it terms with the applicable Income Computation Disclosure Standards (ICDS). Deferred income taxes reflects the current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred taxes is measured based on the tax rates and the tax laws enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. Unrecognized deferred tax asset of earlier years are reassessed and recognized to the extent that it has become reasonable certain that future taxable income will be available against which such deferred tax asset can be realised.

1.17 Leases

Assets acquired under Leases, where the Company has substantially all the risks and rewards of ownership, are classified as finance leases. Such leases are capitalized at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

1.18 Provisions and contingent liabilities

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes and are not usually provided for unless it is probable that future outcome may be detrimental to the company.

1.19 Cash and cash equivalents

Cash and cash equivalents comprise cash and balances with banks. The Company considers all highly liquid investments with an original maturity of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

1.20 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit or loss before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows arising from regular revenue generating, investing and financing activities of the Company are segregated.

1.21 Related Party Disclosure

Disclosure is made as per the requirements of Accounting Standard 18. Related Party Disclosures and as per the clarification issued by the Institute of Chartered Accounts of India.

1.22 Capital Redemption Reserve (CRR)

In the financial year 2020-21, the company had issued redeemable preference shares with certain terms and conditions. All such terms & conditions connected with issue of preference shares have been reported elsewhere in the financial statements. As required under the Companies Act, 2013, the company has created the capital redemption reserve on a pro-rata basis as per the terms of the issue of such preference shares accordingly. The said CRR has been transferred from the accumulated profit of the company. Over a period of five years or before the redemption of such preference shares the entire amount of preference shares would be transferred to capital redemption reserve.

1.23 Investments classified as long term investments should be carried in the financial statements at cost. However, provision for diminution shall be made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually

NON-GAAP MEASURES

We use certain supplemental non-generally accepted accounting principles measures (“Non-GAAP Measures”) to review and analyse our financial and operating performance from period to period, and to evaluate our business, and for forecasting purposes. Although these Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that they are useful to an investor in evaluating us because they are widely used measures to evaluate a company’s operating and financial performance. Further, our management believes that when taken collectively with financial measures prepared in accordance with Indian GAAP, these Non-GAAP Measures may be helpful to investors because they provide an additional tool for investors to use in evaluating our ongoing results and trends. Presentation of these Non-GAAP Measures and key performance indicators should not be considered in isolation from, or as a substitute for, analysis of our historical financial performance, as reported and presented in our Restated Consolidated Financial Statement set out in this Prospectus.

These Non-GAAP Measures are not defined under Indian GAAP, are not presented in accordance with Indian GAAP and have limitations as analytical tools which indicate, among other things, that they do not reflect our cash expenditures or future requirements for capital expenditure or contractual commitments; changes in, or cash requirements for, our working capital needs; and the finance cost, or cash requirements. Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and these measures do not reflect any cash requirements for such replacements. These Non-GAAP Measures may differ from similar titled information used by other companies, including peer companies, who may calculate such information differently and hence their comparability with those used by us may be limited. Therefore, these Non-GAAP Measures and key performance indicators should not be viewed as substitutes for performance or profitability measures under Indian GAAP or as indicators of our operating performance, cash flows, liquidity or profitability.

The table below sets forth certain Non-GAAP Measures as of and for the periods indicated:

Sr. No.	Metric	As of and for the Financial Year		
		2023	2022	2021
1.	Return on Networth	31.54%	23.99%	16.06%
2.	Net Asset Value per share	12.44	8.66	7.22
3.	EBIDTA	1,347.46	706.47	333.72

Return on Networth (RoNW)

Return on Networth is a calculation of the profitability of a company expressed in percentage. The RoNW is calculated by dividing the net profit after tax as reduced by the preference dividend, if any, by shareholders’ equity i.e. the aggregate value of the paid-up equity share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation each as applicable for the Company on a consolidated restated basis.

Net Asset Value per share

Net asset value per share is calculated by dividing the network at the end of the year by total number of equity shares outstanding at the end of the year.

EBIDTA

Earnings before Interest, Depreciation, Tax and Amortization (**EBIDTA**) is arrived at by adding back the Finance Costs (Interest), Depreciation, amortization and impairment expense, exceptional items and Tax expense to the net profit after tax for the year.

Fiscal 2023 compared with Fiscal 2022

Revenue from Operation

Revenue from operations had increased by 44.67 % from ₹ 5,150.90 Lakhs in Fiscal 2022 to ₹ 7,451.94 Lakhs in Fiscal 2023. This growth is mainly attributed to several pivotal drivers, including an expanded customer base of 132 clients in Fiscal 2023, up from 93 in the previous fiscal year. We also saw a significant rise in revenue from our top 10 customers, increasing from Rs. 3,414 Lakhs to Rs. 4,625 Lakhs, employee count increased by 13.5%, additional 3 solution framework added to the repository which helped increase in customer acquisition. Additionally, our focus on consulting services, a transition towards

a solutions-driven approach, and improved project utilization have all contributed to this revenue augmentation. As we continue this trajectory, we remain steadfast in our commitment to sustaining and building upon this growth momentum.

Other Income

Other income had increased by 98.23 % from ₹ 48.10 Lakhs in Fiscal 2022 to ₹ 95.35 Lakhs in Fiscal 2023 due to foreign exchange gain.

Total Income

The reasons stated above has resulted in increase in Total Income from 5,199.93 lakh to 7,547.28 lakh from Fiscal 2022 to Fiscal 2023.

Cost of projects

Cost of projects had decreased by 2.42 % from ₹ 1,944.31 lakhs in Fiscal 2022 to ₹1,897.24 lakhs in Fiscal 2023.

A primary driver of this decrease is the augmentation in employee costs, underscoring our steadfast commitment to nurturing and empowering our workforce. This investment aligns with our pursuit of excellence and innovation, reinforcing our capabilities to meet evolving project demands.

Furthermore, a strategic decision to engage external consultants for project execution has contributed to this cost shift. While this approach enhances project outcomes through specialized expertise, it also entails higher associated expenses. This choice underscores our unwavering dedication to delivering unparalleled value to our clients and shaping a robust operational framework.

Employee Benefit Expenses

Employee benefit expenses had increased by 54.11% % from ₹ 1,976.05 lakhs in Fiscal 2022 to ₹ 3,045.31 lakhs in Fiscal 2023. This increase was primarily due to increase in salary expenses since the Company had earlier outsourced some of its operations which are now in-house.

Finance Costs

SECTION X: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

The details of outstanding litigations or proceedings relating to our Company and our Directors and our Promoter are described in this section in the manner as detailed below.

Except as stated in this section and mentioned elsewhere in this Prospectus, there are no (i) criminal proceedings, (ii) actions taken by statutory or regulatory authorities, (iii) disciplinary action including penalty imposed by the SEBI or stock exchanges against our Promoters in the last 5 Financial Years, including outstanding action, (iv) claims related to direct and indirect taxes in a consolidated manner, (v) details of any other pending material litigation which are determined to be material as per a policy adopted by our Board, in each case involving our Company, Promoters, and Directors (“**Relevant Parties**”) (vi) inquiries, inspections or investigations initiated or conducted under the Companies Act, 2013 against our Company since its incorporation from the date of this Prospectus; (vii) pending proceedings initiated against our Company for economic offences; (viii) material frauds committed by or against our Company since its incorporation from the date of this Prospectus; (ix) defaults for non-payment of statutory dues; (x) fines imposed or compounding of offences against our Company since its incorporation from the date of this Prospectus; (xi) matters involving our Company pertaining to violations of securities law; and (xii) outstanding dues to material creditors and small scale undertakings.

For the purpose of (v) above, our Board in its meeting held on August 21, 2023 has considered and adopted a policy of materiality for identification of material litigation involving the Relevant Parties, to be disclosed by our Company in this Prospectus:

In terms of the Materiality Policy, all pending litigation involving the Relevant Parties, (i) other than criminal proceedings, actions by regulatory authorities and statutory authorities, (ii) disciplinary actions including penalty imposed by SEBI or stock exchanges against the Promoters in the last 5 Financial Years including outstanding action, and tax matters, would be considered ‘material’ if:

- a) The monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of, (i) ₹ 8.53 lakhs (i.e. 1% (one per cent) of the profit after tax of our Company as per the Restated Consolidated Financial Statements of our Company for the last full Financial Year)
- b) The outcome of any such pending proceedings may have a bearing on the business, operations, performance, prospects or reputation of our Company.

Except as stated in this section, there are no outstanding material dues to creditors; or (ii) outstanding dues to small scale undertakings and other creditors.

For this purpose, our Board, in its meeting held on August 21, 2023 considered and adopted a policy of materiality for identification of material outstanding dues to creditors. Further, in terms of this Materiality Policy, outstanding dues to any creditors of our Company having monetary value which exceeds 5% (five per cent) of trade payables as per the last Restated Consolidated Financial Statements for the Financial Year ended March 31, 2023 shall be considered as material dues (“**Material Dues**”). For outstanding dues to any party which is a MSME, the disclosure will be based on information available with our Company regarding status of the creditor as defined under the Micro, Small and Medium Enterprises Development Act, 2006, as amended read with the rules and notifications thereunder, as has been relied upon by its Statutory Auditor. Details of outstanding dues to material creditors as required under the SEBI ICDR Regulations have been disclosed on our website at <https://www.ecanarys.com/>.

Unless otherwise stated to the contrary, the information provided is as of the date of this Prospectus.

Note 1: Tax Litigation against the Company

Date of receipt of notice	Income-tax Department, Bangalore ("ITD") issued a notice under section 143(2) on September 28, 2019
Detailed subject matter	For the Assessment Year 2018-19 corresponding to the Financial Year 2017-18 the Income-tax Department, Bangalore ("ITD") issued a notice under section 143(2) on September 28, 2019 and passed an assessment order u/s 143(3) on April 20, 2021 disallowing a sum of Rs. 1,98,68,988/- paid by the US branch of the Company ("US Branch") for professional services availed by the US Branch from certain services providers who are residents in USA ("USA Professionals") for the purpose of providing software services by the US Branch to its customers in the USA. The said payment of Rs. 1,98,68,988/- ("USA Professional Fees") paid by the US Branch is alleged to have been erroneously treated by the ITD as income deemed to accrue or arise to the USA Professionals in India under section 9(1)(vii) of the IT Act and as the Company failed to deduct tax at source ("TDS") under section 195 of the IT Act, the ITD disallowed the aforesaid professional fees paid to USA Professionals under section 40(a)(i) of the IT Act and accordingly the ITD raised a demand for Rs. 72,77,080 which is inclusive of interest u/s 234B of Rs. 16,48,239 for default in payment of advance tax.
details of reply submitted by the Company	The Company has filed an appeal before the CIT (A) on May 11, 2021, inter-alia, on the grounds that the learned Assessing Officer failed to appreciate that (i) professional fees were paid to USA Professional by its USA Branch to USA based vendors in respect of services provided by them in USA to the USA Branch and as such the income cannot be deemed to accrue or arise to the US Professionals in India; (ii) payment of professional fees to the US Professionals fall under the exception provided under Section 9(1)(vii)(b) on the basis that the services are utilized

	in the business carried outside India for earning income from a source outside India; (iii) that the payment of professional fees to the USA Professionals are not taxable as per Article 12 (1) of the Indo-USA DTAA read with section 90(2) of the IT Act as the same did not arise in India at all in terms of Article 12(7) of the Indo-USA DTAA. The Company has paid Rs. 10,91,592, being 15% of the demand and obtained stay on recovery proceedings until disposal of the appeals before the CIT(A).
Amount involved	₹ 72.77 Lakhs
Assessment year	2018-19
Current Status	The aforesaid matter is pending before the CIT (Appeals) for hearing.

Exemption from complying with any provisions of securities laws, if any:

Our Company has not undertaken any exemption with related to provision of securities law granted by SEBI.

SECTION XI: ISSUE INFORMATION

TERMS OF THE ISSUE

The Equity Shares being issued are subject to the provisions of the Companies Act, SCRA, SCRR, SEBI ICDR Regulations, the SEBI Listing Regulations, our Memorandum and Articles of Association, the terms of the Draft Red Herring Prospectus, Red Herring Prospectus, Prospectus, Application Form, any Confirmation of Allocation Note (“CAN”), the Revision Form, Allotment advices, and other terms and conditions as may be incorporated in the Allotment advices and other documents/certificates that may be executed in respect of the Issue. The Equity Shares shall also be subject to all applicable laws, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the GoI, the Stock Exchange, the RoC, the RBI and/ or other authorities, as in force on the date of the Issue and to the extent applicable or such other conditions as may be prescribed by SEBI, RBI, the GoI, the Stock Exchange, the RoC and/ or any other authorities while granting its approval for the Issue.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019 and circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 and any subsequent circulars issued by SEBI in this regard, SEBI has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RILs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. With effect from July 1, 2019, with respect to Application by retail individual investors through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applicants with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Further, pursuant to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, the final reduced timeline of T+3 days using the UPI Mechanism for applications by UPI Bidders (“UPI Phase III”), has been notified and made effective on a voluntary basis for public issues opening on or after September 1, 2023, and on a mandatory basis for public issues opening on or after December 1, 2023. The Offer will be undertaken pursuant to the processes and procedures under UPI Phase II of the UPI Circular, subject to the timing of the Offer and any circulars, clarification or notification issued by the SEBI from time to time, including SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023.

Further vide the said circular Registrar to the Issue and Depository Participants have been also authorized to collect the Application forms. Investor may visit the official website of the concerned for any information on operationalization of this facility of form collection by the Registrar to the Issue and Depository Participants as and when the same is made available.

In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within four (4) working days of closure of Issue.

Jurisdiction:

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Bengaluru, Karnataka.

The Equity Shares have not been and will not be registered under the U.S Securities Act, 1933 or any state securities laws in the United States, and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the U.S. Securities Act, 1933 and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders:

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor:

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Corporate Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination

with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 (six) Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Submission of Bid

Bid-Cum- Application Forms and any revisions to the same were accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid-Cum- Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for retail and non- retail Bidders.

On the Bid/ Issue Closing Date, the Bids were uploaded until:

- i. 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii. until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/ Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchange.

For the avoidance of doubt, it is clarified that Bids not uploaded on the electronic bidding system or in respect of which full Bid Amount is not blocked by SCSBs will be rejected.

The Registrar to the Issue submitted the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs unblocked such applications by the closing hours of the Working Day and submit the confirmation to the Book Running Lead Manager and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum-Application Forms on the Bid/ Issue Closing Date, Bidders were advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders were cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum-Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders were not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders could revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Minimum Subscription and Underwriting:

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 (thirty) days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the Issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the Issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond 4 (four) days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

Further, in accordance with Regulation 268(1) of the SEBI ICDR Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will be allotted will not be less than 50 (Fifty).

In terms of Regulation 260 of the SEBI ICDR Regulations, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the section titled “**General Information - Underwriting**” on page of this Prospectus.

Phased implementation of Unified Payments Interface

SEBI has issued a circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (collectively the "**UPI Circulars**") in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account

maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circular proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

Phase I: *This phase has become applicable from January 1, 2019 until March 31, 2019 or floating of five mainboard public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Applicant had the option to submit the Application Form with any of the intermediary and use his / her UPI I for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.*

Phase II: *This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, it was decided to extend the timeline for implementation of Phase II until March 31, 2020. Further, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by RIIs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.*

Phase III: *This phase has become applicable from August 9, 2023, shall be made applicable in two phases, i.e., (i) voluntary for all public issues opening on or after September 1, 2023; and (ii) mandatory on or after December 1, 2023. In this phase, the time duration from public issue closure to listing would be reduced to be three Working Days.*

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers are to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

PART A

Book Building Procedure

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, the Issue is being made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which 1/3rd (one-third) shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non Institutional Investors and not less than 35% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which did not have the details of the Bidders’ depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Bidders will not have the option of

being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus were made available at the offices of the Book Running Lead Manager, the Designated Intermediaries at Bidding Centres, and Registered Office of our Company. An electronic copy of the Bid cum Application Form was also available for download on the websites of the NSE, at least 1 (one) day prior to the Bid/Issue Opening Date.

Copies of the Anchor Investor Application Form were made available at the offices of the Book Running Lead Manager.

All Bidders (other than Anchor Investors) were required to mandatorily participate in the Issue only through the ASBA process. ASBA Bidders were required to provide either (i) the bank account details and authorisation to block funds in the ASBA Form, or (ii) the UPI ID, as applicable, in the relevant space provided in the ASBA Form. The ASBA Forms that did not contain such details were liable to be rejected. Applications made by the RIIs using third party bank account or using third party linked bank account UPI ID are liable for rejection. Anchor Investors are not permitted to participate in the Issue through the ASBA process. ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the relevant Designated Intermediary, submitted at the relevant Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. Since the Offer is made under Phase II of the UPI Circulars, ASBA Bidders may submit the ASBA Form in the manner below:

- i. RIIs (other than the RIIs using UPI Mechanism) may submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- ii. RIIs using the UPI Mechanism, may submit their ASBA Forms with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- iii. QIBs and NIBs may submit their ASBA Forms with SCSBs, Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs.

Anchor Investors were not permitted to participate in the Issue through the ASBA process.

The prescribed colour of the Bid cum Application Form for various categories is as follows:

Category	Colour*
Anchor Investor**	White
Indian Public/eligible NRI's applying on a non-repatriation basis (ASBA)	White

For details in relation to allocation, the Bidder may refer to the Red Herring Prospectus.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the Book Running Lead Manager and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Red Herring Prospectus.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Bidders and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to Red Herring Prospectus. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Net Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 50,48,000 Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than 50,48,000 Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of 4,000 Equity Shares and in multiples of 4,000 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 21,64,000 Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than 21,64,000 Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of 4,000 Equity Shares and in multiples of 4,000 Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or Red Herring Prospectus / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for 5% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds 5% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto 95% of the QIB portion in multiples of 4,000 Equity Shares.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis along with other QIB Bidders and
 - Under-subscription below 5% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis.

d. ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price has at the discretion of the Issuer, in consultation with the Book Running Lead Manager, subject to compliance with the following requirements:
 - i) not more than 60% of the QIB Portion were allocated to Anchor Investors;
 - ii) one-third of the Anchor Investor Portion has reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - iii) allocation to Anchor Investors was on a discretionary basis and subject to:

- a maximum number of two Anchor Investors for allocation up to ₹ 2 crores;
- a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
- in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the Book Running Lead Manager, selected Anchor Investors have sent a CAN and if required, a revised CAN.

c) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors shall be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.

d) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

e) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- For Bids where the proportionate allotment works out to less than 4,000 equity shares the allotment will be made as follows
 - Each successful Bidder shall be allotted 4,000 equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (ii) above.
- If the proportionate allotment to a Bidder works out to a number that is not a multiple of 4,000 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 4,000 equity shares subject to a minimum allotment of 4,000 equity shares.
- If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 4,000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Prospectus.

- (vi) Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.
- (vii) The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI ICDR Regulations.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (“**DPIIT**”).

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the “**FDI Policy**”), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a Non-Resident does not require the prior approval of the RBI, provided that:

- i) The activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the SAST Regulations;
- ii) The Non-Resident shareholding is within the sectoral limits under the FDI Policy; and
- iii) The pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company. For details, please refer to the section titled ‘*Issue Procedure*’ beginning on page 323 of this Prospectus.

Foreign Exchange Laws

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, had notified the FEMA Rules, which had replaced the Foreign Exchange Management (Transfer and Issue of Security by a Person Resident Outside India) Regulations 2017.

Foreign investment in this Offer shall be on the basis of the FEMA Rules.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“**Restricted Investors**”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government.

Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognized stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares were being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “**Prospectus Directive**”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information has been given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

18. If by the conditions of allotment of any share the whole or part of the amount or issue price thereof shall be payable by installment, every such installment shall when due be paid to the Company by the person who for the time being and from time to time shall be the registered holder of the share or his legal representative.
19. None of the funds of the company shall be applied for the purchase of any share of the company, and it shall not give any financial assistance for or in connection with the purchase or subscription of any shares in the company or in its holding company save as provided by section 67 of the Act.
20.
 - (i) any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
 - (ii) To every such separate meeting, the provisions of these regulations relating general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

DEMATERIALIZATION OF SECURITIES

21. The provisions of this Article shall apply notwithstanding anything to the contrary contained in any other Articles.
22. The Board or any Committee thereof shall be entitled to dematerialize Securities or to offer securities in a dematerialized form pursuant to the Depositories Act, 1996, as amended. The provisions of this Section will be applicable in case of such Securities as are or are intended to be dematerialized.
23. Every holder of or subscriber to Securities of the Company shall have the option to receive certificates for such securities or to hold the securities with a Depository. Such a person who is the Beneficial Owner of the securities can at any time opt out of a Depository, if permitted by law, in respect of any securities in the manner provided by the Depositories Act,

1996, and the Company shall, in the manner and within the time prescribed by law, issue to the Beneficial Owner the required certificates for the Securities.

24. If a person opts to hold his securities with the Depository, the Company shall intimate such Depository the details of allotment of the securities, and on receipt of the information, the Depository shall enter in its record the name of the allottee as the Beneficial Owner of the securities.
25. All securities held by a Depository shall be dematerialized and be in fungible form. Nothing contained in Sections 89 of the Act shall apply to a Depository in respect of the securities held by on behalf of the Beneficial Owners.
26.
 - (i) .Notwithstanding anything to the contrary contained in these Articles, a Depository shall be deemed to be the registered owner for the purposes of effecting transfer of ownership of Securities of the Company on behalf of the Beneficial Owner.
 - (ii) ii. Save as otherwise provided in sub-clause above, the Depository as the registered owner of the Securities shall not have any voting rights or any other rights in respect of the Securities held by it.
 - (iii) iii. Every person holding Securities of the Company and whose name is entered as the Beneficial Owner of securities in the record of the Depository shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of the Securities which are held by a Depository and shall be deemed to be a Member of the Company.
27. Notwithstanding anything to the contrary contained in these Articles, where Securities of the Company are held in a Depository, the records of the beneficiary ownership may be served by such Depository on the Company by means of Electronic Mode or by delivery of floppies or discs.
28. Nothing contained in Section 56 of the Act or anything to the contrary contained in these Articles shall apply to a transfer of Securities effected by a transferor and transferee both of whom are entered as Beneficial Owners in the records of a Depository.
29. Notwithstanding anything to the contrary contained in these Articles, where Securities are dealt with by a Depository, the Company shall intimate the details thereof to the Depository immediately on allotment of such Securities.
30. Notwithstanding anything to the contrary contained in these Articles regarding the necessity of having distinctive numbers for Securities issued by the Company shall apply to securities held with a Depository.
31. The Register and Index of Beneficial Owners maintained by Depository under the Depositories Act, 1996, as amended shall be deemed to be the Register and Index of Members and Security holders for the purposes of these Articles.

UNDERWRITING AND BROKERAGE

32. Subject to the provisions of section 40 of the Act:
 - (i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.
 - (ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
 - (iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

33. The company may pay a reasonable sum for brokerage.

CALLS ON SHARES

34.

- (i) Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share (or such other per cent. determined the Board or prescribed under applicable law) or be payable at less than one month or such other period prescribed under applicable law from the date fixed for the payment of the last preceding call.

- (ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

- (iii) A call may be revoked or postponed at the discretion of the Board.

35. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by instalments.

36. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

37.

- (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.

- (ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

38.

- (i) sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
- (ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

39. The Board

- (a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
- (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. per annum, as may be agreed upon between the Board and the member paying the sum in advance.

The provisions of these Articles shall mutatis mutandis apply to the calls on debentures of the company.

LIEN

40. The company shall have a first and paramount lien:

- (a) upon all share/debenture (not being a fully paid share/debenture), (other than fully paid-up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share/debenture; and no equitable interest in any share shall be created except upon

the footing and condition that this Article will have full effect and such lien shall extend to all dividends and bonuses from time to time declared in respect of such shares/debentures.

- (b) Unless otherwise agreed the registration of a transfer of shares/debentures shall operate as a waiver of the company's lien If any, on such shares/debentures. The Directors may at any time declare any shares/debentures wholly or in part to be exempt from the provisions of this Article.
- (c) The fully paid up shares shall be free from all lien and in the case of partly paid up shares the Company's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares.

41. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made:

- (i) unless a sum in respect of which the lien exists is presently payable; or
- (ii) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

42.

- (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.
- (ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
- (iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

43.

- (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
- (ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

FORFEITURE OF SHARES

44. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

45. The notice aforesaid shall:

- (i) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
- (ii) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

46. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared in respect of forfeited shares and not actually paid before the forfeiture.

47. When any shares shall have been so forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture and an entry of the forfeiture, with the date thereof, shall forthwith be made in any manner invalidated, by any omission or neglect to give such notice or to make any such entry as aforesaid.
48. The forfeiture of a share shall involve extinction, at the time of the forfeiture, of all interest in all claims and demands against the Company in respect of the share and all other rights, incidental to the share except only such of those rights as by these Articles are expressly saved.
- 49.
- (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
 - (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
- 50.
- (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies (calls, installments, interest and expenses) which, at the date of forfeiture, were presently payable by him to the company in respect of the shares and Board may enforce the payment thereof or any part thereof, without any deduction or allowance for the value for the shares at the time of forfeiture, but shall not be under any obligation to do so.
 - (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
- 51.
- (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
 - (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favor of the person to whom the share is sold or disposed of;
 - (iii) The transferee shall thereupon be registered as the holder of the share; and
 - (iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
52. Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate or certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the company have been seen previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect, and the Directors, shall be entitled to issue a duplicate certificate or certificates in respect of the said shares to the person or persons, entitled thereto.
53. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

TRANSFER AND TRANSMISSION OF SHARES

54. The
- (i) Instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
 - (ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

- (iii) The Instrument of transfer shall be in writing and all provisions of Section 56 of the Act, and statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof.
- (iv) No fee shall be charged for registration of transfer, transmission, probate, succession certificate and Letters of administration, Certificate of Death or Marriage, Power of Attorney or similar other document

55. The Board may, subject to the right of appeal conferred by section 58 decline to register:

- (i) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
- (ii) any transfer of shares on which the company has a lien.

56. The Board may decline to recognise any instrument of transfer unless:

- (i) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (ii) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- (iii) the instrument of transfer is in respect of only one class of shares.

57. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

58.

- (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to his interest in the shares.
- (ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

59.

- (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either:
 - (a) to be registered himself as holder of the share; or
 - (b) to make such transfer of the share as the deceased or insolvent member could have made
- (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

60.

- (i) the person becoming entitled to shares in consequence of the death, lunacy, bankruptcy or insolvency of any member of the marriage of a female member, or by any lawful means other than by a transfer in accordance with these presents may with the consent of Board of Directors (which shall not be under any obligation to give) upon producing such evidence that he sustains the character in respects of which he proposes to act under his article of his title, as the Board of Directors thinks sufficient, either be registered himself as holder of the shares or elect to have some person nominated by him and approved by the Board of Directors registered as such holder.

- (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

61. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

62. No share shall in any circumstances be transferred to any infant, insolvent or persons of unsound mind.
63. Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board of Directors may require to prove the title of the transferor, his right to transfer the shares and generally under and subject to such conditions and regulations as the board of Directors shall from time to time prescribe, and every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board of Directors. The Company shall also use a common form of transfer. Subject to applicable law, the Board may delegate the power of transfer of securities to a committee or to compliance officer or to the registrar to an issue and/or share transfer agent(s).
64. The Company shall incur no liability or responsibility whatever in consequence of its registering or giving effect to any of shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right title or interest to or in the said shares, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer and may have entered such notice, or referred thereto, in any book or the Company, and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest, or be under any liability whatsoever for refusing or neglecting so to do, though it may be entered or referred to in some book of the Company, but the company shall nevertheless be at liberty to regard and attend to any such notice and given effect thereto, if the Board of Directors shall so think fit.
65. Subject to the provisions of the Act, these Articles, or any other law for the time being in force, the Board may refuse whether in pursuance of any power of the company under these Articles or otherwise to register the transfer of, or the transmission by operation of law of the right to any shares or interest of a Member in or debentures of the Company. The Company shall within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that the registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except where the Company has a lien on shares.

BOARD TO RECOGNIZE BENEFICIAL OWNERS OF SECURITIES

66. Notwithstanding anything to the contrary contained in these Articles, a Depository shall be deemed to be the registered owner for the purpose of effecting transfer of ownership of Securities on behalf of a Beneficial Owner.
67. Save as otherwise provided hereinabove, the Depository as a registered owner shall not have any voting rights or any other rights in respect of securities held by it, and the Beneficial Owner shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of its securities held by a Depository.

68. Except as ordered by a Court of competent jurisdiction or as required by law, the Company shall be entitled to treat the person whose name appears as the Beneficial Owner of the securities in the records of the Depository as the absolute owner thereof and accordingly the Company shall not be bound to recognise any benami, trust or equitable, contingent, future or partial interest in any Security or (except otherwise expressly provided by the Articles) any right in respect of a Security other than an absolute right thereto, in accordance with these Articles on the part of any other person whether or not it shall have express or implied notice thereof.

NOMINATION

69. Every holder of Shares in, or Debentures of the Company may at any time nominate, in the manner prescribed under the Act, a person to whom his shares in or Debentures of the Company shall vest in the event of death of such holder.
70. Where the Shares in, or Debentures of the Company are held by more than one person jointly, the joint holders may together nominate, in the prescribed manner, a person to whom all the rights in the shares or Debentures of the Company, as the case may be, held by them shall vest in the event of death of all joint holders.
71. Notwithstanding anything to the contrary contained in any other law for the time being in force or in any disposition, whether testamentary or otherwise, or in these Articles, in respect of such shares in or Debentures of the Company, where a nomination made in the prescribed manner purports to confer on any person the right to vest the shares in, or Debentures of the Company, the nominee shall, on the death of the shareholders or holder of Debentures of the Company or, as the case may be, on the death of all the joint holders become entitled to all the rights in the shares or Debentures of the Company to the exclusion of all other persons, unless the nomination is varied or cancelled in the prescribed manner under the provisions of the Act.
72. Where the nominee is a minor, it shall be lawful for the holder of the shares or holder of Debentures to make the nomination to appoint, in the prescribed manner under the provisions of the Act, any person to become entitled to the shares in or Debentures of the Company, in the event of his death, during the minority.

COPIES OF MEMORANDUM AND ARTICLES TO BE SENT TO MEMBERS

BORROWING POWER

74. The Board may, from time to time at its discretion subject to the provisions of Sections 179 and of the Act, raise or borrow, either from the Directors or from elsewhere and secure the payment of any sum or sums of money for the purpose of the Company, provided that the Board shall not without the sanction of the Company in General Meeting borrow any sum of money which together with money borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate for the time being of the paid up capital of the Company and its free reserves, that is to say, reserves not set aside for any specific purpose.
75. The Board may raise or secure the repayment of such sum or sums in such manner and upon such terms and conditions in all respects as it may think fit, and in particular by the issue of bonds, perpetual or redeemable, debentures or debenture-stock, or any mortgage, or other security on the undertaking of the whole or any part of the property of the Company (both present and future), including its uncalled capital for the time being.
76. Any debentures, debenture-stock, bonds or other securities may be issued at a premium or otherwise and may be issued on condition that they shall be convertible into shares of any denomination and with any privileges and conditions as to redemption, surrender, drawing, allotment of shares, attending (but not voting) at the General Meeting, appointment of Directors and otherwise Debentures with the right to conversion into or allotment of shares shall be issued only with the consent of the Company in General Meeting by a Special Resolution.

77. Save as provided in Section 56 of the Act no transfer of debentures shall be registered unless a proper instrument of transfer duly stamped and executed by the transferor and transferee has been delivered to the Company together with the certificate or certificates of the debentures.
78. If the Board refuses to register transfer of any debentures the company shall, within one month from the date on which the instrument of transfer was lodged with the Company send to the transferee and to the transferor notice of the refusal.
79. The Board shall cause a proper Register to be kept in accordance with the provisions of Section 85 of the Act of all mortgages, debentures and charges specifically affecting the property of the Company, and shall cause the requirements of the Act in that behalf to be duly complied with, so far as they fail to be complied with by the Board.
80. The Company shall if at any time it issues debentures, keep a Register and Index of Debenture holders in accordance with Section 88 of the Act. The Company shall have the power to keep in any state or Country outside India a branch of Debenture-holders resident in that State or country.

CONVERSION OF SHARES INTO STOCK AND RECONVERSION

81. The Company in General Meeting may convert any paid-up shares into stock, and when any shares shall have been converted into stock, the several holders of such stock may henceforth transfer their respective interest therein, or any part of such interest, in the same manner and subject to the same regulations as, and subject to which shares from which the stock arose might have been transferred, if no such conversion had taken place or as near thereto as circumstance will admit. The company may at any time reconvert any stock into paid-up shares of any denomination.
82. The holders of stock shall, according to the amount of stock held by them have the same rights, privileges and advantages as regards dividends, voting at meeting of the Company and matters as if they held the shares from which the stock arose, but no such privileges or advantage (except participation in the Dividends and profits of the Company and in the assets of winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

MEETINGS OF MEMBERS

83. The Company shall in each year hold a General Meeting as its Annual General Meeting in addition to any other meetings in that year. All General Meetings other than Annual general meetings shall be Extra-ordinary General Meetings. The first Annual General Meeting shall be held within a period of nine months from the date of closing of the first financial year of the Company and in any case, within a period of six months, from the date of closing of the year, provided that not more than fifteen months shall elapse between the date of one annual general meeting of a Company and that to the next. Nothing contained in the foregoing provisions shall be taken as affecting the right conferred upon the register under provisions of Section 96(1) of the Act to extend the time within which any Annual General Meeting may be held. Every Annual General Meeting shall be called during business hours, that is between 9.00 AM to 6.00 PM on any day that is not a National Holiday and shall be held at the registered office of the Company or at some other place within the city in which the registered office of the Company is situated, as the Board may determine and the Notices calling the Meeting shall specify it as the Annual General Meeting. The Company may in any one Annual General Meeting fix the time for its Subsequent Annual General Meetings. Every member of the Company shall be entitled to attend either in person or by proxy and the Auditor of the Company shall be entitled to attend and to be heard at any General Meeting which he attends on any part of the business, concerns him as auditor. 84. The Board may, whenever it deems fit, call an extra ordinary general meeting of the Company.
85. The extraordinary general meeting shall be called by the Board, at the requisition in writing made by such number of members who hold, on the date of receipt of requisition, not less than one-tenth of such of paid-up capital of the Company as on the date carries the right of voting in regard to the matter in respect of which the requisition has been made.

86. Any valid requisition so made by members must state the object or objects of the meeting proposed to be called, and must be signed by the requisitionists and be deposited at the registered office of the Company, provided that such requisition may consist of several documents in loose form and each shall be signed by one or more requisitionists.
87. Upon the receipt of any such requisition the Board shall within twenty-one days from the date of receipt of a valid requisition in regard to any matter, proceed to call an extra ordinary general meeting for the consideration of that matter on a day not later than forty -five days from the date of receipt of such requisition. The requisitionists, or such of their number as represent either a majority in value of the paid-up share capital held by all of them or not less than one-tenth of the paid-up share capital of the Company as is referred to section 100 of the Act, whichever is less, may themselves call the meeting, but in either case, any meeting so called may be held within three months from the date of the delivery of the requisition as aforesaid.
88. Any reasonable expenses incurred by the requisitionist in calling an extraordinary meeting shall be reimbursed to the requisitionists by the company and the sums so paid shall be deducted from any fee or other remuneration under section 197 payable to such directors who were in default in calling the meeting.
89. Any meeting called under the foregoing Articles by the requisitionists shall be called and held in the same manner, as nearly as possible, as that in which meeting is to be called and held by the Board.
90. A general meeting of the Company may be called by giving not less than clear twenty-one days notice either in writing or through electronic mode in such manner as may be prescribed.

Provided that a general meeting may be called after giving a shorter notice if consent is given in writing or in electronic mode as prescribed under Section 101 of the Act.

116. Where a poll is to be taken, the Chairman of the meeting shall appoint two scrutineers to scrutinize the vote given on the poll and to report thereon to time. Once the scrutineers so appointed shall always be a member (not being an officer or employee of the Company) present at the meeting provided such a member is available and willing to be appointed. The Chairman shall have power at any time before the result of the poll is declared to remove a scrutineer from office and fill vacancies in the office of scrutineer arising from each removal or from any other cause.
117. The demand for a poll except on the questions of the election of the Chairman and of an adjournment shall prevent the continuance of a meeting for the transaction of any business other than the question on which the poll has been demanded.
118. If there be joint holders of any shares, any one of such person may vote at any meeting or may appoint another person (whether a member or not) as his proxy in respect of such shares, as if he were solely entitled thereto but the proxy so appointed shall not have any right to speak at the meeting and, if more than one of such joint holders be present at any meeting, that one of the said persons so present whose name stands higher on the Register shall alone be entitled to speak and to vote in respect of such shares, but the other or others of the joint holders shall be entitled to be present at the meeting, several executors or administrators of a deceased member in whose name shares stand shall for the purpose of these Articles to be deemed joint holders thereof.
119. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy, if any member be a minor the vote in respect of his share or shares shall be by his guardian or any of his guardian if more than one to be selected in case of dispute by the Chairman of the meeting.
120. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
121.
 - (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
 - (ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.
122. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes

to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

123. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.

124. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or any power of attorney under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given, provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

187.

- (i) The Board shall provide a Common Seal for the purpose of the company, and shall have power from time to time to destroy the same and substitute a new Seal in lieu thereof and provide for the safe custody of the seal.
- (ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorized by it in that behalf, and except in the presence of at least two directors or one director and the secretary or such other person as the Board may appoint for the purpose; and those two directors or one director and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

DIVIDENDS AND RESERVES

188. The company in general meeting may declare dividends to be paid to members according to their respective rights, but no dividend shall exceed the amount recommended by the Board, but the company in general meeting may declare a smaller dividend.

189. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

190. No dividend shall be declared or paid by the company for any financial year except, Out of the profits of the company for that year arrived at after providing for depreciation in accordance with the provisions of schedule II of the Act, or out of the profits of the company for any previous financial year or years arrived at after providing for depreciation in accordance with the provisions of that schedule and remaining undistributed, or out of both, provided that;

- (i) The company may, before the declaration of any dividend in any financial year, transfer such percentage of its profits for that financial year as it may consider appropriate to the reserves of the company:
- (ii) Where owing to inadequacy or absence of profits in any financial year, the company proposes to declare dividend out of the accumulated profits earned by it in previous year and transferred by the company to the reserves, such declaration of dividend shall not be made except in accordance with Companies (Declaration and Payment of Dividend) Rules, 2014.
- (iii) No dividend shall be declared or paid by the company from its reserves other than free reserves.

191. The Board of Directors of the Company may declare interim dividend during any financial year or at any time during the period from closure of financial year till holding of the annual general meeting out of the surplus in the profit and loss account or out of profits of the financial year for which such interim dividend is sought to be declared or out of profits generated in the financial year till the quarter preceding the date of declaration of the interim dividend:

Provided that in case the company has incurred loss during the current financial year up to the end of the quarter immediately preceding the date of declaration of interim dividend, such interim dividend shall not be declared at a rate higher than the average dividends declared by the company during the immediately preceding three financial years.

192.

- (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.
- (ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.
- (iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

193. No member shall be entitled to receive payments of any interest or dividend in respect of his share or shares, while any money may be due or owing from him to the company in respect of such share or shares or otherwise however, either alone or jointly with any other person or persons and the Board may deduct from any dividend or interest payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

194.

- (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
- (ii) No dividend shall be paid by the company in respect of any share therein except to the registered shareholder of such share or his order or to his banker and shall not be payable except in cash.

Provided that nothing in this Article shall be deemed to prohibit the capitalization of profits or reserves of the company for the purpose of issuing fully paid up bonus shares or paying up any amount for the time being unpaid on any shares held by the members of the company.

Provided further that any dividend payable in cash may be paid by cheque or warrant or in any electronic mode to the shareholder entitled to the payment of the dividend.

195. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

196. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

197. Where the Company has declared a dividend but which has not been paid or claimed within 30 days from the date of declaration, transfer the total amount of dividend which remains unpaid or unclaimed within the said period of 30 days, to a special account to be opened by the company in that behalf in any scheduled bank, to be called "Unpaid Dividend Account". The company shall transfer any money transferred to the unpaid dividend account of a company that remains unpaid or unclaimed for a period of seven years from the date of such transfer, to the Fund known as Investor Education and Protection Fund established under section 125 of the Act

There shall be no forfeiture of unclaimed dividends before the claim becomes barred by law and such forfeiture, if effected, shall be annulled in appropriate cases. The company shall comply with the provisions of the Act in respect of all unclaimed or unpassed dividend.

198. No dividend shall bear interest against the company.
