#### RISKS IN RELATION TO THE FIRST OFFER

This being the first public issue of the Equity Shares, there has been no formal market for the Equity Shares. The face value of the Equity Shares is ₹1 each. The Floor Price, Cap Price and Offer Price as determined by our Company, in consultation with the Book Running Lead Managers ("BRLMs"), and on the basis of assessment of market demand for the Equity Shares by way of the Book Building Process, in accordance with the SEBI ICDR Regulations and as stated in "Basis for Offer Price" on page 122 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

#### GENERAL RISK

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, Bidders must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have neither been recommended, nor approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Red Herring Prospectus. Specific attention of the Bidders is invited to "Risk Factors" on page 18.

#### COMPANY'S AND SELLING SHAREHOLDERS' ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Red Herring Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.

Each of the Selling Shareholders, severally and not jointly, accepts responsibility for and confirms only the statements expressly and specifically made by such Selling Shareholder in this Red Herring Prospectus to the extent of information specifically pertaining to itself and its respective portion of the Offered Shares and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, assumes no responsibility, as a Selling Shareholder, for any other statement in this Red Herring Prospectus, including, inter alia, any of the statements made by or relating to our Company or our Company's business or any other Selling Shareholder or any other person(s).

#### LISTING

The Equity Shares that will be offered through this Red Herring Prospectus are proposed to be listed on the Stock Exchanges being BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE" together with BSE, the "Stock Exchanges"). For the purposes of the Offer, NSE shall be the Designated Stock Exchange.

THE FACE VALUE OF EQUITY SHARES IS ₹1 EACH. THE OFFER PRICE IS [●] TIMES THE FACE VALUE OF THE EQUITY SHARES. THE PRICE BAND AND THE MINIMUM BID LOT WILL BE DECIDED BY OUR COMPANY, IN CONSULTATION WITH THE BOOK RUNNING LEAD MANAGERS AND WILL BE ADVERTISED IN ALL EDITIONS OF FINANCIAL EXPRESS, AN ENGLISH NATIONAL DAILY NEWSPAPER, ALL EDITIONS OF JANSATTA, A HINDI NATIONAL DAILY NEWSPAPER AND THE MUMBAI EDITION OF NAVSHAKTI, A MARATHI DAILY NEWSPAPER (MARATHI BEING THE REGIONAL LANGUAGE OF MAHARASHTRA, WHERE OUR REGISTERED AND CORPORATE OFFICE IS LOCATED) EACH WITH WIDE CIRCULATION, AT LEAST TWO WORKING DAYS PRIOR TO THE BID/OFFER OPENING DATE AND SHALL BE MADE AVAILABLE TO BSE AND NSE (TOGETHER WITH BSE, THE "STOCK EXCHANGES") FOR THE PURPOSE OF UPLOADING ON THEIR RESPECTIVE WEBSITES IN ACCORDANCE WITH THE SEBI ICDR REGULATIONS.

In case of any revision in the Price Band, the Bid/ Offer Period will be extended by at least three additional Working Days after such revision in the Price Band, subject to the Bid/ Offer Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar unforeseen circumstances, our Company and our Promoters, in consultation with the BRLMs, may, for reasons to be recorded in writing, extend the Bid/ Offer Period for a minimum of one Working Day, subject to the Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the BRLMs and at the terminals of the Syndicate Member(s) and by intimation to the Self-Certified Syndicate Banks ("SCSBs"), other Designated Intermediaries and the Sponsor Bank(s), as applicable.

This Offer is being made in terms of Rule 19(2)(b) of the SCRR read with Regulation 31 of the SEBI ICDR Regulations. The Offer is being made through the Book Building Process and is in compliance with Regulation 6(1) of the SEBI ICDR Regulations wherein in terms of Regulation 32(1) of the SEBI ICDR Regulations, not more than 50% of the Offer shall be available for allocation on a proportionate basis to Qualified Institutional Buyers ("QIBs", and such portion, the "QIB Portion") provided that our Company, in consultation with the BRLMs, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations ("Anchor Investor Portion"), of which at least 40% shall be reserved for domestic Mutual Funds, Life Insurance Companies and Pension Funds, in the following manner (i) 33.33% shall be reserved for domestic Mutual Funds, and (ii) 6.67% shall be reserved for Life Insurance Companies and Pension Funds, subject to valid Bids being received from domestic Mutual Funds and Life Insurance Companies and Pension Funds and at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion reserved for Life Insurance Companies and Pension Funds, the balance Equity Shares shall be available for allocation to domestic Mutual Funds. In the event of under-subscription or non-allocation in the Anchor Investor Portion, the balance Equity Shares of face value of ₹1 each shall be added to the remaining QIB Portion ("Net QIB Portion"). Further, 5% of the Net QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors) including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allocation in the Mutual Fund Portion will be added to the remaining QIB Portion for proportionate allocation to QIBs. Further, not less than 15% of the Offer shall be available for allocation on a proportionate basis to Non-Institutional Bidders out of which (a) one-third of such portion shall be reserved for applicants with application size of more than ₹200,000 and up to ₹1,000,000; and (b) two-third of such portion shall be reserved for applicants with application size of more than ₹1,000,000, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Bidders and not less than 35% of the Offer shall be available for allocation to Retail Individual Bidders ("RIBs") in accordance with the SEBI ICDR Regulations, subject to valid Bids being received from them at or above the Offer Price. All potential Bidders (except Anchor Investors) are required to mandatorily utilise the Application Supported by Bidder Amount ("ASBA") process by providing details of their respective bank accounts (including UPI ID for UPI Bidders using UPI Mechanism) (as defined hereinafter) in which the corresponding Bid Amount will be blocked by the SCSBs or the Sponsor Banks, as applicable, to participate in the Offer. Anchor Investors are not permitted to participate in the Anchor Investor Portion of the Offer through the ASBA process. For details, see "Offer Procedure" on page 404.

### RISKS IN RELATION TO THE FIRST OFFER

This being the first public issue of Equity Shares of our Company, there has been no formal market for the Equity Shares. The face value of the Equity Shares is ₹1 each. The Floor Price, Cap Price and Offer Price as determined by our Company, in consultation with the BRLMs, in accordance with the SEBI ICDR Regulations, and on the basis of assessment of market demand for the Equity Shares by way of the Book Building Process, as stated in "Basis for Offer Price" on page 122 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

### GENERAL RISK

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, Bidders must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have neither been recommended, nor approved by SEBI, nor does SEBI guarantee the accuracy or adequacy of the contents of this Red Herring Prospectus. Specific attention of the Bidders is invited to "Risk Factors" on page 18.

### COMPANY'S AND THE SELLING SHAREHOLDERS' ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Red Herring Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.

Each of the Selling Shareholders, severally and not jointly, accepts responsibility for and confirms only the statements expressly and specifically made by such Selling Shareholder in this Red Herring Prospectus to the extent of information specifically pertaining to itself and its respective portion of the Offered Shares and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, assumes no responsibility, as a Selling Shareholder, for any other statement in this Red Herring Prospectus, including, inter alia, any of the statements made by or relating to our Company or our Company's business or any other Selling Shareholder or any other person(s).

### LISTING

The Equity Shares being offered through this Red Herring Prospectus are proposed to be listed on the Stock Exchanges. Our Company has received 'in-principle' approvals from BSE and NSE for the listing of the Equity Shares pursuant to their letters each dated November 11, 2025. For the purposes of the Offer, the Designated Stock Exchange shall be NSE. A copy of this Red Herring Prospectus and the Prospectus shall be filed with the RoC in accordance with Sections 26(4) and 32 of the Companies Act, 2013. For details of the material contracts and documents available for inspection from the date of this Red Herring Prospectus until the Bid/ Offer Closing Date, see "Material Contracts and Documents for Inspection" on page 439.

These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “are likely”, “believe”, “continue”, “can”, “could”, “expect”, “estimate”, “intend”, “likely to”, “seek to”, “strive to”, “shall”, “objective”, “plan”, “project”, “propose”, “will”, “will achieve”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our expected financial condition, results of operations, business, prospects, strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements whether made by us or any third parties in this Red Herring Prospectus are based on our current plans, estimates, presumptions and expectations and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement, including but not limited to, regulatory changes pertaining to the industry in which our Company has businesses and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions, in India and globally, which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in our industry, incidence of natural calamities and/or acts of violence.

For details of certain important factors that could cause actual results to differ materially from our expectations, see “*Risk Factors*” on page 18.

For further discussion of factors that could cause the actual results to differ from the expectations, see “*Risk Factors*”, “*Our Business*”, “*Industry Overview*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 18, 177, 145 and 337, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Forward-looking statements reflect current views as on the date of this Red Herring Prospectus and are not a guarantee of future performance. There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

These statements are based on our management’s belief and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based on are reasonable, any of these assumptions could prove to be inaccurate and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, any Selling Shareholders, our Directors, the Syndicate nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the requirements of the SEBI ICDR Regulations, our Company shall ensure that Bidders in India are informed of material developments, until the time of the grant of listing and trading permission by the Stock Exchanges for the Equity Shares pursuant to the Offer. In accordance with the requirements of the SEBI ICDR Regulations, each of the Selling Shareholders shall, severally and not jointly, ensure that our Company and BRLMs are informed of material developments solely to the extent of statements and undertakings specifically made or undertaken by such Selling Shareholder in relation to itself as a Selling Shareholder and its respective portion of the Offered Shares in this Red Herring Prospectus, from the date thereof until the time of the grant of listing and trading permission by the Stock Exchanges for the Offer. Only statements and undertakings which are specifically confirmed or undertaken by the Selling Shareholders, as the case may be, in this Red Herring Prospectus shall, severally and not jointly, be deemed to be statements and undertakings made by such Selling Shareholder.

## CERTAIN CONVENTIONS, PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

### Certain Conventions

All references to “India” contained in this Red Herring Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

All references to the “U.S.”, “US”, “USA” or the “United States” are to the United States of America and its territories and possessions.

In this Red Herring Prospectus, unless otherwise specified:

- any time mentioned is in IST;
- all references to a year are to a calendar year; and
- all references to page numbers are to the page numbers of this Red Herring Prospectus.

### Financial Data

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular ‘financial year’, ‘Fiscal Year’, ‘Fiscal’ or ‘FY’, unless stated otherwise, are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year and references to a particular ‘year’ are to the calendar year ending on December 31 of that year.

Unless stated otherwise or where the context otherwise requires, the financial information and financial ratios in this Red Herring Prospectus is derived from the Restated Consolidated Financial Information, *i.e.* the Restated consolidated financial information of our Company and Subsidiary for nine months period ended December 31, 2025 and the Financial Years ended March 31, 2025, March 31, 2024 and March 31, 2023 comprising the restated consolidated Statements of Assets and Liabilities as at nine months period ended December 31, 2025 and the Financial Years ended March 31, 2025, March 31, 2024 and March 31, 2023, the restated consolidated Statements of Profit and Loss (including Other Comprehensive Income), the restated consolidated financial Statements of Cash Flows for each of the years ended nine months period ended December 31, 2025 and the Financial Years ended March 31, 2025, March 31, 2024 and March 31, 2023, the Summary statement of Material Accounting Policies and other explanatory notes, prepared in accordance with Ind AS as per requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended and The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time.

There are significant differences between the Ind AS, the IFRS, the Indian GAAP, and the Generally Accepted Accounting Principles in the United States of America (the “U.S. GAAP”). Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices, the Companies Act, Ind AS and the SEBI ICDR Regulations. Any reliance by persons not familiar with accounting standards in India, the Ind AS, the Companies Act, 2013 and the SEBI ICDR Regulations, on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited. For further details, see “*Risk Factors - Significant differences exist between Ind AS and other accounting principles, such as Indian GAAP, U.S. GAAP and IFRS, which investors may be more familiar with and may consider material to their assessment of our business, financial condition, cash flows, results of operations and prospects.*” on page 53.

All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, due to rounding off, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

However, where any figures that may have been sourced from third-party industry sources are rounded off to other than two decimal points in their respective sources, such figures appear in this Red Herring Prospectus as rounded-off to such number of decimal points as provided in such respective sources.

Unless the context otherwise indicates, any percentage, amounts, or ratios (excluding certain operational metrics), relating to the financial information of our Company as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 18, 177 and 337, respectively, and in this Red Herring Prospectus have been calculated on the basis of amounts derived from our Restated Consolidated Financial Information.

## Non-GAAP Financial Measures

Certain non-GAAP measures relating to our financial and operational performance, such as Return on Equity, Return on Assets and Debt to Equity Ratio (together, “**Non-GAAP Measures**”), and certain other industry metrics and financial parameters have been included in this Red Herring Prospectus as a supplemental measure of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, US GAAP, or IFRS. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, US GAAP, or IFRS and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, US GAAP, or IFRS. In addition, these Non-GAAP Measures and other industry metrics are not standardised terms, hence a direct comparison of similarly titled Non-GAAP Measures and other industry metrics between companies may not be possible. Other companies may calculate the Non-GAAP Measures and other industry metrics differently from us, limiting its utility as a comparative measure. These non-GAAP financial measures and other information relating to and financial performance may not be computed on the basis of any standard methodology that is applicable across industry and therefore may not be comparable to financial measures of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by Ind AS. Such supplemental financial and operational information should not be considered in isolation or as a substitute for an analysis of our Restated Consolidated Financial Information disclosed elsewhere in this Red Herring Prospectus. Although the Non-GAAP Measures and other industry metrics are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that it is useful to an investor in evaluating us because it is a widely used measure to evaluate a company’s operating performance. For further details see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on page 337 and “*Other Financial Information*” on page 329. For further details see “*Risk Factors – We have in this Red Herring Prospectus included certain non-GAAP financial measures and certain other industry measures related to our operations and financial performance that may vary from any standard methodology that is applicable across the industry we operate.*” on page 47.

## Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America.

Our Company has presented certain numerical information in this Red Herring Prospectus in “million” units or in whole numbers where the numbers have been too small to represent in such units. One million represents 1,000,000, one billion represents 1,000,000,000 and one trillion represents 1,000,000,000,000.

Figures sourced from third-party industry sources may be expressed in denominations other than millions or may be rounded off to other than two decimal points in the respective sources, and such figures have been expressed in this Red Herring Prospectus in such denominations or rounded-off to such number of decimal points as provided in such respective sources.

## Exchange Rates

This Red Herring Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the period indicated, information with respect to the exchange rate between the Rupee and USD:

Currency	As at and for the nine months period ended	As at and for the period/year ended		
	December 31, 2025	March 31, 2025*	March 31, 2024**	March 31, 2023

Source: FBIL Reference Rate as available on [www.fbil.org.in](http://www.fbil.org.in) and [www.xe.com](http://www.xe.com).

Note: Exchange rate is rounded off to two decimal points.

\* The exchange rate has been included as on March 28, 2025, as March 29, 2025, March 30, 2025 and March 31, 2025 were public holidays.

\*\* The exchange rate has been included as on March 28, 2024, as March 29, 2024, March 30, 2024 and March 31, 2024 were public holidays.

## Industry and Market Data

Unless stated otherwise, industry and market data used in this Red Herring Prospectus has been obtained or derived from the 1Lattice Report prepared by Lattice Technologies Private Limited (“**1Lattice**”) which has been exclusively commissioned and paid for by our Company in terms of engagement letter dated June 26, 2025, for the purpose of understanding the industry in connection with this Offer, and publicly available information as well as other industry publications and sources. 1Lattice is an independent agency which has no relationship with our Company, any of Promoters, our Directors, any of the Selling Shareholders or Key Managerial Personnel, Senior Management, or the Book Running Lead Managers. The 1Lattice Report is

available on the website of our Company at <https://www.kissht.com/investor-relations> and has also been included in “*Material Contracts and Documents for Inspection – Material Documents*” on page 439.

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources believed to be reliable, but their accuracy, completeness and underlying assumptions are not guaranteed, and their reliability cannot be assured. Accordingly, no investment decisions should be based solely on such information. Although we believe that the industry and market data used in this Red Herring Prospectus is reliable, the data used in these sources may have been re-classified by us for the purposes of presentation however, no material data in connection with the Offer has been omitted. Data from these sources may also not be comparable.

Industry sources and publications may base their information on estimates and assumptions that may prove to be incorrect. The extent to which the market and industry data used in this Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors – Certain sections of this Red Herring Prospectus disclose information from the Lattice Report which has been prepared exclusively for the Offer and commissioned and paid for by us and any reliance on such information for making an investment decision in the Offer is subject to inherent risks*”, on page 46. Accordingly, investment decision should not be based solely on such information.

In accordance with the SEBI ICDR Regulations, “*Basis for Offer Price - Quantitative Factors – Comparisons with Listed Industry Peers*” on page 124 includes information relating to our peer group companies. Such information has been derived from publicly available sources specified herein. Such industry sources and publications are also prepared based on information as at specific dates and may no longer be current or reflect current trends. Accordingly, investment decisions should not be based solely on such information.

#### **Notice to Prospective Investors in the United States and to U.S. persons outside the United States**

The Equity Shares have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Red Herring Prospectus or approved or disapproved the Equity Shares. In making an investment decision, investors must rely on their own examination of our Company and the terms of the Offer, including the merits and risks involved. The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States and, unless so registered, may not be offered or sold within the U.S. except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold outside of the U.S. in offshore transactions as defined in and in compliance with Regulation S and the applicable laws of the jurisdiction where those offers and sales occur. See “*Other Regulatory and Statutory Disclosures – Eligibility and Transfer Restrictions*” on page 379.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made, by persons in any such jurisdiction except in compliance with the applicable laws of such jurisdiction.

## SECTION II – RISK FACTORS

*An investment in our Equity Shares involves a high degree of risk. You should carefully consider the risks described below as well as other information as may be disclosed in this Red Herring Prospectus before making an investment in our Equity Shares. The risks described in this section are those that we consider to be the most significant to our business, results of operations and financial condition as of the date of this Red Herring Prospectus. The risks set out in this section may not be exhaustive and additional risks and uncertainties not presently known to us, or which we currently deem to be immaterial, may arise or may become material in the future and may also impair our business. If any or a combination of the following risks or other risks that are not currently known or are now deemed immaterial actually occur, our business, prospects, results of operations and financial condition, cash flows, could suffer, the trading price and the value of your investment in our Equity Shares could decline and you may lose all or part of your investment. In order to obtain an understanding of our Company and our business, prospective investors should read this section in conjunction with “Industry Overview”, “Our Business”, “Key Regulations and Policies”, “Financial Information”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Outstanding Litigation and Material Developments” on pages 145, 177, 208, 256, 337 and 366, respectively, as well as the other financial and statistical information contained in this Red Herring Prospectus.*

*Unless specified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks mentioned below. Any potential investor in the Equity Shares should pay particular attention to the fact that we are subject to a regulatory environment in India which may differ significantly from that in other jurisdictions. In making an investment decision, prospective investors must rely on their own examinations of us and the terms of the Offer, including the merits and the risks involved. You should consult your tax, financial and legal advisors about the potential consequences for you of investing in our Equity Shares.*

*This Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Red Herring Prospectus. See “Forward-Looking Statements” on page 14. Unless otherwise stated or the context otherwise requires, the financial information used in this section is derived from our Restated Consolidated Financial Information included in this Red Herring Prospectus. See “Financial Information” on page 256.*

*Our Company’s financial year commences on April 1 and ends on March 31 of the immediately subsequent year, and references to a particular Fiscal are to the 12 months ended March 31 of that year. Unless otherwise indicated, or if the context otherwise requires, in this section, references to “the Company” or “our Company” are to OnEMI Technology Solutions Limited on a standalone basis, and references to “the Group”, “we”, “us”, “our”, are to OnEMI Technology Solutions Limited and its Subsidiary, on a consolidated basis.*

*Unless otherwise indicated, industry and market data used in this section have been derived from the report titled “Industry Report on Digital Financial Services in India” dated April 9, 2026 (the “**ILattice Report**”) prepared and released by Lattice Technologies Private Limited and exclusively commissioned and paid for by us in connection with the Offer, pursuant to an engagement letter dated June 26, 2025. A copy of the ILattice Report is available on the website of our Company at <https://www.kissht.com/investor-relations>. The data included herein includes excerpts from the ILattice Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Offer), that have been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the ILattice Report and included herein with respect to any particular year refers to such information for the relevant calendar year. For more information, see “— Certain sections of this Red Herring Prospectus disclose information from the ILattice Report which has been prepared exclusively for the Offer and commissioned and paid for by us and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.” on page 46.*

### INTERNAL RISK FACTORS

- A significant portion of our AUM consists of unsecured loans (94.23% and 98.15% of our total AUM as of December 31, 2025 and March 31, 2025, respectively). Any decrease in demand for our unsecured loans products may adversely affect our business, financial condition, cash flows, results of operations and prospects.***

We offer a wide range of financial products including unsecured loans (personal loans) and secured loans (loan against property (“LAP”)). For further information, see “Our Business – Our Business Model – Our Products” on page 192. In the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, a significant portion of our AUM consisted of unsecured loans. Set out below is a breakdown of our AUM by our product offerings as of the dates indicated:

Particulars	As of December 31,		As of March 31,					
	2025		2025		2024		2023	
	Amount (₹ million)	% of total AUM	Amount (₹ million)	% of total AUM	Amount (₹ million)	% of total AUM	Amount (₹ million)	% of total AUM
Unsecured	56,122.85	94.23%	40,111.24	98.15%	26,035.89	99.97%	12,679.28	100.00%

Particulars	As of December 31,		As of March 31,					
	2025		2025		2024		2023	
	Amount	% of total AUM	Amount	% of total AUM	Amount	% of total AUM	Amount	% of total AUM
	(₹ million)		(₹ million)		(₹ million)		(₹ million)	
loans - Personal loans								
Secured loans - LAP	3,434.68	5.77%	755.14	1.85%	6.86	0.03%	-	-
<b>Total</b>	<b>59,557.53</b>	<b>100.00%</b>	<b>40,866.38</b>	<b>100.00%</b>	<b>26,042.75</b>	<b>100.00%</b>	<b>12,679.28</b>	<b>100.00%</b>

Any decrease in demand for our financial products, particularly our unsecured loan products, could adversely affect our business, financial condition, cash flows, results of operations and prospects. A decrease in demand for our products can arise from factors beyond our control, such as economic slowdown in India, a rise in unemployment, regulatory hurdles, competition and customer-specific factors. Further, unsecured loans inherently carry a higher risk profile, as the absence of collateral increases the likelihood of non-recovery in the event of borrower default. Consequently, credit losses associated with unsecured loans are typically elevated in comparison to those arising from secured lending activities. Also see “- *Our business operations involve transactions with borrowers with higher risk of default. Any default from our customers or non-recovery from our customers or our inability to recover the full value of collateral (in case of secured loans) could adversely affect our business, financial condition, cash flows, results of operations and prospects*” on page 28. While we have not faced any slowdown in the demand for unsecured loan products in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse impact on our business and operations, there can be no assurance that such instances will not occur in the future.

- Our success depends on retaining and expanding our customer base. If we do not continue to innovate and further develop our platform or our platform developments do not perform, or we are not able to keep pace with technological developments or if we are unable to attract new customers or are unable to retain and grow our relationships with our existing customers, our business, financial condition, cash flows, results of operations and prospects would be materially and adversely affected.***

As of December 31, 2025, we have acquired 63.73 million registered users and served 11.17 million customers. Set out below are details of our users and customers, as of and for the period/ years indicated:

Particulars	As of December 31,		As of March 31,	
	2025	2025	2024	2023
Number of registered users (million)	63.73	53.23	43.13	31.39
Number of customers served (million)	11.17	9.16	8.16	6.41

Our success and future growth depend on our ability to continue to attract new customers and to expand our AUM from existing customers. To do this, we must stay abreast of emerging customer preferences and product trends that will appeal to existing and potential customers. If we or our lending partners fail to offer products catering to the evolving needs of our customers, our customers may choose our competitors over us, which in turn may have an adverse effect on our business, financial condition, cash flows, results of operations and prospects. By consistently offering relevant and appealing financial solutions, both directly and through our lending partners, we aim to strengthen customer trust and loyalty. While we have maintained a stable customer base in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, we remain focused on enhancing our offerings and customer experience to ensure long-term value and sustained business performance. For instance, approximately 50.62% of our total AUM as of December 31, 2025, comprised repeat customers. If our customers do not find their desired products on our platform at attractive terms, or find their experiences with us dissatisfactory, they may lose trust in us and turn to other channels for their financial needs, which in turn may materially and adversely affect our business, financial condition, cash flows, results of operations and prospects.

To remain competitive, we must continue to stay abreast of the constantly evolving industry trends and to enhance and improve the responsiveness, functionality and features of our mobile application. In order to attract and retain customers and compete against our competitors, we must continue to invest significant resources in research and development to enhance our information technology and improve our existing products and services. Our success will depend, in part, on our ability to identify, develop, acquire or license leading technologies useful in our business, and respond to technological advances and emerging industry standards and practices in a cost-effective and timely way. The development of mobile applications and other proprietary technology entails significant technical and business risks. There can be no assurance that we will be able to use new technologies effectively or adapt our mobile application, proprietary technologies and systems to meet customer requirements or emerging industry standards. If we are unable to adapt in a cost-effective and timely manner in response to changing market conditions or customer preferences, whether for technical, legal, financial or other reasons, our business may be materially and adversely affected.

Developing and launching enhancements to our platform and new products and services on our platform may also involve

significant technical risks and upfront capital investments that may not generate return on investment. We may use new technologies ineffectively, or we may fail to adapt to emerging industry standards. If we face material delays in introducing new or enhanced platform features and services or if our recently introduced offerings do not perform in accordance with our expectations, our customers that utilize our platform may switch to our competitors. While we have not faced any instances of poor performance of our platform or difficulty in enhancing our platform for technological developments in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse impact on our business and operations, there can be no assurance that such instances will not occur in the future.

**3. We and our Subsidiary have witnessed negative operating cash flows in the past. Net cash inflow/(outflow) of our Company and our Subsidiary was ₹(1,377.63) million and ₹(2,294.17) million, respectively, in the nine months ended December 31, 2025 and ₹(6,614.26) million and ₹(8,249.93) million, respectively, in Fiscal 2025.**

We and our Subsidiary, Si Creva Capital Services Private Limited, have witnessed negative operating cash flows in the past. Set out below are details of such negative operating cash flows for the period/ years indicated:

(₹ in million)

Particulars	Net cash inflow/(outflow) from operating activities			
	Nine months ended December 31,	Fiscal		
		2025	2025	2024
Our Company	(1,377.63)	(6,614.26)	(6,374.34)	1,114.78
Our Subsidiary*	(2,294.17)	(8,249.93)	(7,288.89)	672.79

\*Represents financial information derived from the standalone audited financial statements of our Subsidiary for the nine months ended December 31, 2025 and Fiscals 2025 and 2024. Information pertaining to Fiscal 2023 is based on the special purpose audited financial statements of our Subsidiary.

The increase in net cash outflow of our Company and Subsidiary in Fiscals 2024 and 2025 was attributable to the significant expansion of our on-book loan portfolio resulting in higher working capital outflows. Our on-book AUM increased from ₹4,505.67 million as of March 31, 2023 to ₹14,752.15 million as of March 31, 2024 and further to ₹24,745.58 million as of March 31, 2025. In addition, we focus on strengthening our collections and credit monitoring processes to support stable operating cash flows in the future. For further details in relation to the negative operating cash flows, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Cash Flows – Operating activities*” on page 358.

Any failure to increase our revenues sufficiently to keep pace with our investments and other expenses could prevent us from achieving or maintaining a positive cash flow in the future. In addition, we intend to further invest into our Subsidiary and augment its capital base to support our future growth, which could subject us to additional liabilities. If we continue to experience negative cash flows in the future, our business, results of operations and financial condition could be adversely affected.

**4. We have certain contingent liabilities that have not been provided for in our Restated Consolidated Financial Information, which if they materialize, may adversely affect our financial condition.**

The details of our contingent liabilities are set out below as of December 31, 2025:

\* For details relating to corporate guarantee issued by our Company in the nine months ended December 31, 2025 and the last three fiscal years and the risk associated with it, see “– We require substantial capital for our business. Any disruption in our sources of capital or our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, financial condition, cash flows, results of operations and prospects” on page 27.

Our contingent liabilities may become actual liabilities. If a significant portion of these liabilities materialize, it could have an adverse effect on our business, financial condition, cash flows, results of operations and prospects. Further, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the current fiscal year or in the future. For further details of our contingent liabilities, see “*Restated Consolidated Financial Information - Note 36 – Contingent Liabilities & Commitments*” on page 311.

5. ***A significant portion of our AUM is attributable to the southern and western regions of India (35.00% and 26.47%, respectively, of our AUM in the nine months ended December 31, 2025 and 32.91% and 29.07%, respectively, of our AUM in Fiscal 2025). Any adverse development in these regions may adversely affect our business, financial condition, cash flows and results of operations.***

A significant portion of our AUM is attributable to the southern and western regions of India. Set out below is a breakdown of our AUM by region for the period/ years indicated:

Any adverse changes in these regions including due to social, political, economic or regulatory factors or natural calamities or civil disruptions, may interrupt our operations or affect our ability to provide services to our customers in a timely manner. Any decrease in AUM contribution by these regions may have an adverse effect on our business, financial condition, cash flows and results of operations. There can be no assurance that we will be able to reduce our reliance on these regions in the future. While we have not faced any instances of interruption or losses due to any adverse development in the southern or western regions of India that led to any material adverse impact on our business and operations in the past, there can be no assurance that such instances will not occur in the future.

6. ***Our inability to use software licensed from third parties could adversely affect our ability to sell our offerings and subject us to possible litigation, which may adversely affect our business, financial condition, cash flows, results of operations and prospects.***

We rely on third-party software and technology services (including cloud infrastructure and payments/fintech service providers such as AWS, FinBox, Juspay, etc) pursuant to the terms of our agreements with such providers. We also use open-source software, libraries and components (including those used in connection with PHP, Go and Python). Certain open-source licenses, including copyleft licenses, may impose obligations on us if we distribute, convey or otherwise provide software incorporating such open-source components to third parties (and, in certain cases, where users interact with such software over a network), including requirements to provide source code for the relevant components and/or license modifications or derivative works under the same license terms. There is limited judicial precedent in India interpreting certain open-source license obligations, and such terms may be subject to differing interpretations. Any actual or alleged non-compliance with open-source licenses could result in claims of infringement or breach, injunctive relief, damages, termination of relevant licenses, disruption to our operations, and/or require us to re-engineer, replace or cease using certain software, any of which could adversely affect our business, financial condition, cash flows, results of operations and prospects.

Further, we could be required to seek licenses from third parties to continue to operate our platforms in the future, in which case licenses may not be available on terms that are acceptable to us, or at all. Alternatively, we may need to re-engineer our platform or discontinue the use of portions of the functionality provided by our platform. Our inability to use third-party software could result in disruptions to our business, or delays in the development of future offerings or enhancements of our existing platform, which could materially and adversely affect our business, financial condition, cash flows, results of operations and prospects. While we have not faced instances of difficulties or interruptions in using such software licensed from third parties in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse effect on our business and operations, there can be no assurance that such instances will not occur in the future. Many of the risk associated with the use of open source software cannot be eliminated. If we fail to comply, or are alleged to have failed to comply, with the terms and conditions of our open source licenses, we could be required to incur significant legal expenses defending such allegations, be subject to significant damages, be enjoined from the sale of our products and services and be required to comply with onerous conditions or restrictions on our products and services, any of which could be materially disruptive to our business and operations.

**7. We depend on our Subsidiary, Si Creva, for our on-book loans. Any disruption in its business could materially and adversely impact our business, financial condition, results of operations and cash flows.**

Our on-book loans are originated and managed through our wholly-owned Subsidiary, Si Creva, which is an RBI regulated and registered middle-layer NBFC. Set out below is a breakdown of our AUM based on our on-book and off-book lending as of the dates indicated:

Particulars	As of December 31,		As of March 31,	
	2025	2025	2024	2023
AUM (₹ in million) <sup>(1)</sup>	59,557.53	40,866.38	26,042.75	12,679.28
-On-book AUM (₹ in million) <sup>(2)</sup>	30,451.33	24,745.58	14,752.15	4,505.67
-On-book AUM (%) <sup>(3)</sup>	51.13%	60.55%	56.65%	35.54%
-Off-book AUM (₹ in million) <sup>(4)</sup>	29,106.20	16,120.80	11,290.60	8,173.61
-Off-book AUM (%) <sup>(5)</sup>	48.87%	39.45%	43.35%	64.46%

Notes:

1. AUM represents the aggregate of principal outstanding held in On-book and held in Off-book lending partner books as on the last day of the relevant period (includes On-book and Off-book AUM).
2. On-book AUM represents the aggregate of principal outstanding held in On-book as on the last day of the relevant period.
3. On-book AUM % represents the aggregate of principal outstanding held in On-book as on the last day over total On-book and Off-book AUM as on the last day of the relevant period.
4. Off-book AUM represents the aggregate of principal outstanding held in Off-book as on the last day of the relevant period.
5. Off-book AUM % represents the aggregate of principal outstanding held in Off-book lending partner books as on the last day of the relevant period over total On-book and Off-book AUM as on the last day of the relevant period.

Consequently, our growth, asset quality and liquidity are closely linked to our Subsidiary's ability to maintain its regulatory standing, capital adequacy, access to funding, credit ratings and risk management. Any adverse regulatory action, change in RBI regulations applicable to middle-layer NBFCs, increase in capital or provisioning requirements could restrict our Subsidiary's lending capacity and profitability and, in turn, our own. Further, any deterioration in our Subsidiary's portfolio quality, governance, compliance with KYC/AML and digital lending norms or information security could impair origination, increase credit costs and adversely impact cash flows. Further, if our Subsidiary is unable to raise debt on acceptable terms, faces rating downgrades, experiences regulatory constraints, or requires incremental capital support from us, our liquidity, leverage and ability to scale may be adversely affected. We may not be able to promptly replicate our Subsidiary's capabilities through alternative arrangements or partners, and any interruption or curtailment of its operations could materially and adversely affect our business, financial condition, results of operations and cash flows.

**8. Our Company has, in the past, allotted Series A OCRPS and Series B OCRPS to our Promoters, which were subsequently converted to Equity Shares of the Company in the conversion ratio of 1:1,457,280\*.**

\* adjusted for sub-division of equity shares of ₹10 each of the Company to Equity Shares of ₹1 each, i.e. the conversion ratio of 1:145,728 was adjusted to 1:1,457,280 to account for the sub-division.

In the past, our Company has allotted one Series A OCRPS each and one Series B OCRPS each to, our Promoters, Ranvir Singh and Krishnan Vishwanathan, on March 11, 2019, by way of a private placement. The Series A OCRPS and Series B OCRPS were issued with a default conversion ratio of 1:10 (adjusted for sub-division of equity shares of ₹10 each of the Company to Equity Shares of ₹1 each, i.e. the default conversion ratio of 1:1 was adjusted to 1:10 pursuant to the sub-division). However, under the terms of the issuance, a conversion ratio of 1:1,457,280 (similarly adjusted, i.e. the conversion ratio of 1:145,728 was adjusted to 1:1,457,280 to account for the sub-division) was applicable for each of the Series A OCRPS and Series B OCRPS at the option of the holders of (i) the Series A OCRPS, subject to satisfaction of (a) primary capital infusion in our Company by a reputed institutional investor (not being an existing shareholder or affiliate thereof), where the investment received by our Company towards subscription of securities is at a pre-money equity valuation exceeding USD 100,000,000; and (b) our Company having received investments of at least USD 3,000,000 towards subscription of share capital in such primary infusion of capital referred to in (i)(a) (the "Series A OCRPS Trigger Events"); and (ii) the Series B OCRPS, subject to satisfaction of (a) primary capital infusion in our Company by a reputed institutional investor (not being an existing shareholder or affiliate thereof), where the investment received by our Company towards subscription of securities is at a pre-money equity valuation exceeding USD 200,000,000; and (b) our Company having received investments of at least USD 3,000,000 towards subscription of share capital in such primary infusion of capital referred to in (ii)(a) (the "Series B OCRPS Trigger Events"). Consequently, upon the occurrence and satisfaction of each of the Series A OCRPS Trigger Events and the Series B OCRPS Trigger Events, the Board of Directors at its meeting dated February 14, 2025, approved the allotment of Equity Shares at a conversion ratio of 1:1,457,280 (adjusted for sub-division of equity shares of ₹10 each of the Company to Equity Shares of ₹1 each) for each of the Series A OCRPS and Series B OCRPS held by Ranvir Singh and Krishnan Vishwanathan. The valuations in this regard were determined using the discount cash flow methodology. For details, see "Capital Structure – Notes of the Capital Structure – Share capital history of our Company – Equity share capital" and "Capital Structure – Notes of the Capital Structure – Share capital history of our Company – Preference share capital – History of OCRPS" on pages 78 and 90, respectively.

9. *We rely on collecting and analyzing data to enhance our business performance and results and depend on the accuracy and completeness of information provided by our customers. Our reliance on any misleading information may affect our judgment of their credit worthiness, as well as the value of and title to the collateral. Further, any inability to accumulate or access sufficient data in the future or analyze the data effectively may adversely affect our business, financial condition, cash flows, results of operations and prospects.*

In deciding whether to extend credit or enter into other transactions with customers, we rely on information furnished to us by or on behalf of customers, together with over 400 data variables including credit histories (from agencies such as CIBIL, Equifax Credit Information Services Pvt. Ltd. (“Equifax”), Experian Credit Information Company of India Private Limited (“Experian”) and CRIF High Mark Credit Information Services Pvt. Ltd (“CRIF”)), KYC credentials, banking and transactional data as well as digi-data. We may also rely on certain representations from our customers as to the accuracy and completeness of that information. For ascertaining the creditworthiness and encumbrances on collateral, we may also depend on the respective registrars and sub-registrars of assurances and on independent valuers in relation to the value of the collateral. Our reliance on any misleading information may affect our judgement of credit worthiness of potential borrowers, and the value of and title to the collateral, which may affect our business, financial condition, cash flows, results of operations and prospects. In the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, we have faced instances of fake collateral/ title documents from customers on delinquent accounts. To address such instances, we implemented measures such as obtaining title search reports, legal opinions and vetting reports for validation of collateral/ title documents. There can be no assurance that such instances will not occur in the future, particularly given the manual nature of property documentation and verification in India.

Moreover, the availability of accurate and comprehensive credit information on retail customers and small businesses in India is more limited than for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such lending. Nationwide credit bureaus such as CIBIL, Equifax, Experian and CRIF are operational in India and RBI has approved the creation of other credit information bureaus. However, these bureaus do not presently report information from retailers, utility companies and trade creditors, and no other nationwide credit bureaus of this nature presently exist. While the law provides us with better access to credit information, there may be relatively less financial and credit information available on small and medium enterprises and in relation to the possibility of double-financing obtained by any such clients, than may have been available in a more developed economy, and the availability of such financial and credit information in India may be considered to suffer from an absence of competitive pressure at present. Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our non-performing and restructured assets, which could materially and adversely affect our business, prospects, results of operations, financial condition and cash flows.

We have made substantial investments in ensuring the effectiveness of our data analytics that supports our growth and enables us to provide efficient services to our customers. Our proprietary technologies, built on cloud computing infrastructures provided by third-party vendors, automate and streamline various operational processes. These technologies support our day-to-day business analytics and provide periodic or real-time applications to manage the large volume of transactions conducted through our platforms and to execute our strategies. There can be no assurance that we will be able to continually collect and retain sufficient data, or improve our data technologies to satisfy our operating needs. Any failure to do so will materially and adversely affect our business, financial condition, cash flows, results of operations and prospects.

10. *If we are unable to control the level of GNPA in our portfolio effectively (our Gross NPA was 2.90% and 2.89% as of December 31, 2025 and March 31, 2025, respectively) or if we are unable to maintain adequate provisioning coverage (our provisioning coverage ratio was 86.88% and 91.48% in the nine months ended December 31, 2025 and Fiscal 2025, respectively) or if there is any change in regulatory-mandated provisioning requirements, our business, financial condition, cash flows, results of operations and prospects could be adversely affected.*

An increase in the levels of our GNPA could adversely impact the quality of our loan portfolio and credit ratings, and translate into an increase in our cost of funds. Certain factors that are beyond our control, such as macro-economic factors, regulatory hurdles and competition as well as customer-specific factors, such as willful default and mismanagement of a customer’s operations, may cause a further increase in the level of GNPA. Any increase in the levels of GNPA will require us to increase our provisions accordingly, which could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects. Set out below are details of our GNPA as of the dates indicated:

Particulars	As of December 31,		As of March 31,	
	2025	2025	2024	2023
Gross NPA (%)	2.90%	2.89%	0.79%	0.05%

Note: Gross NPA represents ratio of Gross Stage 3 On-book Loans to gross carrying amount of total gross On-book loans as at the last day of the relevant period.

We are required to make provisions for expected credit loss (“ECL”) on all our on-book loans outstanding on the reporting date. For making provisions, we need to use analytical tools and methods to compute loss and recovery trends, and to apply on our loan book/financial assets for computing ECL provisions. We are also required to provide for the impact of forward-looking macroeconomic factors, which requires us to make choices of variables that have a robust correlation with the historical loss rate for the given portfolio. The computation of ECL provisioning, is based on historical trends and macroeconomic factors and we may make an error in computing historical loss and recovery trends. The estimates used in computing variables for ECL may also undergo material change, which may have a significant impact on the carrying values of our loans, impairment on

financial instruments and a consequential impact on our profitability, equity and CRAR. If we are unable to control the level of our GNPA's, we will be required to increase our ECL provisions, which would result in our profit after tax being less than it otherwise would be, which in turn would also adversely affect our financial condition.

Set out below are details of our provision coverage ratio for the period/ years indicated:

Particulars	Nine months ended December 31, 2025	Fiscal		
		2025	2024	2023
Provisioning coverage ratio (%)	86.88%	91.48%	100.00%	100.00%

*Note: Provisioning Coverage Ratio is calculated as Impairment loss allowance on stage 3 loans as a percentage of gross carrying value of stage 3 loans as on the last day of the relevant period.*

The RBI regulates some aspects of the recovery of dues from delinquent customers, such as the use of recovery agents and the framework of compromise/settlement of dues with customers. Any limitation on our ability to recover, control and/or reduce GNPA as a result of these guidelines or otherwise could affect our collections and ability to foreclose existing GNPA. We may fail to accurately categorize all loans that should be GNPA pursuant to RBI regulations, which may cause us to under record our GNPA. While we have not faced instances of deficiencies in NPA identification and monitoring systems and processes in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse effect on our business and operations, there can be no assurance that such instances will not occur in the future.

***11. Systems failures and resulting interruptions in the availability of our platform could adversely affect our business, financial condition, cash flows, results of operations and prospects.***

The proper functioning of our technology infrastructure is essential to conduct our business. Specifically, the satisfactory performance, reliability and availability of our products, platforms, and services are critical to our success and our ability to attract and retain customers and provide adequate services. It is critical to our success that all participants on our platforms are able to access our platform, at all times. Our systems, or those of third parties upon which we rely, may experience service interruptions or degradation or other performance problems because of hardware and software defects or malfunctions, and other cyberattacks, infrastructure changes, human error, earthquakes, hurricanes, floods, fires, natural disasters, power losses, disruptions in telecommunications services, unauthorized access, fraud, military or political conflicts, terrorist attacks, legal or regulatory takedowns, computer viruses, ransomware, malware, or other events. Our systems also may be subject to break-ins, sabotage, theft and intentional acts of vandalism, including by our own employees. While we have maintained adequate redundancy and implemented disaster recovery planning for all eventualities, these may not be sufficient to cover all our losses that may result from interruptions in our service as a result of systems failures and similar events.

Further, we have implemented a business impact analysis (“BIA”) framework for evaluating the business interruptions across our key operational areas. This framework defines clear impact rankings and criticality levels (ranging from negligible to very high and minor to critical) based on financial loss, operational disruption, regulatory exposure and reputational risk, with each level being assigned specific recovery time objectives. We have experienced and will likely continue to experience system failures and other events or conditions from time to time that interrupt the availability or reduce or affect the speed or functionality of our products and platforms. These system failures generally occur either as a result of software updates being deployed with unexpected errors or as a result of temporary infrastructure failures related to storage, network, or computing capacity being exhausted. For instance, our short-link generation system experienced a failure on the early morning of September 2, 2025, preventing new customers from loading our mobile application’s home screen. This issue was immediately rectified by updating our short-link generation system. Further, in some instances, we may not be able to identify the cause or causes of these performance problems within an acceptable period of time. While none of such instances of systems failures and resulting interruptions in the availability of our platform were marked as “critical” under our BIA framework or led to any adverse effect on our business or operations in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. Even a minor interruption in the availability or reduction in the availability, speed, or other functionality of our offerings could adversely affect our business and reputation and could result in the loss of customers.

The digital data set underlying our platform is highly complex and may contain undetected errors or vulnerabilities, some of which may only be discovered at a subsequent stage or may not get discovered at all. Our practice is to release frequent software updates. Any third-party services that we integrate into our platform, may also be subject to errors or vulnerabilities. Any errors, vulnerabilities or infringements discovered in our code or from third-party services after release could result in negative publicity, a loss of customer or loss of revenue, legal proceedings, and access or other performance issues. Such vulnerabilities could also be exploited by malicious actors and result in exposure of data of the participants on our platform, or otherwise result in a security breach or other security incident. We may need to expend significant financial and development resources to analyze, correct, eliminate, or work around errors or defects or to address and eliminate vulnerabilities. As of December 31, 2025, we are supported by an in-house team of 331 engineers and product specialists. We also outsource certain functions such as development of Loan Origination System for our LAP offering. Set out below are details of our expenses towards technology (including among others, costs attributable to software, cloud infrastructure, manpower, product development, security and customer engagement) for the period/ years indicated:

Particulars	Nine months ended December 31,		Fiscal					
	2025		2025		2024		2023	
	Amount (₹ million)	% of revenue from operations	Amount (₹ million)	% of revenue from operations	Amount (₹ million)	% of revenue from operations	Amount (₹ million)	% of revenue from operations
Technology expense	641.87	4.11%	869.86	6.50%	763.89	4.56%	432.34	4.39%

Any failure to timely and effectively resolve any such errors, defects, or vulnerabilities could adversely affect our business, financial condition, cash flows, results of operations and prospects.

**12. Our insurance coverage may not be sufficient or may not adequately protect us against risks and unexpected events, which may adversely affect our business, financial condition, cash flows, results of operations and prospects.**

We maintain insurance policies for anticipated risks which are standard for our type of business and operations which are customary for our industry. These include policies fire insurance, group mediclaim coverage, cyber security, group personal accident, directors and officers. For further details, see “Our Business – Insurance” on page 205. Our insurance may not be adequate to completely cover any or all of our risks and liabilities. Set out below are details of our insurance coverage on our tangible assets as of and for the period/ years indicated:

Particulars	As of and for the nine months ended December 31,	As of and for the financial year ended March 31,		
	2025	2025	2024	2023
Insurance cover (₹ million) <sup>(1)</sup> (A)	273.29	159.57	249.63	18.14
Tangible Assets ((B) = (a)+(b))	1,210.30	1,091.41	973.62	835.12
Leased Assets ((a) = (i)+(ii))	959.13	857.21	741.63	632.06
- Premises - Buildings and Properties (i)	864.92	763.00	647.42	537.85
- Furniture and Fixtures (ii)	94.21	94.21	94.21	94.21
Other tangible assets <sup>(2)</sup> (b)	251.17	234.19	231.99	203.06
Intangible Assets <sup>(3)</sup> (C)	290.60	242.66	190.24	188.74
Total assets (₹ million) (D)=(B)+(C)-(i))	1,500.90	1,334.06	1,163.86	1,023.86
Adjusted Insurance coverage ratio <sup>(4)</sup> (%) (E = A/( B-i))	79.13%	48.59%	76.53%	6.10%

Notes:

- Insurance cover consists of insurance coverage amount towards fire/burglary of assets, plate glass, electronic equipment and all risk – portable equipment.
- Other tangible assets include computer equipment, office equipment, leasehold equipment and furniture and fixtures.
- Intangible assets include software, licenses, goodwill and intangible assets under development.
- Adjusted Insurance coverage ratio is calculated as insurance cover divided by tangible assets (excluding premises - buildings and properties, as insurance policies for these leased premises are procured by the lessors).

We cannot assure you that our insurance coverage is sufficient to prevent us from any loss or that we will be able to successfully claim our losses under our current insurance policy on a timely basis, or at all. If we incur any loss that is not covered by our insurance policies, or the compensated amount is significantly less than our actual loss, our business, financial condition, cash flows, results of operations and prospects could be materially and adversely affected. If our insurance carriers change the terms of our policies in a manner unfavorable to us, our insurance costs could increase. While we have not raised any insurance claims or faced any instances of insufficient insurance coverage that led to any adverse effect on our business or operations in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. Our insurance policies may contain exclusions and limitations on coverage, as a result of which, we may not be able to successfully assert our claims for any liability or loss under the said insurance policies. If our losses significantly exceed or differ from our insurance coverage or cannot be recovered through insurance in the future, our business, financial condition, cash flows, results of operations and prospects could be adversely affected.

Any payments we make to cover any losses, damages or liabilities or any delays we experience in receiving appropriate payments from our insurers could have a material adverse impact on our business, financial condition, cash flows, results of operations and prospects. Further, our insurance coverage expires from time to time and we apply for the renewal of our insurance coverage in the ordinary course of our business. Additionally, uninsured losses or liabilities could negatively impact our business, financial condition, and operations. Even with successful insurance claims, such incidents may harm our reputation and brand, affecting our overall performance.

**13. As an NBFC, our Subsidiary is subject to periodic inspections by the RBI, and any non-compliance with such observations made by the RBI during these inspections could subject us to penalties, restrictions and cancellation of the relevant license and could adversely affect our business, financial condition, results of operations and cash flows.**

As an NBFC, our Subsidiary is subject to regulatory oversight and periodic inspection by the RBI under the RBI Act, pursuant to which the RBI inspects our books of accounts, our operations, risk management systems, internal controls, regulatory compliance and credit monitoring systems and other records. During the course of finalizing inspections, the RBI shares its findings and recommendations with us, subsequently our Subsidiary provides additional information and clarifications, as applicable. Upon final receipt of the inspection report from the RBI, our Subsidiary is required to take actions specified therein by the RBI to its satisfaction.

As of the date of this Red Herring Prospectus, there has been one inspection report issued by RBI since the incorporation of our Subsidiary, wherein RBI had made certain observations regarding the business and operations of our Subsidiary in relation to, but not limited to: (i) deficiencies in certain RBI mandated policies; (ii) certain instances of upgradation of non-performing assets accounts to standard accounts; (iii) certain instances of collections related complaints against recovery agents; and (iv) certain instances of non-compliances by the recovery agents. Pursuant to these observations, our Subsidiary has responded to the RBI with corrective actions, including but not limited to, updating of the RBI mandated policies with robust structure, stricter actions against the recovery agents as a demonstrative effect, implementation of comprehensive audit process, amongst others.

While the RBI has not levied any penalty for such non-compliances, and our Subsidiary has provided necessary clarifications, and has revisited the compliances and/or undertaken steps to ensure compliance with the relevant observations, we cannot assure you that the steps taken by our Subsidiary in furtherance of the observation by RBI would be considered satisfactory or that the RBI will not have follow-up observations in the future or will not impose any penalties for non-compliance

Further, we cannot assure you that the RBI, or any other regulatory authority will not make similar or other observations in the future or impose any penalties or restrictions on us including having approvals withheld, receiving conditional approvals, or having our licenses cancelled. Additionally, our management may be required to divert substantial time and effort towards meeting such enhanced compliance requirements and may be unable to devote adequate time and efforts towards our business, which may have an adverse effect on our reputation, business, results of operations, financial condition, and cash flows.

**14. We have entered into lending arrangements with certain third-party non-banking financial companies (48.87% and 39.45% of our total AUM as of December 31, 2025 and March 31, 2025, respectively, was attributable to our off-book loans). Any premature termination of such lending arrangements may adversely affect our business, financial condition, cash flows, results of operations and prospects.**

In addition to our on-book loans disbursed through our Subsidiary, we offer off-book loans, which are facilitated in partnership with various financial institutions. Our revenue from off-book loans includes sourcing fees (representing charges for originating loans through our platform), servicing fees (representing charges for managing loan servicing and collections) and other performance-linked income (representing charges based on loan performance metrics). These fees and charges are calculated in accordance with pre-agreed contractual arrangements with our lending partners and in compliance with applicable RBI regulations. A significant portion of our total AUM is attributable to our off-book loans. Set out below is a breakdown of our AUM based on our on-book and off-book lending as of the dates indicated:

The operations of our off-book loans are significantly dependent on our continuing relationship with such financial institutions and any premature termination or non-renewal of our arrangements or revisions in the terms of our arrangements by any of these financial institutions may expose us to the risks of disruption in our operations, loss of revenue and related customer dissatisfaction. Any of these occurrences could adversely affect our business, financial condition, cash flows, results of operations and prospects.

Further, we enter into long-term non-exclusive lending arrangements with such financial institutions pursuant to which these financial institutions have the right to terminate or cancel such agreements with prior written notice. Although we continue to seek to diversify our partners, there is no guarantee that the concentration of revenue from such lending partners will increase or decrease in the future. Further, upon expiry of the stipulated term of our agreements, our lending partners may decide to change the terms of our arrangements or not renew our arrangements at all in the future. We may earn lesser spreads on our off-book loans, which may adversely impact our business, financial condition, cash flows, results of operations and prospects. The non-exclusive nature of our agreements also entitles our partners to engage with our competitors, which could be prejudicial to our business, results of operations and financial condition. If we are required to find alternative lending partners, we may incur additional expenses or may be unsuccessful in finding such alternative partners at all. The process of onboarding a new financial institution involves business planning, negotiations, due diligence, legal compliance and technical integration, all of which could strain our resources. While we have not faced any instances where our financial institutions have prematurely terminated their agreements with us in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future.

**15. Two of our shareholders are subject to sanctions imposed by the Office of Financial Sanctions Implementation (“OFSI”) and the Office of Foreign Assets Control (“OFAC”), which may expose us to the risk from sanctions as well. Any failure to comply with such laws could potentially have an adverse effect on our business, financial condition and prospects.**

Two of our shareholders, who collectively hold 5.74% of our pre-Offer equity share capital (on a fully diluted basis) as of the date of this Red Herring Prospectus (together, the “**Sanctioned Shareholders**”), are currently subject to sanctions imposed by OFSI and OFAC in 2023, which were imposed upon them after they became our shareholders. Neither of the Sanctioned Shareholders is participating in this Offer, nor do they have any special rights in relation to us, including veto rights regarding company decision-making, board representation, or other forms of special control over the company. Further, the Sanctioned Shareholders shall not sell or transfer their shareholding in the Company until the end of any post-Offer statutory or regulatory lock-up requirements, as applicable.

The fact that the Sanctioned Shareholders hold equity in the company may expose us to the risk of regulatory scrutiny or becoming targeted with sanctions. Any dealings with individuals or entities that have been targeted with sanctions by the US government, and entities that are owned or controlled by such targets, create elevated risk under sanctions laws and regulations. Sanctions programs are constantly evolving and new requirements or restrictions could come into effect, which might increase regulatory scrutiny of us or our business and expose us to potential civil or criminal penalties or sanctions designations, which may in turn have adverse consequences on our reputation, business, financial condition, cash flows, results of operations and prospects.

The fact that the Sanctioned Shareholders hold equity in the company may also give rise to negative media or investor attention that may affect international investors’ perceptions of us. Concerns about potential legal or reputational risk associated with the Sanctioned Shareholders holding company equity could reduce the marketability of our shares to such investors, which could affect the price or after-market performance of our shares.

**16. We require substantial capital for our business. Any disruption in our sources of capital or our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, financial condition, cash flows, results of operations and prospects.**

Our business and results of operations depend on our ability to raise both debt and equity from various external sources on suitable terms and in a timely manner. Our financing requirements historically have been met from several sources, including term loans and working capital facilities; proceeds from loans securitized and proceeds from the issuance of NCDs to meet our capital requirements. Our ability to raise funds on acceptable terms and in a timely manner, depends on various factors including our current and future results of operations, risk management policies, credit ratings, brand equity, the regulatory environment and policy initiatives in India and developments in the domestic markets and international markets affecting the Indian economy. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated by our business, which depends on the timely repayment by our customers. For details in relation to our outstanding indebtedness and certain indicative terms of our borrowing facilities, see “*Financial Indebtedness*” on page 332. Set out below are details of our indebtedness, as of and for the period/ years indicated:

Interest service coverage ratio (times) <sup>(3)</sup>	2.30	2.32	4.90	1.43

Note:

1. Total borrowings represents the aggregate of debt securities and borrowings (other than debt securities) as of the last day of the relevant period.
2. Average cost of borrowing is calculated as finance cost for the relevant period as a percentage of average total borrowings in such period.
3. Interest service coverage ratio is calculated as earnings before interest and taxes (EBIT) divided by finance cost.

Our borrowings increased from ₹3,878.86 million as of March 31, 2023 to ₹15,075.81 million as of March 31, 2025 and further to ₹20,475.17 million and ₹23,944.03 million as of December 31, 2025 and March 31, 2026, respectively, primarily due to the issue of non-convertible debentures and an increase in term loans from financial institutions, term loans from banks and securitization liabilities (resulting from an increase in PTC transactions). For more details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Financial Position - Equity and Liabilities*” on page 356. Our ability to pay interest and repay the principal for our indebtedness is dependent upon our ability to manage our business operations and generate sufficient cash flows to service such debt. Any additional indebtedness we incur may have significant consequences, including, without limitation requiring us to use a significant portion of our cash flow from operations and other available cash to service our indebtedness, thereby reducing the funds available for other purposes, including capital expenditures, acquisitions, and strategic investments.

As of December 31, 2025 and March 31, 2025, 2024 and 2023, we have provided certain corporate guarantees for certain debt of our Subsidiary, amounting to ₹15,489.11 million, ₹13,134.84 million, ₹8,280.00 million and ₹5,990.00 million, respectively. In the event of default by our Subsidiary on its repayment obligations, we may be required to fulfil our guarantee or sponsor obligations, which could adversely affect our business, cash flows, financial condition and results of operations. Any default by our Subsidiary could also adversely affect their creditworthiness and ability to avail further financing, which may in turn affect their operational and financial performance. This could indirectly impact our consolidated cash flows, financial condition and results of operations. For details of our Subsidiary’s credit ratings, see “- *Any downgrade in our Subsidiary’s credit ratings could increase our borrowing costs, affect our ability to obtain financing, and adversely affect our business, financial condition, cash flows, results of operations and prospects*” on page 33. While our corporate guarantees and sponsor support have not been invoked in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, we cannot assure you that our Subsidiary will be able to generate sufficient cash flows to meet their debt service obligations or that we will not be required to fulfil our obligations under these corporate guarantees.

These financing arrangements include conditions that require us to obtain respective lenders’ consent prior to carrying out certain activities and entering into certain transactions. Failure to meet these conditions or obtain these consents could have significant consequences on our business and operations. These covenants vary depending on the requirements of the financial institution extending such loan and the conditions negotiated under each financing agreement. Certain of the corporate actions that require prior consents from certain lenders include, amongst others, changes in the shareholding or capital structure of our Company, changes in the auditors, changes in composition or the management of our Company, appointment or removal of key managerial personnel, making any amendments in our Company’s MoA and AoA. While we have not faced any instances of difficulties to obtain further financing or breach of covenants of our financing agreements that led to any adverse effect on our business or operations in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 and we have obtained necessary consents from our lenders for the Offer, there can be no assurance that these instances will not occur in the future. A failure to observe the covenants under our financing arrangements or to obtain necessary waivers may also lead to, among others, the termination of our credit facilities and acceleration of amounts due under such facilities.

**17. Our business operations involve transactions with borrowers with higher risk of default. Any default from our customers or non-recovery from our customers or our inability to recover the full value of collateral (in case of secured loans) could adversely affect our business, financial condition, cash flows, results of operations and prospects.**

We offer a range of financial products to our customers, primarily comprising young individuals with high income potential and substantial consumption needs. We focus on young individuals within the mass market segment and our customers had a median score from TransUnion CIBIL Limited (“CIBIL”) of 746 as of December 31, 2025. Set out below are details of our customers categorized based on bureau score as of the dates indicated:

Bureau Score	As of December 31,	As of March 31,		
	2025	2025	2024	2023
	% of total customers			
Less than 700	4.72%	5.21%	8.51%	10.45%
700 to 760	74.09%	73.49%	81.00%	82.14%
Over 760	21.19%	21.30%	10.49%	7.41%
<b>Total</b>	<b>100.00%</b>	<b>100.00%</b>	<b>100.00%</b>	<b>100.00%</b>

Our customers may be economically less stable than large corporates and as a result, we are more vulnerable to customer default

risks including delay in repayment of principal or interest on our loans. According to the Lattice Report, India's personal loan segment has raised concerns over emerging systemic and borrower-level risks, including among others (a) high leverage among borrowers due to easy access to digital credit and BNPL, leading to overleveraging among low-to-mid income borrowers; and (b) asset quality pressure for lenders as the rise in low-ticket, unsecured loans by NBFCs and fintechs increases default risks if underwriting is weak or macro conditions worsen. Although we employ a data-driven approach to assess the creditworthiness of our customers and have our own customized due diligence and credit analysis procedures, there can be no assurance that these measures are adequate to ensure a lower delinquency rate. Further, we may not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any misrepresentation by our customers or employees. Also see “- *We rely on collecting and analyzing data to enhance our business performance and results and depend on the accuracy and completeness of information provided by our customers. Our reliance on any misleading information may affect our judgment of their credit worthiness, as well as the value of and title to the collateral. Further, any inability to accumulate or access sufficient data in the future or analyze the data effectively may adversely affect our business, financial condition, cash flows, results of operations and prospects*” on page 23. Our profitability depends on our ability to evaluate the right income levels of our customers, assess the credit risks and to price our loans accordingly. Our customers may default on their obligations as a result of various factors including bankruptcy, insolvency, lack of liquidity and/ or failure of the business or commercial venture in relation to which such borrowings were sanctioned. A substantial portion of our AUM in Fiscal 2025, 2024 and 2023 consisted of unsecured loans which are susceptible to higher levels of credit risks and lower recovery rates as compared to secured loans. Also see “- *A significant portion of our AUM consists of unsecured loans (94.23% and 98.15% of our total AUM as of December 31, 2025 and March 31, 2025, respectively). Any decrease in demand for our unsecured loans products may adversely affect our business, financial condition, cash flows, results of operations and prospects*” on page 21.

Set out below are details of our GNPA's as of the dates indicated:

Particulars	As of December 31,	As of March 31,		
	2025	2025	2024	2023
Gross NPA (%)	2.90%	2.89%	0.79%	0.05%
- Unsecured	3.07%	2.98%	0.79%	0.05%
- Secured	1.51%	0.10%	0.00%	0.00%

Note: Gross NPA represents ratio of Gross Stage 3 On-book Loans to gross carrying amount of total gross On-book loans as at the last day of the relevant period.

Further, we need to comply with the regulatory requirements for products and services provided by us. For details see “*Key Regulations and Policies*” on page 208. Additionally, although our LAP offerings involve certain collateral, we may still be exposed to defaults in payment, which we may not be able to recover fully or in part, or the recovery of which may require us to incur costs and expend additional resources. While we have implemented measures such as collateral valuations, adherence to loan-to-value (LTV) norms and comprehensive underwriting checks, among others, there can be no assurance that we will be able to sell such collateral at prices sufficient to cover the amounts under default or at all. The realizable value of the collateral for the credit facility provided by us, when liquidated, may be lower than the outstanding loan from such customers (for instance, in the case of real estate). In addition, there may be delays associated with such processes. Further, enforcing our legal rights by litigating against defaulting customers is generally a slow and potentially expensive process in India. If any of our borrowers take recourse of arbitration or litigation against our repayment claims, it may cause delays in our recovery processes. If our borrowers fail to repay loans in a timely manner or at all, our business, financial condition, cash flows, results of operations and prospects may be adversely impacted. While we have not faced any instances of failure in repayment of loans by our customers in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse impact on our business and operations, there can be no assurance that such instances will not occur in the future.

**18. *The growth of our business will depend upon the strength of our “Kissht” brand, and any failure to maintain, protect and enhance our brand or any negative publicity could limit our ability to retain or expand our customer base, which could materially and adversely affect our business, financial condition, cash flows, results of operations and prospects.***

We operate through our “Kissht” brand. We have obtained the registration for our “KISSHT” trademark, including both the word mark and the device mark. As of the date of this Red Herring Prospectus, we have submitted an application for registration

of our latest device mark “” in the name of our Company, which is currently pending with the Trademark Registry. Also see “- *We may be unable to adequately obtain, maintain, protect and enforce our intellectual property rights. We may also be subject to intellectual property infringement claims, which may be expensive to defend and may disrupt our business and operations.*” and “*Our Business – Intellectual Property*” on pages 42 and 206, respectively. The success of our business depends on our ability to develop, maintain and strengthen our brand, our reputation, quality standards of our platform and recognition of our brand. To promote our brand further, we may be required to evolve our marketing practices, which could result in an increase in our costs. We have incurred expenses on a variety of different sales and marketing efforts designed to enhance our brand recognition and increase sales on our platform. If we are unable to conduct our branding and marketing activities cost-effectively, our financial condition and results of operations may be materially and adversely affected. Our future marketing activities may not achieve the desired results, necessitating continuous adaptation to evolving market trends. Set out below are details of our branding and marketing expenses for the period/ years indicated:

Particulars	Nine months ended December 31,		Fiscal					
	2025		2025		2024		2023	
	Amount (₹ million)	% of revenue from operations	Amount (₹ million)	% of revenue from operations	Amount (₹ million)	% of revenue from operations	Amount (₹ million)	% of revenue from operations
Branding and marketing expense	1,763.64	11.31%	957.74	7.16%	1,076.49	6.43%	576.07	5.85%

We plan to continue to enhance the brand recall of our products through the use of targeted marketing and public relations initiatives, particularly to promote and position our brand effectively and consistently with respect to new products. In Fiscal 2025, we appointed the former Indian cricketer, Sachin Ramesh Tendulkar, as our brand ambassador to build consumer trust and improve brand recall. The SRT Services Agreement read with SRT Services Amendment Agreement entered into, inter alia, between Sachin Ramesh Tendulkar and our Company, prohibits us from engaging any other personality for promotion purposes without his prior consent and correspondingly prohibits him from endorsing any other competing financial products and services within the territory as set out in the agreement during the subsistence of the agreement. Further, the agreement restricts us from releasing any promotional materials featuring him, and from engaging in any co-branding arrangements with third-parties that include promotional material featuring him without his prior approval. Our relationship with Sachin Ramesh Tendulkar, our brand ambassador, may deteriorate and our brand ambassador may not continue to be supportive of our brand or products. Further, any negative publicity in relation to our brand ambassador may also negatively impact our business and reputation. While there have been no instances in the past where negative publicity in relation our brand ambassador has impacted our business and reputation, there can be no assurance that any negative publicity surrounding our brand ambassador in the future will not impact our business and reputation.

Moreover, the fintech industry in India is continuously evolving, necessitating the enhancement of our marketing strategies and experimentation with new methods to stay aligned with industry developments and customer preferences. This evolution may not always be cost-effective compared to our past marketing activities and could result in significantly higher marketing expenses. If we fail to preserve the value of our brands, maintain our reputation, or attract consumers to our brands through, for example, quick turnaround time for disbursement of loans or quality customer service, our business could be adversely impacted. Further, our reputation and our brand are vulnerable to threats that can be difficult to predict or control, and costly or unfeasible to remediate. Any negative publicity about us or our brand, whether as a result of our actual or alleged conduct, complaints or negative reviews by customers, alleged misconduct, unethical business practices, security breaches or other improper activities, or rumors relating to our business, directors, officers, employees or shareholders, could harm our reputation, business, financial condition, cash flows and results of operations. These allegations, even if not proved, may lead to inquiries, investigations, or other legal actions against us which could cause us to incur significant costs to defend ourselves. While we have not faced any instances of negative publicity that led to any adverse effect on our business or operations in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future.

**19. We may be impacted by volatility in interest rate, which could cause our Net Total Income to vary and consequently affect our business, financial condition, cash flows, results of operations and prospects.**

Our results of operations depend substantially on the level of our Net Total Income, details of which are set out below for the period/ years indicated:

Particulars	Nine months ended December 31,		Fiscal					
	2025		2025		2024		2023	
	Amount (₹ million)	% of total income	Amount (₹ million)	% of total income	Amount (₹ million)	% of total income	Amount (₹ million)	% of total income
Net Total Income	13,781.83	87.01%	11,882.86	87.85%	16,316.63	95.96%	9,456.03	94.42%

Note: Net Total Income represents Total Income less Finance Costs for the relevant period.

Further, set out below are our net interest margins for the period/ years indicated:

Particulars	As of December 31,		As of March 31,					
	2025		2025		2024		2023	
Net interest margin (%)	21.19%		23.78%		16.81%		18.61%	

Note: Net interest margin is calculated as net interest income (excluding processing fees) divided by the monthly average of on-book loans.

Interest rates could be affected by a variety of factors, including access to capital based on our business performance, the volume of loans we disburse to our customers, competition and regulatory requirements, as well as those beyond our control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions and other factors, which have historically resulted in changes in interest rates in India. Such interest rates may also

be affected by a change over time in the mix of the types of loans we provide to our customers and a shift among our channels of customer acquisition.

An increase in interest rates may lead to an increase in defaults if our customers are unable to keep up with the increase, thereby adversely affecting our business and financial condition. If there is an increase in the interest rates we pay on our borrowings which we are unable to pass to our customers, we may find it difficult to compete with our competitors, who may have access to low-cost funds or lower cost deposits. Our revenue from interest on loans decreased from ₹12,110.14 million in Fiscal 2024 to ₹9,943.06 million in Fiscal 2025 driven by the implementation of competitive pricing to acquire and retain high-quality customers. While a decrease in pricing led to a reduction in our revenue from operations, the improvement in our customer profiles led to a reduction in our expenses towards impairment on financial instruments and credit loss on off balance sheet exposure. For further details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations - Results of Operations – Fiscal 2025 compared to Fiscal 2024 – Total Income – Revenue from Operations*” on page 351. There can be no assurance that our revenue from interest on loans or Net Total Income will not decrease further in the future, which could materially and adversely affect our business, financial condition, cash flows, results of operations and prospects.

***20. Our business handles and processes significant volume of data. Security breaches and attacks against our platform, and any potentially resulting breach or failure to otherwise protect confidential and proprietary information, could damage our reputation and negatively impact our business, as well as materially and adversely affect our business, financial condition, cash flows, results of operations and prospects.***

Our business stores, processes and generates a large quantity of personal, transaction and demographic data of our customers. We face risks inherent in handling large volumes of data and in protecting the security of such data. In particular, we face a number of challenges relating to data from transactions and other activities on our platform, including protecting the data in and hosted on our system, including against attacks on our system by outside parties or fraudulent behavior by our employees; addressing concerns related to privacy and sharing, safety, security and other factors; and complying with applicable laws, rules and regulations relating to the collection, use, disclosure or security of personal information, including any requests from regulatory and government authorities relating to such data. Any failure, or perceived failure, by us to comply with our posted privacy policies or with any regulatory requirements or privacy protection-related laws, rules and regulations could result in proceedings or actions against us by governmental entities or others, which could have a material adverse impact on our results of operations, cash flows and business.

Although we have employed significant resources to develop security measures against breaches, such measures may not detect or prevent all attempts to compromise our systems, including distributed denial-of-service attacks, viruses, malicious software, break-ins, phishing attacks, security breaches or other attacks and similar disruptions that may jeopardize the security of information stored in and transmitted by our systems or that we otherwise maintain. Breaches of our cybersecurity measures could result in unauthorized access to our systems, misappropriation of information or data, deletion or modification of customer information, or a denial of service or other interruption to our business operations. As techniques used to obtain unauthorized access to or sabotage systems change frequently and may not be known until launched against us or our third-party service providers, we may be unable to anticipate, or implement adequate measures to protect against, these attacks.

We may not have the resources or technical sophistication to anticipate or prevent rapidly evolving types of cyberattacks. Cyberattacks may target us, the participants on our platform, or the communication infrastructure on which we depend. While we have not faced instances of security breaches or cyberattacks in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. While we continuously augment our security systems, any such instances in the future and our inability to avert these attacks and security breaches, could subject us to significant legal and financial liability, our reputation would be harmed and we could sustain substantial revenue loss and customer dissatisfaction. Actual or anticipated attacks and risks may cause us to incur significantly higher costs, including costs to deploy additional personnel and network protection technologies, train employees, and engage third-party experts and consultants and time-consuming litigation. Also see “- *Data collection and storage in India are increasingly governed by strict laws and regulations, as governments work to protect the privacy and security of personal information. Non-compliance with data protection regulations could lead to fines, license revocation, or criminal liabilities, adversely affecting our business, reputation, financial condition, results of operations and cash flows*” on page 41.

***21. There is outstanding litigation against our Company and Subsidiary. An adverse outcome in any of these proceedings may affect our reputation and standing and impact our future business and could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.***

As of the date of this Red Herring Prospectus, we are involved in certain tax, regulatory and criminal legal proceedings which are pending at different levels of adjudication before various courts, tribunals, forums and appellate authorities. We cannot assure you that these legal proceedings will be decided in our favor. Decisions in proceedings adverse to our interests may have a significant adverse effect on our business, financial condition, cash flows and results of operations. In relation to tax proceedings, in the event of any adverse outcome, we may be required to pay the disputed amounts along with applicable interest and penalty and may also incur additional tax incidence going forward.

\* To the extent quantifiable

<sup>^</sup> Includes cases against one of our Promoters and the Chairman, Chief Executive Officer and Executive Director, Ranvir Singh only.

<sup>#</sup> These are matters filed by Subsidiary, in its ordinary course of business, under Payment and Settlements Systems Act, 2007 and complaints under Section 316 and 318 of the Bharatiya Nyaya Sanhita, 2023.

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. For details, see “*Outstanding Litigation and Material Developments*” on page 366.

Additionally, Si Creva, our Subsidiary, has received a summon from the Hyderabad Zonal Officer, Directorate of Enforcement (the “ED”), on March 23, 2023 under Section 50(2) and 50(3) of the Prevention of Money Laundering Act, 2002 (the “**Summon**”), to appear before the ED in relation to an investigation being initiated by the ED and provide certain details, documents and information including but not limited to (i) a brief note on business activities of Si Creva along with copies of incorporation certificate, the memorandum of association and articles of association of Si Creva, and details of the majority stake holders of Si Creva; (ii) details of lending business, if any, including the details of minimum and maximum ranges of loan tenure, loan amount, processing charges, interest, penalty, over-due charges etc; (iii) details of net owned funds of Si Creva since four years prior to the date of the Summon; (iv) details of loans, advances, security premium, FLDGs & deposits accepted by Si Creva during the period of five years prior to the date of the Summon (including the details of funds obtained from service providers/ FinTech’s in any form); (v) details of the lending business of Si Creva, its different modes being used by Si Creva; (vi) explanation of the modes operandi of loan disbursement and recovery of the same through mobile apps/websites; (vii) measures opted for recovery of loans; and (viii) details of RBI filings made by Si Creva for the four years preceding the date of the Summon, against what is required by the RBI as per their norms. As of the date of this Red Herring Prospectus, our Company has not received any further communication from the ED in this respect. While we have not received any further communications from the ED in relation to the abovementioned matters since submitting our responses, we cannot assure you that there will not be future inquiries or that these could escalate to investigations, legal proceedings or any possible penalties. For details, see “*Outstanding Litigation and Material Developments*” on page 366. Further, such proceedings, if any result in an unfavorable decision, although not quantifiable, we may need to make provisions in our financial statements that could increase our expenses and current liabilities. An adverse ruling in such matters could adversely affect our reputation, business, financial condition and results of operations or cause the price of our Equity Shares to decline. Such proceedings could divert our management time and attention and consume financial resources in the defence or prosecution.

## **22. We operate within a dynamic and competitive online fintech lending industry, which makes it difficult to predict our future prospects.**

We operate in a highly competitive industry. Further, the regulatory framework governing the online fintech industry is also developing and may change drastically in the near future. Any significant change to our business model may not achieve expected results and may have a material and adverse impact on our financial condition and results of operations. It is therefore difficult to effectively assess our future prospects. The risks and challenges we encounter or may encounter in this emerging, dynamic and competitive market may have an impact on our business, financial condition, cash flows, results of operations and

prospects.

Our competitors may be better capitalized than we are, larger than us or develop alliances to compete against us, have more financial, technology and other resources, have access to better lease terms than we do, have longer operating histories, have a better reputation than we do, have greater marketing, research and distribution networks or have greater brand recognition than ours. They may introduce platforms with more attractive products, content, features, or services with competitive pricing or enhanced performance that we may not be able to match. Competitors may also form strategic relationships or make acquisitions to strengthen their market position. If we fail to compete effectively, we risk losing market share, reducing demand for our services, and experiencing a decline in operating margins and the departure of skilled employees. To remain competitive, we may need to incur additional costs for marketing campaigns, market research, and investments in new technologies and infrastructure. Increased competition could lead to a slowdown in the growth of our operations, a loss of market share, and reductions in the revenue which we generate from the use of our platform, the number of participants on our platform, the frequency of use of our platform, and our operating margins. We cannot assure you that we will be able to compete successfully in the future against our existing or potential competitors or that our business and results of operations will not be adversely affected by increased competition.

**23. We accept a wide variety of repayment methods that subjects us to third-party payment processing-related risks.**

Our borrowers have a wide range of online options for the repayment of their loans including certain non-cash options such as, e-mandate via NACH or UPI autopay, debit cards, net banking and UPI. For third-party payment methods, we pay interchange and other service fees, which may increase over time and raise our operating costs. Any disruption in the functioning of our third party payment channels, even if caused due to factors completely external to us, can adversely affect our brand and reputation. We may also be subject to fraud, security breaches and other illegal activities in connection with the various repayment methods we offer. In addition, we are subject to various rules, regulations and requirements, regulatory or otherwise, governing payment processing, which could change or be reinterpreted to make it difficult or impossible for us to comply. If we or our third party payment gateway operators fail to comply with these rules or requirements, we may be subject to fines and higher transaction fees and lose our ability to accept electronic repayments from our borrowers, process electronic funds transfers or facilitate other types of online repayments, and our business, cash flows, financial condition and results of operations could be materially and adversely affected. While we have no faced any instances of interruption in our payment processing methods in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse impact on our business and operations, there can be no assurance that such instances will not occur in the future.

**24. Any downgrade in our Subsidiary’s credit ratings could increase our borrowing costs, affect our ability to obtain financing, and adversely affect our business, financial condition, cash flows, results of operations and prospects.**

The cost and availability of capital, among other factors, is also dependent on our current and future results of operations and financial condition, our ability to effectively manage risks, our brand and our credit ratings. Credit ratings provided by credit rating agencies may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. We may not be able to avail the requisite amount of financing or obtain financing at competitive interest rates if we fail to have favorable results of operations. Set out below are details of our Subsidiary’s credit ratings:

Rating Agency	Date	Instrument	Quantum (₹ million)	Credit Rating
Acuité Ratings & Research Limited	August 21, 2025	Bank loan Ratings	4,000.00	ACUITE A- Stable
		Non convertible debentures	838.00	ACUITE A- Stable
		Commercial paper	250.00	ACUITE A1
India Ratings and Research Private Limited	November 13, 2025	Bank loan	6,500.00	IND A-/Stable
		Non convertible debentures (unutilized)	10,000.00	IND A-/Stable
		Commercial paper (unutilized)	2,500.00	IND A1
CRISIL Ratings Limited	February 13, 2026	Bank loan (long term rating)	2,300.00	CRISIL A-/Stable
		Bank loan (short term rating)		CRISIL A1
		Non convertible debentures	2,000.00	CRISIL A-/Stable
		Non convertible debentures	1,360.00	CRISIL A-/Stable
		Non convertible debentures	1,000.00	CRISIL A-/Stable
		Non convertible debentures	3,000.00	CRISIL A-/Stable
		Commercial paper	2,000.00	CRISIL A1

While there has been no downgrade to our Subsidiary’s credit ratings during the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, any downgrade made to our Subsidiary’s credit ratings could lead to high borrowing costs and limit our access to capital and lending markets which, as a result, could adversely affect our business. In addition, downgrades of our Subsidiary’s credit ratings could increase the possibility of additional terms and conditions being added to any new or replacement financing arrangements. A downgrade of our Subsidiary’s credit ratings could also result in us revising the interest rate spread of certain of our borrowings in accordance with the terms and conditions of such borrowing arrangements. For more information, see “Financial Indebtedness” on page 332.

**25. We may face asset-liability mismatches, which could affect our liquidity and consequently may adversely affect our business, financial condition, cash flows, results of operations and prospects.**

While we believe that our cash flow from operations, available cash and borrowings will be adequate to meet our future liquidity needs, we cannot assure you that our businesses will generate sufficient cash flow from operations such that our anticipated revenue growth will be realized or that future borrowings will be available to us under credit facilities in amounts sufficient to enable us to repay our existing indebtedness, fund our expansion efforts or fund our other liquidity needs. If we are unable to service our existing debt, our ability to raise debt in the future will be adversely affected, which will have a significant adverse effect on our business, financial condition, cash flows, results of operations and prospects.

Further, asset liability mismatches create liquidity surplus or liquidity crunch situations and depending upon the interest rate movement, such situations may adversely affect our net income margin. As is typical for NBFCs, a portion of our Subsidiary's funding requirements is met through short-term funding sources such as working capital demand loans, cash credit and commercial papers.

Consequently, our inability to obtain and/ or maintain additional credit facilities or renew our existing credit facilities, in a timely and cost-effective manner or at all, may lead to mismatches between our assets and liabilities, which in turn may adversely affect our operations and financial performance. Further, mismatches between our assets and liabilities are compounded in case of pre-payments of the loans we grant to our customers. Such factors may have an adverse effect on our business, financial condition, cash flows, results of operations and prospects. While we have not faced instances of mismatches between our assets and liabilities in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse effect on our business and operations, there can be no assurance that such instances will not occur in the future.

**26. Failure to deal effectively with any fraud perpetrated on our platforms could adversely affect our business, financial condition, cash flows, results of operations and prospects.**

We face risks with respect to fraudulent activities on our platform. Although we have implemented various measures, including stringent risk management frameworks, to detect and reduce the occurrence of fraudulent activities on our platforms, there can be no assurance that these measures will be effective in combating fraudulent transactions or improving overall satisfaction among our customers. Such fraudulent activities on our platform may frustrate our customers and erode their trust on our platform. We also employ advanced technology for automated fraud detection. Our reliance on automated systems for recording and processing transactions may heighten the risk of losses. These losses could result from technical system flaws or from employees tampering with or manipulating the systems. Additionally, such losses may be difficult to detect. We have faced certain instances of fraud by way of cheating and forgery by external parties in the past, details of which are set out below:

Particulars	Nine months ended December 31, 2025	Fiscal		
		2025	2024	2023
Number of instances	1	55	3	Nil
Amount involved (₹ million)	0.01	0.83	0.05	Nil

While none of these instances led to any material adverse effect on our business or operations, any illegal, fraudulent or collusive activity could severely damage our brand and reputation, which could adversely affect our financial condition, cash flows, results of operations and prospects.

**27. We rely on mobile operating systems and application marketplaces to make our applications available to customers. If we do not effectively operate with or receive favorable placements within such application marketplaces, our usage could decline and our business, financial condition, cash flows, results of operations and prospects could be adversely affected.**

We depend on mobile operating systems and their application marketplaces and developers in every aspect of our business including sales, risk management, surveying, fraud detection, customer service, settlement and making our offerings and mobile application available to our customers. As of the date of this Red Herring Prospectus, our mobile application is available to our customers on the Android and iOS operating systems and their application marketplaces. As of March 31, 2026, we had received ratings of 4.6 and 4.3 on Play Store and App Store, respectively. To deliver high-quality applications, we need to ensure that our platform is designed to work effectively with a range of mobile technologies, systems, networks and standards. Any changes in such systems and policies of the companies that control these systems could adversely affect distribution, accessibility and availability of our mobile application. If the mobile operating systems or application marketplaces limit or prohibit us from making our platform available to customers that utilize our platform, make changes that degrade the functionality of our mobile application, increase the cost of using our mobile application, impose terms of use unsatisfactory to us, or modify their search or ratings algorithms in ways that are detrimental to us, or if our competitors' placement in such mobile operating systems' application marketplace is more prominent than the placement of our applications, our customer growth could slow down. Our mobile application is subject to being suspended and/or barred from the application marketplaces or from any device that uses such marketplace on several grounds including if our mobile application is found to contain elements that may cause serious harm to user devices or data. If our customers encounter any difficulty accessing or using our mobile application or our offerings on the mobile application, our customer growth and customer engagement would be adversely affected. We may also choose to list our mobile application on other operating systems in the future to access a larger customer base. This may lead to

additional operating costs and there can be no assurance that we will be successful in meeting the standards required by such operating systems for listing approvals.

Further, on February 8, 2023, the Ministry of Electronics & Information Technology, Government of India, (“MeitY”) imposed a restriction on the “Kissh” app of our Company, under Section 69A of the IT Act. Our Company submitted an undertaking vide e-mail dated February 9, 2023, to MeitY in response to the meeting held with MeitY. Pursuant to the submission of our responses, the imposed restriction was uplifted by MeitY within 24 hours. While we have not received any further communications from the MeitY in relation to the abovementioned matters since submitting our responses and that our mobile application has not been suspended or barred from the application marketplaces or from any device that uses such marketplace in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that these instances will not occur in the future.

Further, as new mobile devices, mobile platforms and mobile browsers are released, there can be no guarantee that certain mobile devices will continue to support our platform or effectively roll out updates to our application. Additionally, in order to deliver a high-quality application, we need to ensure that our platform is designed to work effectively with a range of mobile technologies, systems, networks, and standards. If our customers encounter any difficulty accessing or using our mobile application on their mobile devices or if we are unable to adapt to changes in popular mobile operating systems, we expect that the growth and engagement of our customers would be adversely affected.

**28. Our inability to maintain our capital adequacy ratio could adversely affect our business, financial condition, cash flows, results of operations and prospects.**

The RBI Master Directions currently require NBFCs to comply with a capital to risk (weighted) assets ratio, or capital risk adequacy ratio (“CRAR”), consisting of Tier - I and Tier - II capital. Under these requirements, Tier - I and Tier - II capital should not be less than 15% of the sum of the NBFC’s risk-weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items, as applicable. Accordingly, Our Subsidiary, Si Creva Capital Services Private Limited, is required to maintain a capital adequacy ratio consisting of Tier - I and Tier - II capital, which shall not be less than 15% of our aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. In addition, our Subsidiary’s Tier - I capital, at any point in time, shall not be less than 10%. While our CRAR did not fall below the level prescribed by the RBI in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that our CRAR will continue to be compliant with the RBI requirements in the future. Additionally, the RBI’s assessment of our CRAR may differ from our own. Any changes in the regulatory framework affecting non-banking financial services companies, including the provisioning for NPAs, or capital adequacy requirements, or differences in interpretation of the same, could adversely affect our profitability or our future financial performance, by requiring a restructuring of our activities or an increase in our costs to comply with regulations applicable to us. For details, see “Key Regulations and Policies” on page 208. Set out below are details of our CRAR and other key metrics as of the dates indicated:

Particulars	As of December 31,		As of March 31,	
	2025	2025	2024	2023
CRAR (%)	26.69%	25.18%	25.77%	21.13%
- Tier - I Capital (%)	25.93%	25.18%	24.69%	19.88%
- Tier - II Capital (%)	0.76%	0.00%	1.08%	1.25%

Note: Capital to risk weighted assets ratio is computed by dividing our Tier - I and Tier - II capital by risk weighted assets (computed in accordance with the relevant RBI guidelines) as on the last day of the relevant period by the Subsidiary.

As we continue to grow our loan portfolio and asset base, we will be required to raise additional Tier - I and Tier - II capital in order to remain in compliance with the applicable capital adequacy ratios. Further, the RBI may increase its minimum CRAR threshold, which may require us to raise additional capital. We cannot assure you that we will be able to raise adequate additional capital in the future on terms favorable to us, or at all, which may adversely affect the growth of our business. Further, the RBI may also in the future require compliance with other prudential norms and standards, which may require us to alter our business and accounting practices or take other actions that could adversely affect our business, financial condition, cash flows, results of operations and prospects.

**29. We may not be able to identify, monitor and manage risks or effectively implement our risk management policies, which may adversely affect our business, financial condition, cash flows, results of operations and prospects.**

The effectiveness of our risk management is affected by the quality and timeliness of risk management policy and procedures and available data. We have devoted significant resources to develop and implement our risk management policies and procedures and intend to continue doing so in the future. Our policies include our resource planning policy, business model loan policy, underwriting policies for unsecured personal loans, unsecured business loans and loans against property, asset liability management policy, ICAAP policy, interest rate policy, whistle blower policy, fair practices code, customer grievance redressal policy, policy on internal guidelines on corporate governance, investment policy, risk management policy, fraud risk management policy, outsourcing policy, asset classification and write off policy, expected credit losses policy, privacy policy, IT policies and procedures, and know-your-customer (“KYC”) and anti-money laundering policy. We also depend on our information technology systems to assist us with our risk management functions including carrying out periodic IT audits. Our Board and various committees of our Board, including the Risk Management Committee, review our internal policies and

procedures, including our risk management policies from time to time.

However, our policies and procedures to identify, monitor and manage risks may not be fully effective. Some of our risk management processes may not be automated and subject to human error. Some of our methods of managing risks are based on the use of observed historical market behavior and may not accurately predict future risk exposures, which could be significantly greater than those indicated by the historical measures. In addition, as we seek to expand the scope of our operations, we also face the risk of inability to develop commensurate risk management policies and procedures. Other risk management methods depend upon an evaluation of information regarding the markets we operate in, the customers we service and certain other matters, which may not be accurate, complete, up-to-date or properly evaluated in all cases. Management of operational, legal or regulatory risks requires, among other things, policies and procedures to properly record and verify a number of transactions and events. Although we have established these policies and procedures, they may not be fully effective.

Our earnings are dependent upon the effectiveness of our management of changes in asset quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses. To the extent our assessments, assumptions or estimates prove inaccurate or not predictive of actual results, we could suffer higher than anticipated losses. If we fail to effectively implement our risk management policies, it could have an adverse effect on our business, financial condition, cash flows, results of operations and prospects. While we have not faced instances of failure to effectively implement our risk management policies in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse effect on our business and operations, there can be no assurance that such instances will not occur in the future.

**30. Any variation in the utilization of the Net Proceeds would be subject to certain compliance requirements, including prior Shareholders' approval.**

We intend to utilize the Net Proceeds from the Fresh Issue for augmenting the capital base of our Subsidiary, Si Creva, to meet future business requirements towards onward lending and general corporate purposes as described in “*Objects of the Offer*” on page 115. The Objects of the Offer have not been appraised by any bank or financial institution, and our funding requirement is based on management estimates, current circumstances of our business and prevailing market conditions, which are subject to changes in external factors, such as financial and market conditions, market feedback and demand of our products, competition, business strategy and interest rate fluctuations, which may not be within the control of our management. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control.

In accordance with the Companies Act and the SEBI ICDR Regulations, any variation in the utilisation of the Net Proceeds cannot be undertaken without obtaining our Shareholders' approval through a special resolution. We cannot assure you that, if such variation is sought, we will be able to obtain our Shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such Shareholders' approval may adversely affect our business or operations. In light of these factors, we may not be able to undertake variation of objects of the Offer to use any unutilised proceeds of the Offer if any, or vary the terms of any contract referred to in this Red Herring Prospectus, even if such variation is in our interest. This may restrict our ability to respond to any change in our business or financial condition by re-deploying the unutilised portion of the Net Proceeds, if any, or varying the terms of any contract, which may adversely affect our business and results of operations.

Our funding requirements are based on our current business plan, internal management estimates, prevailing market conditions and other commercial and technical factors, including interest rates, exchange rate fluctuations and other charges, and the financing and other agreements entered into by our Company, and have not been appraised by any bank or financial institution or other independent agency. We have not entered into any definitive agreement in relation to the deployment of the Net Proceeds, which will be at the discretion of our Board. We may have to reconsider our estimates or business plans due to changes in underlying factors, some of which are beyond our control, such as interest rate fluctuations, changes in input cost, and other financial and operational factors. Accordingly, prospective investors in the Offer will need to rely upon our management's judgment with respect to the use of proceeds. If we are unable to deploy the Net Proceeds in a timely or an efficient manner, it may affect our business, cash flows, results of operations, financial condition and prospects.

**31. We may be unsuccessful in adapting to rapidly changing technologies and introducing new products or services to keep pace with such technological changes.**

We have and will continue expanding the services and offering on our platform. Developing and launching offerings on our platform may involve significant technical risks and upfront investments that may not generate the expected returns. We may use new technologies ineffectively, or we may fail to adapt to emerging industry standards. Technological changes continue to significantly impact the digital lending industry. For example, we may be unsuccessful in deploying new technologies to strengthen our credit underwriting capabilities, optimize marketing efforts, enhance customer service, drive efficiencies in back-office functions or reduce fraud. The effect of technological changes on our business is unpredictable. We depend, in part, on third parties for the development of and access to new technologies. We expect that new services and technologies relating to the digital lending industry will continue to appear in the market, and these new services and technologies may be superior to, or render obsolete, the technologies that we currently use in our products and services. It may also become increasingly difficult to maintain and improve the availability of our platform, especially with continued growth in customers and other ecosystem

partners interactions on our platform. As a result, our future success may be dependent on our ability to identify and adapt to technological changes, integrate the new technology into our ecosystem and evolving industry standards and to provide lending and non-lending solutions for our customers. Additionally, most of our competitors are banking institutions with advanced technology infrastructure supporting their products and services. Accordingly, we may be placed at a disadvantage as compared to our banking competitors.

Difficulties or delays in the development, production, testing and marketing of new products or services may be caused by a number of factors including, among other things, operational, capital and regulatory constraints. The occurrence of such difficulties may affect the success of our products or services, and developing unsuccessful products and services could result in financial losses as well as decreased capital availability. In addition, the new products and services offered may not be attractive to our consumers. Also, success of a new product or service may depend upon our ability to deliver it on a large scale, which may require a significant capital investment that we may not be in a position to make. If we are unable to successfully introduce and maintain new income-generating products and services while also managing our expenses, it may impact our ability to compete effectively and materially adversely affect our business and earnings, and the trading price of the Equity Shares. While we have not faced any instances of difficulties in adapting to rapidly changing technologies and introducing new products or services in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse effect on our business and operations, there can be no assurance that such instances will not occur in the future.

**32. We rely on third-parties to whom we have outsourced certain of our operations. If these third-parties fail to perform their obligations to us, it could adversely affect our business and cause us financial loss, which may not be recoverable from such third-party in full or at all.**

We depend on third-parties for certain of our business functions including customer acquisition, collections, customer service and tele-calling, IT systems management and other financial outsourcing services. If these third-parties fail to perform their services adequately or lapse on their part to meet quality standards that we require, it may result in reputational harm, potential operational and credit losses which can impact our profitability. RBI may also direct us to amend outsourcing arrangements to meet the compliance requirements of the RBI regulatory framework. Further, we periodically review the performance of third-party merchants and aggregators, and have implemented a business continuity plan with each of them. However, there can be no assurance that such controls implemented by us will prevent any potential future losses. Further, any failure on our part to comply with the terms contained in agreements with such vendors may expose us to the risk of premature termination of the arrangement and claims, disputes and litigation with such third-parties. Third-party providers may breach agreements they have with us or terminate or refuse to renew their agreements with us. Moreover, in the event that such third-parties fail to adequately or effectively perform their services pursuant to the services agreements, or if such agreements are not renewed, and we are unable to find alternative service providers at similar terms or at all, it may adversely affect our business, financial condition, cash flows, results of operations and prospects. While we have not faced any instances of failure of performance obligations by such third-parties in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse effect on our business and operations, there can be no assurance that such instances will not occur in the future. We are also subject to the risk that our rights against these counterparties may not be enforceable in all circumstances.

**33. Our business has grown rapidly in recent years, and we may not be able to successfully implement our growth strategies or sustain our rate of growth in the future.**

We have experienced considerable growth over the last few years. Set out below are details of certain other growth metrics, as of and for the period/ years indicated:

- (6) Off-book AUM % represents the aggregate of principal outstanding held in Off-book lending partner books as on the last day of the relevant period over total On-book and Off-book AUM as on the last day of the relevant period.
- (7) AUM Growth represents percentage growth in AUM (comprising On-book AUM and Off-book AUM) for the relevant period over AUM of the previous period.
- (8) Return on Assets is calculated basis profit after tax as percentage of average total assets of our Company for the relevant period. Average total assets for the nine months period is calculated as average of total assets as on the last day of the previous fiscal year (i.e., March 31, 2024 or March 31, 2025, as applicable) and total assets as on the last day of the nine months period (i.e., December 31, 2025).
- (9) Return on Equity is calculated basis profit after tax as a percentage of average Net Worth of our Company for the relevant period. Average net worth for the nine months period is calculated as average of net worth as on the last day of the previous fiscal year (i.e., March 31, 2024 or March 31, 2025, as applicable) and net worth as on the last day of the nine months period (i.e., December 31, 2025).
- (10) Debt to Equity ratio calculated as total borrowings divided by Net Worth of our Company as on the last day of the relevant period.
- (11) Total Income represents the sum of revenue from operations and other income for the relevant period.
- (12) Profit after tax represents profit before tax reduced by total taxes.
- (13) Disbursement represents total amount of loans disbursed (On-book loans and Off-book loans) for the relevant period.

However, there can be no assurance that our growth strategy will continue to be successful. We continue to evaluate opportunities to among others, improve our credit models, deepen relationships with existing customer base and continue to acquire new low-risk customers and build a comprehensive financial services platform. For further details, see “*Our Business – Our Strategies*” on page 190.

Our total income decreased by 20.44% from ₹17,003.02 million in Fiscal 2024 to ₹13,526.88 million in Fiscal 2025 primarily due to a decrease in revenue from operations by 20.12% from ₹16,744.46 million in Fiscal 2024 to ₹13,374.65 million in Fiscal 2025. This decrease was attributable to a decrease in revenue from our on-book loans driven by a decrease in interest on loans and other fees and charges. Our profit after tax decreased by 18.59% from ₹1,972.90 million in Fiscal 2024 to ₹1,606.21 million in Fiscal 2025 primarily due to: (a) scale-up of our LAP operations involving significant upfront expenses towards setting up the LAP branch network and increase in manpower; and (b) decrease in total income. For further details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Results of Operations - Fiscal 2025 compared to Fiscal 2024*” on page 351. Further, our disbursements decreased from ₹185,311.35 million in Fiscal 2024 to ₹98,577.52 million in Fiscal 2025 driven by our increased focus on longer-tenor loan products which reduced the frequency of repeat borrowings. The average loan tenor increased from 2.92 months in Fiscal 2024 to 9.65 months in Fiscal 2025.

Various factors including competition, customer requirements and regulatory regimes may impact our growth strategies. In addition, as we expand our operations, we are likely to compete with not only other banks and financial institutions but also the local unorganized or semi-organized private financiers, who may be more familiar with local regulations, business practices and customs, and may have better relationships with target customers. Further, we may be exposed to additional challenges such as obtaining necessary governmental approvals, successfully marketing our brand and product offerings in markets in which we have no familiarity, attracting customers in a market in which we do not have significant experience or visibility, being subject to additional local taxes, attracting and retaining new employees, expanding our technological infrastructure, maintaining standardized systems and procedures, and adapting our marketing strategy and operations to new markets in India. To address these challenges, we may have to make significant investments that may not yield desired results or incur costs that we may not be able to recover. Our lack of success in expanding our current operations or the sub-optimal performance of our new branches (in relation to our LAP offerings) may adversely affect our business, financial condition, cash flows, results of operations and prospects.

Moreover, there can be no assurance that we will be able to continue to grow further, or at the same rate. For instance, if we increase the number of loans we extend too quickly or fail to properly assess credit risks associated with new borrowers, a higher percentage of our loans may become non-performing, which may adversely affect the quality of our assets and our results of operations, cash flows and financial condition. Our rapid growth exposes us to a wide range of risks, including business and management risks, such as the possibility that a number of our impaired loans may increase faster than anticipated or that we fail to understand the new markets we enter into, as well as operational risks and fraud, regulatory and legal risks. It will also place sufficient demands on our management, financial and other resources and will require us to continuously develop and improve our operational, financial and internal controls. While we have not faced any instances of inability to manage our growth in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any material adverse effect on our business and operations, any such instances in the future could disrupt our ongoing business, distract our management and employees and increase our expenses.

**34. *There have been certain instances of delays in payment of statutory dues by our Company and our Subsidiary in the past. Any failure or delay in payment of such statutory dues may expose us to statutory and regulatory action, as well as significant penalties, and may adversely impact our business, results of operations, cash flows and financial condition.***

Our Company and our Subsidiary are required to pay certain statutory dues including provident fund contributions and employee state insurance contributions under the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952 and the Employees’ State Insurance Act, 1948, respectively, and professional taxes and labour welfare fund charges.

The table below sets out details of statutory dues paid by our Company and our Subsidiary relating to the relevant period/ year

on a consolidated basis in relation to their employees:

Note: As certified by Chokshi & Chokshi LLP, Chartered Accountants by way of their certificate dated April 25, 2026.

Any failure or delay in payment of such statutory dues may expose our Company and/or our Subsidiary to statutory and regulatory action, as well as significant penalties, which may adversely impact our business, results of operations, cash flows and financial condition.

**35. The financial services industry is heavily regulated, and material changes in the laws, rules and regulations that govern us could cause our business to suffer.**

We operate in a highly regulated industry, and we have to adhere to various laws, rules and regulations. Our Company is registered with the Insurance Regulatory and Development Authority of India (“**IRDAI**”) to act as a “corporate agent (composite)”. Further, our Subsidiary, Si Creva Capital Services Private Limited, has obtained a valid certificate of registration, dated September 8, 2016, issued by the RBI, bearing no. N-13. 02129 as a non-deposit taking NBFC pursuant to powers conferred on the RBI under section 45IA of the RBI Act. We offer all our on-book loans through our Subsidiary. The laws and regulations governing the banking and financial services industry in India have become increasingly complex and cover a wide variety of issues, such as interest rates, liquidity, treatment of customers, investments, ethical issues, money laundering and privacy. These laws and regulations can be amended, supplemented, interpreted differently or changed at any time such that we may be required to restructure our activities and incur additional expenses to comply with such laws and regulations, which could materially and adversely affect our business and financial performance. Accordingly, in addition to the general regulations governing a company in India, our Company and our Subsidiary are also subject to comprehensive regulation and supervision by various regulatory authorities, including the RBI and the IRDAI, as applicable. Further, our Subsidiary is subject to RBI’s guidelines on financial regulation of NBFCs, including capital adequacy, exposure and other prudential norms. RBI regulates the credit flow by banks to NBFCs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to NBFCs. Accordingly, we are required to obtain and maintain various statutory and regulatory permits and approvals from time to time to operate our business, which requires us to comply with certain terms and conditions to continue our operations.

The financial services industry is heavily regulated and is also subject to frequent change of policies and amendments based on

changing macro-economic conditions. For instance, the RBI has introduced significant regulatory changes including the Master Direction on Digital Lending dated September 2, 2022, which imposed restrictions on lending service providers and mandated direct disbursement by regulated entities. Subsequently, RBI issued the Digital Lending Directions 2025, now subsumed under the Reserve Bank of India (Non-Banking Financial Companies – Credit Facilities) Directions, 2025, which further strengthened the regulatory framework for digital lending activities, including enhanced governance requirements, stricter compliance obligations for digital lending platforms, and additional consumer protection measures. Additionally, the RBI has tightened norms around First Loss Default Guarantee (“FLDG”) arrangements through various circulars, including limitations on risk transfer mechanisms between lending institutions and fintech platforms, caps on FLDG exposure, enhanced due diligence requirements for such partnerships, and mandatory disclosure of FLDG arrangements in financial statements. Consequently, we are required to guarantee the losses up to the capped limit (i.e., up to 5% on the disbursed amounts on a loan portfolio), to our lending partners. For further details, please see “*Key Regulations and Policies*” on page 208. As a result, in the event of defaults by such borrowers, we will be required satisfy the requirements under the FLDG arrangements, which may affect our results of operations. We cannot assure you that laws or regulations will not be adopted, amended, enforced or interpreted in the future in a manner that will not have a material adverse effect on our business and results of operations. In addition, the volume, granularity, frequency and scale of regulatory and other reporting requirements require a clear data strategy to enable consistent data aggregation, reporting and management. Inadequate management information systems or processes, including those relating to risk data aggregation and risk reporting, could lead to a failure to meet regulatory reporting requirements or other internal or external information demands and we may face regulatory penalties as a result. For further information, see “*Key Regulations and Policies*” on page 208.

For instance, our Subsidiary is required to obtain and maintain a certificate of registration for carrying on business as an NBFC from the RBI, which is subject to numerous conditions and requirements including exposure limits, classification of NPAs, KYC requirements and other internal control mechanisms. We are also required to obtain and maintain certificate of registration for carrying on business as a composite corporate insurance agent from the IRDAI, each of which is further subject to certain conditions and requirements prescribed by the respective regulatory authority. For details of our pending applications, see “*Government and Other Approvals*” on page 372.

Additionally, we cannot guarantee that we will be able to maintain, renew or obtain any required statutory and regulatory permits and approvals in the future, in a timely manner, or that no additional requirement will be imposed in connection with such request. In addition, we require various registrations to operate our branches in the ordinary course of business, such as those required to be obtained or maintained under applicable legislations governing shops and establishments, professional tax, labor related registrations and trade licenses of the particular state in which they operate. Some of these approvals may have expired, and we have either applied, or are in the process of applying for renewals of them. Failure by us to renew, maintain or obtain the required material permits or approvals at the requisite time may result in the interruption of our operations and may have a material adverse effect on our business, cash flows, financial condition and results of operations. Further, in the event that we are unable to renew or maintain certain regulatory approvals or comply with any or all of the applicable terms and conditions, or seek waivers or extensions of time for complying with such terms and conditions, we may be subject to regulatory actions by the RBI including the levy of fines or penalties and/or the cancellation of our license to operate as an NBFC and such similar actions by other regulators, as applicable. Also see “- *In the past, an application made our Subsidiary, Si Creva, seeking approval for a co-branding partner for the issuance of prepaid payment instruments from RBI was not acceded by RBI. We cannot assure you that applications seeking regulatory approval will not be rejected in the future. Any such rejections in the future may affect our business, financial condition, cash flows, results of operations and prospects*” and “- *Our Subsidiary, Si Creva, was previously classified as a ‘High Risk Financial Institution’ by FIU-IND due to certain non-compliances under the Prevention of Money Laundering Act, 2002, as amended. In the event we are unable to comply with the applicable requirements, we may be subject to regulatory actions by the applicable regulatory authorities*” each on page 41. Additionally, we depend on third-party contractors for various services integral to our business. The workers of such third-party contractors are subject to various labour legislations. Although we do not directly hire these workers, we may be held responsible for wage payments in the event that such third-party contractors default on these payments.

In addition, the restrictions and conditions imposed on NBFCs by RBI through: (i) Master Circular – Bank Finance to Non – Banking Financial companies dated April 3, 2023, as amended; and (ii) Circular on ‘Regulatory measures towards consumer credit and bank credit to NBFCs dated November 16, 2023, as amended may restrict our ability to obtain bank financing for specific activities pursuant to certain restrictions imposed by the RBI. The restrictions provided by the abovementioned circulars and any similar notifications released by RBI may adversely affect our access to or the availability of bank finance, which may in turn adversely affect our financial condition and results of operations.

In addition, pursuant to its notification dated November 16, 2023, now superseded by the directions titled “Reserve Bank of India (Non-Banking Financial Companies – Prudential Norms on Capital Adequacy) Directions, 2025” dated November 28, 2025, (“**RBI 2025 Directions**”) issued by the RBI, the RBI has increased the risk weight in relation to certain retail loans of NBFCs from 100.00% to 125.00%. Further, in accordance with the RBI 2025 Directions, NBFCs are now required to implement a board approved limit for all unsecured retail loans and such limit is subsequently required to be monitored by the risk management committee of such NBFC on an ongoing basis. Additionally, our premises, books of accounts, documents and records are subject to inspection by the RBI.

**36. *In the past, an application made by our Subsidiary, Si Creva, seeking approval for a co-branding partner for the issuance of prepaid payment instruments from RBI was not acceded by RBI. We cannot assure you that applications seeking regulatory approval will not be rejected in the future. Any such rejections in the future may affect our business, financial condition, cash flows, results of operations and prospects.***

In the past, there has been an instance where an application dated December 22, 2021, made by our Subsidiary, Si Creva, seeking approval from the RBI pursuant to RBI's Master Direction for Prepaid Payment Instruments dated August 27, 2021, for entering into a co-branding arrangement with ICICI Bank Limited for the issuance of prepaid payment instruments to our customers for our Buy Now Pay Later product was not acceded by the RBI. RBI rejected the application on the grounds that, inter alia, Si Creva did not meet the requirement under para 83 and annexure XIII of the Master Direction – Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Direction, 2016, on account of Si Creva having suffered net loss during the financial year ended March 31, 2021. While the RBI further proceeded to raise requests for documents and clarifications in relation to the application, which were provided by Si Creva, the application was not acceded by the RBI by way of their letter dated February 10, 2022. We cannot assure that any such applications made by Si Creva seeking regulatory approval in the future will not be rejected by regulators. Any such rejections could adversely affect and our business, financial condition, cash flows, results of operations and prospects.

**37. *Our Subsidiary, Si Creva, was previously classified as a 'High Risk Financial Institution' by FIU-IND due to certain non-compliances under the Prevention of Money Laundering Act, 2002, as amended. In the event we are unable to comply with the applicable requirements, we may be subject to regulatory actions by the applicable regulatory authorities.***

We operate in a highly regulated industry, and we have to adhere to various laws, rules and regulations. For details, see “- *The financial services industry is heavily regulated, and material changes in the laws, rules and regulations that govern us could cause our business to suffer*” on page 39. Accordingly, any inability to comply with the applicable requirements may result in regulatory actions taken by regulators. For instance, our Subsidiary Si Creva, was previously classified as a 'High Risk Financial Institution' by FIU-IND due to certain non-compliances under the Prevention of Money Laundering Act, 2002, as amended, and the rules thereunder, namely for non-submission of principal officer details, for which a show cause notice was issued. Si Creva has since completed the registration of the principal officer in this regard and intimated the same to the RBI. Subsequently, and pursuant e-mail communication received from RBI on the same, the name of Si Creva was removed from the list of NBFCs categorized as 'High Risk Financial Institutions' by FIU-IND after Si Creva provided evidence to the authority confirming timely compliance and appointment of principal officer. While the matter was resolved, there can be no assurance that our Company will not be subjected to future show cause notices requiring proof of compliance. Further, we cannot assure you that any similar non-compliance by our Subsidiary, Si Creva, in the future or any other instances of non-compliances will not result in a show case notice or other actions from regulatory authorities. Any such actions may adversely affect our business, prospects, results of operations, financial condition and the trading price of our Equity Shares.

**38. *Data collection and storage in India are increasingly governed by strict laws and regulations, as governments work to protect the privacy and security of personal information. Non-compliance with data protection regulations could lead to fines, license revocation, or criminal liabilities, adversely affecting our business, reputation, financial condition, results of operations and cash flows.***

We manage and store sensitive data from customers and third parties as part of our business operations. We store such data in the data centres of AWS Cloud in Mumbai and Hyderabad. As we continue to grow, we will collect, store and process the personal data of more customers and third parties. The more personal data we hold, the greater the likelihood that a significant failure in our internal controls or data security measures could result in a data breach affecting more customers, which could expose us to greater potential liability through fines and compensation claims, significant reputational harm and a loss of trust that could deter users from using our services. This also involves risks of complying with changing privacy laws in India and protecting data from unauthorized access.

Regulators in various jurisdictions are increasingly scrutinizing how companies collect, process, use, store, share and transmit personal data. This increased scrutiny may result in new interpretations of existing laws, thereby further impacting our business. In India, the Digital Personal Data Protection Act, 2023 (“**Data Protection Act**”) has been enacted for implementing organizational and technical measures in processing personal data laying down norms for cross-border transfer of personal data to ensure the accountability of entities processing personal data. The Data Protection Act introduced stricter data protection norms for an entity such as ours and may impact our processes. The Data Protection Act has been introduced to maintain the highest level of security and protection for all such information regarding our customers. The Ministry of Electronics and Information Technology has also recently notified the Digital Personal Data Protection Rules, 2025 (“**DPDP Rules**”), along with a timeline for effectiveness of its various provisions. The DPDP Rules regulate, among other things, the processing of personal data in India, ensuring individuals privacy rights are protected and provide an actionable framework. The DPDP Rules apply to all entities that process digital personal data, both within India and abroad. The DPDP Rules, inter alia, mandate the conduct of data protection impact assessments for high-risk processing activities and require the notification of data breaches within a stipulated timeframe. The DPDP Rules introduce, inter alia, clear privacy notices, prescriptive security safeguards, breach-reporting timelines, data-retention limits, consent requirements for cross-border data transfers and provisions for protection for children and vulnerable persons. Additionally, the DPDP Rules also introduce broader thresholds for the retention of data by certain intermediaries and specify illustrative minimum safeguards such as encryption, access controls, monitoring

and backups. While the substantive obligations under the DPDP Rules will take effect after 18 months from the date of notification, a limited set of governance and institutional provisions have been brought into effect immediately. For details, see “*Key Regulations and Policies*” on page 208. Further, the RBI has also issued a circular dated April 6, 2018 on the procedure of storage of payment systems data to ensure that data relating to payment systems in which we operate are stored only in India.

Our attempts to comply with applicable legal requirements including the Data Protection Act, Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011, among other rules and regulations applicable to us, may not be successful, and may also lead to increased costs for compliance. There can be no assurance that our existing privacy and personal protection systems and technical measures, such as web application firewalls, anti-bot software, automated throttling and IP reputation checks, will be considered sufficient under applicable laws and regulations. In addition, failure to comply with the provisions of Aadhaar (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 (“**Aadhaar Act**”), as amended from time to time, in relation to collection/storage of Aadhaar numbers of our customers, could lead to imposition of penal consequences under the Aadhaar Act. For further information, see “*Key Regulations and Policies*” on page 208. Changes in laws could impact our practices or subject us to stricter requirements. While we have not faced any instances of non-compliance with applicable data privacy and protection laws in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future.

We have implemented a privacy policy pursuant which streamlines our handling of customer personal information, including data storage procedures and data destruction protocols. However, any failure, or perceived failure, by us to comply with any applicable regulatory requirements, including but not limited to privacy, data protection, information security, or consumer protection related privacy laws and regulations, could result in proceedings or actions against us by governmental entities or individuals. This may subject us to fines, penalties, and/ or judgments which may adversely affect our business and reputation. Furthermore, despite our efforts to comply with applicable laws, regulations, and other obligations relating to privacy, data protection, and information security, it is possible that our interpretations of the law or practices could be inconsistent with or fail or be alleged to fail to meet all requirements of, such laws, regulations, or contractual obligations.

**39. *Our Subsidiary, Si Creva, is required to maintain adequate capital buffers against rising portfolio risks. Any inability to maintain such a buffer would result in non-compliances, which may adversely affect our business and financial performance.***

Pursuant to notification dated November 16, 2023 issued by the RBI, now superseded by the directions titled “Reserve Bank of India (Non-Banking Financial Companies – Prudential Norms on Capital Adequacy) Directions, 2025” dated November 28, 2025, (“**RBI 2025 Directions**”) issued by the RBI, the risk weight in relation to certain retail loans required to be maintained by NBFCs, including our Subsidiary, Si Creva, has been increased from 100.00% to 125.00%. While there have been no such instances in the past, we cannot assure you that we will be able to maintain the requirements under the RBI 2025 Directions in the future. In the event of any such failure to ensure compliance with the RBI 2025 Directions or a regulator alleges we have not complied with these requirements, we may be subject to penalties or other regulatory actions, which could adversely affect our business and financial performance. Any further increase in the risk weight requirements in relation to the capital adequacy ratios to be maintained by Si Creva may result in additional expenses to ensure compliance, which could adversely affect our business and financial performance.

**40. *We may be unable to adequately obtain, maintain, protect and enforce our intellectual property rights. We may also be subject to intellectual property infringement claims, which may be expensive to defend and may disrupt our business and operations.***

We have obtained registration for our “KISSHT” trademark, including both the word mark and the device mark. As of the date of this Red Herring Prospectus, we have submitted an application for registration of our latest device mark “” in the name of our Company, which is currently pending with the Trademark Registry. For further details, please refer to “*Our Business – Intellectual Property*” on page 206. While we have filed the application for registration of the aforementioned device mark, there can be no assurance that the trademark will be granted registration.

We regard our trademarks, domain names, trade secrets, proprietary technologies, brand and similar intellectual property as critical to our success. We rely on a combination of intellectual property laws and contractual arrangements, including confidentiality provisions and non-competence clauses in our employment contracts with employees, to protect our proprietary rights. However, confidentiality and non-compete agreements may be breached by counterparties or our employees under our standard employment contracts, and there may not be adequate remedies available to us for any such breach. Accordingly, we may not be able to effectively protect our intellectual property rights or to enforce our contractual rights in India. In addition, despite having policies and measures in place to prevent unauthorized use of our intellectual property, any of our intellectual property rights could be challenged, invalidated, circumvented or misappropriated. Such claims and our failure to renew applicable registrations or any other cause, may require us to operate under a new domain name, which could cause us substantial harm and we may need to expend significant resources to purchase rights to the domain name in question. Further, unauthorized parties may copy aspects of our platform or obtain and use information that we consider proprietary. Moreover, due to rapid technological changes, our business depends on third-party technologies like software for enterprise resource planning. We may face challenges in acquiring or maintaining these licenses on reasonable terms or at all.

It is often difficult to register, maintain and enforce intellectual property rights in India. Statutory laws and regulations are also subject to judicial interpretation and enforcement and may not be applied consistently due to the lack of clear guidance on statutory interpretation. In addition, despite our efforts the registration of intellectual property including patents, trademarks and designs is a time-consuming process and there can be no assurance that any registration applications we may pursue will be successful and that such registration will be granted to us. If we fail to register the appropriate intellectual property, or our efforts to protect relevant intellectual property prove to be inadequate, the value attached to our brand and proprietary property could deteriorate, which could have a material adverse effect on our business growth and prospects, financial condition, cash flows and results of operations.

Preventing any unauthorized use of our intellectual property is difficult and costly and our efforts to protect our intellectual property may not be adequate to prevent the misappropriation of our intellectual property. Unauthorized parties may infringe upon or misappropriate our services or proprietary information. In addition, despite our efforts to comply with the intellectual property rights of others, we cannot determine with certainty whether we are infringing any existing third-party intellectual property rights which may force us to alter our operations, obtain additional licenses or cease parts of our operations. We may also be susceptible to claims from third parties asserting infringement and other related claims. Regardless of their merits, such claims could materially and adversely affect our relationships with current or future customers, result in costly litigation, delay or disrupt supply of products, divert management’s attention and resources, subject us to significant liabilities, or require us to cease certain activities. Any of the foregoing could materially and adversely affect our business, financial condition, cash flows, results of operations and prospects. While we have not faced any instances of failure to register or protect our intellectual property in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future.

Additionally, we may be required to pay substantial damages, royalties or other fees in connection with a claimant securing a judgment against us, be subject to an injunction or other restrictions that prevent us from using or distributing our intellectual property, or from operating under our brand, or we may agree to a settlement that prevents us from distributing our offerings or a portion thereof, which could adversely affect our business, financial condition, results of operations, cash flows and prospects. With respect to any intellectual property rights claim, we may have to seek out a license to continue operations found to violate such rights, which may not be available on favorable or commercially reasonable terms and may significantly increase our operating expenses.

**41. We are subject to counter-terrorism financing, anti-bribery and corruption and anti-money laundering laws, and our inability to detect non-compliance and other illegal activities fully and on a timely basis may expose us to additional liability and adversely affect our business, financial condition, cash flows, results of operations and prospects.**

We are required to comply with applicable anti-money-laundering (“AML”), combatting terrorism financing (“CTF”), anti-bribery and corruption (“ABC”) and antiterrorism laws and other regulations in India. In the ordinary course of our operations, we run the risk of failing to comply with the prescribed Know Your Customer (“KYC”) procedures and detect fraud and money laundering by dishonest customers. For more information see, “Key Regulations and Policies” on page 208. Although we believe that we have adequate internal policies, processes and controls in place to prevent and detect any AML, CTF and ABC activity and ensure KYC compliance, we cannot assure you that we will be able to fully control instances of any potential or attempted violation. While we have not faced any instances of lapse in detecting money-laundering, CTF, ABC and other illegal activities in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. Any inability on our part to detect such activities fully and on a timely basis, may subject us to regulatory actions including imposition of fines and penalties and adversely affect our business and reputation.

**42. We are dependent on digital marketing for the acquisition of customers (45.51% and 48.69% of our customers in the nine months ended December 31, 2025 and Fiscal 2025, respectively, were acquired through digital marketing). Internet search engines drive traffic to our platforms and our customer growth could decline and our business, financial condition, cash flows, results of operations and prospects would be adversely affected if we fail to appear prominently in search results.**

Our success depends in part on our ability to attract customers through unpaid internet search results on search engines. We are dependent on digital marketing for the acquisition of our customers. Set out below are details of our customers acquired through our various customer acquisition channels for the period/ years indicated:

Particulars	% of total customers acquired			
	Nine months ended December 31,	Fiscal		
	2025	2025	2024	2023
Digital marketing	45.51%	48.69%	46.35%	46.07%
Merchant partnership	23.28%	24.38%	35.43%	40.37%
E-commerce	7.51%	7.25%	0.64%	0.00%
Organic	23.70%	19.68%	17.58%	13.56%

The number of customers we attract to our platforms from search engines is due in large part to how and where our platform

ranks in unpaid search results. These rankings can be affected by a number of factors, many of which are not under our direct control and may change frequently. For instance, a search engine may change its ranking algorithms, methodologies or design layouts. As a result, links to our platform may not be prominent enough to drive traffic to our mobile application, and we may not know how or otherwise be in a position to influence the results. Search engines may also adopt a more aggressive auction-pricing system for keywords that would cause us to incur higher advertising costs or reduce our market visibility to prospective customers. Our platform has experienced fluctuations in search result rankings in the past, and we anticipate similar fluctuations in the future. Any reduction in the number of customers directed to our platform could adversely affect our business, financial condition, cash flows, results of operations and prospects.

**43. Our success depends in large part upon our Promoters, KMPs, Senior Management and certain other employees and our inability to attract, train and retain such persons could adversely affect our business, financial condition, cash flows, results of operations and prospects.**

Our ability to sustain our rate of growth depends upon our ability to manage key issues such as selecting and retaining our management team, our Promoters, KMPs, Senior Management and other members of senior management for developing managerial experience, upskilling our employees, addressing emerging workforce challenges, and ensuring a high standard of customer service. In order to be successful, we must attract, train, motivate and retain experienced investment professionals, industry and management professionals, and highly skilled employees, especially relationship managers and risk management personnel who are instrumental to the success of our business and on whom our business model heavily relies.

Set out below are details of our attrition for KMPs, Senior Management and permanent employees for the period/ years indicated:

Particulars	Nine months ended December 31,	Fiscal		
	2025	2025	2024	2023
Total number of KMPs	3	4	3	3
Attrition rate of KMPs (%)	28.57%	28.57%	Nil	Nil
Total number of Senior Management (other than KMPs)	2	2	3	3
Attrition rate of Senior Management (other than KMPs) (%)	Nil	80.00%	Nil	Nil
Total number of permanent employees	1,958	1,278	676	570
Attrition rate of permanent employees (%)	53.03%	46.98%	33.07%	39.74%

Note: Attrition rate is calculated as the number of individuals that resigned during the year divided by the average number of individuals during the year. The average number of individuals is computed as the average of the number of employees at the beginning and end of the year.

\*Amit Gupta resigned as the Chief Financial Officer of our Company on July 17, 2025, however, continued to be employed by our Company until October 31, 2025.

We face intense competition for qualified personnel with relevant industry expertise in India and no assurance can be given that we will be successful in hiring or retaining appropriately qualified people. If we cannot hire or retain appropriately qualified people, our ability to expand our business could be impaired and our revenue could decline. Further, recruiting new employees who require training tailored to our business and business operations, as well as providing training to our existing employees on our internal policies, procedures, controls and risk management frameworks, could be costly, in terms of time, money and resources. In addition, we may be required to increase our levels of employee compensation more rapidly than in the past in order to remain competitive in retaining existing employees or attracting new employees that our business requires.

Hiring and retaining qualified and skilled employees is critical to the future of our business and our business model, which depends on our credit-appraisal and our people-led operations. Our inability to attract and retain talented professionals, or the resignation or loss of our KMPs, may have an adverse impact on our business, reputation and future financial performance. While we have not faced any instances of difficulties in hiring and retaining our KMPs and other employees in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023 that led to any adverse effect on our business or operations, there can be no assurance that such instances will not occur in the future.

**44. Any deterioration in the performance of any pool of receivables securitized to banks and other institutions may adversely impact our business, financial condition, cash flows, results of operations and prospects.**

Our Subsidiary, Si Creva Capital Services Private Limited, securitizes a portion of our receivables to banks and other financial institutions. Such securitization is undertaken on the basis of our internal estimates of funding requirements and availability of other sources of funds, and may vary from time to time. Set out are details of our securitized assets as of and for the period/ years indicated:

Particulars	As of and for the nine months ended December 31,	As of and for the financial year ended March 31,		
	2025	2025	2024	2023
Securitized receivables (₹ million)	2,866.44	3,736.09	68.96	Nil
Securitized receivables as a % of total AUM (%)	4.81%	9.14%	0.26%	Nil

Particulars	As of and for the nine months ended December 31,		As of and for the financial year ended March 31,		
	2025		2025	2024	2023
Credit enhancements as a % of total AUM (%)	3.36%		3.38%	0.10%	Nil

Any change in regulations by RBI or other regulators in relation to securitizations by NBFCs could have an adverse impact on our securitization program. In the event the bank or financial institution with whom we have securitized our receivables does not realize the receivables due under loans that have been securitized, the relevant bank or financial institution could enforce the underlying credit enhancements provided by our Subsidiary. If such banks or financial institutions seek to enforce the underlying credit enhancements, it could have an adverse effect on our results of operations. While we have not faced instances of banks or financial institutions that have enforced the underlying credit enhancements in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future.

**45. We have in the past entered into related party transactions and will continue to do so in the future on an arm's length basis and we cannot assure you that we could not have achieved more favorable terms if such transactions had not been entered into with related parties.**

We have in the past entered into transactions with certain of our related parties and will continue to do so in the future. Our related party transactions include among others, remuneration and employee based payments to KMPs. The terms of such related party transactions may be deemed to not be as favourable to us as if they had been negotiated between unaffiliated third parties. Set out below are details of our related party transactions for period/ years indicated:

Particulars	Nine months ended December 31,		Fiscal					
	2025		2025		2024		2023	
	Amount (₹ million)	% of total income	Amount (₹ million)	% of total income	Amount (₹ million)	% of total income	Amount (₹ million)	% of total income
Arithmetic aggregated absolute total of our related party transactions	46.97	0.30%	54.30	0.40%	31.60	0.19%	31.13	0.31%

For details, see “*Summary of Related Party Transactions*” and “*Other Financial Information – Related Party Transactions*” on pages 68 and 330, respectively. All such transactions have been conducted on an arm's length basis in accordance with applicable laws and are not prejudicial to the interest of our Company. We cannot assure you that we could not have obtained more favorable terms had such transactions been entered into with unrelated parties. While all related party transactions that we may enter into post-listing will be subject to approval of the Audit Committee and such related party transactions may also be subject to the approval of the Shareholders, as necessary under the Companies Act and the SEBI Listing Regulations, we cannot assure you that such future related party transactions, individually or in the aggregate, will perform as expected or result in the benefit envisaged therein, or that we could not have undertaken such transactions on more favorable terms with any unrelated parties.

**46. An inability to establish and maintain effective internal controls could lead to an adverse effect on our business, financial condition, cash flows, results of operations and prospects.**

Our success depends on our ability to effectively utilize our resources and maintain internal controls. Maintaining such internal controls requires human diligence and compliance and is therefore subject to lapses in judgment and failures that result from human error. Our efforts in improving our internal control systems may not result in eliminating all risks. If we are not successful in discovering and eliminating weaknesses in our internal controls, our ability to manage our business effectively may materially and adversely be affected. While we have not faced any lapses in or internal controls that led to any adverse effect on our business or operations in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, any such lapses in the future may lead to an adverse effect on our business, financial condition, cash flows, results of operations and prospects.

We are also subject to anti-corruption laws and regulations, which generally prohibit us and our employees and intermediaries from bribing, being bribed or making other prohibited payments to government officials or other persons to obtain or retain business or gain some other business advantage. We participate in collaborations and relationships with third parties whose actions could potentially subject us to liability under these laws or other local anti-corruption laws. While our code of conduct requires our employees and intermediaries to comply with all applicable laws, these measures may not prevent the breach of such anti-corruption laws. If we are not in compliance with applicable anti-corruption laws, we may be subject to criminal and civil penalties, disgorgement and other sanctions and remedial measures, and legal expenses, which could have an adverse impact on our business, financial condition, cash flows, results of operations and liquidity. Likewise, any investigation of any potential violations of anti-corruption laws by the relevant authorities could also have an adverse impact on our business and reputation.

**47. *Increased losses due to fraud, employee misconduct, employee negligence, theft or similar incidents may have a negative impact on our business, financial condition, cash flows, results of operations and prospects.***

Our business is exposed to the risk of misconduct or failure to abide by our internal processes and procedures by our personnel. Although we closely monitor our personnel, misconduct, unauthorized acts (including acts of theft and fraud), by employees, other representatives or executives could include binding us to transactions that exceed authorized limits or present unacceptable risks or hiding unauthorized or unlawful activities from us, which may result in substantial financial losses and damage to our reputation and loss of business from our customers.

A portion of our collections from our customers is in cash. Large cash collections expose us to the risk of theft, fraud, misappropriation or unauthorized transactions by employees responsible for dealing with such cash collections. Given the high volume of transactions involving cash processed by us, certain instances of fraud and misconduct by our representatives or employees may go unnoticed for some time before they are discovered and others successfully rectified. Even when we discover instances of fraud and other misconduct and pursue legal recourse or file claims with our insurance carriers, there can be no assurance that we will recover any amounts lost through such fraud or other misconduct. Our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of such systems will result in losses that are difficult to detect or rectify.

Our Company provides additional training on a variety of spheres related to our industry to our employees and other representatives, however, we cannot assure that this training would be sufficient to address all potential issues that we might encounter while providing our services. In addition, our employees and other representatives contractually agree to only provide services within the scope of their applicable profession and that they only hold themselves out as having the qualifications and designations applicable to them. We cannot assure that all personnel will comply with the restrictions and limitations applicable to their scope of practice or the policies and procedures of our Company.

Employee or executive misconduct could also involve the improper use or disclosure of confidential information, which could result in regulatory sanctions and serious reputational or financial harm, including harm to our brand. It is not always possible to deter employee or executive misconduct and the precautions taken and systems put in place to prevent and detect such activities may not be effective in all cases. Any instances of such misconduct could adversely affect our reputation. While we have not faced any instances of losses due to fraud, employee negligence or theft in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that these instances will not occur in the future.

**48. *The loans provided to our customers can be used for various purposes and we may not have any control over such use. This may result in a failure by customers to repay the loans in a timely manner or at all and this may have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.***

We provide loans to our customers primarily comprising salaried professionals, self-employed individuals and small business owners. The purpose for which the loan is obtained differs from customer to customer. We do not have any direct control over how a customer actually utilizes the loan, after disbursal. Although, our credit appraisal system conducts due diligence during our underwriting process and exercises caution in its lending, any use of loan proceeds for purposes different from what was stated to us and which are outside our control, may impact the repayment capacity by the borrower under that loan. Further, we cannot control any incremental loans that our customers may subsequently obtain, which may adversely impact their repayment abilities. Any failure to repay such loan may have an adverse effect on our business, financial condition, cash flows, results of operations and prospects.

**49. *Certain sections of this Red Herring Prospectus disclose information from the 1Lattice Report which has been prepared exclusively for the Offer and commissioned and paid for by us and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.***

We have commissioned and availed the services of an independent third-party research agency, Lattice Technologies Private Limited to prepare the report titled “*Industry Report on Digital Financial Services in India*” (the “**1Lattice Report**”) for purposes of inclusion of such information in this Red Herring Prospectus, pursuant to an engagement letter dated June 26, 2025. A copy of the 1Lattice Report is available on our website at <https://www.kissht.com/investor-relations>. The 1Lattice Report has been exclusively commissioned and paid for by us for the purposes of confirming our understanding of the industry exclusively in connection with the Offer. Certain information in “*Industry Overview*,” “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*”, on pages 145, 177 and 337, respectively, have been derived from the 1Lattice Report. Neither we nor any other person connected with this Red Herring Prospectus has verified the information in the 1Lattice Report or the other industry sources. The 1Lattice Report uses certain marketing methodologies for market forecasting. Accordingly, investors should read the industry related disclosures in this Red Herring Prospectus in this context. Further, the 1Lattice Report is prepared based on information as of specific dates, which may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Red Herring Prospectus. For the disclaimer regarding the 1Lattice Report, see “*Certain Conventions, Presentation of Financial, Industry and Market Data and Currency of Presentation – Industry and Market Data*” on page 16.

Further, the commissioned report is not a recommendation to invest or disinvest in our Company and shall not be construed as an expert advice or investment advice. Prospective investors are advised not to unduly rely on the ILattice Report or extracts thereof as included in this Red Herring Prospectus, when making their investment decisions.

The commissioned ILattice Report also highlights certain industry and market data, which may be subject to assumptions. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions vary widely among different industry sources. Further, such assumptions may change based on various factors. We cannot assure you that these assumptions are correct and will not change and, accordingly, our position in the market may differ, favorably or unfavorably, from that presented in this Red Herring Prospectus.

***50. We have in this Red Herring Prospectus included certain non-GAAP financial measures and certain other industry measures related to our operations and financial performance that may vary from any standard methodology that is applicable across the industry we operate.***

Certain non-GAAP financial measures and certain other industry measures relating to our operations and financial performance, such as, Return on Equity, Return on Assets and Debt to Equity Ratio (“**Non-GAAP Measures**”) have been included in this Red Herring Prospectus. Such Non-GAAP Measures are supplemental measures of our performance and liquidity is not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or US GAAP. We compute and disclose such Non-GAAP Measures and such other industry related statistical and operational information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of similar businesses, many of which provide such Non-GAAP Measures and other industry related statistical and operational information. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, IFRS or US GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or US GAAP. These Non-GAAP Measures and such other industry related statistical and operational information relating to our operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial and operational measures, and industry related statistical information of similar nomenclature that may be computed and presented by other similar companies. In addition, these Non-GAAP Measures are not standardized terms, hence a direct comparison of these Non-GAAP Measures between companies may not be possible. Other companies may calculate these Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure.

Further, we track certain operating metrics with our internal systems and tools. Our methodologies for tracking these metrics may change over time, which could result in changes to our metrics in the future, including to metrics that we publicly disclose. If our internal systems and tools track our metrics inaccurately in the future, the corresponding data may be inaccurate. This may impair our understanding and evaluation of certain aspects of our business, which could affect our operations and long-term strategies.

Such supplemental financial and operational information is therefore of limited utility as an analytical tool, and investors are cautioned against considering such information either in isolation or as a substitute for an analysis of our Restated Consolidated Financial Information disclosed elsewhere in this Red Herring Prospectus. For further information, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Non-GAAP Measures*” on page 360.

***51. Our Promoters will continue to retain significant shareholding in our Company after the Offer, which will allow them to exercise significant influence over us.***

As of the date of this Red Herring Prospectus, our Promoters, Ranvir Singh and Krishnan Vishwanathan, hold, in aggregate, 32.30% of our issued, subscribed and paid-up share capital (on a fully diluted basis). For more information, see “*Capital Structure*” on page 78. Accordingly, our Promoters will continue to exercise significant influence over our business and all matters requiring shareholders’ approval, including the composition of our Board of Directors, the adoption of amendments to our certificate of incorporation, the approval of mergers, strategic acquisitions or joint ventures or the sales of substantially all of our assets, and the policies for dividends, lending, investments and capital expenditures or any amendment to our Memorandum of Association and Articles of Association. The interests of our Promoters, as our Company’s significant shareholders, could be different from the interests of our other Shareholders and their influence may result in change of management or control of our Company, even if such a transaction may not be beneficial to our other Shareholders. In addition, if our Promoters and our other shareholders do not act together, matters requiring shareholders’ approval may be delayed or may not occur at all, which could adversely affect our business. Moreover, our Promoters are not obligated to provide us with any business opportunities. If our Promoters invest in another company in competition with us, we may lose the support provided to us by them, which could adversely affect our business, results of operations, financial condition and cash flows. We cannot assure you that our Promoters will act to resolve any conflicts of interest in our favor and any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

**52. *The grant of options in future under any employee stock option schemes by our Company will result in a charge to our profit and loss account and may adversely impact our net income.***

Our Company follows the Ind AS method of accounting for employee compensation cost on options granted which could result in a charge to our Company's profit and loss account. Under Ind AS, stock options are granted to the employees under the stock option schemes. The cost of stock options granted to the employees (equity-settled awards) of the Company are measured at the fair value of the options granted. For each stock option, the measurement of fair value is performed on the grant date. The grant date is the date on which the Company and the employees agree to the stock option scheme. The fair value so determined is revised only if the stock option scheme is modified in a manner that is beneficial to the employees. This cost is recognized, together with a corresponding increase in share-based payment reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense. In addition to the effect on the profit and loss account, the exercise of vested stock options will dilute the interests of shareholders (as in the case of any issuance of Equity Shares). For further information on ESOP Schemes of our Company, see "*Capital Structure – Employee Stock Options Schemes*" on page 105.

**53. *Our Registered and Corporate Office are on lease and license basis. Any termination or failure by us to renew the lease and license arrangements for our Registered and Corporate Office in a timely manner and on acceptable terms, or at all, could adversely affect our business, financial condition, results of operations and cash flows.***

Our Registered and Corporate Office is located on licensed premises, which is not owned by our Directors, Key Managerial Personnel, Senior Management, their relatives or any person related directly or indirectly in any manner to our Company. The current period of the lease for our Registered and Corporate Office is for a period of five years and the same is valid till May 31, 2027. Further, the typical period for leases which are generally entered into by our Subsidiary, Si Creva, for our branches and service centers ranges from 11 months to approximately 9 years.

The lease and license agreements can be terminated, and any such termination could result in our Registered and Corporate Office being shifted or any of our branches being shifted or shut down. Some of the lease and license agreements may expire or may have expired in the ordinary course of business, and we are currently involved in negotiations for the renewal of these lease and license agreements. Additionally, we may face operational and maintenance challenges at the branches leased by us, including but not limited to restrictions imposed by landlords on modifications or improvements, delays in obtaining necessary approvals for operational requirements, and potential disputes regarding maintenance responsibilities and costs.

While we have not faced issues entering into new or renewing the existing leases or licenses of our Registered and Corporate Office or our branches in the past, if these lease and license agreements are not renewed or not renewed on terms acceptable to us, we may suffer a disruption in our operations or increased costs, or both, which may affect our business, results of operations, financial condition and cash flows. Such operational challenges could include inability to implement necessary technological upgrades, compliance issues arising from lease restrictions, or increased operational costs due to maintenance limitations. Further, in the event that any of our lease agreements and lease and license agreements are not duly stamped as per applicable law, an instrument not duly stamped, or insufficiently stamped, is not admitted as evidence in any Indian court, which could adversely affect our business, results of operations, cash flows and financial condition in the future. For further information, see "*Our Business - Our properties*" on page 206.

**54. *We cannot assure payment of dividends on the Equity Shares in the future and our ability to pay dividends in the future will depend on our earnings, financial condition, cash flows, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements and we may not be able to pay dividends in future.***

Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure requirements, applicable Indian legal restrictions and restrictive covenants under financing arrangements that we may enter into. The declaration and payment of dividends will be recommended by our Board of Directors and approved by our Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act, 2013. We may retain all future earnings, if any, for use in the operations and expansion of the business. As a result, we may not declare dividends in the foreseeable future. Our Company did not declare any dividends on the Equity Shares during the nine months ended December 31, 2025 and in Fiscals 2025, 2024 and 2023. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, profitability, free cash flow, growth plans, enhancement in the borrowing capacity, investment opportunities, statutory restrictions, contractual restrictions, and emerging trends. We cannot assure you that we will be able to pay dividends in the future. Accordingly, realization of a gain on Shareholders' investments will depend on the appreciation of the price of the Equity Shares. Further, our Subsidiary is a separate and distinct legal entity, having no obligation to pay dividends and may be restricted from doing so by law or contract, including applicable laws, charter provisions and the terms of their financing arrangements. We cannot assure you that our Subsidiary will generate sufficient profits and cash flows or otherwise be able to pay dividends to us in the future. There is no guarantee that our Equity Shares will appreciate in value. For further details, see "*Dividend Policy*" on page 255.

**55. *As a publicly listed company, we will be subject to additional compliance requirements and increased scrutiny. Some of our Directors do not have any prior experience in directorship of listed entities, which may affect our ability to meet such additional compliance requirements.***

We are not currently a publicly listed company and have not historically been subject to the increased scrutiny by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. Further, we will need to maintain and improve the effectiveness of our disclosure controls and procedures, and our internal controls over financial reporting, including keeping adequate records of daily transactions. In order to do this, significant resources and management attention will be required. While certain of our Directors are or have previously been directors on the boards of listed entities, some of our Directors do not have any prior experience of directorship in listed entities. Consequently, additional management attention may be required to ensure compliance with the requirements associated with publicly listed companies.

**56. *We have, in the last 12 months, issued Equity Shares at a price that could be lower than the Offer Price.***

We have, in the last 12 months prior to filing this Red Herring Prospectus, issued Equity Shares at a price that could be lower than the Offer Price. For further details, see “*Capital Structure – Issue of specified securities at a price lower than the Offer Price in the last year*” on page 92. The price at which Equity Shares have been issued by our Company in the preceding one year is not indicative of the price at which they will be issued or traded after listing.

**57. *Our Company will not receive any proceeds from the Offer for Sale portion.***

The Offer comprises the Fresh Issue and the Offer for Sale. The proceeds from the Offer for Sale, net of its respective share of Offer-related expenses, will be transferred to each of the Selling Shareholders, in proportion to its respective portion of the Offered Shares, and our Company will not receive any portion of the proceeds from the Offer for Sale. For more details, see “*The Offer*” and “*Objects of the Offer*” on pages 59 and 115, respectively.

## **EXTERNAL RISK FACTORS**

**58. *Subsequent to the listing of the Equity Shares, we may be subject to pre-emptive surveillance measures, such as the Additional Surveillance Measures and the Graded Surveillance Measures by the Stock Exchanges in order to enhance the integrity of the market and safeguard the interest of investors.***

Subsequent to the listing of the Equity Shares, we may be subject to Additional Surveillance Measures (“ASM”) and Graded Surveillance Measures (“GSM”) by the Stock Exchanges. These measures are in place to enhance the integrity of the market and safeguard the interest of investors and advise the investors to be extra cautious while dealing in these securities and advise market participants to carry out necessary due diligence while dealing in these securities. The criteria for shortlisting any security trading on the Stock Exchanges for ASM is based on objective criteria, which includes market-based parameters such as high low price variation, concentration of client accounts, close to close price variation, market capitalization, average daily trading volume and its change, and average delivery percentage, among others. Securities are subject to GSM when their price is not commensurate with the financial health and fundamentals of the issuer. Specific parameters for GSM include net worth, net fixed assets, price to earnings ratio, market capitalization and price to book value, among others. We may be subject to general market conditions which may include significant price and volume fluctuations. The price of our Equity Shares may also fluctuate after the Offer due to several factors such as volatility in the Indian and global securities market, our profitability and performance, performance of our competitors, changes in the estimates of our performance or any other political or economic factor. The occurrence of any of the abovementioned factors may trigger the parameters identified by SEBI and the Stock Exchanges for placing securities under the GSM or ASM framework such as net worth and net fixed assets of securities, high low variation in securities, client concentration and close to close price variation. Factors within and beyond our control may lead to our securities being subject to GSM or ASM. In the event our Equity Shares are subject to such surveillance measures implemented by any of the Stock Exchanges, we may be subject to certain additional restrictions in connection with trading of our Equity Shares such as limiting trading frequency (for example, trading either allowed once in a week or a month) or freezing of price on upper side of trading which may have an adverse effect on the market price of our Equity Shares or may in general cause disruptions in the development of an active trading market for our Equity Shares.

**59. *Changing laws, rules and regulations and legal uncertainties, including adverse application or interpretation of corporate and tax laws, may adversely affect our business, financial condition, cash flows, results of operations and prospects.***

The regulatory and policy environment in which we operate is evolving and subject to change. Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to us and our business. Such unfavourable changes could lead to new requirements, including but not limited to requiring us to obtain approvals and licenses from the GoI, RBI and other regulatory bodies. Our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy.

The GoI has passed new laws relating to social security, occupational safety, industrial relations and wages namely, the Code

on Social Security, 2020 (“**Social Security Code**”), the Occupational Safety, Health and Working Conditions Code, 2020, the Industrial Relations Code, 2020 and the Code on Wages, 2019 (collectively, the “**Labour Codes**”). The Government of India has notified the effective date of implementation of the respective Labour Codes on November 21, 2025. While the rules for implementation under these codes have not been finalized, as an immediate consequence, the coming into force of these codes could increase the financial burden on our Company, which may adversely impact our profitability. For instance, under the Social Security Code, a new concept of deemed remuneration has been introduced, such that where an employee receives more than half (or such other percentage as may be notified by the Central Government) of their total remuneration in the form of allowances and other amounts that are not included within the definition of wages under the Social Security Code, the excess amount received shall be deemed as remuneration and accordingly be added to wages for the purposes of the Social Security Code and the compulsory contribution to be made towards the employees’ provident fund. Further, in the event the requirements under CLRA Act becomes applicable to our Company, we will be required to obtain the requisite registration and ensure compliance with the requirements under the CLRA Act.

Further, the application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. For instance, the Taxation Laws (Amendment) Act, 2019, a tax legislation issued by the Ministry of Finance, GoI, prescribed certain changes to the income tax rate applicable to companies in India. According to this legislation, companies can henceforth voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the basic rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period.

Any such future amendments may affect our other benefits such as loss of minimum alternate tax carry forward, exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse orders passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

The Digital Personal Data Protection Act, 2023 (“**DPDP Act**”) provides for personal data protection and privacy of individuals, regulates cross border data transfer, and provides several exemptions for personal data processing by the Government. It also provides for the establishment of a Data Protection Board of India for taking remedial actions and imposing penalties for breach of the provisions of the PDP Act. It imposes restrictions and obligations on data fiduciaries, resulting from dealing with personal data and further, provides for levy of penalties for breach of obligations prescribed under the DPDP Act. The Ministry of Electronics and Information Technology has also recently notified the Digital Personal Data Protection Rules, 2025 (“**DPDP Rules**”), along with a timeline for effectiveness of its various provisions. The DPDP Rules regulate, among other things, the processing of personal data in India, ensuring individuals privacy rights are protected and provide an actionable framework. The DPDP Rules apply to all entities that process digital personal data, both within India and abroad. While the substantive obligations under the DPDP Rules will take effect after 18 months from the date of notification, a limited set of governance and institutional provisions have been brought into effect immediately. For details, see “*Key Regulations and Policies*” on page 208.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdiction in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

***60. Any downturn in the macroeconomic environment or slowdown in Indian economy, political or any other factors beyond our control may have an adverse impact on our business, financial condition, cash flows, results of operations and prospects.***

We are dependent on prevailing economic conditions in India and our results of operations are affected by factors influencing the Indian economy, as well as the economies of the regional markets in which we operate. These factors include interest rates, government policies, taxation, fiscal, social and ethnic instability, geopolitical and other political and economic developments affecting India. Adverse effects on the Indian economy, and consequently on our operations, may arise from several sources: macroeconomic climate changes such as increased interest rates or inflation; exchange rate fluctuations, restriction on the right to convert or repatriate currency or export assets and currency controls; scarcity of credit or other financing; prevailing income conditions among customers and corporations; public health crises such as epidemics or pandemics; volatility in trading activity on India’s stock exchanges; political instability, terrorism, or military conflict; natural or man-made disasters; regional or global economic conditions; significant regulatory or economic developments; international business practices conflicting with local laws; protectionist policies; logistical and communication challenges; downgrading of India’s sovereign debt rating; difficulties in forming partnerships with local businesses; being subject to foreign judicial processes; and any liquidity crisis affecting the fintech industry. Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, financial condition, cash flows, results of operations and prospects and the price of our Equity Shares.

Further, economic developments globally can have a significant impact on India. For instance, the global economy has been negatively impacted by the conflict between Russia and Ukraine. Governments in the United States, United Kingdom, and

European Union have imposed sanctions on certain products, industry sectors, and parties in Russia. The conflict could negatively impact regional and global financial markets and economic conditions, and result in global economic uncertainty and increased costs of various commodities, raw materials, energy and transportation. More recently, ongoing geopolitical instability in the Middle East, including recent military conflict involving Iran, Israel and the United States, could adversely affect global economic conditions, financial markets and investor sentiment. In February 2026, military strikes by the United States and Israel against Iranian targets, followed by retaliatory actions by Iran, significantly increased geopolitical tensions in the Middle East. The situation remains volatile and unpredictable, and any further escalation could adversely affect global markets, commodity prices, supply chains and investor confidence. In particular, this conflict could disrupt oil and natural gas supplies, particularly if shipping through the Strait of Hormuz is interrupted, leading to increased energy prices, inflationary pressures and adverse macroeconomic conditions. In addition, recent increases in inflation and interest rates globally, including in India, could adversely affect the Indian economy.

In case we are not able to react to adverse economic developments, sector-specific conditions and cyclical trends in a flexible and appropriate way, business, financial condition, cash flows, results of operations and prospects could be adversely affected.

***61. The locations in which we operate could experience man-made or natural disasters. The occurrence of natural or man-made disasters may adversely affect our business, financial condition, cash flows, results of operations and prospects.***

A natural disaster, severe weather conditions or an accident that damages or otherwise adversely affects any of our business operations, or our customers' business operations, could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects. Severe flooding, lightning strikes, earthquakes, extreme wind conditions, severe storms, wildfires, and other unfavourable weather conditions (including those from climate change) or natural disasters could damage our branches or require us to shut down our operations, impeding our ability to on-board new customers or collect payments from our existing customers. Further, catastrophic events such as explosions, terrorist acts, riots or other similar occurrences could result in similar consequences or in personal injury, loss of life, environmental danger or severe damage to or destruction of our branches, or suspension of our business operations. Any of these events could have an adverse effect on our business, financial condition, cash flows, results of operations and prospects.

***62. Investors may have difficulty enforcing foreign judgments in India against us or our management.***

Our Company is incorporated under the laws of India, all our Directors, Key Managerial Personnel and members of Senior Management are residents of India and all our assets are located in India. As a result, it may not be possible for investors to effect service of process on us or such persons in jurisdictions outside India, or to enforce against them judgments obtained in courts outside of India predicated upon civil liabilities on us or such directors and executive officers under laws other than Indian Law. Further, it is unlikely that an Indian court would enforce foreign judgements if that court was of the view that the amount of damages awarded was excessive or inconsistent with public policy, or if judgements are in breach or contrary to Indian law. In addition, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI to execute such a judgment or to repatriate outside India any amounts recovered.

Recognition and enforcement of foreign judgments is provided for, under Section 13 and Section 44A of the Code of Civil Procedure, 1908 ("Civil Code"). India is not party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has a reciprocal recognition or enforcement of foreign judgments in civil and commercial matters with only a limited number of jurisdictions, such as the United Kingdom, Hong Kong, Republic of Singapore, United Arab Emirates, among others. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements of the Civil Code. The Civil Code only permits the enforcement and execution of monetary decrees in the reciprocating jurisdiction, not being in the nature of any amounts payable in respect of taxes, other charges, fines or penalties. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India, such as the United States, cannot be enforced through execution proceedings in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be directly enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us, our officers or directors, the enforcement process would involve instituting a fresh proceeding in India and obtaining a decree from an Indian court. However, if a final foreign judgment has been obtained in a non-reciprocating territory, the party in whose favour such final foreign judgment is rendered may initiate a fresh suit in a competent court in India within three years of obtaining such final foreign judgment. Generally, there are considerable delays in the disposal of suits by Indian courts.

However, it is unlikely that a court in India would award damages on the same basis as a foreign court if an action were to be brought in India or that an Indian court would enforce foreign judgments if that court was of the view that the amount of damages awarded was excessive or inconsistent with the public policy in India. Further, there can be no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner. In addition, any person seeking to enforce a foreign judgment in India is required to obtain a prior approval from the RBI to repatriate any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approval would be acceptable. Such amount may also be subject to income tax in accordance with applicable law.

**63. Any adverse revision to India's debt rating could adversely affect our business.**

India's sovereign debt rating could be adversely affected due to various factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, all of which are outside our control. Any adverse revisions to India's credit ratings by international rating agencies may adversely affect our ratings, terms on which we are able to raise additional finances or refinance any existing indebtedness and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing or refinance any overseas existing indebtedness. A downgrade of India's credit ratings may occur, for reasons beyond our control such as, upon change of government tax or fiscal policy. This could have an adverse effect on our business and financial performance, ability to obtain financing for capital expenditures and the price of the Equity Shares.

**64. If inflation were to rise in India, we might not be able to increase the prices of our services at a proportional rate in order to pass the increased costs on to our customers and our profits might decline.**

Inflation rates could be volatile, and we may face high inflation in the future as India had witnessed in the past. High inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries and other operating expenses relevant to our business. Further, high inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact credit growth. Consequently, we may also be affected and fall short of business growth and profitability.

Fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our operating expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business, financial condition, cash flows, results of operations and prospects. In particular, we might not be able to reduce our costs or pass the increase in costs on to our customers. In such case, our business, financial condition, cash flows, results of operations and prospects may be adversely affected. High inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact credit growth. Consequently, we may also be affected and fall short of business growth and profitability.

While the Government of India through the RBI has previously initiated economic measures to combat high inflation rates, it is unclear whether these measures will remain in effect, and there can be no assurance that Indian inflation levels will not rise in the future.

**65. Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have a material adverse effect on the trading price of, and returns on, our Equity Shares, independent of our operating results.**

Any dividends in respect of our Equity Shares will be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend foreign investors receive. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by Equity Shareholders. You may be unable to convert Rupee proceeds into a foreign currency of your choice, or the rate at which such conversion could occur could fluctuate. In addition, our Company's market valuation could be seriously harmed by a devaluation of the Rupee if investors in jurisdictions outside India analyse its value based on the relevant foreign currency equivalent of our Company's result of operations and financial condition. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have a material adverse effect on the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

**66. Our business may be adversely affected by adverse application or interpretation of competition laws in India.**

The Competition Act, 2002, as amended ("**Competition Act**"), regulates and was enacted for the purpose of preventing practices that have or are likely to have an appreciable adverse effect on competition ("**AAEC**") in the relevant market in India and mandates the Competition Commission of India (the "**CCI**") to separate such practices. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an AAEC in India, is considered void and results in the imposition of substantial monetary penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment or provision of services, shares the market or source of production or provision of services, including by way of allocation of geographical area, type of goods or services or number of consumers in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an AAEC and is considered void.

The Competition Act also prohibits abuse of a dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of any director, manager, secretary or other officer of such company, that person shall also be guilty of the contravention and may be punished. The Competition Act was amended in April 2023 to, inter alia, increase the scope of definition of anti-competitive agreements and empower the CCI to impose penalties based on a company's global turnover.

The Competition Act aims to, among other things, prohibit all agreements and transactions which may have an AAEC in India. The Competition Act also includes provisions in relation to combinations which require any acquisition of shares, voting rights, assets or control or mergers or amalgamations, which cross the prescribed asset and turnover based thresholds, to be mandatorily notified to and pre-approved by the CCI. While certain agreements entered into by us could be within the purview of the Competition Act, the impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. In the event we pursue an acquisition in the future, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, financial condition, cash flows, results of operations and prospects. The manner in which the Competition Act and the CCI affect the business environment in India may also adversely affect our business, financial condition, cash flows, results of operations and prospects.

**67. Significant differences exist between Ind AS and other accounting principles, such as Indian GAAP, U.S. GAAP and IFRS, which investors may be more familiar with and may consider material to their assessment of our business, financial condition, cash flows, results of operations and prospects.**

The restated consolidated financial information of our Company and Subsidiary as of and for the nine months ended December 31, 2025 and as of and for the years ended March 31, 2025, 2024 and 2023, comprising the restated consolidated statement of assets and liabilities of the Company as of December 31, 2025 and March 31, 2025, 2024 and 2023, the restated consolidated statement of profit and loss (including other comprehensive income) and the restated consolidated statement of cash flows and restated consolidated statement of changes in equity for the nine months ended December 31, 2025 and for the years ended March 31, 2025, 2024 and 2023, restated consolidated statement of material accounting policies and the other explanatory information and annexures, that are derived from the audited consolidated financial statements as of and for the nine months ended December 31, 2025 and for the years ended March 31, 2025 and 2024 and the special purpose audited consolidated financial statements for the year ended March 31, 2023, prepared in accordance with Ind AS and restated in accordance with requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013 (as amended), the SEBI ICDR Regulations (as amended) and the Guidance Note on “Reports in Company Prospectuses (Revised 2019)” issued by the ICAI.

Ind AS differs in certain significant respects from Indian GAAP, IFRS, U.S. GAAP and other accounting principles with which prospective investors may be familiar in other countries. We have not attempted to quantify their impact of US GAAP or IFRS on the financial data included in this Red Herring Prospectus nor do we provide a reconciliation of our financial statements to those of US GAAP or IFRS. US GAAP and IFRS differ in significant respects from Ind AS. Prospective investors should review the accounting policies applied in the preparation of our financial statements, and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar. Prospective investors should review the accounting policies applied in the preparation of our financial statements and consult their own professional advisors for an understanding of the differences between these accounting principles and those with which they have may be more familiar. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should be limited accordingly.

**68. Financial instability in other countries may cause increased volatility in Indian financial markets.**

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial turmoil in Asia, Russia and elsewhere in the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.

Further, economic developments globally can have a significant impact on India. In particular, the global economy has been negatively impacted by conflicts between US/Israel-Iran, Israel-Palestine and Russia-Ukraine. Governments in the United States, United Kingdom, and European Union have imposed sanctions on certain products, industry sectors, and parties in Russia. These conflicts could negatively impact regional and global financial markets and economic conditions, and result in global economic uncertainty and increased costs of various commodities (including oil and natural gas), raw materials, energy and transportation. In addition, recent increases in inflation and interest rates globally, including in India, could adversely affect the Indian economy.

Moreover, the failure or abandonment of proposed or current free trade agreements and pacts by major participants, the introduction of duties and taxes on imported goods, or the implementation of other significant trade barriers can directly or indirectly impede cross-border trade, production, and demand for goods. Changes in international trade policy could lead to retaliatory actions by affected countries, resulting in “trade wars” and increased costs for globally transported goods. These increased costs may reduce customer demand for products if the parties paying the tariffs raise their prices, or trading partners may limit their trade with countries that impose anti-trade measures. Further, in 2025, in the United States, the Trump administration has continued to impose tariffs on Indian businesses as part of its “Fair and Reciprocal Plan”. These tariffs target various sectors, including steel, aluminum and other goods, aiming to address perceived trade imbalances. The tariffs have

created additional pressure on Indian exporters, particularly in the IT sector, with Indian IT companies, which have significant business in the US, facing increased costs and uncertainties. In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. Any significant financial disruption could have an adverse effect on our business, financial condition, cash flows, results of operations and prospects.

The global credit and equity markets have from time to time, experienced substantial dislocations, liquidity disruptions and market corrections. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, may implement a number of policy measures designed to add stability to the financial markets. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, future financial performance and the trading price of our Equity Shares.

These developments, or the perception that any related developments could occur, have had and may continue to have a material adverse effect on global economic conditions and financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition, results of operations, cash flows and reduce the price of the Equity Shares.

## **RISKS RELATING TO THE OFFER AND THE EQUITY SHARES**

### ***69. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.***

Certain provisions in Indian law may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of our Equity Shares at a premium to the market price or would otherwise be beneficial to the investors. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of our Company. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of our Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the SEBI Takeover Regulations. Further, in accordance with the master directions issued by the RBI from time to time, any takeover or acquisitions of control, could also require permission of RBI.

### ***70. The Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer. The determination of the Price Band is based on various factors and assumptions and the Offer Price may not be indicative of the market price after the Offer. Further, the current market price of some securities listed pursuant to certain previous issues managed by the Book Running Lead Managers is below their respective issue prices.***

The Offer Price of the Equity Shares will be determined by our Company, in consultation with the BRLMs, and through the Book Building Process. This price will be based on various factors and assumptions, as described under "Basis for Offer Price" on page 122 and may not be indicative of the market price for the Equity Shares after the Offer. The market price of the Equity Shares could be subject to significant fluctuations after the Offer, and may decline below the Offer Price. We cannot assure you that the investor will be able to resell their Equity Shares at or above the Offer Price. Our market capitalization to revenue from operations for Fiscal 2025 is [●] times at the upper end of the Price Band and [●] times at the lower end of the Price Band, and our price to earnings ratio multiple for Fiscal 2025 is [●] times at the upper end of the Price Band and [●] times at the lower end of the Price Band.

Further, there can be no assurance that our KPIs shall become higher than our listed comparable industry peers in the future. An inability to improve, maintain or compete, or any reduction in such KPIs in comparison with the listed comparable industry peers may adversely affect the market price of the Equity Shares. There can be no assurance that our methodologies are correct or will not change and accordingly, our position in the market may differ from that presented in this Red Herring Prospectus.

In addition to the above, the current market price of securities listed pursuant to certain previous initial public offerings managed by the BRLMs is below their respective issue price. For details, see "Other Regulatory and Statutory Disclosures – Price information of past issues handled by the BRLMs" on page 383. The factors that could affect the market price of the Equity Shares include, among others, broad market trends, financial performance, results of our Company post-listing, and other factors beyond our control.

**71. *The Offer Price of our Equity Shares, price-to-earnings ratio and market capitalization to total income may not be indicative of the trading price of the Equity Shares upon listing on the Stock Exchanges subsequent to the Offer and, as a result, you may lose a significant part or all of your investment.***

Our market capitalization to the multiple of total income for the nine months ended December 31, 2025 and Fiscal 2025 is [●] times and [●] times, respectively, and our price to earnings ratio (based on our restated profit for the nine months ended December 31, 2025 and Fiscal 2025) calculated at the upper end of the price band is [●] and [●], respectively. Our Offer Price, the multiples and ratios specified above may not be comparable to the market price, market capitalization and price-to-earnings ratios of our peers. Accordingly, any valuation exercise undertaken for the purposes of the Offer by our Company in consultation with the BRLMs, would not be based on a benchmark with our industry peers. The relevant financial parameters on the basis of which Price Band will be determined, have been disclosed under “Basis for Offer Price” on page 122 and shall be disclosed in the price band advertisement.

**72. *The requirements of being a publicly-listed company may strain our resources.***

We are not a publicly-listed company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI Listing Regulations which will require us, *inter alia*, to file audited annual and unaudited quarterly reports with respect to our business and financial condition. We may not be able to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies. Further, as a publicly listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management’s attention may be diverted from our business concerns, which may adversely affect our business, results of operations, financial condition and cash flows. In addition, we may need to hire additional legal and accounting staff with appropriate experience and technical accounting knowledge, but we cannot assure you that we will be able to do so in a timely and efficient manner.

**73. *If our Company does not receive the minimum subscription of 90% of the Fresh Issue, the Offer may fail.***

In the event our Company does not receive (i) a minimum subscription of 90% of the Fresh Issue on the Bid/ Offer Closing Date, and (ii) a minimum subscription in the Offer as specified under Rule 19(2)(b) of the SCRR, including through devolvement of Underwriters, as applicable, in accordance with applicable law, or if the subscription level falls below the thresholds mentioned above after the Bid/ Offer Closing Date, on account of withdrawal of applications or after technical rejections or any other reason, or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares being offered under this Red Herring Prospectus, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI ICDR Master Circular. If there is a delay beyond such timeline, our Company and every Director of our Company who is an officer in default, to the extent applicable, shall pay interest as prescribed under applicable law.

**74. *Any future issuance of our Equity Shares or convertible securities or other equity linked instruments by our Company may dilute prospective investors’ shareholding, and sales of our Equity Shares by our Promoters or any major shareholders may adversely affect the trading price of our Equity Shares.***

We may be required to raise additional capital and finance our growth through future equity offerings. Any future equity that we issue, including a primary offering, may lead to the dilution of investors’ shareholdings in us. Any future issuances of Equity Shares or the disposal of Equity Shares by our Promoters or any of our major shareholders or any other change in our shareholding structure to comply with minimum public shareholding norms applicable to listed companies in India or any public perception that such issuance or sales may occur, may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of the Equity Shares or incurring additional debt. Additionally, the disposal, pledge or encumbrance of the Equity Shares by our Promoters or any of our significant Shareholders, or the perception that such transactions may occur, may affect the trading price of the Equity Shares. There can be no assurance that we will not issue further Equity Shares or that the shareholders including our Promoters will not dispose of the Equity Shares. Any future issuances could also dilute the value of your investment in the Equity Shares.

**75. *Holder of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby suffer future dilution of their ownership position.***

Under the Companies Act, a company incorporated in India and having share capital must offer its equity shareholders, pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages prior to issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution. However, if the law of the jurisdiction that the investors are located in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise such pre-emptive rights unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a

custodian, who may sell the securities for the benefit of the investors. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional equity interests in us may be reduced.

**76. QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their bids (in terms of quantity of Equity Shares or the bid amount) at any stage after submitting a bid, and Retail Individual Bidders are not permitted to withdraw their bids after bid/Offer closing date.**

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are required to block the bid amount on submission of the bid and are not permitted to withdraw or lower their bids (in terms of quantity of equity shares or the bid amount) at any stage after submitting a bid. Retail Individual Bidders can revise or withdraw their bids at any time during the bid/offer period and until the bid/offer closing date, but not thereafter. While our Company is required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed including Allotment pursuant to the Offer within three Working Days from the Bid/Offer Closing Date or such other timeline as may be prescribed under applicable law, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Offer or cause the trading price of the Equity Shares to decline on listing. Therefore, QIBs and Non-Institutional Bidders will not be able to withdraw or lower their bids following adverse developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or otherwise at any stage after the submission of their bids.

**77. Investors may be subject to Indian taxes arising out of income arising on the sale of our Equity Shares and the dividend received on our Equity Shares.**

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. Any capital gain realized on the sale of listed equity shares on a Stock Exchange held for more than 12 months immediately preceding the date of transfer will be subject to long term capital gains in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the Stock Exchange, the quantum of gains and any available treaty relief. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of Securities Transaction Tax ("STT"). STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any capital gains exceeding ₹125,000, realized on the sale of listed equity shares on a recognised stock exchange, held for more than 12 months may be subject to long-term capital gains tax in India at the rate of 12.50% (plus applicable surcharge and cess). This beneficial provision is, inter alia, subject to payment of STT. Furthermore, any gain realized on the sale of Equity Shares held for more than 12 months, which are sold using any platform other than a recognised stock exchange and on which no STT has been paid, will be subject to long term capital gains tax in India at the rate of 12.5% (plus applicable surcharge and cess).

Further, any gain realized on the sale of our Equity Shares held for a period of 12 months or less immediately preceding the date of transfer, will be subject to short-term capital gains tax in India at the rate of 20% (plus applicable surcharge and cess), subject to STT being paid at the time of sale of such shares. Otherwise, such gains will be taxed at the applicable rates. Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India in cases where relief from such taxation in India is provided under a treaty between India and the country of which the seller is resident read with the Multilateral Instrument, if and to the extent applicable, and the seller is entitled to avail benefits thereunder. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain realised upon the sale of the Equity Shares. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source pursuant to any corporate action including dividends.

As a result, subject to any relief available under an applicable tax treaty or under the laws of their own jurisdictions, residents of other countries may be liable for tax in India as well as in their own jurisdictions on gains arising from a sale of our Equity Shares.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, inter alia, amended the tax regime, including a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, and that such dividends are likely to be subject to tax deduction at source. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

The Government of India has introduced various tax reforms through Finance Act, 2026 for the Financial Year 2027, with most of the provisions expected to come into effect from April 1, 2026. Additionally, the Government of India has enacted the Income

Tax Act, 2025 and Income Tax Rules, 2026, to repeal and replace the Income-tax Act, 1961 and Income Tax Rules, 1962 respectively with effect from April 1, 2026. While the Government of India has stated that Income Tax Act does not introduce any policy changes and has primarily been enacted as a simplified, concise, and reader-friendly legislation, there is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning, investing or trading in the Equity Shares.

We cannot predict whether any amendments made pursuant to the Finance Act would have an adverse effect on our business, results of operations, financial condition and cash flows. Unfavourable changes in or interpretations of existing laws, rules and regulations, or the promulgation of new laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

***78. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares. Accordingly, our ability to raise foreign capital may be constrained.***

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA and the rules thereunder. Under the foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain restrictions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then the prior approval of the RBI will be required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries and/or departments are responsible for granting approval for foreign investment. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness.

Shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. Further, this is subject to the shares having been held on a repatriation basis and, either the security having been sold in compliance with the pricing guidelines or, the relevant regulatory approval having been obtained for the sale of shares and corresponding remittance of the sale proceeds

Additionally, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT as consolidated in the FDI Policy with effect from October 15, 2020, and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which share a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government of India. Any such approval(s) would be subject to the discretion of the regulatory authorities. Restrictions on foreign investment activities and impact on our ability to attract foreign investors may cause uncertainty and delays in our future investment plans and initiatives. We cannot assure you that any required approval from the relevant governmental agencies can be obtained on any particular terms or at all.

The GoI may impose foreign exchange restrictions in certain emergency situations, including those where there are sudden fluctuations in interest rates or exchange rates, where the GoI experiences extreme difficulty in stabilising the balance of payments or where there are substantial disturbances in the financial and capital markets in India. These restrictions may require foreign investors to obtain the GoI's approval before acquiring Indian securities or repatriating the interest or dividends from those securities or the proceeds from the sale of those securities. There can be no assurance that any approval required from the RBI, or any other governmental agency can be obtained on any particular terms or at all.

***79. Your ability to acquire and sell Equity Shares is restricted by the distribution and transfer restrictions set forth in this Red Herring Prospectus.***

No actions have been taken to permit a public offering of the Equity Shares in any jurisdiction, other than India. As such, the Equity Shares have not and will not be registered under the U.S. Securities Act, any state securities laws or the law of any jurisdiction other than India. Further, the Equity Shares are subject to restrictions on transferability and resale. You are required to inform yourself about and observe these restrictions. We, our representatives and our agents will not be obligated to recognize any acquisition, transfer or resale of the Equity Shares made other than in compliance with the restrictions set forth herein.

***80. Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Offer.***

Our Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws and practice, certain actions in

relation to the Offer must be completed before our Equity Shares can be listed and trading of our Equity Shares may commence, including the crediting of the Investors' "demat" accounts within the timeline specified under applicable law. Further, in accordance with Indian law and practice, permission for listing of our Equity Shares will not be granted until after our Equity Shares in this Issue have been Allotted and submission of all other relevant documents authorizing the issuing of our Equity Shares. There could be a failure or delay in listing of our Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise to commence trading in our Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that our Equity Shares will be credited to investors' demat accounts, or that trading in our Equity Shares will commence, within the prescribed time periods or at all.

***81. Rights of shareholders of companies under Indian law may be different compared to the laws of other jurisdictions.***

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law may differ from shareholders' rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as a shareholder in an Indian company rather than as a shareholder of an entity in another jurisdiction.

- (3) *Our Company, in consultation with the BRLMs, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which up to 40% of the Anchor Investor Portion shall be reserved in the following manner: (a) up to 33.33% shall be reserved for domestic Mutual Funds; and (b) up to 6.67% shall be reserved for Life Insurance Companies and Pension Funds, subject to valid bids being received from domestic Mutual Funds, Life Insurance Companies and Pension Funds at or above the Anchor Investor Allocation Price. The QIB Portion will be accordingly reduced for the shares allocated to Anchor Investors. In the event of under-subscription in the Anchor Investor Portion reserved for Life Insurance Companies and Pension Funds, the unsubscribed portion shall be available for allocation to domestic Mutual Funds. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added back to the Net QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than as specified above, the balance Equity Shares available for Allotment in the Mutual Fund Portion will be added to the QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For details, see “Offer Procedure” beginning on page 404.*
- (4) *Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in the Non-Institutional Portion or the Retail Portion, would be allowed to be met with spill over from any other category or combination of categories at the discretion of our Company, in consultation with the BRLMs and the Designated Stock Exchange. Under-subscription, if any, in the Net QIB Portion would not be allowed to be met with spill-over from other categories or a combination of categories.*
- (5) *The Equity Shares available for allocation to Non-Institutional Bidders under the Non-Institutional Portion, shall be subject to the following: (i) one-third of the portion available to Non-Institutional Bidders shall be reserved for applicants with an application size of more than ₹200,000 and up to ₹1,000,000, and (ii) two-third of the portion available to Non-Institutional Bidders shall be reserved for applicants with application size of more than ₹1,000,000, provided that the unsubscribed portion in either of the aforementioned sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Bidders. The allotment to each Non-Institutional Bidder shall not be less than the minimum application size, subject to the availability of Equity Shares in the Non- Institutional Portion, and the remaining Equity Shares, if any, shall be allotted on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations. SEBI through the SEBI ICDR Master Circular has prescribed that all individual investors applying in initial public offerings, where the application amount is up to ₹500,000, shall use the UPI Mechanism. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹200,000 and up to ₹500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid cum Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs.*

Allocation to all categories, except the Anchor Investor Portion, Non-Institutional Portion and the Retail Portion, shall be made on a proportionate basis subject to valid Bids received at or above the Offer Price, as applicable. The allocation to each RIB and NIB shall not be less than the minimum Bid Lot, subject to availability of Equity Shares in the Retail Portion and the Non-Institutional Portion, respectively, and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in the SEBI ICDR Regulations. Allocation to Anchor Investors shall be on a discretionary basis in accordance with the SEBI ICDR Regulations. For further details, see “Offer Procedure” and “Terms of the Offer” beginning on pages 404 and 395, respectively.

# In terms of paragraph 64 of Indian Accounting Standard 33 Earnings per equity share, "if the number of ordinary shares outstanding increases as a result of bonus or split, the calculation of basic and diluted earnings per equity share for all periods presented shall be adjusted retrospectively. If these changes occur after the reporting period but before the financial statements are approved for issue, the per equity share calculations for those and any prior period financial statements presented shall be based on the new number of shares". Considering the provision of Indian Accounting Standard 33, figure of Basic and Diluted EPS and NAV for all the period/year have been restated considering split of equity shares of our Company approved in the Board of Directors meeting held on July 8, 2025, whereby each equity share of ₹10 was split into 10 equity shares of ₹1 each.

Anchor Investors are not allowed to withdraw their Bids after the Anchor Investor Bidding Date. RIBs bidding in the Retail Portion can revise their Bids during the Bid/ Offer Period and withdraw their Bids until Bid/ Offer Closing Date Except for Allocation to RIBs, Non-Institutional Bidders and the Anchor Investors, allocation in the Offer will be on a proportionate basis. Further, allocation to Anchor Investors will be on a discretionary basis and allocation to the Non-Institutional Investors will be in a manner as may be introduced under applicable laws.**

**Each Bidder will be deemed to have acknowledged the above restrictions and the terms of the Offer, by submitting their Bid in the Offer.**

**The process of Book Building under the SEBI ICDR Regulations and the Bidding Process are subject to change from time to time and the Bidders are advised to make their own judgment about investment through this process prior to submitting a Bid in the Offer.**

The Bidders should note that the Offer is also subject to obtaining (i) the final approval of the RoC after the Prospectus is filed with the RoC; and (ii) final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment as per the prescribed timelines in compliance with the SEBI ICDR Regulations.

For further details, see “*Terms of the Offer*”, “*Offer Structure*” and “*Offer Procedure*” on pages 395, 401 and 404, respectively.

For details in relation to filing of this Red Herring Prospectus, see “- *Filing of this Red Herring Prospectus and Prospectus*” on page 69.

## **Investor Grievances**

For mechanism for the redressal of Investor Grievances, please see “*Other Regulatory and Statutory Disclosures - Disposal of Investor Grievances by our Company*” and “*Other Regulatory and Statutory Disclosures - Mechanism for Redressal of Investor Grievances*” on pages 393 and 392, respectively.

## **Underwriting Agreement**

After the determination of the Offer Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC, our Company, each of the Selling Shareholders and the Registrar intend to enter into an Underwriting Agreement with the Underwriters for the Equity Shares proposed to be offered through the Offer. It is proposed that pursuant to the terms of the Underwriting Agreement, the obligations of each of the Underwriters will be several and will be subject to certain conditions specified therein.

*(The Underwriting Agreement has not been executed as on the date of this Red Herring Prospectus. Specific details below have been intentionally left blank and will be filled in before filing of the Prospectus with the RoC, and this portion will be applicable upon the execution of the Underwriting Agreement and filing of the Prospectus with the RoC, as applicable)*

The Underwriting Agreement is dated [●], 2026. The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

<b>Name, address, telephone number and e-mail address of the Underwriters</b>	<b>Indicative number of Equity Shares to be underwritten</b>	<b>Amount underwritten (in ₹ million)</b>
[●]	[●]	[●]
[●]	[●]	[●]
[●]	[●]	[●]
[●]	[●]	[●]

The aforementioned underwriting commitments are indicative and will be finalised after the Offer Price is determined and allocation of Equity Shares in accordance with provisions of Regulation 40(2) of the SEBI ICDR Regulations.

In the opinion of our Board of Directors (based on representations made to our Company by the Underwriters), the resources of the aforementioned Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The aforementioned Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchanges. Our Board of Directors/ IPO Committee, at its meeting held on [●], approved the acceptance and entering into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment set forth in the table above.

Notwithstanding the above table, the Underwriters shall be severally responsible for ensuring payment with respect to the Equity Shares allocated to investors respectively procured by them in accordance with the Underwriting Agreement. The extent of underwriting obligations (including any defaults in payment for which the respective Underwriter is required to procure purchasers for or purchase the Equity Shares to the extent of the defaulted amount) and the Bids to be underwritten in the Offer by each Book Running Lead Manager shall be as per the Underwriting Agreement.

<sup>#</sup>As certified by Chokshi & Chokshi LLP, Chartered Accountants, by way of their certificate dated April 25, 2026.

<sup>^</sup>Consideration was paid at the time of issuance of the respective Preference Shares.

<sup>S</sup>Pursuant to the sub-division of equity shares of face value of ₹10 to Equity Shares of face value of ₹1, as approved by our Board and our Shareholders pursuant to the resolutions each dated July 8, 2025, appropriate adjustments to the conversion ratio of the outstanding Preference Shares have been made such that each holder of the outstanding Preference Shares shall receive such number of Equity Shares that it would have been entitled to receive immediately after the occurrence of the sub-division of equity shares ("Capital Restructuring"), had the option to convert the outstanding Preference Shares been exercised immediately prior to the occurrence of such Capital Restructuring and without payment of additional consideration thereof by the holders of the CCPS.

<sup>SS</sup> On May 24, 2022, 83,422 Series A CCPS were converted into 77,243 equity shares of face value of ₹10 each at conversion ratio of 1:0.928088513821294. In order to account for the sub-division of equity shares of face value of ₹10 each to Equity Shares of face value of ₹1 each, as approved by our Board and our Shareholders pursuant to the resolutions each dated July 8, 2025, the conversion ratio has been disclosed as 1:9.28088513821294, to account for such sub-division.

<sup>SSS</sup> On May 24, 2022, 1,117,619 Series B CCPS, 524,742 Series C CCPS and 100,047 Series D1 CCPS were converted into 1,117,619, 524,742 and 100,047 equity shares of face value of ₹10 each, respectively at 1:1 conversion. In order to account for the sub-division of equity shares of face value of ₹10 each to Equity Shares of face value of ₹1 each, as approved by our Board and our Shareholders pursuant to the resolutions each dated July 8, 2025, the conversion ratio has been disclosed as 1:10, to account for such sub-division.

## 10. Details of lock-in of Equity Shares.

### (i) Details of Minimum Promoters' Contribution and lock-in for eighteen months

Pursuant to Regulations 14 and 16 of the SEBI ICDR Regulations, an aggregate of 20% of the fully diluted post-Offer equity share capital of our Company held by our Promoters are required to be provided towards Minimum Promoters' Contribution and locked-in for a period of 18 months or any other period as may be prescribed under applicable law, from the date of Allotment ("Minimum Promoters' Contribution") and our Promoters' shareholding in excess of 20% shall be locked-in for a period of six months from the date of Allotment or any other period as may be prescribed under applicable law.

As on the date of this Red Herring Prospectus our Promoters hold in aggregate 41,785,126 Equity Shares which constitutes 32.30% of the subscribed and paid-up share capital of our Company on a fully diluted basis (including Equity Shares which will result pursuant to exercise of all outstanding options that are vested as on the date of this Red Herring Prospectus under the ESOP Schemes). Out of 41,785,126 Equity Shares held by the Promoters, 19,034,156 Equity Shares are ineligible for minimum promoter contribution under Regulation 15 of the SEBI ICDR Regulations. Further, post-Offer, the shareholding of our Promoters eligible for minimum promoter contribution will be less than 20% of the post-Offer Equity Share capital of our Company, which is less than the requisite shareholding required for complying with minimum promoter's contribution, therefore, in accordance with Regulation 14 of the SEBI ICDR Regulations, six of our Shareholders have agreed to contribute towards the shortfall in Minimum Promoter's Contribution by way of their consent letters in the following manner, subject to a maximum aggregate contribution of 10% of the post-Offer paid-up equity share capital of our Company:

Name of the Shareholders	Date of the consent letter	Number of Equity Shares of face value of ₹1 each on a fully diluted basis
Ammar Sdn Bhd	August 18, 2025 read with February 27, 2026 and April 25, 2026	[●]
Vertex Ventures SEA Fund III Pte. Ltd.	August 18, 2025 read with February 27, 2026 and April 25, 2026	[●]

<sup>#</sup> All Equity Shares were fully paid-up as on the respective dates of allotment or /acquisition, as the case maybe, of such Equity Shares except equity shares issued on July 12, 2016 and May 27, 2022 which were made fully paid-up on March 17, 2017 and July 8, 2022, respectively.

<sup>\*\*</sup> Subject to finalisation of Basis of Allotment.

For details on the build-up of the equity share capital and preference capital of our Company held by our Promoters, see “- Equity share capital build-up of our Promoters” and “- Preference share capital build-up of our Promoters” on pages 93 and 94, respectively.

The Equity Shares that are being locked-in are not, and will not be, ineligible for computation of Minimum Promoters’ Contribution under Regulation 15 of the SEBI ICDR Regulations. In this regard, we confirm that:

- (i) the Equity Shares offered as part of the Minimum Promoters’ Contribution do not comprise (a) Equity Shares acquired during the three years immediately preceding the date of this Red Herring Prospectus (a) for consideration other than cash, and wherein revaluation of assets or capitalization of intangible assets was involved, or (b) Equity Shares arising pursuant to a bonus issue out of revaluations reserves or unrealized profits of our Company or from a bonus issue against the Equity Shares that are otherwise ineligible for computation of Minimum Promoters’ Contribution;
- (ii) the Minimum Promoters’ Contribution does not include Equity Shares acquired during the one year immediately preceding the date of this Red Herring Prospectus at a price lower than Offer Price;
- (iii) our Company has not been formed by conversion of one or more partnership firms or a limited liability partnership into a company and hence, no Equity Shares have been issued in the one year immediately preceding the date of this Red Herring Prospectus pursuant to conversion of a partnership firm;
- (iv) the Equity Shares held by our Promoters and offered as part of the Minimum Promoters’ Contribution are not subject to any pledge or any other form of encumbrance;
- (v) All the Equity Shares held by our Promoters are in dematerialized form; and
- (vi) Each of Ammar Sdn Bhd, Vertex Ventures SEA Fund III Pte. Ltd., Vertex Growth Fund Pte. Ltd., Vertex Growth Fund II Pte. Ltd., Ventureast Proactive Fund II and Endiya Seed Co-creation Fund, in respect of the Equity Shares offered by it for meeting the shortfall in the Minimum Promoter’s Contribution, confirms that such Equity Shares:
  - (a) have not been acquired during the three preceding years for consideration other than cash and no revaluation of assets or capitalization of intangible assets was involved in such acquisition;
  - (b) did not result in the three preceding years from a bonus issue by utilisation of revaluation reserves or unrealised profits of the Company or from a bonus issue against Equity Shares which are ineligible for minimum promoter’s contribution;
  - (c) are not subject to any pledge or any other encumbrance with any creditor;
  - (d) have not been acquired during the preceding one year at a price lower than the price at which the Equity Shares are being offered in the Offer (subject to the exceptions specified under Regulation 15(1)(b) of the SEBI ICDR Regulations); and
  - (e) are held in dematerialised form.

(ii) **Details of Equity Shares locked-in for six months**

In terms of Regulation 17(1) of the SEBI ICDR Regulations, the entire pre-Offer equity share capital of our Company will be locked-in for a period of six months from the date of Allotment in the Offer. In the event where lock-in of such pre-offer Equity share capital of our Company cannot be created, the relevant Depositories, upon instructions from our Company, shall record such Equity Shares as ‘non-transferable’ for such duration of six months from the date of

Allotment in the Offer. However, the above lock-in of Equity Shares shall not be applicable to (a) the Minimum Promoters' Contribution which shall be locked-in as above; (b) the Equity Shares allotted to the employees, whether currently an employee or not, under the ESOP Schemes prior to the Offer (“**ESOP Equity Shares**”), including any Equity Shares allotted pursuant to any bonus issue by our Company against such ESOP Equity Shares; (c) Offered Shares, which are successfully transferred as part of the Offer for Sale; and (d) the Equity Shares held by Shareholders who are VCFs, Category I AIFs, Category II AIFs or FVCIs. However, such Equity Shares shall be locked-in for a period of at least six months from the date of purchase by the VCFs or Category I AIFs, Category II AIFs or FVCI. Accordingly, since (a) period of more than six months has lapsed from the purchase of Equity Shares by Ventureast Proactive Fund, Ventureast Proactive Fund II, Endiya Seed Co-creation Fund, Trifecta Venture Debt Fund – III, Alteria Capital Fund III – Scheme A and Alteria Capital Fund II – Scheme I and Sistema Asia Fund India Ventures, who are registered as VCF, category I AIFs, category II AIFs or FVCIs, as applicable, the Equity Shares held by Ventureast Proactive Fund, Ventureast Proactive Fund II, Endiya Seed Co-creation Fund, Trifecta Venture Debt Fund – III, Alteria Capital Fund III – Scheme A and Alteria Capital Fund II – Scheme I and Sistema Asia Fund India Ventures following the Offer, will not be required to be locked-in for a period of six months from the date of Allotment.

As required under Regulation 20 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are recorded by the relevant Depository. Any unsubscribed portion of the Offered Shares offered pursuant to the Offer for Sale would also be locked-in as required under the SEBI ICDR Regulations.

(iii) **Lock-in of Equity Shares Allotted to Anchor Investors**

In terms of the SEBI ICDR Regulations, 50% of the Equity Shares Allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period 90 days from the date of Allotment and the remaining 50% shall be locked-in for a period of 30 days from the date of Allotment.

(iv) **Other requirements in respect of lock-in**

Pursuant to Regulation 21 of the SEBI ICDR Regulations, the Equity Shares held by our Promoters and locked-in for six months may be pledged only with scheduled commercial banks or public financial institutions or a Systemically Important NBFC or deposit taking housing finance companies as collateral security for loans granted by such entities, provided that such pledge of the Equity Shares is one of the terms of the sanctioned loan. Equity Shares locked-in as Minimum Promoters' Contribution for eighteen months or such other periods, as may be prescribed under the SEBI ICDR Regulations can be pledged only if in addition to fulfilling the aforementioned requirements, such loans have been granted by such banks or financial institutions for the purpose of financing one or more of the objects of the Offer. However, such lock-in will continue pursuant to any invocation of the pledge and the transferee of the Equity Shares pursuant to such invocation shall not be eligible to transfer the Equity Shares until the expiry of the lock-in period stipulated above.

In terms of Regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by our Promoters and locked-in pursuant to Regulation 16 of the SEBI ICDR Regulations for a period of eighteen months or such other periods, as may be prescribed under the SEBI ICDR Regulations, may be transferred amongst our Promoters and any member of the Promoter Group or to a new promoter, subject to continuation of lock-in applicable to the transferee for the remaining period and compliance with provisions of the Takeover Regulations. Such transferees are not eligible to transfer such transferred Equity Shares till the expiry of the lock-in period.

Further, in terms of Regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by persons other than our Promoters and locked-in pursuant to Regulation 17(1) of the SEBI ICDR Regulations for a period of six months or such other periods, as may be prescribed under the SEBI ICDR Regulations, may be transferred to any other person holding Equity Shares which are locked-in along with the Equity Shares proposed to be transferred, subject to the continuation of the lock in applicable to the transferee and compliance with the provisions of the Takeover Regulations. Such transferees are not eligible to transfer such transferred Equity Shares till the expiry of the lock-in period.

<sup>^</sup> *The pre-Offer equity share capital of our Company on a fully diluted basis has been computed (a) assuming conversion of all outstanding 5,530,455 Preference Shares of our Company into a maximum of 64,570,670 Equity Shares of face value of ₹1 each, and (b) pursuant to exercise of all outstanding options that are vested as on the date of this Red Herring Prospectus, under the ESOP Schemes.*

16. Except for the issuance of any Equity Shares (a) pursuant to exercise of options granted under the ESOP Schemes or (b) pursuant to the Fresh Issue, our Company presently does not intend or propose to alter the capital structure for a period of six months from the Bid/Offer Opening Date, by way of split or consolidation of the denomination of Equity Shares, or further issue of specified securities (including issue of securities convertible into or exchangeable for, directly or indirectly into Equity Shares), whether on a preferential basis or by issue of bonus Equity Shares or on a rights basis or further public issue of Equity Shares or otherwise.
17. Our Company, our Directors and the BRLMs have not entered into any buy-back arrangements for the purchase of Equity Shares from any person.
18. There are no partly paid up Equity Shares as on the date of this Red Herring Prospectus and all Equity Shares issued pursuant to the Offer will be fully paid up at the time of Allotment.
19. As on the date of this Red Herring Prospectus, none of the BRLMs and their respective associates (as defined under the Companies Act, 2013 and SEBI Merchant Bankers Regulations) hold any Equity Shares in our Company. We confirm that the BRLMs are not associates of our Company as per Regulation 21A of the SEBI Merchant Bankers Regulations. The BRLMs and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
20. Except for outstanding options granted pursuant to the ESOP Schemes, our Company has no outstanding convertible securities, warrants, options to be issued or rights to convert debentures, loans or other convertible instruments, which would entitle any person any option to receive Equity Shares as on the date of this Red Herring Prospectus.
21. Except for allotment of Equity Shares pursuant to (i) exercise of options granted under the ESOP Schemes, and (ii) the Fresh Issue, there will be no further issuance of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of this Red Herring Prospectus with SEBI, until the Equity Shares have been listed on the Stock Exchanges or all application monies have been refunded or unblocked, as the case may be, in the event there is a failure of the Offer.
22. There shall be only one denomination of the Equity Shares, unless otherwise permitted by law. Our Company will comply with such disclosure and accounting norms as may be specified by SEBI from time to time.
23. Except for (i) any discount that may be provided in relation to the Offer by our Company in accordance with applicable law and (ii) fees or commission for services rendered in relation to the Offer, no person connected with the Offer, including our Company, each of the Selling Shareholders, BRLMs, Syndicate Member(s), or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid.
24. Our Company shall ensure that transactions in the securities of our Company, including any transactions of Equity Shares by our Promoters and members of the Promoter Group during the period between the date of filing of this Red Herring Prospectus and the date of closure of the Offer shall be reported to the Stock Exchanges within 24 hours of such transaction.
25. As on the date of this Red Herring Prospectus, the members of the Promoter Group do not hold any Equity Shares or Preference Shares in our Company. Further, except as disclosed in “- Notes to the Capital Structure – Equity share capital build-up of our Promoters” on page 93, none of our Promoters, our Directors or their relatives have purchased or sold any specified securities of our Company, during the six months immediately preceding the date of this Red Herring Prospectus.
26. As on the date of this Red Herring Prospectus, the members of the Promoter Group do not hold any Equity Shares or Preference Shares in our Company. Further, there are no financing arrangements whereby our Promoters, our Directors and their relatives have financed the purchase, by any other person, of securities of our Company, during the period of six months immediately preceding the date of this Red Herring Prospectus.
27. Our Promoters and members of the Promoter Group shall not participate in the Offer and will not receive any proceeds from the Offer.
28. Our Company is in compliance with the provisions of the Companies Act, 2013, and the relevant rules, with respect to issuance of securities from the date of incorporation of our Company till the date of filing of this Red Herring Prospectus.

## 29. Employee Stock Option Schemes

Our Company has three ESOP Schemes, namely, Kissht Stock Option Plan – 2019, Kissht Stock Option Plan - 2021 and Kissht Stock Option Plan - 2022. All allottees under the ESOP Schemes were employees of our Company or our Subsidiary, as the case may be, at the time of grant and exercise of such options, in accordance with the ESOP Schemes. Further, all grants of ESOPs under the ESOP Schemes are in compliance with the SEBI SBEB & SE Regulations, to the extent applicable and the Companies Act. As on the date of this Red Herring Prospectus, the details of grants, exercise and lapsed options on a cumulative basis are as follows:

Pursuant to a resolution passed by the Board dated April 25, 2026 our Company has approved the utilisation of the Net Proceeds for the Object and the schedule of deployment and implementation, as set out above.

The fund deployment is based on current circumstances of our business, management estimates, prevailing market and financial conditions and other technical and commercial factors. The fund requirements and deployment of funds have not been appraised by any bank, or financial institution or any other independent agency and we may have to revise our estimates from time to time on account of various factors, such as financial and market conditions, competition, interest rate fluctuations and other external factors, which may not be within the control of our management. This may entail rescheduling the proposed utilization of the Net Proceeds (including preponing the deployment of Net Proceeds) and revising the funding requirement for a particular Object or increasing or decreasing the amounts earmarked towards any of the aforementioned Objects at the discretion of our management, subject to compliance with applicable law. Further, in the event that the estimated utilization of the Net Proceeds is not completely met in Fiscal 2027, due to the reasons stated above, the same shall be utilised in the next Fiscal, as may be determined by our Company, in accordance with applicable laws.

For further information on factors that may affect our internal management estimates for the deployment of funds towards the Objects, see “Risk Factors – Any variation in the utilization of the Net Proceeds would be subject to certain compliance requirements, including prior Shareholders’ approval” on page 36.

### Means of Finance

The fund requirements towards the Objects are proposed to be entirely funded from the Net Proceeds. Accordingly, our Company confirms that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Fresh Issue and existing identifiable internal accruals as required under the SEBI ICDR Regulations.

### Details of the Objects of the Fresh Issue

#### 1. Augmenting the capital base of our Subsidiary Si Creva, to meet its future capital requirements arising out of the growth of our Subsidiary, Si Creva's business

Our Subsidiary, Si Creva, is a NBFC-ML and is registered with the RBI under section 45 IA of the Reserve Bank of India Act, 1934, and offers a variety of unsecured personal loans to salaried and self-employed individuals for various consumption and business needs across India. For more details, see “Our Business” on page 177. Our Subsidiary, Si Creva, being an NBFC, is subject to regulations pertaining to the capital adequacy norms issued by RBI. Accordingly, our Subsidiary, Si Creva, is required to maintain a minimum capital adequacy ratio, consisting of Tier - I Capital and Tier - II Capital. The total of Tier - II Capital at any point of time, cannot exceed 100% of Tier - I Capital. The minimum capital ratio as prescribed by RBI guidelines and applicable to our Subsidiary, Si Creva, consisting of Tier - I and Tier - II Capital, cannot be less than 15% with Tier - I not being below 10% of our Subsidiary, Si Creva's aggregate risk weighted assets on-balance sheet and of risk adjusted value of off balance sheet. For further details, see “Key Regulations and Policies - Reserve Bank of India (Non-Banking Financial Company- Prudential Norms on Capital Adequacy) Directions, 2025 dated November 28, 2025 (“NBFC Prudential Norms on Capital Adequacy Directions”) on page 211. As at December 31, 2025, our Subsidiary, Si Creva,'s Tier - I capital adequacy ratio stood at 25.93% and Tier - II capital adequacy ratio was 0.76%.

The table below sets forth the details of composition of our Subsidiary, Si Creva,'s Tier – I and Tier – II Capital as at and for the nine months period ended December 31, 2025, and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 as per the audited financial statements of our Subsidiary, Si Creva:

### Capital adequacy

In accordance with the capital adequacy norms issued by the RBI, our Subsidiary, Si Creva, is required to maintain a minimum CRAR of 15% consisting of Tier – I Capital and Tier – II Capital. The following table sets forth certain details regarding our Subsidiary, Si Creva's CRAR and Tier – I Capital and Tier – II Capital ratios as at and for the nine months period ended December 31, 2025, and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023, based on the audited financial statements of our Subsidiary, Si Creva:

Particulars	As at December 31, 2025	As at March 31, 2025	As at March 31, 2024	As at March 31, 2023
CRAR (%)	26.69%	25.18%	25.77%	21.13%
CRAR – Tier – I Capital (%)	25.93%	25.18%	24.69%	19.88%
CRAR – Tier – II Capital (%)	0.76%	0.00%	1.08%	1.25%
Total borrowings to total Net Worth Ratio	1.82	1.86	1.35	1.26

Set forth below are the details of the loans sanctioned by our Subsidiary, Si Creva, as at and for the nine months period ended December 31, 2025, and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023, based on the audited financial statements of our Subsidiary, Si Creva:

Particulars	As at December 31, 2025	As at March 31, 2025	As at March 31, 2024	As at March 31, 2023
AUM (in million)	30,994.82	25,236.98	14,992.48	4,605.73
AUM Growth (in %)	22.82%	68.33%	225.52%	NA

Note: This does not include adjustments for inter-company lending between our Company and our Subsidiary, Si Creva.

Since our Subsidiary, Si Creva, continues to grow its loan portfolio, it will require additional capital in order to continue to meet applicable capital adequacy ratios with respect to its business. Our Company proposes to utilise ₹6,375.00 million of the Net Proceeds towards investing in our Subsidiary, Si Creva, for augmenting its Tier – I capital base for meeting its future capital requirements arising out of the growth of our Subsidiary, Si Creva's, business and to ensure compliance

with regulatory requirements on the capital adequacy prescribed by RBI from time to time.

While our Subsidiary, Si Creva's CRAR during for the nine months period ended December 31, 2025, and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 exceeds the regulatory thresholds prescribed by the RBI, we believe that in order to maintain our Subsidiary, Si Creva's growth rate, our Subsidiary, Si Creva will require further capital in the future in order to remain compliant with such regulatory thresholds. Our Subsidiary, Si Creva's business is dependent on its ability to raise funds at competitive rates, which in turn, depends on various factors including the credit ratings of our Subsidiary, Si Creva. Considering that the higher CRAR would positively impact the credit ratings of our Subsidiary, Si Creva, which would lower the borrowing costs thereby positively impacting our interest margins and financial condition.

Accordingly, we propose to utilise ₹6,375.00 million of the Net Proceeds towards investing in our Subsidiary, Si Creva, for augmenting its Tier – I capital base for meeting its future capital requirements arising out of the growth of our Subsidiary, Si Creva's, business and to ensure compliance with regulatory requirements on the capital adequacy prescribed by RBI from time to time.

#### *Expected benefits*

We believe that maintaining higher Tier – I Capital will help us and remain competitive with our industry peers. We anticipate that the portion of the Net Proceeds allocated towards this object will be sufficient to satisfy our Subsidiary, Si Creva's future capital requirements, which are expected to arise out of growth of our business and assets and to ensure compliance with the requirements of the RBI.

The investment by our Company in our Subsidiary, Si Creva, is proposed to be undertaken in the form of equity, in the manner determined by our Company and as permitted under applicable law, and as has been approved by our Board by way of its resolution dated April 25, 2026. The board of directors of our Subsidiary, Si Creva, has further approved that the investment received from our Company shall be utilised towards augmenting the capital base of our Subsidiary.

## **2. General corporate purposes**

Our Company proposes to deploy the balance Net Proceeds aggregating to ₹[●] million towards general corporate purposes, subject to such amount not exceeding 25% of the Gross Proceeds, in compliance with the SEBI ICDR Regulations.

The general corporate purposes for which our Company proposes to utilise Net Proceeds include capital expenditure, expenses to be incurred for information technology infrastructure, meeting ongoing business development initiatives, distribution and fulfilment network, rental and administrative expenses and expenses incurred in the ordinary course of business and any other purposes, as may be approved by our Board or a duly constituted committee thereof from time to time, subject to compliance with applicable law, including provisions of the Companies Act.

The allocation or quantum of utilisation of funds towards each of the above purposes will be determined by our Board, based on the business requirements of our Company and other relevant considerations, from time to time. Our Company's management shall have flexibility in utilising surplus amounts, if any, only to the extent that such utilisation is in accordance with applicable law.

### **Offer expenses**

The total expenses of the Offer are estimated to be approximately ₹[●] million.

Other than (A) (a) the listing fees, (b) audit fees of the statutory auditors (other than the fees paid by the Company to the auditors in relation to the Offer), and (c) expenses for corporate advertisements and branding of the Company undertaken in the ordinary course of business by the Company, i.e. any corporate advertisements consistent with past practices of the Company and not including expenses relating to marketing and advertisements undertaken in connection with the Offer, which shall be solely borne by the Company, and (B) (a) fees for counsel to the Selling Shareholders, and (b) securities transaction tax pertaining to the respective portion of the Offered Shares sold pursuant to the Offer, if any, which shall be borne solely by the respective Selling Shareholder, the Company and Selling Shareholders, severally and not jointly, agree that all the costs and expenses directly attributable to the Offer, shall be borne by the Company and Selling Shareholders, on a *pro rata* basis, in proportion to the number of Equity Shares issued and Allotted by the Company through Fresh Issue and respective portion of the Offered Shares sold by each of the Selling Shareholders through the Offer for Sale, upon listing of the Equity Shares on the Stock Exchange(s) pursuant to the Offer in accordance with Applicable Law. In accordance with Regulation 41 of the SEBI ICDR Regulations, our Company has appointed Crisil Ratings Limited as the monitoring agency for monitoring the utilisation of Gross Proceeds as the proposed Fresh Issue exceeds ₹1,000.00 million.

Our Audit Committee and the Monitoring Agency will monitor the utilisation of the Gross Proceeds and the Monitoring Agency shall submit the report required under Regulation 41(2) of the SEBI ICDR Regulations, on a quarterly basis, until such time as the Net Proceeds have been utilised in full. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay. Our Company will disclose the utilisation of the Net Proceeds, including interim use under a separate head in our balance sheet for such Fiscal periods as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, clearly specifying the purposes for which the Net Proceeds have been utilised, till the time any part of the Fresh Issue proceeds remains unutilised. Our Company will also, in its balance sheet for the applicable Fiscal periods, provide details, if any, in relation to all such Net Proceeds that have not been utilised, if any, of such currently unutilised Net Proceeds. Further, our Company, on a quarterly basis, shall include the deployment of Gross Proceeds under various heads, as applicable, in the notes to our quarterly results. Our Company will indicate investments, if any, of unutilised Gross Proceeds in the balance sheet of our Company for the relevant Fiscal periods subsequent to receipt of listing and trading approvals from the Stock Exchanges.

Pursuant to Regulation 18(3), Regulation 32(3) and Part C of Schedule II, of the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Gross Proceeds. The Audit Committee shall make recommendations to our Board for further action, if appropriate. Our Company shall on an annual basis, prepare a statement of funds utilised for purposes other than those stated in this Red Herring Prospectus and place it before the Audit Committee. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement shall be certified by the Statutory Auditors of our Company and such certification shall be provided to the Monitoring Agency. Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilisation of the Net Proceeds from the objects of the Offer as stated above; and (ii) details of category wise variations in the actual utilisation of the proceeds of the Fresh Issue from the objects of the Offer as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results and explanation for such variation (if any) will be included in our Director's report, after placing the same before the Audit Committee. Further, our Company shall, on a quarterly basis, include the deployment of Net Proceeds under various heads, as applicable in the notes to our quarterly results. Our Company will indicate investments, if any, of unutilised Net Proceeds in the balance sheet of our Company for the relevant fiscals subsequent to receipt of listing and trading approvals from the Stock Exchanges.

### **Variation in Object**

In accordance with Sections 13(8) and 27 of the Companies Act and applicable rules, and the SEBI ICDR Regulations, our Company shall not vary the objects of the Fresh Issue, including any variations in the proposed schedule of implementation and deployment of funds and the amount from the Net Proceeds proposed to be utilized towards each of the Objects, without our Company being authorised to do so by the Shareholders by way of a special resolution. In addition, the notice shall simultaneously be published in the newspapers, one in English, one in Hindi and one in Marathi, the vernacular language of the jurisdiction where our Registered and Corporate Office is situated, in accordance with the Companies Act and applicable rules. The Shareholders who do not agree to the proposal to vary the objects shall be given an exit offer, at such price, and in such manner, in accordance with our Articles of Association, the Companies Act, and the SEBI ICDR Regulations.

### **Appraising entity**

None of the objects of the Offer for which the Net Proceeds will be utilised have been appraised by any bank/ financial institution or any other independent agency.

### **Other Confirmations**

Each of the Selling Shareholders will receive its respective portion of the proceeds of the Offer for Sale. No part of the Net Proceeds will be paid by us as a consideration to any of our Promoters, the members of the Promoter Group, our Directors, Key Managerial Personnel or Senior Management Personnel.

Our Company has not entered into and is not planning to enter into any arrangement/ agreements with our Promoters, Promoter Group, Directors, Key Managerial Personnel and Senior Management Personnel in relation to the utilisation of the Net Proceeds. Further, there is no existing or anticipated interest of such individuals and entities in the objects of the Fresh Issue, as set out above.

## BASIS FOR OFFER PRICE

The Price Band and the Offer Price will be determined by our Company in consultation with the Book Running Lead Managers, on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹1 each and Floor Price is [●] times the face value and the Cap Price is [●] times the face value.

In addition to the information already disclosed in this section, Bidders should also see sections titled “*Risk Factors*”, “*Our Business*”, “*Restated Consolidated Financial Information*”, and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 18, 177, 256 and 337, respectively, to have an informed view before making an investment decision.

### Qualitative Factors

We believe that some of the qualitative factors which form the basis for computing the Offer Price are:

- **Large customer base acquired through a distinctive multi-channel acquisition strategy**
  - As of December 31, 2025, we had 63.73 million registered users and served 11.17 million customers, driven by our efficient multi-channel acquisition strategy, which combines online and offline channels.
  - The API-first architecture of our mobile application allows us to integrate with these platforms, embedding our credit solutions into high-traffic marketplaces and expanding our presence within India’s growing embedded finance ecosystem.
  - In the nine months ended December 31, 2025, our network included 52,396 active merchants facilitating credit QR-led customer acquisition.
- **Driving asset quality through advanced and comprehensive risk management**
  - Our proprietary models integrate fraud detection and credit risk assessment into a unified decision-making framework, enabling the approval of 11.20% of new applicants and 73.54% of repeat customers in the nine months period ended December 31, 2025.
  - Our collections strategy is built on insights from historical repayment patterns, application activity behavior and customer behavior, with a focus on minimizing cash-based recoveries by encouraging registration of automated clearing house mandates.
  - Our risk management framework deploys automated early warning triggers to monitor exposures in real time, with a focus on higher-risk segments and geographies.
- **Access to diversified and scalable funding sources**
  - Our AUM is built on a balanced funding framework, comprising on-book and off-book loans.
  - Our on-book lending operations have historically been funded through a mix of equity and debt financing and prudent leverage management. As of December 31, 2025, our on-book borrowings amounted to ₹20,475.17 million, with a debt to equity ratio of 1.63.
- **Scalable, cloud-native and AI-built technology platform integrated across all key functions**
  - We have adopted a technology-first approach across the entire lending lifecycle, i.e., from the initial stages of customer acquisition and digital onboarding to credit underwriting, loan disbursal, post-disbursal servicing and collections.
  - As of December 31, 2025, 331 employees (constituting 16.91% of our total employees) were engaged in product, engineering and technology-related functions.
- **Experienced founders and leadership, backed by marquee investors**
  - Our co-founders, Ranvir Singh and Krishnan Vishwanathan, has over 15 years of experience.
  - The experience of our founders in fintech businesses and calculated insights have driven our growth in digital lending. Ranvir Singh has also been recognized as the “Most Promising Business Leader of Asia 2023-24” by Times Now at the Asian Business Leaders Conclave in 2024.

Visionary founders and experienced leadership, backed by marquee investors.

## Quantitative Factors

Some of the information presented below relating to our Company is derived from the Restated Consolidated Financial Information. For details, see “*Restated Consolidated Financial Information*” and “*Other Financial Information*” beginning on pages 256 and 329, respectively.

Some of the quantitative factors which form the basis for computing the Offer Price are as follows:

### A. Basic and Diluted Earnings per equity share (face value of each Equity Share is ₹1):

Fiscal/Period ended	Basic EPS (in ₹)	Diluted EPS (in ₹)	Weight
March 31, 2025	33.09	12.79	3
March 31, 2024	41.27	15.54	2
March 31, 2023	6.26	2.50	1
<b>Weighted Average</b>	<b>31.34</b>	<b>11.99</b>	-
Nine months period ended December 31, 2025*	36.98	15.16	-

As certified by Chokshi & Chokshi LLP, Chartered Accountants pursuant to their certificate dated April 25, 2026.

\*Not annualized.

Notes:

- The face value of each Equity Share of our Company is ₹ 1.
- Pursuant to resolutions passed by our Board at its meeting dated July 8, 2025 and our Shareholders at an extra-ordinary general meeting dated July 8, 2025, each equity share of our Company of face value of ₹10 each was split into 10 shares of face value of ₹1 each. For calculation of EPS, bonus/split equity shares have been retrospectively adjusted as if the event had occurred at the beginning of the earliest period presented.
- In terms of paragraph 64 of Indian Accounting Standard 33 earnings per equity share, “if the number of ordinary shares outstanding increases as a result of bonus or split, the calculation of basic and diluted earnings per share for all periods presented shall be adjusted retrospectively. If these changes occur after the reporting period but before the financial statements are approved for issue, the per share calculations for those and any prior period financial statements presented shall be based on the new number of shares”. Considering the provision of Indian Accounting Standard 33, figure of Basic and Diluted EPS and NAV for all the period/year have been restated considering split of equity shares of our Company approved in the Board of Directors meeting held on July 8, 2025, whereby each equity share of ₹10 was split into 10 equity shares of ₹1 each.
- Weighted average = Aggregate of financial year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x weight) for each financial year divided by total of weights.
- Basic Earnings per equity share (Basic EPS): Restated Net profit after tax of our Company, divided by weighted average no. of Equity Shares outstanding (post-split) during the financial year/relevant period.
- Diluted Earnings per equity share (Diluted EPS): Restated Net Profit after tax of our Company, divided by weighted average no. of potential Equity Shares outstanding (post-split) during the financial year/relevant period. Basic and diluted earnings per equity share are computed in accordance with Indian Accounting Standard 33 notified under the Companies (Indian Accounting Standards) Rules of 2015 (as amended) read with the requirements of SEBI ICDR Regulations.
- The figures disclosed above are based on the Restated Consolidated Financial Information of our Company.

### B. Price/Earning (“P/E”) ratio in relation to Price Band of ₹[●] to ₹[●] per Equity Share:

Particulars	P/E at the Floor Price* (number of times)	P/E at the Cap Price* (number of times)
Based on basic EPS for year ended March 31, 2025	[●]	[●]
Based on diluted EPS for year ended March 31, 2025	[●]	[●]

\* To be computed after finalization of price band

### C. Industry Peer Group P/E ratio:

Based on the peer group information (excluding our Company) given below in this section, the highest, lowest and industry average P/E ratio are set forth below:

Particulars	P/E ratio
Highest	34.36
Lowest	24.70
Average	30.83

Notes:

- The industry high and low has been considered from the industry peer set out in Part G of this chapter. The industry average has been calculated as the arithmetic average P/E of the industry peer set disclosed.
- P/E Ratio has been calculated as the closing market price of equity shares on NSE as on April 24, 2026 divided by diluted EPS for year ended March 31, 2025 (except for Bajaj Finance Limited where the information presented is after taking into consideration bonus issue and stock split by retrospectively adjusting as if the event had occurred at the beginning of the period presented).
- All the financial information for listed industry peers mentioned above is on a consolidated basis and is sourced from the audited financial statements of the relevant companies for Fiscal 2025, as available on the websites of the Stock Exchanges.

#### D. Industry Peer Group Price/Book (“P/B”) ratio:

Based on the peer group information (excluding our Company) given below in this section, details of the highest, lowest and industry average P/B ratio are set forth below:

Particulars	P/B ratio
Highest	5.92
Lowest	3.39
Average	4.88

Notes:

- (1) The industry high and low has been considered from the industry peer set out in Part G of this chapter. The industry average has been calculated as the arithmetic average P/B of the industry peer set disclosed.
- (2) P/B Ratio has been computed based on the closing market price of equity shares on NSE on April 24, 2026 divided by the NAV per equity share as of March 31, 2025 (except for Bajaj Finance Limited where the information presented is after taking into consideration bonus issue and stock split by retrospectively adjusting as if the event had occurred at the beginning of the period presented).
- (3) All the financial information for listed industry peers mentioned above is on a consolidated basis and is sourced from the audited financial statements of the relevant companies for Fiscal 2025, as available on the websites of the Stock Exchanges.

<sup>#</sup> As certified by Chokshi & Chokshi LLP, Chartered Accountants pursuant to their certificate dated April 25, 2026.

\* Not Annualised

Notes:

- (1) Weighted average: Aggregate of financial year-wise weighted ROE divided by the aggregate of weights i.e. (ROE x Weight) for each financial year divided by total of weight.
- (2) Return on Average Equity (%): Restated profit after tax for the relevant period divided by restated average net worth at the end of the relevant period. Average net worth represents the simple average of net worth (excluding non-controlling interest) as at the last day of the relevant period and net worth (excluding non-controlling interest) of the last day of the preceding period. Average net worth for the nine months period is calculated as average of net worth as on the last day of the previous fiscal year (i.e., March 31, 2025 or March 31, 2024, as applicable) and net worth as on the last day of the nine months period (i.e., December 31, 2025, as applicable).
- (3) The figures disclosed above are based on the Restated Consolidated Financial Information of our Company.

#### F. Net Asset Value (“NAV”) per Equity Share

NAV per Equity Share	Amount (in ₹) <sup>5</sup>
As at December 31, 2025 <sup>#</sup>	231.84
As at March 31, 2025 <sup>#</sup>	187.58
After the Offer	
- At Floor Price	[●]*
- At Cap Price	[●]*
- At Offer Price	[●]@

\* To be computed after finalization of price band.

@ To be updated at Prospectus stage.

<sup>#</sup> Pursuant to resolutions passed by our Board at its meeting dated July 8, 2025, and our Shareholders at an extra-ordinary general meeting dated July 8, 2025, each equity share of the Company of face value of ₹10 each was split into 10 shares of face value of ₹1 each. The information presented is after taking into consideration this stock split by retrospectively adjusting as if the event had occurred at the beginning of the period presented.

<sup>5</sup> As certified by Chokshi & Chokshi LLP, Chartered Accountants pursuant to their certificate dated April 25, 2026.

Notes:

- (1) Offer Price per Equity Share will be determined on conclusion of the Book Building Process.
- (2) Net Asset Value (“NAV”) per Equity Share is calculated as Total Equity as restated on the last day of the relevant period divided by number of Equity Shares outstanding as on the last day of the relevant period.

## H. Key Performance Indicators (“KPI”)

All the KPIs disclosed below have been approved by a resolution of our Audit Committee dated April 25, 2026 and the Audit Committee has confirmed and taken on record that other than the KPIs set out below our Company has not disclosed any other KPIs to investors at any time during the three years period prior to the date of filing of this Red Herring Prospectus and have been subject to verification and certification by Chokshi & Chokshi LLP, Chartered Accountants pursuant to certificate dated April 25, 2026, which has been included in “Material Contracts and Documents for Inspection – Material Documents” on page 439.

The KPIs disclosed below have been historically used by the Company to understand and analyze its business performance and will also help in analyzing its growth in comparison to its peers.

The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Consolidated Financial Information. We use these KPIs to evaluate our financial and operating performance. Some of these KPIs are not defined under Ind AS and are not presented in accordance with Ind AS and may have limitations as analytical tools.

Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Therefore, these KPIs should not be considered in isolation or construed as an alternative to Ind AS measures of performance, liquidity, profitability or results of operation.

Our Company confirms that it shall continue to disclose all the KPIs included in this section on a periodic basis, at least once a year (or any lesser period as may be determined by the Board), for a duration of one year after the date of listing of the Equity Shares on the Stock Exchanges or till the utilisation of the Offer Proceeds as per the disclosure made in the section “Objects of the Offer” on page 115 of this Red Herring Prospectus, whichever is later, or for such other duration as required under the SEBI ICDR Regulations.

Note: All the financial information for the peer company mentioned above is sourced from the annual report / unaudited results/ investor presentations or other public filings as available for the relevant period.

Our Company does not have a direct peer for comparison that is listed. The listed industry peers above have primarily been selected considering that the listed industry peers originated loans primarily through physical lending channels (branch or store-based) and have gradually adopted technology to enhance their operations over time (*ILattice Report*). Additionally, the listed industry peers have also been selected considering that:

- Bajaj Finance Limited and Cholamandalam Investment & Finance Company Limited are leaders of the industry in which our Company operates; and
- Bajaj Finance Limited, HDB Financial Services Limited and SBI Cards & Payment Services Limited operate in a similar line of business as the Company, i.e., are NBFCs offering personal loans and/or unsecured loans, which form a significant part of their portfolio.

## ANNEXURE A

### Statement of Tax Benefits

#### STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY, ITS MATERIAL SUBSIDIARY AND THE SHAREHOLDERS OF THE COMPANY UNDER THE APPLICABLE DIRECT AND INDIRECT TAX LAWS IN INDIA

This statement of possible special tax benefits is required as per Schedule VI (Part A)(9)(L) of the SEBI ICDR Regulations. While the term '*special tax benefits*' has not been defined under the SEBI ICDR Regulations, for the purpose of this Statement, it is assumed that with respect to special tax benefits available to the Company, the same would include those benefits as enumerated in this Annexure. Any benefits under the taxation laws other than those specified in this Annexure are considered to be general tax benefits and therefore not covered within the ambit of this Statement. Further, any benefits available under any other laws within or outside India, except for those mentioned in this Annexure have not been reviewed and covered by this statement.

**Outlined below are the special tax benefits available to the Company, its material subsidiary and its shareholders under the Income-tax Act, 2025 read with rules, circulars, and notifications thereunder (hereinafter referred to as 'ITA Act, 2025'), as amended by the Finance Act 2026, i.e. applicable for Tax Year 2026-27 (Financial Year 2026-27 relevant to Assessment Year 2027-28) and presently in force in India.**

#### Under the Income-tax Act, 2025 ("ITA, 2025")

##### A. Special Direct tax benefits available to the Company

##### 1. Corporate tax rate under section 200 of ITA, 2025 (erstwhile section 115BAA of the Income Tax Act, 1961 ("IT Act, 1961)).

The company has opted for corporate tax rate of 25.168% (prescribed under section 200 of ITA, 2025 from FY 2021-22. The conditions for availing the same are specified in the notes mentioned below.

##### 2. Deduction in respect of inter corporate dividends – section 148 of ITA, 2025 (erstwhile Section 80M of the IT Act, 1961)

Up to 31st March 2020, any dividend paid to a shareholder by a company was liable to Dividend Distribution Tax ("DDT"), and the recipient shareholder was exempt from tax. Pursuant to the amendment made by the Finance Act, 2020, DDT stands abolished, and dividend received by a shareholder on or after 1st April, 2020 is liable to tax in the hands of the shareholder. The Company is required to deduct Tax Deducted at Source ("TDS") at applicable rate specified under the Act read with applicable Double Taxation Avoidance Agreement ("DTAA") (if any).

With respect to a resident corporate shareholder, a section 148 of the ITA, 2025 (erstwhile section 80M of the IT Act, 1961) has been inserted in the Act to remove the cascading effect of taxes on inter-corporate dividends during FY 2020-21 and thereafter. The section provides that where the gross total income of a domestic company in any previous year includes any income by way of dividends from any other domestic company or a foreign company or a business trust, there shall, in accordance with and subject to the provisions of this section, be allowed in computing the total income of such domestic company, a deduction of an amount equal to so much of the amount of income by way of dividends received from such other domestic company or foreign company or business trust as does not exceed the amount of dividend distributed by it on or before the due date. The "due date" means the date one month prior to the date for furnishing the return of income under section 263 of ITA, 2025 (erstwhile section 139 of the IT Act, 1961).

##### 3. Deduction in respect of additional employee cost incurred – Section 146 of ITA, 2025 (erstwhile Section 80JAA of IT Act, 1961).

The company is entitled to claim a deduction of an amount equal to thirty percent of additional employee cost incurred in the course of the business in the previous year, for three assessment years including the assessment year relevant to the previous year in which the employment is provided under section 146 of ITA, 2025, subject to the fulfilment of the prescribed conditions.

##### B. Special Direct tax benefits available to the Material Subsidiary

The following special tax benefits would be available to the Company after fulfilling conditions as per the respective provisions of the tax laws identified supra:

1. In accordance with and subject to fulfilment of conditions as laid out under Section 146 of ITA, 2025 the Company may be entitled to claim deduction of an amount equal to thirty per cent of additional employee cost (relating to specified category of employees) incurred in the course of business in the previous year, for three assessment years including the assessment year relevant to the previous year in which such employment is provided.
2. Section 148 of ITA, 2025 provides that where the gross total income of a domestic company in any previous year includes any income by way of dividends from any other domestic company or a foreign company or a business trust, there shall, in accordance with and subject to the provisions of this section, be allowed in computing the total income of such domestic company, a deduction of an amount equal to so much of the amount of income by way of dividends received from such other domestic company or foreign company or business trust as does not exceed the amount of dividend distributed by it on or before the due date. The “due date” means the date one month prior to the date for furnishing the return of income under section 263 of the ITA, 2025.

### **C. Special tax benefits available to Shareholders**

1. Dividend income earned by the shareholders would be taxable in their hands at the applicable rates. However, in case of domestic corporate shareholders, deduction under section 148 of ITA, 2025 would be available on fulfilling the conditions (as discussed above). Further, in case of shareholders who are individuals, Hindu Undivided Family, Association of Persons, Body of Individuals, whether incorporated or not, surcharge would be restricted to 15%, irrespective of the amount of dividend.
2. As per section 198 of ITA, 2025 (erstwhile section 112A of the IT Act, 1961), long term capital gains arising from transfer of an equity shares shall be taxed at 12.5% (without indexation), plus applicable surcharge and cess, subject to fulfillment of prescribed conditions. Tax shall be levied where such capital gains exceed INR 125,000.
3. As per section 196 of ITA, 2025 (erstwhile section 111A of the IT Act, 1961), short term capital gains arising from transfer of an equity share, or a unit of an equity-oriented fund or a unit of a business trust shall be taxed at 20% subject to fulfillment of prescribed conditions under the IT Act.
4. In respect of non-resident shareholders, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable DTAA, if any, between India and the relevant country subject to entitlement.

#### **Notes:**

1. The above Statement of Tax benefits sets out the special tax benefits available to the Company, its material subsidiary, and its shareholders under the tax laws mentioned above.
2. This statement does not discuss any tax consequences under any law for the time being in force, as applicable of any in the country outside India of an investment in the shares. The shareholders / investors in the country outside India are advised to consult their own professional advisors regarding possible tax consequences that apply to them.
3. If the Company opts for concessional income tax rate as per Act, surcharge shall be levied at the rate of 10%.
4. Cess @ 4% on the tax and surcharge is payable by all category of taxpayers.
5. If the Company opts for concessional income tax rate as prescribed under Section 200 of ITA, 2025 (erstwhile section 115BAA of the IT Act, 1961), it will not be allowed to claim any of the following deductions:
  - Deduction under the provisions of Section 144 of ITA, 2025 (erstwhile Section 10AA of the IT Act, 1961) (deduction for units in Special Economic Zone);
  - Deduction under sub-section (8) of section 33 of ITA, 2025 (clause (iia) of sub-section (1) of Section 32 of the IT Act, 1961) (Additional depreciation);
  - Deduction under Section 48 (Tea development account, coffee development account and rubber development account), Section 49 (Site Restoration Fund) of ITA, 2025 (Section 32AD or Section 33AB or Section 33ABA of the IT Act, 1961) (Investment allowance in backward areas, Investment deposit account, site restoration fund) ;
  - Deduction under Section 45 of ITA, 2025 (erstwhile sub-clause (ii) or sub-clause (ii) or sub-clause (iii) of sub-section (1) or subsection (2AA) or sub-section (2AB) of Section 35 of the IT Act, 1961) (Expenditure on scientific research)
  - Deduction under Section 46 or Section 47(1)(a) of ITA, 2025 (erstwhile Section 35AD or Section 35CCC of the IT Act, 1961 respectively) (Deduction for specified business, agricultural extension project)
  - Deduction under Section 47(1)(b) of ITA, 2025 (erstwhile Section 35CCD of the IT Act, 1961) (Expenditure on skill development)
  - Deduction under any provisions of Chapter VI-A other than the provisions of Section 146 of ITA, 2025 or section 148 of ITA, 2025 (erstwhile Section 80JJAA IT Act or Section 80M of the IT Act, 1961);

- No set off of any loss carried forward or depreciation from any earlier assessment year, if such loss or depreciation is attributable to any of the deductions referred above; and
  - No set off of any loss or allowance for unabsorbed depreciation deemed so under Section 116 of ITA, 2025 (erstwhile Section 72A of the IT Act, 1961), if such loss or depreciation is attributable to any of the deductions referred above.
6. Further, it was also clarified by CBDT vide circular No. 29/ 2019 dated 2 October 2019 that if the company opts for concessional income tax rate under Section 200 of ITA, 2025 (erstwhile Section 115BAA of the IT Act, 1961), the provisions of Section 206 of ITA, 2025 (erstwhile Section 115JB of the IT Act, 1961) regarding Minimum Alternate Tax (MAT) are not applicable. Further, such company will not be entitled to claim tax credit relating to MAT.
  7. The above statement of special direct tax benefits sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of shares.
  8. This Statement is intended only to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his/her own tax advisor with respect to specific tax consequences of his/her investment in the shares of the Company.
  9. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. The views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes.
  10. In respect of non-residents, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile.

#### India’s Macroeconomic Overview

**India’s GDP is projected to grow at 6.2-6.6% during 2025-2029P, driven by structural reforms, consumption, and digitalization, while global GDP remains at approximately 3% during 2025-2029**

India is projected to maintain the highest growth rate among major economies, with steady GDP growth of 6.2-6.6% from 2025 through 2029P. This sustained expansion is driven by strong domestic demand and a growing working-age population, reflecting India's economic resilience. In contrast, global real GDP decreased to 3.2% in 2025 from 3.5% in 2023, due to challenges such as higher interest rates, tighter financial conditions, and ongoing geopolitical tensions.

**India’s Nominal GDP (at current prices)**  
(US\$ T, CY19-29P)

India is expected to become the world's third-largest economy by 2029P due to its rapidly expanding population, burgeoning middle class, and increasing urbanization, which collectively fuel strong domestic demand. Furthermore, ongoing economic reforms, advancements in technology and digital infrastructure, and a youthful workforce are boosting productivity and innovation. India's strategic emphasis on manufacturing, services, and export sectors, along with rising foreign investment and deeper global economic integration, will further accelerate this growth trajectory.

#### India’s young demographics and declining dependency ratio will drive economic growth and consumption

India's dependency ratio represents the portion of dependents (people aged 0–14 years and 65+ years) to the working-age population (aged 15–64 years). This ratio has decreased from 49.2% in 2019 to 46.1% in 2025, indicating a growing working-age population. This trend, coupled with India's median age of 29.8 years (much younger than approximately 40 years in developed economies), positions the country to benefit from a significant demographic dividend. This expanding, productive workforce is leading to higher disposable incomes and increased financial independence, fueling economic growth and reshaping consumer and market dynamics.

**Age-wise population breakdown – India**  
(%, CY19-29P)

Source(s): World Bank data, International Monetary Fund, Population Pyramids, I Lattice analysis

**India’s mass-market population is projected to reach 572 million by Fiscal 2030, driven by economic expansion, urbanization, education, and employment opportunities**

India's mass-market population is showing a significant upward trend, while the modest-income group is expected to shrink. This indicates substantial economic mobility, with more Indians moving into higher income brackets. Key drivers for this shift include urbanization, rising disposable incomes, and greater access to education and technology. Within the mass-market segment, consumers earning ₹0.5-1.5 million annually account for nearly 30% of retail loan originations, significantly driven by digital channels. This concurrent growth in demand and population makes the mass-market a critical focus for digital lenders and FinTechs in India's evolving financial sector.

**Formalization of India’s economy through GST, digitization and social security platforms has increased tax revenues, workforce inclusion, and sustainable growth**

India's economy is increasingly formalizing, transitioning from informal activities to a more structured framework. This shift is driven by reforms like GST implementation, widespread digitization, and expanded social security platforms (e.g., EPFO, E-Shram). Since GST's rollout, total collections have nearly doubled, from ₹11 trillion in Fiscal 2020 to ₹22 trillion in Fiscal 2025, supported by approximately 15 million active taxpayers. ITR filings increased from 58 million in Fiscal 2021 to 73 million in Fiscal 2025, driven by improved digital access and simplified e-filing processes. Under the Digital India Land Records Modernization Programme (DILRMP), nearly 99% of land records have been digitized, covering more than 0.65 million villages across the country. EPFO net subscribers also significantly increased, by 11 million in Fiscal 2019, 16 million in Fiscal 2024 and 14 million in Fiscal 2025. These developments enhance transparency, improve tax compliance, and extend social protections, fostering inclusive growth and transforming the Indian economy.

India's insurance market now includes 73 insurers, comprising 26 life, 25 general, and several health and reinsurance providers,

catering to a diverse customer base. The total life insurance premium has grown significantly, rising from ₹3.3 trillion in Fiscal 2015 to ₹8.7 trillion in Fiscal 2025 similarly, non-life insurance also increased from ₹0.8 trillion in Fiscal 2025 to ₹2.9 trillion in Fiscal 2024. However, many villages continue to lack adequate insurance infrastructure, making it difficult for rural families to access insurance offices or engage with agents.

**India's urban population share is set to rise from 37% in 2025 to 40% in 2029P, still at an early stage, offering a long-term potential**

India's growing urban population is expected to drive consumption, fuel premiumization, and meet rising demand for upgraded lifestyles and modern amenities. Although Indian urbanization is rising, it remains significantly lower than major economies where urbanization levels are above 70-80% indicating India's urbanization journey is at an early stage with substantial long-term potential.

**Government reforms like Aatmanirbhar Bharat, PLI, Make in India, digital expansion, higher capital expenditure, rising FDI, and financial inclusion are driving India's economic growth**

India's economic growth is propelled by key reforms and initiatives. Programs like Aatmanirbhar Bharat and Production Linked Incentive (PLI) schemes promote self-reliance and boost manufacturing and export competitiveness. Make in India and Digital India have attracted investment, expanded digital infrastructure, and revitalized the MSME sector. The Fiscal 2025-2026 Union Budget allocated ₹11.21 trillion to capital expenditure, emphasizing infrastructure. Rising FDI inflows have supported job creation and exports. Furthermore, financial inclusion has significantly advanced, with PMJDY accounts growing from 147.2 million in Fiscal 2015 to 550.2 million by Fiscal 2025.

**MSME registrations on Udyam increased from 2.8 million in Fiscal 2021 to 62.0 million by Fiscal 2025, contributing to India's economic growth by creating jobs, enhancing production and driving innovation and exports**

India's Micro, Small, Medium Enterprises (MSMEs) are the economy's backbone, contributing approximately 30% of GDP and approximately 45% of manufacturing output, employing over 110 million people. They're crucial for supporting large industries, fostering industrial clusters, and driving innovation and entrepreneurship, especially in smaller cities and rural areas, promoting equitable growth. The digital transformation of MSMEs is accelerating through platforms like the Udyam portal and FinTech solutions, enhancing access to credit, markets, and government support. As of January 2026, the PM Vishwakarma scheme saw 3.0 million registrations. MSME registrations on Udyam increased to 62.0 million in Fiscal 2025 from 2.8 million in Fiscal 2021. Additionally, initiatives like Open Credit Enablement Network (OCEN) and Open Network for Digital Commerce (ONDC) connect lenders with digital marketplaces and allow buyers or sellers to transact across platforms, reducing dependence on dominant marketplaces for MSMEs. These advancements are formalizing the sector and empowering small businesses to scale, contributing significantly to India's economic development.

**India's new-age consumers are tech-savvy and increasingly prefer purchasing products and services through online platforms due to low-cost data and the widespread adoption of broadband connectivity**

India's digitally native customer base is steadily growing, with internet penetration at 55% and smartphone penetration at 85%

in 2025, projected to reach 86-90% by 2029P. This expansion is fueled by greater internet accessibility, widespread smartphone use, and improved rural connectivity, leading to deeper digital engagement across communication, commerce, education, and entertainment sectors. The integration of the JAM Trinity (Jan Dhan, Aadhaar, and Mobile) with the India Stack, supported by FinTech innovations and government initiatives like Digital India and BharatNet, has significantly advanced financial inclusion and digital credit delivery nationwide, ensuring secure, accessible, and widespread financial services.

India's digital transformation is vividly reflected in its e-commerce sector, growing at a 19% CAGR and making India the world's second-largest online shopper market. This growth is boosted by surging digital payments, with transaction values climbing from ₹1,414 trillion in Fiscal 2023 to over ₹2,330 trillion in Fiscal 2025. Consumers increasingly prefer online shopping for its convenience, diverse products, and instant access. These trends highlight India's rapidly advancing digital economy, supported by a mobile-first, tech-savvy user base.

India boasts the lowest data cost globally at US\$ 0.16 per GB, significantly less compared to US\$ 6.00 per GB in the USA. This affordability is due to proactive regulatory policies promoting accessible digital services and a highly competitive telecom market.

**Digital transformation journey of India’s financial sector**

India's banking and financial sector is swiftly adopting technology for more efficient digital services. Rising financial and digital literacy is empowering users to confidently embrace various digital payment methods, including real-time bank-integrated payment systems, internet and mobile banking, Point-of-Sale (PoS) terminals, UPI and Mobile wallets. This integration of financial services with Digital Public Infrastructure (DPI) has significantly boosted the speed and reach of digital financial services nationwide.

**Digitalization has accelerated government service delivery and bureaucratic efficiency by enhancing transparency through real-time tracking and expanding inclusive digital infrastructure**

Digitalization has streamlined government processes and enhanced bureaucratic efficiency by reducing paperwork and manual workflows, enabling faster service delivery in tax filing and pension management, etc., through initiatives like Digital India, Aadhaar, eKYC, DigiLocker, UMANG, and e-Office. Transparency and accountability have increased through real-time tracking and secure digital records, minimizing corruption and delays. Platforms like e-Office brought flexibility and continuous functioning even during crises like the pandemic. In Fiscal 2025, India’s digital economy contributed approximately 13.4% to

the GDP and is projected to reach approximately 20% by Fiscal 2030. Furthermore, the expansion of inclusive digital infrastructure and citizen-centric platforms has improved access to public services, especially in underserved rural regions, bridging critical service delivery gaps.

**As of December 2025, UPI transaction volume stood at 21.63 billion with a value of ₹27.96 trillion, driven by real-time integration of payment systems, increased number of 5G device usage and affordable internet access**

Real-time payment systems directly integrated with banking infrastructure enable instant, secure, and transparent transactions by eliminating intermediaries and reducing processing times. These systems have transformed how money moves, providing seamless fund transfers and faster settlements through internet banking and UPI. In India, this is supported by rapid internet growth, with 415 million 5G devices in 2025 and 4G networks covering nearly 99% of the population, driven by affordable smartphones, low-cost data and government initiatives like Digital India that have expanded access and improved digital literacy nationwide.

**The Account Aggregator (AA) framework is revolutionizing digital finance by enabling secure, consent-based data sharing across institutions, driving inclusive, efficient and transparent access to financial services**

India's AA framework is a pivotal digital infrastructure that lets individuals securely share financial data across institutions with full consent. As of December 2025, over 252 million users have linked accounts, enabling data access from more than 2.6 billion financial accounts across over 750 regulated entities. The ecosystem has processed over 140 million consent requests, growing 13% monthly, with 7-8% of Indians now actively using AAs. This framework is transforming digital finance by simplifying lending, improving product access, and driving FinTech innovation, making financial services more inclusive, efficient, and transparent.

**Overview of credit landscape in India**

**With credit-to-GDP at just approximately 97%, India has significant room for credit penetration and expansion, in comparison to developed economies**

India's credit-to-GDP ratio stood at approximately 97% in Q32025 and remains significantly lower than mature economies like the USA (approximately 140%) and China (approximately 201%). Though very similar to Brazil, India's gap highlights meaningful headroom for credit penetration driven by rising consumption, digital adoption, and formalization.

**Overall credit to GDP ratio**

This creates a long growth runway for tech-led NBFCs like Kissht, Moneyview, KreditBee and Fibe that are focused on credit-active and underserved customers. As conventional lenders remain cautious, tech-led NBFCs can capture market share through alternative data, embedded finance, and fully digital journeys.

**Stable policy rates have fostered predictability in the credit environment, and the recent easing cycle, post Q3Fiscal 2026, signals a clear inflection point for growth**

India has entered a sustained phase of nominal inflation, with CPI being the lowest since February 2019. This combined with stable to gradually softening interest rates, has created a predictable and supportive macroeconomic environment for borrowers and lenders alike. Historically, inflation has remained within the RBI's target band, reinforcing confidence in monetary policy continuity. In line with this trend, the RBI maintained the repo rate at 6.50% from Q2Fiscal 2024 through Q3Fiscal 2025, ensuring a stable credit environment and enabling informed borrowing decisions. The RBI began easing rates in Q4Fiscal 2025, first to 6.25%, then to 5.90% in Q1Fiscal 2026, and further to 5.25% in Q3Fiscal 2026 to spur credit growth, sustain economic momentum, and inject liquidity into the financial system.

**RBI repo rate**  
(%, Q2FY24 – Q3FY26)

Lower rates will ease funding pressures, improve credit access for NBFCs, and drive demand across retail and commercial lending, with strong growth expected in consumption-led and property-backed loans. Additionally, the RBI has come out with guidelines on a regular basis to support the growth of lending via NBFCs and digital first lenders. Consumers will benefit through improved access to formal credit at attractive rates, aiding discretionary spending and asset creation.

**India's systemic credit grew from ₹138 trillion in Fiscal 2020 to ₹242 trillion in Fiscal 2025, registering a compound annual growth rate (CAGR) of 12% over the past five years**

Systemic credit growth reflects sustained momentum across retail and enterprise segments, driven by improved asset quality, regulatory reforms, and deeper formal finance penetration. Bank and NBFC credit reached ₹212 trillion in Fiscal 2025, accounting for most of systemic credit.

### Systemic credit (INR T, FY20-30P)

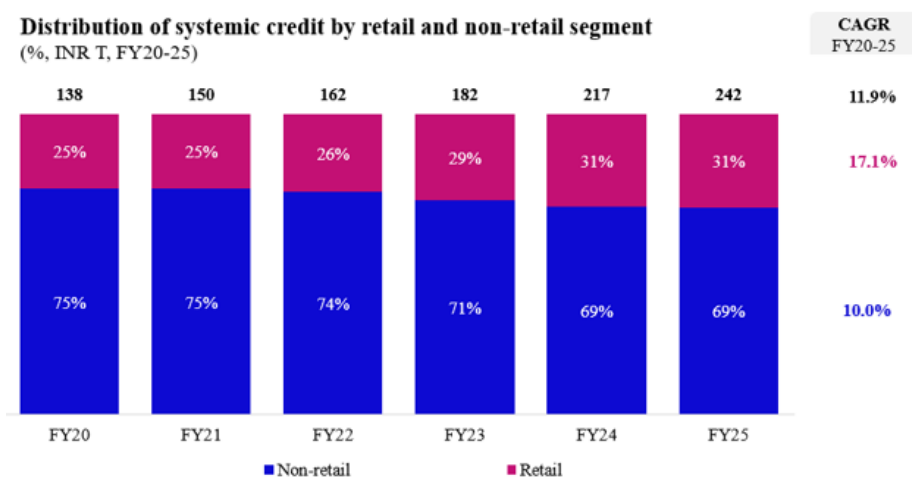

Note(s): Systemic credit includes domestic banking credit (after deduction of bank lending to NBFC), NBFC credit, commercial papers, external borrowings, corporate bonds excluding those issued by Banks and NBFC

Overall, credit demand is expected to grow at a 15% CAGR to ₹488 trillion by Fiscal 2030, driven by deeper bond markets, financial inclusion, digitization, rising consumption, and expansion by NBFCs/FinTechs. MSMEs' formalization, urbanization, and government schemes will further support growth. India's credit market is shifting towards retail lending, driven by changing consumption patterns, improved access, and rising demand for small-ticket loans. From Fiscal 2020 to Fiscal 2025, retail share rose from 25% to 33%, while non-retail (corporate, infrastructure, agriculture and MSMEs) declined from 75% to 67%.

### Retail credit landscape

**Retail credit is expected to reach approximately ₹201 trillion by Fiscal 2030; NBFCs are positioned to play a central role in expanding access to formal credit for the mass-market segment**

The rising share of retail credit is underpinned by rapid expansion across various asset classes, including housing finance, vehicle loans, gold loans, education loans, personal loans, credit cards, and microfinance. The year Fiscal 2024 alone witnessed 28% growth in retail lending, driven by robust demand in housing, auto, and consumption-linked segments such as credit cards and personal loans.

**Retail systemic credit Banks vs NBFCs**  
(INR T, FY20-30P)

Source(s): RBI, IILattice analysis

Retail credit momentum signals a structural shift, with banks and NBFCs targeting individuals to diversify risk, boost margins, and tap into underpenetrated markets. The segment is expected to grow at an approximately 22% CAGR between Fiscal 2025-2030, driven by formalization, digitization, and rising consumer aspirations. NBFCs' retail credit is projected to grow over 6x from ₹7 trillion in Fiscal 2020 to ₹46 trillion by Fiscal 2030, highlighting their growing role in meeting India's evolving credit needs. As India shifts to a consumption-led economy, NBFCs are well-positioned to expand formal credit, supported by rising disposable incomes, digital adoption, and policy stability.

**Consumption in India is increasingly credit-led, reflected in rising household credit-to-GDP**

India's retail lending sector is witnessing accelerated growth yet remains significantly underpenetrated compared to developed economies. India's household credit-to-GDP rose from 41.5% in 2021 to 45.56% in Q3 2025, but remains well below the USA (68.0%) and UK (73.9%), indicating substantial headroom for expansion.

**Household credit-to-GDP ratio**  
(%, CY21-Q3CY25)

Source(s): BIS, IILattice analysis

India's credit penetration remains modest among emerging markets, clearly indicating that India offers significant headroom for growth, especially in retail and MSME lending. This presents a strong opportunity for technology-led FinTech platforms to capitalize on this gap through faster and more inclusive credit delivery. Government-led initiatives such as credit guarantee schemes, along with robust digital infrastructure, data-driven underwriting, and scalable distribution, provide significant opportunities to capture value in this high-growth, underserved segment and deliver strong returns.

**The mass-market segment, a core focus for NBFCs and new-age FinTechs, is expected to offer ₹77 trillion retail credit opportunity by Fiscal 2030**

India's household income landscape is segmented into three tiers: upper segment (> ₹1.5 million), mass market (₹0.5–1.5 million), and lower segment (< ₹0.5 million). The upper segment accounts for 12% of households in Fiscal 2025, rising to 18% by Fiscal 2030. The mass market, representing India's emerging middle class, is aspirational, digitally connected, and underpenetrated in credit access. The lower segment, while shrinking, remains a sizeable base with unmet needs.

**India's credit pyramid by household**  
(FY25-30P)

Source(s): ILattice analysis

Retail credit in the mass market segment presents a sizeable opportunity as conventional players focus more on upper income affluent segment due to product gaps and underwriting challenges. The mass market's share is projected to expand from 31% in Fiscal 2025 to 37% in Fiscal 2030, indicating upward income mobility. Retail credit outstanding is projected to grow from ₹34.9 trillion to ₹95.4 trillion (upper segment), ₹31.9 trillion to ₹77.4 trillion (mass-market), and ₹12.7 trillion to ₹28.2 trillion (lower segment) from Fiscal 2025 to Fiscal 2030, highlighting broader financial inclusion and deeper credit penetration across income groups.

Upper segment households typically operate in the larger ticket size credit category, primarily driven by long-term home loans. This segment represents ₹95.4 trillion credit opportunity by Fiscal 2030, growing at a 22% CAGR. It is predominantly served by private and foreign banks (e.g., HDFC Bank, ICICI Bank, HSBC), offering premium credit, investment, and wealth products aligned to this customer profile. Their high creditworthiness aligns with conventional banking norms and is a difficult segment to attract for NBFCs and new-age lenders.

The mass-market segment remains the largest and fastest-growing cohort in India, driven by population growth and rising aspirations. While some conventional NBFCs cater partially to this segment, the mass market segment has historically been underserved by banks and conventional financial institutions due to a lack of tailored products and insufficient credit information to undertake effective credit assessments. This has opened significant opportunities for digital-first players (like Kissht, Moneyview, etc.), that offer faster and more accessible credit solutions. Sensing this opportunity, many digital players have entered the market to cater to this segment, resulting in improved products and technology creating a better end user experience.

While parts of the lower-income segment are credit-active through informal or micro-credit, many remain underserved. Microfinance institutions, FinTech-led embedded finance, and BC partnerships continue to bridge this gap. As India's income pyramid shifts upward, banks will deepen penetration among upper-income groups, while NBFCs and FinTechs will drive inclusion for mass-market and lower-income households.

### Mass market retail credit growth factor (INR T, FY25-30P)

Source(s): RBI, 1Lattice analysis

The mass market retail credit outstanding is expected to grow from ₹31.9 trillion in Fiscal 2025 to ₹77.4 trillion by Fiscal 2030, an increase of ₹45.5 trillion. This growth will be driven by the following two key factors:

**Increase in segment size:** With more people entering formal jobs and moving up economically, the share of mass market individuals is expected to rise from 31% in Fiscal 2025 to 37% in Fiscal 2030. This shift will contribute a supporting portion of the overall retail credit outstanding growth.

**Increase in average credit demand per person:** Higher consumer aspirations and rising digital adoption are leading to greater demand for credit. This shift will contribute a significant share to the overall retail credit outstanding growth, supported by larger loan sizes and broader credit usage.

**Retail credit is a key growth driver, fuelled by evolving demographics, tech-savvy youth, and continuous innovation by lenders and regulatory support**

**Retail credit growth is widespread across India, driven by emerging states and semi-urban markets**

Retail credit growth is witnessing strong, broad-based momentum across India, pointing to a widespread and sustainable

opportunity. While traditionally dominant states like Maharashtra, Tamil Nadu, and Karnataka continue to contribute significantly, emerging markets such as Telangana, Uttar Pradesh, Bihar, and Rajasthan are growing rapidly at 20–25% CAGR (Fiscal 2020–2025).

Source(s): I.Lattice analysis

Semi-urban and rural areas are key growth drivers. NBFCs have increased their rural share from 18% to 22% and command 45% of < ₹0.1 million loans. In semi-urban areas, they hold a 26–28% share in ₹0.1–0.5 million loans, reflecting the shift toward underserved regions in driving retail credit demand.

### India’s NBFC sector is driving growth through faster disbursements, deeper market penetration, digital innovation, and regulatory support

NBFCs are emerging as key financial enablers, addressing credit needs in underserved markets and among borrowers seeking efficient credit solutions. Their agility, digital-first approach, and customer insight enable them to offer flexible products like personal loans and Loan against property (LAP), bridging critical gaps. NBFCs are expanding into rural and semi-urban areas through physical networks and cash flow-based lending, while leveraging FinTech partnerships for data-driven decisions and co-lending models. Supported by a favourable regulatory environment and rising credit demand, NBFCs continue to strengthen their role in India’s credit ecosystem.

### At approximately ₹6 trillion, NBFCs contribute to 23% of the overall personal loans and LAP market in Fiscal 2025

NBFCs account for 25% of personal loans and 21% of LAP credit outstanding in Fiscal 2025, with NBFCs’ book across both segments projected to grow at a CAGR of over 30%. This reflects rapid expansion, particularly within the mass-market segment, the core target for new-age lenders and FinTechs.

Demand for unsecured products such as personal loans and LAP continues to rise, driven by demographic shifts, a growing young and tech-savvy population, and evolving consumer preferences. Improved financial literacy has further supported adoption. Consumers and small businesses increasingly use unsecured credit for consumption, working capital, or expansion, while secured products like LAP are also witnessing growing demand, underscoring rising credit appetite across segments.

NBFCs are key drivers of retail credit growth, particularly in high-velocity segments like unsecured personal loans and LAP. As on Fiscal 2025, NBFCs hold ₹3.6 trillion in personal loans and ₹2.5 trillion in LAP, both expected to grow at 30-32% CAGR through Fiscal 2030. Their strong presence in Tier 2 and 3 markets, coupled with fast disbursements, flexible underwriting, and focus on underserved borrowers, enables deeper penetration across semi-urban and urban regions. With structural demand tailwinds and a differentiated operating model, NBFCs are well-positioned to capture the next phase of credit expansion.

**NBFCs are driving inclusive credit expansion through flexibility, reach, and FinTech partnerships**

NBFCs, while holding a stable 18-19% share of systemic credit, have built a strong presence across personal loans, consumer durable finance, gold loans, business loans, and LAP. Their flexibility, speed, and risk appetite enable them to serve both borrowers with bank access seeking faster disbursement and traditionally underserved segments, including self-employed individuals and Tier 2-4 city borrowers.

Despite fluctuations in funding and regulatory tightening, NBFCs have maintained a resilient presence, complementing banks in India’s retail credit landscape. Banks bring scale and efficiency, while NBFCs offer granularity and last-mile reach. Increasingly, FinTech partnerships with banks and NBFCs, backed by government-led digital inclusion initiatives, are driving further credit expansion. These collaborations leverage tech-driven underwriting alongside NBFCs’ geographic reach and flexible products, enabling faster and more inclusive lending.

**FinTech platforms are emerging as key distribution channels for banks and NBFCs, enhancing credit access and delivering mutual benefits**

Lenders are increasingly partnering with FinTech platforms to leverage their technological capabilities across loan origination, credit assessment, and disbursement, resulting in faster turnaround times and improved efficiency. These collaborations help lenders expand their reach and enhance productivity, while consumers benefit from quicker, more affordable credit access.

FinTechs use advanced data analytics to better target and classify borrowers and have simplified the loan journey through digitization, making credit access seamless for both new and existing customers. As a result, FinTechs have become the preferred choice for digitally native, consumption-driven borrowers. NBFCs have built a strong unsecured loan book through such partnerships.

### Rise of PL and LAP: Core drivers of retail credit expansion

India’s lending market growth is driven by deeper credit penetration, rising borrower acceptance, and retail lending’s role in financial inclusion. Personal loans grew from ₹6.5 trillion in Fiscal 2020 to ₹14.7 trillion in Fiscal 2025 and are projected to reach ₹36.5-39.6 trillion by Fiscal 2030, supported by strong demand and digital distribution. Loans against property rose from ₹5.3 trillion to ₹12.3 trillion, expected at ₹30.6-33.2 trillion by Fiscal 2030, driven by stable demand from self-employed and small businesses.

### Personal loans

India’s personal loan market has grown significantly in recent years, driven by technology, changing consumer preferences, and rising competition. Increased financial literacy and mass-market expansion have further supported this momentum.

**India’s personal loan portfolio stood at approximately ₹14.7 trillion in Fiscal 2025 and is expected to reach ₹36.5-39.6 trillion by Fiscal 2030**

India’s personal loan market grew from ₹6.5 trillion in Fiscal 2020 at approximately 18% CAGR (Fiscal 2020–Fiscal 2025), driven by rising demand for unsecured credit and deeper reach across urban and semi-urban segments. It is projected to reach ₹36.5-39.6 trillion by Fiscal 2030 at approximately 20-22% CAGR due to greater participation from FinTechs and NBFCs, digital penetration, AI-led underwriting, and a shift towards instant, collateral-free credit.

### Digital innovation and alternative data underwriting are propelling personal loans as a major growth contributor within retail credit

Advanced underwriting using alternative data has enabled inclusive lending, while strong bureau infrastructure manages risk. With continued support from regulation and digital-savvy borrowers, the segment is set for double-digit growth through the decade’s end.

## Key growth drivers

## FinTechs and NBFCs are unlocking untapped demand, fueling rapid growth in personal loans

India's personal loan market grew at 18% CAGR between Fiscal 2020-Fiscal 2025 due to rising demand and changing borrower behaviour. Personal loan originations more than doubled in value and tripled in volume, driven by deeper reach in smaller towns and higher adoption of short-tenure and small-ticket. Tenures typically range from 12-60 months, with 24-36 months most common. Loans under 12 months and small ticket size (<₹0.1 million) remain key offerings from FinTechs and NBFCs.

## NBFCs strengthened their lead in low-ticket, high-volume lending, with personal loan share rising from 22% to 37% by value and 80% to 91% by volume between Fiscal 2020-2025

NBFCs grew their share in personal loan originations from 22% in Fiscal 2020 to 37% in Fiscal 2025. In contrast, private banks' share declined from 42% to 29%, while public sector banks fell from 48% during COVID to 30% by Fiscal 2025. Key NBFCs like Bajaj Finance, Cholamandalam Investment and Finance, HDB Financial and others have expanded aggressively in the personal loans space.

**Small-ticket loans grew 30% CAGR in volume gaining traction via NBFCs and FinTechs but formed only 10% of value, while high-ticket loans maintained a 70%+ value share despite slower growth**

Small-ticket personal loans (< ₹20,000 and ₹20K–0.1 million) have seen strong adoption through FinTechs and NBFCs, with origination volumes growing at 30% CAGR (Fiscal 2020-2025). However, value share remains modest at 5% each, up from 3% in Fiscal 2020, despite steady growth.

Source(s): Equifax, 1Lattice analysis

NBFCs maintained over 90% value share in < ₹20,000 loans between Fiscal 2020-2025. Private banks' share briefly rose from 2% in Fiscal 2020 to 6% in Fiscal 2024, returning to 2% in Fiscal 2025. NBFCs lead with approximately 88% share in < ₹0.1 million loans, while the ₹0.1-0.2 million segment is now shared by NBFCs, PSU, and private banks. Tech-led NBFCs like Kissht, Moneyview, etc. have expanded their presence in the ₹20K-0.1 million category, growing from 8% in Fiscal 2020 to 12% in Fiscal 2025, with volumes rising from 5.6 million to 20 million.

**The personal loan product has shown improved asset quality on appropriate risk-based pricing, delivering sustainable and attractive unit economics**

From Fiscal 2020 to Fiscal 2025, NBFCs improved asset quality, reducing GNPA from 2.8% to 1.9%. This reflects better credit checks, stronger collection efforts, more focussed approach to lending and enhanced ability to manage diverse customer segments. During the same period overall GNPA was marked by a challenging credit environment, with elevated risk costs and macroeconomic uncertainties; however, portfolios with high quality customer profiles demonstrated relatively stable performance

NBFCs have improved asset quality in < ₹0.1 million loans despite economic challenges. GNPA in < ₹20,000 loans fell from 16.5% in Fiscal 2021 (Covid peak) to 6.9% in Fiscal 2025, while ₹20K-0.1 million loans improved from 4.5% to 2.5%, driven by stronger underwriting and digital monitoring. This reinforces NBFCs' ability to scale responsible lending in underserved segments. For loans > ₹0.5 million, GNPA stood at 0.9% in Fiscal 2025, nearly matching private banks at 0.5%, highlighting NBFCs' efficiency in managing both small and large-ticket loans.

### Targeted RBI measures signal caution on aggressive digital lending and unsecured credit growth

In response to the rapid growth in unsecured retail lending and concerns over borrower overleveraging, the RBI introduced regulatory changes in November 2023, raising risk weights on consumer credit to 125% from 100% (excluding housing, education, vehicle and gold backed loans). In practical terms, this means NBFCs are now required to set aside more capital for the same level of unsecured lending, directly impacting how fast balance sheets can grow. With NBFCs required to maintain a minimum Capital Adequacy Ratio (CRAR) of 15%, the higher risk weight automatically raises the capital intensity of unsecured portfolios, reinforcing the RBI's intent that rapid digital lending growth must be supported by stronger capital buffers and more disciplined risk management. The impact was swift—personal loan origination growth slowed from 38% in Fiscal 2023, 18% in Fiscal 2024 to -2% in Fiscal 2025. However, in a partial rollback, the RBI reversed the additional risk weights on bank exposures to NBFCs. From April 1, 2025, these exposures will be risk-weighted solely based on the NBFC's external credit rating, easing capital requirements and aiding a moderate revival in credit flows, especially to well-rated NBFCs.

### High leverage, asset quality pressure, and policy uncertainty pose emerging risks in unsecured lending

The rapid growth of India's personal loan segment, while expanding credit access, has raised concerns over emerging systemic and borrower-level risks, including:

**High leverage among borrowers** due to easy access to digital credit and BNPL, leading to overleveraging among low-to-mid income borrowers.

**Asset quality pressure for lenders** as the rise in low-ticket, unsecured loans by NBFCs and FinTechs increases default risks if underwriting is weak or macro conditions worsen.

**Mis-selling and overleveraging via digital platforms** via instant approvals, unclear terms, and aggressive marketing, leading to borrower exploitation and rising financial stress.

### LAP

Loan Against Property (LAP) is a secured loan where individuals or businesses mortgage residential or commercial property to raise funds for needs like business expansion or education. The collateral lowers lender risk, allowing higher loan amounts, lower interest rates, and longer tenures while borrowers retain ownership. LAP has become a vital credit source for self-

employed individuals and MSMEs, often underserved by conventional lenders. As per a report by the parliamentary standing committee on finance, almost half of MSME credit demand was unmet in 2022, with the shortfall estimated to be ₹20-25 trillion. This shortfall increased to ₹30 trillion by Fiscal 2025. The formal lending to MSMEs has traditionally been constrained by perceived credit risk and the high cost of physical service delivery. As a result, a large segment of self-employed individuals and MSMEs remains underserved by conventional financial institutions. NBFCs play a key role here, offering faster approvals, flexible terms, and simplified processes, making them attractive for quick capital access. This creates a complementary lending ecosystem where banks and NBFCs serve diverse borrower needs. Some of the leading NBFCs in the LAP space include Piramal Finance, Shriram Finance, IIFL Finance, Aditya Birla Capital, and Samman Capital, which cater to borrowers across metros and Tier 2/3 cities.

**The LAP segment is emerging as a resilient, scalable, secured credit avenue, driven by MSME and self-employed demand, digital expansion, lender competition, and strong profitability despite evolving risks and regulations**

The organized LAP portfolio increased from ₹5.3 trillion in Fiscal 2020 to ₹12.3 trillion in Fiscal 2025, at a CAGR of 18% demonstrating resilient growth despite challenging macroeconomic conditions.

The segment expanded steadily due to demand from retail and commercial borrowers for flexible, property-backed credit. Lenders supported growth through competitive rates, faster disbursals, and simplified processes, aiding deeper market penetration.

Growth drivers	Description
<b>Rising MSME credit demand in tier 2 &amp; beyond cities</b>	<ul style="list-style-type: none"> <li>Increasing credit demand among MSMEs in smaller cities serves as a significant growth catalyst</li> <li>For MSMEs in tier 2 &amp; beyond cities facing stricter traditional banking requirements for other loans (e.g., unsecured loans), LAP emerges as a viable alternative facilitated by both NBFCs and banks</li> </ul>
<b>Attractive loan amounts and flexible repayments</b>	<ul style="list-style-type: none"> <li>LAP products offer larger loan amounts and extended tenures compared to unsecured loans, catering to diverse funding needs</li> <li>This combination of affordability and flexible repayment terms broadens its appeal across borrower segments</li> </ul>
<b>Digital transformation and streamlined processes</b>	<ul style="list-style-type: none"> <li>The adoption of digital platforms in the lending sector enhances accessibility to LAP products</li> <li>Digital platforms are streamlining the extensive documentation and verification processes required for LAP, alongside enabling faster credit assessments. This improved, though comprehensive, process is making LAP more accessible to property owners</li> </ul>
<b>Expanding Role of NBFCs in underserved geographies</b>	<ul style="list-style-type: none"> <li>NBFCs are able to serve a diverse range of borrower segments through quick, flexible, and hassle-free disbursals, supported by deep local reach and agile operations</li> <li>Fintech-enabled NBFCs leverage property valuation algorithms and digital documentation to streamline LAP disbursals, driving financial inclusion</li> </ul>
<b>Real estate market expansion and value appreciation</b>	<ul style="list-style-type: none"> <li>The ongoing expansion of India's real estate sector, coupled with rising property values, is establishing a solid foundation for LAP growth</li> <li>An expanding pool of borrowers with higher-value assets enhances collateral security, empowering lenders to offer larger loan amounts with more favorable loan-to-value (LTV) ratios</li> </ul>

Rising awareness among property owners about leveraging real estate for liquidity has driven broader LAP adoption. Stable property prices, improved borrower confidence, and digitized loan processing, have enhanced customer experience and operational efficiency. The growing use of LAP for needs like business expansion, education, and healthcare is expected to sustain market growth.

FinTechs' growing presence in the LAP segment is enhancing access, particularly in Tier 2 and 3 cities. Players like Kissht and Navi are entering LAP as their first secured product. The segment is expected to maintain positive growth, driven by innovation

and increasing consumer acceptance.

**LAP growth is driven by rising MSME adoption, supported by attractive terms and digitized processes enabling smoother and more efficient applications**

India’s LAP market is driven by economic growth, rising entrepreneurship, and increased credit demand from SMEs and self-employed borrowers. Growth is further supported by real estate development, attractive loan terms, digitalization, greater NBFC participation, and appreciating property values. These factors position LAP as a preferred and accessible financing tool for both personal and business needs across urban and non-urban markets.

**LAP sanctioned value rising to ₹5.0 trillion in Fiscal 2025, growing 21% CAGR over five years, while volumes doubled to 2.1 million loans at 16% CAGR in the same period**

The increase in LAP value outstripping volume indicates a shift towards larger ticket sizes, suggesting borrowers are seeking higher loan amounts or pledging more valuable assets. This trend reinforces LAP's role as a resilient and scalable product, offering lenders stable returns and long-term visibility within India's lending market.

NBFCs are significantly driving LAP growth, quadrupling disbursements from ₹0.3 trillion in Fiscal 2020 to ₹1.4 trillion in Fiscal 2025, at a 39% CAGR. This increased their market share from 14% to 27%, reflecting strong execution and borrower trust. While private banks held the largest share (38%) in Fiscal 2025, their growth was moderate at 18% CAGR, on par with PSU banks, whose share declined from 9% to 8%, indicating a gradual shift in market dynamics. NBFCs' focus on customer experience, quicker processing, and better reach in semi-urban and informal segments solidifies their strong position in the LAP market.

**Ticket size wise analysis**

Most tech-enabled NBFCs have focused on their existing customer base, primarily personal loan customers, and tried to cross-sell LAP basis track record and requirement. NBFCs have become the dominant player in the < ₹0.5 million LAP segment, with their market share rising from 32% in Fiscal 2020 to 45% in Fiscal 2025. This gain reflects their strong execution, deeper reach among mass-market borrowers, and ability to quickly cater to smaller ticket needs. Both PSU and private banks saw their share decline in this segment during the same period.

In the ₹0.5-1 million bracket, NBFCs hold a 34% share in Fiscal 2025, outperforming PSU and private banks due to sustained customer preference and responsive servicing. Tech-led NBFCs like Kissht, Moneyview, Fibe, etc. are key players here, driven by their digital reach and focus on underserved customer segments. FinTechs are actively targeting this segment with streamlined digital lending. As ticket sizes increase, private banks generally hold a larger share, yet NBFCs show consistent growth across all higher-value segments. For instance, in the ₹1-2.5 million category, NBFCs grew their share from 10% in Fiscal 2020 to 19% in Fiscal 2025, even as share of private banks declined from 36% in Fiscal 2020 to 29% in Fiscal 2025. This trend persists in higher slabs, underscoring NBFCs' rising credibility and expanding role in secured lending.

**NBFCs have successfully shown tight risk controls in the LAP segment and demonstrated the value of having LAP in a lender's overall loan portfolio**

NBFCs have consistently demonstrated strong credit discipline and prudent lending in the LAP segment. From Fiscal 2020 to Fiscal 2025, their asset quality visibly improved, with GNPA steadily declining from 1.2% to 0.4%. This reflects a maturing risk framework, better borrower selection, and more effective collections, even in a moderately risky secured loan segment like LAP.

NBFCs have shown strong resilience in managing LAP asset quality, especially in sub- ₹1 million loans—a traditionally higher-risk segment. After a spike in Fiscal 2021-2022 due to pandemic-related disruptions, GNPA levels have steadily declined. In loans < ₹0.5 million, GNPA fell from 1.9% in Fiscal 2021 to 0.9% in Fiscal 2025, while the ₹0.5-1 million segment dropped from 1.8% to 0.7%. These gains reflect improved borrower assessment, stronger recovery processes, and the sector’s growing maturity in managing small-ticket secured loans, highlighting NBFCs’ ability to balance growth and risk in granular LAP portfolios.

### Key risks in the secured loan against property segment

LAP faces high risks from elevated LTV ratios, collateral liquidation challenges, and documentation fraud. Intense competition compresses margins, while digital lenders in smaller cities complicate verification. Recovery is hindered by slow processes, making timely asset recovery difficult for lenders. For loans and property above ₹2.0 million, NBFCs are required to act under SARFAESI only, while HFCs face no such threshold.

Challenges	Description
<b>High LTV Ratios</b>	<ul style="list-style-type: none"> <li>LAP loans often have LTV ratios as high as 75%, leaving lenders vulnerable to losses if property prices decline</li> <li>Unlike home loans, LAP borrowers often leverage properties for business/personal needs, increasing the likelihood of over-leveraging and defaults</li> </ul>
<b>Collateral liquidation challenges</b>	<ul style="list-style-type: none"> <li>Commercial/industrial properties are harder to sell during defaults, often fetching below market value in distress sales</li> <li>In times of market downturn or weak real estate demand, even residential properties may take longer to sell and may not fetch their appraised value, further impacting the lender's ability to recover dues efficiently</li> </ul>
<b>Documentation fraud and title disputes</b>	<ul style="list-style-type: none"> <li>Fraudulent property titles and inflated valuations expose lenders to collateral shortfalls. Forged income proofs and KYC mismatches further increase defaults</li> <li>Despite due diligence, lenders face risks from informal property records and reliance on third-party appraisers, leading to valuation inaccuracies</li> </ul>
<b>Competitive pressure and margin compression</b>	<ul style="list-style-type: none"> <li>Intense competition among NBFCs and banks has driven LTVs higher and yields lower, shrinking margins by 25–40 basis points</li> <li>Digital lenders and NBFCs are aggressively expanding into Tier 2–4 cities, targeting MSMEs with small-ticket LAPs, despite operational challenges in property verification</li> </ul>
<b>Statutory recovery mechanism challenges</b>	<ul style="list-style-type: none"> <li>Loans against property face significant hurdles due to limitations in statutory recovery mechanisms</li> <li>Legal processes such as those under the SARFAESI Act and Debt Recovery Tribunals are often delayed by procedural complexities, backlogs, and resistance from borrowers, making timely and effective loan recovery difficult for lenders</li> </ul>

## Off-book lending partnerships

In India, off-book lending partnerships have rapidly become crucial for new-age and digital lending companies for expanding the loan book, especially in the personal lending and LAP product segment.

Common structure followed under such arrangements include:

- Co-lending arrangements: New-age digital lenders and conventional banks/NBFCs jointly originate, underwrite, and disburse loans to borrowers at the same time, each contributing their agreed share. Under the RBI (Co-Lending Arrangements) Directions, 2025, the partner must retain at least 10% of the individual loan in its books. Both the partners maintain their respective portions of the loan in their books and share the risks and rewards in proportion to their contributions.
- 100-0 partnerships: New-age digital lenders/FinTechs originate loans on behalf of conventional banks/ NBFCs wherein 100% of the loans are recorded in the books of these banks/NBFCs.
- All these arrangements are under a structured risk-sharing mechanism where the banks/NBFCs or new-age digital lenders/FinTechs partner guarantees a pre-agreed first-loss cover upto 5% on loan portfolios sourced in partnership with a regulated entity. This enables the partner banks/NBFCs to participate in higher-risk borrower segments while managing downside exposure. Recognizing its growing role in digital lending partnerships, the RBI formalized First Loss Default Guarantee (FLDG) norms under its 2023 Digital Lending Guidelines, introducing limits on guaranteed amounts, ensuring capital backing, and mandating greater transparency to safeguard systemic stability.
- Regulatory compliance (such as KYC and AML) and loan monitoring are joint responsibilities.

## Co-lending market in India is experiencing robust growth, highlighting its increasing importance in the financial ecosystem

In Fiscal 2025, the industry disbursed approximately ₹870 billion through co-lending arrangements, with the market expected to grow nearly 5x to ₹3,500 billion by Fiscal 2030, reflecting a CAGR of approximately 32%. Public sector bank participation has surged, with outstanding co-lending loans rising from ₹16.18 billion in March 2022 to ₹114.97 billion in March 2024, driven by agriculture and MSME sectors. Between Fiscal 2020 and Fiscal 2025, strategic bank-NBFC partnerships expanded credit access for small businesses, entrepreneurs, and rural borrowers, advancing financial inclusion. As participation broadens and processes become standardized, co-lending is expected to evolve into a transparent and efficient sector-wide model, offering significant opportunities for both lenders and borrowers by Fiscal 2030.

## Co-lending partnerships, empowered by digital infrastructure and regulatory support, are efficiently extending credit to underserved segments while optimizing risk and capital for lenders

Co-lending expands credit access to underserved segments like MSMEs, small farmers, and the self-employed by leveraging banks' capital and NBFCs' local networks. Digital Public Infrastructure (UPI, e-KYC, AI-led assessments) enhances loan origination speed and efficiency. RBI's expanded co-lending guidelines support innovation and product diversification. Risk-sharing frameworks optimize capital, while digital onboarding and tailored products improve borrower experience and drive financial inclusion.

## Regulatory framework

The RBI's 2025 directions broaden co-lending beyond priority sectors, enabling banks, NBFCs, and HFCs to collaborate across loan types. Provisions like default loss guarantees and uniform asset classification aim to enhance financial inclusion and expand credit access to underserved sectors.

## Digital lending overview

### Digital lending platforms use FinTech tools like AI credit scoring, automated underwriting, and APIs to streamline the loan process to offer fast and paperless credit

Digital lending platforms are reshaping credit delivery by leveraging AI, big data, and automation to streamline the entire process from application, loan contract execution to disbursement eliminating paperwork and infrastructure. They offer fast, paperless, and accessible credit, improving efficiency, accuracy, and inclusion, especially for collateral-free personal and working capital loans suited to digital channels. FinTech, as a subset, powers this transformation through tools like AI-driven credit scoring, automated underwriting, and APIs. These innovations enable faster decisions, better user experiences, real-time insights, and scalable servicing. While FinTech also supports payments and insurance, its core strength lies in building the tech foundation for efficient, inclusive lending.

### Digital lenders leverage technology to offer faster, flexible, and tailored credit solutions to underserved customers while overcoming the limitations of conventional lending process

Digital lenders target underserved customers overlooked by conventional lending process due to limited and rigid loan products and manual underwriting. Conventional lenders typically have limited underwriting capabilities due to limited data, reliance on manual processes and conservative risk assessments. In contrast, digital lenders leverage advanced technologies such as AI-driven credit scoring, OCR, APIs, automated document verification, eKYC, and real-time decision-making to accelerate approvals, reduce costs, and offer more flexible, tailored products. This tech-driven model enhances risk management, expands credit access in underserved regions, and offers a scalable, efficient alternative to conventional lending.

Conventional players have standard product offerings with limited flexibility due to limited data and capabilities for credit assessment, leading to the absence of tailored products, unlike digital players. Customers benefit from digital lending through enhanced convenience, transparency, and accessibility and can apply for loans online using a smartphone or computer. This is in contrast to conventional lending with inefficient and manual legacy processes including use of traditional underwriting methods and customer engagement which often require customers to visit bank branches or submit multiple physical documents. This causes a slower response time leading to poor customer experience. With instant eligibility checks and quicker disbursements directly to customer accounts that are provided by digital lenders, the process becomes significantly more user-friendly. TAT for personal loan disbursement through digital processes takes a few minutes compared to the conventional methods, which would take multiple days under traditional underwriting methods, resulting in a longer turnaround time.

**Digital lending platforms offer lenders cost-efficient, automated risk processes and provide customers with easy apps, transparent processes, and convenient financial solutions**

Digital lending platforms automate workflows, reduce costs, and enable data-driven decisions to minimize risk. For customers, they offer faster approvals, greater transparency, and affordable credit through app-based access, enhancing efficiency, trust, and convenience within the lending ecosystem.

**Driven by younger, digital-first borrowers, digital loan disbursements are projected to grow from ₹2.3 trillion in Fiscal 2025 to ₹7.2 trillion by Fiscal 2030, reflecting demand for quick and seamless online credit**

Digital lending growth is driven particularly by Gen Z and millennials, who prefer instant personal loans and digital solutions over conventional methods. They value fast, seamless online processes with quick approvals and disbursements. Financial institutions and FinTechs are leveraging AI, data analytics, and digital infrastructure to streamline lending. This momentum is expected to expand across demographics as digital convenience reshapes credit access.

**Retail loan disburseals via digital lending - India**  
INR T, FY20-30P

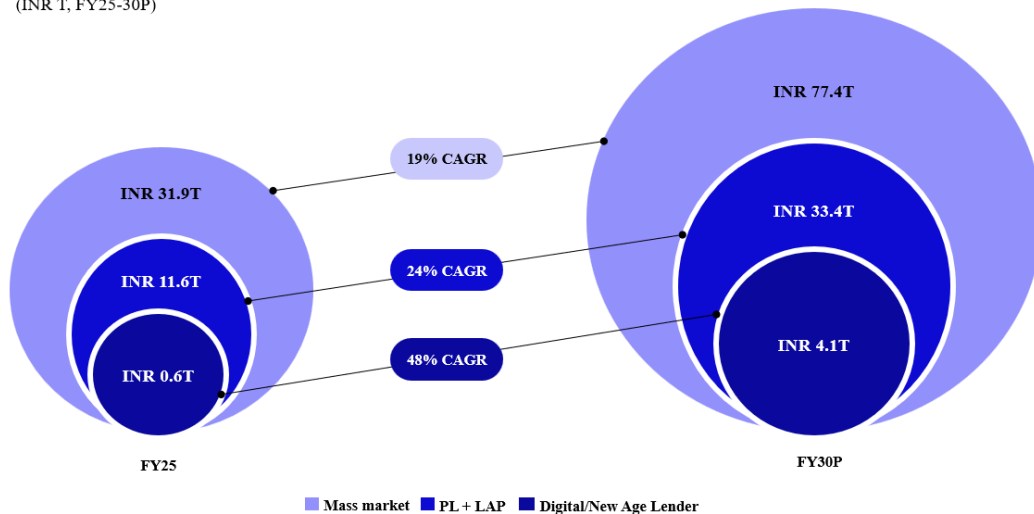

India’s mass-market loan segment is expanding steadily, led by households earning ₹0.5–1.5 million annually. As this group grows, rising credit awareness and aspirations are driving demand for personal loans and LAP—fuelling formal credit adoption for needs ranging from lifestyle upgrades to business capital.

**NBFCs and new-age digital lenders, primarily active in the digital personal loans and LAP for mass market household segments are looking at a approximately ₹4.1 trillion opportunity by Fiscal 2030**

India’s retail lending landscape is further transforming rapidly, fuelled by digital adoption and supportive regulations. The mass market overall retail credit is set to grow from ₹31.9 trillion in Fiscal 2025 to ₹77.4 trillion by Fiscal 2030, with PL and LAP rising from ₹11.6 trillion to ₹33.4 trillion. Digital lending within the mass market segment is expected to surge 7x to ₹4.1 trillion by Fiscal 2030, growing at a 48% CAGR, outpacing the growth of conventional players. Positioned at the confluence of this shift, digital-first players (like Kissht, Moneyview etc.) have built a full-stack platform, proprietary risk models and embedded credit rails, enabling them to serve the next wave of underserved borrowers.

**In the digital lending ecosystem, REs, LSPs and DLAs under a FLDG architecture establish the frameworks for compliance and risk management**

REs, LSPs and DLAs under FLDG framework ensure digital lending remains transparent, compliant, and well-managed for risk. REs retains ultimate responsibility for compliance, while LSPs and DLAs deliver the digital experience within strict guidelines. FLDG structures help manage credit risk, all under RBI’s evolving regulatory framework to strengthen the ecosystem.

**Key challenges in digital lending include data privacy, compliance burdens, low financial literacy and fraud, while enablers such as regulatory policies, UPI integrations and strong governance are driving growth**

RBI's 2025 Digital Lending Directions aim to balance innovation with consumer protection. While challenges like data privacy, compliance and frauds, enablers such as FLDG, Account Aggregator, UPI integration, and governance frameworks are strengthening the ecosystem and fostering trust.

### Insurance – Life, Non-life (Health, Motor, etc.)

**The Indian insurance market is growing at a steady pace and shows ample headroom for future growth**

India's insurance penetration reached 3.7% in 2024 (life: 2.7%, non-life: 1.0%). While developed markets like Hong Kong (18.2%) and the U.S. (12.1%), India aligns with peers like Australia (4.2%), Brazil (4.1%), and China (4.2%), and exceeds Russia (1.7%). Rising digital adoption and untapped non-life potential support future growth.

### Wealth management

India's wealth management sector is growing steadily, fuelled by rising incomes, greater financial literacy, and demand for products like mutual funds, PMS, AIFs, and retirement solutions. Rapid digitization enables end-to-end services from onboarding to advisory-enhancing experience and scalability. AI-led tools appeal to younger investors, driving a shift toward hybrid, tech-enabled models that blend personal insight with digital efficiency.

### Key drivers of wealth management

India's wealth management industry is expanding, driven by rising affluence, financial awareness, and digitization. Investors are shifting from traditional savings to goal-based portfolios, aided by digital platforms and embedded solutions. A tech-savvy population, supportive regulations, and FinTech adoption are accelerating this transformation.

- Rising affluent and mass segment population:** Growing mass-market affluence is driving demand for structured wealth solutions beyond fixed deposits, including mutual funds, equities, PMS, and alternatives.

- **Improving Financial Awareness** through government campaigns, social media, and content-led platforms, prompting more individuals to seek professional guidance for long-term goals.
- **Digital-Led Investment Platforms:** Digital platforms enable seamless onboarding, personalized advisory, and real-time tracking, enhancing accessibility through paperless KYC and mobile-first tools.
- **FinTech and Embedded Wealth:** FinTechs integrate investment options into lifestyle apps, offering easy access to products like digital gold and mutual funds, expanding financial inclusion.

**Globally, there are examples of digital lenders creating significant value and delivering strong financials (PAT margin %, ROE, and ROA) on account of starting with digital lending and then adding multiple product suites**

Leading institutions have demonstrated how product diversification drives revenue, profitability, and return ratios. Nu Holdings (Nubank) scaled revenue from ₹142.07 billion in 2021 to ₹1,319.87 billion in 2025 (approximately 9.3x), with PAT margin % improving from -9.74% to 18.20%, driven by new product rollouts. Kakao Bank grew revenue approximately 2.9x from ₹67.09 billion in 2021 to ₹194.44 billion in 2025, with ROE improving from 4.91% to 7.23%. Kisstht, mirroring these early-stage successes, achieved approximately 1.8x revenue growth from Fiscal 2023 to Fiscal 2025, positioning itself for strong cross-sell-led growth.

Nu Holdings (Nu Bank) and Kakao Bank are global players, digital-first by design, operating outside India, having launched services primarily through mobile or web platforms since inception. These are key metrics of leading global digital banking players. Nu Holdings (Nu Bank) is performing strongly in profitability and capital efficiency, with high ROAA, ROAE, and growing PAT. Its strong PCR also reflects prudent credit risk management despite elevated GNPA levels. Kakao Bank, on the other hand, demonstrates strength in asset quality with low GNPA and NNPA, and maintains a stable balance sheet with consistent AUM and net worth growth.

## Company overview

Kissht, founded in 2016 under OnEMI Technology Solutions Ltd., is a leading digital lending platform focused on India’s mass market. With a tech-first, fully digital approach, it offers personal loans and loans against property (LAP) with instant approvals and minimal paperwork. Kissht serves young, digitally savvy, credit-seeking customers, especially in the aspirational upper mass market underserved by banks, providing accessible, hassle-free financing nationwide.

Kissht offers an end-to-end digital experience covering KYC, credit assessment, loan disbursement, and collections, serving young, digitally savvy customers with growing credit needs. It focuses on the mass market segment, that faces significant challenges in availing MSME loans, primarily due to inefficient processes across customer journey often resulting in longer turnaround times. Kissht’s digital processes have reduced personal loan TAT from weeks to minutes, ensuring rapid, scalable, and efficient credit delivery through a fully digital journey from application to repayment tracking.

Kissht stands out with a diversified sourcing strategy, leveraging digital marketing, merchant partnerships, aggregators, and exclusive branches. Kissht is one of the few new-age digital lending players that is deploying “credit QR” based offline-to-online (O2O) customer acquisition model in India as of December 31, 2025. Kissht’s sourcing strategy is predominantly digital-first, with a focus on customer acquisition through its mobile application. The company has built a robust presence in the digital ecosystem, targeting tech-savvy, credit-seeking consumers through app-based journeys.

Kissht’s strong customer retention, driven by exceptional service, reflects high loyalty and effective lifecycle management. Its expanding LAP and personal loan offerings, robust tech infrastructure, and strong brand position it for sustained leadership in India’s digital lending space.

Kissht has built a strong, trusted brand through consistent service and recognition from platforms like The Economic Times BFSI Top Brands and Cyber Security Excellence Awards (2022). The onboarding of Sachin Tendulkar as brand ambassador further boosted visibility. Tendulkar brings immense brand value through a blend of credibility, excellence, and emotional connection—earning trust from older audiences who respect his legendary journey, while also inspiring younger generations with his unmatched mastery. With a customer base of over 11 million customers, Kissht reinforces its leadership in digital lending.

Kissht has built strong in-house collections and risk management capabilities, backed by AI and data analytics. As an early adopter of ML-based underwriting since 2019 and AI-based models since 2025, Kissht leverages advanced algorithms to flag high-risk profiles early, optimizing collections and enhancing underwriting precision. Its tech-led processes from onboarding to repayment deliver lower NPAs and stronger portfolio health than industry averages, supported by tele-callers and field agents. Kissht has also entered secured MSME lending through LAP, driving AUM and profitability growth.

### Overview

Kissht is a technology-enabled lender in India, primarily offering digital loans through its mobile application for various consumption and business needs. We provide swift, accessible and personalized credit solutions to support our customers throughout their financial journeys.

We are focused on young individuals within the mass market segment, which according to the 1Lattice Report, represents India’s emerging middle class and is aspirational, digitally connected and underpenetrated in credit. As of December 31, 2025, we had 63.73 million registered users and served 11.17 million customers, along with a net promoter score of 95. Further, we had received a rating of 4.6 on Play Store based on over 1.25 million user reviews as of March 31, 2026. In December 2025, we also launched our mobile application on the iOS operating system and its application marketplace. As of March 31, 2026, we had received a rating of 4.3 on App Store.

We maintain a highly granular loan book with over 2.87 million active customers and ₹59,557.53 million in assets under management (“AUM”) as of December 31, 2025. In the nine months ended December 31, 2025, our customers had an average age of 32 years and a median CIBIL score of 746. Further, during the nine months ended December 31, 2025, 67.65% of our customers earned monthly incomes ranging between ₹25,000 to ₹75,000, and 63.38% of our customers resided in the top 50 cities in India.

According to the I Lattice Report, the mass market segment has historically been underserved by banks and conventional financial institutions due to a lack of tailored products and insufficient credit information to undertake effective credit assessments. Set out below are certain challenges that are faced by the mass market segment when interacting with conventional financial institutions, that we seek to effectively address:

Set out below are certain salient features of our business.

- Diversified customer sourcing channels:** We use various online and offline channels to acquire customers, including through digital marketing on search engines and social media platforms, partnerships with small businesses (shop owners and retail outlets), and collaborations with e-commerce players and loan aggregators. We also acquire customers organically through word of mouth. Each channel significantly contributes to the growth of our customer base, thereby creating a resilient and scalable customer acquisition model. In the nine months ended December 31, 2025, digital marketing, merchant partnerships, e-commerce and organic acquisition accounted for 45.51%, 23.28%, 7.51% and 23.70%, respectively, of our total new customer acquisitions in the same period. Further, in Fiscal 2025, we appointed the former Indian cricketer, Sachin Ramesh Tendulkar, as our brand ambassador to build consumer trust and improve brand recall. For more details, see “- Our Business Model - Omni-channel acquisition strategy” on page 195.
- Advanced and comprehensive risk management:** Risk management is foundational to our business model. We utilize advanced data analytics, artificial intelligence (“AI”) and machine learning (“ML”) led statistical models for risk

management across our processes from making credit decisions to collections. Set out below are the details of the three key pillars of our risk management function.

- ***Underwriting models:*** Our proprietary AI and ML algorithms utilize over 400 key data variables as of December 31, 2025 including credit history, know-your-customer (“KYC”) credentials, banking and transactional data and digi-data, within a secure and consent-driven environment, to enable rapid and accurate decisioning. As of December 31, 2025, we have employed a sophisticated underwriting framework built on 39 specialized sub-models tailored for different customer segments. These sub-models factor in multiple dimensions of a customer’s profile such as occupation type (e.g., salaried or self-employed), credit bureau data depth (e.g., thick or thin file) and banking behavior (e.g., high balance maintainers or frequent transactors), among others. The outputs from these sub-models are generated through a transformer and table attention-based decision model that determines loan approval outcomes. Further, our models are capable of estimating customer income with high precision using banking and transaction data. This income assessment enables our rule engines to calculate eligible loan amounts in line with our fixed obligation to income ratio (FOIR) norms for various risk bands. Our multi-layered underwriting approach enables us to make well-calibrated lending decisions across diverse customer profiles. Our processes are designed for speed and efficiency, allowing applicants to receive decisions instantly after submitting their information. As of December 31, 2025, more than 85% of our new customers were presented with loan offers within 10 minutes of initiating their application, and 90% of our repeat customers received offers within six minutes.
- ***Collections:*** Our collections infrastructure is built on the back of our proprietary Automated Collections System (“ACS”), along with a team of tele-callers and on-ground fleet-on-street. Our ACS is an AI-driven platform that effectively manages collections across pre-delinquency, early delinquency and late delinquency stages, thus improving recovery outcomes. As of December 31, 2025, our collections team comprises 1,074 tele-callers, 8,291 field agents and 260 supervision staff covering over 17,000 pin codes across India.
- ***Automated system-based early warning triggers to identify high-risk customers:*** We actively manage our portfolio through early warning triggers that automatically curb approvals when pre-defined risk thresholds are breached. For instance, our system temporarily halts disbursements in geographies that witness sudden volume surges; they also tighten the approval thresholds for customer segments or professions showing signs of overleverage or income fluctuation. For more details, see “- *Our Strengths - Driving asset quality through advanced and comprehensive risk management - Automated system-based early warning triggers to identify high-risk customers*” on page 187.

For more details, see “- *Our Business Model - Underwriting approach*”, “- *Our Business Model - Our technology platform*” and “- *Our Business Model - Collections infrastructure*” on pages 193, 198 and 199 respectively.

- ***Scalable technology platform integrated across functions:*** We operate a fully tech-enabled, highly scalable, cloud-hosted lending platform, with end-to-end ownership and control of product and technology. This includes our Loan Origination System (“LOS”), Loan Management System (“LMS”) and ACS. Our platform manages the entire loan lifecycle, i.e., from customer onboarding to underwriting, disbursement, servicing and collections, ensuring a secure and seamless experience for our customers. As of December 31, 2025, we are supported by an in-house team of 331 engineers and product specialists. In the nine months ended December 31, 2025, our cloud-native platform maintained an uptime of 99.99%, with an average application response time of 290 milliseconds across 11.30 billion API requests made by the application and a crash-free rate of 99.32%.
- ***Balanced liability profile:*** Our AUM comprises on-book loans, i.e., loans on the balance sheet of our wholly-owned Subsidiary, Si Creva (an RBI regulated middle-layer NBFC), and off-book loans, i.e., loans on the balance sheet of our lending partners. We engage with our lending partners through three distinct arrangements, being through 100-0 arrangement pursuant to which we act as a sourcing and technology partner, co-lending arrangement and direct assignments (“DA”). For further details on these three arrangements, see “- *Our Strengths - Access to diversified and scalable funding sources*” on page 187. As of December 31, 2025, our lender base comprised 47 lenders including banks, NBFCs and fund houses. Our revenue from off-book loans includes sourcing fees (representing charges for originating loans through our platform), servicing fees (representing charges for managing loan servicing and collections) and other performance-linked income (representing charges based on loan performance metrics). These fees and charges are calculated in accordance with pre-agreed contractual arrangements with our lending partners and in compliance with applicable RBI regulations.
- ***Track record of delivering consistent growth:*** We have delivered consistent growth in our AUM from ₹12,679.28 million as of March 31, 2023 to ₹40,866.38 million as of March 31, 2025, growing at a CAGR of 79.53%. As of December 31, 2025, our AUM amounted to ₹59,557.53 million. Further, our PAT grew from ₹276.67 million to ₹1,606.21 million, at a CAGR of 140.95% between Fiscals 2023 and 2025. Further, our PAT was ₹1,992.69 million in the nine months ended December 31, 2025. This highlights our effective revenue generation and cost management capabilities.
- ***Experienced management team backed by marquee investors:*** Our founders and Promoters, Ranvir Singh and Krishnan Vishwanathan each have over 18 years of experience in financial services, respectively, particularly in risk management

across data analytics and collections. Our business model and experienced leadership have also attracted investments from investors including Vertex Growth Fund.

Notes:

- AUM represents the aggregate of principal outstanding held in On-book and held in Off-book lending partner books as on the last day of the relevant period (includes On-book and Off-book AUM).
- On-book AUM represents the aggregate of principal outstanding held in On-book as on the last day of the relevant period.
- On-book AUM % represents the aggregate of principal outstanding held in On-book as on the last day over total On-book and Off-book AUM as on the last day of the relevant period.
- Off-book AUM represents the aggregate of principal outstanding held in Off-book as on the last day of the relevant period.
- Off-book AUM % represents the aggregate of principal outstanding held in Off-book lending partner books as on the last day of the relevant period over total On-book and Off-book AUM as on the last day of the relevant period.
- AUM Growth represents percentage growth in AUM (comprising of On-book AUM and Off-book AUM) for the relevant period over AUM of the previous period.
- Repeat customers AUM represents AUM outstanding for repeat customers as on the last day of the relevant period as a percentage of total AUM (On-book and Off-book AUM) as on the last day of the relevant period.
- Disbursement represents total amount of loans disbursed (On-book loans and Off-book loans) for the relevant period.
- Average Ticket Size is computed by dividing the amount disbursed (both to new and existing customers) by the number of loans disbursed for the relevant period.
- Registered user base refers to cumulative number of unique users who have signed up with our Company using their mobile number as on the last day of relevant period.
- Customer base refers to the cumulative number of unique customers who have availed at least one loan from our Company as on the last day of relevant period.
- Average Age of Customers at the time of taking the loan (On-book and Off-book) for the relevant period.
- Total Income represents the sum of revenue from operations and other income for the relevant period.
- Net Total Income represents Total Income less finance costs for the relevant period.
- Profit before tax represents Total income reduced by total expenses.
- Profit after tax represents profit before tax reduced by total taxes.
- Return on Assets is calculated basis profit after tax as percentage of average total assets of our Company for the relevant period. Average total assets for the nine months period is calculated as average of total assets as on the last day of the previous fiscal year (i.e., March 31, 2025) and total assets as on the last day of the nine months period (i.e., December 31, 2025).
- Return on Equity is calculated basis profit after tax as a percentage of average Net Worth of our Company for the relevant period. Average net worth for the nine months period is calculated as average of net worth as on the last day of the previous fiscal year (i.e., March 31, 2025) and net worth as on the last day of the nine months period (i.e., December 31, 2025).

19. *EPS (Diluted)* is calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding as on the last day of the relevant period plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.
20. *Cost to Income Ratio* represents operating expenses upon Net Total Income for the relevant period.
21. *Net Worth* represents the total equity of a company, comprising equity share capital, instruments entirely in the nature of equity, and other equity, as on the last day of the relevant period, in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations.
22. *Capital to risk weighted assets ratio* is computed by dividing our Tier - I and Tier - II capital by risk weighted assets (computed in accordance with the relevant RBI guidelines) as on the last day of the relevant period by our Subsidiary.
23. *Debt to Equity ratio* calculated as total borrowings divided by Net Worth of our Company as on the last day of the relevant period.
24. *Gross NPA* represents ratio of Gross Stage 3 On-book loans to gross carrying amount of total gross On-book loans as at the last day of the relevant period.
25. *Net NPA* represents ratio of Net NPA to total gross On-book loans as at the last day of the relevant period. Net NPA is gross stage 3 On-book loans reduced by impairment allowances provided on stage 3 On-book loans as at the last day of relevant period.
26. *Provisioning Coverage Ratio* is calculated as impairment loss allowance on stage 3 loans as a percentage of gross carrying value of stage 3 loans as on the last day of the relevant period.

Our total income decreased by 20.44% from ₹17,003.02 million in Fiscal 2024 to ₹13,526.88 million in Fiscal 2025 primarily due to a decrease in revenue from operations by 20.12% from ₹16,744.46 million in Fiscal 2024 to ₹13,374.65 million in Fiscal 2025. This decrease was attributable to a decrease in revenue from our on-book loans driven by a decrease in interest on loans and other fees and charges. Our profit after tax decreased by 18.59% from ₹1,972.90 million in Fiscal 2024 to ₹1,606.21 million in Fiscal 2025 primarily due to: (a) scale-up of our LAP operations involving significant upfront expenses towards setting up the LAP branch network and increase in manpower; and (b) decrease in total income. For further details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Results of Operations - Fiscal 2025 compared to Fiscal 2024*” on page 351. Further, our disbursements decreased from ₹185,311.35 million in Fiscal 2024 to ₹98,577.52 million in Fiscal 2025 driven by our increased focus on longer-tenor loan products which reduced the frequency of repeat borrowings. The average loan tenor increased from 2.92 months in Fiscal 2024 to 9.65 months in Fiscal 2025.

## Market Opportunity

### India’s retail lending space

According to the I Lattice Report, India’s retail lending sector is witnessing accelerated growth yet remains significantly underpenetrated compared to developed economies. India’s household credit-to-GDP rose from 41.5% in 2021 to 45.6% in the third quarter of calendar year 2025 but remains well below the USA (68.0%) and UK (73.9%), indicating substantial headroom for expansion. (Source: I Lattice Report).

**Household credit-to-GDP ratio**  
(%, CY21-Q3CY25)

Source(s): BIS, I Lattice analysis

India’s credit penetration remains modest among emerging markets, clearly indicating that India offers significant headroom for growth, especially in retail and MSME lending. This presents a strong opportunity for technology-led fintech platforms to capitalize on this gap through faster and more inclusive credit delivery. Government-led initiatives such as credit guarantee schemes, along with robust digital infrastructure, data-driven underwriting, and scalable distribution, provide significant opportunities to capture value in this high-growth, underserved segment and deliver strong returns. (Source: I Lattice Report)

### Opportunity in India’s mass market segment

The mass-market segment remains the largest and fastest-growing cohort in India, driven by population growth and rising aspirations. While some conventional NBFCs cater partially to this segment, the mass market segment has historically been underserved by banks and conventional financial institutions due to a lack of tailored products and insufficient credit information to undertake effective credit assessments. This has opened significant opportunities for digital-first players, including us, that offer faster and more accessible credit solutions. (Source: I Lattice Report)

According to the 1Lattice Report, the mass market's share is projected to expand from 31% in Fiscal 2025 to 37% in Fiscal 2030, indicating upward income mobility. Retail credit outstanding is projected to grow from ₹34.9 trillion to ₹95.4 trillion (upper segment), ₹31.9 trillion to ₹77.4 trillion (mass-market), and ₹12.7 trillion to ₹28.2 trillion (lower segment) from Fiscal 2025 to Fiscal 2030, highlighting broader financial inclusion and deeper credit penetration across income groups.

According to the 1Lattice Report, the mass market retail credit outstanding is expected to grow from ₹31.9 trillion in Fiscal 2025 to ₹77.4 trillion by Fiscal 2030, an increase of ₹45.5 trillion. According to the 1Lattice Report, this growth will be driven by the following two key factors:

**Increase in segment size:** With more people entering formal jobs and moving up economically, the share of mass market individuals is expected to rise from 31% in Fiscal 2025 to 37% in Fiscal 2030. This shift will contribute a supporting portion of the overall retail credit outstanding growth. (Source: 1Lattice Report)

**Increase in average credit demand per person:** Higher consumer aspirations and rising digital adoption are leading to greater demand for credit. This shift will contribute a significant share to the overall retail credit outstanding growth, supported by larger loan sizes and broader credit usage. (Source: 1Lattice Report)

## Digital lending set to outpace traditional credit

According to the I Lattice Report, India’s retail lending landscape is further transforming rapidly, fueled by digital adoption and supportive regulations. The mass market overall retail credit is set to grow from ₹31.9 trillion in Fiscal 2025 to ₹77.4 trillion by Fiscal 2030, with PL & LAP rising from ₹11.6 trillion to ₹33.4 trillion. (Source: I Lattice Report)

According to the I Lattice Report, digital lending within the mass market segment is expected to surge 7x to ₹4.1 trillion by Fiscal 2030, growing at a 48% CAGR, outpacing the growth of conventional players. Positioned at the confluence of this shift, digital-first players have built a full-stack platform, proprietary risk models and embedded credit rails, enabling them to serve the next wave of underserved borrowers.

## Our Strengths

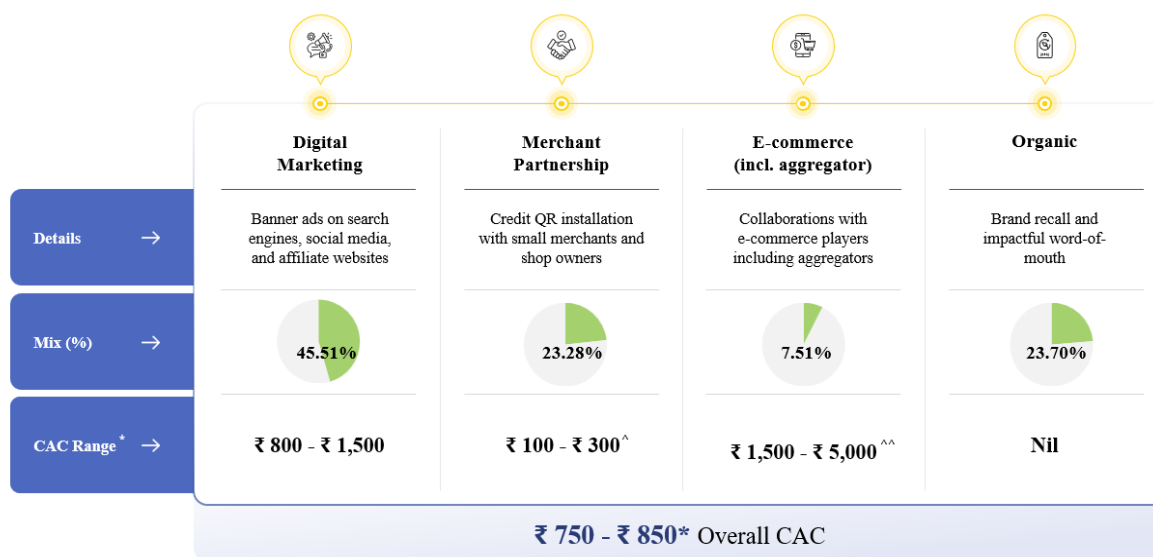

Set out below are the strengths of our business operations:

- Large customer base acquired through a diversified multi-channel acquisition strategy
- Driving asset quality through advanced and comprehensive risk management
- Access to diversified and scalable funding sources
- Scalable, cloud-native and AI-built technology platform integrated across all key functions
- Experienced founders and leadership, backed by marquee investors

### ***Large customer base acquired through a diversified multi-channel acquisition strategy***

As of December 31, 2025, we had 63.73 million registered users and served 11.17 million customers, driven by our efficient multi-channel acquisition strategy, which combines online and offline channels. We engage digitally active users through targeted campaigns on search engines, social media and affiliate platforms. Simultaneously, our offline-to-online (“O2O”) model uses “credit QR” installations at small merchant outlets to onboard customers on our mobile application. In the nine months ended December 31, 2025, our network included 52,396 active merchants, facilitating credit QR-led customer acquisition. The API-first architecture of our mobile application allows us to integrate with these platforms, embedding our credit solutions into high-traffic marketplaces and expanding our presence within India’s growing embedded finance ecosystem. Further, we also acquire customers because of our brand presence in the market, which is supported by our association with former Indian cricketer, Sachin Ramesh Tendulkar. For further information on our acquisition channels, see “- Our Business Model - Omni-channel acquisition strategy” on page 195.

According to the I Lattice Report, Kisst is one of the few new-age digital lending players that is deploying “credit QR” based O2O customer acquisition model in India as of December 31, 2025. This has helped us to widen our reach and acquire customers. Set out below are details of each of our customer acquisition channels in the nine months ended December 31, 2025:

Notes:

- Data pertains to April-December 2025
- <sup>^</sup> Merchant CAC excludes onboarding costs
- <sup>^^</sup> E-commerce CAC a function of loan ticket size
- \* Excludes brand-building expenses and brand ambassador fees

Further, we develop a customer engagement model that is focused on managing the entire customer lifecycle. This has resulted in high repeat usage; with approximately 50.62% of our AUM as of December 31, 2025 attributable to repeat customers.

We employ a data-driven approach to monitor the performance of each of our acquisition channels. We reallocate resources to maximize cost efficiency and acquisition effectiveness. This supports sustainable growth and provides us with an advantage in the digital lending sector.

### ***Driving asset quality through advanced and comprehensive risk management***

Since commencing operations in 2016, we have built a data-first architecture that integrates ML across our risk, credit and collection workflows. Our systems continuously learn from each interaction, thereby improving fraud detection, credit assessment and borrower behavior modelling over time.

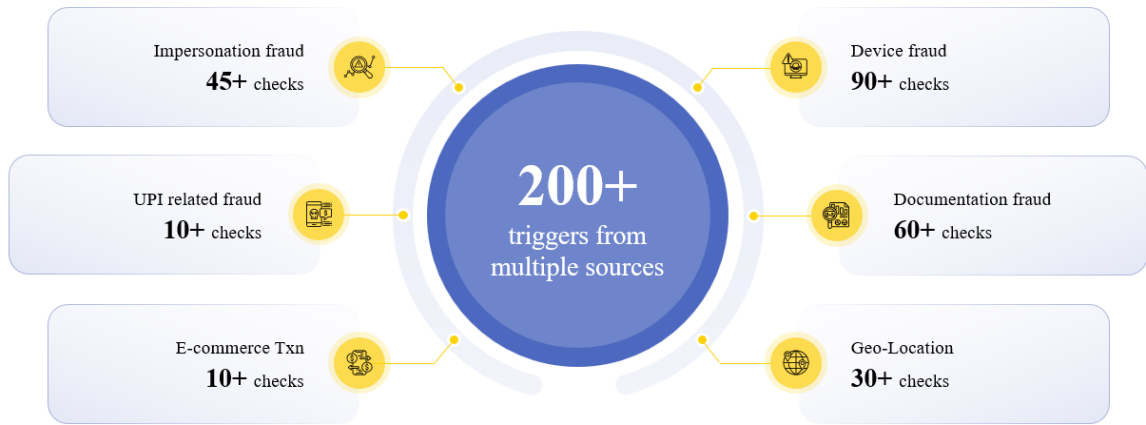

As of December 31, 2025, our underwriting processes are supported by a team of 42 data scientists. This team operates a scalable ML infrastructure, enabling rapid development and deployment. We leverage 39 specialized sub-models, as of December 31, 2025, that are trained on a diverse and evolving dataset. This allows for more accurate risk assessment and tailored credit decisions beyond traditional credit scores.

Our data-driven infrastructure has enabled us to scale into borrower segments that were traditionally underserved by conventional lenders, while maintaining an asset quality across economic cycles. According to the 1Lattice Report, in the nine months ended December 31, 2025, Kissht delivered a mid-tier GNPA performance, outperforming Cholamandalam Investment and Finance Company Ltd. We recorded the highest PCR% amongst the peers which resulted in the lowest NNPA% amongst the peers across Fiscals 2025, 2024 and 2023 and the nine months ended December 31, 2025 (Source: 1Lattice Report). This reflects our prudent provisioning policy and underscores our resilience against potential credit losses (Source: 1Lattice Report).

### ***Integrated fraud and credit risk models:***

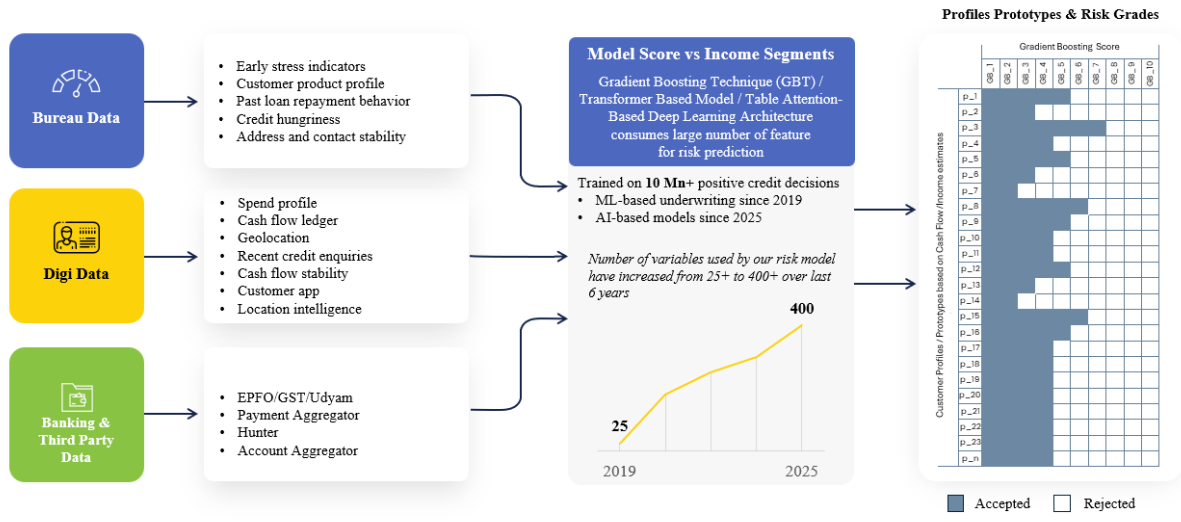

Our proprietary models integrate fraud detection and credit risk assessment into a unified decision-making framework, enabling the approval of 11.20% of new applicants and 73.54% of repeat customers in the nine months ended December 31, 2025.

- Our fraud detection is driven by a combination of facial recognition, identity triangulation and digital data analysis. These systems evaluate over 200 triggers sourced from multiple data sources (such as bureau data, KYC credentials, banking and transactional data and digi-data) to detect and prevent fraud with high precision. Built on a verified base of 19.1 million KYCed customers as of December 31, 2025, our models enable real-time identification of identity related anomalies. In addition, our in-house device fingerprinting technology blocks access from high-risk environments, including rooted devices, emulators, VPNs, location spoofers or devices with suspicious applications.

As of December 31, 2025

- Our credit models utilize more than 400 key variables across credit bureau history, bank statements, transaction behavior, digi-data and account aggregator inputs. All data is obtained and processed within a secure and consent-based framework. These credit models are trained on over 10 million positive credit decisions and validated across multiple credit cycles. Our decisioning infrastructure supports differentiated strategies by customer type and channel. According to the 1Lattice Report, we have been early adopters of ML-based underwriting since 2019 and AI-based models since 2025.

Note: Approval grades are decided across customer profile prototypes from time to time by data science team based on the portfolio performance and collections feedback

As of December 31, 2025

Our model development commences with a feature library of over 7,000 variables, of which 75.12% are related to credit and financial indicators as of December 31, 2025. The remaining variables relate to consumption behavior and online activity patterns. This wide range of data, combined with a growing historical credit database, allows us to price risk more accurately and tailor credit limits and pricing based on borrower profiles.

For our repeat customers, our proprietary ML-based repeat model forms the foundation of underwriting decision-making. It integrates repayment track record with changes in credit bureau data, leverage indicators, and income patterns since the last loan closure. The credit assessment is combined with location and fraud-based checks to ensure comprehensive assessment. This led us to decline over 26.46% applicants during the nine months ended December 31, 2025 despite a positive repayment history with us, when their overall risk profile was deemed unacceptable.

The performance of our underwriting models surpasses traditional credit bureau-based systems. While conventional lenders primarily rely on static credit bureau scores, our models incorporate behavioral signals, alternative datasets and ML algorithms to assess borrower credibility more comprehensively. This also enables us to identify creditworthy individuals who may be misclassified by traditional scoring methods, thereby expanding our access to a wider customer base while maintaining disciplined risk controls.

As illustrated below, our gradient boosting and transformer-based credit scoring framework achieves approximately a 5.17x separation in default rates between the highest and lowest risk segments, which showcases the predictive capabilities of our

proprietary approach and outperforms traditional credit bureau scores (approximately 2.13x).

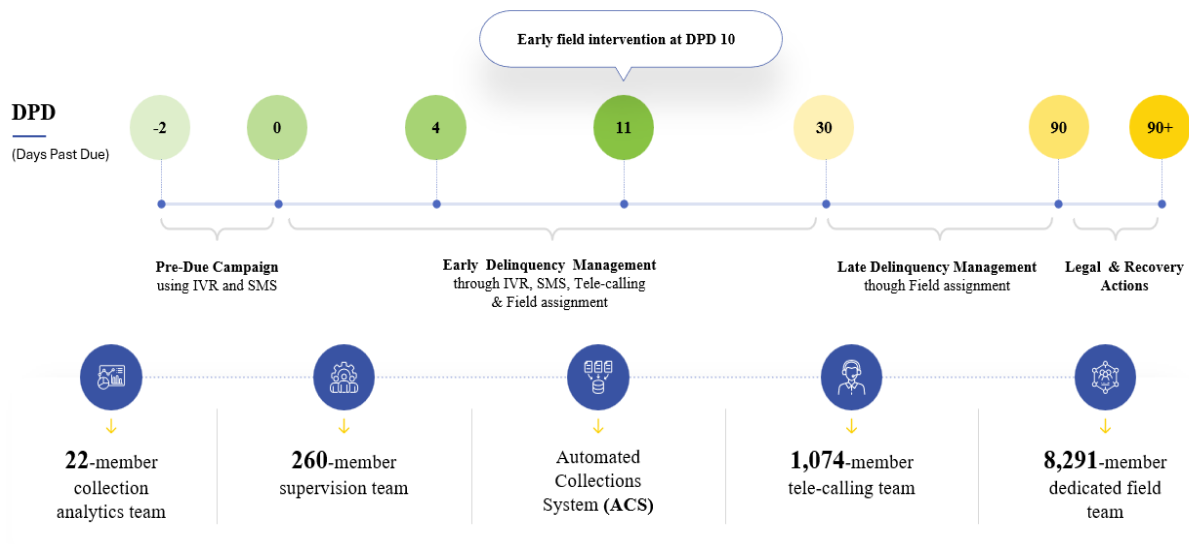

Note:  
 • Default rates represent 9M T90 risk, reflecting the performance of the latest quarter based on disbursements made in Fiscal 2025 that have now completed nine months and reached the 90+ DPD stage.  
 • Both Bureau and Kisht scores are segmented into five risk bands with aligned population distributions: Very high / Excellent (Top 5%), High / Strong (Next 30%), Medium / Moderate (Next 30%), Low / Weak (Next 30%), and Very low / Poor (Bottom 5%)

Multi-tiered collection capabilities:

Our collections strategy is built on insights from historical repayment patterns, application activity behavior and customer behavior, with a focus on minimizing cash-based recoveries by encouraging registration of automated clearing house mandates.

We leverage our in-house ACS and employ a structured, escalating approach to collections based on the stage of delinquency. Initially, customers receive automated reminders before payments are due, followed by targeted outreach using predictive analytics and tele-calling soon after payment defaults occur. As delinquency progresses, higher-risk accounts are assigned to field agents using geo-optimization tools. If accounts remain unpaid after 90 days, legal and recovery actions may be initiated, including formal notices and potential legal proceedings in accordance with law. For further information, see “- Our Business Model - Our collections and recovery structure” on page 200.

As of December 31, 2025

In the nine months ended December 31, 2025, our 30 DPD collection efficiency was 96.95%, demonstrating the effectiveness of our staged collection strategy. Key features of our collections strategy include:

- end-to-end usage of our proprietary ACS;
- a customer segmentation mechanism (being high-risk and self-cure) enabling early field intervention;
- as of December 31, 2025, a team of 1,074 tele-callers which managed over 12.14 million customer calls in the nine months ended December 31, 2025. Our team is supported by SOP-driven processes to handle the high volume of collections;

- as of December 31, 2025, a field collections network of 8,291 field agents and 260 supervisors, covering over 17,000 pin codes across India. This network is fully managed through our proprietary collections mobile application that enabled geo-tagged tracking of 4.66 million field visits during the nine months ended December 31, 2025;
- enhanced skip tracing capabilities that improve contactability and reduce resolution time; and
- minimal reliance on external agencies that ensure control and cost efficiency.

**Automated system-based early warning triggers to identify high-risk customers:**

Our risk management framework deploys automated early warning triggers to monitor exposures in real time, with a focus on higher-risk segments and geographies. These triggers fall into the following two categories:

- **Exposure management triggers:** These are designed to maintain controlled exposure across defined microsegments, i.e., based on geography, demographics, profession and credit profile. These triggers prompt automated actions such as tightening approval rates when exposures breach pre-defined thresholds.
- **Risk-based triggers:** These rely on model performance data and underwriting parameters to dynamically recalibrate risk thresholds in response to shifting portfolio signals.

During the nine months ended December 31, 2025, our early warning systems flagged over 419 instances that prompted proactive risk mitigation measures. These included discontinuing disbursements in over 305 geographic areas (pin codes) across India, rebalancing exposure across five low-income segments in response to elevated leverage indicators and rejecting 0.57% of applications due to elevated levels of gaming behavior, where we identified potential future risk. We continue to apply such controls for both new and repeat customers.

Together, these mechanisms support early identification of emerging risks, enabling timely interventions and helping us to preserve high portfolio quality across credit cycles.

**Access to diversified and scalable funding sources**

Our AUM is built on a balanced funding framework, comprising on-book and off-book loans. On-book loans are originated and managed through our wholly-owned Subsidiary, Si Creva, which is an RBI regulated and registered middle-layer NBFC. Off-book loans are executed in collaboration with leading financial institutions. Our diversified funding model enhances our capital efficiency, supports scalable growth and enables us to serve a wider customer base across risk profiles.

Data as of December 31, 2025  
 \*denotes risk-backed guarantees in form of FLDG as per RBI-prescribed norms

**On-book lending**

Our on-book lending operations have historically been funded through a mix of equity and debt financing and prudent leverage management. As of December 31, 2025, our on-book borrowings amounted to ₹20,475.17 million, with a debt to equity ratio of 1.63. This leverage position provides substantial headroom to raise additional debt funds. We have a diversified lender base of 47 lenders as of December 31, 2025, demonstrating low concentration risk and reliable liquidity.

Our Subsidiary obtained ratings of A- Stable (long term) and A1 (short term) from Acuité Ratings & Research Limited in August 2025, A-/Stable from India Ratings and Research Pvt Ltd in November 2025 and A-/Stable (long term) and A1 (short

term) from CRISIL Ratings Limited in February 2026, reflecting financial stability and investor belief, and enabling us to access capital on viable terms.

### Off-book lending

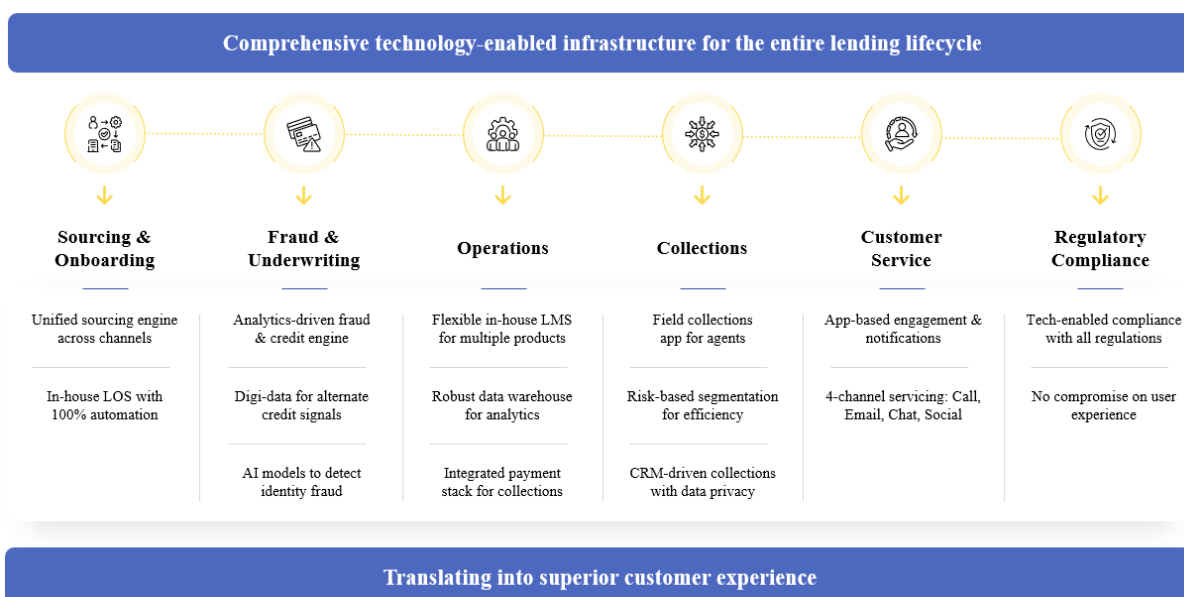

Our associations with our lending partners comprise three distinct arrangements, i.e., 100-0 arrangement, co-lending arrangement and DA. Under the 100-0 arrangement, we act as a sourcing and technology partner, with all loans being recorded directly and entirely on the balance sheet of our lending partners. In the co-lending model, loans originate jointly with our lending partners and a pre-agreed portion of each loan is retained on our Subsidiary, Si Creva's balance sheet, while the remaining portion is held by our lending partners. Further, under the DA model, we originate loans and subsequently assign them to our lending partners shortly after disbursement, which results in minimal balance sheet exposure for our Subsidiary. In all three models, we maintain end-to-end control over the loan lifecycle (including sourcing, underwriting support servicing and collections) ensuring a consistent and seamless customer experience. Allocation of each customer or loan under one of these arrangements is determined by us based on factors such as the lending partner's available credit limits and the customer's eligibility as per the respective partner's underwriting criteria. We provide first loss default guarantees ("FLDG") on our 100-0 and co-lending arrangements in relation to our off-book loans in accordance with applicable RBI guidelines. Our revenue from off-book loans includes sourcing fees (representing charges for originating loans through our platform), servicing fees (representing charges for managing loan servicing and collections) and other performance-linked income (representing charges based on loan performance metrics). These fees and charges are calculated in accordance with pre-agreed contractual arrangements with our lending partners and in compliance with applicable RBI regulations.

Set out below is a breakdown of our AUM based on our on-book and off-book lending as of the dates indicated:

### ***Scalable, cloud-native and AI-built technology platform integrated across all key functions***

We have adopted a technology-first approach across the entire lending lifecycle, i.e., from the initial stages of customer acquisition and digital onboarding to credit underwriting, loan disbursement, post-disbursement servicing and collections. We leverage advanced ML algorithms, AI models and cloud-native infrastructure to build and operate a modern, scalable and secure lending platform. Further, as of December 31, 2025, 331 employees (constituting 16.91% of our total employees) were engaged in product, engineering and technology-related functions.

Set out below are details of certain key pillars of our technology:

**End-to-end ownership of product and technology:** We have designed and developed our core lending infrastructure, including our Lead Generation System, LOS, LMS, ACS and merchant platform. This end-to-end ownership empowers us to develop, test and launch new features and products, and enables us to move from ideation to market launch within weeks. Our modular architecture allows us to respond quickly to evolving customer expectations, regulatory changes and macroeconomic shifts.

**Strategic integration with emerging tools and services:** While our platform is primarily built in-house, we selectively integrate advanced third-party tools and services that complement our existing capabilities. This approach allows us to retain complete control over the user experience, customization and security, while simultaneously accelerating innovation cycles and ensuring both operational scalability and cost efficiency.

**Cloud-native and scalable infrastructure:** Our platform is hosted entirely on a scalable cloud-based architecture, enabling us to operate without the physical and operational limitations of traditional financial institutions. Our system architecture is designed to auto scale dynamically, enabling us to handle surges in user traffic and transaction volumes without compromising system performance or availability. This setup provides high availability, elasticity and performance reliability across all operational workflows.

**Data security, privacy and regulatory compliance:** We place key focus on data integrity, information security and adherence to applicable regulatory standards. Our technology systems are embedded with enterprise-grade encryption of data at rest as well as in transit, secure data storage frameworks and rigorous cybersecurity defenses. We maintain compliance monitoring mechanisms and internal audit systems to detect anomalies, manage risk and ensure oversight governance. This proactive approach helps us to remain aligned with evolving regulatory expectations while reinforcing customer confidence in our platform's security.

**Experienced founders and leadership, backed by marquee investors**

Our Company benefits from our founders and their experience in financial services. Our co-founder and Chief Executive Officer, Ranvir Singh, has over 20 years of experience across financial institutions in India and Southeast Asia. He holds a degree of bachelor of technology in mechanical engineering from the Indian Institute of Technology, Bombay, and a post graduate diploma in management from the Indian Institute of Management, Bangalore. He was previously associated with McKinsey and Company Inc – India and is a founding member of the Fintech Association for Consumer Empowerment. Further, our co-founder and Chief Financial Officer, Krishnan Vishwanathan, has over 18 years of experience in financial service and consultancy. He holds a degree of bachelor of technology in electrical engineering from the Indian Institute of Technology, Delhi and a degree of master of business administration from Yale University. He was previously associated with McKinsey and Company Inc – India, Silicon Access Networks, Analog Devices and Alliance Semiconductor (India) Private Limited. The experience of our founders in fintech businesses and calculated insights have driven our growth in digital lending. Ranvir Singh has also been recognized as the “Most Promising Business Leader of Asia 2023-24” by Times Now at the Asian Business Leaders Conclave in 2024.

Our leadership is further strengthened by a senior management team whose experience spans financial products, risk management and technology. This positions us to navigate India's evolving fintech landscape and swiftly capitalize on growth

opportunities. We believe that our leadership team's commitment to long-term sustainable growth and profitability positions us as a resilient and trusted player in India's digital lending market. For further details, see "Our Management" on page 177.

Global investors, such as Vertex Growth Fund and other leading venture capital firms have invested in our Company. Our investor backing showcases their trust in our business model and supports continued investment in technology, product expansion, and operational scale-up.

## **Our Strategies**

Set out below are our strategies. The strategies described below have been approved by a resolution passed by our Board of Directors at its meeting held on April 11, 2026.

- Deepen relationships with our existing customer base and continue to acquire new high-quality customers to achieve a leadership position in the mass market segment
- Continue improving credit models to drive profitability
- Be at the forefront of technology by leveraging ML, generative AI and other emerging tools
- Deliver superior profitability at scale by leveraging lower cost of funds and operating leverage
- Build a comprehensive financial services platform through product expansion

### ***Deepen relationships with our existing customer base and continue to acquire new high-quality customers to achieve a leadership position in the mass market segment***

We are focused on increasing engagement with our existing customer base while expanding our reach through our diversified sourcing channels such as fintech aggregators, digital marketplaces and offline merchant networks. By strengthening partnerships and onboarding new collaborators across these platforms, we aim to enhance reach, improve conversion rates and attract customers. To maximize customer value, we will broaden our product suite with higher ticket sizes, flexible and longer tenures, competitive interest rates and secured lending solutions. We aim to grow alongside our customers as their financial profiles evolve.

These efforts are supported by our comprehensive marketing and brand-building initiatives, including strategic campaigns with public figures, such as Sachin Ramesh Tendulkar, our current brand ambassador, for brand visibility, trust and organic acquisition. Additionally, we will leverage advanced analytics and data-driven marketing to personalize communication and deepen customer engagement. Collectively, we believe that these initiatives will drive higher app downloads, loan applications and product adoption.

### ***Continuous improvement in credit models to drive growth and profitability***

Our growth and profitability are significantly driven by regular enhancements in our underwriting models across fraud and credit underwriting parameters, which we intend to sustain in the future. Improvements in our underwriting and risk models will lead to higher approval rates, more competitive loan offers and enhancements that will directly contribute to the expansion of our AUM.

As our models become more precise, we seek to effectively re-engage and approve customers who previously showed interest but did not qualify, thereby increasing our customer base. Additionally, improved model efficiency unlocks new marketing and acquisition channels that were previously economically unviable, creating further avenues for growth. Our commitment to continued technological and analytical advancement is a key strategy for driving sustained growth and profitability.

### ***Be at the forefront of technology by leveraging ML, generative AI and other emerging tools***

We have invested, and will continue to invest, in our technology platform to strengthen our competitive position in digital lending. We intend to continue our focus on leveraging ML and generative AI tools to improve operations across customer acquisition, risk assessment, loan servicing and collections.

We are utilizing AI across multiple facets of our operations to elevate both customer experience and organizational efficiency. For instance, we are deploying an AI-driven onboarding voice assistant, designed to seamlessly guide customers through the loan application process, offering real-time assistance and thereby minimizing application drop-offs. Further, we are in the process of establishing a next-generation AI-powered customer support platform, which incorporates advanced voice bots capable of directly addressing customer inquiries. This initiative is expected to substantially reduce interactive voice response (IVR) wait times and enable our personnel to focus on more complex customer interactions where they can add greater value.

In addition, we are deploying intelligent and generative AI voice bots within our collections function. These bots will facilitate personalized and adaptive communication strategies, thereby enhancing recovery rates. They will also automate call-quality

assessments and generate actionable insights.

***Deliver superior profitability at scale by leveraging lower cost of funds and operating leverage***

We aim to deliver superior profitability at scale through optimizing our cost of funds and maximizing operational leverage. Our approach focuses on building a diversified and cost-effective funding ecosystem while capitalizing on our existing infrastructure capacity to drive our profit growth.

*Lowering cost of funds:* We aim to systematically diversify our funding base across our on-book and off-book operations in a balanced manner. As we scale our AUM, we aim to gain access to improved funding terms from a broader range of financial institutions including public sector undertakings. Our expanding scale and strengthened capital position will drive improvements in our credit ratings, enabling us to secure more competitive terms, including better interest rates from all financing partners. Additionally, we will continue to develop our off-book partnerships by pursuing strategic growth, adding new off-book partners such as banks and increasing AUM with existing partners to maximize partnership value.

*Operating leverage advantage:* We plan to capitalize on our current investments in core infrastructure, technology platforms and operational frameworks. As our business grows and AUM increases over the next few years, we expect only minimal increases to our existing cost base (including compliance, risk management and core operational systems). This approach will provide us with significant competitive advantages.

***Build a comprehensive financial services platform through product expansion***

We are committed to expanding and evolving our product portfolio to meet the evolving needs of our customers, while building an integrated financial services platform that supports long-term and sustainable growth.

*Expand into secured lending, i.e., loans against property (“LAP”):* We forayed into secured lending through LAP in the last quarter of Fiscal 2024, catering to both our existing personal (“PL”) customers and new customers. According to the I Lattice Report, the mass market segment faces significant challenges in availing MSME loans, primarily due to inefficient processes across customer journey often resulting in longer turnaround times (“TAT”). We intend to transform the LAP experience by addressing these inefficiencies and delays inherent in traditional processes. By leveraging our robust technology platform and data analytics capabilities, we aim to digitize and automate key stages of the LAP journey, including customer onboarding, data collection, document verification and underwriting. This approach aims to reduce TAT, improve efficiency and enhance compliance, delivering a seamless, transparent and customer-centric experience. As of December 31, 2025, we offer LAP through 82 branches across seven states and one union territory in India. Further, in relation to LAP in the nine months ended December 31, 2025, our average ticket size was ₹478,378, average lending rate was 21.44% and 83.54% of loans had a TAT of less than 15 days from login to sanction. We plan to further expand our branch network into strategically important and underserved regions across India.

*Diversification into non-lending financial products:* We intend to diversify our non-lending financial products suite to address customer demand and enable greater convenience by providing these products on a single platform. We commenced the distribution of health insurance products in Fiscal 2023 and savings products in the nine months ended December 31, 2025. Set out below are certain details of our health insurance products for the period/ years indicated:

Particulars	Nine months ended December 31, 2025	Fiscal		
		2025	2024	2023
Gross premium (₹ million)	891.49	66.86	140.60	449.74
Number of insurance policies sold	1,454,569	260,922	507,905	895,096

We aim to further expand our insurance portfolio to include life and auto insurance by strengthening our existing partnerships and establishing new relationships with insurance providers. We intend to provide customized insurance solutions through strategic collaborations with leading insurers. Similarly, we aim to further develop our savings and investment product offerings by facilitating digital access to various savings and investment options such as fixed deposits, mutual funds and digital gold. By utilizing AI-driven personalized recommendations, we aim to align these non-lending financial products with individual financial goals and risk profiles, which will further enable us to position ourselves as a comprehensive and trusted financial services provider.

**Our Business Model**

Our Company owns and operates the Kissht technology platform which comprises the customer-facing application, backend systems and collections technology infrastructure. Our Company is also responsible for marketing and customer acquisition activities. At the platform level, our Company collects only limited customer information such as name and contact details, which is used solely to apply preliminary eligibility filters across our network of financing partners. Our Company does not conduct KYC verification, credit underwriting or any credit decision-making.

Based on these eligibility filters, customers are presented with loan offers from various regulated lending institutions, including Si Creva, our Company's wholly owned Subsidiary, as well as our off-book lending partners. Customers independently select a lender of their choice from the available options.

Si Creva (an RBI regulated middle-layer NBFC) independently owns and performs all core lending functions within our Group. These functions include customer onboarding, KYC verification, credit appraisal, loan sanctioning, disbursement and collections. All such activities are conducted in compliance with RBI regulations, including applicable guidelines on outsourcing of financial services.

All customer KYC data, credit information and loan-related records are owned, stored and controlled exclusively by the regulated lending entity extending the loan, whether our Subsidiary or our off-book lending partners, as the case may be. Our Company does not have access to, nor does it retain ownership of, any customer KYC or credit underwriting data.

### ***Our Products***

Product	Description of product	As of December 31, 2025			
		AUM (₹ in million)	Tenure	Ticket size	Location
Personal loans	Offered to salaried and self-employed individuals for various consumption and business needs	56,122.85	Up to five years	Up to ₹0.5 million	Pan India
Loan against property	Offered to asset-owning MSME and salaried individual seeking long term loans for business expansion and working capital needs	3,434.68	Up to 15 years	Up to ₹3.00 million	Seven states in India, i.e., Maharashtra, Tamil Nadu, Gujarat, Uttar Pradesh, Uttarakhand, Telangana and Andhra Pradesh, and one union territory in India, i.e., Puducherry

### **Personal loans**

We offer PLs to salaried and self-employed individuals for tenures of up to five years and a ticket size of up to ₹0.5 million. Our customers primarily utilize these loans for working capital and other business-related purposes, including the purchase of assets, tools and equipment. They also avail these loans for personal consumption needs such as small-ticket consumer durables, home renovation, online education and other emergency requirements including medical expenses. We offer PLs to customers across India through our digital lending platform, ensuring quick access to credit. Based on our interest rate policy, we charge up to 36.00% interest on PLs as of March 31, 2026. Set out below are certain details of our PLs for the nine months ended December 31, 2025 and Fiscals 2025, 2024, and 2023:

Particulars	As of and for the nine months ended December 31, 2025	As of and for the financial year ended March 31,		
		2025	2024	2023
AUM from PLs (₹ million)	56,122.85	40,111.24	26,035.89	12,679.28
AUM from PLs as a percentage of total AUM (%)	94.23%	98.15%	99.97%	100.00%
Average ticket size of PL (₹)	24,767.96	31,573.28	14,720.30	7,172.16

### **Loans against property**

In the last quarter of Fiscal 2024, we expanded our product portfolio to offer LAP (i.e., loans secured against residential and commercial properties), designed to primarily serve the rising demand from our existing customer base, presenting a significant opportunity to deepen engagement while addressing their evolving credit needs. Our LAP offering enables us to tap into a mass-market and asset-owning customer segment seeking longer-term loans for business expansion, working capital, debt consolidation and other personal requirements. LAP is offered with a maximum tenure of up to 15 years and a ticket size of up to ₹3.00 million. Based on our interest rate policy, we charge up to 34.00% interest on LAP as of March 31, 2026. As of December 31, 2025, we operated 82 LAP branches spread across seven states in India, i.e., Maharashtra, Tamil Nadu, Gujarat, Uttar Pradesh, Uttarakhand, Telangana and Andhra Pradesh, and one union territory in India, i.e., Puducherry. Set out below are certain details of our LAP business for the nine months ended December 31, 2025 and Fiscals 2025, 2024, and 2023:

### Underwriting approach

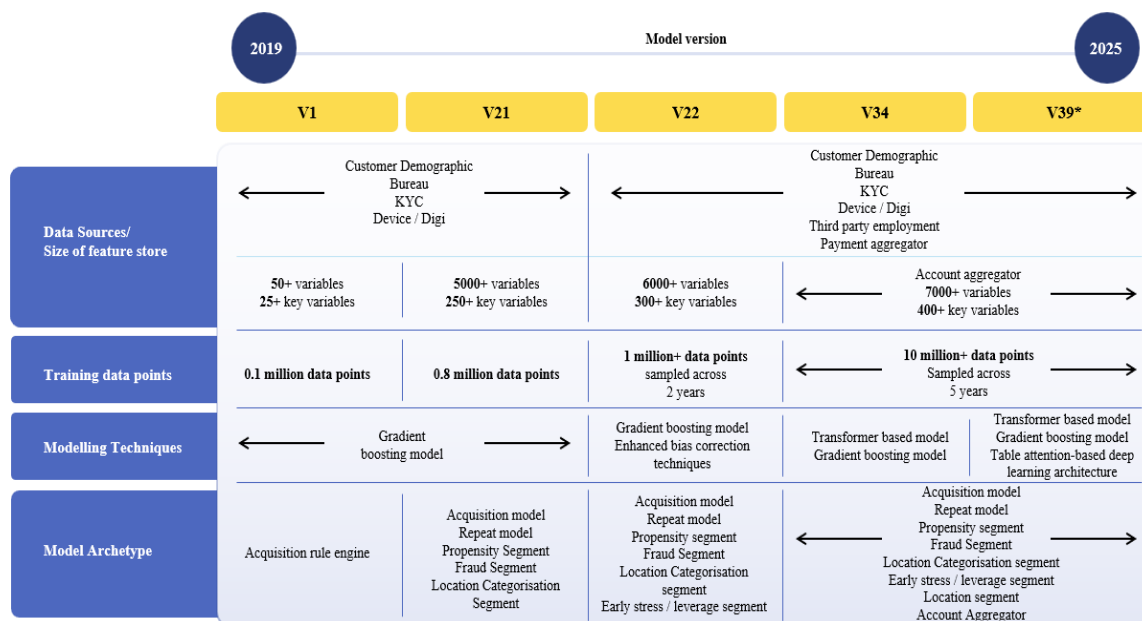

**Data-led underwriting using credit and fraud signals:** Our proprietary underwriting models utilize a wide range of credit and fraud parameters to assess borrower creditworthiness. Key inputs include traditional credit bureau data, bank statements accessed through account aggregators, spending patterns from alternate data, behavioral signals and device-level risk markers. This multidimensional risk evaluation enables us to optimize for both risk and approval rates, resulting in an underwriting approval rate of 11.20% for new applicants and 73.54% for repeat customers in the nine months ended December 31, 2025.

**Continuous model evolution enabled by expanding customers and loans data:** As of December 31, 2025, our platform had 63.73 million registered users and we approved over 50 million new and repeat loans since the inception of our operations in 2016. This scale has enabled us to develop a large and diverse dataset across various geographies and borrower profiles. The data generated from customer interactions and loan performance is continuously fed back into our model, establishing a cycle of ongoing improvement. With every new loan and repayment, the model gains additional insights, enabling it to learn and make increasingly better decisions over time. This cycle of data, customers and machine learning supports higher approval rates while maintaining risk standards.

With the expansion of our data set, our models have also advanced in terms of technology. We commenced with logistic regression techniques, subsequently progressing to ensemble-based methods such as XGBoost. Recently, we have adopted transformer-based architectures and table attention-based deep learning architecture that allow deeper pattern recognition.

**Evolution of our underwriting model:** Our models enabling lending decisions are central to its efficacy and the high-quality experience we provide to our customers. Our models have evolved rapidly over the years, as illustrated below:

\*As of December 31, 2025

Further, set out below are certain key aspects of our AI models:

- **Variables:** The number of variables in our models has grown from approximately 25 in 2019 to over 7,000 as of December 31, 2025. Of these, over 400 key variables are used in underwriting, capturing credit experience, employment history, education history, bank transactions, leverage patterns, investment and spending behavior, and application-level signals.
- **Training data:** As of December 31, 2025, our models are trained using data from 63.73 million users. The ongoing ingestion of monthly repayment outcomes enables near real-time model learning and refinement.
- **Modelling techniques:** With a growing training dataset and evolving ML capabilities, our models have progressed from early logistic regression frameworks to XGBoost-based ensembles, transformer-based architecture and table attention-based deep learning architecture.

For repeat customers, our credit evaluation process begins by identifying individuals with a positive repayment track record on existing loans. We then apply a series of additional checks, including bureau data, fraud triggers, location-based factors, and our proprietary Repeat Model. Key reasons for rejection at this stage include factors related to model scores 15.54%, leverage 5.97%, device 2.97%, geography-specific risks 0.21%, repayment history with other lenders 1.32%, and banking transaction variables 0.45%. Through this comprehensive methodology, we reject repeat applicants despite a positive internal repayment record. This approach has enabled positive portfolio performance amongst repeat customers compared to first-time borrowers.

Our sustained efforts in strengthening the underwriting framework have enabled us to materially improve the quality of our credit decisions. Our 90 DPD risk for first EMI, a critical early delinquency metric, has declined from 6.83% to 0.83% between June 30, 2023 and December 31, 2025. This reduction is accompanied with significant AUM growth, highlighting the strength of our risk models, data-led underwriting and credit governance. It also underscores our ability to scale responsibly while maintaining portfolio quality.

Notes:  
 • AUM figures are presented in ₹ Mn  
 • 90 DPD (1st EMI) excluding not due cases

For LAP applications, once creditworthiness is established, we undertake structured location-based checks led by our branch credit managers. These include residence verification to validate KYC details and assess location, business premises check to confirm the existence and scale of business activity; and property collateral evaluation by internal experts, covering legal and technical diligence, along with fair market value assessment.

By combining our advanced analytics with the field-level operational network, we have built a scalable credit infrastructure that enforces strict risk management. This hybrid model is central to expanding credit access while safeguarding asset quality. Our risk management framework prioritizes prudent growth, with tight monitoring across branches and customer cohorts. On-ground checks and a clear segregation between risk, audit and business functions enable proactive risk control. These efforts are supported by our AI/ML-based underwriting engine, which continuously adapts to the evolving financial behavior of both secured and unsecured borrowers.

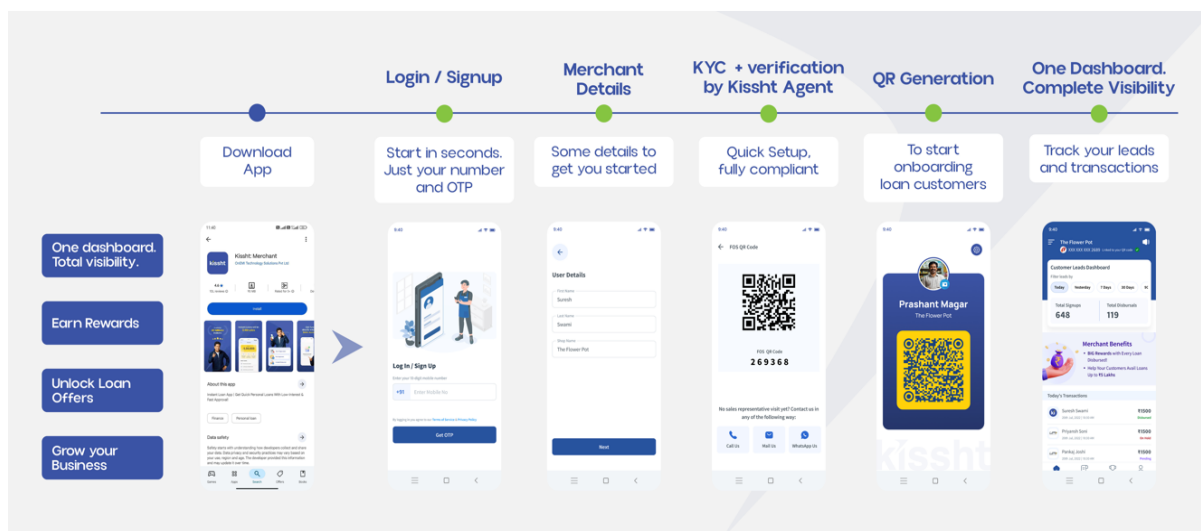

### ***Omni-channel acquisition strategy***

We source our customers for personal loans through four key channels:

**Online marketing:** We target prospective customers through our omnichannel, performance-centric approach that leverages diverse platforms including affiliate networks, OEM display networks, streaming services and alternative digital media inventories extending beyond search engines and social media. This adaptable strategy allows us to efficiently reach high-intent users across diverse audience segments. Over the last three Fiscals and the nine months ended December 31, 2025, we have expanded our social media presence, achieving higher engagement rates. We have also established effective partnerships with regional influencers and financial literacy experts to build trust and brand loyalty. As of December 31, 2025, we had over 11.17 million unique users. We employ real-time analytics, bot-detection algorithms, and AI-enhanced multi-touch attribution to track performance and dynamically reallocate spends, ensuring agility in channel optimization across India’s fragmented digital landscape.

**Merchant partners:** We utilize an innovative O2O customer acquisition model through strategic alliances with small businesses across India. Self-service credit QR codes are deployed at merchant locations, seamlessly guiding customers to our mobile application for instantaneous credit approvals. This model unlocks expansive access to broad and underserved market while mitigating reliance on online channels. In the nine months ended December 31, 2025, our network included 52,396 active merchants facilitating credit QR-led customer acquisition. Merchant partners are instrumental in broadening our reach and building trust among diverse customer groups and their goodwill allows us to deliver accessible and relevant financial solutions.

The screenshots below illustrate our mobile application used by our merchants:

**E-commerce platforms and loan aggregators:** Our embeddable API stack integrates seamlessly with e-commerce platforms and loan aggregators. These integrations enable us to deliver contextual loan offers within partner platforms, eliminating the need for separate application download. This helps us increase conversion rates and reduce friction in the user journey.

**Organic channel:** Our customer base continues to expand through organic channels, driven by brand recognition and visibility. Continued investments in app-store optimization (ASO) and search-engine optimization (SEO) have further enhanced our digital footprint. As a result, we are able to attract new users with minimal reliance on paid-marketing, significantly strengthening the effectiveness and efficiency of our organic acquisition strategy.

Our lead generation for LAP is executed through a multi-channel sourcing mode comprising cross-sell and direct sourcing through branches. LAP was launched in the last quarter of Fiscal 2024 aimed at deepening engagement with our existing customer base. As of December 31, 2025, 47.55% of LAP customers were registered users of the Company. Our branch-led model, supported by an extensive distribution network, allows us to efficiently source creditworthy borrowers. Our sales managers drive open-market sourcing through offline channels and local relationship building, enabling lead generation, particularly within micro and small business clusters. As of December 31, 2025, we had over 550 sales managers deployed in the field.

In Fiscal 2025, we appointed the former Indian cricketer, Sachin Ramesh Tendulkar, as our brand ambassador to build consumer trust and improve brand recall. This partnership aims to deepen engagement in our core markets for both PL and LAP. It aims to elevate our brand image, increase impressions and drive new customer acquisition. This initiative is a key element of our “brandformance” strategy, which integrates brand awareness with measurable business outcomes such as app downloads.

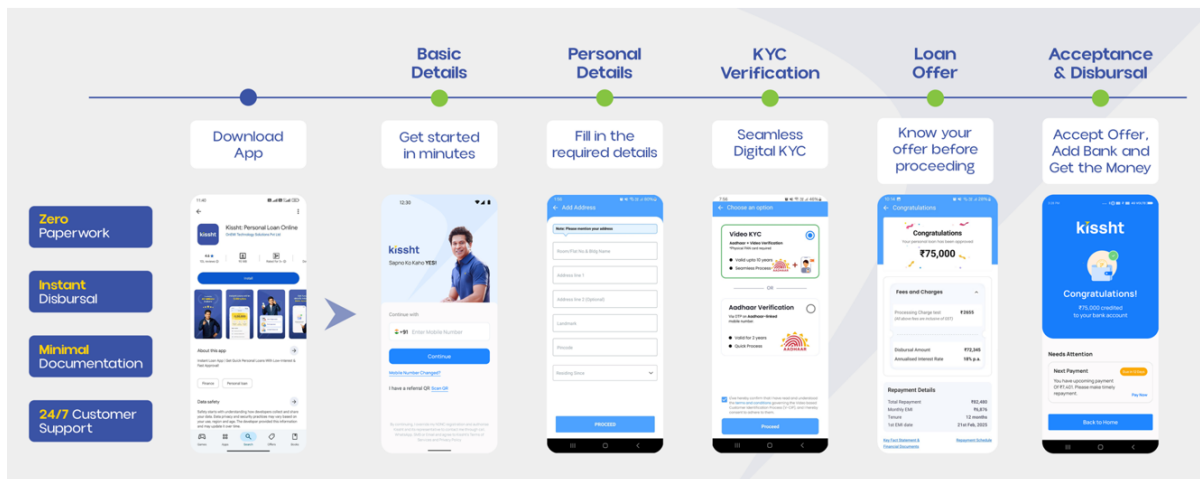

We follow a data-driven approach to continuously optimize acquisition performance through dynamic resource reallocation for improved cost efficiency and impact. In embedded journeys, we also leverage partner-derived metavariables based on anonymized user behavior to refine lending limits, strengthen cohort mapping and improve conversion rates. This strategy allows us to maintain a superior cost of acquisition and high customer lifetime value, supporting sustainable growth and reinforcing our competitive advantage in the digital lending industry.

### Customer journey

#### 100% digital approach for PL

We have built a digital platform that allows customers to access instant loans with zero paperwork, minimal documentation along with 24/7 customer support. Our digital platform enables prospective borrowers to seamlessly check their loan eligibility, select a preferred offer, fulfill KYC requirements and examine all mandatory disclosures. Our personal loans are offered entirely through a digital process across India, without any requirement for physical intervention. The user-friendly interface of our mobile application facilitates repeat engagement and customer loyalty.

The screenshots below illustrate the complete customer journey within our platform:

Set out below are the steps of our customer’s journey in their loan applications with us:

*Application initiation:* The loan disbursement process commences with the user selecting a preferred loan product (such as personal or business loan) directly from the home screen of our application. This entry point is designed for ease and speed, enabling users to seamlessly initiate the application process through an intuitive user interface. Our system intelligently prioritizes eligible products based on behavioral scoring and device signals, helping to reduce early-stage drop-offs.

*Personal and KYC details:* The user proceeds to provide the personal and financial information, including mobile number, PAN and Aadhaar details. We leverage real-time APIs and selfie-based verification to complete KYC instantly, ensuring both regulatory compliance and user convenience. AI-based liveness detection and digital deduplication engines help ensure fraud-free onboarding while preserving a seamless user experience.

*Offer selection and customization:* Once verified, the user is presented with one or more loan offers, which may vary in loan amount, tenure and interest rate. Users can select the offer that best meets their financial needs, ensuring a personalized lending experience. These offers are generated through our proprietary rule engine and machine learning models, which evaluate credit bureau data, financial information, and alternate data sources in real time.

*Bank account and agreement:* The user adds bank account details for loan disbursement and reviews the final loan summary before proceeding to digitally sign the loan agreement. This stage completes all required statutory compliances, ensuring a fully digital and paperless journey. Our configurable document engine facilitates dynamic generation of loan agreements, customized to meet lender-specific and product-specific regulatory requirements.

*Disbursement and loan management:* Upon successful agreement and completion of back-end checks, funds are disbursed directly to the user’s verified bank account. Post-disbursement, the user can manage their loan entirely through our mobile application, which serves as a unified digital dashboard for tracking EMIs, making repayments, requesting top-ups or initiating pre-closure, among other features.

Set out below is a pictorial representation depicting the pan-India presence of our customers:

*The mini dots represents Kissht customers geo-tagging (lat-long) at the time of taking loans during the period Oct to Dec 2025*

### **LAP process for reduced login to sanction time**

Lead evaluation is initiated through our mobile application, with automated data pulls from third-party sources such as credit bureau checks, bank statement analysis, GST and ITR records, EPFO data, and Udyam registration to enable a comprehensive financial profile assessment. Applicants clearing the initial underwriting are onboarded digitally. KYC and document verification are completed seamlessly, with personal data automatically masked during storage to ensure compliance with data privacy norms. A credit personal discussion is conducted to assess borrower intent and validate details. In many cases, we conduct discussions through video calls, thereby reducing TAT while maintaining high-quality credit assessment standards. Following an in-principle approval, final diligence is carried out comprising legal verification through title search reports, property valuation through internal and third-party agencies, and field credit underwriting, which includes checks against the CERSAI database to confirm the collateral's encumbrance status. Upon successful completion of due diligence, mortgage creation is executed through a hybrid online-offline process. Following this, the loan is disbursed directly to the customer.

### ***Our technology platform***

Our Company has built a proprietary suite of digital platforms that form the backbone of our customer acquisition and lending ecosystem. Developed entirely in-house through sustained investment in technology, data science, and process innovation, these platforms enable seamless delivery of financial products across the customer lifecycle, from acquisition and underwriting to disbursement, servicing, and collections. At the core is the “Kissht” application, our flagship consumer-facing platform offering instant credit through advanced analytics and proprietary credit models. We also operate “PaywithRing (powered by Kissht)” application, focused on providing instant credit to customers reaching our platform through merchants. Supporting merchant-led acquisitions is the “Kissht Merchant” application, which facilitates point-of-sale financing via “Credit QR” at partner stores. Our collections and servicing infrastructure comprises the “ACS”, “Kissht CRM”, and “Kissht Collections App”, enabling efficient tele-calling and field recovery management. For our secured lending business (LAP), we operate an integrated solution comprising the “Kissht LAP Sales” application for lead generation and the “Kissht LAP LOS” Panel for credit and operations teams. We are also piloting “Conexo”, a platform for sourcing retail loan products including credit cards for other financial institutions. Complementing these are our scalable backend systems, such as user management system, LMS, and off-book partner platform, among others, and our consumer and partner-facing websites (kissht.com and sicrevacapital.com) that serve as access points to our technology ecosystem. Collectively, these assets create a unified, scalable fintech platform and reinforce our position as a technology-driven financial services provider.

Technology constitutes the foundation of our operations and is embedded in every phase of our lending process. Set out below are key elements of our technology platform:

*In-house end-to-end lending platform:* We have developed a fully integrated lending platform that manages the complete loan lifecycle beginning from customer acquisition and digital onboarding, credit assessment and loan origination to post-disbursal services and collections. This custom-built system enables seamless automation across all stages ensuring efficiency, scalability and quicker TAT.

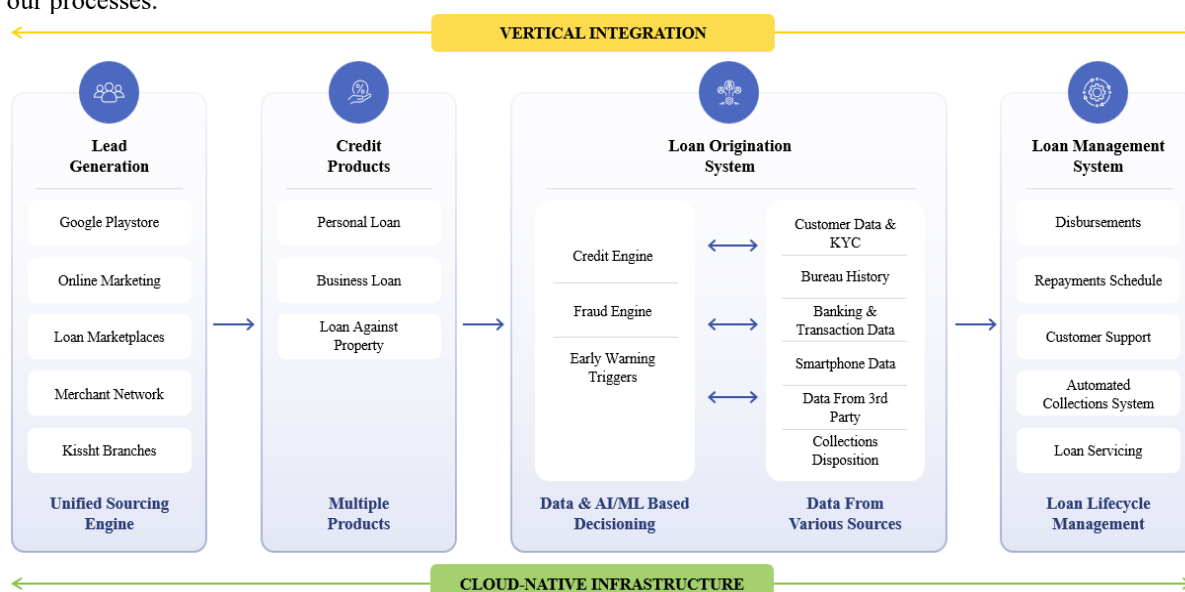

*Empowering sales and merchant partners with digital tools:* We offer dedicated applications and dashboards tailored for our field teams, merchant partners and customers. These tools enable real-time lead tracking, quicker loan processing and better visibility across the funnel, which enables higher conversions and improving partner productivity.

*Robust multi-partner architecture with compliance at its core:* Our platform is built to seamlessly support multiple lending partners through a secure, scalable and multi-tenant architecture. The system is designed for plug-and-play integration, featuring a configurable Business Rules Engine (BRE), modular LOS, and a flexible LMS. This architecture enables us to onboard and scale partnerships efficiently, without compromising on governance, compliance or control.

*AI and ML driven decisions:* We rely on AI, ML and a cloud-native architecture to design, implement and scale a secure and modern lending platform. We pursue a technology-first approach which is embedded across the customer journey, enhancing each step from credit risk assessment and fraud detection to product personalization and collections strategy. Since the inception of our operations in 2016, we have utilized over 10 billion data points for our loan disbursals, as of December 31, 2025. These data-driven insights help us undertake smarter decisions, reduce risks and improve our operational performance.

We place focus on recruiting and retaining talented professionals to improve our in-house technological capabilities across various segments of our business including product management, engineering, data science and technology operations. By prioritizing internal product development, we minimize our dependence on external vendors. Our technological capabilities allow rapid innovation, consistent performance and a seamless, friction-free customer journey, leading to customer satisfaction. Our proprietary systems and tools enable us with complete command and a holistic ownership of our product and technology stack.

Our continued investment in technology has reduced friction in our operations and accelerated our time-to-market for new products and business lines. As a result, we are able to expand efficiently while maintaining control, consistency and speed across our processes.

## Collections infrastructure

Our collections strategy is built on early intervention and digital enablement. We differentiate between a borrower's ability and willingness to repay and train our teams to handle collections with an empathetic borrower-first mindset.

We deploy a data-driven collections strategy anchored in advanced risk segmentation and predictive modelling, including logistic regression, decision trees and machine learning, to assess default probabilities based on borrower profile, behavioral analysis and repayment history. This enables us to prioritize high-risk accounts while automating recovery for low-risk, high-volume segments through digital channels.

Behavioral analysis and propensity models help identify customers most likely to self-cure or respond to nudges. Channel preference models ensure that each customer is engaged through the most effective medium such as SMS, WhatsApp, IVR,

agent call or field visit, leading to maximizing response rates and optimizing costs. We conduct strategy testing to refine the tone of messages, timing, frequency, and outreach channel. Performance metrics such as promise-to-pay rates, conversions and cost efficiency, guide us for real-time optimization.

Kissht has adopted a “digital-first” approach to collections, offering borrowers the ability to repay through multiple convenient, digital channels including UPI, debit cards and net-banking through our self-service mobile application and website. At the time of loan disbursement, we mandate automated repayment setup to encourage consistent repayments and minimize defaults. For certain instances where in-person contact is necessary, our teams use technology tools such as QR codes, WhatsApp-enabled payment links and digital receipts to ensure transparency and minimize cash handling. For higher-risk or overdue accounts, our collections infrastructure operates across three levels, i.e., tele-calling, field collections and legal recovery, allowing us to tailor the strategy to the stage of delinquency. All collection activities are managed internally, which gives us enhanced control and consistency in borrower engagement.

Set out below is a region-wise breakdown of our collections team as of December 31, 2025:

	Number of individuals as of December 31, 2025

### Our collections and recovery structure

Our collections activities are prioritized based on the stage of customer delinquency, which increases in intensity as delinquency deepens:

- **Pre-delinquency:**

Automated digital communications, i.e., app notifications, SMS, voice messages and emails, encourage timely repayments without manual intervention.

- **Early delinquency (1-30 DPD):**

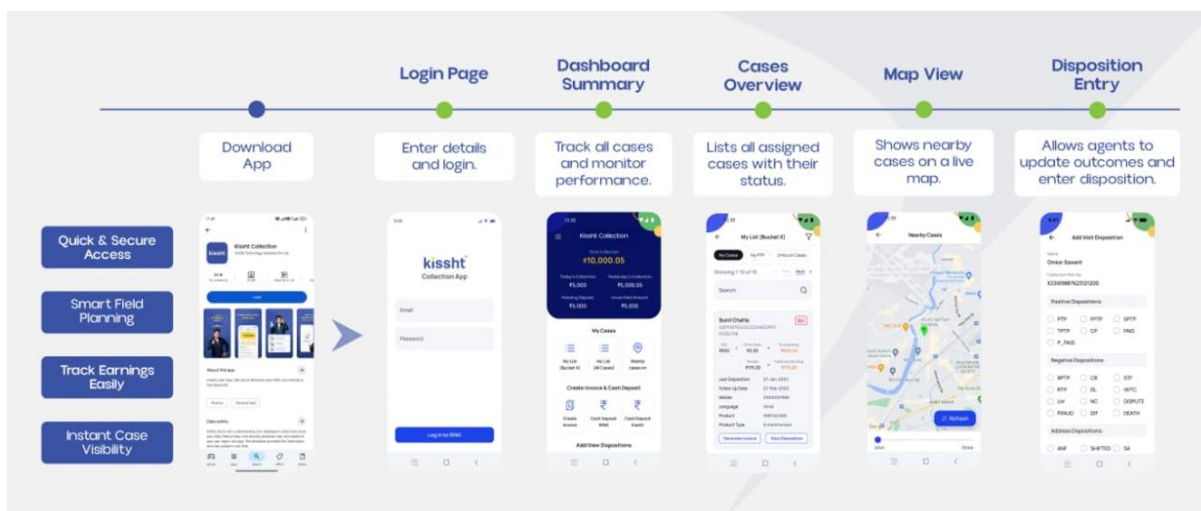

**DPD 1 to 4:** Upon customers missing the payment, we employ ML based propensity-to-pay models to predict their likelihood to self-cure without hard collection efforts. Such customers continue receiving gentle reminders via SMS, WhatsApp and app notifications. Customers less likely to repay promptly are targeted through focused tele-calling efforts by our in-house managed team.

**DPD 5 to 10:** At the end of the first four days, we implement a second ML model that evaluates customers again, considering factors such as risk profile, past repayment behavior, tele-calling outcomes, product type and updated credit bureau information. Customers identified as low-risk continue to receive follow-ups from our tele-calling team. Those identified as high-risk are immediately assigned to our field collections team. During the period between January 1, 2025 to December 31, 2025, the DPD 10 repayment recovery was 51.5% to 61.5% of the overdue cases on a monthly basis, demonstrating the effectiveness of our early engagement strategy.

**DPD 11 to 30:** All accounts remaining unpaid after DPD 10 are assigned to our field collections team. We efficiently allocate these cases to agents using geo-based optimization tools, which consider agent proximity, availability and the likelihood of customer contact. Our field agents interact with customers exclusively through our secure Kissht Collections App, ensuring no sensitive personal data is shared externally. The Kissht Collections App records all customer interactions, tracks promises-to-pay, logs GPS locations of agents and issues electronic receipts upon payment. This structured approach ensures efficient collections while safeguarding customer privacy.

- **Late delinquency (31-90 DPD):**

Our field collections team continues to pursue recoveries in this delinquency stage through persistent follow-ups, relationship-based engagement and a customer-centric approach grounded in empathy and respect. This structured process has contributed to a consistent improvement in recovery efficiency, with over 90 DPD collection efficiency increasing from 94.19% in the first quarter of Fiscal 2023 to 98.75% in the last quarter of Fiscal 2025. In the nine months ended December 31, 2025, our 90 DPD collection efficiency was 97.64%.

- **Legal and recovery efforts (over 90 DPD):**

Legal and recovery processes are typically initiated when customer accounts reach 90 DPD. At this stage, we closely review each case. Those showing positive signs of repayment willingness are provided an additional period for resolution through continued engagement. Cases without satisfactory response or resolution are escalated to our dedicated settlements team for focused recovery action. Our specialized legal managers issue formal default notices for high-value cases and pursue appropriate legal remedies including legal notices, arbitration proceedings or court filings, ensuring a fully compliant recovery process.

### **Liability management**

We offer loans to customers through our Subsidiary, Si Creva (an RBI regulated middle-layer NBFC) as well as through our lending partners. Set out below is a breakdown of our AUM based on our on-book and off-book lending as of the dates indicated:

Particulars	As of December 31, 2025	As of March 31,		
		2025	2024	2023
AUM (₹ in million) <sup>(1)</sup>	59,557.53	40,866.38	26,042.75	12,679.28
- On-book AUM (%) <sup>(2)</sup>	51.13%	60.55%	56.65%	35.54%
- Off-book AUM (%) <sup>(3)</sup>	48.87%	39.45%	43.35%	64.46%

Notes:

- <sup>(1)</sup> AUM represents the aggregate of principal outstanding held in On-book and held in Off-book lending partner books as on the last day of the relevant period (includes On-book and Off-book AUM).
- <sup>(2)</sup> On-book AUM % represents the aggregate of principal outstanding held in On-book as on the last day over total On-book and Off-book AUM as on the last day of the relevant period.
- <sup>(3)</sup> Off-book AUM % represents the aggregate of principal outstanding held in Off-book lending partner books as on the last day of the relevant period over total On-book and Off-book AUM as on the last day of the relevant period.

Our on-book lending is supported by a combination of equity and debt, allowing us to manage leverage. This diversification has helped us to manage concentration risk and maintain stable access to liquidity. We have broadened our funding sources, engaging with a wide range of institutions, including public and private sector banks, small finance banks, foreign banks, non-banking financial companies and fund houses. We raise funds through multiple products including term loans, non-convertible debentures, working capital demand loans, commercial papers and pass-through certificates (“PTC”). These on-book loans are held on the balance sheet of our Subsidiary, Si Creva, with all associated credit risk and income recognition. In the case of PTCs, we originate and continue to hold the loans on our balance sheet, without transferring the credit risk to external investors. We are liable to service the loans and retain full exposure to the asset pool. As of December 31, 2025, our interest cost ranged between 10.00% and 14.75%, and the tenures for our liabilities ranged between three to 48 months for different facilities. As of the same date, our lender base comprised 47 lenders and our largest lender accounted for 12.06% of our total borrowings, demonstrating our well diversified base of borrowers. These lenders include MAS Financial Services Limited, Shine Star Build-Cap Private Limited, Northern Arc Capital Limited, AU Small Finance Bank Limited, Vivriti Capital Limited, ICICI Bank Limited, Ambit Finvest Private Limited, Western Capital Advisors Private Limited, Jana Small Finance Bank Limited, Ambium Finserve Limited, Shriram Finance Limited, Moneywise Financial Services Private Limited, Profectus Capital Private Limited, Utkarsh Small Finance Bank Limited and SBM Bank (India) Limited. Set out below are certain key metrics in relation to our liability profile as of and for the period/ years indicated:

Particulars	As of and for the nine months ended December 31, 2025	As of and for the financial year ended March 31,		
		2025	2024	2023
Capital to risk weighted asset ratio (CRAR) (%)	26.69%	25.18%	25.77%	21.13%

Net interest margin (%)	21.19%	23.78%	16.81%	18.61%

Notes:

- <sup>(1)</sup> Capital to risk weighted assets ratio or CRAR is computed by dividing our Tier - I and Tier - II capital by risk weighted assets (computed in accordance with the relevant RBI guidelines) as on the last day of the relevant period by the Subsidiary.
- <sup>(2)</sup> Interest service coverage ratio is calculated as earnings before interest and taxes (EBIT) divided by finance cost.
- <sup>(3)</sup> Debt to equity ratio calculated as total borrowings divided by Net Worth of our Company as on the last day of the relevant period.
- <sup>(4)</sup> Average cost of borrowing is calculated as finance cost for the relevant period as a percentage of average total borrowings in such period.
- <sup>(5)</sup> Average lending rate is calculated as interest income (excluding processing fees) divided by the monthly average of on-book loans.
- <sup>(6)</sup> Net interest margin is calculated as net interest income (excluding processing fees) divided by the monthly average of on-book loans.

We actively monitor and manage our asset-liability profile to ensure a prudent match between the tenure and maturity of our assets and liabilities. Our asset liability management (ALM) framework is designed to maintain adequate liquidity, manage interest rate risk and support business growth while complying with regulatory requirements. Set out below a graphical representation of our asset liability mismatch as of December 31, 2025:

Further, our off-book partnerships reflect our credibility and ability to build and scale asset-light lending structures with high-quality off-book lending partners. Our partnerships with lending institutions are structured through three primary arrangements, i.e., 100-0 arrangement, co-lending arrangement and DA. Under our 100-0 arrangement, we act as a sourcing and technology partner, with the loan being recorded directly and entirely on the balance sheet of our lending partners. In the co-lending model, loans are originated jointly with our lending partners and a pre-agreed portion of each loan is retained on our Subsidiary, Si Creva's balance sheet, while the remaining portion is held by our lending partners. Under the DA model, we originate loans and subsequently assign them to our lending partners shortly after disbursement, which results in minimal balance sheet exposure for our Subsidiary. In all three models, we maintain end-to-end control over the loan lifecycle (including sourcing, underwriting support, servicing and collections) ensuring a consistent and seamless customer experience.

### Customer service

Our customer grievance handling mechanism is structured to cater to all customer interactions including: (i) queries where customers seek information or clarification about the products, services or policies; (ii) requests where customers ask for specific actions to be undertaken, such as updating details or making any other changes to their accounts; and (iii) complaints where customers express dissatisfaction due to service issues or unresolved concerns.

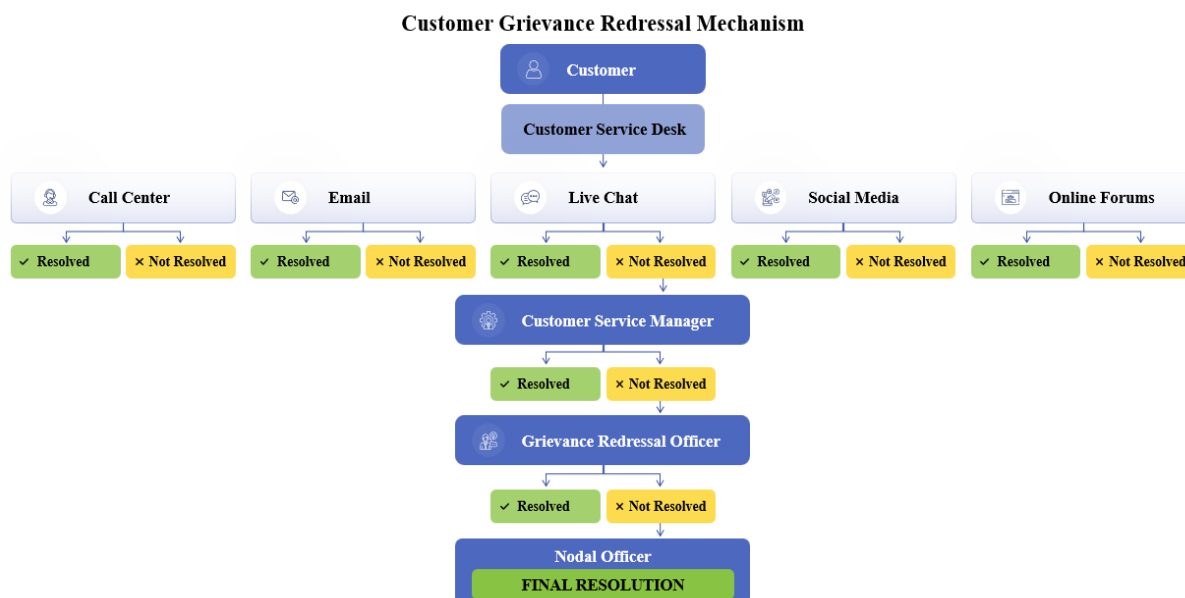

We proactively work to maintain and enhance customer service quality through a structured audit and monitoring framework. The team audits samples of customer service interactions daily to ensure process and quality adherence. The quality team ensures that all agents adhere to defined service parameters and evaluates their performance using a clear rating system to drive accountability and continuous improvement.

We provide our customers with an option to escalate their complaint directly to the grievance redressal body and subsequently to the nodal officer, with an aim to ensure timely resolution and high satisfaction. Set out below are details of complaints received, resolved and pending, for the years indicated:

Period/Fiscal	Number of complaints received	Number of complaints resolved	Average number of days taken to resolve such complaints	Number of complaints pending resolution
Nine months ended December 31, 2025	1,882	1,836	7	73
Fiscal 2025	2,344	2,354	6	27
Fiscal 2024	2,142	2,105	9	37
Fiscal 2023	1,985	1,985	6	-

Our customer service team performs a comprehensive and systematic review of all customer grievances prior to their escalation to the Customer Grievance Redressal Committee. This structured process ensures a thorough understanding of each issue enabling the committee to render well-informed decisions. The review encompasses a detailed assessment of individual grievances, identification of recurring issues requiring prompt intervention, and root cause analysis to determine the underlying reasons for the issue. By adopting this approach, we are able to implement effective and sustainable solutions that mitigate the risk of recurrence, while also leveraging customer feedback to drive ongoing enhancements in products, services and operational processes.

Set out is a flow chart illustrating our customer service structure:

Set out below are details in relation to our TAT for grievance redressal in the nine months ended December 31, 2025:

### Employees

As of December 31, 2025, we had 1,958 permanent employees. The following table sets out the number of our permanent employees by function as of December 31, 2025:

Function	Number of employees
Business, sales and marketing	234
Technology and product	331
Customer service and collection	291
Legal and secretarial	16
Loan against property	970
Other support functions	116
<b>Total</b>	<b>1,958</b>

We are committed to fostering an entrepreneurial, data-driven and innovative workplace culture that values diversity. We provide equal employment opportunities to all individuals and prohibit discrimination on the basis of age, disability, marital status, nationality, race, religion, gender, or sexual orientation. Our workforce comprises a balanced mix of experienced professionals and young professionals, and we offer compensation packages that include salary, allowances, performance-linked bonuses, insurance coverage, annual leave and retirement benefits.

We enter into employment contracts with our full-time employees and have implemented a range of policies covering leave, travel, relocation, employee referral, and other employee benefits. We invest in the continuous learning and development of our employees through in-house and external training programs designed to enhance both technical and soft skills, tailored to the functions and responsibilities of each role. In the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023, we have implemented a training and development framework to enhance employee skills, compliance awareness and leadership capabilities. Key initiatives include induction and HR policy training, product and managerial development programs, mandatory compliance modules such as POSH and AML/KYC, as well as cyber security and soft skills training. These programs are delivered through a combination of classroom, digital and on-the-job learning. Further, set out below are details of our attrition for permanent employees for the period/ years indicated:

Particulars	Nine months ended December 31, 2025	Fiscal

Total number of permanent employees	1,958	1,278	676	570
Attrition rate of permanent employees (%)	53.03%	46.98%	33.07%	39.74%

Note: Attrition rate is calculated as the number of individuals that resigned during the year divided by the average number of individuals during the year. The average number of individuals is computed as the average of the number of employees at the beginning and end of the year.

None of our employees are represented by a labor union, and we have not experienced any work stoppages since our incorporation. Our Company also engages third party contractors for sales, collection and other functions. As of December 31, 2025, we had 13,192 workers who were hired on a contractual basis.

### Insurance

We maintain insurance policies for our business which are customary for our industry. As of the date of this Red Herring Prospectus, our principle types of coverage include insurance for directors' and officers' liability, cyber security and professional indemnity. We also provide group accident and group medical claim insurance to our employees. We believe that the insurance coverage currently maintained by us represents an appropriate level of coverage required to insure our business and operations. Further, we have not faced any instances of insufficient insurance coverage that led to any adverse effect on our business or operations in the nine months ended December 31, 2025 and Fiscals 2025, 2024 and 2023. Set out below are details of our insurance coverage on our tangible assets as of and for the period/ years indicated:

### 1. Sector specific key regulations applicable to our Company and our Subsidiary

#### **Reserve Bank of India**

##### ***The Reserve Bank of India Act, 1934, as amended (the "RBI Act")***

The RBI is entrusted with the responsibility of regulating and supervising NBFCs by virtue of powers vested in Chapter III B of the RBI Act. The RBI Act defines an NBFC as: (a) a financial institution which is a company; (b) a non-banking institution which is a company in the principal business of receiving deposits, under any scheme or arrangement or in any other manner, or lending in any manner; or (c) such other non-banking institution or class of institutions, as the RBI may, with the previous approval of the Central Government and by notification in the official gazette, specify.

A company categorized as an NBFC is required to have a net owned fund of such amount not as the RBI may, by notification in the official gazette specify from time to time. Further, NBFCs are required to obtain a certificate of registration from the RBI prior to commencement of the business as an NBFC.

Pursuant to Section 45-IC of the RBI Act, every NBFC is required to create a reserve fund and transfer thereto a sum not less than 20% of its net profit every year, as disclosed in the profit and loss account and before any dividend is declared. No appropriation can be made from such fund by the NBFC except for the purposes specified by the RBI from time to time and every such appropriation shall be reported to the RBI within 21 days from the date of such withdrawal.

##### ***Reserve Bank of India (Non-Banking Financial Company – Registration, Exemptions and Framework for Scale Based Regulation) Directions, 2025 dated November 28, 2025 ("NBFC Scale Based Regulations")***

The NBFC Scale Based Regulations are applicable to all NBFCs, categorized into the following layers:

- (i) **NBFC- Base Layer ("NBFC-BL")**: It comprises non-deposit taking NBFCs with an asset size of less than ₹10,000.00 million and (b) NBFCs undertaking the following activities: (i) NBFC-Peer to Peer Lending Platform ("NBFC-P2P"), (ii) NBFC-Account Aggregator ("NBFC-AA"), (iii) Non-Operative Financial Holding Company ("NOFHC") and (iv) NBFC not availing public funds and not having any customer interface.
- (ii) **NBFC- Middle Layer ("NBFC-ML")**: It comprises (a) all deposit taking NBFCs ("NBFCs-D"), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹10,000.00 million and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealer ("SPD"), (ii) Infrastructure Debt Fund-Non-Banking Financial Company ("IDF-NBFC"), (iii) Core Investment Company ("CIC"), (iv) Housing Finance Company ("HFC") and (v) Non-Banking Financial Company-Infrastructure Finance Company ("NBFC-IFC").
- (iii) **NBFC- Upper Layer ("NBFC-UL")**: The upper layer comprises the top ten eligible NBFCs in terms of asset size, irrespective of any other factor and certain other NBFCs that are specifically identified by the RBI as warranting enhanced regulatory requirement based on parameters and scoring methodology set out in the NBFC Scale Based Regulations.
- (iv) **NBFC- Top Layer ("NBFC-TL")**: It remain empty unless the RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFCs in the upper layer.

NBFCs falling in the Top Layer of the regulatory structure shall, *inter alia*, be subject to higher capital charge. Such higher requirements will be specifically communicated to the NBFC at the time of classification in the NBFC-TL. There will be enhanced and intensive supervisory engagement with these NBFCs. All references to NBFC-ND (i.e., non-systemically important non-deposit taking NBFC) shall mean NBFC-BL and all references to NBFC-D (i.e., deposit taking NBFC) and NBFC-ND-SI (systemically important non –deposit taking NBFC) shall mean NBFC-ML or NBFC-UL, as applicable.

Existing NBFC-ND-SI having asset size of ₹5,000.00 million and above but below ₹10,000.00 million (except that necessarily featuring in Middle Layer) will be known as NBFC-BL. Under the NBFC Scale Based Regulations, all regulations applicable to an NBFC-BL are also applicable to an NBFC-ML, unless specified otherwise.

Our Subsidiary, Si Creva, is classified as NBFC-ML. The NBFC Scale Based Regulations prescribe adherence to certain regulations in relation to NBFC-MLs including but not limited to the below:

***Reserve Bank of India (Non-Banking Financial Company – Governance) Directions, 2025 dated November 28, 2025 (“NBFC Governance Directions”)***

- (ii) ratings assigned by credit rating agencies and migration of ratings during the year;
- (iii) penalties, if any, levied by any regulator;
- (iv) information namely, area, country of operation and joint venture partners with regard to joint ventures and overseas subsidiaries;
- (v) asset-liability profile, extent of financing of parent company products, non-performing assets and movement of non-performing assets, details of all off-balance sheet exposures, structured products issued by them and other disclosures, as prescribed under the NBFC Financial Statements Directions ;
- (vi) capital to risk assets ratio (CRAR);
- (vii) exposure to real estate sector, both direct and indirect;
- (viii) maturity pattern of assets and liabilities;
- (ix) related party disclosure; and
- (x) disclosure of complaints.

Further, NBFCs shall frame their internal guidelines on corporate governance with the approval of the board of directors which shall be published on their respective websites for the information of the various stakeholders.

### *Balance sheet disclosures*

- (i) All NBFCs are required to separately disclose in their financial statements the provisions made, as prescribed under the Reserve Bank's guidelines, without netting them from income or against the value of assets.
- (ii) The provisions are to be distinctly indicated under separate heads of account as: (a) provisions for bad and doubtful debts; and (b) provisions for depreciation in investments.
- (iii) Such provisions shall not be appropriated from the general provisions and loss reserves held, if any, by the applicable NBFC.
- (iv) Such provisions for each year are required to be debited to the profit and loss account. The excess of provisions, if any, held under the heads general provisions and loss reserves are required to be written back without making adjustment against them.

As per the NBFC Financial Statements Directions accounting standards and guidance notes issued by the Institute of Chartered Accountants of India are required to be followed by NBFCs insofar as they are not inconsistent with any of the

provisions of the NBFC Scale Based Regulations. NBFCs that are required to implement Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 shall prepare their financial statements in accordance with Ind AS notified by the Government of India and shall comply with the regulatory guidance specified in NBFC Financial Statements: Presentation and Disclosures. Disclosure requirements for notes to accounts specified in NBFC Financial Statements: Presentation and Disclosures shall continue to apply. Other NBFCs shall comply with the requirements of notified Accounting Standards (AS) insofar as they are not inconsistent with any of these directions.

***Reserve Bank of India (Non-Banking Financial Company –Acquisition of Shareholding or Control) Directions, 2025 dated November 28, 2025 (“NBFC Acquisition of Shareholding or Control Directions”)***

All NBFCs are required to obtain prior written permission of RBI for (a) any takeover or acquisition of control, which may or may not result in change in management and (b) any change in the shareholding, including progressive increases over time, which would result in acquisition or transfer of shareholding of 26% or more of the paid-up equity capital (no prior approval is required if the shareholding going beyond 26% is due to buy-back of shares or reduction in capital where it has approval of a competent court however the same must be reported to the RBI within one month of the occurrence).

***Reserve Bank of India (Non-Banking Financial Company- Prudential Norms on Capital Adequacy) Directions, 2025 dated November 28, 2025 (“NBFC Prudential Norms on Capital Adequacy Directions”)***

NBFC- MLs and NBFC-ULs are required to maintain capital risk adequacy ratio consisting of Tier – I and Tier – II capital which shall not be less than 15% of the NBFC’s aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. The Tier – I capital in respect of such NBFCs, at any point of time, shall not be less than 10%.

NBFCs risk exposure to a single party or a single group of parties is also kept under control through ceiling limits on NBFCs investment and lending capacity to single party or a single group of parties.

***Internal Capital Adequacy Assessment Process (“ICAAP”)***

NBFCs-MLs must conduct a comprehensive internal evaluation of capital needs, aligned with business risks. This assessment is to be on similar lines as the ICAAP for commercial banks under Pillar 2 NBFC Prudential Norms on Capital Adequacy Directions. While Pillar 2 capital will not be insisted upon, NBFCs must realistically appraise risks, encompassing credit, market, operational, and all other residual risks as per the methodology to be determined internally. The internal capital assessment methodology should align with their Board-approved policy, proportionate to the scale and complexity of operations.

***Reserve Bank of India (Non-Banking Financial Companies – Income Recognition, Asset Classification and Provisioning) Directions, 2025 dated November 28, 2025 (“NBFC IRACP Directions”)***

In accordance with the NBFC IRACP Directions and the RBI circular on ‘Implementation of Accounting Standards’ dated March 13, 2020, NBFC-MLs are required to hold impairment allowances as required under Ind AS. In parallel, NBFC-MLs are required to maintain the asset classification and compute provisions in accordance with the prudential norms on ‘Income Recognition, Asset Classification and Provisioning (IRACP)’ including borrower/ beneficiary wise classification, provisioning for standard as well as restructured assets, non-performing assets ageing etc.

***Asset Classification and Provisioning Norms***

All NBFCs-MLs and above (except microfinance loans of NBFC-MFIs) are required to adopt the asset classification and provisioning norms as set forth below:

***Asset Classification***

In accordance with NBFC IRACP Directions and Resolution of Stressed Assets Directions, NBFCs shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/ hire purchase assets, loans and advances and any other forms of credit into the following classes, namely:

- Standard assets
- Sub-standard assets
- Doubtful assets; and
- Loss assets

- (i) a “standard asset” means the asset in respect of which no default in repayment of principal or payment of interest is perceived and which does not disclose any problem nor carry more than normal risk attached to the business.
- (ii) a “sub-standard asset” means (a) an asset which has been classified as non-performing asset for a period not exceeding

- 12 months; (b) an asset where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms. However, the classification of infrastructure loans as sub-standard assets is subject to the conditions stipulated in the Resolution of Stressed Assets Directions .
- (iii) a “doubtful asset” means (a) a term loan, or (b) a lease asset, or (c) a hire purchase asset, or (d) any other asset, which remains a sub-standard asset for a period exceeding 12 months.
- (iv) a “loss asset” means (a) an asset which has been identified as loss asset by an NBFC or its internal or external auditor or by the RBI during the inspection of the applicable NBFC, to the extent it is not written off by the applicable NBFC; and (b) an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.
- (v) a “non-performing asset” means: (a) an asset for which interest has remained overdue for a period of more than 90 days; (b) a term loan inclusive of unpaid interest, when the instalment is overdue for a period of more than 90 days or on which interest amount remained overdue for a period of more than 90 days; (c) a demand or call loan, which remained overdue for a period of more than 90 days from the date of demand or call or on which interest amount remained overdue for a period of more than 90 days; (d) a bill which remains overdue for a period of more than 90 days; (e) the interest in respect of a debt or the income on receivables under the head ‘other current assets’ in the nature of short term loans/advances, which facility remained overdue for a period of more than 90 days; (f) any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of more than 90 days; (g) the lease rental and hire purchase instalment, which has become overdue for a period of more than 90 days; (h) in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower/beneficiary when any of the above credit facilities becomes non-performing asset. Provided that in the case of lease and hire purchase transactions, an NBFC is required to classify each such account on the basis of its record of recovery.

### Provisioning Norms

All applicable NBFCs (except in relation to microfinance loans offered by NBFC MFIs) are required to, after taking into account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss assets as provided hereunder:

S. No.	Provisioning Requirement									
<b>1.</b>	<b>Loans, advances and other credit facilities including bills purchased and discounted</b>									
(i)	Loss Assets	The entire asset is to be written off. If the assets are permitted to remain in the books for any reason, 100% of the outstanding is to be provided for.

#### *Standard Asset Provisioning*

All NBFC-MLs are required to make provisions for standard assets of 0.40%, which shall not be reckoned for arriving at the net NPAs. The provision towards standard assets shall not be netted from gross advances but are required to be shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet of the Applicable NBFCs.

#### ***Reserve Bank of India (Non-Banking Financial Companies – Asset Liability Management) Directions, 2025 dated November 28, 2025 (“NBFC ALM Directions”)***

Non-deposit taking NBFCs with an asset size of ₹1,000 million and above, core investment companies and all deposit taking NBFCs are required to adhere to the liquidity risk management framework prescribed under the NBFC ALM Directions. The guidelines, *inter alia*, require the board of directors of such NBFC to formulate a liquidity risk management framework detailing entity-level liquidity risk tolerance, funding strategies, prudential limits, framework for stress testing, liquidity planning under alternative scenarios/formal contingent funding plan, nature and frequency of management reporting, and periodical review of assumptions used in liquidity projections.

#### ***Reserve Bank of India (Non-Banking Financial Companies – Responsible Business Conduct) Directions, 2025 dated November 28, 2025 (“NBFC Responsible Business Conduct Directions”)***

The NBFC Responsible Business Conduct Directions mandate fairness in NBFC lending, key facts statement, standardizing loan communication, regulation of excessive interest and prohibiting prepayment fees on individual floating-rate loans.

#### *Regulation of Excessive Interest Charged by NBFCs*

- (i) The board of directors of each NBFC is required to adopt an interest rate model taking into account relevant factors such as cost of funds, margin and risk premium and determine the rate of interest to be charged for loans and advances. The rate of interest, the approach for gradations of risk and rationale for charging different rate of interest to different categories of borrowers are required to be disclosed to the borrower or customer in the application form and communicated explicitly in the sanction letter.
- (ii) The rates of interest and the approach for gradation of risks are also required to be made available on the website of the applicable NBFCs or published in the relevant newspapers. The information published in the website or otherwise published is required to be updated whenever there is a change in the rates of interest.
- (iii) The rate of interest must be annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

Although rates of interest charged by NBFCs are not regulated by the RBI, rates of interest beyond a certain level may be seen to be excessive. The board of directors of NBFCs are required to layout appropriate internal principles and procedures in determining interest rates and processing and other charges. In this regard, the guidelines indicated in the Fair Practices Code about transparency in respect of terms and conditions of the loans are to be kept in view.

#### *Fair Practices Code*

NBFCs having customer interface are required to adopt a fair practices code in line with the guidelines prescribed under the NBFC Responsible Business Conduct Directions. All communications to the borrower shall be in the vernacular language or a language as understood by the borrower. The loan application forms shall include necessary information which affects the interest of the borrower, so that a meaningful comparison with the terms and conditions offered by other NBFCs can be made and informed decision can be taken by the borrower. The loan application form shall indicate the documents required to be submitted with the application form. NBFCs shall devise a system of giving acknowledgement

for receipt of all loan applications. Preferably, the time frame within which loan applications will be disposed of shall also be indicated in the acknowledgement. The NBFCs shall convey in writing to the borrower in the vernacular language by means of sanction letter or otherwise, along with the terms and conditions including annualized rate of interest and method of application thereof and keep the acceptance of these terms and conditions by the borrower on its record. NBFCs shall mention the penalties charged for late repayment in bold in the loan agreement. The NBFC Responsible Business Conduct Directions stipulate that such fair practices code should cover, *inter alia*, the provisions/norms relating to form and manner of processing of loan applications; loan appraisal and terms and conditions thereof; and disbursement of loans and changes in terms and conditions of loans. The NBFC Responsible Business Conduct Directions also prescribe general conditions to be observed by applicable NBFCs in respect of loans and requires the board of directors of NBFCs to lay down a grievance redressal mechanism to ensure that all disputes arising out of the decisions of lending institution's functionaries are heard and disposed of at least at the next higher level. The fair practice code framed is required to be published on the NBFC's website for the information of various stakeholders.

#### *Penal Charges in Loan Accounts*

Penalties for non-compliance with material terms and conditions of a loan contract by a borrower shall be treated as 'penal charges' and shall not be levied as a 'penal interest' that is added to the rate of interest charged on advances. No further interest shall be computed on such penal charges. The NBFC Responsible Business Conduct Directions prohibit regulated entities, which include NBFCs, from introducing any additional component to the rate of interest and stipulate that all NBFCs shall formulate a Board approved policy on penal charges or similar charges on loans (by whatever name called). The quantum of penal charges shall be reasonable and commensurate with the non-compliance of material terms and conditions of loan contract without being discriminatory within a particular loan or product category. In addition to being displayed on the NBFCs' website, the quantum and reasons for penal charges shall be clearly disclosed by the NBFCs to the customers in the loan agreement and the key fact statement.

#### *Key Facts Statement*

the NBFC Responsible Business Conduct Directions requires NBFCs to issue a key facts statement, in the format prescribed under the KFS, to all prospective borrowers to help them take an informed view before executing a loan contract. The key facts statement is required to be written in a language that is understood by the borrowers and the contents of the KFS are required to be explained to the borrower and an acknowledgement is required to be obtained from the borrower that he/she has understood the same.

#### ***Reserve Bank of India (Non-Banking Financial Companies – Prudential Norms on Declaration of Dividend) Directions, 2025 dated November 28, 2025 (“NBFC Prudential Norms on Declaration of Dividend Directions”)***

The NBFC Prudential Norms on Declaration of Dividend Directions intend to infuse greater transparency and uniformity in practice of distribution of dividends by setting eligibility criteria and disclosure requirements for NBFCs for distribution of dividends.

Under the NBFC Prudential Norms on Declaration of Dividend Directions, the board of directors, while considering the proposals for dividend, shall take into account each of the following aspects:

- (i) supervisory findings of the RBI on divergence in classification and provisioning for non-performing assets (NPAs);
- (ii) qualifications in the auditors report to the financial statements; and
- (iii) long term growth plans of the NBFC.

According to the NBFC Prudential Norms on Declaration of Dividend Directions, NBFCs must comply with four minimum prudential criteria to be considered eligible to declare dividends: (a) prescribed levels of capital adequacy; (b) prescribed levels of Net NPA; (c) compliance with provisions of Section 45IC of the RBI Act; and (d) continuous general compliance with RBI regulations and guidelines concerning NBFCs and no explicit restrictions should have been placed by RBI on declaration of dividend. The NBFC Prudential Norms on Declaration of Dividend Directions also prescribe to the board of directors of the NBFCs to consider the decision to roll out dividends in light of certain definite factors. NBFCs, other than NBFC-BL, that declare dividend have to report dividend declared during the financial year in the format prescribed under the NBFC Prudential Norms on Declaration of Dividend Directions .

#### ***Reserve Bank of India (Non-Banking Financial Companies – Managing Risks in Outsourcing) Directions, 2025 dated November 28, 2025 (“NBFC Managing Risks in Outsourcing Directions”)***

The NBFC Managing Risks in Outsourcing Directions specify the activities that cannot be outsourced (such as core management functions like internal auditing, strategic and compliance functions, decision-making functions such as compliance with KYC norms for opening deposit) and also provide the basis for deciding materiality of outsourcing. It

mandates the regulatory and supervisory requirements and risk management practices to be complied with by every NBFC before outsourcing its activities. Further, an NBFC intending to outsource any of the permitted activities under the NBFC Managing Risks in Outsourcing Directions is required to formulate an outsourcing policy which is to be approved by its board of directors and which incorporates, *inter alia*, criteria for selection of such activities as well as service providers, delegation of authority depending on risks and materiality and systems to monitor and review the operations of these activities.

The NBFC Managing Risks in Outsourcing Directions also regulates outsourcing pertaining to information technology. NBFCs are required to take steps to ensure that the service provider employs the same high standard of care in performing the services as would have been employed by the NBFCs itself, had the same activity not been outsourced. NBFCs are required to ensure that service providers to develop and establish a robust framework for documenting, maintaining, and testing business continuity plan and disaster recovery plan commensurate with the nature and scope of the outsourced activity as per extant instructions issued by RBI from time to time on BCP/ DR requirements.

NBFCs can also outsource any IT activity/IT enabled service within its business group/conglomerate, subject to conditions specified in the directions. Regulated entities intending to outsource any of its IT activities are required put in place a comprehensive board approved IT outsourcing policy which shall incorporate, *inter alia*, the roles and responsibilities of the board, committees of the board (if any) and senior management, IT function, business function as well as oversight and assurance functions in respect of outsourcing of IT services. The NBFC Managing Risks in Outsourcing Directions also require NBFCs to immediately notify the RBI in the event of breach of security and leakage of confidential customer related information.

***Reserve Bank of India (Non-Banking Financial Companies –Know Your Customer) Directions, 2025 dated November 28, 2025, as amended (the “NBFC KYC Directions”)***

The NBFC KYC Directions require regulated entities (as defined in NBFC KYC Directions) to follow certain customer identification procedures while undertaking a transaction. The NBFC is required to take due cognizance of special needs, if any, of the customer during liveness check. These directions are applicable to NBFCs, miscellaneous non- banking companies and residuary non-banking companies, amongst others. NBFCs thereunder is required to adopt a ‘know your customer’ (“KYC”) policy, duly approved by its board of directors, which shall include four key elements, namely, customer acceptance policy; risk management; customer identification procedures; and monitoring of transactions. NBFCs are required to ensure compliance with the KYC policy through specifying who constitute the ‘senior management’ for the purposes of KYC compliance; allocation of responsibility for effective implementation of policies and procedures; independent evaluation of compliance with KYC and anti-money laundering policies and procedures, including legal and regulatory requirements; concurrent/internal audit system for compliance to verify compliance with KYC and anti-money laundering policies and procedures; and submission of quarterly audit notes and compliance to the audit committee of the board of directors of NBFCs .

***Reserve Bank of India (Non-Banking Financial Companies - Concentration Risk Management) Directions, 2025 dated November 28, 2025, as amended (the “NBFC Concentration Risk Management Directions”)***

As per the NBFC Concentration Risk Management Directions, NBFCs risk exposure to a single party or a single group of parties is required to be kept under control through ceiling limits on NBFCs investment and lending capacity to single party or a single group of parties. Applicable NBFCs cannot invest more than 25% of their Tier – I capital to a single party and more than 40% of their Tier – I capital to a single group of parties, provided that an NBFC may exceed the exposure norm specified above, by 5% for any single party and by 10% for a single group of parties, if the additional exposure is on account of infrastructure loan and/or investment. NBFCs are also mandated to formulate a policy for managing the exposure risk to single party/ single group of parties.

***Master Directions on Fraud Risk Management in Non-Banking Financial Companies (NBFCs) (including Housing Finance Companies) dated July 15, 2024 (“NBFC Master Directions on Fraud Risk Management”)***

The NBFC Master Directions on Fraud Risk Management provide a framework for prevention, early detection and timely reporting of incidents of fraud to law enforcement agencies, RBI and the National Housing Bank and matters connected therewith or incidental thereto. The NBFC Master Directions on Fraud Risk Management require all NBFC-BLs (with an asset size of ₹5,000 million and above), NBFC-MLs and NBFC-ULs (including Housing Finance Companies) to adopt a policy on fraud risk management, approved by the board of directors of the NBFC, that sets out the roles and responsibilities of the board of directors (including committees of the board of directors) and senior management. The Policy shall also incorporate measures for ensuring compliance with principles of natural justice in a time-bound manner. Such policy is required to be reviewed by the board of directors at least once in three years or more frequently, as may be prescribed by the board of directors. Further, a special committee of the board of directors is required to be constituted for monitoring and following up on cases of frauds. The committee is required to oversee the effectiveness of the fraud risk management review and monitor cases of frauds, including root cause analysis, and suggest mitigating measures for

strengthening the internal controls, risk management framework and minimizing the incidence of frauds. The NBFC Master Directions on Fraud Risk Management also specify the timelines and the manner in which any incidents of fraud are required to be reported to law enforcement agencies and the RBI.

***Master Direction – Reserve Bank of India (Filing of Supervisory Returns) Directions, 2024 dated February 27, 2024 (“Returns Master Direction”)***

The Returns Master Direction lists detailed instructions in relation to submission of supervisory returns prescribed by the RBI for various categories of all commercial banks except regional rural banks, Primary Urban Co-operative Banks, select AIFs, NBFCs, etc., including their periodicity, reference date, applicability and the purpose of filing such returns.

***RBI circular on Compliance Function and Role of Chief Compliance Officer (CCO) –NBFCs dated April 11, 2022***

In terms of the abovementioned circular, which is applicable to NBFCs in the upper layer and middle layer, the applicable entities are required to *inter alia* put in place a board approved policy and a compliance function, including the appointment of a chief compliance officer, based on the framework stipulated in the said circular. As per the circular, the chief compliance officer shall be the nodal point of contact between the NBFC and the regulators or supervisors and shall necessarily be a participant in the structured or other regular discussions held with RBI. Further, compliance to RBI inspection reports shall be communicated to RBI necessarily through the office of the compliance function.

***RBI Circular on Streamlining of Internal Compliance monitoring function – leveraging use of technology dated January 31, 2024***

An assessment of internal compliance monitoring systems in select supervised entities (“SEs”) was recently conducted by the RBI. It was observed that SEs have adopted varying levels of automation, from macro-enabled spreadsheets to workflow-based software solutions. The review highlighted that compliance monitoring automation remains a work in progress, with significant manual intervention still present. The implementation of comprehensive, integrated, enterprise-wide workflow-based solutions is thus deemed necessary to enhance effectiveness. Such solutions should facilitate effective communication among stakeholders, manage compliance requirements, escalate non-compliance issues, and provide a unified dashboard view.

***Master Direction – Non- Banking Financial Companies Auditor’s Report (Reserve Bank) Directions, 2016 dated September 29, 2016 (“NBFC Auditor’s Report Directions”)***

The NBFC Auditor’s Report Directions set out disclosures that are to be included in every auditor’s report on the accounts of an NBFC such as: (i) whether the company has obtained a certificate of registration (“CoR”) from the RBI, (ii) whether the NBFC is entitled to continue to hold such certificate of registration in terms of its principal business criteria as of March 31 of the applicable year; and (iii) compliance with net owned fund requirements as laid down by the RBI.

***Reserve Bank of India (Non-Banking Financial Companies - Transfer and Distribution of Credit Risk) Directions, 2025 (“NBFC Transfer and Distribution of Credit Risk Directions”)***

Pursuant to the NBFC Transfer and Distribution of Credit Risk Directions, the board of directors of all NBFCs must approve a policy for transfer and acquisition of loans which lay down the minimum quantitative and qualitative standards relating to due diligence, valuation, requisite IT systems for capture, storage and management of data, risk management, periodic board level oversight, etc. Further, the policy must also ensure independence of functioning and reporting responsibilities of the units and personnel involved in transfer/ acquisition of loans from that of personnel involved in originating the loans. The loan transfers should result in transfer of economic interest without being accompanied by any change in underlying terms and conditions of the loan contract usually. In all cases, if there are any modifications to terms and conditions of the loan contract during and after transfer (e.g. in take-out financing), the same shall be evaluated and mapped with other applicable directions. The general requirements also state that a transferor cannot re-acquire a loan exposure, either fully or partially, that had been transferred by the entity previously, except as a part of a resolution plan under the framework for resolution or as part of a resolution plan approved under the Insolvency Bankruptcy Code, 2016.

***Transfer of Stressed Loan***

Under the NBFC Transfer and Distribution of Credit Risk Directions, stressed loans refer to loan exposures which are classified as NPA or as special mention accounts. Such loans can only be transferred through novation or assignment. Loan participation is not permitted in the case of stressed loans. The policy approved by the board of directors of NBFCs on transfer and / or acquisition of stressed loans is required to cover the following aspects:

- (a) Norms and procedure for transfer or acquisition of such loans;

- (b) Valuation methodology to be followed to ensure that the value of stressed loans, including the realisability of the underlying security interest, if available, is reasonably estimated;
- (c) Delegation of powers to various functionaries for taking decision on the transfer or acquisition of the loans;
- (d) Stated objectives for acquiring stressed assets; and
- (e) Risk premium to be applied.

The board of directors of NBFCs transferring their loans must also put in place a policy for valuation of loan exposures proposed to be transferred. The policy must also specify the basis or the grounds which will determine the type of valuation of stressed loans to be used.

The RBI permits only scheduled commercial banks, All India Financial Institutions, small finance banks, NBFCs (including Housing Finance Companies), (being permitted transferees) and Asset Reconstruction Companies (ARCs) to acquire stressed loans. Further, the NBFCs can acquire the stressed loans only on cash basis. NBFCs must hold the loans for a period of six months in their books before transferring to other permitted transferees and are generally prohibited to acquire those loans which have been transferred as stressed loans in the previous six months. In case an NBFC has an existing exposure to the borrower whose stressed loan account is acquired, the asset classification of the acquired exposure shall be the same as the existing asset classification of the borrower with the transferee. Otherwise, the acquired exposure would be treated as 'standard' by the NBFC. Thereafter, the asset classification status of the loan acquired will be determined by the record of recovery in the books of the transferee with reference to cash flows estimated at the time of transfer of the loan.

#### *Transfer of Loans not in default*

Under the NBFC Transfer and Distribution of Credit Risk Directions, a non-payment of whole or any part or instalment of the debt upon being due and payable is considered as default on the part of the borrower. These loans can be transferred to permitted transferees including NBFCs through novation, assignment, or loan participation contracts. The transfer shall be only on cash basis and the consideration shall be received not later than at the time of transfer of loans. The transfer consideration should be arrived at in a transparent manner on an arm's length basis. The NBFCs can transfer loans only after a minimum holding period, as counted from the date of registration of the underlying security interest, i.e., (a) three months in case of loans with tenor of up to two years; (b) six months in case of loans with tenor of more than two years.

#### *Disclosure and Reporting*

Under the NBFC Transfer and Distribution of Credit Risk Directions, a NBFC must set out (a) disclosures concerning total amounts of loans not in default, and stressed loans transferred and acquired on a quarterly basis in their financial statements; and (b) disclosures to a trade reporting platform as notified by the RBI of each loan transfer transaction undertaken. The NBFC must maintain a database of such transactions with adequate MIS concerning each transaction till the reporting platform is notified.

#### *Co-Lending Arrangements*

The NBFC Transfer and Distribution of Credit Risk Directions provide a comprehensive structure applicable across a wider range of co-lending arrangements. The NBFC Transfer and Distribution of Credit Risk Directions provide that the regulated entities can take their share of the individual loans on a back-to-back basis in their books. Further, default loss guarantee up to 5% of loans outstanding under co-lending arrangements may be provided by the originating NBFCs as well. However, NBFCs are required to retain minimum 10% share of the individual loans on their books. Banks and the NBFCs are required to maintain their own individual customer accounts but there is a requirement for the funds to be disbursed via an escrow account, maintained with the banks. The master agreement pertaining to co-lending may contain necessary clauses on representations and warranties which the originating NBFC shall be liable for in respect of the share of the loans taken into its books by the bank. Further, the regulated entities are required to make appropriate disclosure of details of co-lending arrangements on an aggregate basis in their financial statements. Under the NBFC Transfer and Distribution of Credit Risk Directions, the co-lenders are mutually required to set up a framework for loan monitoring and recovery, grievance redressal mechanism, arrange for the creation of security and charge and ensure compliance with internal guidelines as well.

#### ***Reserve Bank of India (Non-Banking Financial Companies – Treatment of Wilful Defaulters and Large Defaulters) Directions, 2025 (the “NBFC Directions on Wilful Defaulters and Large Defaulters”)***

The NBFC Directions on Wilful Defaulters and Large Defaulters specify, *inter alia*, the mechanism for identification and classification of wilful defaulters, review of accounts for identification of wilful defaulters, role of internal auditors and

the liability of a guarantor. The NBFC Directions on Wilful Defaulters and Large Defaulters also prescribe the manner of reporting and dissemination of credit information on large defaulters, reporting and dissemination of credit information on wilful defaulters and the role of statutory auditors and other third parties.

***Master Direction – Information Technology Governance, Risk, Control and Assurance Practices dated November 7, 2023 (“IT Master Direction”)***

The IT Master Direction provide guidelines pertaining to IT governance, risk, controls, assurance practices and business continuity and disaster management of regulated entities. The key requirements are as follows:

*IT Governance*

The IT Master Direction lays down a framework for information technology (“**IT Governance Framework**”) that focuses on strategic alignment, risk management, resource management, performance management and business continuity/disaster recovery management. NBFCs are required to set up an IT Governance Framework that, *inter alia*, specifies the governance structure and processes necessary to meet adhering to the business objectives of the respective NBFC, that specifies the roles (including authority) and responsibilities of the board of directors/board level committees/senior management of the NBFC and includes adequate oversight mechanisms to ensure accountability and mitigate risks associated with IT and cyber and information security. A board of directors-level IT strategy committee (“**ITSC**”) must be established that shall, *inter alia*, ensure that the NBFC has an effective IT strategic planning process, guide in preparation of IT Strategy and ensure that the IT strategy aligns with the overall strategy towards accomplishment of the business objectives, satisfy itself that the IT governance and information security governance structure fosters accountability, is effective and efficient, and has adequate skilled resources, well defined objectives and unambiguous responsibilities for each level in the NBFC. The risk management policy, adopted by the NBFC, which shall include IT related risks and cyber security related risks, shall be reviewed periodically and updated at least on a yearly basis, by the risk management committee of the board of directors, in consultation with the ITSC.

*IT Infrastructure and Services Management*

The IT Master Directions also mandates NBFCs to have a robust IT service management framework that supports their information systems and infrastructure to ensure operational resilience of the entire IT environment. In the event there are third parties handling the NBFC’s information technology or cyber security, the NBFC are required to put in place appropriate vendor risk assessment processes to, *inter alia*, mitigate concentration risk and to eliminate or address any conflict of interests.

*IT Information and Security Risk Management*

Under the IT Master Directions, NBFCs are mandated to set up a robust IT and information security risk management framework that, *inter alia*, provides for implementation of comprehensive information security management function internal controls and processes to mitigate and manage risks, identification of critical information systems and fortification of the security environment of such systems, definition and implementation of necessary systems, procedures and controls to ensure a secure transmission/ storage/ processing of data or information.

*Business Continuity Plan and Disaster Recovery Policy*

The IT Master Directions prescribes a business continuity plan and disaster recovery policy in order to reduce the likelihood and impact of disruptive incidents and to ensure the continuity of business. Disaster recovery drills are required to be conducted at least on a half-yearly basis in relation to critical information systems, and for other information systems, as per the risk assessment of the NBFC.

*Information System (“IS”) Audit*

The IT Master Directions states that the audit committee of the board of directors of NBFCs shall exercise oversight of the IS Audit. All entities are required to have an IS audit policy that shall describe the mandate, scope and purpose of the audit, authority, audit universe, periodicity of the audit, etc. The audit committee is also required to review the critical issues related to IT, information security and cyber security and thereafter, provide direction and guidance to the management regarding the same.

***Reserve Bank of India (Non-Banking Financial Companies – Securitisation Transactions) Directions, 2025 (the “NBFC Securitisation Directions”)***

Securitisation involves transactions where credit risk in assets is redistributed by repackaging them into tradeable securities with different risk profiles which may give investors of various classes access to exposures which they otherwise might

be unable to access directly. While complicated and opaque securitisation structures could be undesirable from the point of view of financial stability, prudentially structured securitisation transactions can be an important facilitator in a well-functioning financial market in that it improves risk distribution and liquidity of lenders in originating fresh loan exposures. The RBI, to regulate the securitisation activities, has implemented the NBFC Securitisation Directions to be applicable NBFCs (including HFCs). The NBFC Securitisation Directions set out the assets which are eligible for securitisation and provide for other general requirements by way of specifying minimum retention requirement(s) for any lender who transfers from its balance sheet a single asset or a pool of assets to a special purpose entity as a part of a securitisation transaction.

***Master Directions – Reserve Bank of India (Priority Sector Lending – Targets and Classification) Directions, 2025 (“RBI Master Directions on Priority Sector Guidelines”)***

The RBI Master Directions on Priority Sector Guidelines, consolidate the directions, circulars and other instructions, issued by RBI from time to time in relation to priority sector lending. The RBI Master Directions on Priority Sector Guidelines have come into effect from April 1, 2025. Set out below are the brief details on the circulars referred in the RBI Master Directions on Priority Sector Guidelines for co-lending by banks and NBFCs:

***Priority Sector Lending Classification***

Pursuant to its ‘Statement on Developmental and Regulatory Policies’ and notification dated April 7, 2021, the RBI with a view to ensure continued availability of credit to specified sectors to aid faster economic recovery, decided to extend the priority sector lending (“PSL”) classification for lending by banks to NBFCs for on-lending by six months i.e. up to September 30, 2021. Previously, the PSL classification, allowing banks to classify lending to NBFCs for on-lending to agriculture/MSME/housing/water and sanitation as PSL, was permitted till March 31, 2021. Considering the increased traction observed in delivering credit to underserved/unserved segments of the economy, the facility was extended till March 31, 2022 vide RBI circular dated October 8, 2021. To ensure continuation of the synergies that had been developed between banks and NBFCs in delivering credit to the specified priority sectors, the facility has been allowed on an on-going basis pursuant to RBI circular dated May 13, 2022.

***Master Circular – Bank Finance to Non-Banking Financial Companies dated April 24, 2024, as amended (“Master Circular”); and Circular on Regulatory measures towards consumer credit and bank credit to NBFCs, dated November 16, 2023, as amended from time to time (“Consumer Credit Circular”)***

Pursuant to the Master Circular, the RBI has imposed certain restrictions on banks providing financing to NBFCs. Under the Master Circular, certain NBFC activities are ineligible for financing by bank credit, such as (i) bills discounted/rediscounted by NBFCs, except for rediscounting of bills discounted by NBFCs arising from the sale of – (a) commercial vehicles (including light commercial vehicles), and (b) two-wheeler and three-wheeler vehicles, subject to certain prescribed conditions as provided under the Master Circular; (ii) investments of NBFCs both of current and long-term nature, in any company/ entity by way of shares, debentures, etc; (iii) unsecured loans/ ICDs by NBFCs to/ in any company; (iv) all types of loans and advances by NBFCs to their subsidiaries, group companies/ entities; and (v) finance to NBFCs for further lending to individuals for subscribing to IPOs and for purchase of shares from the secondary market.

In addition, the Master Circular prohibits banks from (i) granting bridge loans of any nature, or interim finance against capital/ debenture issues and/ or in the form of loans of a bridging nature pending the raising of long-term funds from the market by way of capital, deposits, etc. to all categories of NBFCs; (ii) advances against collateral security of shares and debentures to NBFCs; and (iii) executing guarantees covering inter-company deposits / loans thereby guaranteeing refund of deposits / loans accepted by NBFCs / firms from other NBFCs / firms. Guarantees should not be issued for the purpose of indirectly enabling the placement of deposits with NBFCs.

***RBI (Non-Banking Financial Companies – Credit Facilities) Directions, 2025 (“Credit Facilities Directions”)***

***Digital Lending***

In terms of the Credit Facilities Directions, the regulated entities, which includes NBFCs, shall ensure that the Lending Service Provider (“LSP”) engaged by them and the Digital Lending App (“DLA”) (either of the regulated entity or of the LSP engaged by the regulated entity) comply with the Credit Facilities Guidelines. Regulated entities shall ensure that all loan servicing, repayment, etc., shall be executed by the borrower directly in the regulated entities’ bank account without any pass-through account or pool account of any third party.

As per the Credit Facilities Directions, the disbursements shall always be made into the bank account of the borrower except for disbursements covered exclusively under statutory or regulatory mandate (of RBI or of any other regulator), flow of money between regulated entities for co-lending transactions and disbursements for specific end use, provided the loan is disbursed directly into the bank account of the end-beneficiary. In terms of the Credit Facilities Directions, NBFCs and

other regulated entities shall ensure that in no case, disbursement is made to a third-party account, including the accounts of LSPs and their DLAs, except as provided for in the chapter on 'Digital Lending' included in the Credit Facilities Directions.

The Credit Facilities Directions require the regulated entities to conduct enhanced due diligence before entering into a partnership with a LSP for digital lending, taking into account its technical abilities, data privacy policies and storage systems, fairness in conduct with borrowers and ability to comply with regulations and statutes. NBFCs and other regulated entities are also required to carry out periodic review of the conduct of the LSPs engaged by them and impart necessary guidance to LSPs acting as recovery agents to discharge their duties responsibly and ensure that they comply with the required instructions.

As per the Credit Facilities Directions, a ceiling of ₹1 crore per borrower is imposed for financing subscription to an initial public offer. The Credit Facilities Directions also stipulate that the regulated entities cannot lend against its own shares.

Further, the Credit Facilities Directions require certain conditions to be fulfilled when the regulated entities grant loans against the security of shares including, *inter alia*, maintaining a LTV ratio of 50% for loans granted against the collateral of shares. Such LTV ratio of 50% is required to be maintained at all times and any shortfall in the maintenance of this ratio including on account of movement in the share prices shall be made good within seven working days.

***The Reserve Bank of India (Non-Banking Financial Companies – Credit Information Reporting) Directions, 2025 (“CIC Directions, 2025”)***

Pursuant to CIC Directions, 2025, all NBFCs are required to become members of all Credit Information Companies (“CICs”) and submit data (including historical data) to them. Further, NBFCs are required to comply with *inter alia* the CIC Directions, 2025, which mandates CICs and Credit Institutions (“CIs”) to implement a framework for delayed updation/rectification of credit information by CIs and CICs as set out in the Compensation Framework. According to the CIC Directions, 2025, complainants shall be entitled to a compensation of ₹100 per day in case their complaint is not resolved within a period of 30 days from the date of the initial filing of the complaint by the complainant with a CI or CIC. The compensation amount is required to be credited to the bank account of the complainant within five working days of the resolution of the complaint and the complainant can approach Consumer Education and Protection Cell (CEPC) functioning from Regional Offices (ROs) of Reserve Bank of India.

***Reserve Bank of India (Non-Banking Financial Companies – Resolution of Stressed Assets) Directions, 2025 dated November 28, 2025 (“Resolution of Stressed Assets Directions”)***

The Resolution of Stressed Assets Directions *inter alia* requires an NBFC to have a board of directors approved policy for undertaking compromise settlements with the borrowers and for technical write-offs. Such policy is required to comprehensively lay down processes to be followed for all compromise settlements and technical write-offs. The policy is required to include specific guidance on necessary conditions precedent such as minimum ageing deterioration in collateral value, etc. The policy is required to put in place a graded framework for examination of staff accountability with reasonable thresholds and timelines as decided by the board of directors of the NBFC. The Resolution of Stressed Assets Directions also sets out the prudential treatment and reporting requirements for compromise settlements and technical write-offs. In terms of the Resolution of Stressed Assets Directions, compromise settlements where the time for payment of the agreed settlement amount exceeds three months shall be treated as restructuring.

***RBI (Non-Banking Financial Companies – Credit Information Reporting) Directions, 2025 (“Credit Facilities Directions”)***

As per the Credit Facilities Directions, NBFCs shall become members of all the Credit Information Companies (CICs) registered with the RBI and submit data on credit information of their borrowers (including historical data) to all CICs, keeping the credit information updated regularly on a fortnightly basis (as on 15th and last day of the respective month) or at shorter intervals as mutually agreed upon, with fortnightly submission ensured within seven calendar days of the relevant reporting fortnight.

An NBFC covered under the Reserve Bank - Integrated Ombudsman Scheme, 2021 (RBIOS, 2021) shall comply with the directions provided under the said Scheme. Further, an NBFC covered under the Internal Ombudsman framework shall adhere to the instructions issued vide Master Direction - Reserve Bank of India (Internal Ombudsman) Directions, 2023 dated 29 December 2023 (as amended from time to time)

***Guidelines for Appointment of Statutory Central Auditors (“SCAs”)/ Statutory Auditors (“SAs”) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs) dated April 27, 2021 (“RBI Auditors Guidelines”)***

The RBI Auditors Guidelines are applicable to commercial banks (excluding regional rural banks), urban co-operative banks and NBFCs (including Housing Finance Companies) in respect of appointment/ reappointment of SCAs/ SAs. While

NBFCs, including HFCs, do not have to take prior approval of RBI for appointment of SCAs/ SAs, all NBFCs, including HFCs, need to inform RBI about the appointment of SCAs/ SAs for each year by way of a certificate within one month of such appointment. Further, the RBI Auditors Guidelines provide for, *inter alia*, the minimum and maximum number of SCAs/ SAs per entity, eligibility criteria for auditors, tenure and rotation, independence of auditors and professional standards of SCAs/ SAs.

### ***Implementation of ‘Core Financial Services Solution’ by Non-Banking Financial Companies dated February 23, 2022***

Pursuant to this circular, an NBFC-ML with 10 and more ‘fixed point service delivery units’ is mandated to adopt ‘Core Financial Services Solution’ (“CFSS”), akin to the Core Banking Solution adopted by banks on or before September 30, 2025. The CFSS shall provide for (i) seamless customer interface in digital offerings and transactions relating to products and services with anywhere / anytime facility, (ii) enable integration of NBFCs’ functions, (iii) provide centralised database and accounting records, and be able to generate suitable MIS, both for internal purposes and regulatory reporting. It also requires the relevant NBFCs to furnish a quarterly progress report on implementation of the Core Financial Services Solution, along with various milestones as approved by the board of directors/committee of the board of directors, to the Senior Supervisory Manager Office of the RBI starting from quarter ending March 31, 2023.

### ***Prevention of Money Laundering Act, 2002 (“PMLA”)***

The PMLA was enacted to prevent money laundering and to provide for confiscation of property derived from, or involved, in money laundering, and for incidental matters connected therewith. Section 12 of the PMLA *inter alia* casts certain obligations on reporting entities (as defined under the PMLA) in relation to preservation of records and reporting of transactions.

### **Insurance Regulatory and Development Authority of India**

#### ***IRDAI (Registration of Corporate Agents) Regulations, 2015 (“CA Regulations”)***

Corporate agents are granted a certificate of registration by the IRDAI in accordance with the CA Regulations for solicitation and servicing of insurance business for any of the specified category of life, general and health. A corporate agency registration is valid for a period of three years from the date of issuance, unless the same is suspended or cancelled by the IRDAI. The grant and renewal of a corporate agency registration is subject to the applicant meeting the eligibility criteria prescribed in the CA Regulations. The criteria includes matters *inter alia* (a) whether the applicant has the necessary infrastructure such as, adequate office space, equipment and trained manpower on their rolls to effectively discharge its activities; (b) whether the principal officer, directors and other employees of the applicant have violated the code of conduct set out under the CA Regulations in the last three years; (c) whether any person, directly or indirectly connected with the applicant, has been refused in the past the grant of a licence/registration by the IRDAI; and (d) whether the applicant, in case the principal business of the applicant is other than insurance, maintains an arms-length relationship in financial matters between its activities as corporate agent and other activities.

Further, pursuant to the IRDAI (Insurance Intermediaries) (Amendment) Regulations, 2022, a corporate agent, depending on the type of registration (i.e., general, life or health) is permitted to act as a corporate agent for a maximum of nine general, life or health insurers, as applicable. In the case of corporate agent (composite) the total number of arrangements with life, general and health insurers, shall not exceed twenty-seven at any point of time.

### **Central Government**

#### ***Recovery of Debts due to Banks and Financial Institutions Act, 1993, as amended (“DRT Act”)***

Under the DRT Act, the procedures for recovery of debt have been prescribed and time frames have been fixed for speedy disposal of cases. The DRT Act prescribes the rules for establishment of Debt Recovery Tribunals (“DRTs”), procedure for making application to DRTs, powers of DRTs and modes of recovery of debts determined by DRTs, including *inter alia* attachment and sale of movable and immovable properties of defendants, taking possession of property over which security interest is created or any other property of the defendant and appointing receiver for such property and to sell the same, arrest of defendants, defendants’ detention in prison and appointment of receivers for management of the movable or immovable properties of defendants. The DRT Act also provides that a bank or public financial institution, having a claim to recover its debt may join an ongoing proceeding filed by some other bank or public financial institution against its debtor at any stage of the proceedings before the final order is passed by making an application to the DRT.

#### ***Insolvency and Bankruptcy Code, 2016, as amended (the “IBC”)***

The IBC empowers creditors, whether secured, unsecured, financial, operational or decree holder to trigger resolution processes to start at the earliest sign of financial distress, provides for a single forum to oversee insolvency and liquidation

proceedings, enables a calm period where new proceedings do not derail existing ones, provides for replacement of the existing management during insolvency proceedings while maintaining the enterprise as a going concern, offers a finite time limit within which the debtor's viability can be assessed and prescribes a linear liquidation mechanism.

***The Information Technology Act, 2000 (the "IT Act") and the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 ("IT Security Rules")***

The IT Act aims to provide legal recognition to transactions carried out by various means of electronic data interchange and other means of electronic communication and facilitate electronic filing of documents. The IT Act creates a constructive mechanism for the authentication of electronic documentation through digital signatures. The IT Act makes electronic commerce seamless by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability for failure to protect such sensitive personal data. The IT Security Rules enlist directions for the disclosure, collection and transfer of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The IT Security Rules require every such body corporate or person, who on behalf of the body corporate receives, stores or handles information to provide a privacy policy for handling and dealing with personal information, including sensitive personal data publishing such policy on its website. The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected, and any third-party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law.

***The Information Technology (Intermediaries Guidelines and Digital Media Ethics Code) Rules, 2021 ("IT Intermediaries Rules")***

The Department of Information Technology has also notified the IT Intermediaries Rules under the IT Act, in supersession of the Information Technology (Intermediary Guidelines) Rules, 2011, requiring intermediaries receiving, storing, transmitting, or providing any service with respect to electronic messages to not knowingly host, publish, transmit, select or modify any information prohibited under the IT Intermediaries Rules, to disable hosting, publishing, transmission, selection or modification of such information once they become aware of it, as well as specifying the due diligence to be observed by intermediaries. The IT Intermediary Rules also make it mandatory for an intermediary to publish its privacy policy, rules, and regulations on its website, to inform their users, at least once a year, in case of a non-compliance and to establish a grievance redressal mechanism. Further, on March 15, 2024, an advisory on due diligence by intermediaries and platforms was announced under the IT Act and the IT Intermediaries Rules instructing intermediaries and platforms to make available under-tested or unreliable artificial intelligence ("AI") foundational models, large language models, generative AI, software, or algorithms to users in India only after accurately labelling the generated output. Additionally, they must label all artificially generated media and text with unique identifiers or metadata to facilitate easy identification.

***The Digital Personal Data Protection Act, 2023 ("DPDP Act")***

The DPDP Act received the assent of the President of India on August 11, 2023. It seeks to provide for the processing of digital personal data in a manner that recognises both the right of individuals to protect their personal data and the need to process such personal data for lawful and other incidental purposes. It defines personal data to mean any data about an individual who is identifiable by or in relation to such data ("**Personal Data**"). It further defines a data fiduciary to mean any person who alone or in conjunction with other persons determines the purpose and means of processing of personal data ("**Data Fiduciary**"), and a data principal to mean an individual to whom the Personal Data relates ("**Data Principal**").

The DPDP Act applies to the processing of digital Personal Data within India where the Personal Data is collected in digital form or where it is collected in a non-digital form and is subsequently digitised. It also applies to processing of digital Personal Data outside of India, if such processing is in connection with any activity related to offering of goods or services to Data Principals within India. The DPDP Act does not apply to Personal Data processed by an individual for any personal or domestic purpose, and Personal Data that is made publicly available by the Data Principal to whom such personal data relates or any other person who is under an obligation under any law for the time being in force in India to make such Personal Data publicly available. As per the DPDP Act, a person may process the Personal Data of a Data Principal for a lawful purpose, for which the Data Principal has given her consent or for certain legitimate uses. It also provides for the establishment of a Data Protection Board of India for taking remedial actions and imposing penalties for breach of the provisions of the DPDP Act. It imposes restrictions and obligations on Data Fiduciaries in relation to dealing with personal data and levies penalties for breach of obligations prescribed under the DPDP Act.

The Government of India is considering enacting legislation for non-personal data ("**NPD**"). In September 2019, the Ministry of Electronics and Information Technology established the NPD Committee to propose regulations for NPD. The committee has released two reports suggesting frameworks for NPD governance, access, sharing, and a registration regime for data businesses. In May 2022, a draft National Data Governance Framework was issued, aiming to mobilize non-personal data for public and private use, proposing a non-personal data-based India datasets program and outlining rules for secure access by the research and innovation ecosystem.

## ***Digital Personal Data Protection Rules, 2025***

The Indian Ministry of Electronics and Information Technology has notified the Digital Personal Data Protection Rules, 2025 (“**DPDP Rules**”) on November 14, 2025. The DPDP Rules aim to operationalise the Data Protection Act and regulate the processing of personal data in India, ensuring individuals privacy rights are protected. The DPDP Rules are applicable for a limited set of governance and institutional provisions being effective immediately, consent management related stipulations come into effect after 12 months and the substantive obligations will take effect after 18 months. The DPDP Rules introduce, among others, clear privacy notices, prescriptive security safeguards, breach-reporting timelines, data-retention limits and provisions for protection for children and vulnerable persons.

## **2. Foreign Exchange Laws**

Foreign investment in India is governed by the provisions of Foreign Exchange Management Act, 1999, as amended, along with the rules, regulations and notifications made by the Reserve Bank of India thereunder, and the consolidated FDI Policy, effective from October 15, 2020, issued by the DPIIT, and any modifications thereto or substitutions thereof, issued from time to time.

## **3. Intellectual Property Laws**

Certain laws relating to intellectual property rights such as the Trade Marks Act, 1999 and the Copyright Act, 1957, are applicable to us.

### ***Trade Marks Act, 1999 (“Trade Marks Act”)***

The Trade Marks Act provides for the application and registration of trademarks in India. The purpose of the Trade Marks Act is to register trademarks applied for in India and to provide for better protection of trademark for goods and services and also to prevent use of fraudulent marks. Application for the registration of trademarks has to be made to Trade Marks registry by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. The Trade Marks Act prohibits any registration of trademarks which are identical/similar to other trademarks or commonly used name of chemical compound among others. It also provides for penalties for falsifying and falsely applying trademarks and using them to cause confusion among the public. The Trade Marks Act provides for civil remedies and criminal liabilities in the event of infringement of registered trademarks or for passing off, including injunction, damages, account of profits or delivery-up of infringing labels and marks for destruction or erasure.

### ***Copyright Act, 1957 (“Copyright Act”)***

The Copyright Act serves to create property rights for certain kinds of intellectual property, generally called works of authorship. The intellectual property protected under the Copyright Act includes copyrights subsisting in artistic works, original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings, including computer programs, tables and compilations including computer databases. While copyright registration is not a prerequisite for acquiring or enforcing a copyright in an otherwise copyrightable work, registration under the Copyright Act acts as prima facie evidence of the particulars entered therein and may help expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Upon registration, the copyright protection for a work exists for a period of 60 years following the demise of the author. Reproduction of a copyrighted work for sale or hire and issuing of copies to the public, among others, without consent of the owner of the copyright are acts which expressly amount to an infringement of copyright.

## **4. Employee related legislations**

### ***Labour Codes***

In order to rationalize and reform labour laws in India, the Government of India had framed four labour codes (“**Labour Codes**”), which (*barring certain provisions*) have been brought into effect, through a notification, from November 21, 2025, namely:

#### **a) *The Code on Wages, 2019***

The Code on Wages, 2019, provide for subsumption of 4 (four) legislations, namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. It provides for a new definition of ‘wages’ and minimum wages to be notified for all employees in all industries, based on the categories of employees and/or geographical locations and other conditions of service, which shall be equal to

or above the rate of floor wages set by the Central Government, and further mandates fixation of wage period and timely wage payment. It also requires that pay parity should be ensured for all genders, and provides for payment of annual bonus, and normal working hours to be prescribed (with the requirement to pay overtime at twice the normal pay rates in the event an employee works beyond the normal working hours).

**b) *The Industrial Relations Code, 2020***

The Industrial Relations Code, 2020, subsumes 3 (three) legislations *inter alia* the Trade Unions Act, 1926, and the Industrial Disputes Act, 1947. The objective of the Industrial Relations Code, 2020, is to promote industrial harmony whilst balancing worker protection with business flexibility. The key provisions include (i) recognition of negotiating union and negotiation council, (ii) specific recognition of fixed-term employment with equal benefits including parity in wages, working hours, and allowances with permanent workers, (iii) definitions of key terms including ‘employee’ and ‘worker’, (iv) conditions for lay-offs, retrenchment and closure, including increase in the headcount threshold from 100 (one hundred) to 300 (three hundred) workers for applicability of certain special provisions of retrenchment, lay-off and closure to factories, mines and plantations, (v) constitution of a grievance redressal committee with equal employer and employee representatives, (vi) mandatory notice requirements for strikes and lock-outs in all industrial establishments, (vii) provision of notice to workers prior to change in certain conditions of service; (viii) prohibition of identified unfair labour practices, (ix) adoption and certification of standing orders, and (x) dispute resolution through conciliation, labour courts and industrial tribunals.

**c) *The Occupational Safety, Health and Working Conditions Code, 2020 (“Occupational Safety Code”)***

The Occupational Safety Code subsumes 13 (thirteen) legislations such as the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996, among others.

The Occupational Safety Code provide for definitions of key terms including ‘contract labour’, ‘contractor’, ‘principal employer’ and ‘establishment’, annual leave with wages and prescription of working hours and rest intervals, special provisions on employment of women in night shifts, and prescription of health and safety obligations and provision of welfare facilities. The Occupational Safety Code provides for a common registration to be obtained by establishments (including factories and commercial establishments), licence for contractors supplying contractor labour, and scope for prescription of requirement for factories to obtain specific licences, etc. The Occupational Safety Code also regulates the employment of contract labour including inter-state migrant workers in certain establishments including with respect to prohibition of engagement of contract labour in core activities, and provisions for welfare and health of contract labour.

**d) *The Code on Social Security, 2020***

The Code on Social Security, 2020 provide for subsumption of 9 (nine) social security related legislations, *inter alia* the Employee’s Compensation Act, 1923, the Employee’s State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, and the Payment of Gratuity Act, 1972. The Code on Social Security, 2020 provides for a common registration to be obtained, social security provisions including on provident fund, pension, and employees’ deposit-linked insurance, employees’ state insurance coverage and benefits including sickness benefit, disablement benefit, etc, compensation to be paid to employees for workplace injuries/occupational diseases, maternity benefits, gratuity payments including to fixed-term employees, and prescription of social security benefits including for building and other construction workers, unorganised workers, gig workers and platform workers. Employers are required to obtain necessary registration and make necessary contributions/payments as prescribed.

The Labour Codes prescribe penalties in the form of monetary fine or imprisonment or both for violations of the provisions provided therein.

In addition to Labour Codes and shops and establishments legislations, certain other labour and employment-related legislations (and rules issued thereunder) that may apply to our operations, from the perspective of protecting the workers’ rights, reporting and other compliances, and the requirements that may apply to us as an employer, such as:

- The Child and Adolescent Labour (Prohibition and Regulation) Act, 1986;
- Labour welfare fund legislations; and
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

**5. Other Indian laws**

In addition to the above, our Company is required to comply with the provisions of the Companies Act, 2013 and rules framed thereunder, the Contract Act, 1872, FEMA, various tax related legislations i.e., the Income Tax Act, 1961 and Income Tax Act, 2025, relevant state legislations for goods and services tax, Indian Stamp Act, 1899 and various state-specific legislations made thereunder, and other applicable statutes promulgated, and regulations imposed by the Central Government and state governments and other authorities for our day-to-day business, operations and administration.

## OUR GROUP COMPANIES

Pursuant to a resolution dated August 5, 2025, our Board has formulated a policy for identification of group companies and has noted that in accordance with Regulation 2(1)(t) of the SEBI ICDR Regulations and for the purpose of disclosure in this Red Herring Prospectus, the 'group companies' of our Company shall include (a) the companies (other than our Promoters and our Subsidiary) with which there were related party transactions during the period for which Restated Consolidated Financial Information have been disclosed in this Red Herring Prospectus, as covered under the applicable accounting standards (i.e., Ind AS 24); and (b) any other companies which are considered material by our Board.

In relation to (b) above, we propose to consider such companies (other than our Subsidiary and companies categorised in (a) above) that (i) are a part of the Promoter Group in terms of Regulation 2(1)(pp) of the SEBI ICDR Regulations, and (ii) with which there were transactions in the last completed Financial Year and the most recent stub period (if applicable) included in the Restated Consolidated Financial Information, which individually or cumulatively in value, exceed 10% of the revenue from operations of the Company on a consolidated basis for the last completed financial year, as 'group companies'.

Accordingly, based on the parameters set out above, our Company does not have any group company as on the date of this Red Herring Prospectus.

## DIVIDEND POLICY

The declaration and payment of dividends on our Equity Shares, if any, will be recommended by our Board to the Shareholders for their approval in the Annual General Meeting, at their discretion, subject to compliance with the Articles of Association and provisions of the Companies Act, including the rules made thereunder and other relevant regulations, if any, each as amended. Further the Board shall also have the absolute power to declare interim dividend in compliance with the Act. The dividend distribution policy of our Company was approved and adopted by way of a resolution dated July 8, 2025, passed by the Board of Directors.

The declaration and payment of dividend will depend on a number of internal and external factors. Some of the internal factors on the basis of which our Company may declare dividend shall *inter alia* include the Company's liquidity position including its present and expected obligations, profits of the Company, present and future capital expenditure plans of the Company including organic/inorganic growth opportunities, financial commitments with respect to the outstanding borrowings and interest thereon, financial requirement for business expansion and/or diversification, acquisition, etc of new businesses, past dividend trend of the Company and the industry, cost of borrowings, and other corporate action options. The external factors on the basis of which our Company may declare dividend shall *inter alia* include the state of the economy and capital markets, applicable taxes, including dividend distribution tax and regulatory changes or changes in regulatory requirements that may have a significant impact on the Company's operations or finances.

Our Company has not declared dividends on the Equity Shares or Preference Shares during the preceding three Fiscals, the nine-month period ended December 31, 2025 and since January 1, 2026, until the date of this Red Herring Prospectus.

There is no guarantee that any dividends will be declared or paid in the future. For details in relation to risks involved in this regard, see "*Risk Factors – We cannot assure payment of dividends on the Equity Shares in the future and our ability to pay dividends in the future will depend on our earnings, financial condition, cash flows, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements and we may not be able to pay dividends in future*" on page 48.

### 2. BASIS OF PREPARATION

The Restated Consolidated Financial Information of the Company comprises of the Restated Consolidated Statement of Assets and Liabilities of the Company as at 31 December 2025 and March 31, 2025, March 31, 2024 and March 31, 2023 the Restated Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Statement of Changes in Equity and the Restated Consolidated Statement of Cash Flows of the Company and for the -period ended 31 December 2025 and financial year ended March 31, 2025, March 31, 2024 and March 31, 2023 and the Summary of Material Accounting Policies and other explanatory information (collectively, the “Restated Consolidated Financial Information”). These Restated Consolidated Financial Information have been prepared by the Management of the Company as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“ICDR Regulations”) issued by the Securities and Exchange Board of India (“SEBI”), in pursuance of the Securities and Exchange Board of India Act, 1992, for the purpose of preparation of the restated consolidated financial information for filing by the company with the Securities and Exchange Board of India (“SEBI”), BSE Limited and National stock Exchange of India Limited (collectively the Stock Exchanges) and the Registrar of Companies, for the purpose of inclusion in the Red Herring Prospectus (the “RHP”) and other documents prepared by the OnEMI Technology Solutions Limited (formally known as OnEMI Technology Solutions Private Limited) (the “Company”) in connection with its proposed Initial Public Offer (“IPO”) of equity shares of face value of Rs. 1 each of the Company comprising a fresh issue of equity shares and an offer for sale of equity shares held by the selling shareholders (collectively with the DRHP, RHP and Prospectus, the “Offer Documents”).

The Restated Consolidated Financial Information have been prepared by the Management of the Company in terms of the requirements of:

- a) Section 26 of Part I of Chapter III of the Companies Act, 2013, and the rules made thereunder, as amended (together, the “Act”)
- b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the “ICDR Regulations”); and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI), as amended (the “Guidance Note”).
- d) E-mail dated October 28, 2021 from Securities and Exchange Board of India (the “SEBI”) to the Association of Investment Bankers of India, instructing lead managers to ensure that companies provide consolidated financial statements prepared in accordance with Indian Accounting Standards (“Ind-AS”) for all the three years and stub period, as applicable (hereinafter referred to as the “SEBI E-Mail”).

These Restated Consolidated Financial Information have been compiled by the Management from the audited financial statements of the Company as at 31 December 2025 and for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 prepared in accordance with the recognition and measurement principles of Indian Accounting Standards (the “Ind AS”), prescribed under Section 133 of the Act read with relevant rules thereunder and the other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meetings held on 11<sup>th</sup> April, 2026, 3<sup>rd</sup> June 2025, 27<sup>th</sup> September 2024 and 21<sup>st</sup> September 2023 respectively.

In pursuance to ICDR Regulations and the Guidance note issued by ICAI, the aforesaid special purpose Ind AS financial statements for the financial year ended March 31, 2023 have been prepared solely for the purpose of preparation of these Restated Consolidated Financial Information for inclusion in DRHP in relation to the proposed IPO. As such these special purpose Ind AS financial statements are not suitable for any other purpose other than for the purpose of preparation of Restated Consolidated Financial Information and are also not financial statements prepared pursuant to any requirements under section 129 of the Companies Act, 2013, as amended.

The Restated Consolidated Financial Information are prepared on a going concern basis, as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on going concern assumptions. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

The accounting policies have been consistently applied by the Company in preparation of the Restated Consolidated Financial Information and are consistent with those adopted in the preparation of consolidated financial statements for the period ended December 31, 2025. These Restated

Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of board meeting for adoption of the Audited Consolidated Financial Statements as at and for the financial years ended March 31, 2025, 2024 and 2023.

The Restated Consolidated Financial Information:

- a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively as at and for the financial years ended March, 2025, March 31, 2024 and 2023, to reflect the same accounting treatment as per the accounting policy and grouping/classifications followed as at and for the period ended December 31, 2025;
- b) do not require any adjustment for modification as there is no modification in the underlying audit reports on Audited Consolidated Financial Statements; and
- c) have been prepared in accordance with the Act, the ICDR Regulations and the Guidance Note.

The Restated Consolidated Financial Information were approved by the Board of Directors and authorised for consolidation in Restated Consolidated Financial Information of Company for its IPO on 11<sup>th</sup> April, 2026.

## 2.1 Statement of compliance

The Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in Division II of Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of IND AS 7 “Statement of Cash Flows”. The Group presents its Balance Sheet in order of liquidity. A statement regarding maturity within 12 months after the reporting date and more than 12 months after the reporting date is presented in Notes to Restated Consolidated Financial Information.

## 2.2 Basis of Consolidation

- (i) The Restated financial statements of the subsidiary company used in the consolidation are drawn up to the same reporting date as of the Company i.e. for the period ended 31 December 2025 and year ended March 31, 2025, March 31, 2024 and March 31, 2023 and are prepared based on the accounting policies consistent with those used by the Group.
- (ii) The financial statements of the Group have been prepared in accordance with the Ind AS 110 - ‘Restated Consolidated Financial Statements’ as per the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016, notified under Section 133 of the Act and the other relevant provisions of the Act.
- (iii) The Restated Consolidated Financial Statements have been prepared on the following basis:
  - a) The Restated financial statements of the Company and its subsidiary has been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The intra-group balances and intra-group transactions have been fully eliminated.
  - b) The policies of the subsidiary company are consistent with those of the Group.
- (iv) The subsidiary company considered in the Restated Consolidated Financial Information are as below:

Name	Relationship	Date of Incorporation	Country of incorporation	Share of ownership interest
Si-Creva Capital Services Private Limited	Subsidiary	08/07/2015	India	100%

## 2.3 Functional and presentation currency

The Restated Consolidated Financial Information are presented in Indian Rupee (INR), which is also the functional currency of the Group, in denomination of million with rounding off to two decimals as permitted by Schedule III to the Act except where otherwise indicated.

## 2.4 Presentation of financial statements

The Restated Consolidated Financial Information of the Group are presented as per Schedule III (Division II) of the Companies Act, 2013, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognized amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- i. The normal course of business
- ii. The event of default
- iii. The event of insolvency or bankruptcy of the Group and/or its counterparties.

## 2.5 Foreign Currency Translation:

### A) Initial recognition:

Transactions in foreign currencies are recognized at prevailing exchange rates between reporting currency and foreign currency on transaction date.

### B) Conversion:

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of profit and loss.

## 2.6 Historical cost convention

The Restated Consolidated Financial Information have been prepared under the historical cost convention on the accrual basis except for certain financial instruments and plan assets of defined benefit plans, which are measured at fair values at the end of each reporting period as explained in the accounting policies below.

## 2.7 Revenue Recognition

### (i) Interest income

Interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets measured at amortized cost other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in interest income with the corresponding adjustment to the carrying amount of the assets. Interest income on credit impaired assets is recognized by applying the effective interest rate to the net amortised cost (net of ECL provision) of the financial asset. Interest on delayed payments by customers are treated to accrue only on realisation, due to uncertainty of realisation and are accounted accordingly.

### (ii) Fees and Commission income:

Fees and commission income are recognised when the Group satisfies the performance obligation, at the amount of transaction price (net of variable consideration) allocated to that performance obligation based on a five-step model as set out in IND AS 115. Revenue from all services is recognized at a point in time when the related services are rendered as per the terms of the agreement.

### (iii) Marketing Income:

Marketing Income is recognized when the Group satisfies the performance obligation, at the amount of transaction price (net of variable consideration) allocated to that performance obligation based on a five-step model as set out above.

### (iv) Net gain/loss on fair value changes:

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain/loss. In cases there is a net gain in the aggregate, the same is recognised in 'Net gains on fair value changes' under other income and if there is a net loss the same is disclosed under 'Expenses' in the Statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt or equity instruments measured at FVOCI is recognised in net gain / loss on fair value changes. As at the reporting date, the Group does not have any debt instruments measured at FVOCI.

### (v) Insurance commission and rewards

Insurance commission and rewards – includes commission and rewards earned for solicitation of insurance products/policies based on the leads generated from its designated website using telemarketing modes and through offline activities. Revenue is recognized when the right to receive the income is established as per the terms of the contract.

### (vi) Brand and trade mark license fees

The Group earns license fee income from permitting the use of its brand and trademarks by its subsidiary under a licensing agreement. Revenue

from such license arrangements is recognized in accordance with Ind AS 115 – Revenue from contracts with customers. The license fee income is recognized over time, on a monthly basis, as the performance obligation is satisfied.

**(vii) Other operational revenue:**

Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

**(viii) Income on derecognised loans:**

The group on derecognition of financial assets under the direct assignment transactions, recognises the right of excess interest spread (EIS) which is difference between interest on the loan portfolio assigned and the applicable rate at which the direct assignment is entered into with the assignee. The group records the discounted value of scheduled cash flow of the future EIS, entered into with the assignee, upfront in the statement of profit and loss under other income.

**(ix) Recoveries of financial assets written off:**

The Group recognises income on recoveries of financial assets written off on realisation basis.

**2.8 Income Taxes:**

The income tax expense or credit for the period is the tax payable on the taxable income of the current period based on the applicable income tax rates adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses.

**(i) Current Tax**

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date where the Group operates and generates taxable income.

Current income tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**(ii) Deferred Tax**

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilize those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

**2.9 Leases**

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

Group as lessee-

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Groups' incremental borrowing rate on commencement of the lease is used. Variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- amounts expected to be payable under any residual value guarantee;

- the exercise price of any purchase option granted in favour of the Group if it is reasonably certain to assess that option;
- any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortized on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the Group revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortized over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in the statement of profit and loss.

## 2.10 Financial Instrument

### Recognition of financial instruments

Financial assets and liabilities, with the exception of loans, debt securities, deposits and borrowings are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customer's account. The Group recognizes debt securities, deposits and borrowings when funds reach the Group.

#### I) Financial Assets

##### (i) Initial measurement

Financial assets are initially measured at transaction price, which generally represents fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets are added to or deducted from the fair value of the financial assets, on initial recognition. For financial assets measured at FVTPL, such costs are recognised immediately in the Statement of Profit and Loss.

##### (ii) Subsequent measurement

Based on the business model, the contractual characteristics of the financial assets and specific elections where appropriate, the Group classifies and measures financial assets in the following categories:

- Amortised cost
- Fair value through other comprehensive income ('FVOCI')
- Fair value through profit and loss ('FVTPL')

The classification depends on the contractual terms of the cash flows of the financial assets, the Company's business model for managing financial assets and, in case of equity instruments, the intention of the Company whether strategic or non-strategic. The said classification methodology is detailed below-

#### Business model assessment

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
- The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification

of the remaining financial assets held in that business model but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

#### **The Solely Payments of Principal and Interest (SPPI) test**

As a second step of its classification process the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount). In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

##### **a. Financial assets carried at amortised cost**

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows ('Asset held to collect contractual cash flows'); and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement and based on the assessment of the business model as asset held to collect contractual cash flows and SPPI, such financial assets are subsequently measured at amortised cost using effective interest rate ('EIR') method.

Interest income from these financial assets is included in finance income using the EIR method. Any gain and loss on derecognition is also recognised in statement of profit and loss.

The EIR method is a method of calculating the amortised cost of a financial instrument and of allocating interest over the relevant period. The EIR is the rate that exactly discounts estimated future cash flows (including all fees paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

##### **b. Financial assets at fair value through other comprehensive income**

Financial assets that are held within a business model whose objective is both to collect the contractual cash flows and to sell the assets, ('Contractual cash flows of assets collected through hold and sell model') and contractual cash flows that are SPPI, are subsequently measured at FVOCI. Movements in the carrying amount of such financial assets are recognised in Other Comprehensive Income ('OCI'), except dividend income which is recognised in statement of profit and loss. Amounts recorded in OCI are not subsequently transferred to the statement of profit and loss. Equity instruments at FVOCI are not subject to an impairment assessment.

##### **c. Financial assets at fair value through profit or loss**

Financial assets, which do not meet the criteria for categorization as at amortized cost or as FVOCI, are measured at FVTPL. Subsequent changes in fair value are recognised in the statement of profit and loss. The Group records investments in equity instruments, mutual funds and Treasury bills at FVTPL.

#### **(iii) Derecognition of financial assets**

A financial asset (or a part thereof) is derecognised when the contractual rights to receive the cash flows from the asset expire, or when the asset is transferred and substantially all the risks and rewards of ownership are transferred with no continuing involvement.

The Company transfers financial assets through partial assignment transactions and derecognises the transferred portion when it does not retain control or any continuing involvement in the asset.

A write-off of a financial asset is considered a derecognition event.

On derecognition, the difference between the carrying amount of the asset and the consideration received (including any new asset acquired, net of any liability assumed) is recognised in the Statement of Profit and Loss.

##### **Write-off**

The Company writes off financial assets, either partially or in full, when there is no reasonable expectation of recovery based on past experience and assessment of the borrower's financial condition.

Amounts written off that exceed the accumulated loss allowance are recognised as an expense in the Statement of Profit and Loss in the period in which the write-off occurs.

## **II) Financial liabilities**

**(i) Initial measurement**

The Group recognizes all financial liabilities initially at fair value adjusted for transaction costs that are directly attributable to the issue of financial liabilities except in the case of financial liabilities recorded at FVTPL where the transaction costs are charged to the Statement of Profit and Loss. Generally, the transaction price is treated as fair value unless there are circumstances which prove to the contrary in which case, the difference, if material, is charged to the Statement of Profit and Loss.

**(ii) Subsequent measurement**

The Company subsequently measures all financial liabilities at amortised cost using the EIR method as per Ind AS 109.

**(iii) Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

**(iv) Financial liabilities and equity instrument**

The Group classifies financial instruments, at the time of initial recognition, as either financial liabilities or equity instruments in accordance with the substance of the contractual terms and the definitions provided under Ind AS 32 – Financial Instruments: Presentation.

**Equity Instruments**

An instrument is classified as equity when it evidences a residual interest in the assets of the Group after deducting all its liabilities and meets the following conditions:

- The instrument does not contain a contractual obligation to deliver cash or another financial asset, or to exchange financial assets or liabilities under potentially unfavourable conditions; and
- If the instrument will or may be settled in the Group's own equity instruments, it is either:
  - A non-derivative that includes no contractual obligation to deliver a variable number of the Group's equity instruments; or
  - A derivative that will be settled only by the Group exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments ("fixed-for-fixed" test).

**Financial Liabilities**

A financial instrument is classified as a financial liability if it:

- Contains a contractual obligation to deliver cash or another financial asset to another entity; or
- Is a contract that may be settled in the Group's own equity instruments but does not meet the equity classification criteria (i.e., fails the fixed-for-fixed condition).

Instruments with both liability and equity components are bifurcated and accounted for as compound financial instruments under Ind AS 32, with each component classified and measured separately.

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and an equity instrument.

**(a) Equity instrument**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of directly attributable transaction costs.

**(b) Financial liabilities**

Financial liabilities are measured at amortized cost. The carrying amounts are determined based on the EIR method. Interest expense is recognised in the statement of profit and loss. Any gain or loss on de-recognition of financial liabilities is also recognised in profit or loss. Undrawn loan commitments are not recorded in the balance sheet.

**(c) Debt securities and other borrowed funds:**

After initial measurement, debt issued, and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

**2.11 Impairment of Financial Asset**

**(i) Overview of the ECL principles**

The Group assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The ECL allowance is based on the credit losses expected to arise over the life of the asset, unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12-month ECL). The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Group categories its loans into Stage 1, Stage 2 and Stage 3 as described below:

**Stage 1** includes financial instruments that have not had a significant increase in credit risk since initial recognition and are not credit-impaired upon origination. For these assets, 12-month expected credit losses ('ECL') are recognised and interest revenue is calculated on the gross carrying amount of the asset (that is, without deduction for credit allowance).

**Stage 2** includes financial instruments that have had a significant increase in credit risk since initial recognition but that do not have objective evidence of impairment. For these assets, lifetime ECL are recognised, but interest revenue is continued to be calculated on the gross carrying amount of the asset.

**Stage 3** includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime ECL are recognised and interest revenue is calculated on the net carrying amount.

## (ii) The calculation of ECLs

The Group calculates ECLs based on four probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive. The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

**Probability of Default (PD):** The PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation.

**Exposure at Default (EAD)** is based on the amounts the Group expects to be owed at the time of default, over the next 12 months (12M EAD) or over the remaining lifetime (Lifetime EAD).

**Loss Given Default (LGD)** represents the Group's expectation of the extent of loss on a defaulted exposure. LGD varies by type of counter party, type and seniority of claim and availability of collateral or other credit support. LGD is expressed as a percentage loss per unit of exposure at the time of default (EAD). LGD is calculated on a 12-month or lifetime basis, where 12-month LGD is the percentage of loss expected to be made if the default occurs in the next 12 months and lifetime LGD is the percentage of loss expected to be made if the default occurs over the remaining expected lifetime of the loan.

When estimating the ECLs, the Group considers four scenarios (a base case, an upside, a mild downside ('downside 1') and a more extreme downside ('downside 2')). Each of these is associated with different PDs, EADs and LGDs. When relevant, the assessment of multiple scenarios also incorporates how defaulted loans are expected to be recovered, including the probability that the loans will cure and the value of collateral or the amount that might be received for selling the asset. Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

Under the Group's business model, FLDG (First Loss Default Guarantee) obligations are treated as financial guarantees and are typically based on the business arrangements (maximum capped at 5%) of the disbursed portfolio by the lending Banks/ NBFCs.

For Trade Receivables, Group follows simplified approach for calculation of expected credit loss (ECL)

## 2.12 Determination of Fair Value

The Group measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principle market or in absence of the principle market, the most advantageous market.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarized below:

Level 1 includes financial instruments measured using quoted prices.

Level 2 Financial instruments the fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The Group evaluates the leveling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

## 2.13 Cash and Cash Equivalents

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash on hand, cheques on hand, balances with banks (of the nature of cash and cash equivalents).

## **2.14 Property, Plant and Equipment**

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses. Subsequent expenditure on PPE after its purchase is capitalized only if it is probable that the future economic benefits will flow to the enterprise and the cost of the item can be measured reliably.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives as specified under schedule II of the Act. Land is not depreciated. Individual Assets having value up to Rs 5000 is depreciated fully in the year of purchase of assets.

The estimated useful lives are, as follows:

- (i) Computer and other Equipment's -3 Years
- (ii) Servers & Networks 6 Years
- (iii) Office equipment 5 years
- (iv) Furniture and fixtures 10 years
- (v) Leasehold improvements – over the remaining period of Lease

Depreciation is provided on a pro-rata basis from the date on which such asset is ready for its intended use. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

## **2.15 Impairment of Non-Financial Asset**

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets. Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

## **2.16 Intangible Assets**

Intangible assets represents computer software acquired by the Group carried at cost of acquisition less amortisation. The cost of the item of intangible assets comprises its purchase price, including non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Other Indirect Expenses incurred relating to asset under development, net of income earned during the asset development stage prior to its intended use, are disclosed under Intangible Assets Under Development and are capitalised when asset is ready for the intended use.

At intangible asset is de-recognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset is recognised in profit or loss when the asset is de-recognised.

Amortisation methods, estimated useful lives and residual value Intangible assets, comprising software, are amortised over the estimated life of 5 years on a straight-line basis from the date of capitalization. Software developed in-house is amortized over estimated life of 5 years on a straight-line basis from the date of capitalisation till the previous financial year. However, beginning from current financial year software developed in-house is amortized over estimated life of 10 years on a straight-line basis from the date of capitalisation. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

## **2.17 Retirement and Other Employee Benefits**

### **Defined contribution plans**

The Group's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

#### **Defined benefits plan**

The Group pays gratuity to the employees whoever has completed five years of service with the Group at the time of resignation / retirement. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. As per Ind AS 19, the service cost and the net interest cost are charged to the statement of profit and loss. Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI.

#### **Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### **The cost of short-term compensated absences is accounted as under:**

In case of accumulative compensated absences, the employees can carry-forward a portion of the unutilized accrued compensated absences and utilize it in future service periods. Leave encashment occurs only at the time of separation, with basic salary considered for encashment. Since the compensated absences fall due wholly within twelve months after the end of the period in which the employees render the related service and are also expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a short-term employee benefit.

#### **Long term employee benefits:**

##### **Share-based payments.**

The Group recognizes compensation expenses relating to share-based payments in net profit using fair value in accordance with Ind AS 102 - Share-based Payment. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding amount.

## **2.18 Provisions & Contingencies**

#### **Provisions:**

The Group recognises a provision when there is a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risk and uncertainties surrounding the obligation.

The cases where the available information indicates that the loss on the contingency is the reasonably estimated, a disclosure is made in the financial statements. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

#### **Contingencies:**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the past events but probably will not require an outflow of resources to settle the obligation.

When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed in the financial statements.

## **2.19 Segment Reporting**

The Group is primarily engaged in the financial services business including financial technology solutions and corresponding lending. Accordingly, the Group is engaged in only one business segment and primarily in one geographical segment. Therefore, these financial statements pertain to one business segment.

## **2.20 Shares based payments for services rendered**

The Company accounts for share-based payments in accordance with Ind AS 102 – Share-based payment. When equity shares are issued to non-employees in exchange for services, the transaction is treated as a share-based payment. The fair value of the services received is recognized as an expense in the Statement of Profit and Loss, with a corresponding increase in equity.

## 2.21 Earning Per Share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduce the earnings per share or increases loss per share are included.

## 2.22 Statement of Cash Flow

Cash flows are reported under the 'Indirect method' as set out in Ind AS 7 on 'Statement of Cash Flows, whereby net profit after tax is adjusted for the effects of transactions of non-cash nature, tax and any deferrals or accruals of past or future cash receipts or payments. The cash flows are prepared for the operating, investing and financing activities of the Group.

## 3. MATERIAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

### 3.1 Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

### 3.2 Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Following are the areas that involved a higher degree of estimates and judgement or complexity in determining the carrying amount of some assets and liabilities.

#### i) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous in absence of principal market) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.

#### ii) Effective interest rate ("EIR") method

The Group's EIR methodology, as explained in Note 2.6(i), recognises interest income using an EIR. An 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected behavioural life of the financial asset to the gross carrying amount of the financial asset.

This estimation, by nature required an element of judgement regarding the expected behaviour and life-cycle of the instruments, the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges) as well expected changes to the base rate and other transaction costs and fees paid or received that are integral parts of the instruments.

#### iii) Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's expected credit loss ("ECL") calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- a) The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life time expected credit loss ("LTECL") basis.
- b) Development of ECL models, including the various formulas and the choice of inputs.

- c) Determination of associations between macroeconomic scenarios and economic inputs, such as gross domestic products, lending interest rates and collateral values, and the effect on probability of default ("PD"), exposure at default ("EAD") and loss given default ("LGD").
- d) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into ECL models.

**iv) Contingent liabilities and provisions other than impairment on loan portfolio**

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed at each Balance sheet date and revised to take account of changing facts and circumstances.

**v) Leases**

Ind AS 116 "Leases" requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes assessment on the expected lease term on lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Group's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

**vi) Defined employee benefit assets and liabilities**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

**vii) Fair value of share-based payment**

The Group accounts for share-based payment transactions in accordance with Ind AS 102 – Share-based Payment

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments granted at the grant date. The fair value determined at the grant date is recognised as an expense over the vesting period, based on the Group's estimate of the number of equity instruments that will eventually vest, with a corresponding increase in equity.

The fair value of options granted is determined using an appropriate option pricing model (e.g., Black-Scholes or Binomial model), considering the terms and conditions upon which the options were granted. The model takes into account inputs such as:

- Share price at the grant date
- Exercise price of the option
- Expected volatility
- Expected life of the option
- Expected dividends
- Risk-free interest rate

Estimates of vesting conditions (other than market conditions) are revised at each reporting date. The impact of the revision of original estimates, if any, is recognised in the Statement of Profit and Loss with a corresponding adjustment to equity.

**viii) Recognition of deferred tax assets**

The Group has recognized deferred tax assets and concluded that the deferred tax assets will be recoverable using the estimated future taxable income based on the experience and future projections. The Group is expected to generate adequate taxable income for liquidating these assets in due course of time.

**OnEMI Technology Solutions Limited (formerly known as OnEMI Technology Solutions Private Limited)**

**Notes to Restated Consolidated Financial Information**

**15.2 Terms/rights attached to shares**

**15.2.1 Equity shares**

The Group has issued only one class of equity shares having a par value of Rs.1 per share( pursuant to the split of shares of the Company approved in the Board of Directors meeting held on July 8, 2025) . Each holder of equity shares is entitled to one vote per share. Any dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing annual general meeting. The Group has not declared/proposed any dividend in the current period and previous period/year.

During the period/year, the Group has converted 2 Series A OCRPS having face value of Rs 100 each into 2,91,456 Equity Shares having face value of Rs 10 each in the ratio 1: 1,45,728 and 2 Series B OCRPS having face value of Rs 100 each into 2,91,256 Equity Shares having face value of Rs 10 each in the ratio 1: 1,45,728

In the event of liquidation of the Group, the holders of equity shares will be entitled to receive any of the remaining assets of the Group in proportion to the number of equity shares held by the shareholders, after distribution of all preferential amounts.

As per records of the Group, including its register of shareholder/members and other declaration received from shareholders regarding beneficial interest, the above share holding represents both legal and beneficial ownerships of shares.

**15.2.2 Preference shares**

**a) Terms/rights attached to Series A CCPS**

The Group has issued 0.10% Compulsorily Convertible Cumulative Preference shares ("CCCPS") of face value Rs. 10 per share aggregating to Rs. 78,66,840 which are convertible into equity shares at any time before expiry of 19 years from the date of issuance with conversion ratio of 1:9.29025084745763 (to account for such sub-division)[Previous year: 1:0.929025084745763].

The preference shareholders have a right to receive dividend prior to equity shareholders. The dividend proposed by the Board of Directors on the preference shares is subject to the approval of the shareholders at the ensuing Annual General Meeting, except in the case of interim dividend.

In the event of liquidation, the Preference Shareholders are eligible to receive the remaining assets of the Group before distribution to the equity shareholders, in proportion to their shareholding.

In the event of liquidation, the holders of Series A CCPS shall have preference over the other Shareholders of the Group other than holders of Series E CCPS, Secondary Shares, Series D1 CCPS and Series C CCPS and Series B CCPS for return of capital invested towards the subscription of Series A CCPS.

**Nature and purpose of the reserves**

**Securities premium**

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

**Share based payment reserve**

The share-based payment reserve is used to recognise the value of equity-settled share-based payments provided to employees. Refer to Note 42 for further details of these plans

**Capital redemption reserve**

The Group has recognised capital redemption reserve on conversion of cumulative compulsory convertible preference shares (CCPS) into Equity Shares

**Retained earnings**

Retained earnings represent the amount of accumulated earnings of the Group Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the statement of profit and loss in subsequent periods.

**Special reserve under section 45 IC of RBI Act, 1934**

Special reserve is created as per the requirement of RBI at the rate of 20% of the profit after tax for the year. Transfer to special reserve in previous year is as per the audited financial statements of the previous year.

**Capital Reserve**

This reserve arises on consolidation when the Group's share in the net identifiable assets of a subsidiary exceeds the consideration paid. The reserve is classified under "Other Equity" and is retained to reflect gains arising from consolidation adjustments.

**Note 31 - Earnings per share**

Basic EPS is calculated by dividing the profit for the period/year attributable to equity holders of the Group by the weighted average number of equity shares outstanding during the period/year.

Diluted EPS is calculated by dividing the profit attributable to equity holders of the Group by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares of the Group.

**i) The following data reflects computation of basic and diluted EPS :**

Note: The Company noted a minor variation in the calculation of weighted average shares outstanding, specifically related to time-weighting adjustments, used in computation of Diluted EPS for the financial year(s) ended FY 2023-24 and FY 2022-23. This has been reviewed and updated retrospectively in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, and Ind AS 33 – Earnings Per Share. There is no impact on basic EPS, net profit, equity, reserves or cash flows due to this correction.

ii) Earnings per share is computed in accordance with Ind AS 33 without taking the effect of the split of shares of the Company approved in the Board of Directors meeting held on July 8, 2025 whereby each equity share of ₹10 was split into 10 equity shares of ₹1 each and number of Shares has been considered after taking the above effect for calculating the Earnings per Share.

Note 33 - Employee benefit obligations

a) Defined Contribution Plan

The Group makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and other funds which are defined contribution plans. The Group has no obligations other than this to make the specified contributions. The contributions are charged to the Statement of Profit and Loss as they accrue. The Group makes Provident Fund, Employee State Insurance Scheme and Maharashtra Labour Welfare Fund contributions which are defined contribution plans for qualifying employees. Under the Schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The Group recognized Rs. 36.73 million (31 March 2025: Rs 29.08 million, 31 March 2024: Rs. 22.01 million and 31 March 2023: Rs: 15.01 million) for Provident Fund contributions, Employee State Insurance Scheme and Maharashtra Labour Welfare Fund. The contributions payable to these plans by the Group are at rates specified in the rules of the Schemes.

b) Defined benefit plans

The Group has a unfunded defined benefit gratuity plan in India. The Group's defined benefit gratuity plan is a final salary plan for India employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972 and new Labour codes. The level of benefits provided depends on the member's length of service and salary at retirement age.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

i) Amount recognised in the balance sheet is as under:

iii) Actuarial assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

(Rs. in million)

Particulars	As at 31 December 2025	As at 31 March 2025	As at 31 March 2024	As at 31 March 2023

v) Sensitivity

(Rs. in million)

Particulars	Impact on defined benefit obligation			
	As at 31 December 2025	As at 31 March 2025	As at 31 March 2024	As at 31 March 2023
Delta effect of +1% change in rate of discounting	3.24	2.51	1.77	1.20
Delta effect of -1% change in rate of discounting	(3.51)	(2.74)	(1.91)	(1.30)
Delta effect of +1% change in rate of salary increase	(3.56)	(2.76)	(1.48)	(1.20)
Delta effect of -1% change in rate of salary increase	3.34	2.58	1.31	1.10

Delta effect of -1% change in withdrawal rate	(0.50)	(0.38)	(0.20)	(0.14)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

vi) Maturity

The defined benefit obligations shall mature after period/year end as follows:

(Rs. in million)

Particulars	As at 31 December 2025	As at 31 March 2025	As at 31 March 2024	As at 31 March 2023

Delta effect of +1% change in withdrawal rate	(0.20)	(0.14)	(0.09)	-
Delta effect of -1% change in withdrawal rate	0.23	0.13	0.09	-

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the, same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

**Note 35 - Capital management**

The primary objectives of the Group's capital management policies are to ensure that the Group complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years/period. However, they are under constant review by the Board.

**Valuation Principle**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

**Fair value Hierarchy**

This section explains the judgments and estimates made in determining the fair value of the financial instrument that are (a) recognized and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into three levels prescribed under the accounting standard. The Group uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:

**Level 1 :** Level 1 hierarchy includes financial instruments measured using unadjusted quoted prices in active markets that the Group has the ability to access for the identical assets or liabilities. A financial instrument is classified as a Level 1 measurement if it is listed on an exchange. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges are valued using the closing price as at the reporting period. The mutual funds are valued at the closing NAV.

**Level 2 :** The fair value of financial instruments that are not traded in active markets is determined using valuation techniques which maximize the use of observable market data either directly or indirectly, such as quoted prices for similar assets and liabilities in active markets, for substantially the full term of the financial instrument but do not qualify as Level 1 inputs. If all significant inputs required to fair value an instrument are observable the instrument is included in level 2.

**Level 3 :** If one or more of the significant inputs is not based in observable market data, the instruments is included in level 3. That is, Level 3 inputs incorporate market participants' assumptions about risk and the risk premium required by market participants in order to bear that risk. The Group develops Level 3 inputs based on the best information available in the circumstances.

**Financial instruments valued at carrying value**

The respective carrying values of certain on-balance sheet financial instruments approximated their fair value. These financial instruments include cash on hand, balances with banks and other financial assets and liabilities that are considered financial instruments. Carrying values were assumed to approximate fair values for these financial instruments as they are short-term in nature and their recorded amounts approximate fair values or are receivable or payable on demand.

**Note 41 - Financial Risk Management**

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The major risk to which the Group is exposed are described below:

**A. Credit risk**

Credit risk arises from loans and advances, cash and cash equivalents, deposits and other financial assets carried at amortized cost. This risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

The Group has established a credit quality review process to provide early identification of possible changes in the creditworthiness of counterparties. The credit quality review process aims to allow the Group to assess the potential loss as a result of the risks to which it is exposed and take corrective actions.

The Group considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information.

Macroeconomic information (such as Real GDP growth rate and Inflation rate) are incorporated as part of the Ind AS 109 provision model. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due.

**Risk identification**

Credit risk may originate in one or multiple of following ways mentioned below:

- Adverse selection of target market for undertaking lending activity
- Gap in credit assessment of borrower's credit worthiness
- Inability to accurately map the underlying credit risk to the parameters of the sanctioned loan
- Over-borrowing by customers
- Over-concentration in any geography/zone/ customer segment etc.

**Risk assessment and measurement**

The Group assesses and manages credit risk based on characteristics of underlying financial instruments.

**Risk monitoring**

Monitoring and follow up is an essential element in the overall risk management framework and is taken up at all levels within the organization. Monitoring and controlling risks is primarily performed based on limits established by the Group.

Borrower risk categorization is an effective tool to flag potential problems in the loan accounts and identify if any corrective action plan are to be taken. The Group regularly monitors borrower repayments.

The risk monitoring metrics have been defined to track performance at each stage of the loan life cycle:

- Disbursal quality monitoring
- Customer type, age, state
- Bureau score
- Income

**Risk mitigation**

Risk mitigation or risk reduction is defined as the process of reducing risk exposures and/or minimizing the likelihood of incident occurrence.

**The following risk mitigation measures are:**

- loan origination - profile/income selection, document verification process, KYC checks, creditworthiness checks based on CIBIL, fraud database checks, device data
- loan pre and post disbursement - disbursement in the verified bank account only
- loan collection and recovery - monitor repayments, days past due review, DPD stagewise collection framework

**Impairment assessment**

**Definition of Default**

A default on a financial asset is when the counterparty fails to make contractual payments within 90 days of when they fall due. This definition of default is determined by considering the business environment in which Group operates and other macro-economic factors.

The Group provides for expected credit loss based on following:

**OnEMI Technology Solutions Limited (formerly known as OnEMI Technology Solutions Private Limited)**  
**Notes to Restated Consolidated Financial Information**

Staging	Description of category	Basis for recognition of expected credit loss provision
Stage 1	Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil. Assets where there is low risk of default and where the counter-party has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past	12-month expected credit losses
Stage 2	Assets where there has been a significant increase in credit risk since initial recognition. Assets where the payments are more than 30 days past due	Life-time expected credit losses
Stage 3	The Group categorises a loan or receivable for stage 3 when a debtor fails to make contractual payments within 90 days from the day it is due. Accordingly the financial assets shall be classified as Stage 3, if on the reporting date, it has been 90 days and above past due.	Credit Loss is recognized on full exposure/ Asset is written off

**Measurement of Expected Credit Losses**

The Group has applied a three-stage approach to measure expected credit losses (ECL) on debt instruments accounted for at amortised cost and FVOCI. Assets migrate through following three stages based on the changes in credit quality since initial recognition:

- (a) Stage 1: 12- months ECL: For exposures where there is no significant increase in credit risk since initial recognition and that are not credit-impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12- months is recognized.
- (b) Stage 2: Lifetime ECL, not credit-impaired: For credit exposures where there has been a significant increase in credit risk since initial recognition but are not credit-impaired, a lifetime ECL is recognized.
- (c) Stage 3: Lifetime ECL, credit-impaired: Financial assets are assessed as credit impaired upon occurrence of one or more events that have a detrimental impact on the estimated future cash flows of that asset. For financial assets that have become credit-impaired, a lifetime ECL is recognized and interest revenue is calculated by applying the effective interest rate to the amortised cost

At each reporting date, the Group assesses whether there has been a significant increase in credit risk of its financial assets since initial recognition by comparing the risk of default occurring over the expected life of the asset. In determining whether credit risk has increased significantly since initial recognition, the Group uses information that is relevant and available without undue cost or effort. This includes the Group's historical loss rates and forward-looking information to assess deterioration in credit quality of a financial asset.

The Group considers defaulted assets as those which are contractually past due 90 days, other than those assets where there is empirical evidence to the contrary. Financial assets which are contractually past due 30 days are classified under Stage 2 - life time ECL, not credit impaired, barring those where there is empirical evidence to the contrary. An asset migrates down the ECL stage based on the change in the risk of a default occurring since initial recognition. The Group measures the amount of ECL on a financial instrument in a way that reflects an unbiased and probability-weighted amount. The Group considers its historical loss experience and adjusts the same for current observable data. The key inputs into the measurement of ECL are the probability of default, loss given default and exposure at default. These parameters are derived from the Group's internally developed statistical models and other historical data.

**Probability of Default (PD)**

The PD estimation is based on gross flow analysis with application of single factor Vasicek model for incorporation of macro-economic factor (GDP). The Days past due buckets of the loan model of the Group are the perfect indicators of the delinquency status of all the retail accounts. The numbers of borrowers are tagged to an age bucket (e.g., time band of 30 days) based upon their days past due status. The migration of borrowers in each rating grades to the 'Greater than 90 DPD bucket' estimates PIT PDs for each rating grade. For example, in a year the total number of accounts which moved into 90+ DPD bucket out of current bucket (obligors which are 0 DPD) shall provide us PIT PD for each year. Going forward, once historical data is available, a minimum of 5-year DPD data is to be considered to compute the 12 months simple/weighted average probability of default (TTC PD). This TTC PD used to forecast the lifetime PDs by establishing a relationship between TTC and PIT PDs using Vasicek model.

**Loss given default (LGD)**

LGD for loan portfolio will be calculated at a portfolio level based upon the actual recovery data. In case where the recovery experience of the management is not substantive, the management may use regulatory estimates for LGD.

**Exposure at default (EAD)**

Exposure at default is the total value an entity is exposed to when a loan defaults. It is the predicted amount of exposure that an entity may be exposed to when a borrower defaults on a loan. The outstanding principal and outstanding arrears reported as of the reporting date for computation of ECL is used as the EAD for all the portfolios.

**Macroeconomic Scenarios**

In addition, the Group uses reasonable and supportable information on future economic conditions including macroeconomic factor i.e. Real GDP growth rate. Since incorporating these forward looking information increases the judgment as to how the changes in these macroeconomic factor will affect ECL, the methodology and assumptions are reviewed regularly.

**(a) Trade receivables**

The Group extends credit to customers in normal course of business. The Group considers factor such as credit report of customer, industry practice, payment record etc. The Group evaluates the concentration of risk with respect to trade receivables and unbilled revenue as low.

**(b) Cash and cash equivalent and bank deposits**

The Group considers factors such as track record, size of institution, market reputation, Credit institution with high credit ratings and service standards to select the banks with which balances and deposits are maintained. The balance and fixed deposits are generally maintained with the banks with whom the Group has availed the credit facilities. Further the Group does not maintain significant cash in hand other than those required for its day to day operations. Considering the same, the Group is not exposed to expected credit loss of cash and cash equivalent and bank deposits.

**Note 41 - Financial risk management**

**B. Liquidity risk**

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. Due to the dynamic nature of the underlying businesses, Group's treasury maintains flexibility in funding by maintaining availability under committed credit lines.

**Financing arrangements**

The Group has access to the following undrawn borrowing facilities at the end of the reporting period:

The amounts in the table above have been compiled as follows:

Type of financial instrument	Basis on which amounts are compiled
Non-derivative financial liabilities	Undiscounted cash flows, which include estimated interest payments

As part of the management of liquidity risk arising from financial liabilities, the group holds liquid assets comprising cash and cash equivalents, deposits with banks, which can be readily sold to meet liquidity requirements. In addition, the Group maintains agreed committed credit lines with banks.

**Note 41 - Financial Risk Management**

**C. Price risk**

The Group is not exposed to price risk.

**D. Interest rate risk**

The Group provides loans to customers on fixed rate and hence there is no interest rate risk on loan exposure. However, certain borrowings are at floating rate and hence exposed to Interest rate risk.

**Exposure to interest rate risk**

The interest rate profile of the Group's interest-bearing financial instruments as reported to the management is as follows.

**(Rs. in million)**

Particulars	As at 31	As at	As at	As at
	December 2025	31 March 2025	31 March 2024	31 March 2023

<b>Total</b>	<b>1,624.49</b>	<b>1,538.09</b>	<b>1,079.68</b>	<b>659.15</b>

The Group has certain floating rate bank borrowings which are sensitive to change in the benchmark rate. The change in 0.5% interest rate in such benchmark may affect the profit and loss account and equity of the Group by following amounts.

**Cash flow sensitivity analysis for variable-rate instruments**

A reasonably possible change of 0.5% in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant.

<sup>#</sup>Pursuant to resolutions passed by our Board, and our Shareholders at an extra-ordinary general meeting dated July 8, 2025, each equity share of our Company of face value of ₹10 each was split into 10 shares of face value of ₹1 each. The information presented is after taking into consideration this stock split by retrospectively adjusting as if the event had occurred at the beginning of the period presented.

### Notes:

- Basic Earnings per equity share (Basic EPS): Restated Net profit after tax of a company, divided by weighted average no. of Equity Shares outstanding (post-split) during the financial year/relevant period.
- Diluted Earnings per equity share (Diluted EPS): Restated Net Profit after tax of a company, divided by weighted average no. of potential Equity Shares outstanding (post-split) during the financial year/relevant period. Basic and diluted earnings per equity share are computed in accordance with Indian Accounting Standard 33 notified under the Companies (Indian Accounting Standards) Rules of 2015 (as amended) read with the requirements of SEBI ICDR Regulations.
- Return on Net Worth is calculated as Profit/(Loss) for the period/year divided by Net Worth. Net Worth represents the total equity of a company, comprising equity share capital, instruments entirely in the nature of equity, and other equity, as on the last day of the relevant period, in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations.
- Net Asset Value (“NAV”) per Equity Share is calculated as Total Equity as restated on the last day of the relevant year divided by number of Equity Shares outstanding as on the last day of the relevant year.
- EBITDA represents profit for the year after adding back total tax expense, finance costs and depreciation and amortization of the relevant period/year.

In accordance with the SEBI ICDR Regulations, the audited standalone financial statements of our Company as at and for nine months periods ended December 31, 2025, the Financial Years ended March 31, 2025, March 31, 2024, and March 31, 2023 and the reports thereon (collectively, the “**Audited Financial Statements**”) are available on our website at <https://www.kissht.com/investor-relations>.

Our Company is providing a link to this website solely to comply with the requirements specified in the SEBI ICDR Regulations. The Audited Financial Statements and the reports thereon do not constitute, (i) a part of this Red Herring Prospectus; or (ii) a prospectus, a statement in lieu of a prospectus, an offering circular, an offering memorandum, an advertisement, an offer or a solicitation of any offer or an offer document or recommendation or solicitation to purchase or sell any securities under the Companies Act, the SEBI ICDR Regulations, or any other applicable law in India or elsewhere. The Audited Financial Statements and the reports thereon should not be considered as part of information that any investor should consider subscribing for or purchase any securities of our Company and should not be relied upon or used as a basis for any investment decision.

None of our Company or any of its advisors, nor BRLMs nor any of their respective employees, directors, affiliates, agents or representatives accept any liability whatsoever for any loss, direct or indirect, arising from any information presented or contained in the Audited Financial Statements, or the opinions expressed therein.

### Non-GAAP Financial Measures

Certain non-GAAP measures relating to our financial, such as Return on Equity, Return on Assets and Debt to Equity Ratio (together, “**Non-GAAP Measures**”), and certain other industry metrics and financial parameters have been included in this Red Herring Prospectus as a supplemental measure of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, US GAAP, or IFRS. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, US GAAP, or IFRS and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, US GAAP, or IFRS. In addition, these Non-GAAP Measures and other industry metrics are not standardised terms, hence a direct comparison of similarly titled Non-GAAP Measures and other industry metrics between companies may not be possible. Other companies may calculate the Non-GAAP Measures and other industry metrics differently from us, limiting its utility as a comparative measure. These non-GAAP financial measures and other information relating to and financial performance may not be computed on the basis of any standard methodology that is applicable across industry and therefore may not be comparable to financial measures of similar nomenclature that may be computed and presented by

other companies and are not measures of operating performance or liquidity defined by Ind AS. Such supplemental financial and operational information should not be considered in isolation or as a substitute for an analysis of our Restated Consolidated Financial Information disclosed elsewhere in this Red Herring Prospectus. Although the Non-GAAP Measures and other industry metrics are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it is useful to an investor in evaluating us because it is a widely used measure to evaluate a company's operating performance. For further details see "*Management's Discussion and Analysis of Financial Condition and Results of Operations – Non-GAAP Measures*" on page 360.

### **Related Party Transactions**

For details of the related party transactions, as per the requirements under applicable Accounting Standards i.e. Ind AS 24 'Related Party Disclosures' read with SEBI ICDR Regulations for the nine months period ended December 31, 2025, and for the Financial Years ended March 31, 2025, March 31, 2024 and March 31, 2023, and as reported in the Restated Consolidated Financial Information see "*Restated Consolidated Financial Information – Notes to Restated Consolidated Financial Information - Note 38 - Related Party Disclosures*" on page 312.

### Principal terms of the borrowings availed by our Subsidiary:

The details provided below are indicative and there may be additional terms, conditions and requirements under the various financing documentation executed by our Subsidiary in relation to our indebtedness.

1. **Interest/Coupon Rate:** The applicable rate of interest for the various term loans availed typically ranges between 10.15% per annum and 14.25% per annum, which is linked to repo rate and marginal cost of fund-based lending rate or external benchmark rates. The interest rates of cash credit facilities availed by us, is typically on a floating rate basis.

Our Subsidiary has also issued NCDs to various subscribers. For such NCD issuances, we enter into debenture trust deeds (“DTDs”) and, in terms of such DTDs, a specified interest or coupon rate is to be paid per annum. The interest rates for the NCDs issued by our Subsidiary as of March 31, 2026, range from 10.00% to 13.80% per annum and accrue on a day-to-day basis as per the DTDs.

The interest rates for the commercial papers issued by our Subsidiary is 10.50%. The interest rates for the securitization liabilities ranges from 11.70% per annum to 12.35% per annum. The interest rates for the working capital demand loans from banks and financial institutions availed by us ranges from 10.85% per annum to 11.10% per annum.

2. **Tenor:** The original tenor of the majority of term loans availed typically ranges from approximately one year to five years. The maturity date of the commercial papers issued by our Subsidiary is typically upto one year. Repayment of the borrowed amounts is made in instalments as per the repayment schedule stipulated in the relevant loan documentations.

The maturity period of the NCDs issued by our Subsidiary ranges from one year to four years. The maturity date of the securitization liabilities of us is typically from one to three years.

3. **Repayment/ Redemption:** The repayment period for the loan facilities, working capital loans, NCD’s and commercial papers are monthly, quarterly, annual instalments or bullet payment.
4. **Penal interest:** The borrowings and facilities availed contain provisions for, *inter alia*, penal interest, over and above the prescribed interest rate, for delayed payment or default in the repayment obligations by our Subsidiary. This penal interest typically ranges from nil to 2.0% over the applicable interest rate/ coupon rate.
5. **Pre-payment penalty:** The borrowings availed typically have pre-payment provisions which allow for pre-payment of the outstanding amount, subject to the conditions specified in the borrowing arrangements or as may be determined by the lender or mutually agreed between us and the lender.

6. **Security:** In terms of our secured borrowings, our Subsidiary is required to create security by way of hypothecation on our respective book-debts, receivables and any other asset as per underlying document. There may be additional requirements for creation of security under the various borrowing arrangements. The security is created by execution of DTDs for NCDs, and security trustee agreement for bank loans.
7. **Restrictive Covenants:** Our Subsidiary is required to comply with various financial covenants, restrictive covenants and conditions restricting certain corporate actions, and our Company and our Subsidiary are required to take prior consent from the lender or the trustee (acting on the instructions of the majority debenture holders) and/or intimate the respective lender or trustee (acting on the instructions of the majority debenture holders) before carrying out such actions, including, but not limited to the following:
- (a) to effect any adverse changes in our capital structure;
  - (b) to formulate or effect any scheme of amalgamation or merger or reconstruction;
  - (c) to undertake any activity other than the activities indicated in the objects clause of the memorandum of association of our Company and our Subsidiary;
  - (d) for any transfer of the controlling interest or the management set up of our Company and our Subsidiary;
  - (e) to undertake guarantee obligations on behalf of any other person;
  - (f) for declaring any dividend or distribution of profits, if any instalment towards principal or interest remains unpaid on its due date; and
  - (g) to create encumbrance, lien or dispose of assets charged in favour of the lenders.
8. **Events of default:** Our borrowing arrangements contain standard events of default including, among others:
- (a) non-payment of money due to any person or lender as and when they fall due or when demanded;
  - (b) breach of or default in the performance of or observance of any of the terms, covenants, obligations or undertakings stipulated in the relevant documents;
  - (c) incorrect or misleading representation, warranty or statement under the facility or debenture documents;
  - (d) failure to create and perfect security;
  - (e) any notice or action in relation to actual or threatened proceedings relating to bankruptcy, liquidation or insolvency being initiated against us;
  - (f) ceasing or threatening to cease to carry on its business;
  - (g) occurrence of event or circumstance which could have a material adverse effect on the lender;
  - (h) change in control; and
  - (i) cross default in any indebtedness of our Subsidiary.
9. **Consequences of occurrence of events of default:** In terms of our borrowing arrangements for the facilities availed and NCDs issued by our Subsidiary, the following, among others, are the consequences of occurrence of events of default, whereby the lenders may, *inter alia*:
- (a) accelerate repayment of facilities or declare all sums outstanding as immediately due and payable;
  - (b) enforce their security interest over the hypothecated assets;
  - (c) suspend or cancel any undisbursed amount of the facility;
  - (d) disclosure of information to the Credit Information Bureau (India) Limited / information utility and / or any other agency so authorised by RBI as may be required under applicable law; and
  - (e) appoint nominee directors.

For further details on risk factors related to our indebtedness, refer “*Risk Factors – We require substantial capital for our business. Any disruption in our sources of capital or our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, financial condition, cash flows, results of operations and prospects*”, on page 27.

### **Overview**

For an overview of the business of our Company, see "Our Business - Overview" on page 177.

### **Significant Factors Affecting our Financial Condition and Results of Operations**

#### ***AUM growth through customer acquisition and retention***

The success of our business is dependent on our ability to enhance our AUM, which in turn is significantly dependent on our ability to acquire new customers and foster existing relationships that drive repeat business. The efficiency and effectiveness of customer acquisition strategies directly impact our profitability and long-term viability. Elevated customer acquisition cost ("CAC"), if not counterbalanced by robust customer lifetime value, may exert downward pressure on margins and restrict our ability to scale our operations efficiently.

Further, our ability to retain our existing customers is critical, as repeat business not only enhances revenue predictability but also reduces the relative cost of acquisition over time. Our success in deploying data-driven marketing initiatives, leveraging technology to personalize user experiences, and maintaining a seamless digital interface will be pivotal in cultivating customer loyalty. Any inability to attract new borrowers at a sustainable cost or to retain existing customers for subsequent lending cycles could adversely affect our growth trajectory, revenue generation and overall financial health.

#### ***Risk management and portfolio quality***

A critical determinant of our operational performance is our ability to effectively manage credit risk through the judicious selection of low-risk customers and the maintenance of robust recovery mechanisms. Our capacity to identify and onboard customers with positive repayment capabilities directly influences the quality of our loan portfolio, the incidence of non-performing assets, and consequently, our financial results. We focus on enhancing our underwriting framework by leveraging

our AI/ML-driven credit models, credit bureau data and alternative data signals to assess customer repayment capacity and risk profiles with greater accuracy. Our credit and risk assessment models enable us to suitably rank order and select customers with stable income, robust credit histories and lower default propensities, particularly as we increase our focus towards longer-tenure loan products.

Further, the efficacy of our recovery processes, including timely follow-ups and the use of technology-driven collection strategies, plays a pivotal role in minimizing credit losses and optimizing cash flows. Any lapses in risk assessment or recovery operations could adversely impact our asset quality, profitability and overall business sustainability.

Set out below are certain metrics in relation to our portfolio quality as of and for the period/ years indicated:

Particulars	As of and for the nine months ended December 31, 2025	As of and for the financial year ended March 31,		
		2025	2024	2023
Bounce rate (%)	13.63%	14.98%	18.96%	20.11%
Gross NPA (%)	2.90%	2.89%	0.79%	0.05%
Net NPA (%)	0.38%	0.25%	0.00%	0.00%
Provisioning Coverage Ratio (%)	86.88%	91.48%	100.00%	100.00%

Notes:

- Bounce rate is calculated as the total default amount on the scheduled date divided by the total scheduled amount for standard pool of customers.*
- Gross NPA represents ratio of Gross Stage 3 On-book loans to gross carrying amount of total gross On-book loans as at the last day of the relevant period.*
- Net NPA represents ratio of Net NPA to total gross On-book loans as at the last day of the relevant period. Net NPA is gross stage 3 On-book loans reduced by impairment allowances provided on stage 3 On-book loans as at the last day of relevant period.*
- Provisioning Coverage Ratio is calculated as impairment loss allowance on stage 3 loans as a percentage of gross carrying value of stage 3 loans as on the last day of the relevant period.*

### **Cost-efficient capital sourcing**

Our profitability is dependent on our ability to consistently secure funding at optimal costs, both for our on-book and off-book loan portfolios. Our business model relies heavily on the timely and cost-effective procurement of funds to support loan disbursements, manage liquidity and fuel expansion initiatives. The cost at which we are able to access capital directly influences our net interest margin, which is a primary driver of profitability. Fluctuations in interest rates, changes in the credit environment, and evolving risk perceptions among lenders and investors could impact the terms and availability of funding.

In relation to our on-book loans, where we retain the credit risk, the ability to secure low-cost funding is essential to maintaining competitive lending rates and achieving desired returns. In the context of off-book loans, i.e., those facilitated through our lending partners, our operational results are similarly affected by the pricing, structure and stability of these partnerships.

Our access to diversified funding sources (through various banks, non-banking financial companies and other financial institutions) at competitive rates is critical to our success. Any disruption in these channels, whether due to market volatility, adverse credit events or changes in investor sentiment, could materially impact our operational flexibility and financial performance. Accordingly, maintaining relationships with lending partners, proactively managing our credit profile and continuously optimizing our capital structure are integral to our long-term success.

Set out below are certain metrics in relation to our liability profile as of and for the period/ years indicated:

Particulars	As of and for the nine months ended December 31, 2025	As of and for the financial year ended March 31,		
		2025	2024	2023
Capital to risk weighted asset ratio (CRAR) (%)	26.69%	25.18%	25.77%	21.13%
Interest service coverage ratio (times)	2.30	2.32	4.90	1.43
Debt to equity ratio (times)	1.63	1.50	0.97	0.69
Average cost of borrowing (%)	15.43%	14.35%	11.71%	21.26%

Notes:

- Capital to risk weighted assets ratio or CRAR is computed by dividing our Tier - I and Tier - II capital by risk weighted assets (computed in accordance with the relevant RBI guidelines) as on the last day of the relevant period by our Subsidiary).*
- Interest service coverage ratio is calculated as earnings before interest and taxes (EBIT) divided by finance cost.*
- Debt to equity ratio is calculated as total borrowings divided by Net Worth of our Company as on the last day of the relevant period.*
- Average cost of borrowing is calculated as finance cost for the relevant period as a percentage of average total borrowings in such period.*

### **Regulatory landscape and macroeconomic volatility**

Our results of operations are significantly influenced by the evolving regulatory landscape in India. The digital lending sector is subject to extensive oversight by various regulatory authorities, including the Reserve Bank of India and other governmental

bodies. Regulatory frameworks governing digital lending are continually being refined to address emerging risks, promote financial inclusion and ensure consumer protection. Any changes in applicable laws, regulations, or guidelines, such as those relating to data privacy, KYC norms, interest rate caps or digital lending practices, may necessitate adjustments to our business model, operational processes or technology infrastructure. These regulatory shifts could also influence both the cost and accessibility of funds, necessitating ongoing vigilance and adaptability in our funding strategies. Compliance with these evolving requirements may result in increased costs, operational complexities or restrictions on certain business activities, all of which could materially impact our financial performance.

In addition, our operations are inherently sensitive to broader macroeconomic factors prevailing in India. Fluctuations in economic growth, inflation rates, employment levels and consumer confidence directly affect the creditworthiness of our borrowers and the demand for our lending products. Adverse macroeconomic conditions may lead to higher default rates, reduced loan disbursements and increased provisioning requirements, thereby exerting downward pressure on our profitability. Conversely, periods of economic expansion and stability typically foster greater demand for credit and improved repayment behavior, positively influencing our results. Additionally, macroeconomic factors such as inflation, currency fluctuations, and shifts in monetary policy can alter the broader funding environment, potentially increasing our cost of capital or constraining our access to liquidity.

### ***Competition***

The mass-market segment remains the largest and fastest-growing cohort in India, driven by population growth and rising aspirations. While some conventional NBFCs cater partially to this segment, the mass-market segment has historically been underserved by banks and conventional financial institutions due to a lack of tailored products and insufficient credit information to undertake effective credit assessments. This has opened significant opportunities for digital-first players, including us, that offer faster and more accessible credit solutions. Sensing this opportunity, many digital players have entered the market to cater to this segment, resulting in improved products and technology creating a better end user experience. (Source: *ILattice Report*)

Our ability to attract and retain borrowers, maintain favorable interest margins, expand our product offerings is intrinsically linked to our ability to effectively differentiate ourselves from competitors. Further, our ability to continuously invest in technology, enhance our customer experience, and innovate our credit assessment methodologies will determine our competitive edge.

### **Critical Accounting Policies**

#### **Summary of Material Accounting Policies**

##### **Revenue Recognition**

###### **Interest income**

Interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets measured at amortized cost other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed

- As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in interest income with the corresponding adjustment to the carrying amount of the assets. Interest income on credit impaired assets is recognized by applying the effective interest rate to the net amortised cost (net of ECL provision) of the financial asset. Interest on delayed payments by customers are treated to accrue only on realisation, due to uncertainty of realisation and are accounted accordingly.

###### ***Fees and Commission income:***

Fees and commission income are recognised when the Group satisfies the performance obligation, at the amount of transaction price (net of variable consideration) allocated to that performance obligation based on a five-step model as set out in IND AS

115. Revenue from all services is recognized at a point in time when the related services are rendered as per the terms of the agreement.

***Marketing Income:***

Marketing Income is recognized when the Group satisfies the performance obligation, at the amount of transaction price (net of variable consideration) allocated to that performance obligation based on a five-step model as set out above.

***Net gain/loss on fair value changes:***

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain/loss. In cases there is a net gain in the aggregate, the same is recognised in 'Net gains on fair value changes' under other income and if there is a net loss the same is disclosed under 'Expenses' in the Statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt or equity instruments measured at FVOCI is recognised in net gain / loss on fair value changes. As at the reporting date, the Group does not have any debt instruments measured at FVOCI.

***Insurance commission and rewards:***

Insurance commission and rewards – includes commission and rewards earned for solicitation of insurance products/policies based on the leads generated from its designated website using telemarketing modes and through offline activities. Revenue is recognized when the right to receive the income is established as per the terms of the contract.

***Brand and trade mark license fees:***

The Group earns license fee income from permitting the use of its brand and trademarks by its subsidiary under a licensing agreement. Revenue from such license arrangements is recognized in accordance with Ind AS 115 – Revenue from contracts with customers. The license fee income is recognized over time, on a monthly basis, as the performance obligation is satisfied.

***Other operational revenue:***

Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

***Income on derecognised loans:***

The group on derecognition of financial assets under the direct assignment transactions, recognises the right of excess interest spread (EIS) which is difference between interest on the loan portfolio assigned and the applicable rate at which the direct assignment is entered into with the assignee. The group records the discounted value of scheduled cash flow of the future EIS, entered into with the assignee, upfront in the statement of profit and loss under other income.

***Recoveries of financial assets written off:***

The Group recognises income on recoveries of financial assets written off on realisation basis.

**Income Taxes**

The income tax expense or credit for the period is the tax payable on the taxable income of the current period based on the applicable income tax rates adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses.

***Current Tax***

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date where the Group operates and generates taxable income.

Current income tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

## ***Deferred Tax***

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilize those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

## **Leases**

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

### *Group as lessee-*

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Groups' incremental borrowing rate on commencement of the lease is used. Variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Group if it is reasonably certain to assess that option;
- any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortized on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the Group revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except

the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortized over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in the statement of profit and loss.

## Financial Instrument

### **Recognition of financial instruments**

Financial assets and liabilities, with the exception of loans, debt securities, deposits and borrowings are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customer's account. The Group recognizes debt securities, deposits and borrowings when funds reach the Group.

### **Financial Assets**

#### *Initial measurement*

Financial assets are initially measured at transaction price, which generally represents fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets are added to or deducted from the fair value of the financial assets, on initial recognition. For financial assets measured at FVTPL, such costs are recognised immediately in the Statement of Profit and Loss.

#### *Subsequent measurement*

Based on the business model, the contractual characteristics of the financial assets and specific elections where appropriate, the Group classifies and measures financial assets in the following categories:

Amortised cost

Fair value through other comprehensive income ('FVOCI')

Fair value through profit and loss ('FVTPL')

The classification depends on the contractual terms of the cash flows of the financial assets, the Company's business model for managing financial assets and, in case of equity instruments, the intention of the Company whether strategic or non-strategic. The said classification methodology is detailed below-

Business model assessment:

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- A. How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
- B. The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
- C. The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test:

As a second step of its classification process the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

### **Financial assets carried at amortised cost**

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows ('Asset held to collect contractual cash flows'); and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement and based on the assessment of the business model as asset held to collect contractual cash flows and SPPI, such financial assets are subsequently measured at amortised cost using effective interest rate ('EIR') method.

Interest income from these financial assets is included in finance income using the EIR method. Any gain and loss on derecognition is also recognised in statement of profit and loss.

The EIR method is a method of calculating the amortised cost of a financial instrument and of allocating interest over the relevant period. The EIR is the rate that exactly discounts estimated future cash flows (including all fees paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

### **Financial assets at fair value through other comprehensive income**

Financial assets that are held within a business model whose objective is both to collect the contractual cash flows and to sell the assets, ('Contractual cash flows of assets collected through hold and sell model') and contractual cash flows that are SPPI, are subsequently measured at FVOCI. Movements in the carrying amount of such financial assets are recognised in Other Comprehensive Income ('OCI'), except dividend income which is recognised in statement of profit and loss. Amounts recorded in OCI are not subsequently transferred to the statement of profit and loss. Equity instruments at FVOCI are not subject to an impairment assessment.

### **Financial assets at fair value through profit or loss**

Financial assets, which do not meet the criteria for categorization as at amortized cost or as FVOCI, are measured at FVTPL. Subsequent changes in fair value are recognised in the statement of profit and loss. The Group records investments in equity instruments, mutual funds and Treasury bills at FVTPL.

#### *Derecognition of financial assets*

A financial asset (or a part thereof) is derecognised when the contractual rights to receive the cash flows from the asset expire, or when the asset is transferred and substantially all the risks and rewards of ownership are transferred with no continuing involvement.

The Company transfers financial assets through partial assignment transactions and derecognises the transferred portion when it does not retain control or any continuing involvement in the asset.

A write-off of a financial asset is considered a derecognition event.

On derecognition, the difference between the carrying amount of the asset and the consideration received (including any new asset acquired, net of any liability assumed) is recognised in the Statement of Profit and Loss.

### **Write-off**

The Company writes off financial assets, either partially or in full, when there is no reasonable expectation of recovery based on past experience and assessment of the borrower's financial condition.

Amounts written off that exceed the accumulated loss allowance are recognised as an expense in the Statement of Profit and Loss in the period in which the write-off occurs.

## ***Financial liabilities***

### *Initial measurement*

The Group recognizes all financial liabilities initially at fair value adjusted for transaction costs that are directly attributable to the issue of financial liabilities except in the case of financial liabilities recorded at FVTPL where the transaction costs are charged to the Statement of Profit and Loss. Generally, the transaction price is treated as fair value unless there are circumstances which prove to the contrary in which case, the difference, if material, is charged to the Statement of Profit and Loss.

### *Subsequent measurement*

The Company subsequently measures all financial liabilities at amortised cost using the EIR method as per Ind AS 109.

### *Derecognition of financial liabilities*

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

### *Financial liabilities and equity instrument*

The Group classifies financial instruments, at the time of initial recognition, as either financial liabilities or equity instruments in accordance with the substance of the contractual terms and the definitions provided under Ind AS 32 – Financial Instruments: Presentation.

### *Equity Instruments:*

An instrument is classified as equity when it evidences a residual interest in the assets of the Group after deducting all its liabilities and meets the following conditions:

- The instrument does not contain a contractual obligation to deliver cash or another financial asset, or to exchange financial assets or liabilities under potentially unfavourable conditions; and
- If the instrument will or may be settled in the Group's own equity instruments, it is either:
  - A non-derivative that includes no contractual obligation to deliver a variable number of the Group's equity instruments;
  - or
  - A derivative that will be settled only by the Group exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments ("fixed-for-fixed" test).

### *Financial Liabilities:*

A financial instrument is classified as a financial liability if it:

- Contains a contractual obligation to deliver cash or another financial asset to another entity; or
- Is a contract that may be settled in the Group's own equity instruments but does not meet the equity classification criteria (i.e., fails the fixed-for-fixed condition).

Instruments with both liability and equity components are bifurcated and accounted for as compound financial instruments under Ind AS 32, with each component classified and measured separately.

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and an equity instrument.

### *Equity instrument:*

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of directly attributable transaction costs.

### *Financial liabilities:*

Financial liabilities are measured at amortized cost. The carrying amounts are determined based on the EIR method. Interest expense is recognised in the statement of profit and loss. Any gain or loss on de-recognition of financial liabilities is also recognised in profit or loss. Undrawn loan commitments are not recorded in the balance sheet.

### *Debt securities and other borrowed funds:*

After initial measurement, debt issued, and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

### Impairment of Financial Asset

#### ***Overview of the ECL principles***

The Group assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The ECL allowance is based on the credit losses expected to arise over the life of the asset, unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12-month ECL). The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Group categories its loans into Stage 1, Stage 2 and Stage 3 as described below:

**Stage 1** includes financial instruments that have not had a significant increase in credit risk since initial recognition and are not credit-impaired upon origination. For these assets, 12-month expected credit losses ('ECL') are recognised and interest revenue is calculated on the gross carrying amount of the asset (that is, without deduction for credit allowance).

**Stage 2** includes financial instruments that have had a significant increase in credit risk since initial recognition but that do not have objective evidence of impairment. For these assets, lifetime ECL are recognised, but interest revenue is continued to be calculated on the gross carrying amount of the asset.

**Stage 3** includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime ECL are recognised and interest revenue is calculated on the net carrying amount.

#### ***The calculation of ECLs***

The Group calculates ECLs based on four probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive. The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

**Probability of Default (PD):** The PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation.

**Exposure at Default (EAD)** is based on the amounts the Group expects to be owed at the time of default, over the next 12 months (12M EAD) or over the remaining lifetime (Lifetime EAD).

**Loss Given Default (LGD)** represents the Group's expectation of the extent of loss on a defaulted exposure. LGD varies by type of counter party, type and seniority of claim and availability of collateral or other credit support. LGD is expressed as a percentage loss per unit of exposure at the time of default (EAD). LGD is calculated on a 12-month or lifetime basis, where 12-month LGD is the percentage of loss expected to be made if the default occurs in the next 12 months and lifetime LGD is the percentage of loss expected to be made if the default occurs over the remaining expected lifetime of the loan.

When estimating the ECLs, the Group considers four scenarios (a base case, an upside, a mild downside ('downside 1') and a more extreme downside ('downside 2')). Each of these is associated with different PDs, EADs and LGDs. When relevant, the assessment of multiple scenarios also incorporates how defaulted loans are expected to be recovered, including the probability that the loans will cure and the value of collateral or the amount that might be received for selling the asset. Impairment losses

and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

Under the Group's business model, FLDG (First Loss Default Guarantee) obligations are treated as financial guarantees and are typically based on the business arrangements (maximum capped at 5%) of the disbursed portfolio by the lending Banks/ NBFCs.

For Trade Receivables, the Group follows simplified approach for calculation of expected credit loss (ECL).

#### Determination of Fair Value

The Group measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principle market or in absence of the principle market, the most advantageous market.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarized below:

Level 1 includes financial instruments measured using quoted prices.

Level 2 Financial instruments the fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The Group evaluates the leveling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

#### Cash and Cash Equivalents

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash on hand, cheques on hand, balances with banks (of the nature of cash and cash equivalents).

#### Property, Plant and Equipment

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses. Subsequent expenditure on PPE after its purchase is capitalized only if it is probable that the future economic benefits will flow to the enterprise and the cost of the item can be measured reliably.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives as specified under schedule II of the Act. Land is not depreciated. Individual Assets having value up to Rs 5000 is depreciated fully in the year of purchase of assets.

The estimated useful lives are, as follows:

- Computer and other Equipment's -3 Years
- Servers & Networks 6 Years
- Office equipment 5 years
- Furniture and fixtures 10 years
- Leasehold improvements – over the remaining period of Lease

Depreciation is provided on a pro-rata basis from the date on which such asset is ready for its intended use. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

#### Impairment of Non-Financial Asset

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets. Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

#### Intangible Assets

Intangible assets represents computer software acquired by the Group carried at cost of acquisition less amortisation. The cost of the item of intangible assets comprises its purchase price, including non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Other Indirect Expenses incurred relating to asset under development, net of income earned during the asset development stage prior to its intended use, are disclosed under Intangible Assets Under Development and are capitalised when asset is ready for the intended use.

At intangible asset is de-recognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset is recognised in profit or loss when the asset is de-recognised.

Amortisation methods, estimated useful lives and residual value Intangible assets, comprising software, are amortised over the estimated life of 5 years on a straight-line basis from the date of capitalization. Software developed in-house is amortized over estimated life of 5 years on a straight-line basis from the date of capitalisation till the previous financial year. However, beginning from current financial year software developed in-house is amortized over estimated life of 10 years on a straight-line basis from the date of capitalisation. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

#### Retirement and Other Employee Benefits

##### ***Defined contribution plans***

The Group's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

##### ***Defined benefits plan***

The Group pays gratuity to the employees whoever has completed five years of service with the Group at the time of resignation / retirement. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. As per Ind AS 19, the service cost and the net interest cost are charged to the statement of profit and loss. Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI.

##### ***Short-term employee benefits***

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

The cost of short-term compensated absences is accounted as under:

In case of accumulative compensated absences, the employees can carry-forward a portion of the unutilized accrued compensated absences and utilize it in future service periods. Leave encashment occurs only at the time of separation, with basic salary considered for encashment. Since the compensated absences fall due wholly within twelve months after the end of the period in which the employees render the related service and are also expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a short-term employee benefit.

### **Long term employee benefits:**

Share-based payments:

The Group recognizes compensation expenses relating to share-based payments in net profit using fair value in accordance with Ind AS 102 - Share-based Payment. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding amount.

### Provisions & Contingencies

*Provisions:*

The Group recognises a provision when there is a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risk and uncertainties surrounding the obligation.

The cases where the available information indicates that the loss on the contingency is the reasonably estimated, a disclosure is made in the financial statements. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

### *Contingencies:*

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the past events but probably will not require an outflow of resources to settle the obligation.

When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed in the financial statements.

### Nine months ended December 31, 2025

**Total income.** Total income was ₹15,839.28 million in the nine months ended December 31, 2025 primarily consisting of revenue from operations.

**Revenue from operations.** Revenue from operations was ₹15,599.00 million in the nine months ended December 31, 2025, primarily due to revenue from our on-book loans, attributable to interest on loans, sourcing and servicing fees and other fees and charges.

- Interest on loans (including interest and processing fees charged on loans) was ₹9,160.82 million in the nine months ended December 31, 2025, primarily driven by our on-book AUM, which was ₹30,451.33 million as of December 31, 2025, and primarily attributable to higher average contractual loan tenures. Our average contractual loan tenure was 13.54 months in the nine months ended December 31, 2025;
- Sourcing and servicing fees was ₹4,138.49 million in the nine months ended December 31, 2025, driven by the expansion of our off-book AUM to ₹29,106.20 million as of December 31, 2025; and
- Other fees and charges was ₹1,644.64 million in the nine months ended December 31, 2025 attributable to the expansion of our AUM and a higher number of active loans during this period.

**Other income.** Other income was ₹240.28 million in the nine months ended December 31, 2025, primarily comprising interest on bank deposits was ₹139.77 million and profit on derecognition of loan assets of ₹89.70 million.

**Total expenses.** Total expenses was ₹13,174.86 million in the nine months ended December 31, 2025 primarily comprising the below.

**Employee benefits expenses.** Employee benefits expenses was ₹1,873.24 million in the nine months ended December 31, 2025, primarily attributable to the growth of our business (including the expansion in our LAP operations). As of December 31, 2025, we had 1,958 permanent employees. Further, 449 out of our new 680 employees in the nine months ended December 31, 2025 were onboarded to support the scale-up of our LAP offering. In the nine months ended December 31, 2025, salaries, wages and allowances was ₹1,502.03 million and employee share based payments was ₹231.82 million.

**Impairment on financial instruments.** Impairment on financial instruments was ₹3,446.25 million in the nine months ended December 31, 2025 primarily attributable to our AUM.

**Finance costs.** Finance costs was ₹2,057.45 million in the nine months ended December 31, 2025 primarily due to the borrowings undertaken to scale our on-book AUM and the overall changes in the cost of such borrowings. Our average monthly borrowings was ₹18,941.95 million in the nine months ended December 31, 2025.

**Depreciation and amortization.** Depreciation and amortization expense was ₹162.66 million in the nine months ended December 31, 2025 primarily comprising of amortisation on right of use assets of ₹134.27 million.

**Other expenses.** Other expenses was ₹5,635.26 million in the nine months ended December 31, 2025, primarily comprising:

- branding and marketing expenses of ₹1,763.64 million in the nine months ended December 31, 2025 driven by lead generation, brand-building initiatives and enhanced promotion through digital marketing;
- outsourcing and back office expenses of ₹1,402.64 million in the nine months ended December 31, 2025 were primarily attributable to the growth of our business, including the expansion in our LAP operations;
- expected credit loss on off balance sheet exposure of ₹1,271.51 million in the nine months ended December 31, 2025 driven by our off-book AUM.

**Profit before tax.** For the various reasons discussed above, profit before tax was ₹2,664.42 million in the nine months ended December 31, 2025.

**Tax expense.** Our total tax expenses was ₹671.73 million in the nine months ended December 31, 2025.

**Profit for the year.** For the various reasons discussed above, profit for the year was ₹1,992.69 million in the nine months ended December 31, 2025.

### **Fiscal 2025 compared to Fiscal 2024**

**Total income.** Total income decreased by 20.44% from ₹17,003.02 million in Fiscal 2024 to ₹13,526.88 million in Fiscal 2025 primarily due to the reasons discussed below.

**Revenue from operations.** Revenue from operations decreased by 20.12% from ₹16,744.46 million in Fiscal 2024 to ₹13,374.65 million in Fiscal 2025, primarily due to a decrease in revenue from our on-book loans, attributable to a decrease in interest on loans and other fees and charges. These decreases were primarily on account of the following:

- Interest on loans (including interest and processing fees charged on loans) decreased from ₹12,110.14 million in Fiscal 2024 to ₹9,943.06 million in Fiscal 2025. However, our on-book AUM increased from ₹14,752.15 million as of March 31, 2024 to ₹24,745.58 million as of March 31, 2025. The decrease in interest on loans was driven by the implementation of competitive pricing to acquire and retain high-quality customers. While a decrease in pricing led to a reduction in our revenue from operations, the improvement in our customer profiles led to a reduction in our expenses towards impairment on financial instruments and credit loss on off balance sheet exposure (*as discussed below*);
- Further, we originated a higher mix of longer-tenure loans and the average contractual loan tenure increased from 2.92 months in Fiscal 2024 to 9.65 months in Fiscal 2025. Under Ind AS, processing fees that are collected upfront are spread across the loan tenure which results in a significant portion of such fees being deferred as unamortised income in any given period. Accordingly, the increase in our contractual loan tenure led to the deferment in the recognition of a significant portion of our processing fees generated in Fiscal 2025 to future years. Our unamortized processing fees was ₹544.83 million as of March 31, 2025 as compared to ₹113.01 million as of March 31, 2024; and
- Other fees and charges (comprising late payment charges and foreclosure charges) decreased from ₹2,833.56 million in Fiscal 2024 to ₹944.44 million in Fiscal 2025. Our data-driven underwriting and risk assessment models enhanced our customer selection processes, leading to high-quality borrower profiles. We leveraged AI/ML-driven credit models, credit bureau data and alternative data signals to assess customer repayment capacity and risk profiles with greater accuracy. Consequently, our overall bounce rates decreased from 18.96% in Fiscal 2024 to 14.98% in Fiscal 2025, leading to a decrease in income from late payment charges. This also led to a reduction in our outsourcing expenses towards collections and recovery (*as discussed below*).

While the above reasons decreased our revenue from operations from Fiscal 2024 to Fiscal 2025, the residual tenure of our AUM increased to 14.90 months as of March 31, 2025 as compared to 7.07 months as of March 31, 2024. Accordingly, interest on such residual tenure of loans (including processing fee) will be realized in future periods.

The decreases in revenue from on-book loans were partially offset by an increase in revenue from off-book loans. Sourcing and servicing fees increased from ₹1,639.63 million in Fiscal 2024 to ₹2,381.90 million in Fiscal 2025, primarily due to an increase in our off-book loan portfolio. Our off-book AUM increased from ₹11,290.60 million as of March 31, 2024 to ₹16,120.80 million as of March 31, 2025.

*Other income.* Other income decreased by 41.12% from ₹258.56 million in Fiscal 2024 to ₹152.23 million in Fiscal 2025, primarily due to a decrease in interest on bank deposits from ₹248.36 million in Fiscal 2024 to ₹111.28 million in Fiscal 2025. The reduction in bank deposits was primarily on account of utilization of such funds towards operational activities including our AUM build-up.

*Total expenses.* Total expenses decreased by 20.69% from ₹14,328.61 million in Fiscal 2024 to ₹11,364.24 million in Fiscal 2025 primarily due to the reasons discussed below.

*Employee benefits expenses.* Employee benefits expenses increased by 6.90% from ₹1,807.56 million in Fiscal 2024 to ₹1,932.36 million in Fiscal 2025, primarily attributable to our expansion into secured loan offerings (i.e., LAP) which was introduced in the last quarter of Fiscal 2024. We opened 62 LAP branches and onboarded 521 employees during Fiscal 2025 to support the scale-up of our LAP offering. Salaries, wages and allowances increased from ₹1,108.50 million in Fiscal 2024 to ₹1,428.41 million in Fiscal 2025.

*Impairment on financial instruments.* Impairment on financial instruments decreased by 47.38% from ₹6,211.51 million in Fiscal 2024 to ₹3,268.34 million in Fiscal 2025 primarily driven by our strong credit and risk assessment models that led to improvements in our asset quality. Our overall bounce rates decreased from 18.96% in Fiscal 2024 to 14.98% in Fiscal 2025.

*Finance costs.* Finance costs increased by 139.52% from ₹686.39 million in Fiscal 2024 to ₹1,644.02 million in Fiscal 2025 primarily due to an increase in borrowings undertaken to scale our on-book AUM. Our on-book AUM increased from ₹14,752.15 million as of March 31, 2024 to ₹24,745.58 million as of March 31, 2025. Consequently, our debt to equity ratio increased from 0.97 as of March 31, 2024 to 1.50 as of March 31, 2025.

*Depreciation and amortization.* Depreciation and amortization expense marginally decreased by 0.77% from ₹228.78 million in Fiscal 2024 to ₹227.02 million in Fiscal 2025 due to a decrease in amortisation of intangible assets and depreciation on tangible assets.

*Other expenses.* Other expenses decreased by 20.43% from ₹5,394.37 million in Fiscal 2024 to ₹4,292.50 million in Fiscal 2025, primarily due to the following:

- decrease in outsourcing and collection expenses by 31.92% from ₹2,205.42 million in Fiscal 2024 to ₹1,501.45 million in Fiscal 2025. This decrease was primarily on account of improved asset quality and customer repayment behavior which significantly reduced the requirement of outsourcing field agents and tele-calling staff for collections and recovery processes.
- decrease in credit loss on off balance sheet exposure by 16.38% from ₹740.49 million in Fiscal 2024 to ₹619.22 million in Fiscal 2025. This decrease was primarily attributable to the improvement in the overall credit quality of our off-book loan portfolio.
- decrease in branding and marketing expenses by 11.03% from ₹1,076.49 million in Fiscal 2024 to ₹957.74 million in Fiscal 2025 representing a decrease in our customer acquisition costs.

These decreases in other expenses were partially offset by an increase in rent from ₹16.06 million in Fiscal 2024 to ₹27.14 million in Fiscal 2025, and electricity expenses from ₹8.89 million in Fiscal 2024 to ₹12.93 million in Fiscal 2025, driven by the expansion of our LAP branch network in Fiscal 2025. Our CIBIL and other verification expenses also increased from ₹210.45 million in Fiscal 2024 to ₹248.50 million in Fiscal 2025, in line with our enhanced credit and risk assessment processes.

*Profit before tax.* Profit before tax decreased by 19.14% from ₹2,674.41 million in Fiscal 2024 to ₹2,162.64 million in Fiscal 2025, primarily due to the reasons discussed above and below:

- scale-up of our LAP operations involving significant upfront expenses towards setting up the LAP branch network and increase in manpower. Our expenses attributable to our LAP operations increased from ₹4.34 million in Fiscal 2024 to ₹357.50 million in Fiscal 2025. This led to an increase in our loss before tax attributable to our LAP operations from ₹4.17 million in Fiscal 2024 to ₹292.99 million in Fiscal 2025;

- a decrease in other income from ₹258.56 million in Fiscal 2024 to ₹152.23 million in Fiscal 2025 (*as discussed above*); and
- net impact of the decrease in revenue from operations largely offset by a decrease in credit costs and operating expenses (*as discussed above*).

**Tax expense.** Our total tax expenses decreased by 20.68% from ₹701.51 million in Fiscal 2024 to ₹556.43 million in Fiscal 2025 in line with the decrease in our profit before tax during the same years.

**Profit for the year.** For the various reasons discussed above, profit for the year decreased by 18.59% from ₹1,972.90 million in Fiscal 2024 to ₹1,606.21 million in Fiscal 2025.

### **Fiscal 2024 compared to Fiscal 2023**

**Total income.** Total income increased by 69.77% from ₹10,015.05 million in Fiscal 2023 to ₹17,003.02 million in Fiscal 2024 primarily due to the reasons discussed below.

**Revenue from operations.** Revenue from operations increased by 70.09% from ₹9,844.57 million in Fiscal 2023 to ₹16,744.46 million in Fiscal 2024 in line with the growth in our on-book and off-book AUM, primarily attributable to the following:

- Interest on loans increased from ₹6,749.03 million in Fiscal 2023 to ₹12,110.14 million in Fiscal 2024, attributable to the increase in our on-book AUM from ₹4,505.67 million as of March 31, 2023 to ₹14,752.15 million as of March 31, 2024;
- Sourcing and servicing fees increased from ₹773.88 million in Fiscal 2023 to ₹1,639.63 million in Fiscal 2024, attributable to the increase in our off-book AUM from ₹8,173.61 million as of March 31, 2023 to ₹11,290.60 million as of March 31, 2024; and
- Other fees and charges increased from ₹1,620.13 million in Fiscal 2023 to ₹2,833.56 million in Fiscal 2024.

**Other income.** Other income increased by 51.67% from ₹170.48 million in Fiscal 2023 to ₹258.56 million in Fiscal 2024, primarily due to an increase in interest on bank deposits from ₹151.33 million in Fiscal 2023 to ₹248.36 million in Fiscal 2024, due to an increase in funds held as deposits.

**Total expenses.** Total expenses increased by 46.58% from ₹9,775.52 million in Fiscal 2023 to ₹14,328.61 million in Fiscal 2024 primarily due to the reasons discussed below.

**Employee benefits expenses.** Employee benefits expenses increased by 56.13% from ₹1,157.72 million in Fiscal 2023 to ₹1,807.56 million in Fiscal 2024, primarily due to increase in salaries wages and allowances from ₹721.37 million in Fiscal 2023 to ₹1,108.50 million in Fiscal 2024 on account of annual increments in salaries and increase in manpower. Our employee headcount increased from 570 as of March 31, 2023 to 676 as of March 31, 2024.

**Impairment on financial instruments.** Impairment on financial instruments increased by 107.53% from ₹2,993.00 million in Fiscal 2023 to ₹6,211.51 million in Fiscal 2024. This increase was mainly attributable to an increase in expected credit loss against standard assets from ₹443.57 million in Fiscal 2023 to ₹2,603.50 million in Fiscal 2024 due to an increase in our AUM. Further, our financials assets written off increased from ₹2,585.52 million in Fiscal 2023 to ₹3,493.39 million in Fiscal 2024, in line with an increase in our AUM.

**Finance costs.** Finance cost increased by 22.79% from ₹559.02 million in Fiscal 2023 to ₹686.39 million in Fiscal 2024 primarily due to an increase in interest on borrowings. Our interest on borrowings (other than debt securities) increased from ₹255.09 million in Fiscal 2023 to ₹332.36 million in Fiscal 2024, and our interest on debt securities increased from ₹171.03 million in Fiscal 2023 to ₹202.40 million in Fiscal 2024. These increases were attributable to an increase in our total borrowings.

**Depreciation and amortization.** Depreciation and amortization increased by 28.12% from ₹178.56 million in Fiscal 2023 to ₹228.78 million in Fiscal 2024 due to an increase in depreciation on right of use assets. This is primarily attributable to the addition of new premises.

**Other expenses.** Other expenses increased by 10.38% from ₹4,887.22 million in Fiscal 2023 to ₹5,394.37 million in Fiscal 2024, primarily due to the following:

- increase in outsourcing and back office expenses by 66.19% from ₹1,327.07 million in Fiscal 2023 to ₹2,205.42 million in Fiscal 2024 on account of an increase in the number of field and tele-calling staff to support the scaling of operations in line with the growth in our AUM; and
- increase in branding and marketing expenses by 86.87% from ₹576.07 million in Fiscal 2023 to ₹1,076.49 million in Fiscal 2024 on account of increased lead generation activities and enhanced promotion through digital marketing.

These increases were offset by a decrease in expected credit loss on off balance sheet exposure from ₹1,940.27 million in Fiscal 2023 to ₹740.49 million in Fiscal 2024, primarily driven by our data-driven credit assessment and risk management processes leading to improvement in our asset quality.

**Profit before tax.** For the various reasons discussed above, profit before tax increased by 1,016.51% from ₹239.53 million in Fiscal 2023 to ₹2,674.41 million in Fiscal 2024.

**Tax expense.** Current tax increased by 76.61% from ₹531.40 million in Fiscal 2023 to ₹938.52 million in Fiscal 2024 in line with our increase in profit before tax. Deferred tax increased from ₹(469.29) million in Fiscal 2023 to ₹(258.39) million in Fiscal 2024.

**Profit for the year.** For the various reasons discussed above, profit for the year increased by 613.10% from ₹276.67 million in Fiscal 2023 to ₹1,972.90 million in Fiscal 2024.

As of December 31, 2025, we had total assets of ₹35,687.78 million compared to ₹27,011.04 million as of March 31, 2025, ₹17,965.25 million as of March 31, 2024 and ₹12,752.00 million as of March 31, 2023. The increase in our total assets was primarily on account of growth in our AUM and in line with the increase in our overall business operations.

## ***Non current assets***

### *Non financial assets*

Our deferred tax assets (net) were ₹1,398.88 million as of December 31, 2025, ₹1,127.30 million as of March 31, 2025, ₹1,283.35 million as of March 31, 2024 and ₹1,024.53 million as of March 31, 2023. The variations in deferred tax assets (net) were largely due to movements in deferred tax assets created on expected credit loss on financial assets of ₹907.33 million as of December 31, 2025, ₹825.84 million as of March 31, 2025, ₹1,112.88 million as of March 31, 2024 and ₹805.29 million as of March 31, 2023 and unamortized processing fees income of ₹422.37 million as of December 31, 2025, ₹286.40 million as of March 31, 2025, ₹148.33 million as of March 31, 2024 and ₹119.88 million as of March 31, 2023.

Our right of use assets was ₹421.87 million as of December 31, 2025, ₹454.23 million as of March 31, 2025, ₹482.97 million as of March 31, 2024 and ₹526.44 million as of March 31, 2023. This decrease was primarily due to completion and termination of premises during these years.

### *Financial assets*

Our loans were ₹4,024.87 million as of December 31, 2025, ₹2,808.02 million as of March 31, 2025, ₹870.78 million as of March 31, 2024 and ₹10.72 million as of March 31, 2023. The increases between March 31, 2023 until March 31, 2025 were primarily due to an increase in unsecured loans from ₹16.41 million as of March 31, 2023 to ₹1,219.76 million as of March 31, 2024 and further to ₹2,465.24 million as of March 31, 2025. Further, the increase between March 31, 2025 to December 31, 2025 were on account of increase in loans secured by tangible assets from ₹755.14 million as of March 31, 2025 to ₹2,947.36 million as of December 31, 2025.

Further, our other financial assets were ₹1,128.42 million as of December 31, 2025, ₹884.82 million as of March 31, 2025, ₹730.62 million as of March 31, 2024 and ₹318.75 million as of March 31, 2023. This increase in other financial assets was primarily due to an increase in bank deposits with original maturity of more than 12 months of ₹1,013.20 million as of December 31, 2025, ₹798.75 million as of March 31, 2025, ₹652.21 million as of March 31, 2024 and ₹256.82 million as of March 31, 2023, which was attributable to higher borrowings undertaken to support expansion of business, growth initiatives and scaling operations.

## ***Current assets***

### *Financial assets*

Our trade receivables were ₹1,413.98 million as of December 31, 2025, ₹700.77 million as of March 31, 2025, ₹1,624.36 million as of March 31, 2024 and ₹657.79 million as of March 31, 2023. The increase in trade receivables during the nine months ended December 31, 2025 was primarily attributable to the growth in the off-book lending. Further, the variations in trade receivables during Fiscals 2023 and 2025 were largely attributable to one customer, with an outstanding balance as of March 31, 2024, which was subsequently cleared in the following month.

Our cash and cash equivalents were ₹1,894.51 million as of December 31, 2025, ₹1,327.23 million as of March 31, 2025, ₹2,850.37 million as of March 31, 2024 and ₹5,699.68 million as of March 31, 2023. The decreases from March 31, 2023 to March 31, 2024 and further to March 31, 2025 were primarily due to a decrease in balance with banks in bank deposits (with original maturity of less than 3 months) from ₹3,521.63 million as March 31, 2023 to ₹590.00 million as of March 31, 2024, and further to ₹350.08 million as of March 31, 2025. Further, the increase in cash and cash equivalents from March 31, 2025 to December 31, 2025 was attributable to an increase in balance with banks in current accounts. Our balance with banks in current accounts was ₹1,554.45 million as of December 31, 2025, ₹977.15 million as of March 31, 2025, ₹2,260.29 million as of March 31, 2024 and ₹2,177.97 million as of March 31, 2023. Additionally, these increases were driven by operating cash flows, proceeds from additional borrowings and liquidity management undertaken to support the expansion of our loan portfolio and to meet our funding and operational requirements.

Our loans were ₹22,765.30, million as of December 31, 2025, ₹18,769.42 million as of March 31, 2025, ₹9,601.75 million as of March 31, 2024 and ₹2,933.45 million as of March 31, 2023. This increase in loans was primarily due to an increase in unsecured loans from ₹4,489.26 million to ₹13,525.53 million from March 31, 2023 to March 31, 2024, and further to ₹21,525.20 million and ₹25,923.43 million as of March 31, 2025 and December 31, 2025, respectively. Further, the loans secured by tangible assets also increased from nil as of March 31, 2025 to ₹378.76 million as of December 31, 2025.

Further, our other financial assets were ₹651.87 million as of December 31, 2025, ₹581.78 million as of March 31, 2025, ₹63.61 million as of March 31, 2024 and ₹498.95 million as of March 31, 2023. The increase in other financial assets during the nine months ended December 31, 2025 was due to other receivables, excess interest spread receivable and security deposits. The variation in other financial assets during Fiscals 2023 and 2025 was primarily attributable to our other receivables (comprising

balances receivable from gateway partners and others) of ₹137.28 million as of March 31, 2025, ₹59.49 million as of March 31, 2024 and ₹495.91 million as of March 31, 2023. Further, our bank deposit with original maturity of more than 12 months increased from nil as of March 31, 2023 and March 31, 2024 to ₹433.30 million and ₹450.19 million as of March 31, 2025 and December 31, 2025, respectively.

Our other current assets were ₹256.74 million as of December 31, 2025, ₹116.26 million as of March 31, 2025, ₹35.11 million as of March 31, 2024 and ₹32.38 million as of March 31, 2023. The increase in other assets during the nine months ended December 31, 2025 was primarily due to an increase in advance to suppliers and others of ₹129.06 million. This increase in other current assets during Fiscals 2023 and 2025 was primarily due to an increase in prepaid expenses (comprising advance payments for marketing) of ₹101.40 million as of March 31, 2025, ₹31.31 million as of March 31, 2024 and ₹23.60 million as of March 31, 2023.

<b>Total equity and liabilities</b>	<b>35,687.78</b>	<b>27,011.04</b>	<b>17,965.25</b>	<b>12,752.00</b>

As of December 31, 2025, we had total equity and liabilities of ₹35,687.78 million, compared to ₹27,011.04 million as of March 31, 2024, ₹17,965.25 million as of March 31, 2024 and ₹12,752.00 million as of March 31, 2023. The increase in our total equity and liabilities was primarily on account of debt securities, borrowings (other than debt securities) and other equity primarily comprising retention of earnings during these years.

### **Equity**

Our total equity was ₹12,543.38 million, representing 35.15% of our total assets, as of December 31, 2025, ₹10,059.94 million, representing 37.24% of our total assets, as of March 31, 2025, ₹8,045.69 million, representing 44.78% of our total assets, as of March 31, 2024, ₹5,662.34 million, representing 44.40% of our total assets, as of March 31, 2023. The increase is primarily due to retention of earnings for the periods/years.

## **Non current liabilities**

### *Financial liabilities*

Our debt securities were ₹3,323.25 million as of December 31, 2025, ₹2,016.63 million as of March 31, 2025, ₹1,188.99 million as of March 31, 2024 and nil as of March 31, 2023. These increases were attributable to the issue of non-convertible debentures.

Our borrowings (other than debt securities) decreased from ₹676.46 million as of March 31, 2025 to ₹396.82 million as of December 31, 2025 attributable to a decrease in securitization liabilities. Further, our borrowings (other than debt securities) were ₹676.46 million as of March 31, 2025, ₹498.81 million as of March 31, 2024 and ₹198.40 million as of March 31, 2023. These increases were primarily driven by higher securitization liabilities, resulting from an increase in PTC transactions. Our term loans from banks were ₹329.80 million as of December 31, 2025, ₹108.38 million as of March 31, 2025, ₹216.34 million as of March 31, 2024 and ₹47.77 million as of March 31, 2023. Further, our term loans from financial institutions were nil as of December 31, 2025, ₹54.97 million as of March 31, 2025, ₹266.26 million as of March 31, 2024 and ₹150.63 million as of March 31, 2023.

Our lease liabilities were ₹283.89 million as of December 31, 2025, ₹325.91 million as of March 31, 2025, ₹362.22 million as of March 31, 2024 and ₹415.55 million as of March 31, 2023. The variations in lease liabilities were attributable to completion and termination of premises.

### **Current liabilities**

#### *Financial liabilities*

Our debt securities were ₹8,684.71 million as of December 31, 2025, ₹3,117.52 million as of March 31, 2025, ₹2,069.12 million as of March 31, 2024 and ₹576.14 million as of March 31, 2023. These increases were attributable to the issue of non-convertible debentures.

Our borrowings (other than debt securities) decreased from ₹9,265.20 million as of March 31, 2025 to ₹8,070.39 million as of December 31, 2025 attributable to a decrease in securitization liabilities, and term loan from banks and financial institutions. Further, our borrowings (other than debt securities) were ₹9,265.20 million as of March 31, 2025, ₹4,086.04 million as of March 31, 2024 and ₹3,104.32 million as of March 31, 2023. These increases were primarily attributable to an increase in term loans from financial institutions, term loans from banks and securitization liabilities. Our term loans from financial institutions were ₹3,044.69 million as of December 31, 2025, ₹4,941.59 million as of March 31, 2025, ₹3,028.91 million as of March 31, 2024 and ₹2,370.26 million as of March 31, 2023. Further, our term loans from banks were ₹2,308.05 million as of December 31, 2025, ₹1,443.87 million as of March 31, 2025, ₹861.66 million as of March 31, 2024 and ₹734.06 million as of March 31, 2023. Our securitisation liabilities increased from nil as of March 31, 2023 to ₹44.13 million as of March 31, 2024, and ₹2,489.32 million as of March 31, 2025 and was ₹2,416.79 million as of December 31, 2025. These increases were primarily driven by higher securitization liabilities, resulting from an increase in PTC transactions.

Our other financial liabilities increased from ₹497.86 million as of March 31, 2025 to ₹1,081.79 million as of December 31, 2025 attributable to higher provision on off-balance sheet exposure on account of increase in AUM, other payables and payable on account of assignment. Our other financial liabilities were ₹497.86 million as of March 31, 2025, ₹717.83 million as of March 31, 2024 and ₹2,140.45 million as of March 31, 2023. The decrease in other financial liabilities was primarily due to a decrease in provision on off balance sheet exposure from ₹1,638.14 million as of March 31, 2023 to ₹304.17 million as of March 31, 2025. Further, other payables that includes payables to co-lending partners decreased from ₹502.31 million as of March 31, 2023 to ₹163.75 million as of March 31, 2025 primarily due to repayment to co-lending partners prior to fiscal year end. Further, other payables increased to ₹496.52 million as of December 31, 2025 primarily on account of first loss default guarantee payable to partners.

## **Liquidity and Capital Resources**

Our liquidity requirements consist primarily of credit facilities, statutory payments, payments to employees and other operating expenses. Our capital expenditure needs have historically been minimal as we do not have substantial fixed assets relative to our total assets. The purpose of the liquidity management function is to ensure that we have funds available to fund our credit business, to fund our working capital requirements and to ensure that we comply with RBI's Liquidity Coverage Ratio ("LCR") requirements. We have funded the growth in our operations and loan portfolio through debt securities and borrowings (other than debt securities). As of December 31, 2025, we had cash and cash equivalents amounting to ₹1,894.51 million. We typically invest our surplus funds in bank deposits (typically ranging between three months to 12 months). Based on our current level of expenditures, we believe our current working capital, together with cash flows from operating activities and the proceeds from the Issue contemplated herein, will be adequate to meet our anticipated cash requirements for capital expenditures, servicing liabilities and working capital requirements for at least the next 12 months.

## Cash Flows

The following table sets forth our cash flows for the period/ years indicated:

### Non-GAAP Measures

Return on Equity, Return on Assets, Debt to Equity Ratio and other non-GAAP measures, (together, “**Non-GAAP Measures**”), presented in this Red Herring Prospectus is a supplemental measure of our performance and liquidity that is not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or U.S. GAAP. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, IFRS or U.S. GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/(loss) for the years or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or U.S. GAAP. In addition, such Non-GAAP Measures are not standardized terms, hence a direct comparison of these Non-GAAP Measures between companies may not be possible. Other companies may calculate these Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure. Although such Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that they are useful to an investor in evaluating us as they are widely used measures to evaluate a company’s operating performance.

Reconciliation for the following non-GAAP financial measures included in this Red Herring Prospectus are set out below for the period/ years indicated:

## Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that we believe have or are reasonably likely to have a current or future material effect on our financial condition, change in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

## Related Party Transactions

We have engaged in the past, and may engage in the future, in transactions with related parties. For further information relating to our related party transactions, see “*Summary of Related Party Transactions*” and “*Other Financial Information - Related Party Transactions*” on pages 68 and 330, respectively.

## Auditor's Observation

There have been no reservations/qualifications/adverse remarks/emphasis of matters highlighted by our Statutory Auditors in their audit reports on the audited financial statements as of and for the nine months ended December 31, 2025 and as of and for the years ended March 31, 2025, 2024 and 2023.

## Quantitative and Qualitative Disclosures about Market Risk

Our Board of Directors has the overall responsibility for the establishment and oversight of our risk management framework. Set out below are details of certain major risks that we are exposed to:

### Credit risk

Credit risk arises from loans and advances, cash and cash equivalents, deposits and other financial assets carried at amortized cost. This risk is the risk of financial loss to us if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

We follow a simplified expected credit loss (“ECL”) approach under Ind AS 109 'Financial Instruments' for trade receivables and other financial assets. Set out below are details of our expected credit losses for financial assets other than loans as of December 31, 2025:

Particulars	As of December 31, 2025		
	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
	(₹ million)		
Cash and cash equivalents	1,894.51	-	1,894.51
Bank balance other than cash and cash equivalents	553.90	-	553.90
Trade receivables	1,424.86	(10.88)	1,413.98
Other financial assets	1,780.29	-	1,780.29

### Liquidity risk

Liquidity risk is the risk that we will encounter difficulty in meeting the obligations associated with our financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure, as far as possible, that we will have sufficient liquidity to meet our liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. Due to the dynamic nature of the underlying businesses, our Group's treasury maintains flexibility in funding by maintaining availability under committed credit lines. Set out below are details of our undrawn borrowing facilities as of the dates indicated:

Particulars	As of December 31, 2025	As of March 31,		
		2025	2024	2023
	(₹ million)			
Undrawn bank credit lines	2,350.65	61.72	460.00	150.00

Further, set out below are our remaining contractual maturities (gross and undiscounted) of financial liabilities as of December 31, 2025:

Particulars	Total	Up to 3 months	Over 3 months to 6 months	Over 6 months to one year	Over one year to 3 years	Over 3 to 5 years	Over 5 years
<b>Non-derivative financial liabilities</b>

Debt securities	(13,872.07)	2,854.06	2,506.72	4,170.29	3,848.44	492.56	-
Borrowings (other than debt securities)	(8,941.66)	3,741.21	2,355.86	2,389.28	324.72	130.59	-
Lease Liabilities	(553.28)	58.04	50.12	111.75	247.36	86.01	-
Other Financial liabilities*	(1,081.79)	619.34	462.45	-	-	-	-

\*Provision for FLDG included in over 3 months to 6 months bucket.

### Interest rate risk

We provide loans to customers on a fixed rate and hence there is no interest rate risk on loan exposure. However, certain of our borrowings are obtained at floating rate and hence exposed to interest rate risk. Set out below are details of the interest rate profile of our interest-bearing financial instruments as of the dates indicated:

Particulars	As of December 31, 2025	As of March 31,		
		2025	2024	2023
	(₹ million)			
<b>Variable-rate instruments</b>				
Borrowings (other than debt securities)	1,624.49	1,538.09	1,079.68	659.15

For further information, see “Restated Consolidated Financial Information – Note 41 – Financial Risk Management” on page 315.

### Unusual or Infrequent Events or Transactions

Except as disclosed in this Red Herring Prospectus, there have been no other events or transactions that, to our knowledge, may be described as “unusual” or “infrequent” that led to a material adverse effect on our business and operations.

### Known Trends or Uncertainties

Our business has been subject, and we expect it to continue to be subject, to significant economic changes. To our knowledge, except as discussed in this Red Herring Prospectus, there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on income from our continuing operations. For further information regarding trends and uncertainties, please see “- Significant Factors Affecting our Financial Condition and Results of Operations” on page 337 and “Risk Factors” on page 18.

### Seasonality of Business

Our business is not seasonal in nature.

## Dependence on a Few Customers or Suppliers

Given the nature of our business operations, our business is not dependent on any single or a few customers or suppliers.

However, we depend on our lending partners for our off-book loans. As of December 31, 2025, we engaged seven lending partners for our off-book loans. As of December 31, 2025, March 31, 2025, March 31, 2024 and March 31, 2023, our off-book loans accounted for 48.87%, 39.45%, 43.35% and 64.46% of our total AUM, respectively. For further information, see “*Risk Factors - Internal Risks - We have entered into lending arrangements with certain third-party non-banking financial companies (48.87% and 39.45% of our total AUM as of December 31, 2025 and March 31, 2025, respectively, was attributable to our off-book loans). Any premature termination of such lending arrangements may adversely affect our business, financial condition, cash flows, results of operations and prospects*” on page 26.

## Segment Reporting

We operate in a single business segment and there are no other separate reportable segments. Hence, no disclosures related to segments is required to be given under Ind AS 108 “Segment Reporting”.

## Significant Economic Changes

Our business has been subject, and we expect it to continue to be subject, to significant economic changes that materially affect or are likely to affect income from continuing operations. See “*Risk Factors*” and “*- Significant Factors Affecting our Financial Condition and Results of Operations*” on pages 18 and 337, respectively.

## New Products or Business Segment

Apart from the disclosures in “*Our Business*” on page 177, we currently have no plans to develop new products or establish new business segments that are expected to have a material impact on our business, results of operations or financial condition.

## Competitive Conditions

We operate in a competitive environment. For information on our competitive conditions and our competitors, see “*Risk Factors*” and “*Our Business*” on pages 18 and 177, respectively.

## Significant Developments Subsequent to December 31, 2025

Except as disclosed below and as set out elsewhere in this Red Herring Prospectus, in our opinion, no circumstances have arisen since December 31, 2025, which have materially or adversely affected or are likely to affect our operations or profitability, or the value of our assets or our ability to pay our material liabilities within the next 12 months:

Conversion of the Preference Shares of our Company into Equity Shares of face value of ₹1 each: Subsequent to the reporting date i.e. December 31, 2025, the Board of Directors and our Shareholders at their respective meetings dated February 25, 2026, approved the conversion of Preference Shares of our Company into Equity Shares of face value of ₹1 each at the agreed conversion ratio (post effect of split), details of which are set out below, resulting in the allotment of 64,570,670 Equity Shares of face value of ₹1 each pursuant to conversion of Preference Shares:

## SECTION VI: LEGAL AND OTHER INFORMATION

### OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as disclosed in this section, there are no outstanding (i) criminal proceedings (including first information reports even if no/some cognizance has been taken by any court); (ii) actions taken by regulatory and / or statutory authorities; (iii) claims related to direct and indirect taxes; and (iv) civil legal proceedings including arbitration matters, as determined to be material as per the Materiality Policy, in each case involving our Company, Promoters, Subsidiary, and Directors (“**Relevant Parties**”).

Further, except as stated in this section, there are no (a) outstanding disciplinary actions including penalty imposed by the SEBI or Stock Exchanges against our Promoters in the last five Financial Years including any outstanding action; (b) outstanding criminal proceedings (including first information reports even if no/some cognizance has been taken by any court) involving the Key Managerial Personnel and the Senior Management; and (c) outstanding action by regulatory and statutory authorities against the Key Managerial Personnel and the Senior Management.

For the purpose of identification of material litigation in (iv) above, our Board has considered and adopted the following policy on materiality with regard to outstanding litigation involving the Relevant Parties to be disclosed by our Company in this Red Herring Prospectus pursuant to the resolution dated August 5, 2025:

All outstanding litigation, involving the Relevant Parties, other than criminal proceedings, actions by regulatory authorities and / or statutory authorities, disciplinary actions including any penalty imposed by SEBI or stock exchanges against our Promoters in the last five Financial Years including any outstanding actions, and claims related to tax matters (direct and indirect), would be considered ‘material’ if:

- (i) The monetary amount of claim by or against the Relevant Parties in any such pending proceeding is in excess of ₹64.26 million (“**Materiality Amount**”), being the amount equivalent to 5% of the average of the absolute value of consolidated restated profit or consolidated restated loss based on the last three Fiscals’ Restated Consolidated Financial Information; or
- (ii) Where the value or expected impact in terms of value of such litigation is not determinable or quantifiable but nonetheless, in the opinion of the Board, directly or indirectly, or together with similar other proceedings, have a material adverse effect on the business, operations, performance or financial condition, reputation, results of operations or cash flows of our Company; or
- (iii) Where the decision in one litigation is likely to affect the decision in similar litigation even though the value or expected impact in terms of value in an individual litigation may not exceed the Materiality Amount but where the cumulative value or expected impact in terms of value of such matters exceeds the Materiality Amount specified above.

It is clarified that for the above purposes, pre-litigation notices received by Relevant Parties from third parties (excluding notices from statutory or regulatory or governmental or taxation authorities), have not been evaluated for materiality unless otherwise decided by our Board or until such persons are impleaded as defendants in proceedings before any judicial/quasi-judicial or arbitral forum.

Further, depending upon the nature and number of legal proceedings which are in the ordinary course of the business involving our Company, and our Subsidiary, including matters under section 25 of the Payment and Settlement Systems Act, 2007 and arbitration proceedings in relation to these matters etc., consolidated disclosures of such similar proceedings, as may be required, have been disclosed in this Red Herring Prospectus.

We have disclosed all outstanding claims related to direct and indirect taxes involving the Relevant Parties in a consolidated manner, giving the number of cases and total amount involved, and in the event the value or expected impact in terms of value of any tax matters exceeds the Materiality Threshold specified above in relation to each of the respective Relevant Parties, individual disclosures of such tax matters have been included in this Red Herring Prospectus. For details of risk in relation to outstanding litigation involving Relevant Parties, also see, “Risk Factors – There is outstanding litigation against our Company and Subsidiary. An adverse outcome in any of these proceedings may affect our reputation and standing and impact our future business and could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects” on page 31.

Except as stated in this section, there are no outstanding material dues to creditors of our Company. For this purpose, our Board has considered and adopted a policy of materiality for identification of material outstanding dues to creditors, by way of its resolution dated August 5, 2025.

In terms of the Materiality Policy, outstanding dues to any creditor of our Company having a monetary value which exceeds five percent of the trade payables of our Company as of the last date of the latest financial period included in the Restated Consolidated Financial Information of our Company, disclosed in this Red Herring Prospectus, shall be considered as

'material'. Accordingly, as on December 31, 2025, any outstanding dues exceeding ₹37.75 million have been considered as material outstanding dues for the purposes of disclosure in this section.

Further, for outstanding dues to MSME, the disclosure will be based on information available with our Company regarding status of the creditor as MSME as defined under Section 2 of the Micro, Small and Medium Enterprises Development Act, 2006, as amended.

Unless otherwise specified, the terms defined in the description of a particular litigation matter pertain to such matter only. Unless otherwise specified, the information provided below is as of the date of this Red Herring Prospectus.

#### **Disclaimer from our Company, our Directors and BRLMs**

Our Company, our Directors and the BRLMs accept no responsibility for statements made otherwise than in this Red Herring Prospectus or in the advertisements or any other material issued by or at our Company’s instance and anyone placing reliance on any other source of information, including our Company’s website at <https://www.kissh.com>, or the respective websites of any affiliate of our Company would be doing so at his or her own risk.

The BRLMs accept no responsibility, save to the limited extent as provided in the Offer Agreement, and as will be provided for in the Underwriting Agreement.

All information shall be made available by our Company and the BRLMs to the Bidders and the public at large and no selective or additional information would be made available for a section of the investors in any manner whatsoever, including at road show presentations, in research or sales reports, at the Bidding Centres or elsewhere.

Bidders will be required to confirm and will be deemed to have represented to our Company, the Underwriters and their respective directors, officers, agents, affiliates, and representatives that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares and will not issue, sell, pledge, or transfer the Equity Shares to any person who is not eligible under any applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares. Our Company, the Underwriters and their respective directors, officers, agents, affiliates, and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Equity Shares.

The BRLMs and their respective associates (as defined in the SEBI Merchant Bankers Regulations) and affiliates in their capacity as principals or agents may engage in transactions with, and perform services for, our Company, our Subsidiary, each of the Selling Shareholders and their respective affiliates or associates or third parties in the ordinary course of business and have engaged, or may in the future engage, in commercial banking and investment banking transactions with our Company, our Subsidiary, each of the Selling Shareholders, their respective affiliates or associates or third parties, for which they have received, and may in the future receive, compensation. As used herein, the term 'affiliate' means any person or entity that controls or is controlled by or is under common control with another person or entity.

#### **Disclaimer from the Selling Shareholders**

Each of the Selling Shareholders accepts no responsibility for statements made otherwise than in this Red Herring Prospectus in relation to itself or its respective portion of the Offered Shares or in the advertisements or any other material issued by or at our Company's instance and anyone placing reliance on any other source of information, including our Company's website <https://www.kissht.com/> or the respective websites of any affiliate of our Company or the respective websites of the Book Running Lead Managers or any of the Selling Shareholders would be doing so at his or her own risk. Each of the Selling Shareholders, its respective directors, partners, designated partners, trustees, agents, affiliates, associates, and officers accept no responsibility for any statements made in this Red Herring Prospectus other than those specifically made or confirmed by such Selling Shareholder in relation to itself as a Selling Shareholder and in relation to its respective portion of the Offered Shares.

Bidders will be required to confirm and will be deemed to have represented to each of the Selling Shareholders and/or its respective directors, partners, designated partners, trustees, associates, officers, agents, affiliates, and representatives that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares and will not sell, pledge, or transfer the Equity Shares to any person who is not eligible under any applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares. Each of the Selling Shareholders and/or its respective directors, partners, designated partners, trustees, associates, officers, agents, affiliates, and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Equity Shares.

#### **Disclaimer in respect of Jurisdiction**

The Offer is being made in India to persons resident in India (who are competent to contract under the Indian Contract Act, 1872, as amended, including Indian nationals resident in India, HUFs, companies, other corporate bodies and societies registered under the applicable laws in India and authorised to invest in shares, domestic Mutual Funds, Indian financial institutions, commercial banks, regional rural banks, co-operative banks (subject to RBI permission), or trusts under applicable trust law and who are authorised under their constitution to hold and invest in equity shares, state industrial development corporations, insurance companies registered with IRDAI, provident funds (subject to applicable law) and pension funds, National Investment Fund, insurance funds set up and managed by army, navy or air force of Union of India, insurance funds set up and managed by the Department of Posts, GoI, systemically important NBFCs registered with the RBI) and permitted Non-Residents including FPIs and Eligible NRIs and AIFs that they are eligible under all applicable laws and regulations to purchase the Equity Shares. This Red Herring Prospectus does not constitute an offer to sell or an invitation to subscribe to Equity Shares offered hereby, in any jurisdiction, including India to any person to whom it is unlawful to make an offer or invitation in such jurisdiction. Any person into whose possession this Red Herring Prospectus comes is required to inform him or herself about, and to observe, any such restrictions. Any dispute arising out of the Offer will be subject to the jurisdiction of appropriate court(s) in Mumbai, Maharashtra, India only. Invitations to subscribe to or purchase the Equity Shares in the Offer will be made only pursuant to this Red Herring Prospectus if the recipient is in India or the preliminary offering memorandum for the Offer, which comprises this Red Herring Prospectus and the preliminary international wrap for the Offer, if the recipient is outside India.

No action has been, or will be, taken to permit a public offering in any jurisdiction where action would be required for that purpose, except that the Draft Red Herring Prospectus was filed with SEBI for its observations and this Red Herring Prospectus has been filed with SEBI and the RoC. Accordingly, the Equity Shares represented hereby may not be offered or sold, directly or indirectly, and this Red Herring Prospectus may not be distributed, in any jurisdiction, except in accordance with the legal requirements applicable in such jurisdiction. Neither the delivery of this Red Herring Prospectus nor any offer or sale hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of our Company or any of the Selling Shareholders since the date hereof or that the information contained herein is correct as of any time subsequent to this date.

No person outside India is eligible to Bid for Equity Shares in the Offer unless that person has received the preliminary offering memorandum for the Offer, which contains the selling restrictions for the Offer outside India.

### **Eligibility and Transfer Restrictions**

**The Equity Shares offered in the Offer have not been, and will not be, registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold outside the United States in offshore transactions as defined in and in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.**

**The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.**

Until the expiry of 40 days after the commencement of the Offer, an offer or sale of Equity Shares within the United States by a dealer (whether or not it is participating in the Offer) may violate the registration requirements of the U.S. Securities Act, if such an offer or sale is made otherwise than in compliance with the available exemptions from the registration requirements of the U.S. Securities Act and in accordance with applicable securities laws of any state or other jurisdiction of the United States.

### **Eligible Investors**

The Equity Shares are being offered and sold outside the United States in “offshore transactions” as defined in, and in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur and who are deemed to have made the representations set forth below.

Each purchaser that is acquiring the Equity Shares offered pursuant to the Offer outside the United States, by submitting a Bid cum Application Form, will be deemed to have acknowledged, represented to and agreed with our Company, each of the Selling Shareholders and the Book Running Lead Managers that it has received a copy of this Red Herring Prospectus, the Prospectus and such other information as it deems necessary to make an informed investment decision and that:

- (a) the purchaser is authorised to consummate the purchase of the Equity Shares offered in the Offer in compliance with all applicable laws and regulations;
- (b) the purchaser acknowledges that the offer and sale of the Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and accordingly, may not be offered, resold, pledged or transferred within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act;
- (c) the purchaser is purchasing the Equity Shares offered in the Offer in an offshore transaction meeting the requirements of Rule 903 of Regulation S under the U.S. Securities Act;
- (d) the purchaser was located outside the United States at the time (i) the offer for such Equity Shares was made to it, and (ii) when the buy order for such Equity Shares was originated and continues to be located outside the United States;
- (e) the purchaser is not an affiliate of our Company or a person acting on behalf of an affiliate;
- (f) neither the purchaser nor any of its affiliates (as defined in Rule 405 of the U.S. Securities Act), nor any person acting on behalf of the purchaser or any of its affiliates (as defined in Rule 405 of the U.S. Securities Act), is acquiring the Equity Shares as a result of any “directed selling efforts” as defined in Regulation S under the U.S. Securities Act in the United States with respect to the Equity Shares;

- (g) the purchaser understands that such Equity Shares (to the extent they are in certificated form), unless our Company determine otherwise in accordance with applicable law, will bear a legend substantially to the following effect:

**“THE EQUITY SHARES REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933 (THE “U.S. SECURITIES ACT”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND MAY NOT BE OFFERED OR SOLD EXCEPT IN AN OFFSHORE TRANSACTION COMPLYING WITH RULE 903 OR RULE 904 OF REGULATIONS UNDER THE U.S. SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES.”**

- (h) the purchaser acknowledges that our Company will not recognise any offer, sale, pledge or other transfer of such Equity Shares made other than in compliance with the above-stated restrictions; and
- (i) the purchaser acknowledges that our Company, each of the Selling Shareholders, the Book Running Lead Managers, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Equity Shares are no longer accurate, it will promptly notify our Company and the Book Running Lead Managers, and if it is acquiring any of such Equity Shares as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

Our Company, each of the Selling Shareholders, the Book Running Lead Managers and their affiliates will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement.

**Bidders are advised to ensure that any Bid from them does not exceed investment limits or maximum number of Equity Shares that can be held by them under applicable law. Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than in accordance with applicable laws.**

## Stock Market Data of Equity Shares

This being an initial public offer of Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

## Mechanism for Redressal of Investor Grievances

The Registrar Agreement provides for the retention of records with the Registrar to the Offer for a period of at least eight years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, to enable the investors to approach the Registrar to the Offer for redressal of their grievances.

All Offer-related grievances, other than of Anchor Investors may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary with whom the Bid cum Application Form was submitted, giving full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount), date of Bid cum Application Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer. For offer related grievances, investors may contact the BRLMs, details of which are given in "*General Information – Book Running Lead Managers*" on page 70.

All grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the BRLMs with whom the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding two Working Days from the Bid / Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher, for the entire duration of delay exceeding two Working Days from the Bid/ Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI ICDR Master Circular and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI ICDR Master Circular in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the post-Offer BRLM shall also compensate the investors at the rate higher of ₹100 or 15% per annum of the Bid Amount for the period of such delay. Further, in terms of SEBI ICDR Master Circular, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount and ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the post-Offer BRLM shall be liable to compensate the investor at the rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the BRLMs, each of the Selling Shareholders and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the applicable provisions of SEBI ICDR Regulations.

For helpline details of the Book Running Lead Managers pursuant to the SEBI ICDR Master Circular, see “*General Information – Book Running Lead Managers*” on page 70.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

All grievances relating to Bids submitted with Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer. The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Bidders. Bidders can contact our Company Secretary and Compliance Officer, the BRLMs or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

#### **Disposal of Investor Grievances by our Company**

Our Company has obtained authentication on the SCORES in terms of the SEBI circular no. CIR/OIAE/1/2013 dated April 17, 2013 and shall comply with the SEBI circular (CIR/OIAE/1/2014) dated December 18, 2014 and SEBI master circular SEBI/HO/OIAE/IGRD/CIR/P/2023/156 dated September 20, 2023 in relation to redressal of investor grievances through SCORES.

Our Company estimates that the average time required by our Company or the Registrar to the Offer or the relevant Designated Intermediary, for the redressal of routine investor grievances shall be 10 Working Days from the date of receipt of the complaint, provided however, in relation to complaints pertaining to blocking/unblocking of funds, investor complaints shall be resolved on the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

Each of the Selling Shareholders, severally and not jointly, has authorized the Company Secretary and the Compliance Officer of our Company, to deal with, on its behalf, any investor grievances received in the Offer in relation to statements specifically made or confirmed or undertaken by such Selling Shareholder in the Offer Documents in relation to itself or its respective portion of the Offered Shares. Our Company has not received investor complaints in relation to the Equity Shares for the three years prior to the filing of this Red Herring Prospectus, hence no investor complaint in relation to our Company is pending as on the date of filing of this Red Herring Prospectus.

Investors can contact the Company Secretary and Compliance Officer, the BRLMs or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund orders or non-receipt of funds by electronic mode, etc. Our Company has also appointed Shraddha Patangia, as our Company Secretary and Compliance Officer. For details, see “*General Information – Our Company Secretary and Compliance Officer*” on page 70.

Our Company has constituted a Stakeholders’ Relationship Committee, which is, *inter alia*, responsible for redressal of grievances of security holders of our Company, comprising Yogesh Chadha, Krishnan Vishwanathan and Ranvir Singh. For details, see “*Our Management - Stakeholders’ Relationship Committee*” on page 246.

**Exemption from complying with any provisions of securities laws, if any, granted by SEBI**

Our Company has not applied for or received any exemption from SEBI from complying with any provisions of securities laws by SEBI ICDR Regulations, as on the date of this Red Herring Prospectus.

**Other confirmations**

No person connected with the Offer, except for fees or commission for services rendered in relation to the Offer, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid.

## SECTION VII: OFFER INFORMATION

### TERMS OF THE OFFER

The Equity Shares being issued, offered, Allotted and transferred pursuant to the Offer shall be subject to the provisions of the Companies Act, the SEBI ICDR Regulations, SCRA, SCRR, the Memorandum of Association, the Articles of Association, SEBI Listing Regulations, the terms of the Draft Red Herring Prospectus, this Red Herring Prospectus, the Abridged Prospectus, the Prospectus, the Bid cum Application Form, the Revision Form, the CAN/Allotment Advice and other terms and conditions as may be incorporated in other documents/certificates that may be executed in respect of the Offer. The Equity Shares shall also be subject to applicable laws, guidelines, rules, notifications and regulations relating to the issue of capital, offer for sale, and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchanges, the RBI, RoC and/or other authorities, as in force on the date of the Offer and to the extent applicable or such other conditions as may be prescribed by the SEBI, the RBI, the Government of India, the Stock Exchanges, the RoC and/or any other governmental, statutory or regulatory authorities while granting their approval for the Offer, to the extent and for such time as these continue to be applicable.

#### The Offer

The Offer comprises a Fresh Issue by our Company and an Offer for Sale by the Selling Shareholders. For details in relation to the sharing of Offer expenses amongst our Company and each of the Selling Shareholders, see “*Objects of the Offer – Offer expenses*” on page 118.

#### Ranking of the Equity Shares

The Equity Shares being offered and Allotted/ transferred pursuant to the Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SCRA, SCRR, MoA and AoA and shall rank *pari passu* with the existing Equity Shares in all respects including voting, right to receive dividends and other corporate benefits, if any, declared by our Company after the date of Allotment. For further details, see “*Description of Equity Shares and Terms of the Articles of Association*” on page 422.

#### Mode of Payment of Dividend

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of the Companies Act, the Memorandum of Association and Articles of Association and provisions of the SEBI Listing Regulations and any other guidelines, regulations or directions which may be issued by the Government in this regard. Dividends, if any, declared by our Company after the date of Allotment, will be payable to the Bidders who have been Allotted Equity Shares in the Offer, for the entire year, in accordance with applicable laws. For further details, in relation to dividends, see “*Dividend Policy*” and “*Description of Equity Shares and Terms of the Articles of Association*” on pages 255 and 422, respectively.

#### Face Value, Offer Price, Floor Price and Price Band

The face value of each Equity Share of our Company is ₹1 and the Offer Price at the lower end of the Price Band is ₹[●] per Equity Share and at the higher end of the Price Band is ₹[●] per Equity Share. The Offer Price is ₹[●] per Equity Share. The Anchor Investor Offer Price is ₹[●] per Equity Share.

The Offer Price, Price Band and the minimum Bid Lot size for the Offer will be decided by our Company, in consultation with the BRLMs, and advertised in all editions of Financial Express, an English national daily newspaper, all editions of Jansatta, a Hindi national daily newspaper and the Mumbai edition of Navshakti, a Marathi daily newspaper (Marathi being the regional language of Maharashtra, where our Registered and Corporate Office is located), each with wide circulation, at least two Working Days prior to the Bid/ Offer Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading the same on their websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be pre-filled in the Bid cum Application Forms available on the respective websites of the Stock Exchanges. The Offer Price shall be determined by our Company, in consultation with the Book Running Lead Managers, after the Bid/ Offer Closing Date on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process.

At any given point of time, there shall be only one denomination for the Equity Shares.

#### Compliance with disclosure and accounting norms

Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

## **Rights of the Equity Shareholders**

Subject to applicable laws, rules, regulations and guidelines and the provisions of the Articles of Association, our Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person or by proxy or “e-voting”, in accordance with the provisions of the Companies Act;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation, subject to any statutory and preferential claim being satisfied;
- Right of free transferability of their Equity Shares, subject to applicable laws including any RBI rules and regulations; and
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, the SEBI Listing Regulations and the Articles of Association.

For a detailed description of the main provisions of the Articles of Association relating to voting rights, dividend, forfeiture and lien, transfer, transmission, consolidation or sub-division, see “*Description of Equity Shares and Terms of Articles of Association*” on page 422.

## **Allotment of Equity Shares only in dematerialised form**

Pursuant to Section 29 of the Companies Act, 2013, and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, and the SEBI Listing Regulation, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchanges. In this context, our Company has entered into the following agreements with the respective Depositories and Registrar to the Offer:

- Tripartite agreement dated June 13, 2025, amongst our Company, NSDL and Registrar to the Offer; and
- Tripartite agreement dated June 13, 2025, amongst our Company, CDSL and Registrar to the Offer.

For details in relation to the Basis of Allotment, see “*Offer Procedure*” on page 404.

## **Market Lot and Trading Lot**

Since trading of the Equity Shares on the Stock Exchanges is in dematerialised form, the tradable lot is one Equity Share. Allotment in the Offer will be only in dematerialised and electronic form in multiples of one Equity Share subject to a minimum Allotment of [●] Equity Shares of face value of ₹1 each. For further details on the Basis of Allotment, see “*Offer Procedure*” on page 404.

## **Joint Holders**

Subject to the provisions contained in our Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

## **Jurisdiction**

Exclusive jurisdiction for the purpose of the Offer is with the competent courts/authorities in Mumbai, Maharashtra, India.

## **Period of operation of subscription list**

See “– *Bid/ Offer Programme*” on page 397.

**The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.**

## **Nomination facility to Bidders**

In accordance with Section 72 of the Companies Act, 2013, read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the Sole Bidder, or the First Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of Sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest to the exclusion of all other persons, unless the nomination is modified or cancelled in the prescribed manner. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s),

shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A nomination may be cancelled or modified by nominating any other person in place of the present nominee, by the holder of the Equity Shares who made the nomination, by giving a notice of such cancellation or variation to our Company. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered and Corporate Office or to the Registrar and Share Transfer Agent of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by our Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board may thereafter withhold payment of all dividends, interests, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialised mode, there is no need to make a separate nomination with our Company. Nominations registered with respective Collecting Depository Participant of the Bidder would prevail. If the Bidder wants to change the nomination, they are requested to inform their respective Collecting Depository Participant.

<sup>(1)</sup> UPI mandate end time and date shall be at 5:00 pm IST on Bid/ Offer Closing Date, i.e. May 5, 2026.

\* In case of (i) any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) for cancelled/ withdrawn / deleted ASBA Forms, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher from the date on which the request for cancellation/ withdrawal/ deletion is placed in the Stock Exchanges bidding platform until the date on which the amounts are unblocked; (ii) any blocking of multiple amounts for the same ASBA Form (for amounts blocked through the UPI Mechanism), the Bidder shall be compensated at a uniform rate ₹100 per day or 15% per annum of the total cumulative blocked amount except the original application amount, whichever is higher from the date on which such multiple amounts were blocked till the date of actual unblock; (iii) any blocking of amounts more than the Bid Amount, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the difference in amount, whichever is higher from the date on which such excess amounts were blocked till the date of actual unblock; (iv) any delay in unblocking of non-allotted/ partially allotted Bids, exceeding two Working Days from the Bid/ Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher for the entire duration of delay exceeding two Working Days from the Bid/ Offer Closing Date by the SCSB responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. The post Offer BRLMs shall be liable for compensating the Bidder at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher from the date of receipt of the investor grievance until the date on which the blocked amounts are unblocked. The Bidder shall be compensated in the manner specified in the SEBI ICDR Master Circular, as partially modified by the SEBI T+3 Circular and SEBI ICDR Master Circular, which for the avoidance of doubt, shall be deemed to be incorporated in the deemed agreement of our Company with the SCSBs, to the extent applicable, issued by SEBI, and any other applicable law in case of delays in resolving investor grievances in relation to blocking/unblocking of funds. The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation in accordance with SEBI ICDR Master Circular and any subsequent circulars or notifications issued by SEBI in this regard.

**The above timetable other than the Bid/Offer Closing Date, is indicative and does not constitute any obligation or liability on our Company, any of the Selling Shareholders or the BRLMs.**

**Any circulars or notifications from the SEBI after the date of this Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the offer procedure is subject to change to any revised circulars issued by the SEBI to this effect.**

**Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within three Working Days of the Bid/Offer Closing Date or such other period as may be prescribed by SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Offer Period by our Company, in consultation with the BRLMs, revision of the**

Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges and delay in respect of final certificates from SCSBs. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. Subject to applicable law, each of the Selling Shareholders confirms that it shall extend reasonable cooperation in relation to its respective portion of the Offered Shares required by our Company and the BRLMs for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within the time period as may be prescribed by SEBI.

The Registrar to the Offer shall submit the details of cancelled/withdrawn/deleted applications to the SCSBs on daily basis within 60 minutes of the Bid closure time from the Bid/ Offer Opening Date till the Bid/Offer Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day, and submit confirmation to the BRLMs and the Registrar on the daily basis. To avoid duplication, the facility of re-initiation provided to Syndicate Members shall preferably be allowed only once per bid/batch and as deemed fit by the Stock Exchanges, after closure of the time for uploading Bids.

SEBI vide circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the post issue timeline for initial public offerings. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Offer will be made under UPI Phase III on mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023.

In terms of the UPI Circulars, in relation to the Offer, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within three Working Days from the Bid/ Offer Closing Date or such other time as may be prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

**On the Bid/ Offer Closing Date, the Bids shall be uploaded until:**

- (i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by RIBs.

On Bid/Offer Closing Date, extension of time may be granted by Stock Exchanges only for uploading Bids received RIBs, after taking into account the total number of Bids received and as reported by the BRLMs to the Stock Exchanges.

**It is clarified that Bids shall be processed only after the application monies are blocked in the ASBA Account and Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs, or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.**

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Offer Closing Date and in any case no later than 12:00 p.m. IST on the Bid/Offer Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot

be uploaded will not be considered for allocation under the Offer. Bids and any revision in Bids will be accepted only during Working Days during the Bid/ Offer Period and revision shall not be accepted on Saturdays and public holidays. The Designated Intermediaries shall modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period till 5.00 pm on the Bid/Offer Closing Date after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing. Bidders may please note that as per letter no. List/SMD/SM/2006 dated July 3, 2006 and letter no. NSE/IPO/25101-6 dated July 6, 2006 issued by BSE and NSE, respectively. Bids by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges.

Our Company, in consultation with the BRLMs reserves the right to revise the Price Band during the Bid/Offer Period, in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly but the Floor Price shall not be less than the face value of the Equity Shares. In all circumstances, the Cap Price shall be at least 105% of the Floor Price and less than or equal to 120% of the Floor Price.

**In case of revision in the Price Band, the Bid/Offer Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Offer Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company, in consultation with the BRLMs, for reasons to be recorded in writing, may extend the Bid/Offer Period for a minimum of one Working Day, subject to the Bid/ Offer Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public announcement and also by indicating the change on the respective websites of the BRLMs and at the terminals of the Syndicate Members and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.**

In case of discrepancy in data entered in the electronic book vis-vis data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

#### **Minimum Subscription**

The requirement of minimum subscription is not applicable to the Offer for Sale in accordance with the SEBI ICDR Regulations. In the event our Company does not receive (i) the minimum subscription of 90% of the Fresh Issue, on the Bid/ Offer Closing Date; or (ii) minimum subscription in the Offer as specified under Rule 19(2)(b) of the SCRR, including through devolvement of Underwriters, if any, in accordance with applicable law, or if the subscription level falls below the thresholds mentioned above after the Bid/Offer Closing Date, on account of withdrawal of applications or after technical rejections, or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares being issued or offered under this Red Herring Prospectus, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI ICDR Master Circular. If there is a delay beyond two days after our Company becomes liable to pay the amount, our Company and our Directors, who are officers in default, shall pay interest at the rate of 15% per annum.

However, in the event of under-subscription in the Offer, subject to receiving minimum subscription for 90% of the Fresh Issue and compliance with Rule 19(2)(b) of the SCRR, the Allotment shall be: (i) first made towards the Fresh Issue to the extent of 90% of the subscription of the Fresh Issue; (ii) upon achieving (i) above, the Offered Shares held by the Selling Shareholders will first be Allotted (in proportion to the Offered Shares being offered by each Selling Shareholder); and (iii) once Equity Shares have been allotted as per (i) and (ii), then such number of Equity Shares will be Allotted by the Company towards the balance 10% of the Fresh Issue.

Each Selling Shareholder shall reimburse, severally and not jointly, and only to the extent of the Equity Shares offered by such Selling Shareholder in the Offer, any expenses and interest incurred by our Company on behalf of such Selling Shareholder for any delays in making refunds as required under the Companies Act and any other applicable law, provided that such Selling Shareholder shall not be responsible or liable for payment of such expenses or interest, unless such delay is solely and directly attributable to an act or omission of such Selling Shareholder in relation to its respective portion of the Offered Shares.

Further, in terms of Regulation 49(1) of the SEBI ICDR Regulations, our Company shall ensure that the number of Bidders to whom the Equity Shares will be Allotted will be not less than 1,000.

No liability to make any payment of interest or expenses shall accrue to any Selling Shareholder unless the delay in making any of the payments/refund hereunder or the delay in obtaining listing or trading approvals or any other approvals in relation to the Offer is caused solely by, and is directly attributable to, an act or omission of such Selling Shareholder and to the extent of its respective portion of the Offered Shares.

## **Arrangements for Disposal of Odd Lots**

There are no arrangements for disposal of odd lots since our Equity Shares will be traded in dematerialised form only and market lot for our Equity Shares will be one Equity Share.

## **Withdrawal of the Offer**

The Offer shall be withdrawn in the event the requirement of the minimum subscription as prescribed under Regulation 45 of the SEBI ICDR Regulations is not fulfilled. Our Company, in consultation with the BRLMs, reserves the right not to proceed with the Fresh Issue and each of the Selling Shareholders, reserve the right not to proceed with the Offer for Sale, in whole or in part thereof, to the extent of the Offered Shares, after the Bid/ Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Offer advertisements were published, within two days of the Bid/ Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer and inform the Stock Exchanges promptly on which the Equity Shares are proposed to be listed. The BRLMs, through the Registrar to the Offer, shall notify the SCSBs and the Sponsor Banks (in case of UPI Bidders), to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification and also inform the Bankers to the Offer to process refunds to the Anchor Investors, as the case may be. The notice of withdrawal will be issued in the same newspapers where the pre-Offer advertisements have appeared, and the Stock Exchanges will also be informed promptly. In terms of the UPI Circulars, in relation to the Offer, the BRLMs will submit reports of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. Further, in case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Bid/ Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher, for the entire duration of delay exceeding two Working Days from the Bid/ Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

If our Company, in consultation with the BRLMs withdraws the Offer after the Bid/ Offer Closing Date and thereafter determines that it will proceed with a public offering of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI. Notwithstanding the foregoing, the Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) the filing of the Prospectus with the RoC.

## **Restrictions, if any on transfer and transmission of Equity Shares**

Except for lock-in of the pre-Offer capital of our Company, lock-in of our Promoters' minimum contribution under the SEBI ICDR Regulations and the Anchor Investor lock-in as provided in "*Capital Structure*" on page 78 and except as provided under the Articles of Association and under SEBI ICDR Regulations, there are no restrictions on transfer of the Equity Shares. Further, there are no restrictions on transmission of any shares of our Company and on their consolidation or splitting, except as provided in the Articles of Association. For details, see "*Description of Equity Shares and Terms of Articles of Association*" on page 422.

## **New financial instruments**

Our Company is not issuing any new financial instruments through this Offer.

## **Option to receive Equity Shares in Dematerialized Form**

Allotment of Equity Shares to successful Bidders will only be in the dematerialized form. Bidders will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only in the dematerialized segment of the Stock Exchanges.

## OFFER PROCEDURE

All Bidders should read the General Information Document for investing in public offers prepared and issued in accordance with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars (the "General Information Document") which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the Abridged Prospectus. The General Information Document is available on the websites of the Stock Exchanges and the BRLMs. Please refer to the relevant provisions of the General Information Document which are applicable to the Offer, including in relation to the process for Bids by UPI Bidders. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Offer; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders/Applicants; (v) issuance of CAN and Allotment in the Offer; (vi) general instructions (limited to instructions for completing the Bid cum Application Form); (vii) submission of Bid cum Application Form; (viii) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (ix) applicable provisions of the Companies Act, 2013 relating to punishment for fictitious applications; (x) mode of making refunds; (xi) Designated Date; (xii) disposal of applications; and (xiii) interest in case of delay in Allotment or refund.

The SEBI by its circular no. read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 (read with SEBI ICDR Master Circular), has introduced an alternate payment mechanism using Unified Payments Interface ("UPI") and consequent reduction in timelines for listing in a phased manner. Further, SEBI by the SEBI ICDR Master Circular has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. The provisions of these circulars are deemed to form part of this Red Herring Prospectus. Furthermore, pursuant to the SEBI ICDR Master Circular, all individual bidders in initial public offerings whose application sizes are up to ₹500,000 shall use the UPI Mechanism.

Pursuant to the SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, read with SEBI ICDR Master Circular, the time period for listing of equity shares pursuant to a public issue has been reduced from six Working Days to three Working Days, and as a result, the final reduced timeline of T+3 days has been made effective using the UPI Mechanism for applications by UPI Bidders ("UPI Phase III"). Accordingly, this Offer will be undertaken pursuant to the processes and procedures prescribed under the UPI Phase III on a mandatory basis, subject to any circulars, clarifications or notifications which may be issued by the SEBI from time to time.

Pursuant to SEBI ICDR Master Circular, applications made using the ASBA facility in initial public offerings shall be processed by the Registrar along with the SCSBs only after application monies are blocked in the bank accounts of investors (all categories). Accordingly, Stock Exchanges shall, for all categories of investors and other reserved categories and also for all modes through which the applications are processed, accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked.

In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI ICDR Master Circular shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated, in accordance with applicable law, at a uniform rate of ₹100 per day or 15% per annum of the application amount for the entire duration of delay exceeding two Working Days from the Bid/Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, Bidders shall be entitled to compensation in the manner specified in the SEBI ICDR Master Circular and SEBI RTA Master Circular, in case of delays in resolving investor grievances in relation blocking/unblocking of funds.

Our Company, any of the Selling Shareholders and the BRLMs, members of the Syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the GID and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Red Herring Prospectus and the Prospectus, when filed.

Further, our Company, any of the Selling Shareholders and the Members of the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Offer.

## Book Building Procedure

This Offer is being made in terms of Rule 19(2)(b) of the SCRR read with Regulation 31 of the SEBI ICDR Regulations. The Offer is being made through the Book Building Process and is in compliance with Regulation 6(1) of the SEBI ICDR Regulations, wherein in terms of Regulation 32(1) of the SEBI ICDR Regulations, not more than 50% of the Offer shall be allocated on a proportionate basis to QIBs, provided that our Company, in consultation with the BRLMs, may allocate up to 60% of the QIB Portion to Anchor Investors at the Anchor Investor Allocation Price on a discretionary basis in accordance with the SEBI ICDR Regulations, of which up to 40% of the Anchor Investor Portion shall be reserved in the following manner: (a) up to 33.33% shall be reserved for domestic Mutual Funds; and (b) up to 6.67% shall be reserved for Life Insurance Companies and Pension Funds, subject to valid Bids being received from domestic Mutual Funds, Life Insurance Companies and Pension Funds at or above the Anchor Investor Allocation Price, in accordance with the SEBI ICDR Regulations. In the event of under-subscription in the Anchor Investor Portion reserved for Life Insurance Companies and Pension Funds, the unsubscribed portion shall be available for allocation to domestic Mutual Funds. In the event of under-subscription, or non-allotment in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, subject to availability of Equity Shares in the respective categories, not less than 15% of the Offer shall be available for allocation to Non-Institutional Bidders out of which (a) one third of such portion shall be reserved for applicants with application size of more than ₹200,000 and up to ₹1,000,000; and (b) two third of such portion shall be reserved for applicants with application size of more than ₹1,000,000, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Bidders and not less than 35% of the Offer shall be available for allocation to RIBs in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price.

Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company, in consultation with the BRLMs, and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Offer Price. Under-subscription, if any, in the QIB Portion, would not be allowed to be met with spill-over from any other category or a combination of categories.

Bidders must ensure that their PAN is linked with Aadhaar and are in compliance with CBDT notification dated February 13, 2020, and press release dated June 25, 2021 and September 17, 2021, CBDT Circular no. 7 of 2022, dated March 30, 2022, read with press release dated March 28, 2023, read with subsequent circulars issued in relation thereto.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchanges.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN and UPI ID (for UPI Bidders), shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Offer, subject to applicable laws.

## Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of, *inter alia*, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. SEBI by way of its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, read with the SEBI ICDR Master Circular, has reduced the time period for listing of equity shares pursuant to a public issue from six Working Days to three Working Days. This Offer will be undertaken pursuant to the processes and procedures prescribed under UPI Phase III, on a mandatory basis, subject to any circulars, clarifications or notifications which may be issued by the SEBI.

Pursuant to the SEBI ICDR Master Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the SEBI ICDR Master Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalized under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as BRLMs will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make applications using

UPI. Our Company will be required to appoint Sponsor Banks to act as conduits between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the UPI Bidders using the UPI. Further, pursuant to the SEBI ICDR Master Circular, all individual investors applying in public issues where the application amount is up to ₹500,000 shall use UPI and shall also provide their UPI ID in the Bid cum Application Form submitted with any of the entities mentioned herein below:

- a) syndicate member;
- b) a stock broker recognised with a registered stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);
- c) a depository participant (whose name is mentioned on the website of the stock exchange as eligible for this activity); and
- d) a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity)

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI ICDR Master Circular in a format as prescribed by SEBI, from time to time. Further, in accordance with the SEBI ICDR Master Circular, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

For further details, refer to the “*General Information Document*” available on the websites of the Stock Exchanges and the BRLMs.

### **Bid cum Application Form**

Copies of the Bid cum Application Form (other than for Anchor Investors), which include a QR code and link to access the Red Herring Prospectus, the Abridged Prospectus and the Price Band advertisement, will be available with the Designated Intermediaries at the Bidding Centres, and our Registered and Corporate Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of the Stock Exchanges ([www.nseindia.com](http://www.nseindia.com) and [www.bseindia.com](http://www.bseindia.com)) at least one day prior to the Bid/ Offer Opening Date.

Copies of the Anchor Investor Application Form will be available at the offices of the BRLMs.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Offer only through the ASBA process, which shall include the UPI Mechanism in case of UPI Bidders. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

UPI Bidders must provide the valid UPI ID in the relevant space provided in the Bid cum Application Form and the Bid cum Application Forms that do not contain the UPI ID are liable to be rejected.

ASBA Bidders must provide either (i) the bank account details and authorisation to block funds in their respective ASBA Accounts, or (ii) the UPI ID, as applicable in the relevant space provided in the ASBA Form. The ASBA Forms that do not contain such details are liable to be rejected.

Since the Offer is made under Phase III of the UPI Circulars, ASBA Bidders may submit the ASBA Form in the manner below:

- (i) UPI Bidders using UPI Mechanism may submit their ASBA Forms with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (ii) QIBs and Non-Institutional Bidders (other than Non-Institutional Bidders using UPI Mechanism) may submit their ASBA Forms with SCSBs, Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs.

For all IPOs opening on or after September 1, 2022, as specified in SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, all the ASBA applications in public issues shall be processed only after the application monies are blocked in the investor’s bank accounts. Stock Exchanges shall accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked. The circular is applicable for all categories of investors viz. Retail, QIB and NIB and also for all modes through which the applications are processed.

The ASBA Bidders, including UPI Bidders, shall ensure that they have sufficient balance in their bank accounts to be blocked through ASBA for their respective Bid as the application made by a Bidder shall only be processed after the Bid amount is blocked in the ASBA account of the Bidder pursuant to SEBI circular number SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, which shall be effective from September 1, 2022.

ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted

at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. UPI Bidders, may submit their ASBA Forms, including details of their UPI IDs, with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs. RIBs authorising an SCSB to block the Bid Amount in the ASBA Account may submit their ASBA Forms with the SCSBs (except UPI Bidders). ASBA Bidders must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked by the SCSB or the Sponsor Bank(s), as applicable at the time of submitting the Bid.

UPI Bidders bidding through UPI Mechanism must provide the UPI ID in the relevant space provided in the Bid cum Application Form.

Anchor Investors are not permitted to participate in the Offer through the ASBA process. For Anchor Investors, the Anchor Investor Application Form will be available with the BRLMs.

The prescribed colour of the Bid cum Application Form for the various categories is as follows:

Category	Colour of Bid cum Application Form*
Resident Indians, including resident QIBs, Non-Institutional Bidders, Retail Individual Bidders and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents including Eligible NRIs, FPIs or FVCIs registered multilateral and bilateral development financial institutions applying on a repatriation basis	Blue
Anchor Investors	White

\* Excluding electronic Bid cum Application Forms

Notes:

(1) Electronic Bid cum Application forms and the Abridged Prospectus will also be available for download on the websites of the Stock Exchanges ([www.nseindia.com](http://www.nseindia.com) and [www.bseindia.com](http://www.bseindia.com)).

(2) Bid cum Application Forms for Anchor Investors shall be available at the offices of the BRLMs.

In case of ASBA forms, the relevant Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges and the Stock Exchanges validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. The Stock Exchanges shall accept the ASBA applications in their electronic bidding system only with a mandatory confirmation on application monies blocked. For UPI Bidders, the Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For UPI Bidders using UPI Mechanism, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Banks on a continuous basis through API integration to enable the Sponsor Banks to initiate UPI Mandate Request to RIBs for blocking of funds. The Sponsor Banks shall initiate request for blocking of funds through NPCI to UPI Bidders, who shall accept the UPI mandate request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. In accordance with BSE Circular No: 20220803-40 and NSE Circular No: 25/2022, each dated August 3, 2022, for all pending UPI Mandate Requests, the Sponsor Banks shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm on the Bid/Offer Closing Date (“**Cut-Off Time**”). Accordingly, UPI Bidders Bidding using through the UPI Mechanism should accept UPI mandate requests for blocking of funds prior to the Cut-Off Time and all pending UPI mandate requests at the Cut-Off Time shall lapse. For ensuring timely information to Bidders, SCSBs shall send SMS alerts as specified in SEBI ICDR Master Circular. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Banks, NPCI or the bankers to an issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the bankers to an issue.

The Sponsor Banks and Bankers to the Offer shall provide the audit trail to the Book Running Lead Managers for analysing the same and fixing liability. For ensuring timely information to investors, SCSBs shall send SMS alerts as specified in circulars prescribed by SEBI, from time to time.

The processing fees for applications made by the UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such SCSBs provide a written confirmation in compliance with the SEBI ICDR Master Circular, in a format prescribed by SEBI or applicable law.

Pursuant to NSE circular dated August 3, 2022, the following is applicable to all initial public offers opening on or after September 1, 2022:

### **Electronic registration of Bids**

- a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the Offer, subject to applicable laws.
- b) On the Bid/Offer Closing Date, the Designated Intermediaries may upload the Bids until such time as may be permitted by the Stock Exchanges and as disclosed in this Red Herring Prospectus.
- c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given until 5:00 pm IST for Retail Individual Bidders and 4:00 pm for Non-Institutional Bidders and QIBs, on the Bid/Offer Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing.
- d) QIBs and Non-Institutional Bidders can neither revise their bids downwards nor cancel/withdraw their bids.

### **Participation by the BRLMs and the Syndicate Members**

The BRLMs and the Syndicate Members shall not be allowed to purchase Equity Shares in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLMs and the Syndicate Members may Bid for Equity Shares in the Offer, either in the QIB Portion or in the Non-Institutional Portion as may be applicable to such Bidders, where the allocation is on a proportionate basis or in any other manner as introduced under applicable laws and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the BRLMs and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

The BRLMs or any associates of the BRLMs (except Mutual Funds sponsored by entities which are associates of the BRLMs or insurance companies promoted by entities which are associate of BRLMs or AIFs sponsored by the entities which are associate of the BRLMs or FPIs other than individuals, corporate bodies and family offices which are associates of the BRLMs) or pension funds sponsored by entities which are associates of the BRLMs shall not apply in the Offer under the Anchor Investor Portion.

Further, an Anchor Investor shall be deemed to be an associate of the BRLMs, if: (a) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or (b) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or (c) there is a common director, excluding a nominee director, amongst the Anchor Investor and the BRLMs.

### **Bids by Mutual Funds**

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Managers reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

### **Bids by Eligible Non-resident Indians (“NRIs”)**

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (blue in colour). Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment.

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their respective SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders) to block their Non-Resident External (“NRE”) accounts, or FCNR accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorize their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Eligible NRIs applying on a non-repatriation basis in the Offer through the UPI Mechanism are advised to enquire with their relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form.

Participation of Eligible NRIs in the Offer shall be subject to compliance with the FEMA NDI Rules. In accordance with the FEMA NDI Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up Equity Share capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Offer through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Offer, provided the UPI facility is enabled for their NRE/ NRO accounts.

For further details of restrictions on investment by NRIs, see “*Restrictions on Foreign Ownership of Indian Securities*” on page 421.

Participation of Eligible NRIs in the Offer shall be subject to the FEMA NDI Rules. Only Bids accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

### **Bids by HUFs**

Bids by Hindu Undivided Families or HUFs should be made, in the individual name of the *Karta*. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *Karta*”. Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

### **Bids by FPIs**

An FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognised stock exchange in India, and/or may purchase or sell securities other than equity instruments.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of our total paid-up Equity Share capital on a fully diluted basis. Further, in terms of the FEMA NDI Rules, the total holding by each FPI (or a group) shall be less than 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis and the aggregate limit for FPI investments shall be sectoral caps applicable to our Company, which is 100% of the total paid-up Equity Share capital of our Company on a fully diluted basis.

In terms of the FEMA Non-debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Offer are advised to use the Bid cum Application Form for Non-Residents (blue in colour).

As specified in the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“**MIM Structure**”), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids are liable to be rejected. Further, in the following cases, the bids by FPIs will not be considered as multiple Bids: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments (“**ODI**”) which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

To ensure compliance with the above requirement, SEBI, pursuant to its master circular for foreign portfolio investors, designated depository participants and eligible foreign investors with reference number SEBI/HO/AFD/AFD-PoD/P/CIR/2024/70 dated May 30, 2024 and the SEBI RTA Master Circular, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Offer to ensure there is no breach of the investment limit, within the timelines for issue procedure, as prescribed by SEBI from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to *inter alia* the following conditions:

- (a) such offshore derivative instruments are transferred only to persons in accordance with Regulation 21(1) of the SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Offer shall be subject to the FEMA NDI Rules.

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder should not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure shall be aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in this Red Herring Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form “*exceeds the Offer size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of this Red Herring Prospectus.*”

For example, an FPI must ensure that any Bid by a single FPI and/ or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the “**FPI Group**”) shall be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/ or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments) for 10% or more of our total paid-up post Offer Equity Share capital shall be liable to be rejected.

## **Bids under Power of Attorney**

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹250 million and pension funds with a minimum corpus of ₹ 250 million, registered with the Pension Fund Regulatory and Development Authority established under sub-section (1) of section 3 of the Pension Fund Regulatory and Development Authority Act, 2013 (in each case, subject to applicable law and in accordance with their respective constitutional documents), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable must be lodged along with the Bid cum Application Form. Failing this, our Company and the Selling Shareholders reserve the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof.

Our Company, in consultation with the BRLMs in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

## **Bids by SEBI registered VCFs, AIFs and FVCIs**

The SEBI FVCI Regulations as amended, *inter alia*, prescribe the investment restrictions on VCFs, and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, subject to FEMA NDI Rules, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in public offerings.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in an investee company directly or through investment in the units of other AIF. A Category III AIFs cannot invest more than 10% of the investible funds in an investee company directly or through investment in the units of other AIF. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Participation of VCFs, AIFs or FVCIs in the Offer shall be subject to the FEMA NDI Rules.

**All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.**

Our Company, any of the Selling Shareholders, severally and not jointly, and the Book Running Lead Managers will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

## **Bids by Limited Liability Partnerships**

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs reserve the right to reject any Bid without assigning any reason thereof.

## **Bids by banking companies**

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the BRLMs reserves the right to reject any Bid without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended ("**Banking Regulation Act**"). and the Master Direction - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the banking company's own paid-up share capital and reserves, whichever is less. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial and non-financial services company cannot exceed 20% of the bank's paid-up share capital and reserves.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company, subject to prior approval of the RBI, if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; (ii) the additional acquisition is

through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company; (iii) hold along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above.

Further, the aggregate investment by a banking company in all its subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments, cannot exceed 20% of the banking company's paid up share capital and reserves.

The banking company is required to submit a time-bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make investment in a (i) subsidiary or a financial services company that is not a subsidiary (with certain exceptions prescribed); and (ii) non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in para 5(a)(v)(c)(i) of the Master Direction - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

### **Bids by SCSBs**

SCSBs participating in the Offer are required to comply with the terms of the circulars bearing numbers CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013 dated September 13, 2012 and January 2, 2013, respectively, issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

### **Bids by Insurance Companies**

## RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Foreign investment is permitted (except in the prohibited sectors) in Indian companies, either through the automatic route or the approval route, depending upon the sector in which foreign investment is sought to be made. The Government of India makes policy announcements on FDI through press notes and press releases. The regulatory framework, over a period of time, thus, consists of acts, regulations, press notes, press releases, and clarifications among other amendments. The DPIIT (formerly Department of Industrial Policy & Promotion) issued the Consolidated FDI Policy Circular dated October 15, 2020, with effect from October 15, 2020 (the “**FDI Policy**”), which consolidates and supersedes all previous press note, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020.

In terms of Press Note 3 of 2020, dated April 17, 2020 (“**Press Note**”), issued by the DPIIT, the FDI Policy and the FEMA (Non-debt Instruments) Rules has been amended to state that all investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Subsequently, *vide* Press Note No. 2 (2026 Series), dated March 15, 2026 issued by the DPIIT, the FDI Policy has been further amended to, *inter alia*, define the expression “beneficial owner” and to provide that prior approval of the Government of India shall be required only where citizen(s) and/or entity(ies) of a country sharing a land border with India hold, directly or indirectly, individually or cumulatively, more than 10% of the shares, capital or profits of the investor entity, or exercise control over such investor entity, or exercise ultimate effective control over the investee entity. The amendments under Press Note No. 2 (2026 Series) shall come into effect from the date of notification of the corresponding amendments to the FEMA (Non-debt Instruments) Rules which is awaited as on the date of this Red Herring Prospectus. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Further, in accordance with the amendment to the Companies (Share Capital and Debentures) Rules, 2014 *vide* notification dated May 4, 2022 issued by Ministry of Corporate Affairs, a declaration shall be inserted in the share transfer form stipulating whether government approval shall be required to be obtained under Foreign Exchange Management (Non-debt Instruments) Rules, 2019 prior to transfer of shares, as applicable. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

For details of the aggregate limit for investments by NRIs and FPIs in our Company, see “*Offer Procedure – Bids by Eligible Non-resident Indians (“NRIs”)*” and “*Offer Procedure – Bids by FPIs*” on pages 408 and 409, respectively. As per the existing policy of the Government of India, OCBs cannot participate in this Offer.

**The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in “offshore transactions” as defined in and in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.**

**The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.**

The above information is given for the benefit of the Bidders. Our Company, each of the Selling Shareholders and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

## SECTION VIII: DESCRIPTION OF EQUITY SHARES AND TERMS OF THE ARTICLES OF ASSOCIATION

1. *The Articles of Association have been approved pursuant to the provisions of Section 14 of the Companies Act, 2013 and by a special resolution passed at the Extraordinary General Meeting of our Company held on July 31, 2025. The Articles of Association have been adopted as the Articles of Association in substitution for and to the exclusion of all the existing Articles thereof. The Articles of Association include two parts, Part A and Part B, which parts shall, unless the context otherwise requires, co-exist with each other until the date of listing of the Equity Shares or an earlier date as may be prescribed or suggested by SEBI in connection with the Offer (such date being the “Event”).*
2. *In case of any inconsistency or contradiction, conflict or overlap between Part A and Part B, the provisions of Part B shall prevail and be applicable until the Event. All articles of Part B shall automatically terminate and cease to have any force and effect from the Event and the provisions of Part A shall continue to be in effect and be in force, without any further corporate or other action, by our Company or by its shareholders. No material clause of the Articles of Association that has bearing on the Offer and on the disclosure in this Red Herring Prospectus has been excluded.*

#### **SHARE CAPITAL AND VARIATION OF RIGHTS**

- 4. The authorised share capital of the Company is as stated in Clause V of the Memorandum of Association of the Company, with the power to increase its capital, to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential, deferred, qualified or special rights, privileges or conditions as may be determined by or in accordance with the Articles and to vary, modify or commute or abrogate any such rights, privileges or conditions only in such manner as may for the time being be provided by these Articles or the Act. The rights of the shareholders shall be determined at the time of issue thereof.
- 5. Any shares of the original or increased capital may, from time to time, be issued with any such guarantee or any right of preference, whether in respect of dividend or of repayment of capital or both or any such other special privilege or advantage over any shares previously issued or then about to be issued or with such deferred or qualified rights as compared with any shares previously issued or subject to any such approvals or conditions and with any special right or limited right or without any right of voting and generally on such terms as the Company may, from time to time, determine.
- 6. Subject to the provisions of the Act and these Articles, the shares in the capital of the Company shall be under the control of the Board who may issue, allot, or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with the provisions of the Act) and at such time as they may from time to time think fit and with the sanction of the Company in a General Meeting to give to any person or persons the option or right to call for any shares either at par or premium during such time and for such consideration as the Board deems fit, and may issue and allot shares in the capital of the Company on payment in full or part of any property sold or transferred or for any services rendered by the Company in the conduct of its business and any shares which may so be allotted may be issued as fully paid shares and if so issued, shall be deemed to be fully paid shares. Provided that option or right to call shares shall not be given to the person or persons without the sanction of the Company in the General Meeting.
- 7. Except as required by law, no person shall be recognized by the Company as holding any share upon any trust, and the Company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future, or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these Articles or by applicable law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
- 8. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of Section 48 of the Act and whether or not the Company is being wound up, be varied with consent in writing of the holders of 3/4th (three-fourths) of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.  
  
(ii) To every such separate Meeting, the provisions of these Articles relating to General Meetings shall *mutatis mutandis* apply, but so that the necessary quorum shall be at least two persons holding at least 1/3rd (one-third) of the issued shares

of the class in question.

- 8.1. Subject to the provisions of the Act and other applicable Laws, the Company may at any time pay a commission to any person for subscribing or agreeing to subscribe (whether absolutely or conditionally) to any Shares or Debentures of the Company or underwriting or procuring or agreeing to procure subscriptions (whether absolute or conditional) for Shares or Debentures of the Company, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the Act and the Rules.
- 8.2. The rate or amount of the commission shall not exceed the rate or amount prescribed in the Act.
- 8.3. The Company may also, in any issue, pay such brokerage as may be lawful.

The commission may be satisfied by the payment of cash or the allotment of fully or partly paid Shares or partly in the one way and partly in the other in accordance with applicable Law.

9. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.
10. Where at any time, it is proposed to increase the subscribed capital of the Company by allotment of further shares, whether out of unissued share capital or out of increased share capital, then: (a) such further shares shall be offered to the persons who, at the date of the offer, are holders of the equity shares of the Company, in proportion, as nearly as circumstances admit, to the capital paid up on these shares at that date; (b) Such offer shall be made by notice specifying the number of shares offered and limiting a time not being less than fifteen days or such lesser number of days as may be prescribed and not exceeding thirty days from the date of the offer within which the offer, if not accepted, shall be deemed to have been declined; (c) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to them in favour of any other person and the notice as aforesaid shall contain a statement of this right; provided that the directors may decline, giving reasons for refusal to allot any shares to any person in whose favour any member may renounce the shares offered to him (d) After the expiry of the time specified in the notice aforesaid or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner which is not disadvantageous to the members and the Company; (e) employees under a scheme of employees' stock option, subject to special resolution passed by the Company and subject to such conditions as may be prescribed under the Act and other applicable laws; or (e) any persons, whether or not those persons include the persons referred to above, either for cash or for a consideration other than cash, if the price of such Shares is determined by the valuation report of a registered valuer, subject to compliance with the applicable provisions of Chapter III of the Act and any other conditions as may be prescribed, if a special resolution to this effect is passed by the Company in a general meeting. Notwithstanding anything contained in the preceding sub-clause, the Company may by an ordinary or a special resolution (as may be prescribed under the Act) make a preferential issue of securities (including debentures) to any person, whether such person is a member of the Company or not.
11. Subject to the provisions of the Act, the Company shall have the power, by means of a special resolution to be passed at a General Meeting of the Company, to issue sweat equity shares of a class of shares already issued.
12. Subject to the provisions of Section 55 and other applicable provisions of the Act, any preference shares may be issued on the terms that they are to be redeemed on such terms and in such manner as the Company before the issue of the shares may, by special resolution, determine.

#### **DEMATERIALIZATION OF SHARES**

13. Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialize its shares and to offer shares in a dematerialized form pursuant to the Depositories Act.
14. Notwithstanding anything contained in these Articles, and subject to the provisions of law for the time being in force, the Company shall on a request made by a Beneficial Owner, re-materialize the shares, which are in dematerialized form.
15. Subject to the provisions of the Act, either the Company or the investor may exercise an option to issue (in case of the Company only), deal in, hold the securities (including shares) with a Depository in electronic form and the certificates in respect thereof shall be dematerialized, in which event, the rights and obligations of the parties concerned and matters connected therewith or incidental thereof shall be governed by the provisions of the Depositories Act as amended from time to time or any statutory modification(s) thereto or re-enactment thereof, the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 and other applicable law.

16. Every person subscribing to the shares offered by the Company shall have the option to receive share certificates or to hold the shares with a depository. Such a person who is the Beneficial Owner of the shares can at any time opt out of a depository, if permitted by the law, in respect of any shares in the manner provided by the Depositories Act and the Company shall in the manner and within the time prescribed, issue to the Beneficial Owner the required certificate of shares. If a person opts to hold his shares with a depository, the Company shall intimate such depository the details of allotment of the share, and on receipt of the information, the depository shall enter in its record the name of the allottee as the Beneficial Owner of the share.
17. All shares held by a depository shall be dematerialized and shall be in a fungible form.
18. (i) Notwithstanding anything to the contrary contained in the Act or these Articles, a depository shall be deemed to be the registered owner for the purposes of effecting any transfer of ownership of shares on behalf of the Beneficial Owners.  
  
(ii) Save as otherwise provided in 18(i) above, the depository as the registered owner of the shares shall not have any voting rights or any other rights in respect of shares held by it.  
  
(iii) Every person holding shares of the Company and whose name is entered as the Beneficial Owner in the records of the depository shall be deemed to be the owner of such shares and shall also be deemed to be the member of the Company. The Beneficial Owner of the Shares shall be entitled to all the liabilities in respect of his shares which are held by a depository.
19. The Company shall cause to be kept a register and index of members in accordance with all applicable provisions of the Companies Act and the Depositories Act with details of securities held in materialised and dematerialised forms in any media as may be permitted by law including any form of electronic media. The register and index of Beneficial Owner maintained by a Depository under the Depositories Act shall be deemed to be a register and index of members for the purposes of the Act. The Company shall have the power to keep in any state or country outside India, a register of members, resident in that state or country. Notwithstanding anything in the Act or these Articles to the contrary, where shares are held in a depository, the records of the beneficial ownership may be served by such depository on the Company by means of electronic mode or by delivery of floppies or disks or any other mode as prescribed by law from time to time.
20. Nothing contained in these Articles (pertaining to production of instrument of transfer for transfer of securities and related matters) shall apply to a transfer of securities effected by a transferor and transferee both of who are entered as Beneficial Owners in the records of a depository.
21. Notwithstanding anything in the Act or these Articles, where securities are dealt with by a depository, the Company shall intimate the details thereof to the depository immediately on allotment of such securities.
22. Nothing contained in the Act or these Articles regarding the necessity to have distinctive numbers for securities issued by the Company shall apply to securities held with a depository.

#### **ISSUE OF CERTIFICATES**

Every Member shall be entitled, without payment, to one or more certificates in marketable lots, for all the shares of each class or denomination registered in his name, or if the Directors so approve (upon paying such fee as the Directors so determine) to several certificates, each for one or more of such shares and the Company shall complete and have ready for delivery such certificates, unless prohibited by any provision of law or any order of court, tribunal or other authority having jurisdiction, or within two (2) months from the date of allotment, or within one (1) month of the receipt of application of registration of transfer, transmission, sub division, consolidation or renewal of any of its shares as the case maybe or within such other period as any other legislation for time being in force may provide or within a period of six (6) months from the date of allotment in the case of any allotment of debenture or within such other period as any other legislation for time being in force may provide. In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one (1) certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such joint holders.

23. Every certificate of shares shall be under the seal of the Company. Every certificate shall specify the number of shares in respect of which it is issued, the amount paid-up thereon and shall be signed by two (2) directors or by a director and the company secretary, wherever the company has appointed a company secretary and the common seal, if any, shall be affixed in the presence of the persons required to sign the certificate.

#### **ISSUE OF DUPLICATE CERTIFICATE IN PLACE OF ONE DEFACED, LOST OR DESTROYED**

24. If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the Company, a duplicate certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deem adequate, a duplicate certificate in lieu thereof shall be given. Every certificate under this Article shall be issued without payment of such fees, or on payment of such fees for each certificate in accordance with the law applicable at that time and as the Directors shall prescribe. Provided that no fee shall be charged for issue of duplicate certificates in replacement of those which are old, defaced or worn out or where there is not further space on the back thereof for endorsement of transfer or in case of sub-division or consolidation of shares. Provided that notwithstanding what is stated above, the Directors shall comply with such rules or regulation or requirements of any stock exchange or the rules made under the Act or the rules made under Securities Contracts (Regulation) Act, 1956 or any other act or rules applicable in this behalf.

The provision of this Article shall *mutatis mutandis* apply to debentures of the Company.

#### **SHARES AT THE DISPOSAL OF THE BOARD OF DIRECTORS**

Subject to the provisions of the Act and these Articles, the shares in the capital of the Company for the time being shall be under the control of the Board of Directors who may by sending a letter of offer, issue, allot or otherwise dispose of all or any of such shares to such person(s) or employees (under ESOP scheme passed by Special Resolution), in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit and, with the sanction of the Company in General Meeting, give to any person(s) or employees the option or right to call for any shares either at par or premium during such time and for such consideration as the Board of Directors think fit, and may issue and allot shares in the capital of the Company on payment in full or part of any property sold and transferred or for any services rendered to the Company in the conduct of its business and any shares which may so be allotted may be issued as fully paid up shares and if so issued, shall be deemed to be fully paid shares. As regards all allotments, from time to time made, the Directors shall duly comply with the Act, as the case may be.

#### **TERMS OF ISSUE OF DEBENTURES**

25. Any debentures, debenture stock or other securities may be issued at a discount, premium or otherwise and may be issued on condition that they shall be convertible into shares of any denomination, and with any privileges and conditions as to redemption, surrender, drawing, allotment of shares and attending (but not voting) at General Meetings, appointment of Directors and otherwise; debentures with the right to conversion into or allotment of shares shall be issued only with the consent of the Company in General Meeting accorded by a special resolution.

#### **TRANSFER AND TRANSMISSION OF SHARES**

26. The Company, by itself or through its registrar and share transfer agent, shall keep a "Register of Transfers" and therein shall be fairly and distinctly entered particulars of every transfer or transmission of any shares. The Company shall also use a common form of transfer.

Transfer of shares

- (i) The members of the Company shall transfer securities only in a dematerialized form;
- (ii) No fee shall be charged for registration of transfer or transmission, probate, succession certificate and letters of administration, certificate of death or marriage, power of attorney or similar other documents.
- (iii) The instrument of transfer of any share in the Company shall be executed by or on behalf of both the transferor and transferee. The instrument of transfer of any share shall be in writing and all the provisions of the Act including Section 56, 57 and 58, and of any statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof. The Company shall use the form of transfer, as prescribed under the Act, in all cases. In case of transfer of shares, where the Company has not issued any certificates and where the shares are held in dematerialized form, the provisions of the Depositories Act shall apply.
- (iv) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the registrar of members in respect thereof.
- (v) The transferor and the transferee of the securities shall comply with the requirements under the applicable laws.
- (vi) The securities or other interest of any Member shall be freely transferable. Provided that, subject to the provisions of these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may, subject to the right of appeal conferred by the Act, and after providing sufficient cause, decline to register

or acknowledge (a) the transfer of a share, whether fully paid share or not, to a person of whom they do not approve; or (b) any transfer of shares on which the Company has a lien, within a period of thirty days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to the Company.

- (vii) The Board may decline to recognize any instrument of transfer unless — (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56 of the Act; (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and (c) the instrument of transfer is in respect of only one class of shares.
- (viii) On giving not less than seven days' previous notice in accordance with section 91 of the Act and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine: Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.
- (ix) Such right to refusal shall not be affected by the circumstances that the proposed transferee is already a member of the Company but in such cases, the Directors shall within fifteen days from the date on which the instrument of transfer was lodged with the Company, send to the transferee and transferor notice of the refusal to register such transfer giving reasons for such refusal provided that registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except when the Company has a lien on shares.
- (x) Transfer of shares/ debentures in whatever lot shall not be refused.
- (xi) The transfer of shares/ debentures shall be in compliance with applicable laws including the Act and the rules made thereunder and applicable regulations issued by Securities and Exchange Board of India.

#### 27. Transmission of shares

- (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the Company as having any title to his interest in the shares.
- (ii) Nothing in clause (i) above shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
- (iii) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either (a) to be registered himself as holder of the share; or (b) to make such transfer of the share as the deceased or insolvent member could have made. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
- (iv) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (v) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
- (vi) A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company: Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

#### LIEN

- 28. (i) The Company shall have a first and paramount lien:

- (a) on all shares/debentures (other than fully paid shares/debentures) standing registered in the name of a member (whether solely or jointly with others), and
- (b) on every share/debenture (other than fully paid shares/debentures), upon the proceeds of sale thereof for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of such shares/debentures and no equitable interest in any share shall be created except upon the footing and condition that this Article will have full effect Unless otherwise agreed the registration of a transfer of shares/debentures shall operate as a waiver of the Company's lien if any, on such shares/debentures.

Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this article.

- (ii) The Company's lien, if any, on a share/ debenture shall extend to all dividends payable and bonuses declared from time to time in respect of such shares/ debentures.
- (iii) Fully paid shares/ debentures shall be free from all lien and in the case of partly paid shares, the Company's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares/ debentures.

29. The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:

Provided that no sale shall be made:

- (i) unless a sum in respect of which the lien exists is presently payable; or
- (ii) until the expiration of 14 (fourteen) days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

30. (i) To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof.

(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.

(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

31. (i) The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

#### **CALLS ON SHARES**

32. (i) The Board may, from time to time, make calls upon the Members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed 1/4th (one-fourth) of the nominal value of the share or be payable at less than 1 (one) month from the date fixed for the payment of the last preceding call.

(ii) Each member shall, subject to receiving at least 14 (fourteen) days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board.

33. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.

34. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

35. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at 10 (ten) percent, per annum or at such lower rate, if any, as the Board may determine.

- (ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
36. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
- (ii) In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
37. The Board:
- (i) may, if it thinks fit and subject to the provisions of the Act, agree to and receive from any Member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him beyond the sums actually called for;
- (ii) any amount paid-up in advance of calls on any share may carry interest but shall not entitle the holder of the share to participate in respect thereof, in a dividend subsequently declared;
- (iii) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the Company in General Meeting shall otherwise direct, 12 (twelve) percent per annum, as may be agreed upon between the Board and the member paying the sum in advance provided that money paid in advance of calls shall not confer a right to participate in profits or dividend. The Board may at any time repay the amount so advanced. The member shall not be entitled to any voting rights in respect of the monies so paid by him, until the same would, but for such payment, become presently payable; and
- (iv) The provisions of these Articles shall *mutatis mutandis* apply to any calls on debentures of the Company.

#### **FORFEITURE OF SHARES**

- (i) If a Member fails to pay any call, or instalment of a call or any money due in respect of any share on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on such Members or their legal representatives requiring the payment of such part of the call or instalment or other money as is unpaid, together with any interest which may have accrued thereon. Upon failure to comply with the terms of the notice, the Company reserves the right to forfeit such shares.
- (ii) The notice aforesaid shall:
- a. name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
  - b. state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
- (iii) If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
- (iv) A forfeited share in accordance with these Articles, shall be deemed to be the property of the Company and may be sold, re-issued or otherwise disposed of on such terms and in such manner as the Board thinks fit. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
- (v) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares.
- (b) The Board may, if it thinks fit, but without being under any obligation to do so, enforce the payment of the whole or any portion of the monies due, without any allowance for the value of the shares at the time of forfeiture or waive payment in whole or in part. The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the shares.
- (c) The forfeiture of a share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share, except only such of those rights as by these Articles expressly saved.
- (vi) (a) A duly verified declaration in writing that the declarant is a Director, the manager or the secretary, of the Company, and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
- (b) The Company may receive the consideration, if any, given for the share on any sale, re-issuance or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed

of.

(c) The transferee shall thereupon be registered as the holder of the share; and

(d) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

#### **PAYMENT IN ANTICIPATION OF CALL MAY CARRY INTEREST**

The Board –

- (a) may, subject to provisions of the Act, if it thinks fit, receive from any Member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him;
- (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate as may be agreed upon between the Board and the Member paying the sum in advance. Nothing contained in this Article shall confer on the Member (i) any right to participate in profits or dividends; or (ii) any voting rights in respect of the moneys so paid by him, until the same would, but for such payment, become presently payable by him; and
- (c) The Directors may at any time repay the amount so advanced.

The provisions of these Articles shall *mutatis mutandis* apply to the calls on debentures of the company.

#### **ALTERATION OF CAPITAL**

- 38. The Company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
- 39. Subject to the provisions of Section 61 of the Act, the Company may by ordinary resolution, in a General Meeting may, from time to time, alter its Memorandum for all or any of the following purposes:
  - a. To increase or reclassify its authorised share capital by such amount as it thinks expedient;
  - b. To consolidate and divide all or any of its share capital into shares of larger amount than its existing shares, provided that no consolidation and division which results in changes in the voting percentage of shareholders shall take effect unless it is approved by the Tribunal on an application made in the prescribed manner;
  - c. To convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid up shares of any denomination;
  - d. To sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum, so, however, that in the sub-division, the proportion between the amount paid and the amount, if any unpaid, on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived; and
  - e. To cancel any shares which at the date of the passing of the resolution, have not been taken or agreed to be taken by any persons and diminish the amount of its share capital by the amount of the shares so cancelled. The cancellation of shares in pursuance of this sub-clause shall not be deemed to be a reduction of the capital of the Company within the meaning of the Act.
- 40. Where shares are converted into stock:
  - (i) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same Articles under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:  
Provided that, the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose;
  - (ii) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage; and
  - (iii) such of the Articles of the Company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those articles shall include “stock” and “stock-holder” respectively.

41. Subject to the Act, and after obtaining the sanction of the Company in a general meeting by special resolution, the shares in the capital of the Company may be allotted or otherwise disposed of by the Board by way of a preferential offer of shares on a private placement basis.
42. The Company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law:
  - (i) its share capital;
  - (ii) any capital redemption reserve account; or
  - (iii) any share premium account.

#### FURTHER ISSUE OF SHARE CAPITAL

43. (i) Where at any time, it is proposed to increase the subscribed capital of the Company by issue of further shares, whether out of unissued share capital or out of increased share capital, then such shares shall be offered, subject to the provisions of Section 62 of the Act, and the rules made thereunder:
  - a. to persons who, at the date of the offer, are holders of Equity Shares of the Company in proportion, as nearly as circumstances admit, to the paid-up share capital on those shares by sending a letter of offer subject to the following conditions, namely:-
    - 1) the offer shall be made by notice specifying the number of shares offered and limiting a time not being less than fifteen days or such lesser number of days as may be prescribed and not exceeding thirty days from the date of the offer within which the offer, if not accepted, shall be deemed to have been declined;
    - 2) the offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person; and the notice referred to in sub-clause (1) shall contain a statement of this right; and
    - 3) after the expiry of the time specified in the notice aforesaid, or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner which is not dis-advantageous to the shareholders and the Company.
  - b. to employees under any scheme of employees' stock option, subject to special resolution passed by the shareholders of the Company and subject to the applicable rules and such other conditions as may be prescribed under applicable law; or  
  
notwithstanding anything contained in sub-clause (a), the further shares aforesaid may be offered to any persons whether or not those persons include the persons referred to in clause (a) or clause (b), if it is authorised by a special resolution, either for cash or for a consideration other than cash, subject to the compliance with the applicable provisions of the Act and any other conditions as may be prescribed under applicable law.
- (ii) The notice referred to in (i)(a)(1) above shall be dispatched through registered post or speed post or through electronic mode or courier or any other mode having proof of delivery to all the existing shareholders at least three days before the opening of the issue.
- (iii) Nothing in (i)(a)(2) above shall be deemed:
  - (a) To extend the time within which the offer should be accepted; or
  - (b) To authorize any person to exercise the right of renunciation for a second time on the ground that the person in whose favour the renunciation was first made has declined to take the shares compromised in the renunciation.

- (iv) Nothing in this Article shall apply to the increase of the subscribed capital of the Company caused by the exercise of an option as a term attached to the debentures issued or loan raised by the company (i) to convert such debentures or loans into shares in the Company or (ii) to subscribe for shares or debentures in the Company. Provided that the terms of issue of such debentures or loan include a term providing for such option and such term (i) Either has been approved by the Central Government before the issue of debentures or the raising of the loans or is in conformity with Rules, if any, made by that government in this behalf, and (ii) in the case of debentures or loans or other than debentures issued to, or loans obtained from the government or any institution specified by the Central Government in this behalf, has also been approved by the special resolution passed by the Company in a General Meeting before the issue of such loans.

Notwithstanding anything contained in (iii) above, where any debentures have been issued, or loan has been obtained from any Government by the Company, and if that Government considers it necessary in the public interest so to do, it may, by order, direct that such debentures or loans or any part thereof shall be converted into shares in the Company

on such terms and conditions as appear to the Government to be reasonable in the circumstances of the case even if terms of the issue of such debentures or the raising of such loans do not include a term for providing for an option for such conversion. Provided that where the terms and conditions of such conversion are not acceptable to the Company, it may, within sixty days from the date of communication of such order, appeal to the Tribunal which shall after hearing the Company and the Government pass such order as it deems fit.

The Company may as per the applicable provisions of the Act, issue shares under preferential basis and private placement.

#### **CAPITALISATION OF PROFITS**

- (i) The Company in General Meeting may, upon the recommendation of the Board, resolve:
- (a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the Company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and
  - (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—
- (a) paying up any amounts for the time being unpaid on any shares held by such members respectively;
  - (b) paying up in full, unissued shares of the Company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid; and
  - (c) partly in the way specified in sub-clause (a) and partly in that specified in sub-clause (b).
- (iii) A securities premium account and a capital redemption reserve account may, for the purposes of this Article, be applied in the paying up of unissued shares to be issued to members of the Company as fully paid bonus shares;
- (iv) The Board shall give effect to the resolution passed by the Company in pursuance of this Article.

44. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall:
- (a) make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and
  - (b) generally do all acts and things required to give effect thereto.
- (ii) The Board shall have power:
- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
  - (b) to authorize any person to enter, on behalf of all the members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the Company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;
- (iii) Any agreement made under such authority shall be effective and binding on such members.

#### **BUY-BACK OF SHARES**

45. Notwithstanding anything contained in these Articles but subject to the provisions of Sections 68 to 70 of the Act and any other applicable provision of the Act or any other law for the time being in force, the Company may purchase its own shares or other specified securities.

#### **GENERAL MEETINGS**

46. An annual general meeting shall be held in each calendar year within 6 (six) months following the end of the previous financial year of the Company or such extended time in accordance with the Act. The Board of Directors shall issue the

notice of the annual general meeting together with the annual financial statement, auditors report and other annexures as required under the Act to all members and others entitled to receive such notice in accordance with the provisions of the Act to approve and adopt the audited financial statements.

47. All General Meetings other than the annual general meeting shall be called extraordinary general meetings.
48. The Board may, whenever it thinks fit, call an extraordinary general meeting. If at any time Directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board. The Board shall, on the requisition of members of the Company, convene an extraordinary general meeting of the Company in the circumstances and in the manner provided under the Act. The annual general meeting and extraordinary general meeting may be called after giving shorter notice as per the Act.
49. General Meetings, other than the annual general meeting (which shall be held at any place within the city, town or village in which the registered office of the Company is situated) may be held at any place, and subject to the Act for any general meeting where the Company makes arrangements, the shareholders may attend by way of, video conference or through any other medium as may be permitted under the Act.
50. No business shall be transacted at any general meeting unless a quorum of Members is present at the time when the meeting proceeds to business. Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103 of the Act.
51. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the Company.
52. If there is no such chairperson, or if such Chairperson is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the Directors present shall elect one of their members to be chairperson of the meeting.
53. If at any meeting no director is willing to act as Chairperson or if no Director is present within fifteen minutes after the time appointed for holding the meeting, the Members present shall choose one of their members to be Chairperson of the meeting.
54. At any general meeting, a resolution put to the vote of the meeting shall, unless a poll is demanded or the voting is carried out electronically, be decided on a show of hands. Subject to any rights or restrictions for the time being attached to any class or classes of shares (a) on a show of hands, every member present in person shall have one vote; and (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the Company. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders. For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
55. A Member may exercise his vote at a meeting by electronic means in accordance with Section 108 of the Act and shall vote only once.
56. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
57. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
58. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
59. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.  
  
(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.
60. Any member of a company entitled to attend and vote at a Meeting of the Company shall be entitled to appoint another person as a proxy to attend and vote at the Meeting on his behalf. Such proxy shall have the right to speak at such Meeting and shall be entitled to vote, whether by show of hands, a poll or otherwise. Further a person appointed as proxy is permitted to act on behalf of any number of members and/or any number of shares, without any limit.

An instrument appointing a proxy shall be in the form as prescribed under Section 105 of the Act for this purpose. The instrument appointing a proxy shall be in writing under the hand of appointer or of his attorney duly authorised in writing or if appointed by a body corporate either under its common seal, if any, or under the hand of its officer or attorney duly authorised in writing by it. Any person whether or not he is a Member of the Company may be appointed as a proxy.

61. The instrument appointing a proxy and power-of-attorney or other authority, (if any), under which it is signed or a notarised copy of that power or authority must be deposited at the Office of the Company not less than forty eight (48) hours prior to the time fixed for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in case of a poll, not less than twenty four (24) hours before the time appointed for the taking of the poll, and in default the instrument of proxy shall not be treated as valid.
62. On a poll taken at a Meeting of a Company, a member entitled to more than 1 (one) vote, or his proxy or other person entitled to vote for him, need not, if he votes, use all his votes or cast in the same way all the votes he uses.
63. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.  
  
(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.  
  
(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.  
  
(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

#### **BOARD OF DIRECTORS**

64. The number of the Directors and the names of the first Directors shall be determined in writing by the subscribers of the Memorandum or a majority of them.
65. The directors shall not be required to hold any qualification share(s) in the Company.
66. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.  
  
(ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them:
  - (a) in attending and returning from meetings of the Board or any committee thereof or General Meetings of the Company; or
  - (b) in connection with the business of the Company.
67. The number of directors shall not be less than 3 (three) at any time, and may exceed 15 (fifteen) only on receipt of sanction from the members by way of a special resolution in this regard.
68. The Board shall have the power to appoint any person as a director nominated by any institution in pursuance of the provisions of any law for the time being in force or of any agreement.
69. The Company may exercise the powers conferred on it by Section 88 of the Act with regard to the keeping of a foreign register; and the Board may (subject to the provisions of those sections of the Act) make and vary such Articles as it may think fit with respect to keeping of any such register.
70. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
71. The company may exercise the powers conferred on it by Section 88 of the Act with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.
72. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the Company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine,

73. (i) Subject to the provisions of Section 149 of the Act, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board in Article 58.
- (ii) Such person shall hold office only up to the date of the next annual general meeting of the Company or the last date on which the annual general meeting should have been held, whichever is earlier but shall be eligible for appointment by the Company as a director at that meeting subject to the provisions of the Act.
- (iii) The Board may appoint an alternate director to act for a director (hereinafter in this Article called “the **Original Director**”) during his absence for a period of not less than three months from India. No person shall be appointed as an alternate director for an independent director unless he is qualified to be appointed as an independent director under the provision of the Act. An alternate director shall not hold office for a period longer than that permissible to the Original Director in whose place he has been appointed and shall vacate the office if and when the Original Director returns to India. If the term of office of the Original Director is determined before he so returns to India, the automatic reappointment of retiring directors in default of another appointment shall apply to the Original Director and not to the alternate director.
74. At the annual general meeting of the Company to be held every year, one third of such of the Directors as are liable to retire by rotation for time being, or, if their number is not three or a multiple of three then the number nearest to one third shall retire from office, and they will be eligible for re-election.
75. A retiring Director shall be eligible for re-election and the Company, at the annual general meeting at which a Director retires in the manner aforesaid, may fill up the vacated office by electing a person thereto.
76. The Directors to retire in every year shall be those who have been longest in office since their last election, but as between persons who became Directors on the same day, those to retire shall (unless they otherwise agree among themselves) be determined by lots.

#### **DIRECTORS MAY REFUSE TO REGISTER TRANSFER**

77. Subject to the provisions of these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may (at its own absolute and uncontrolled discretion) decline or refuse by giving reasons, whether in pursuance of any power of the Company under these Articles or otherwise, to register or acknowledge any transfer of, or the transmission by operation of law of the right to, any securities or interest of a Member in the Company. The Company shall within a period of thirty (30) days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that the registration of transfer of any securities shall not be refused on the ground of the transferor being alone or jointly with any other person or persons, indebted to the Company on any account whatsoever except where the Company has a lien on shares .

#### **PROCEEDINGS OF THE BOARD**

78. (i) The Board may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
- (ii) A director may, and the manager or secretary or any person authorized by the Board on this behalf, on the requisition of a director shall, at any time, summon a meeting of the Board.
79. Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes. In case of an equality of votes, the chairperson of the Board, if any, shall have a second or casting vote.
80. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a General Meeting of the Company, but for no other purpose.
81. (i) The Board may elect a chairperson of its meetings and determine the period for which he is to hold office.
- (ii) If no such chairperson is elected, or if at any meeting the chairperson is not present within 5 (five) minutes after the time appointed for holding the meeting, the Directors present may choose 1 (one) of their number to be chairperson of the meeting.

82. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
- (ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.
83. (i) A committee may elect a chairperson of its meetings;
- (ii) If no such chairperson is elected, or if at any meeting the chairperson is not present within 5 (five) minutes after the time appointed for holding the meeting, the members present may choose 1 (one) of their members to be chairperson of the meeting;
- (iii) A committee may meet and adjourn as it thinks fit; and
- (iv) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
84. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
85. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

#### **BORROWING POWERS**

86. Subject to the Articles, the Directors may, from time to time, at their discretion, raise or borrow or secure the payment of any sum or sum of money for the purpose of the Company's business and may secure the payment or repayment of such money by mortgage or charge upon the whole or any part of the assets and property of the Company (present and future), including its uncalled and unpaid capital.
87. Subject to the Articles, any bonds, debentures/ stock or other securities issued by the Company shall be under the control of the Directors who may issue them upon terms and conditions and in such manner and for such consideration as they shall consider to be for the benefit of the Company.

#### **MANAGING DIRECTOR / WHOLE-TIME DIRECTOR**

88. The Board may from time to time appoint 1 (one) or more directors to be managing directors or whole time directors for such terms, and at such remuneration (whether by way of salary or commission or participation in profits or partly in 1 (one) way and partly in another) as it may think fit. But his appointment shall be subject to determination *ipso facto* if he ceases from any case to be a director of the Company or General Meeting resolves that his tenure of office of managing director / whole time director be determined.

#### **CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR CHIEF FINANCIAL OFFICER**

89. Subject to the provisions of the Act:
- (i) chief executive officer(s), manager, company secretary and/or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer(s), manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
- (ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

A provision of the Act or these Articles requiring or authorizing a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

#### **DIVIDENDS AND RESERVE**

90. The Company in General Meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board. Further, no dividend shall be declared unless carried over previous losses and depreciation not provided in previous year or years are set off against profit of the Company for the current year.
91. Subject to the provisions of Section 123 of the Act, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the Company:
92. (i) The Board may, before recommending any dividend, set aside out of the profits of the Company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the Company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the Company or be invested in such investments (other than shares of the Company) as the Board may, from time to time, think fit.
- (ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
93. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the Company, dividends may be declared and paid according to the amounts of the shares.
- (ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this Article as paid on the share.
- (iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.
94. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the Company on account of calls or otherwise in relation to the shares of the Company.
95. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who, is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
- (ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
96. Any 1 (one) of 2 (two) or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
97. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
98. No dividend shall bear interest against the Company.
99. Where a dividend has been declared by a company but has not been paid or claimed within thirty days from the date of the declaration to any shareholder entitled to the payment of the dividend, the Company shall, within seven days from the date of expiry of the said period of thirty days, transfer the total amount of dividend which remains unpaid or unclaimed to a special account to be opened by the Company in that behalf in any scheduled bank to be called the Unpaid Dividend Account (“**Unpaid Dividend Account**”).
100. Any money transferred to the Unpaid Dividend Account of the Company in pursuance of this Article which remains unpaid or unclaimed for a period of seven years from the date of such transfer shall be transferred by the Company along with interest accrued, if any, thereon to the fund known as Investor Education and Protection Fund established under Section 125(1) of the Act and the Company shall send a statement in the prescribed form of the details of such transfer to the authority which administers the said fund and that authority shall issue a receipt to the Company as evidence of such transfer.
101. No unclaimed or unpaid dividend shall be forfeited by the Board before it becomes barred by law.

## **ACCOUNTS**

102. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the Company, or any of them, shall be open to the inspection of members not being directors.
- (ii) No member (not being a director) shall have any right of inspecting any account or book or document of the Company except as conferred by law or authorized by the Board or by the Company in General Meeting.

## **SECRECY**

103. Every director, manager, auditor, trustee, member of a committee, officer, servant, agent, accountant or other person employed in the business of the Company shall observe strict secrecy in respect of all transaction of the Company with the customers and the state of accounts with individuals and in matters relating thereto and shall not reveal in the discharge of his duties except when required to do so by the directors as such or by any meeting or by court of law or by the person to whom such matters relate and except so far as may be necessary in order to comply with any of the provisions in these presents contained.

## **WINDING UP**

104. If the Company shall be wound up and the assets available for distribution among the members as such shall be insufficient to repay the whole of the paid up capital, such assets, shall be distributed so that as nearly as may be the losses shall be borne by the members in proportion to the capital paid up or which ought to have been paid up as at the commencement of the winding up, on the shares held by them respectively. If in a winding up the assets available for distribution among the member is more than sufficient to repay the whole of the capital at the commencement of the winding up, the excess shall be distributed amongst the members in proportion to the capital at the commencement of the winding up, paid up or which ought to have been paid up on the shares held by them respectively. But this Article is to be without prejudice to the rights of the holder of shares issued upon special terms and conditions.
105. (i) If the Company shall be wound up whether voluntary, or otherwise, the liquidators may with the sanction of a special resolution and with such other consents required under the Act and other applicable law, divide amongst the members in specie or kind any part of the assets of the Company as the liquidators, with the like sanction, shall think fit.
- (ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
- (iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

## **INDEMNITY AND INSURANCE**

106. Subject to the provisions of the Act every director of the Company, officer (whether managing director, manager, secretary or other officer) or employee or any person employed by the Company as auditor shall be indemnified by the Company against liability in respect of matters which arise from acts or omissions of the relevant person in the ordinary course of discharging his or her authorized duties other than liability which arises as a result of that persons dishonesty, fraud or negligence. The Company may take and maintain any insurance as the Board may think fit on behalf of its present and/or former Directors and key managerial personnel for indemnifying all or any of them against any liability for any acts in relation to the Company for which they may be liable but have acted honestly and reasonably.

## **GENERAL POWER**

107. Wherever in the Act, it has been provided that the Company shall have any right, privilege or authority or that the Company could carry out any transaction only if the Company is so authorized by its articles, then and in that case this Article authorizes and empowers the to have such rights, privileges or authorities and to carry such transactions as have been permitted by the Act, without there being any specific Article in that behalf herein provided.
